

Notice of Funding Opportunity Open Data Framework

FUNDING YEAR: Fiscal Year (FY) 2026

APPLICATION DEADLINE: June 26, 2026

ANTICIPATED FUNDING: \$923,325

FUNDING OPPORTUNITY NUMBER: USDA-NIFA-OTHER-011816

ASSISTANCE LISTING NUMBER: 10.233

ANNOUNCEMENT

National Institute of Food and Agriculture
United States Department of Agriculture

Assistance Listing Number (ALN): The Open Data Framework (ODF) is listed in the Assistance Listings under number 10.233.

Table 1: Key Dates and Deadlines

Task Description	Deadline
Application:	5:00 P.M. Eastern Time, June 26, 2026 [Ref to Part I, C of this NOFO]
Applicants Comments:	Within six months from the issuance of this notice (<i>NIFA may not consider comments received after the sixth month</i>)

The United States Department of Agriculture (USDA), to the extent permitted by law, will no longer make grants or otherwise fund programs or activities that improperly discriminate on the basis of race or sex, including discrimination in the name of Diversity, Equity, and Inclusion policies. Instead, USDA will prioritize merit and efficiency. USDA recognizes programs and initiatives will have the greatest impact when these programs and initiatives put American farmers, ranchers, and foresters first by:

- solving the most pressing challenges they face;
- protecting America’s food, fuel, and fiber supply to enhance national security;
- supporting production of healthy and safe food for consumers;
- expanding and developing domestic markets;
- training the next generation of agriculturalists; and
- fueling innovation to keep American farmers at the forefront of productivity.

The National Institute of Food and Agriculture (NIFA) is committed to advancing these principles and encourages applicants to actively engage farmers, ranchers, and foresters when applying for funding opportunities to ensure relevancy and adherence to them. NIFA also encourages agricultural leaders to engage in the peer review panel process to ensure American producers are better served through research, education, and extension activities.

Projects submitted under this NOFO should align with [USDA Secretary’s Memorandum 1078-020](#) Directive on Departmental Research and Development Priorities:

1. Increasing Profitability of Farmers and Ranchers
2. Expanding Markets and Creating New Uses of U.S. Agricultural Products
3. Protecting the Integrity of American Agriculture from Invasive Species
4. Promoting Soil Health to Regenerate Long-Term Productivity of Land
5. Improving Human Health through Precision Nutrition and Food Quality

Projects submitted under this NOFO should also adhere to the [National Farm Security Action Plan](#), which enables USDA to address agricultural security collaboratively across government.

Applications should address the key activities that will promote agricultural and economic prosperity, with particular attention to enhancing research security, ensuring America First policies, and protecting critical infrastructure.

Stakeholder Input. NIFA seeks comments on all Notice of Funding Opportunity (NOFO) to deliver programs efficiently, effectively, with integrity, to ensure customer service. NIFA utilizes comments to the extent possible when developing NOFOs and to help meet the requirements of Section 103(c)(2) of the Agricultural Research, Extension, and Education Reform Act of 1998 ([7 U.S.C. 7613\(c\)\(2\)](#)). Applicants may submit written comments to Policy@usda.gov. Please use the following subject line: Response to the ODF NOFO.

EXECUTIVE SUMMARY

This program invests in data frameworks to create a neutral and secure data repository and cooperative where producers, universities and not-for-profit entities can store and share data to foster agricultural innovation and to support technological progress and production efficiencies. The program must have clear and complete plans to ensure widespread participation, including all Land-grant University types, growers, and representatives of all relevant data producers and consumer organizations, as appropriate. The program should outline the costs and benefits for all sectors, and with special attention overcoming barriers, and adding value for farmers and ranchers to increase profitability and marketability.

This notice identifies the objectives for ODF projects, deadlines, funding information, eligibility criteria for projects and applicants, and application forms and associated instructions.

PART I. FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority

The ODF is authorized under the [Continuing Appropriations, Agriculture, Legislative Branch, Military Construction and Veterans Affairs, and Extensions Act, 2026 \(Pub. L. 119-37\)](#), as referenced by Section 757 of the [Consolidated Appropriations Act, 2022 \(Pub. L. 117-103\)](#).

Section 757 requires NIFA to develop a public-private cooperative framework based on open data standards for neutral data repository solutions to preserve and share the big data generated by technological advancements in the agriculture industry and for the preservation and curation of data in collaboration with Land-grant Universities. The data framework supports the development of advanced technologies and practices to meet the increasingly complex agricultural challenges of farmers and ranchers.

B. Purpose and Priorities

The purpose of ODF, under assistance listing 10.233, is to build frameworks to create neutral and secure data repositories and cooperatives where producers, universities and nonprofit entities can store and share data in ways that will foster agricultural innovation, support technological progress, profitability, and increase production efficiencies. The program prioritizes frameworks that address farm and ranch profitability, new markets and uses for agricultural products, invasive species, soil health to regenerate long-term productivity, or improving human health through precision nutrient and food quality.

ODF must have a clear and complete plan for updates, expansion, and user support beyond the award period. It must delineate principles and examples of specific mechanisms for integration with current and future tool development, cyberinfrastructure facilities, and programs that will support effective use of the data. ODF should also provide detailed information on how data transfer speed and any co-location needs will be addressed.

Proposals must have a feasible and complete plan for serving all participants with assurances of regulatory and legal compliance. For example, a data trust structure may be needed. Here, standards for metadata should be addressed and appropriate structure for governance and curation of standards explained. Proposals must have a clear and complete plan to ensure widespread participation and responsible use of the framework and to support stakeholders in developing partnerships to expand the framework's contributors and users. Plans must include all relevant types of agricultural research institutions, growers, data producers, and consumer organizations with attention to the costs and benefits for all relevant sectors to include data determined challenges and opportunities for farmers. Specifically, the 1862, 1890, 1994 Land-grant Institutions, United States Department of Agriculture (USDA) Agriculture Research Service (ARS), non-Land-grant Institutions, growers, data producers, consumer organizations, and the National Agricultural Library, are expected to be considered during framework development. Public-private partnerships are encouraged. Proposals should consider the [National Farm Security Action Plan](#) and how open data frameworks should be used to enhance agricultural supply chain resilience.

The proposal should provide details on project plans to ensure that the benefits and incentives of the ODF are fully developed during the project. The plan should also include development framework details related to required security, privacy, accessibility, and governance. The

project should address Findable, Accessible, Interoperable, and Reusable (FAIR) data principles (<https://www.usda.gov/sites/default/files/documents/usda-open-data-plan-fy25-26.pdf>). Proposals are expected to focus on the framework’s development from use cases through platform growth and expansion. The management structure should be clear, and the proposal must detail how stakeholder feedback will be fully integrated into the project, documented, and shared.

Table 2: Program Key Information

	Title	Description
Program Code:		ODF
Program Code Name:		Open Data Framework
ALN:		10.233
Project Type:		Research
Grant Type:		Standard
Application Deadline		June 26, 2026
Grant Duration:		24-36 Months
Anticipated # of Awards:		1
Minimum Award Amount:		\$923,325
Maximum Award Amount:		\$923,325

PART II. AWARD INFORMATION

A. Available Funding

The amount available for ODF in FY 2026 is approximately \$923,325. USDA is not committed to funding any particular application or to making a specific number of awards.

The [Automated Standard Application for Payments](#), operated by the Department of Treasury, Bureau of Fiscal Service, is the designated payment system for awards resulting from this NOFO.

B. Application Restrictions

NIFA will evaluate applications using the criteria described in [Part V](#) of this NOFO. Application for FY 2026 is limited to the following application types:

1. *New application*: New applications will be evaluated using the criteria described in [Part V](#) of this NOFO and are subject to the due dates herein (see [Appendix III](#) for definition).
2. *Resubmitted application*: Resubmitted applications must include a response to the previous review panel summary, limited to one-page, and are subject to the same criteria and due dates herein. Resubmitted applicants must enter the NIFA-assigned proposal number of the previously submitted application in the *Federal Field (Field 4)* on the application form (see [Appendix III](#) for definition).

C. Project and Grant Types

The following describes the types of *projects* or *grants* that are eligible for funding:

1. Project Types. Applicants must propose **Research Projects only**.
2. Grant Types. Applicants must select the **Standard Grants only**.

D. Ethical Conduct of Funded Projects

In accordance with sections [2, 3, and 8 of 2 CFR Part 422](#), institutions that conduct USDA-funded extramural research must foster an atmosphere conducive to research integrity, bear primary responsibility for prevention and detection of research misconduct, and maintain and effectively communicate and train their staff regarding policies and procedures. In the event an application to NIFA results in an award, the Authorized Representative (AR) assures, through acceptance of the award, that the institution will comply with the above requirements. Award recipients must, upon request, make available to NIFA the policies, procedures, and documentation to support the conduct of the training. See [Responsible and Ethical Conduct of Research](#) for further information.

PART III. ELIGIBILITY INFORMATION

A. Eligibility Requirements

Applicants for the ODF must meet all the requirements discussed in this NOFO. Failure to meet the eligibility criteria by the application deadline may result in exclusion from consideration or preclude NIFA from making an award. For those new to federal financial assistance, NIFA's [About Grants](#) provides highly recommended information about grants and other resources to help understand the federal awards process.

Applications will only be accepted from organizations, not from individuals. Organizations may include state agricultural experiment stations, colleges and universities, research institutions and organizations, private organizations, foundations or corporations, federal agencies, National laboratories.

USDA **will not accept applications** for grants and cooperative agreements submitted for dangerous gain-of-function research, as defined in [Section 8 of E.O. 14292](#).

Duplicate or Multiple Submissions – duplicate or multiple submissions are not allowed. NIFA will disqualify both applications if an applicant submits duplicate or multiple submissions.

B. Cost Sharing or Matching

No Match Required - The ODF has no matching requirement. NIFA will not factor matching resources into the review process as an evaluation criterion.

PART IV. APPLICATION AND SUBMISSION

A. Method of Application

Applicants must apply to this NOFO electronically; no other method or response is accepted. The electronic application for this NOFO and additional resources are available on [Grants.gov](https://www.grants.gov) and [Grants 101](#). **Table 5** provides instructions on how to obtain an electronic application. **Part III** of the [NIFA Grants Application Guide](#) contains detailed information regarding the [Grants.gov](https://www.grants.gov) registration process. [The NIFA Grants Application Guide](#) is contained in the specific funding opportunity package or a sample of the guide can be found [here](#). When applying for a NIFA award, it is important to reference the version of the guide that is included in the specific funding opportunity application package.

Table 3. Steps to Obtain Application Materials

Steps	Action
Step One: Register	<i>New Users</i> to Grants.gov must register early with Grants.gov prior to submitting an application.
Step Two: Download Adobe	Download and Install Adobe Reader (see Adobe Software Compatibility for basic system requirements).
Step Three: Find Application	Using this funding opportunity number USDA-NIFA-OTHER-011816 , search for application here: Opportunity Package .
Step Four: Assess Readiness	Contact an AR prior to starting an application to assess the organization’s readiness to submit an electronic application.

Table 4: Help and Resources

Grants.gov Support	NIFA Support
Grants.gov Online Support Telephone support: 800-518-4726 Toll-Free or 606-545-5035 Email support: support@grants.gov Self-service customer-based support: Grants.gov iPortal Customer service business Hours 24/7, except Federal holidays .	Email: grantapplicationquestions@usda.gov Business hours: Monday thru Friday, 7a.m. – 5p.m. ET, except Federal holidays .

B. Content and Form of the Application

The [NIFA Grants Application Guide](#) is part of the corresponding application package for this NOFO. The NOFO overrides the [NIFA Grants Application Guide](#) if there is a discrepancy between the two documents. Applicants that do not meet the application requirements, to include partial applications, risk being excluded from NIFA’s review. NIFA will assign a proposal number to all applications that meet the requirements of this NOFO. Applicants must refer to the proposal number when corresponding with NIFA. **Table 5** outlines other key instructions for applicants.

Table 5: Key Application Instructions

Instruction	References (All references are to the NIFA Grants Application Guide)
Attachments must be in a portable document format (PDF) format.	Part IV
Check the manifest of submitted files to verify attachments are in the correct format.	Part IV
Conduct an administrative review of the application before submission.	Part IV
Follow the submission instructions.	Part IV
Provide an accurate email address, where designated, on the SF-424 R&R.	Part V
Contact the Grants.gov helpdesk for technical support and keep a record of the correspondence.	N/A
Contact NIFA if applicant does not receive correspondence from NIFA regarding an application within 30 days of the application deadline.	N/A

SF 424 R&R Cover Sheet. See **Part V** of the [NIFA Grants Application Guide](#) for the required certifications and assurances.

SF 424 R&R Project/Performance Site Location(s). See **Part V** of the [NIFA Grants Application Guide](#).

R&R Other Project Information Form. See **Part V** of the [NIFA Grants Application Guide](#).

1. **Field 7. Project Summary (PS)/Abstract.** The PS must show how the project goals align with the project goals of the ODF. See **Part V** of the [NIFA Grants Application Guide](#) for instructions and suggested templates.
2. **Field 8. Project Narrative (PN).** The PN must not exceed 15 *1.5 spaced* pages of written text, including figures and tables (the font size for tables should be no smaller than 11 points, Times New Roman). The page limits outlined here ensure fair competition. Appendices to the PN are allowed if they are directly germane to the proposed project. Do not add appendices to circumvent the page limit. The PN must include all the following:
 - a. Introduction
 - b. Rationale and significance
 - c. Objectives
 - d. Approach
 - e. Project timeline
 - f. Project management plan
 - g. Data management plan (DMP): A DMP is required for this program. Applicants should clearly articulate how the project director (PD) and co-PDs plan to manage

and disseminate the data generated by the project. The DMP will be considered during the merit review process (see Part V, B of this NOFO, NIFA’s Data Management Plan).

- h. Response to previous review: The response to previous review must not exceed 1 (one) *1.5 spaced* pages. This does not count towards the page limit for the PN.
3. **Field 12. Add Other Attachments.** See **Part V** of the [NIFA Grants Application Guide](#). Mentoring Plan (MP): A one-page MP is recommended for all proposals requesting stipends or wages to support undergraduate, graduate students, and postdoctoral scholars. Mentoring Plans for undergraduate students should be separate and distinct from mentoring plans for graduate students. Mentoring Plans should speak to research mentoring for the students and how they will be mentored to achieve the next level in their academic or professional careers. Provide Mentoring Plan(s) as a supplementary document/s.

R&R Senior/Key Person Profile (Expanded). See **Part V** of the [NIFA Grants Application Guide](#) for profile requirements, details about the biographical sketch, and suggested support templates.

R&R Personal Data. This information is voluntary and is not a precondition of award (see **Part V** of the [NIFA Grants Application Guide](#)).

R&R Budget. See **Part V** of the [NIFA Grants Application Guide](#).

Indirect Costs (IDC) – See [Part IV, C](#) of this NOFO for funding restrictions regarding IDC, and **Part V** of the [NIFA Grants Application Guide](#) for additional information

Supplemental Information Form. See **Part V** of the [NIFA Grants Application Guide](#).

1. **Field 2. Program to which the applicant is applying.** Enter the program name “Open Data Framework ” and the program code “(ODF)”. Accurate entry is critical.
2. **Field 8. Conflict of Interest List.** See **Part V** of the [NIFA Grants Application Guide](#).

C. Funding Restrictions

Indirect Cost (IDC) is not to exceed 30 percent of the recipient’s Total Federal Funds Awarded (TFFA). [7 U.S.C. 3310](#) limits the recovery of IDC for the overall award to 30 percent of the TFFA under a research, education, or extension grant. The maximum allowable IDC amount recoverable under the award, including the IDC charged by the sub-awardee(s), if any, is the lesser of the following and is determined by calculating the amount of IDC using:

- a. the sum of an institution’s negotiated indirect cost rate and the indirect cost rate charged by sub-awardees, if any; or
- b. 30 percent of TFFA.

If the result of number one is the lesser of the two amounts, the grant recipient is allowed to charge the negotiated IDC rate on the prime award and the sub-award(s), if any. Any sub-awards would be subject to the sub-awardee’s negotiated IDC rate. The sub-awardee may charge its negotiated IDC rate on its portion of the award, provided the sum of the IDC amount charged

under the award by the prime awardee and the sub-awardee(s) does not exceed 30 percent of the TFFA.

If the result of number two is the lesser of the two amounts, then the maximum IDC allowed for the overall award, including any sub-award(s), is limited to 30 percent of the TFFA. That is, the IDC of the prime awardee plus the sum of the IDC charged by the sub-awardee(s), if any, may not exceed 30 percent of the TFFA.

In the event of an award, the prime awardee is responsible for ensuring the maximum indirect cost allowed for the award is not exceeded when combining IDC for the Federal portion (i.e., prime and sub-awardee(s)) and any applicable cost-sharing. Amounts exceeding the maximum allowable IDC are considered unallowable. See sections [408](#) and [410](#) of [2 CFR 200](#).

If the applicant does not have a negotiated rate and NIFA is the cognizant agency, the applicant may request an IDC rate. Applicants are not required to complete the IDC package during the application process and need only to calculate a rate to serve as a basis for requesting IDC. If awarded, the applicant will be required to submit a complete IDC proposal package to obtain a negotiated rate.

Organizations that do not have a current negotiated (including provisional) rate, may elect the de minimis rate ([2 CFR 200.414\(f\)](#)). The Uniform Guidance offers the option of electing to charge a de minimis rate of 15 percent of modified total direct costs (MTDC) which may be used indefinitely. As described above and in [2 CFR 200.403](#), costs must be charged consistently as either indirect or direct costs but may not be double charged or inconsistently charged as both. If elected, this methodology must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which it may do at any time.

See [NIFA Indirect Costs](#) for information including [additional resources](#) and [NIFA Indirect Cost Guidance Chart](#).

PART V. APPLICATION REVIEW REQUIREMENTS

A. NIFA's Evaluation Process

NIFA evaluates each application in a two-part process. First, we screen each application to ensure that it meets the administrative requirements set forth in this NOFO. All administrative requirements must be met in order for the application to proceed to the next level of review. Second, a scientific peer-review process will be used to technically evaluate applications that have met the administrative requirements using a review panel (see [NIFA Peer Review Process](#)).

Scientific Peer Review Process:

NIFA selects reviewers for the review panel based upon their training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

1. The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities.
2. The need to include experts from various areas of specialization within relevant scientific, education, or extension fields.
3. The need to include other experts (e.g., agricultural producers, range or forest managers/operators, researchers, educators, evaluators, and consumers) who can assess relevance of the applications to targeted audiences and to program needs.
4. The need to include experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, and private profit and non-profit organizations) and geographic locations.
5. The need to maintain a balanced composition with regard to the reviewer's area of expertise, geographic area, and entity type, as appropriate.
6. The need to include reviewers who can judge the effective usefulness of each application to producers and the general public.

After each peer review panel has completed its deliberations, the responsible program staff of NIFA will recommend that your project is either approved for support from currently available funds or declined due to insufficient funds or unfavorable review.

NIFA reserves the right to negotiate with the PD/PI and/or the submitting organization or institution regarding project revisions (e.g., reductions in the scope of work, funding level, period, or method of support) prior to recommending any project for funding.

After the review process has been completed, NIFA sends copies of reviews, *not* including the identity of reviewers, and a summary (if applicable) of the review panel comments to the PD.

Conflicts of interest. NIFA takes extreme care to prevent any actual or perceived conflicts of interest that may influence the review or evaluation (see [NIFA Peer Review Process for Competitive Grant Applications](#)).

B. Evaluation Criteria

NIFA will use the following criteria to evaluate applications to this program, **considering each of equal weight:**

1. Scientific Merit of the Application

- a. Clarity and delineation of objectives.
- b. Adequacy of the description of the undertaking.
- c. Suitability and feasibility of methodology and data management plan.
- d. Clarity and feasibility of sustainability plan.
- e. Comprehensiveness, clarity, and consequential nature of stakeholder interaction plan.
- f. Demonstration of feasibility through preliminary data.
- g. Probability of project's success.

2. Qualifications of Project Personnel, Adequacy of Facilities, and Project Management

- a. Qualifications of applicant (individual or team) to conduct the proposed project, including performance record and potential for future accomplishments.
- b. Institutional experience and competence in subject area.
- c. Adequacy of available or obtainable support personnel, facilities, and instrumentation; and planning and administration of the proposed project, including time allocated for systematic attainment of objectives; planned administration of the proposed project and its maintenance; partnerships and collaborative efforts; and the planned dissemination of information for multi-institutional projects over the duration of the project.

3. Project Relevance

Documentation that the research aims to develop a framework to create a neutral and secure data repository and cooperative to accelerate progress toward the productivity, profitability, economic, and environmental viability of U.S. agriculture.

4. Data Management Plan

Detailed Data Management Plan is appropriate, clearly described, and feasible. It describes the expected data type, format, storage and preservation, sharing, protection and public access, and roles and responsibilities.

5. Budget and Cost Effectiveness

The budget adequately supports the project and appropriately allocates funding, limiting indirect funds and administrative costs,

C. Organizational Management Information

Applicants must submit specific management information prior to an award and update the information as needed. Applicants may only need to provide an update if there was a change in previously provided information under this or another NIFA program. NIFA provides the requisite forms during the pre-award process. Although an applicant may be eligible for award under this program, there are factors that may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual, or a determination that an applicant is not responsible).

D. Application Disposition

Applicants may withdraw at any time before NIFA makes a final funding decision. NIFA will retain all applications, including withdrawn applications and unfunded applications.

PART VI. AWARD ADMINISTRATION

A. General

Within the limit of funds authorized, the NIFA awarding official will make grants to responsible and eligible applicants whose applications are judged most meritorious under the procedures set forth in this NOFO. The date specified by the NIFA awarding official as the effective date of the grant must be no later than September 30 of the Federal fiscal year in which the project is approved for support and funds are appropriated for such purpose, unless otherwise permitted by law. The project need not be initiated on the grant effective date, but as soon thereafter as practical so that project goals may be attained within the funded project period.

All funds granted by NIFA under this NOFO may be used only for the purpose for which they are granted in accordance with the program-specific laws and regulations, NIFA General Awards Administrative Provisions ([7 CFR part 3430, subparts A through E](#)), USDA Regulations for Grants and Agreements ([2 CFR Chapter IV](#)), Office of Management and Budget Uniform Guidance ([2 CFR part 200](#)), [NIFA-specific terms and conditions](#), [USDA General Terms and Conditions for Federal Awards](#), and approved budget and project plans.

The Notice of Award document will provide pertinent instructions and information as described in [2 CFR 200.211](#).

B. Administrative and National Policy Requirements

Several Federal statutes and regulations apply to grant applications and the projects outlined in this NOFO (some are listed here: [Federal Regulations](#)). Unless specifically noted by statute or award-specific requirements, [NIFA Federal Assistance Policy Guide](#) applies to all NIFA awards.

C. Expected Program Outputs and Reporting Requirements

Output and reporting requirements are included in the [award terms and conditions](#). If there are any program or award-specific award terms, they will be identified in the Award Notice.

PART VII. OTHER INFORMATION

A. Use of Funds and Changes in Budget

Delegation of fiscal responsibility. Unless the terms and conditions of the award state otherwise, awardees may not in whole or in part delegate or transfer to another person, institution, or organization the responsibility for use or expenditure of award funds.

Changes in Budget or Project Plans. In accordance with [2 CFR 200.308](#), awardees must request prior approval from NIFA for the following program or budget-related reasons (the awardee is subject to the terms and conditions identified in the award):

1. Change in the scope or the objective of the project or program without prior written approval (even if there is no associated budget revision required);
2. Change in a key person specified in the application or the Federal award;
3. Disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project;
4. Inclusion of costs that require prior approval in accordance with [2 CFR 200 Subpart E \(Cost Principles\)](#), or [2 CFR Part 300 Appendix IX, \(Principles for Determining Costs Applicable to Research and Development under Awards and Contracts with Hospitals\)](#), or [48 CFR](#), unless waived by the Federal awarding agency, [48 CFR Part 31, Contract Cost Principles and Procedures](#);
5. Transfer of funds budgeted for participant support costs to other categories of expense ([2 CFR 200.456 Participant support costs](#));
6. Sub-awarding, transferring or contracting out of any work under a Federal award, including fixed amount sub-awards (see [2 CFR 200.333, Fixed Amount Sub-awards](#)), unless described in the application and funded in the approved Federal awards. This provision does not apply to the acquisition of supplies, material, equipment, or general support services;
7. Changes in the approved cost-sharing or matching provided by the non-Federal entity;
8. The need for additional Federal funds to complete the project;
9. Salary rates of pay exceeding an Executive Level IV salary range (see “Rates of Pay for the Executive Schedule” under the “Executive & Senior Level Employee Pay Tables” header at <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>) require prior NIFA approval. This rate does not include any fringe benefits, general and administrative (G&A), overhead, or other expenses. Requests for approval must include the salary rate of pay and a justification for the rate and be sent to the Authorized Departmental Officer (ADO) to awards@usda.gov;
10. No more than 50 percent of the total dollars of this award may be subcontracted to another party(ies) without prior written approval of the ADO, except subcontracts to Federal agencies;
11. Transferring funds between the construction and non-construction work under a Federal award; and
12. A no-cost extension (meaning, an extension of time that does not require the obligation of additional Federal funds) of the period of performance, other than any one-time extension authorized by the Federal agency in accordance with paragraph [2 CFR 200.308\(g\)\(2\)](#). All requests for no-cost extensions should be submitted at least 10 calendar days before the conclusion of the period of performance. The Federal agency may approve multiple no-cost extensions under a Federal award if not prohibited by Federal statute or regulation.

B. Confidential Aspects of Applications and Awards

When an application results in an award, it becomes a part of NIFA transaction records, which are available to the public. Information that the Secretary of Agriculture determines to be confidential, privileged, or proprietary in nature will be held in confidence to the extent permitted by law. Therefore, applicants should clearly mark any information within the application they wish to have considered as confidential, privileged, or proprietary. NIFA will retain a copy of an application that does not result in an award for three years. Such an application will be released only with the consent of the applicant or to the extent required by law. An applicant may withdraw at any time prior to the final action thereon.

C. Regulatory Information

This program is not subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials. Under the provisions of the Paperwork Reduction Act of 1995 ([44 U.S.C. Chapter 35](#)), the collection of information requirements contained in this notice have been approved under [OMB Document No. 0524-0039](#).

D. Language Access Services

NIFA offers language access services, such as interpretation and translation of vital information, free of charge. If you need interpretation or translation services, please visit [NIFA Language Access Services](#).
