Funding Opportunity Synopsis

The Bureau of Near Eastern Affairs Office of Assistance Coordination (NEA/AC) announces a Notice of Funding Opportunity (NOFO) that aims to build a cadre of professional leaders who are civic minded, intellectually able, and professionally skilled, who will become the community, business, and national leaders of the future. This project will match MEPI's Tomorrow's Leaders (TL) recent graduates with meaningful employment and leadership opportunities in their areas of professional interests.

In seeking to address the high unemployment and high levels of immigration of MENA youth, MEPI seeks to partner with private, public, and nongovernmental sector organizations to prepare graduates to become entrepreneurs in leading change in the workplace, in collaboration with employers who are interested in building their leadership skills.

This project fulfills the Middle East Partnership Initiative's (MEPI) strategic framework objectives in a) providing economically disadvantaged individuals opportunities to build leadership skills and effectively engage with civil society, the private sector, and/or government actors; and b) increasing workforce employability, and improving access to higher value opportunities through demand-driven professional training and targeted, localized job placement, primarily in the private sector. This project contributes to Bureau Goal 3 in the Department's Joint Regional Strategy for the Middle East and North Africa: Promote Inclusive Economic Growth, Socio-economic Development, Open Markets, and Increased U.S. Exports.

Eligible Countries and Territories:

The Bureau of Near Eastern Affairs' Office of Assistance Coordination (NEA/AC) seeks to include applicants / participants from the Middle East and North Africa Region (MENA), except West Bank and Gaza. Student home countries may include but are not necessarily limited to: Algeria, Bahrain, Egypt, Iraq, Jordan, Lebanon, Morocco, Tunisia, and Yemen.

Please note: Applications that focus on activities in or participants from countries and territories other than those listed will NOT be considered.

All applications must be submitted in English. Applicants may submit only one (1) application. Complete information on how applicants can submit proposals for this opportunity can be found in [Section VI](#) below.

Background Information about NEA/AC: The U.S. Department of State's Bureau of Near Eastern Affairs, Office of Assistance Coordination (NEA/AC) offers Economic Support Fund (ESF) assistance to groups and individuals striving to bring about positive change in the Middle East-North Africa region. The Assistance Coordination Office works in 20 countries and territories, partnering with governments, civil society organizations (CSOs), community leaders, youth and women activists and private sector groups to advance their efforts. Competitively selected projects aim to foster participatory governance, economic reform, and educational advancement in response to local interest and needs.

I. FUNDING OPPORTUNITY DESCRIPTION

The Bureau of Near Eastern Affairs' Office of Assistance Coordination (NEA/AC) announces a Notice of Funding Opportunity (NOFO) to enhance and expand leadership training opportunities for students from MENA (Middle East and North Africa). The Tomorrow's Leaders program (TL) is an existing leadership training program that provides scholarships for capable and highly motivated high school seniors in the Middle East and North Africa who are from underserved backgrounds, to attend college at an American-accredited university in the Middle East. The Tomorrow's Leadership College-to-Work Program Pilot will provide a pipeline for Tomorrow's Leaders students to find meaningful employment upon graduation.

A. PROBLEM STATEMENT

Youth unemployment in the MENA region ranks among the highest in the world, with an average of 28.7 percent of youths under 24 years old in the Middle East and 30.6 percent in North Africa unemployed. Youth unemployment presents a critical issue, as it carries long-term effects on lifetime prosperity and regional political instability. The region's youth face a disconnect between educational attainment and income mobility, with university graduates making up nearly 30% of the region's unemployed. This problem has led many educated youth away from their desired field into the informal grey sector, or to emigrate abroad in search of opportunities.

Businesses in the region report a "skills gap" between what employers want and the education university students receive. Meanwhile, university graduates see few employers willing to give inexperienced job-seekers a chance to learn the skills on the job, creating an impasse in countries where rewarding internships are rare. A 2018 World Bank report recommends that changing the employment imbalance in the MENA region requires a push for "norm entrepreneurs" who could lead a change in the social mindset around youth employment, demonstrating a shift in norms both for youth seeking jobs and within the work environment.

MEPI's [Tomorrow's Leaders \(TL\) program](#), established in 2008, provides scholarships for select MENA youth to study at top regional universities in order to train to become the community, business, and national leaders of the future. TL program guidelines require that students serve in an internship as a requisite to graduation, but there is little guarantee that their internships will lead to achieving their professional goals. Many graduate with the skills needed for success but without a pipeline to gainful employment.

B. ACHIEVABLE OBJECTIVES

The overall goals of the Tomorrow's Leaders Pipeline program are as follows:

1. Building partnerships with private, public, and non-governmental sector organizations across the MENA region to match TL students with employment opportunities related to their field of study.
2. Incentivizing employers to increase opportunities and preparedness for youth leadership in the MENA region.

C. PROJECT DESIGN

NEA/AC seeks projects that will pilot a pipeline to employment for TL students in their fields of study. Successful proposals will identify partners in the private sector, public sector, and non-profit/NGO sector based in the MENA region that share the common purpose of preparing future leaders beyond the academic component of the TL program. Similar models of leadership development programs include the Boren Fellowship or the Presidential Management Fellowship program, which focus on training emerging leaders in public service. Funds are available to support a project that would:

1. Identify MENA-based partnering organizations in private, public, and non-governmental sectors connecting to the goals of TL students in various fields of study.
2. Work with TL universities in selecting, screening, and guiding students to participate in fellowship opportunities that build their career path after graduation.
3. Develop opportunities with collaborating organizations to produce a shift in the workplace environment that will create space for youth leadership and incorporate their innovative contributions.

As many as approximately fifty-seven (57) TL undergraduate students are scheduled to graduate in Spring or Summer 2020 from TL partner universities American University of Beirut (AUB), American University of Cairo (AUC), and Lebanese American University (LAU).

Annual Stocktaking Session Planning and Timeline: Building on the success of a first TL stocktaking session in 2018, MEPI will host yearly stocktaking sessions, typically in the spring before finals week, with TL universities as well as implementing organizations for study abroad and recruitment. There are currently three TL program universities in MENA, in Lebanon and Egypt. Stocktaking sessions will represent all aspects of the TL program and will invite staff, faculty, and leadership to attend. TL Pipeline applicants should budget for up to 15 participants to attend this event in a TBD city in MENA for five days.

Gender Integration

NEA/AC requires that all activities fully address gender considerations, ensuring that both men and women benefit from support where applicable, and that gender awareness is a built-in component of project activities. The project narrative should identify any relevant gender gaps and ways the proposed activities would address those gaps, if applicable. Proposals should demonstrate how addressing relevant gender gaps would enhance the project's goals and objectives. Applicants who are unfamiliar with integrating gender in foreign assistance programming should view the training video located here. [Recipient Gender Integration E-course](#).

Note: Applicants should read this NOFO in its entirety before writing their proposal, and should refer to the full Evaluation Criteria provided in [Section VII](#) while drafting all materials.

The following activities and costs are **NOT ALLOWED** under this announcement:

- Exchange activities with other countries or territories;
- Social welfare projects;
- Paying to complete activities begun with other funds;
- Activities that appear partisan or that support individual or party electoral campaigns;

- Academic or analytical research (if not necessary as part of a larger project);
- One-time events, such as stand-alone conferences and one-off round tables;
- Medical and psychological research and clinical studies;
- Projects of a commercial or profit making nature;
- Cultural presentations, cultural research, cultural clubs, or festivals, etc.; and
- Entertainment costs (e.g., receptions, social activities, ceremonies, alcoholic beverages, guided tours).

NOTE: Applications that include any of these activities or costs above may be eliminated at the Technical Eligibility Review stage and will not advance to the Merit Review Panel.

II. MEASUREMENT OF RESULTS

Applicants shall provide a logic model to demonstrate how the proposed project (including activities, the project design, and the surrounding context) will achieve the stated objectives. The logic model or theory of change statements can be generated using the template in Appendix II. Please see [Section VI](#) below for more information.

Successful applicants will work with the NEA/AC program and monitoring and evaluation (M&E) teams to create a plan based on the proposed logic model/theory of change to measure qualitative and quantitative indicators as part of the award negotiations process. The successful applicant will be responsible for collecting data against these indicators, which will be monitored throughout the period of performance of the award to gauge necessary modifications to the project's design, and assess the results of the project's success in meeting expected outcomes.

All projects funded as a result of this NOFO will be required to complete a final evaluation of the project at the end of the period of performance with support from the NEA/AC M&E team.

III. AWARD INFORMATION

Funding Mechanism Type:	Cooperative Agreement
Estimated Number of Awards:	ONE
Estimated Total Program Funding:	\$1,000,000
Estimated Award Ceiling:	\$1,000,000
Estimated Award Floor:	\$800,000
Cost-Sharing or Matching:	Required
Estimated Length of Project Period:	18 months

Contingent on the availability of funds, approximately \$1,000,000 in Economic Support Funds for approximately one (1) awards will initially be award through this announcement. If selected to receive an award, an applicant will be awarded funds for up to approximately 18 months, depending on the activities and countries proposed. The estimated start date for this project is October 1, 2019, NEA/AC reserves the right to award more or less than the estimated program funding, and reserves the right to award funding under this announcement for a period of up to two years after the announcement's close date.

This request for full applications **does not** constitute an award or commitment on the part of the U.S. government to make any awards, **nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of an application.**

Incremental Funding

NEA/AC intends to provide up to approximately \$5 in total funding over an approximately five (5) year period, for work with at least five graduating cohorts of TL students. Funding for this award will be provided on an incremental basis subject to the availability of funds and successful performance. NEA/AC reserves the right to change the funding amounts, period of performance, and terms of the Award as a result of U.S. Government requirements, Recipient performance, project results, and the availability of funds. The Recipient will be notified in writing should such changes occur.

The resulting award will utilize an incremental funding mechanism and will only fund the first increment in the initial award. Up to \$1 million is available for the first increment of funding (ceiling amount). It is estimated that the first increment will provide funding for the initial 12-18 months of the award (anticipated: October 1, 2019 to September 30, 2020), and the second increment will provide funding for an additional 12 months and so on, for a total period of performance of approximately five (5) years. Funding beyond the first funding increment is contingent upon the availability of funds and will be awarded at NEA/AC's discretion.

Special instructions regarding incremental funding:

Please provide a complete proposal that includes total project funding. The proposal narrative and budget should clearly specify the activities, budget breakdown, and timeframes for each funding increment. Additionally, the applicant should ensure that the project is severable after the completion of the first increment. The proposal should clearly demonstrate the value delivered at the end of the first increment which could stand on its own merits should funding for subsequent increments be unavailable.

B. REGISTRATION REQUIREMENTS

To apply for NEA/AC (Federal) funding, organizations, whether based in or outside the U.S., must have a Unique Entity Identifier (UEI) number, currently referred to as a DUNS number, and an active account with the System for Award Management (SAM). This applies to BOTH prime applicants and any local partners receiving federally funded sub-awards. Applicants who do not meet all registration requirements are NOT eligible for funding under the opportunity.

UEI Number

The UEI number is a nine-digit number established and assigned by Dun and Bradstreet, Inc. (D&B) to uniquely identify business entities.

All applicants must have a UEI number. To obtain a UEI number, please follow the steps below:

Go to <http://fedgov.dnb.com/webform/pages/CCRSearch.jsp>.

Select the country or territory where your organization is physically located. Complete and submit the form. Organizations will need to provide basic information, including physical and mailing addresses, name and title of the chief executive, primary [Standard Industrial Code \(SIC\)](#), and annual revenue.

For technical difficulties in obtaining this number, please contact D&B at: govt@dnb.com.

System for Award Management (SAM)

SAM is a U.S. government wide registry of vendors doing business with the Federal government and requires annual renewal. The system centralizes information about grant applicants/recipients, and provides a central location for grant applicants/recipients to change organizational information.

Further, each applicant must maintain an active account, with current information, while its application is under consideration for funding. To keep an active SAM.gov account, an applicant must renew it at least once each year. **If an organization's account expires, the organization cannot submit a grant application until it is renewed.**

To create a new account, please follow the steps below:

Go to <http://www.sam.gov>.

Log In to complete authentication and create an account. On the My SAM page, select *Entity Registrations* from the sub-navigation menu and select *Register New Entity*.

Organizations must have a UEI number and a CAGE number (US Domestic Organizations) or a NCAGE number (Foreign Organizations), to create an account.

Complete and submit the online form. If the applying organization already has the necessary information on hand (see the [SAM Quick Start Guide for Grant Registration](#)), the online form takes approximately one hour to complete, depending upon the size and complexity of the applying entity. Because of the different steps in the process, it might take anywhere from **12 - 15 business days** to complete the process of creating an account with the system.

For help with SAM.gov, please visit their support page at <https://www.fsd.gov> or contact them at: 866-606-8220 (U.S.) or +1-334-206-7828 (international).

When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, recipients must maintain written records to support all costs that are claimed as their contribution, as well as costs to be paid by the Federal government. VII. FUNDING LIMITATIONS, RESTRICTIONS, AND OTHER CONSIDERATIONS

1. Awards to Commercial Firms or For-Profit Organizations

The Department of State prohibits profit under its assistance awards to commercial organizations. No funds will be paid as profit to any recipient that is a commercial organization. Profit is defined as any amount in excess of allowable direct and indirect costs. The allowability of costs incurred by commercial organizations is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR Part 31. Program income earned by the recipient may be:

- added to the total of the amount of this award, including the required cost sharing or matching, and use it to further eligible project objectives;

- OR deducted from the total project or program allowable cost in determining the net allowable costs on which the federal share of costs is based.

2. Audit Requirements

Domestic and foreign organizations that expend \$750,000 or more in a fiscal year in federal assistance must perform an independent, recipient-contracted Single Audit or Program Specific Audit. (**Program-specific Audit** means an audit of one Federal award program. **Single Audit** means an audit which includes both the entity's financial statements and the Federal Awards to be conducted in accordance with Generally Accepted Government Auditing Standards (GAGAS). The audits must be independently and professionally executed in accordance with GAGAS either prescribed by a government's Supreme Audit Institution with auditing standards approved by the Comptroller General of the United States, or the host country's laws or adopted by the host country's public accountants or associations of public accountants, together with generally accepted international auditing standards. However, foreign entity audits consistent with International Standards for Auditing or other auditing standards are acceptable with the Grants Officer's approval. More information can be found at <https://www.gao.gov/assets/700/693136.pdf>

For sub-non-Federal entities expending \$750,000 or more in Department of State award funding during their fiscal year, Department of State standard audit provisions require that Prime non-Federal entities certify that audits of sub-non-Federal entities are performed annually and according to the standards described above. The cost of audits required under this policy may be charged either as an allowable direct cost to the award, OR included in the organizations established indirect costs in the award's detailed budget.

3. Compliance with Applicable Federal Funding Regulations and DOS Terms and Conditions

Payment of funds awarded under this Notice of Funding Opportunity will not be disbursed until the DOS has been assured that the Recipient's financial management system will provide effective control over and accountability for all Federal funds in accordance with [2 CFR 200](#) and [2 CFR 600](#) as applicable. Awards issued under this NOFO are subject to the [Department of State Standard Terms and Conditions](#) and [2 CFR 200](#) and [2 CFR 600](#) as applicable.
