PAPERWORK BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1820-0028. Public reporting burden for this collection of information is estimated to average 45 hours and 40 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain a benefit (P.L. 108-446, Sec. 650 and 682). If you have comments or concerns regarding the status of your individual submission of this form, please contact the Office of Special Education Programs (OSEP) Discretionary Grant Programs, Office of Special Education and Rehabilitative Services, U.S. Department of Education, 400 Maryland Avenue, SW, Potomac Center Plaza, room 5008C, Washington D.C. 20202-5076 or by phone at 202-245-7542.

APPLICANT LETTER

Dear Applicant:

This application packet contains information and the required forms for you to use in submitting a new application for funding under one program authorized by the Individuals with Disabilities Education Act (IDEA). This packet covers one competition under the Personnel Development to Improve Services and Results for Children with Disabilities Program (Assistance Listing Number 84.325) program—Applications for New Awards; Personnel Development to Improve Services and Results for Children with Disabilities Program-- Preparation of Related Services Personnel Serving Children with Disabilities who have High-Intensity Needs (Assistance Listing Number 84.325R).

Please take the time to review all of the applicable requirements, definitions, selection criteria, and application instructions thoroughly. An application will not be evaluated for funding if the applicant does not comply with all of the procedural rules that govern the submission of the application or if the application does not contain the information required. (EDGAR §75.216 (b) and (c)).

Please note the following:

- **GRANTS.GOV APPLICATION SUBMISSION AND SAM REGISTRATION.**

  Applications for grants under this competition **must** be submitted electronically using the Grants.gov Apply site (www.Grants.gov). Please read carefully the **Grants.gov Submission Procedures and Tips for Applicants** document included on page F-2, which includes helpful tips about submitting electronically using the Grants.gov Apply site. Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete but could take as many as several weeks to complete. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov. **You cannot submit an application through Grants.gov until Grants.gov has received your SAM registration information. We strongly encourage you to familiarize yourself with SAM and Grants.gov, and strongly recommend that you register *and* submit early.**

  Applicants are required to upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. However, it is **recommended** that applicants upload files as read-only flattened PDFs. Information on computer and operating system compatibility with Adobe and links to download the latest version of Adobe are available on Grants.gov. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically can also be found in section B of this application package, Application Transmittal Instructions and Requirements for Intergovernmental Review.

Additional instructions for sending applications electronically are provided on page B-2, Application Forms and Instructions for Grants.gov Applications.

- **MAXIMUM AWARD AMOUNT.**

  The competition included in this package has maximum award amounts. Please refer to the specific information for the priority/competition to which you are submitting an application (i.e., Section B of this package) for detailed budget information for the total grant period requested. Please be advised that for the priority in this package, the maximum award amount covers all project costs including indirect costs.

- **RECOMMENDED PAGE LIMITS AND LINE SPACING OF APPLICATION NARRATIVE.**

  The competition included in this package limits the Application Narrative to a recommended number of double-spaced pages. **This recommended page limit and double-line spacing applies to all material presented in the application narrative**. This recommended double-line spacing applies to all titles, headings, footnotes, quotations, reference citations, and captions, as well as all text in charts, tables, figures, graphs, screen shots, and logic models included in the application narrative. (Please refer to the specific recommendations on page limits for the priority/competition to which you are submitting an application, Section B of this package).

- **FORMAT FOR OTHER SECTIONS OF THE APPLICATION.**

  Additional information regarding formatting applications has been included on Page B-2 of the "General Information on Completing an Application" section of this package.

  Appendix A: Reviewers will be instructed to review the content of Appendix A as they do the application narrative. Reviewers will not be required to review any other appendices. **Charts, tables, figures, graphs, screen shots and logic models that provide information directly relating to the application requirements for the narrative should be the only items included in Appendix A. Appendix A should not be used for supplementary information. Please note that charts, tables, figures, graphs, screen shots, and logic models can be single-spaced when placed in an Appendix A.**

  Abstract: For the application Abstract, applicants should use the template located at: **https://www2.ed.gov/fund/grant/apply/osep/new-osep-grants.html**.

- **ABSOLUTE PRIORITY AND COMPETITIVE PREFERENCE PRIORITY.**

  This competition includes one absolute priority and, within that absolute priority, one competitive preference priority. The Department will use peer reviewers to review and score applications on the selection criteria.

Prior to the peer review, Department staff will determine if an application has met the qualifications of the absolute priority and is eligible for peer review. An application that has not met the absolute priority will not be considered for funding and may not be reviewed.

- **PROTECTION OF HUMAN SUBJECTS IN RESEARCH.**

  The discretionary grant Application Form SF-424 requires applicants to indicate whether they plan to conduct research involving human subjects at any time during the proposed project period. The Protection of Human Subjects in Research Attachment is an integral part of the SF-424 form. It includes information that applicants need to complete the protection of human subjects item and, as appropriate, to provide additional information to the Department regarding human subjects research projects. Additional information on completing the protection of human subjects item is also available and can be accessed on the internet at:

  www.ed.gov/about/offices/list/ocfo/humansub.html

- **RESPONSE TO GPRA.**

  As required by the Government Performance and Results Act of 1993 (GPRA), the Office of Special Education Programs (OSEP) has developed a strategic plan for measuring GPRA performance. The program included in this announcement is authorized under Part D - National Activities to Improve Education of Children with Disabilities of the Individuals with Disabilities Education Act. Projects funded under this competition are required to submit data on GPRA performance measures as directed by OSEP. See Performance Measures included in the Priority Description section of this application package. Applicants are encouraged to consider this information when preparing their applications.

- **COPIES OF THE APPLICATION.**

  Unless you qualify for an exception in accordance with the instructions found in the Notice inviting applications, you must submit your application electronically. Therefore, you do not need to submit paper copies of the application. If you are granted an exception, current Government-wide policy requires that an original and two paper copies need to be submitted. Please note: If an application is recommended for funding and a grant award is issued, we will contact the applicant to request an electronic copy of the application in MS Word or a PDF file. The Department is moving toward an electronic grant filing system and an electronic copy of all applications that are being funded will facilitate this effort.

ADDITIONAL INFORMATION

OSEP also provides information on developing performance measures and logic models at https://www.osepideasthatwork.org/logicModel to assist you in preparing a quality application. For information about other U.S. Department of Education grant and contract opportunities, we encourage you to use the Department's grant information web page which can be accessed on the internet at http://www.ed.gov/about/offices/list/ocfo/grants/grants.html.

We appreciate your efforts to improve the provision of services for individuals with disabilities.

Sincerely,

/s/

SUPPLEMENTARY INFORMATION

FULL TEXT OF ANNOUNCEMENT

I. FUNDING OPPORTUNITY DESCRIPTION

Purpose of Program:

The purposes of this program are to (1) help address State-identified needs for personnel preparation in early intervention, special education, related services, and regular education to work with children, including infants, toddlers, and youth, with disabilities; and (2) ensure that those personnel have the necessary skills and knowledge, derived from practices that have been determined through scientifically based research, to be successful in serving those children.

Priority:

This competition includes one absolute priority and, within that absolute priority, one competitive preference priority. In accordance with 34 CFR 75.105(b)(2)(v), the absolute priority is from allowable activities specified in the statute (see sections 662 and 681 of the Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1462 and 1481)).

Absolute Priority:

For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Preparation of Related Services Personnel Serving Children with Disabilities who have High-Intensity Needs.

Background:

The purpose of this priority is to prepare scholars in related services who are fully credentialed and licensed to serve children, including infants, toddlers, and youth, with disabilities (children with disabilities) who have high-intensity needs.[1] The Department is

[1] For the purposes of this priority, "high-intensity needs" refers to a complex array of disabilities (e.g., multiple disabilities, significant cognitive disabilities, significant physical disabilities, significant sensory disabilities, significant autism, significant emotional disabilities, or significant learning disabilities, including dyslexia) or the needs of children with these disabilities requiring intensive, individualized intervention(s) (i.e., that are specifically designed to address persistent learning or behavior difficulties, implemented with

committed to promoting equity for children with disabilities to access educational resources and opportunities, and a high priority for the Department is to increase the number of related services personnel, including increasing the number of multilingual personnel and personnel from racially and ethnically diverse backgrounds, who provide services to children with disabilities. To support these goals, under this absolute priority, the Department will fund high-quality projects that prepare related services personnel at the bachelor's degree, certification, master's degree, or clinical doctoral degree levels for professional practice in a variety of education settings, including natural environments (the home and community settings in which children with and without disabilities participate), early childhood programs, classrooms, schools, and distance learning environments; including increasing the number of multilingual personnel and personnel from racially and ethnically diverse backgrounds. Projects will also prepare such personnel to support each child with a disability who has high-intensity needs in meeting high expectations and to have meaningful and effective collaborations with other providers, families, and administrators.

A shortage of related services personnel persists in all regions of the country and ultimately impedes the ability of children with disabilities to reach their full academic, social, and emotional potential (National Coalition on Personnel Shortages in Special Education, n.d.). In a national survey of Part C State coordinators, most respondents indicated that they had shortages of personnel to work in their system with the top three areas of shortage being speech-language pathologists, physical therapists, and occupational therapists (IDEA Infant and Toddler Coordinators Association, 2021). Other data substantiates this acute shortage in school-based settings with the majority of school districts reporting that they do not have enough related services personnel to meet the needs of students with disabilities (National Coalition on Personnel Shortages in Special Education, n.d.). These shortages are only expected to increase as the estimated demand for future related services professions is expected to exceed the supply (Bureau of Labor Statistics, 2023). The overall shortage in related services personnel is exacerbated by the substantial shortage of multilingual personnel, personnel with disabilities, and personnel from racially and ethnically diverse backgrounds prepared to enter the workforce (American Physical Therapy Association, 2020; American Speech-Language Hearing Association, 2019; National Association of School Psychologists, 2021). These shortages are of concern, as research indicates that increasing multilingual personnel, personnel with disabilities, and personnel from racially and ethnically diverse backgrounds can have positive impacts on all children. Multilingual children and children of color, with and without disabilities, demonstrate improved academic achievement and behavioral and social-emotional development when they receive services from multilingual

greater frequency and for an extended duration than is commonly available in a typical classroom or early intervention setting, or which require personnel to have knowledge and skills in identifying and implementing multiple evidence-based interventions).

personnel and personnel from racially and ethnically diverse backgrounds (Bryan, 2021; Carver-Thomas, 2018).

The need for related services personnel with the knowledge and skills to serve children with disabilities who have high-intensity needs is even greater. To effectively serve children with disabilities who have high-intensity needs, related services personnel require specialized or advanced skills and knowledge to work within a multidisciplinary team, collaboratively design and deliver evidence-based intensive individualized interventions, and provide interventions in person and through distance learning technologies in natural environments, classrooms, and schools that address the needs of these individuals (Boe et al., 2013; Browder et al., 2014; McLeskey & Brownell, 2015).

To enable related services personnel to provide efficient, high-quality, integrated, and equitable services, both in person and through distance learning technologies, personnel preparation programs need to embed, into preservice training in early intervention settings, early childhood programs, and schools, content, practices, and extensive field or clinical experiences that are evidence-based and culturally and linguistically responsive. Therefore, this priority aims to fund high-quality projects that prepare scholars in related services, including multilingual scholars, scholars with disabilities, and scholars from racially and ethnically diverse backgrounds, who are fully credentialed and licensed to enter the field and serve children with disabilities who have high-intensity needs.

Priority:

The purpose of this priority is to increase the number and improve the quality of related services personnel,[2] including multilingual personnel and personnel from racially and ethnically diverse backgrounds, who are fully credentialed and licensed to serve children with disabilities who have high-intensity needs.[3] The priority will fund high-quality projects that prepare

[2] For the purposes of this priority, "related services" includes the following: speech-language pathology and audiology services; interpreting services; psychological services; applied behavior analysis; physical therapy and occupational therapy; recreation, including therapeutic recreation; social work services; counseling services, including rehabilitation counseling; and orientation and mobility services.

[3] For the purposes of this priority, "high-intensity needs" refers to a complex array of disabilities (e.g., multiple disabilities, significant cognitive disabilities, significant physical disabilities, significant sensory disabilities, significant autism, significant emotional disabilities, or significant learning disabilities, including dyslexia) or the needs of children with these disabilities requiring intensive, individualized intervention(s) (i.e., that are specifically designed to address persistent learning or behavior difficulties, implemented with greater frequency and for an extended duration than is commonly available in a typical classroom or early

scholars[4] in related services at the bachelor's degree, certification,[5] master's degree, or clinical doctoral degree levels for professional practice in natural environments, early childhood programs, classrooms, school settings, and in distance learning environments serving children with disabilities who have high-intensity needs.

Note: Projects may include individuals who are not funded as scholars, but are in degree programs (e.g., general education, early childhood education, administration) that are cooperating with the grantee's project. These individuals may participate in the coursework, assignments, field or clinical experiences, and other opportunities required of scholars' program of study (e.g., speaker series, monthly seminars) if doing so does not diminish the benefit for project-funded scholars (e.g., by reducing funds available for scholar support or limiting opportunities for scholars to participate in project activities).

Note: Projects that prepare scholars from two or more related services degree programs can qualify under this priority. Related services degree programs across more than one institution of higher education (IHE) may partner together within a project.

Note: Applications that propose to prepare early intervention and special education personnel who do not provide related services are not eligible under this priority but can qualify under the Preparation of Early Intervention and Special Education Personnel Serving Children with Disabilities who have High-Intensity Needs priority (ALN 84.325K).

Focus Areas:

Within this absolute priority, the Secretary intends to support projects under the following two focus areas: (A) Preparing Related Services Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities who have High-Intensity Needs; and (B) Preparing

---

intervention setting, or which require personnel to have knowledge and skills in identifying and implementing multiple evidence-based interventions).

[4] For the purposes of this priority, "scholar" means an individual who: (a) is pursuing a bachelor's, certification, master's, or clinical doctoral degree in related services; (b) receives scholarship assistance as authorized under section 662 of IDEA (34 CFR 304.3(g)); (c) will be eligible for a license, endorsement, or certification from a State or national credentialing authority following completion of the degree program identified in the application; and (d) will be able to be employed in a position that serves children with disabilities for a minimum of 51 percent of their time or case load.

[5] For the purposes of this priority, "certification" refers to programs of study that lead to State licensure, endorsement, or certification that qualifies graduates to teach or provide services to children with disabilities. Programs of study that lead to a certificate of completion from the institution of higher education (IHE), but do not lead to State licensure, endorsement, or certification, do not qualify.

Related Services Personnel to Serve School-Age Children with Disabilities who have High-Intensity Needs.

Applicants must identify the specific focus area (i.e., A or B) under which they are applying as part of the competition title on the application cover sheet (SF 424, line 12). Applicants may not submit the same proposal under more than one focus area. Applicants may submit different proposals in different focus areas.

Note: The Office of Special Education Programs (OSEP) may fund out of rank order high-quality applications to ensure that projects are funded in both Focus Area A and Focus Area B.

Focus Area A: Preparing Related Services Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities who have High-Intensity Needs. This focus area is for projects that prepare related services personnel to provide services to infants, toddlers, and preschool children with disabilities who have high-intensity needs. In States where the certification age range is other than birth through five, applicants must propose a preparation project that complies with the State's certification requirements for related services personnel to work in early intervention or early childhood special education.

Focus Area B: Preparing Related Services Personnel to Serve School-Age Children with Disabilities who have High-Intensity Needs. This focus area is for projects that prepare related services personnel to work with school-age children with disabilities who have high-intensity needs.

Focus Areas A and B:

Applicants may, but are not required to, use up to the first 12 months of the performance period and up to $100,000 of funds awarded in the first budget period for planning, including enhancing an existing program, without enrolling scholars. If an applicant chooses to use the first year for program planning, then the applicant must provide sufficient justification for requesting program planning time and include the goals, objectives, key personnel and necessary collaborators, and intended outcomes of program planning in year one, a description of the proposed strategies and activities to be supported, and a timeline for the work. The proposed strategies may include activities such as--

(1) Updating coursework, group assignments, or extensive and coordinated field or clinical experiences in early intervention settings, early childhood programs, and schools needed to support preparation for related services personnel, including personnel from groups that are underrepresented in the field, including personnel with disabilities, multilingual personnel, and personnel from racially and ethnically diverse backgrounds, serving children with disabilities who have high-intensity needs;

(2) Building capacity (e.g., hiring a field supervisor, providing professional development for faculty and field supervisors) of the program to prepare scholars, including scholars from groups that are underrepresented in the field, including scholars with disabilities, multilingual scholars, and scholars from racially and ethnically diverse backgrounds, to serve children with disabilities with high-intensity needs and their families;

(3) Purchasing needed resources (e.g., additional intervention supplies, technology-based resources, or other specialized equipment to enhance interventions); or

(4) Establishing relationships with early intervention and early childhood programs or schools to serve as sites for field or clinical experiences needed to support the project. These sites may include high-need local educational agencies (LEAs),[6] high-poverty schools,[7] schools identified for comprehensive support and improvement,[8] and schools implementing a targeted support and improvement plan[9] for children with disabilities; early childhood and early intervention programs located within the geographic boundaries of a high-need LEA; and early childhood and early intervention programs located within the geographical boundaries of an LEA serving the highest percentage of schools identified for comprehensive support and improvement or implementing targeted support and improvement plans in the State.

---

[6] For the purposes of this priority, "high-need LEA" means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children are from families with incomes below the poverty line.

[7] For the purposes of this priority, "high-poverty school" means a school in which at least 50 percent of students are from low-income families as determined using one of the measures of poverty specified in section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools. Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data.

[8] For the purposes of this priority, "school implementing a comprehensive support and improvement plan" means a school identified for comprehensive support and improvement by a State under section 1111(c)(4)(D) of the ESEA that includes (a) not less than the lowest performing 5 percent of all schools in the State receiving funds under title I, part A of the ESEA; (b) all public high schools in the State failing to graduate one third or more of their students; and (c) public schools in the State described in section 1111(d)(3)(A)(i)(II) of the ESEA.

[9] For the purposes of this priority, "school implementing a targeted support and improvement plan" means a school identified for targeted support and improvement by a State that has developed and is implementing a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system defined in section 1111(d)(2) of the ESEA.

Additional Federal funds may be requested for scholar support and other grant activities occurring in year one of the project, provided that the total request for year one does not exceed the maximum award available for one budget period of 12 months (i.e., $250,000).

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

Note: Project periods under this priority may be up to 60 months. Projects should be designed to ensure that all proposed scholars successfully complete the program within 60 months from the start of the project. The Secretary may reduce continuation awards for any project in which scholar recruitment is not on track or scholars are not on track to complete the program within the project period.

To be considered for funding under this absolute priority, all program applicants must meet the requirements contained in this priority.

To meet the requirements of this priority, an applicant must--

(a) Demonstrate, in the narrative section of the application under "Significance," how--

(1) The proposed project will address the need in the proposed preparation focus area to prepare related services personnel who are fully qualified to serve children with disabilities who have high-intensity needs;

(2) The proposed project will increase the number of personnel in the proposed preparation focus area who demonstrate the competencies[10] needed to--

(i) Promote high expectations and improve outcomes for children with disabilities who have high-intensity needs;

(ii) Provide intensive, evidence-based[11] individualized interventions in person and through distance learning technologies in a variety of early intervention, early childhood, and

---

[10] For the purposes of this priority, "competencies" means what a person knows and can do--the knowledge, skills, and dispositions necessary to effectively function in a role (National Professional Development Center on Inclusion, 2011).

[11] For the purposes of this priority, "evidence-based" means, at a minimum, evidence that demonstrates a rationale (as defined in 34 CFR 77.1), where a key project component (as defined in 34 CFR 77.1) included in the project's logic model (as defined in 34 CFR 77.1) is informed by research or evaluation

school settings (e.g., natural environments; public schools, including charter schools; private schools; and other nonpublic education settings, including home education);

(iii) Provide culturally and linguistically responsive interventions and services;

(iv) Collaborate with diverse partners, including multilingual individuals, individuals and families from racially and ethnically diverse backgrounds, and individuals with disabilities, using a multidisciplinary team approach to address the individualized developmental, learning, and academic needs of children with disabilities who have high-intensity needs, and support their successful transitions from early childhood to elementary, elementary to secondary, or transition to postsecondary education and the workforce; and

(v) Exercise leadership to improve professional practice and services and education for children with disabilities who have high-intensity needs; and

(3) The applicant has successfully graduated students in their program, including students with disabilities, multilingual students, and students who are from racially, and ethnically diverse backgrounds, including data disaggregated by disability status, race, national origin, and primary language(s), and the number of students who have graduated in the last five years.

(b) Demonstrate, in the narrative section of the application under "Quality of project services," how--

(1) The project will conduct its planning activities, if the applicant will use any of the allowable first 12 months of the project period for planning;

(2) The project will recruit and retain scholars. To meet this requirement, the applicant must describe--

(i) The selection criteria the project will use to identify applicants for admission in the program;

(ii) The specific recruitment strategies the project will use to attract a diverse pool of applicants, including from groups that are traditionally underrepresented in the field, applicants with disabilities, multilingual applicants, and applicants from racially and ethnically diverse backgrounds; and

Note: Applicants should engage in focused outreach and recruitment to increase the number of applicants from groups that are traditionally underrepresented in the field, including

---

findings that suggest the project component is likely to improve relevant outcomes (as defined in 34 CFR 77.1).

applicants with disabilities, multilingual applicants, and applicants from racial and ethnic diversity backgrounds, but the selection criteria the applicant intends to use must ensure equal access and treatment of all applicants seeking admission to the program and must be consistent with applicable law, including Federal civil rights law.

(iii) The approach that will be used to mentor and support all scholars, including any specific approaches to supporting groups that are traditionally underrepresented in the field, including individuals with disabilities, multilingual scholars, and scholars from racially and ethnically diverse backgrounds, for retention and completion of the program within the project period and preparing them for careers in early intervention, special education, and related services; and

(3) The project will be designed to promote the acquisition of the competencies needed by related services personnel to support improved outcomes for children with disabilities with high-intensity needs. To address this requirement, the applicant must--

(i) Describe how the proposed components, such as coursework; field or clinical experiences in early intervention, early childhood, and school settings; work-based experiences; or other opportunities provided to scholars, and sequence of the project components will enable the scholars to acquire the competencies needed by personnel working with children with disabilities with high-intensity needs;

(ii) Describe how the proposed project will implement current evidence-based practices (EBPs) to prepare scholars to provide effective and equitable evidence-based culturally and linguistically responsive instruction, interventions, and services that improve outcomes for children with disabilities with high-intensity needs, in a variety of educational or early childhood and early intervention settings, including in-person and remote settings; and

(iii) Describe how the proposed project will engage partners, including: multilingual individuals and individuals and families of color; public or private partnering agencies, schools, or programs; centers or organizations that provide services to children with disabilities and their families; and individuals with disabilities and their families, to inform and support project components.

(c) Demonstrate, in the narrative section of the application under “Quality of the project personnel and management plan,” how--

(1) The project director and other key project personnel are qualified to prepare scholars in the project’s preparation focus area;

(2) The project director and other key project personnel will manage the components of the project; and

(3) The time commitments of the project director and other key project personnel are adequate to meet the objectives of the proposed project.

(d) Demonstrate, in the narrative section of the application under "Adequacy of resources," how--

(1) Information regarding the types of accommodations and resources available to fully support scholars' well-being and a work-life balance (e.g., university and community mental health supports, counseling services, health resources, housing resources, child care) will be disseminated and how the project will support scholars to access those accommodations and resources on a timely basis, if needed, while the scholar is in the program;

(2) The types of accommodations and resources provided to support scholars' well-being and a work-life balance will be individualized based on scholars' cultural, academic, social emotional, and disability-related needs with the goal of supporting them to complete the program; and

(3) The budget is adequate for meeting the project objectives and mitigating financial burden to scholars in completing the program of study.

Note: Scholar support does not need to be uniform for all scholars and should be customized for individual scholars based on scholars' financial needs, including consideration of all costs associated with the cost of attendance, even if that means enrolling fewer scholars. Scholar support can include support for cost of attendance (i.e., tuition and fees; university student health insurance; an allowance for books, materials, and supplies; an allowance for miscellaneous personal expenses; an allowance for dependent care, such as child care; and/or an allowance for room and board), travel in conjunction with training assignments including conference registration, and stipends to support scholars' completion of the program. Projections for scholar support should consider tuition increases and cost of living increases over the project period.

(e) Demonstrate, in the narrative section of the application under "Quality of the project evaluation," how the applicant will--

(1) Evaluate how well the goals or objectives of the proposed project have been met. To meet this requirement, the applicant must describe--

(i) The outcomes to be measured for both the project and the scholars, particularly the acquisition of scholars' competencies; and

(ii) The evaluation methodologies, data collection methods, and data analyses that will be used; and

(2) Collect, analyze, and use data on scholars supported by the project to inform the project on an ongoing basis.

(f) Demonstrate, in the appendices or narrative under "Required project assurances" as directed, that the following requirements are met. The applicant must--

(1) Include in Appendix A of the application--

(i) Charts, tables, figures, graphs, screen shots, and visuals that provide information directly relating to the application requirements for the narrative. Appendix A should not be used for supplementary information. Please note that charts, tables, figures, graphs, and screen shots can be single-spaced when placed in Appendix A; and

(ii) A letter of support from a public or private partnering agency, school, or program, that states it will provide scholars with a field or clinical experience in a high-need LEA, a high-poverty school, a school implementing a comprehensive support and improvement plan, a school implementing a targeted support and improvement plan for children with disabilities, a State educational agency, an early childhood and early intervention program located within the geographical boundaries of a high-need LEA, or an early childhood and early intervention program located within the geographical boundaries of an LEA serving the highest percentage of schools identified for comprehensive support and improvement or implementing targeted support and improvement plans in the State;

(2) Include in Appendix B of the application--

(i) A table that lists the project's required coursework and includes the course title, brief description, learning goals, and relevant State or national professional organization personnel standards for each course;

(ii) Four exemplar course syllabi required by the degree program that reflect EBPs across the areas of assessment; social, emotional, and behavior development and learning; inclusive practices; instructional strategies; and literacy, as appropriate;

(3) Include in the application budget attendance by the project director at a three-day project directors' meeting in Washington, DC, during each year of the project; and

(4) Provide an assurance that--

(i) The project will meet the requirements in 34 CFR 304.23, particularly those related to (A) informing all scholarship recipients of their service obligation commitment; and (B) disbursing scholarships. Failure by a grantee to properly meet these requirements is a violation of the grant award that may result in the grantee being liable for returning any misused funds to the Department;

(ii) The project will meet the statutory requirements in section 662(e) through (h) of IDEA;

(iii) The project will be operated in a manner consistent with nondiscrimination requirements contained in Federal civil rights laws;

(iv) All the syllabi for the project's required coursework will be provided if requested by OSEP;

(v) At least 65 percent of the total award over the project period (i.e., up to 5 years) will be used for scholar support;

(vi) Scholar support provided by the project (e.g., tuition and fees; university student health insurance; an allowance for books, materials, and supplies; an allowance for miscellaneous personal expenses; an allowance for dependent care, such as child care; and an allowance for room and board) is not based on the condition that the scholar work for the grantee (e.g., personnel at the IHE);

(vii) The project director, key personnel, and scholars will actively participate in learning opportunities (e.g., webinars, briefings) supported by OSEP. This is intended to promote opportunities for participants to understand reporting requirements, share resources, and generate new knowledge by addressing topics of common interest to participants across projects including Department priorities and needs in the field;

(viii) The project website, if applicable, will be of high quality, with an easy-to-navigate design that meets government or industry-recognized standards for accessibility;

(ix) Scholar accomplishments (e.g., public service, awards, publications, conference presentations) will be reported in annual and final performance reports; and

(x) Annual data will be submitted on each scholar who receives grant support (OMB Control Number 1820-0686). The primary purposes of the data collection are to track the service obligation fulfillment of scholars who receive funds from OSEP grants and to collect data for program performance measure reporting under 34 CFR 75.110. Data collection includes the submission of a signed, completed pre-scholarship agreement and exit certification for each scholar funded under an OSEP grant (see paragraph (f)(4)(i) of this priority). Applicants are encouraged to visit the Personnel Development Program Data Collection System website at https://pdp.ed.gov/osep for further information about this data collection requirement.

Competitive Preference Priority: Within this absolute priority, we give competitive preference to applications that address the following priority. Under 34 CFR 75.105(c)(2)(i), we award an additional 3 points to an application that meets the competitive preference priority. Applicants should indicate in the abstract if they are addressing the competitive preference priority.

This priority is:

Applications from New Potential Grantees (0 or 3 points).

(a) Under this priority, an applicant must demonstrate that the applicant (e.g., the IHE) has not had an active discretionary grant under ALN 84.325K,[12] in the last five years before the deadline date for submission of applications under this program (ALN 84.325R).

(b) For the purpose of this priority, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

Waiver of Proposed Rulemaking:

Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priorities in this notice.

Program Authority:

20 U.S.C. 1462 and 1481.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations:

(d) The regulations for this program in 34 CFR part 304.

Note:

The regulations in 34 CFR part 86 apply to IHEs only.

II. AWARD INFORMATION

Type of Award:

Discretionary grants.

Estimated Available Funds:

$6,750,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2024 from the list of unfunded applications from this competition.

Estimated Range of Awards:

$200,000-$250,000 per year.

Estimated Average Size of Awards:

$225,000 per year.

Maximum Award:

We will not make an award exceeding $250,000 for a single budget period of 12 months.

Estimated Number of Awards:

27.

Project Period:

Up to 60 months.

Note: The Department is not bound by any estimates in this notice.

III. ELIGIBILITY INFORMATION

1. Eligible Applicants:

Eligible applicants are IHEs and private nonprofit organizations.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

2. a. Cost Sharing or Matching:

Cost sharing or matching is not required for this competition.

b. Indirect Cost Rate Information:

This program uses a training indirect cost rate. This limits indirect cost reimbursement to an entity's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. For more information regarding training indirect cost rates, see 34 CFR 75.562. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see https://www2.ed.gov/about/offices/list/ocfo/intro.html.

c. Administrative Cost Limitation:

This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. Subgrantees:

Under 34 CFR 75.708(b) and (c), a grantee under this competition may award subgrants--to directly carry out project activities described in its application--to the following

types of entities: IHEs, nonprofit organizations suitable to carry out the activities proposed in the application, and public agencies. The grantee may award subgrants to entities it has identified in an approved application or that it selects through a competition under procedures established by the grantee, consistent with 34 CFR 75.708(b)(2).

4. Other General Requirements:

(a) Recipients of funding under this competition must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).

(b) Applicants for, and recipients of, funding must, with respect to the aspects of their proposed project relating to the absolute priority, involve individuals with disabilities, or parents of individuals with disabilities ages birth through 26, in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).

IV. APPLICATION AND SUBMISSION INFORMATION

1. Application Submission Instructions:

Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the *Federal Register* on December 7, 2022 (87 FR 75045) and available at http://www.federalregister.gov/documents/2022/12/07/2022-26554/common-instructions-for-applicants-to-department-of-education-discretionary-grant-programs, which contain requirements and information on how to submit an application. Please note that these Common Instructions supersede the version published on December 27, 2021.

2. Intergovernmental Review:

This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

3. Funding Restrictions:

We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

4. Recommended Page Limit:

The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 40 pages; (2) limit the whole application to no more than 100 pages; and (3) use the following standards:

- A “page” is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, reference citations, and captions, as well as all text in charts, tables, figures, graphs, and screen shots.
- Use a font that is 12 point or larger.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the abstract (follow the guidance provided in the application package for completing the abstract), the table

of contents, the list of priority requirements, the resumes, the reference list, the letters of support, or the appendices. However, the recommended page limit does apply to all of the application narrative, including all text in charts, tables, figures, graphs, and screen shots.

V. APPLICATION REVIEW INFORMATION

1. Selection Criteria:

The selection criteria for this competition are from 34 CFR 75.210 and are as follows:

(a) Significance (10 points).

(1) The Secretary considers the significance of the proposed project.

(2) In determining the significance of the proposed project, the Secretary considers the following factors:

(i) The extent to which the proposed project will prepare personnel for fields in which shortages have been demonstrated; and

(ii) The importance or magnitude of the results or outcomes likely to be attained by the proposed project, especially improvements in teaching and student achievement.

(b) Quality of project services (35 points).

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(ii) The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practice among the recipients of those services;

(iii) The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services; and

(iv) The extent to which the proposed activities constitute a coherent, sustained program of training in the field.

(c) Quality of project personnel and quality of the management plan (20 points).

(1) The Secretary considers the quality of the project personnel and the quality of the management plan.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The qualifications, including relevant training and experience, of key project personnel;

(ii) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks; and

(iii) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(d) Adequacy of resources (20 points).

(1) The Secretary considers the adequacy of resources of the proposed project.

(2) In determining the adequacy of resources of the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization; and

(ii) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.

(e) Quality of the project evaluation (15 points).

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project; and

(ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

2. Review and Selection Process:

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Additional Review and Selection Process Factors:

In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The standing panel requirements under section 682(b) of IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications.

4. Risk Assessment and Specific Conditions:

Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions, and under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that

does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

5. Integrity and Performance System:

If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

6. In General:

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with--

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. No. 115—232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. AWARD ADMINISTRATION INFORMATION

1. Award Notices:

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open-Licensing Requirements:

Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting:

(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and

financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures:

For the purposes of Department reporting under 34 CFR 75.110, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include (1) the percentage of preparation programs that incorporate scientifically based practices or EBPs into their curricula; (2) the percentage of scholars completing the preparation program who are knowledgeable and skilled in EBPs that improve outcomes for children with disabilities; (3) the percentage of scholars who exit the preparation program prior to completion due to poor academic performance; (4) the percentage of scholars completing the preparation program who are working in the area(s) in which they were prepared upon program completion; (5) the Federal cost per scholar who completed the preparation program; (6) the percentage of scholars who completed the preparation program and are employed in high-need districts; and (7) the percentage of scholars who completed the preparation program and who are rated effective by their employers.

In addition, the Department will gather information on the following outcome measures: the number and percentage of scholars proposed by the grantee in their application that were actually enrolled and making satisfactory academic progress in the current academic year; the number and percentage of enrolled scholars who are on track to complete the training program by the end of the project's original grant period; and the percentage of scholars who completed the preparation program and are employed in the field of special education for at least two years.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

6. Continuation Awards:

In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance

measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. OTHER INFORMATION

Accessible Format:

On request to the program contact person listed under FOR FURTHER INFORMATION CONTACT, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

Electronic Access to This Document:

The official version of this document is the document published in the Federal Register. You may access the official edition of the Federal Register and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Portable Document Format (PDF). GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser

ATTENTION – Workspace, Adobe Forms and PDF Files

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.
Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html

1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

   a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.
   NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html

   b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

   c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

3) Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: http://www.grants.gov/web/grants/register.html [Note: Your organization will need to update its SAM registration annually.]

   Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: http://www2.ed.gov/fund/grant/apply/sam-faqs.html

2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

   Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

   If the date/time received is later than 11:59:59 p.m. Eastern Time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status

is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: mailto:support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m. Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please go to http://www.grants.gov/web/grants/support.html for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: http://www.grants.gov/web/grants/applicants/applicant-faqs.html as well as additional information on Workspace at https://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

PRIORITY DESCRIPTION AND SELECTION CRITERIA

PERSONNEL DEVELOPMENT TO IMPROVE SERVICES AND RESULTS FOR CHILDREN WITH DISABILITIES-- PREPARATION OF RELATED SERVICES PERSONNEL SERVING CHILDREN WITH DISABILITIES WHO HAVE HIGH-INTENSITY NEEDS (ASSISTANCE LISTING NUMBER 84.325R)

Deadline:

June 29, 2023. (Note: Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.)

Absolute Priority:

Preparation of Related Services Personnel Serving Children with Disabilities who have High-Intensity Needs.

Background:

The purpose of this priority is to prepare scholars in related services who are fully credentialed and licensed to serve children, including infants, toddlers, and youth, with disabilities (children with disabilities) who have high-intensity needs.[13] The Department is committed to promoting equity for children with disabilities to access educational resources and opportunities, and a high priority for the Department is to increase the number of related services personnel, including increasing the number of multilingual personnel and personnel from racially and ethnically diverse backgrounds, who provide services to children with disabilities. To support these goals, under this absolute priority, the Department will fund high-quality projects that prepare related services personnel at the bachelor's degree, certification,

[13] For the purposes of this priority, "high-intensity needs" refers to a complex array of disabilities (e.g., multiple disabilities, significant cognitive disabilities, significant physical disabilities, significant sensory disabilities, significant autism, significant emotional disabilities, or significant learning disabilities, including dyslexia) or the needs of children with these disabilities requiring intensive, individualized intervention(s) (i.e., that are specifically designed to address persistent learning or behavior difficulties, implemented with greater frequency and for an extended duration than is commonly available in a typical classroom or early intervention setting, or which require personnel to have knowledge and skills in identifying and implementing multiple evidence-based interventions).

master's degree, or clinical doctoral degree levels for professional practice in a variety of education settings, including natural environments (the home and community settings in which children with and without disabilities participate), early childhood programs, classrooms, schools, and distance learning environments; including increasing the number of multilingual personnel and personnel from racially and ethnically diverse backgrounds. Projects will also prepare such personnel to support each child with a disability who has high-intensity needs in meeting high expectations and to have meaningful and effective collaborations with other providers, families, and administrators.

A shortage of related services personnel persists in all regions of the country and ultimately impedes the ability of children with disabilities to reach their full academic, social, and emotional potential (National Coalition on Personnel Shortages in Special Education, n.d.). In a national survey of Part C State coordinators, most respondents indicated that they had shortages of personnel to work in their system with the top three areas of shortage being speech-language pathologists, physical therapists, and occupational therapists (IDEA Infant and Toddler Coordinators Association, 2021). Other data substantiates this acute shortage in school-based settings with the majority of school districts reporting that they do not have enough related services personnel to meet the needs of students with disabilities (National Coalition on Personnel Shortages in Special Education, n.d.). These shortages are only expected to increase as the estimated demand for future related services professions is expected to exceed the supply (Bureau of Labor Statistics, 2023). The overall shortage in related services personnel is exacerbated by the substantial shortage of multilingual personnel, personnel with disabilities, and personnel from racially and ethnically diverse backgrounds prepared to enter the workforce (American Physical Therapy Association, 2020; American Speech-Language Hearing Association, 2019; National Association of School Psychologists, 2021). These shortages are of concern, as research indicates that increasing multilingual personnel, personnel with disabilities, and personnel from racially and ethnically diverse backgrounds can have positive impacts on all children. Multilingual children and children of color, with and without disabilities, demonstrate improved academic achievement and behavioral and social-emotional development when they receive services from multilingual personnel and personnel from racially and ethnically diverse backgrounds (Bryan, 2021; Carver-Thomas, 2018).

The need for related services personnel with the knowledge and skills to serve children with disabilities who have high-intensity needs is even greater. To effectively serve children with disabilities who have high-intensity needs, related services personnel require specialized or advanced skills and knowledge to work within a multidisciplinary team, collaboratively design and deliver evidence-based intensive individualized interventions, and provide interventions in person and through distance learning technologies in natural environments, classrooms, and schools that address the needs of these individuals (Boe et al., 2013; Browder et al., 2014; McLeskey & Brownell, 2015).

To enable related services personnel to provide efficient, high-quality, integrated, and equitable services, both in person and through distance learning technologies, personnel preparation programs need to embed, into preservice training in early intervention settings, early childhood programs, and schools, content, practices, and extensive field or clinical experiences that are evidence-based and culturally and linguistically responsive. Therefore, this priority aims to fund high-quality projects that prepare scholars in related services, including multilingual scholars, scholars with disabilities, and scholars from racially and ethnically diverse backgrounds, who are fully credentialed and licensed to enter the field and serve children with disabilities who have high-intensity needs.

Priority:

The purpose of this priority is to increase the number and improve the quality of related services personnel,[14] including multilingual personnel and personnel from racially and ethnically diverse backgrounds, who are fully credentialed and licensed to serve children with disabilities who have high-intensity needs.[15] The priority will fund high-quality projects that prepare scholars[16] in related services at the bachelor's degree, certification,[17] master's degree, or

[14] For the purposes of this priority, "related services" includes the following: speech-language pathology and audiology services; interpreting services; psychological services; applied behavior analysis; physical therapy and occupational therapy; recreation, including therapeutic recreation; social work services; counseling services, including rehabilitation counseling; and orientation and mobility services.

[15] For the purposes of this priority, "high-intensity needs" refers to a complex array of disabilities (e.g., multiple disabilities, significant cognitive disabilities, significant physical disabilities, significant sensory disabilities, significant autism, significant emotional disabilities, or significant learning disabilities, including dyslexia) or the needs of children with these disabilities requiring intensive, individualized intervention(s) (i.e., that are specifically designed to address persistent learning or behavior difficulties, implemented with greater frequency and for an extended duration than is commonly available in a typical classroom or early intervention setting, or which require personnel to have knowledge and skills in identifying and implementing multiple evidence-based interventions).

[16] For the purposes of this priority, "scholar" means an individual who: (a) is pursuing a bachelor's, certification, master's, or clinical doctoral degree in related services; (b) receives scholarship assistance as authorized under section 662 of IDEA (34 CFR 304.3(g)); (c) will be eligible for a license, endorsement, or certification from a State or national credentialing authority following completion of the degree program identified in the application; and (d) will be able to be employed in a position that serves children with disabilities for a minimum of 51 percent of their time or case load.

[17] For the purposes of this priority, "certification" refers to programs of study that lead to State licensure, endorsement, or certification that qualifies graduates to teach or provide services to children with

clinical doctoral degree levels for professional practice in natural environments, early childhood programs, classrooms, school settings, and in distance learning environments serving children with disabilities who have high-intensity needs.

Note: Projects may include individuals who are not funded as scholars, but are in degree programs (e.g., general education, early childhood education, administration) that are cooperating with the grantee's project. These individuals may participate in the coursework, assignments, field or clinical experiences, and other opportunities required of scholars' program of study (e.g., speaker series, monthly seminars) if doing so does not diminish the benefit for project-funded scholars (e.g., by reducing funds available for scholar support or limiting opportunities for scholars to participate in project activities).

Note: Projects that prepare scholars from two or more related services degree programs can qualify under this priority. Related services degree programs across more than one institution of higher education (IHE) may partner together within a project.

Note: Applications that propose to prepare early intervention and special education personnel who do not provide related services are not eligible under this priority but can qualify under the Preparation of Early Intervention and Special Education Personnel Serving Children with Disabilities who have High-Intensity Needs priority (ALN 84.325K).

Focus Areas:

Within this absolute priority, the Secretary intends to support projects under the following two focus areas: (A) Preparing Related Services Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities who have High-Intensity Needs; and (B) Preparing Related Services Personnel to Serve School-Age Children with Disabilities who have High-Intensity Needs.

Applicants must identify the specific focus area (i.e., A or B) under which they are applying as part of the competition title on the application cover sheet (SF 424, line 12). Applicants may not submit the same proposal under more than one focus area. Applicants may submit different proposals in different focus areas.

Note: The Office of Special Education Programs (OSEP) may fund out of rank order high-quality applications to ensure that projects are funded in both Focus Area A and Focus Area B.

Focus Area A: Preparing Related Services Personnel to Serve Infants, Toddlers, and Preschool-Age Children with Disabilities who have High-Intensity Needs. This focus area is for

---

disabilities. Programs of study that lead to a certificate of completion from the institution of higher education (IHE), but do not lead to State licensure, endorsement, or certification, do not qualify.

projects that prepare related services personnel to provide services to infants, toddlers, and preschool children with disabilities who have high-intensity needs. In States where the certification age range is other than birth through five, applicants must propose a preparation project that complies with the State's certification requirements for related services personnel to work in early intervention or early childhood special education.

Focus Area B: Preparing Related Services Personnel to Serve School-Age Children with Disabilities who have High-Intensity Needs. This focus area is for projects that prepare related services personnel to work with school-age children with disabilities who have high-intensity needs.

Focus Areas A and B:

Applicants may, but are not required to, use up to the first 12 months of the performance period and up to $100,000 of funds awarded in the first budget period for planning, including enhancing an existing program, without enrolling scholars. If an applicant chooses to use the first year for program planning, then the applicant must provide sufficient justification for requesting program planning time and include the goals, objectives, key personnel and necessary collaborators, and intended outcomes of program planning in year one, a description of the proposed strategies and activities to be supported, and a timeline for the work. The proposed strategies may include activities such as--

(1) Updating coursework, group assignments, or extensive and coordinated field or clinical experiences in early intervention settings, early childhood programs, and schools needed to support preparation for related services personnel, including personnel from groups that are underrepresented in the field, including personnel with disabilities, multilingual personnel, and personnel from racially and ethnically diverse backgrounds, serving children with disabilities who have high-intensity needs;

(2) Building capacity (e.g., hiring a field supervisor, providing professional development for faculty and field supervisors) of the program to prepare scholars, including scholars from groups that are underrepresented in the field, including scholars with disabilities, multilingual scholars, and scholars from racially and ethnically diverse backgrounds, to serve children with disabilities with high-intensity needs and their families;

(3) Purchasing needed resources (e.g., additional intervention supplies, technology-based resources, or other specialized equipment to enhance interventions); or

(4) Establishing relationships with early intervention and early childhood programs or schools to serve as sites for field or clinical experiences needed to support the project. These

sites may include high-need local educational agencies (LEAs),[18] high-poverty schools,[19] schools identified for comprehensive support and improvement,[20] and schools implementing a targeted support and improvement plan[21] for children with disabilities; early childhood and early intervention programs located within the geographic boundaries of a high-need LEA; and early childhood and early intervention programs located within the geographical boundaries of an LEA serving the highest percentage of schools identified for comprehensive support and improvement or implementing targeted support and improvement plans in the State.

Additional Federal funds may be requested for scholar support and other grant activities occurring in year one of the project, provided that the total request for year one does not exceed the maximum award available for one budget period of 12 months (i.e., $250,000).

Note: Applicants proposing projects to develop, expand, or add a new area of emphasis to related services programs must provide, in their applications, information on how these new areas will be sustained once Federal funding ends.

Note: Project periods under this priority may be up to 60 months. Projects should be designed to ensure that all proposed scholars successfully complete the program within 60 months from the start of the project. The Secretary may reduce continuation awards for any

---

[18] For the purposes of this priority, "high-need LEA" means an LEA (a) that serves not fewer than 10,000 children from families with incomes below the poverty line; or (b) for which not less than 20 percent of the children are from families with incomes below the poverty line.

[19] For the purposes of this priority, "high-poverty school" means a school in which at least 50 percent of students are from low-income families as determined using one of the measures of poverty specified in section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools. Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data.

[20] For the purposes of this priority, "school implementing a comprehensive support and improvement plan" means a school identified for comprehensive support and improvement by a State under section 1111(c)(4)(D) of the ESEA that includes (a) not less than the lowest performing 5 percent of all schools in the State receiving funds under title I, part A of the ESEA; (b) all public high schools in the State failing to graduate one third or more of their students; and (c) public schools in the State described in section 1111(d)(3)(A)(i)(II) of the ESEA.

[21] For the purposes of this priority, "school implementing a targeted support and improvement plan" means a school identified for targeted support and improvement by a State that has developed and is implementing a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system defined in section 1111(d)(2) of the ESEA.

project in which scholar recruitment is not on track or scholars are not on track to complete the program within the project period.

To be considered for funding under this absolute priority, all program applicants must meet the requirements contained in this priority.

To meet the requirements of this priority, an applicant must--

(a) Demonstrate, in the narrative section of the application under "Significance," how--

(1) The proposed project will address the need in the proposed preparation focus area to prepare related services personnel who are fully qualified to serve children with disabilities who have high-intensity needs;

(2) The proposed project will increase the number of personnel in the proposed preparation focus area who demonstrate the competencies[22] needed to--

(i) Promote high expectations and improve outcomes for children with disabilities who have high-intensity needs;

(ii) Provide intensive, evidence-based[23] individualized interventions in person and through distance learning technologies in a variety of early intervention, early childhood, and school settings (e.g., natural environments; public schools, including charter schools; private schools; and other nonpublic education settings, including home education);

(iii) Provide culturally and linguistically responsive interventions and services;

(iv) Collaborate with diverse partners, including multilingual individuals, individuals and families from racially and ethnically diverse backgrounds, and individuals with disabilities, using a multidisciplinary team approach to address the individualized developmental, learning, and academic needs of children with disabilities who have high-intensity needs, and support their

---

[22] For the purposes of this priority, "competencies" means what a person knows and can do--the knowledge, skills, and dispositions necessary to effectively function in a role (National Professional Development Center on Inclusion, 2011).

[23] For the purposes of this priority, "evidence-based" means, at a minimum, evidence that demonstrates a rationale (as defined in 34 CFR 77.1), where a key project component (as defined in 34 CFR 77.1) included in the project's logic model (as defined in 34 CFR 77.1) is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes (as defined in 34 CFR 77.1).

successful transitions from early childhood to elementary, elementary to secondary, or transition to postsecondary education and the workforce; and

(v) Exercise leadership to improve professional practice and services and education for children with disabilities who have high-intensity needs; and

(3) The applicant has successfully graduated students in their program, including students with disabilities, multilingual students, and students who are from racially, and ethnically diverse backgrounds, including data disaggregated by disability status, race, national origin, and primary language(s), and the number of students who have graduated in the last five years.

(b) Demonstrate, in the narrative section of the application under "Quality of project services," how--

(1) The project will conduct its planning activities, if the applicant will use any of the allowable first 12 months of the project period for planning;

(2) The project will recruit and retain scholars. To meet this requirement, the applicant must describe--

(i) The selection criteria the project will use to identify applicants for admission in the program;

(ii) The specific recruitment strategies the project will use to attract a diverse pool of applicants, including from groups that are traditionally underrepresented in the field, applicants with disabilities, multilingual applicants, and applicants from racially and ethnically diverse backgrounds; and

Note: Applicants should engage in focused outreach and recruitment to increase the number of applicants from groups that are traditionally underrepresented in the field, including applicants with disabilities, multilingual applicants, and applicants from racial and ethnic diversity backgrounds, but the selection criteria the applicant intends to use must ensure equal access and treatment of all applicants seeking admission to the program and must be consistent with applicable law, including Federal civil rights law.

(iii) The approach that will be used to mentor and support all scholars, including any specific approaches to supporting groups that are traditionally underrepresented in the field, including individuals with disabilities, multilingual scholars, and scholars from racially and ethnically diverse backgrounds, for retention and completion of the program within the project period and preparing them for careers in early intervention, special education, and related services; and

(3) The project will be designed to promote the acquisition of the competencies needed by related services personnel to support improved outcomes for children with disabilities with high-intensity needs. To address this requirement, the applicant must--

(i) Describe how the proposed components, such as coursework; field or clinical experiences in early intervention, early childhood, and school settings; work-based experiences; or other opportunities provided to scholars, and sequence of the project components will enable the scholars to acquire the competencies needed by personnel working with children with disabilities with high-intensity needs;

(ii) Describe how the proposed project will implement current evidence-based practices (EBPs) to prepare scholars to provide effective and equitable evidence-based culturally and linguistically responsive instruction, interventions, and services that improve outcomes for children with disabilities with high-intensity needs, in a variety of educational or early childhood and early intervention settings, including in-person and remote settings; and

(iii) Describe how the proposed project will engage partners, including: multilingual individuals and individuals and families of color; public or private partnering agencies, schools, or programs; centers or organizations that provide services to children with disabilities and their families; and individuals with disabilities and their families, to inform and support project components.

(c) Demonstrate, in the narrative section of the application under “Quality of the project personnel and management plan,” how--

(1) The project director and other key project personnel are qualified to prepare scholars in the project’s preparation focus area;

(2) The project director and other key project personnel will manage the components of the project; and

(3) The time commitments of the project director and other key project personnel are adequate to meet the objectives of the proposed project.

(d) Demonstrate, in the narrative section of the application under “Adequacy of resources,” how--

(1) Information regarding the types of accommodations and resources available to fully support scholars’ well-being and a work-life balance (e.g., university and community mental health supports, counseling services, health resources, housing resources, child care) will be disseminated and how the project will support scholars to access those accommodations and resources on a timely basis, if needed, while the scholar is in the program;

(2) The types of accommodations and resources provided to support scholars' well-being and a work-life balance will be individualized based on scholars' cultural, academic, social emotional, and disability-related needs with the goal of supporting them to complete the program; and

(3) The budget is adequate for meeting the project objectives and mitigating financial burden to scholars in completing the program of study.

Note: Scholar support does not need to be uniform for all scholars and should be customized for individual scholars based on scholars' financial needs, including consideration of all costs associated with the cost of attendance, even if that means enrolling fewer scholars. Scholar support can include support for cost of attendance (i.e., tuition and fees; university student health insurance; an allowance for books, materials, and supplies; an allowance for miscellaneous personal expenses; an allowance for dependent care, such as child care; and/or an allowance for room and board), travel in conjunction with training assignments including conference registration, and stipends to support scholars' completion of the program. Projections for scholar support should consider tuition increases and cost of living increases over the project period.

(e) Demonstrate, in the narrative section of the application under "Quality of the project evaluation," how the applicant will--

(1) Evaluate how well the goals or objectives of the proposed project have been met. To meet this requirement, the applicant must describe--

(i) The outcomes to be measured for both the project and the scholars, particularly the acquisition of scholars' competencies; and

(ii) The evaluation methodologies, data collection methods, and data analyses that will be used; and

(2) Collect, analyze, and use data on scholars supported by the project to inform the project on an ongoing basis.

(f) Demonstrate, in the appendices or narrative under "Required project assurances" as directed, that the following requirements are met. The applicant must--

(1) Include in Appendix A of the application--

(i) Charts, tables, figures, graphs, screen shots, and visuals that provide information directly relating to the application requirements for the narrative. Appendix A should not be used for supplementary information. Please note that charts, tables, figures, graphs, and screen shots can be single-spaced when placed in Appendix A; and

(ii) A letter of support from a public or private partnering agency, school, or program, that states it will provide scholars with a field or clinical experience in a high-need LEA, a high-poverty school, a school implementing a comprehensive support and improvement plan, a school implementing a targeted support and improvement plan for children with disabilities, a State educational agency, an early childhood and early intervention program located within the geographical boundaries of a high-need LEA, or an early childhood and early intervention program located within the geographical boundaries of an LEA serving the highest percentage of schools identified for comprehensive support and improvement or implementing targeted support and improvement plans in the State;

(2) Include in Appendix B of the application--

(i) A table that lists the project's required coursework and includes the course title, brief description, learning goals, and relevant State or national professional organization personnel standards for each course;

(ii) Four exemplar course syllabi required by the degree program that reflect EBPs across the areas of assessment; social, emotional, and behavior development and learning; inclusive practices; instructional strategies; and literacy, as appropriate;

(3) Include in the application budget attendance by the project director at a three-day project directors' meeting in Washington, DC, during each year of the project; and

(4) Provide an assurance that--

(i) The project will meet the requirements in 34 CFR 304.23, particularly those related to (A) informing all scholarship recipients of their service obligation commitment; and (B) disbursing scholarships. Failure by a grantee to properly meet these requirements is a violation of the grant award that may result in the grantee being liable for returning any misused funds to the Department;

(ii) The project will meet the statutory requirements in section 662(e) through (h) of IDEA;

(iii) The project will be operated in a manner consistent with nondiscrimination requirements contained in Federal civil rights laws;

(iv) All the syllabi for the project's required coursework will be provided if requested by OSEP;

(v) At least 65 percent of the total award over the project period (i.e., up to 5 years) will be used for scholar support;

(vi) Scholar support provided by the project (e.g., tuition and fees; university student health insurance; an allowance for books, materials, and supplies; an allowance for miscellaneous personal expenses; an allowance for dependent care, such as child care; and an allowance for room and board) is not based on the condition that the scholar work for the grantee (e.g., personnel at the IHE);

(vii) The project director, key personnel, and scholars will actively participate in learning opportunities (e.g., webinars, briefings) supported by OSEP. This is intended to promote opportunities for participants to understand reporting requirements, share resources, and generate new knowledge by addressing topics of common interest to participants across projects including Department priorities and needs in the field;

(viii) The project website, if applicable, will be of high quality, with an easy-to-navigate design that meets government or industry-recognized standards for accessibility;

(ix) Scholar accomplishments (e.g., public service, awards, publications, conference presentations) will be reported in annual and final performance reports; and

(x) Annual data will be submitted on each scholar who receives grant support (OMB Control Number 1820-0686). The primary purposes of the data collection are to track the service obligation fulfillment of scholars who receive funds from OSEP grants and to collect data for program performance measure reporting under 34 CFR 75.110. Data collection includes the submission of a signed, completed pre-scholarship agreement and exit certification for each scholar funded under an OSEP grant (see paragraph (f)(4)(i) of this priority). Applicants are encouraged to visit the Personnel Development Program Data Collection System website at https://pdp.ed.gov/osep for further information about this data collection requirement.

Competitive Preference Priority: Within this absolute priority, we give competitive preference to applications that address the following priority. Under 34 CFR 75.105(c)(2)(i), we award an additional 3 points to an application that meets the competitive preference priority. Applicants should indicate in the abstract if they are addressing the competitive preference priority.

This priority is:

Applications from New Potential Grantees (0 or 3 points).

(a) Under this priority, an applicant must demonstrate that the applicant (e.g., the IHE) has not had an active discretionary grant under ALN 84.325K,[24] in the last five years before the deadline date for submission of applications under this program (ALN 84.325R).

(b) For the purpose of this priority, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

Waiver of Proposed Rulemaking:

Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priorities in this notice.

Program Authority:

20 U.S.C. 1462 and 1481.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Performance Measures:

For the purposes of Department reporting under 34 CFR 75.110, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Personnel Development to Improve Services and Results for Children with Disabilities program. These measures include (1) the percentage of preparation programs that incorporate scientifically based practices or EBPs into their curricula; (2) the percentage of scholars completing the preparation program who are knowledgeable and skilled in EBPs that improve outcomes for children with disabilities; (3) the percentage of scholars who exit the preparation program prior to completion due to poor academic performance; (4) the percentage of scholars completing the preparation program who are working in the area(s) in which they were prepared upon program completion; (5) the Federal cost per scholar who completed the preparation program; (6) the percentage of scholars who completed the preparation program and are employed in high-need districts; and (7) the percentage of scholars who completed the preparation program and who are rated effective by their employers.

In addition, the Department will gather information on the following outcome measures: the number and percentage of scholars proposed by the grantee in their application that were actually enrolled and making satisfactory academic progress in the current academic year; the number and percentage of enrolled scholars who are on track to complete the training program by the end of the project's original grant period; and the percentage of scholars who completed the preparation program and are employed in the field of special education for at least two years.

Grantees may be asked to participate in assessing and providing information on these aspects of program quality.

Applications Available:

May 10, 2023.

Deadline for Transmittal of Applications:

June 29, 2023. (Note: Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.)

Deadline for Intergovernmental Review:

August 28, 2023.

Estimated Available Funds:

$6,750,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2024 from the list of unfunded applications from this competition.

Maximum Award:

We will not make an award exceeding $250,000 for a single budget period of 12 months.

Estimated Number of Awards:

27.

Note: The Department is not bound by any estimates in this notice.

Project Period:

Up to 60 months.

Recommended Page Limit:

The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 40 pages; (2) limit the whole application to no more than 100 pages; and (3) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1” margins at the top, bottom, and both sides.
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, reference citations, and captions, as well as all text in charts, tables, figures, graphs, and screen shots.
- Use a font that is 12 point or larger.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the abstract (follow the guidance provided in the application package for completing the abstract), the table of contents, the list of priority requirements, the resumes, the reference list, the letters of support, or the

appendices. However, the recommended page limit does apply to all of the application narrative, including all text in charts, tables, figures, graphs, and screen shots.

Other General Requirements:

(a) Recipients of funding under this competition must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).

(b) Applicants for, and recipients of, funding must, with respect to the aspects of their proposed project relating to the absolute priority, involve individuals with disabilities, or parents of individuals with disabilities ages birth through 26, in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).

Applicable Regulations:

(a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99.

(b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485.

(c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474.

(d) The regulations for this program in 34 CFR part 304.

Note: The regulations in 34 CFR part 86 apply to IHEs only.

Eligible Applicants:

Eligible applicants are IHEs and private nonprofit organizations.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing: (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; (3) a certified copy of the applicant's certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant; or (4) any item described above if that

item applies to a State or national parent organization, together with a statement by the State or parent organization that the applicant is a local nonprofit affiliate.

2. a. Cost Sharing or Matching: Cost sharing or matching is not required for this competition. b. Indirect Cost Rate Information: This program uses a training indirect cost rate. This limits indirect cost reimbursement to an entity's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. For more information regarding training indirect cost rates, see 34 CFR 75.562. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see https://www2.ed.gov/about/offices/list/ocfo/intro.html.

Cost Sharing or Matching:

Cost sharing or matching is not required for this competition.

Indirect Cost Rate Information:

This program uses a training indirect cost rate. This limits indirect cost reimbursement to an entity's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. For more information regarding training indirect cost rates, see 34 CFR 75.562. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see https://www2.ed.gov/about/offices/list/ocfo/intro.html.

Administrative Cost Limitation:

This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

Subgrantees:

Under 34 CFR 75.708(b) and (c), a grantee under this competition may award subgrants--to directly carry out project activities described in its application--to the following types of entities: IHEs, nonprofit organizations suitable to carry out the activities proposed in the application, and public agencies. The grantee may award subgrants to entities it has identified in an approved application or that it selects through a competition under procedures established by the grantee, consistent with 34 CFR 75.708(b)(2).

Intergovernmental Review:

This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

SELECTION CRITERIA AND FORMAT FOR THE APPLICATIONS FOR NEW AWARDS— PERSONNEL DEVELOPMENT TO IMPROVE SERVICES AND RESULTS FOR CHILDREN WITH DISABILITIES PROGRAM-- PREPARATION OF RELATED SERVICES PERSONNEL SERVING CHILDREN WITH DISABILITIES WHO HAVE HIGH-INTENSITY NEEDS, ASSISTANCE LISTING NUMBER (ALN) 84.325R COMPETITION

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Personnel Development to Improve Services and Results for Children with Disabilities Program-- Preparation of Related Services Personnel Serving Children with Disabilities who have High-Intensity Needs, Assistance Listing Number (ALN) 84.325R.** competition are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points.

Note: This competition includes one absolute priority and, within that absolute priority, one competitive preference priority. The Department will use peer reviewers to review and score applications on the selection criteria.

Prior to the peer review, Department staff will determine if an application has met the absolute priority to be eligible for peer review. An application that has not met the absolute priority will not be considered for funding and may not be reviewed.

The selection criteria for this competition are from 34 CFR 75.210 and are as follows:

(a) SIGNIFICANCE (10 POINTS)

(1) The Secretary considers the significance of the proposed project.

(2) In determining the significance of the proposed project, the Secretary considers the following factors:

(i) The extent to which the proposed project will prepare personnel for fields in which shortages have been demonstrated; and

(ii) The importance or magnitude of the results or outcomes likely to be attained by the proposed project, especially improvements in teaching and student achievement.

(b) QUALITY OF PROJECT SERVICES (35 POINTS)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

(2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The extent to which the services to be provided by the proposed project reflect up-to-date knowledge from research and effective practice;

(ii) The extent to which the training or professional development services to be provided by the proposed project are of sufficient quality, intensity, and duration to lead to improvements in practice among the recipients of those services;

(iii) The extent to which the services to be provided by the proposed project involve the collaboration of appropriate partners for maximizing the effectiveness of project services; and

(iv) The extent to which the proposed activities constitute a coherent, sustained program of training in the field.

(c) QUALITY OF PROJECT PERSONNEL AND QUALITY OF THE MANAGEMENT PLAN (20 POINTS)

(1) The Secretary considers the quality of the project personnel and the quality of the management plan.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.

(3) In addition, the Secretary considers the following factors:

(i) The qualifications, including relevant training and experience, of key project personnel;

(ii) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks; and

(iii) The extent to which the time commitments of the project director and principal investigator and other key project personnel are appropriate and adequate to meet the objectives of the proposed project.

(d) ADEQUACY OF RESOURCES (20 POINTS)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources of the proposed project, the Secretary considers the following factors:

(i) The adequacy of support, including facilities, equipment, supplies, and other resources, from the applicant organization or the lead applicant organization; and

(ii) The extent to which the costs are reasonable in relation to the objectives, design, and potential significance of the proposed project.

(e) QUALITY OF THE PROJECT EVALUATION (15 POINTS)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the following factors:

(i) The extent to which the methods of evaluation are thorough, feasible, and appropriate to the goals, objectives, and outcomes of the proposed project; and

(ii) The extent to which the methods of evaluation will provide performance feedback and permit periodic assessment of progress toward achieving intended outcomes.

GENERAL INFORMATION ON COMPLETING AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs (OSEP) staff have assembled the following most commonly raised issues. In general, this information applies to the grant competition covered by this application package.

EXTENSION OF DEADLINES

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the *Federal Register*.

COPIES OF THE APPLICATION

Unless you qualify for an exception in accordance with the instructions found in the Notice inviting applications, you must submit your application electronically. Therefore, you do not need to submit paper copies of the application. If you are granted an exception, current Government-wide policy requires that an original and two paper copies need to be submitted.

MAKING APPLICATIONS MORE ACCESSIBLE TO REVIEWERS WHO ARE BLIND OR HAVE LOW VISION

The Department will accept one copy of the application in an accessible format (i.e., IBM PC compatible WordPerfect or ASCII code diskette) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

MISSED DEADLINES AND SUBMISSION UNDER OTHER COMPETITIONS

Should an application miss the deadline for a particular competition, it may be submitted for another competition. However, if an application is properly prepared to meet the specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

SUBMISSION TO MORE THAN ONE PROGRAM

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very helpful if each program is notified that an identical or similar application is being submitted to another program.

HELP PREPARING APPLICATIONS

We are happy to provide general program information. Clearly it would ***not*** be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such contact is not required, nor does it in anyway guarantee the success of an application.

NOTIFICATION OF FUNDING

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time.

POSSIBILITY OF LEARNING THE OUTCOME OF REVIEW PANELS PRIOR TO OFFICIAL NOTIFICATION

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. **Regardless of the reason, we cannot share information about the review with *anyone* until the Assistant Secretary has approved a slate of projects recommended for funding and Congressional notification is completed**. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or by email (if your application is not successful).

FORMAT FOR APPLICATIONS

The **application narrative** should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competition covered by this packet are listed following the specific competition information in section “B” of

this packet. The **abstract,** should precede the table of contents, and application narrative. In submitting your application through Grants.gov, the **abstract template** should be uploaded and attached to the Abstract File. The **abstract** template, located at https://www2.ed.gov/fund/grant/apply/osep/new-osep-grants.html, should be completed to provide a comprehensive description of the proposed project. For the table of contents, list of priority requirements, and application narrative, you will have to upload these documents as one .PDF or Microsoft Word file and attach to the Mandatory Project Narrative File. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

To aid in screening and reviewing the application, applicants should list after the table of contents, all general, special, and other requirements for the priority and corresponding page number (s) where requirements are addressed within the application. (All requirements are found in each priority description included in this application package.) Page limit recommendations do not apply to this list of priority requirements (see Application Forms and Instructions for Grants.gov Submission document for upload instructions). The format included below is **an example** of how you might provide this information in your application.

PAGE #	REQUIREMENTS
_____	(a) Recipients of funding under this competition must make positive efforts to employ and advance in employment qualified individuals with disabilities. (See Section 606 of IDEA)
_____	(b) Applicants for, and recipients of, funding must involve individuals with disabilities, or parents of individuals with disabilities ages birth through 26, in planning, implementing, and evaluating the project. (See Section 682(a)(1)(A) of IDEA)
_____	(c) Applicant must describe steps to ensure equitable access to, and participation in, its program for students, teachers, and other program beneficiaries with special needs. (See Section 427, GEPA)
_____	(d) Projects funded under this priority must budget for a three-day project directors' meeting in Washington, DC, during each year of the project.

PAGE LIMITS

Please note that all applications submitted under the competition in this application package must adhere to the Application Narrative page limit recommendations that are specified under each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make

knowledgeable judgments about the methods you propose to use (design, participants, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

1. **Staff Vitae:** They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae/Resumes for consultants and Advisory Council members should be similarly brief.

2. **Instruments**: Except in the case of generally available and well-known instruments.

3. **Agreements**: When the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when participants will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limit recommendations.

MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION

Applicants should clearly indicate in Item 11 on the application (SF Form 424) the Assistance Listing Number of the program priority (e.g., 84.325R, etc.) representing the competition in which the application should be considered. **If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended**.

RETURN OF NON-FUNDED APPLICATIONS

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be emailed to all applicants.

PROPOSED STAFF AVAILABILITY TO PROJECT

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project federal award number, and the amount of committed time by each project year. This information (e.g., Staff: Jane Doe; Project Name: Succeeding in the General Curriculum; Federal office: Office of Special Education Programs; Program title: Personnel Development to Improve Services and Results for Children with Disabilities; Award number: H325E200002; Time

commitments: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, **we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid**. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

USE OF PERSON LOADING CHARTS

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity, as shown in the following example.

TABLE: PERSON LOADING CHART—TIME IN DAY(S) BY PERSON*

Activity	Time in Day(s) by Person: Person A	Time in Day(s) by Person: Person B	Time in Day(s) by Person: Person C	Time in Day(s) by Person: Person D
Library Research	0	0	0	0
Hire Staff	0	0	0	0
Prepare Materials	0	0	0	0
Train Raters	0	0	0	0
Data Collection	0	0	0	0
Data Analysis	0	0	0	0
Dissemination (manuscripts, etc.)	0	0	0	0

*Note: All figures represent FTE for the grant year.

DELIVERING/SENDING APPLICATIONS TO THE COMPETITION MANAGER

If you qualify for an exception to the electronic submission requirement, applications can be mailed or hand delivered, or submitted electronically but in either case must go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

ALLOWED TRAVEL UNDER THESE PROJECTS

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students (i.e., leadership development program participants) to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination project information and findings, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

FUNDING OF APPROVED APPLICATIONS

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, we place on hold one or two applications that are approved and fall next in rank order (after those projects selected for funding). If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

ISSUES RAISED DURING DISCUSSIONS PRIOR TO AWARD

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as "conditions". These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been explained in enough detail to make it understood by reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your

opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

TREATING A PRIORITY AS TWO SEPARATE COMPETITIONS.

In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

SUCCESSFUL APPLICATIONS AND ESTIMATED/PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS

There is a maximum award amount specified for the priority/competition included in this package.

Maximum Award: For a single budget period of 12 months, we will not make an award exceeding: $250,000.

Please refer to the priority description to determine the maximum award for any one particular competition. Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the project design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

REQUIREMENT TO REPORT THE RESULTS OF GRANT ACTIVITIES

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the *Individuals with Disabilities Education Act* to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as the Department may determine appropriate. (20 U.S.C. 1482)

DIFFERENCE BETWEEN A COOPERATIVE AGREEMENT AND A GRANT

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of project activities.

DIFFERENCE BETWEEN AN ABSOLUTE PRIORITY, AN INVITATIONAL PRIORITY, AND A COMPETITIVE PRIORITY

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority will not receive any competitive preference over other applications.

A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways:

1. an application may be awarded additional points depending on how effectively it addresses the competitive priority; or
2. an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the *Federal Register* announcement.

OBTAINING COPIES OF THE FEDERAL REGISTER, PROGRAM REGULATIONS AND FEDERAL STATUTES

Copies of these materials can usually be found at your local library. If not, they can be obtained by writing to:

Superintendent of Documents
U.S. Government Printing Office
Washington, DC 20402
Telephone: 202-512-1800

Information about the Department's funding opportunities, including copies of application notices for discretionary grant competitions, can be viewed on the Department's grant information web page which can be accessed on the Internet at: https://www2.ed.gov/fund/grant/apply/grantapps/index.html.

However, the official application notice for a discretionary grant competition is the notice published in the *Federal Register*.

APPLICATION TRANSMITTAL INSTRUCTIONS AND REQUIREMENTS FOR INTERGOVERNMENTAL REVIEW

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS:
Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. This program requires electronic submission of applications, and specific requirements and waiver instructions can be found in the Federal Register notice.

We will reject your application if you submit it in paper format unless, as described in the Federal Register notice for this competition, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements.

APPLICATIONS SUBMITTED ELECTRONICALLY

Applications for grants under this program must be submitted electronically using the Government-wide Grants.gov Apply site at http://www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may **not** submit an electronic copy of a grant application.

Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system **no later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.** Except as otherwise noted in Federal Register notice for this competition, we will not consider your application if it is date and time stamped by the Grants.gov system later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.

You should review and follow the Grants.gov Submission Procedures and Tips for Applicants for submitting an application through Grants.gov that are included in this application package to ensure that you submit your application in a timely manner to the Grants.gov system.

Please note the following:

- You must attach any narrative sections and all other attachments of your application as files in PDF or Microsoft Word. It is recommended that applicants submit all files in a read only, flattened PDF format.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

- When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters. The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- Your electronic application should comply with any page-limit recommendations described in this application package.
- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

According to the instructions found in the Federal Register notice, only those requesting and qualifying for an Exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

SUBMISSION OF PAPER APPLICATIONS BY MAIL:

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (Assistance Listing Number **84.325R**)
LBJ Basement Level 1
400 Maryland Avenue, SW
Washington, DC 20202-4260

You must show proof of mailing consisting of one of the following:

(1) A legibly dated U.S. Postal Service postmark.

(2) A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.

(3) A dated shipping label, invoice, or receipt from a commercial carrier.

(4) Any other proof of mailing acceptable to the Secretary of the U.S. Department of Education.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

(1) A private metered postmark.

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

SUBMISSION OF PAPER APPLICATIONS BY HAND DELIVERY:

If you qualify for an exception to the electronic submission requirement, you (or a courier service) may deliver your paper application to the Department by hand. You must deliver the original and two copies of your application by hand, on or before the application deadline date, to the Department at the following address:

U.S. Department of Education
Application Control Center
Attention: (Assistance Listing Number **84.325R**)
550 12th Street, SW
Washington, DC 20202-4260

The Application Control Center accepts hand deliveries daily between 8:00 a.m. and 4:30:00 p.m., Washington, D.C. time, except on Saturdays, Sundays, and Federal holidays.

NOTE FOR MAIL OR HAND DELIVERY OF PAPER APPLICATIONS:

If you mail or hand deliver your application to the Department—

(1) You must indicate on the envelope and—if not provided by the Department—in Item 11 of the SF 424 the Assistance Listing Number, including suffix letter, if any, of the competition under which you are submitting your application; and

(2) The Application Control Center will mail to you a notification of receipt of your grant application. If you do not receive this notification within 15 business days from the application deadline date, you should call the U.S. Department of Education Application Control Center at (202) 245-6288.

SUBMITTING APPLICATIONS WITH ADOBE READER SOFTWARE

The compatible version of Adobe Reader is available for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version **before** downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at https://www.grants.gov/documents/19/18243/Adobe-Versioning-Test-Workspace-PDF-Form.pdf.

IMPORTANT ISSUES TO CONSIDER:

- If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.
- Applicants **cannot** copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an **entirely new package** using the compatible version of Adobe Reader.
- Some applicants using an incompatible version of Adobe Reader **may have trouble** opening and viewing the application package while others may find they can open, view and complete the application package but **may not be able to submit** the application package through Grants.gov.
- Grants.gov **does not** guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.
- Any and all edits made to the Adobe Reader application package **must** be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at https://get.adobe.com/reader/.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html **before** downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter, please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

APPENDIX

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state's process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each of those states under the Executive order. A listing containing the Single Point of Contact for each state is included in this appendix.

In states that have not established a process or chosen a program for review, state, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from state, areawide, regional and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address:

The Secretary
EO 12372—Assistance Listing Number 84.325R [commenter must insert number—including suffix letter, if any]
U.S. Department of Education, Room 7W301
400 Maryland Avenue, SW
Washington, DC 20202

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, D.C. time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. **DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS**.

STATE SINGLE POINTS OF CONTACT (SPOCS)

In 2019 the Federal Government provided $721 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below by clicking on the State name.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a State that does not have a SPOC, you may send application materials directly to a Federal awarding agency.

NOTICE TO ALL APPLICANTS ENSURING EQUITABLE ACCESS AND APPLICATION FORMS AND INSTRUCTIONS

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about the following provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1820–0028.

APPLICATION FORMS AND INSTRUCTIONS
FOR GRANTS.GOV APPLICATIONS

The electronic application on Grants.gov consists of multiple mandatory forms that must be completed as well as narrative attachment forms that should be used to upload any file attachments. While there are no file size restrictions, we strongly discourage submission of very large documents. Follow the guidance provided on Grants.gov as well as the Submission Tips document located in this application instruction document for specific information on file sizes, file naming requirements, etc. NOTE: As stated in the application notice, you must upload any narrative sections and all other attachments to your application as files in either PDF or Microsoft Word. It is recommended that applicants submit all files in a read only, flattened PDF format.

Listed below are all forms that must be completed and instructions on where to upload narratives for the application.

General Forms:

- Application for Federal Assistance (SF-424)
- Department of Education Budget Information for Non-Construction Programs (ED-524)
- Department of Education Supplemental Information for the SF-424

Note: Instructions for all of the standard forms (SF-424, ED-524, and SF-424 Supplemental, etc.), will follow the forms included elsewhere in the application package.

Assurances and Certifications:

- Grants.gov Lobbying Form (Formerly ED Form 80-0013)
- ED GEPA427 Form

Abstract:

- ED Abstract Form (Upload and attach your abstract as a PDF or Microsoft Word document (a read only, flattened PDF format is recommended). **For the application Abstract, applicants should use the template located at:**

  https://www2.ed.gov/fund/grant/apply/osep/new-osep-grants.html.

Narrative Attachment Forms:

- Project Narrative Attachment Form* (Upload and attach to Mandatory Project Narrative File). Submit only one .PDF or Microsoft Word document (a read only, flattened PDF format is recommended) to the Mandatory Project Narrative File in the following order:
  - Table of Contents
  - List of Priority Requirements and corresponding page number(s) where requirements are addressed within the application (if applicable)

- Project Narrative (required)

Other Narrative Attachments (Upload and attach to Optional Project Narrative File).

Upload the attachments as PDF or Microsoft Word documents (a read only, flattened PDF format is recommended) in the order they should appear in the application.

Suggested order...

- Reference List
- Appendix A (See Dear Applicant letter for description)
- Appendix B (Syllabi)
- Resumes/Vitae
- Letters
- Supplementary Information
- Other Appendices

***NOTE:** The Project Narrative Attachment Form should include the narrative (text) that addresses each of the selection criteria, listed elsewhere in this document. The selection criteria will be used to evaluate applications submitted for this competition. The narrative has recommended formatting and page limits (check the Page Limits section of this document for formatting and page limit recommendations for the competition to which you are applying). The table of contents and list of priority requirements, if applicable, do not count toward the recommended narrative page limit.

NOTE: The Federal Funding Opportunity Number for this program is **ED-GRANTS- 051023-001.**

NOTE: Please do not attach any narratives, supporting files, or application components to the Standard Form (SF 424) in Part I. Although this form accepts attachments, that option **should not be used**.

NOTICE FOR ALL APPLICANTS: EQUITY FOR STUDENTS, EDUCATORS, AND OTHER PROGRAM BENEFICIARIES (OMB Control Number 1820–0028)

Form Overview:

The U.S. Department of Education (Department) has updated its standard form, NOTICE TO ALL APPLICANTS: EQUITY FOR STUDENTS, EDUCATORS, AND OTHER PROGRAM BENEFICIARIES, used by applicants seeking Federal assistance under the Department's grant programs to address the General Education Provisions Act (GEPA) Section 427 (20 U.S.C. 1228a) requirements effective April 3, 2023.

GEPA Section 427 requires that applicants, based on the design of their proposed grant project, the participants, and community the project proposes to serve, and local circumstances, determine the extent to which identified barriers prevent equitable access to or participation in their federal grant projects.

The updated GEPA Section 427 form is electronically integrated into the Grants.gov system, and applicants are generally no longer required to upload a separate PDF document but will electronically complete and submit the form with the application package in Grants.gov.

Form Instructions:

- Applicants may identify any barriers that may impede equitable access and participation in the proposed project or activity, including, but not limited to, barriers based on economic disadvantage, gender, race, ethnicity, color, national origin, disability, age, language, migrant status, rural status, homeless status or housing insecurity, pregnancy, parenting, or caregiving status, and sexual orientation.

- Applicants are not required to have mission statements or policies that align with equity in order to submit an application.

- Applicants may have already included some or all this required information in the narrative sections of their applications or their State Plans. In responding to this requirement, for each question, applicants may provide a cross-reference to the section(s) and page number(s) in their applications or State Plans that includes the information responsive to that question on this form or may restate that information on this form

- Applicants must respond to each question using the associated text box. Each text box allows approximately 4000 characters; therefore, if copying and pasting into the text box from another document be sure to check that everything copied.

- Applicants should use the "check for errors" button before they save the form. Applicants will receive an error message if any response is missing and will not be able to submit the application due to the missing information.

- Applicants that have already undertaken steps to address barriers must still provide an explanation and/or description of the steps already taken in each text box, as appropriate, to satisfy the GEPA Section 427 requirement.

- Applicants that believe no barriers exist must still provide an explanation and/or description to each question to validate that perception, as appropriate, to satisfy the GEPA Section 427 requirement.

Form Training:

Applicants may learn more about GEPA Section 427 and the form updates by participating in a 30-minute computer-based training titled, *Ensuring Equitable Opportunities Under the GEPA Section 427,* at Grants Training and Management Resources Online Grants Training Courses.

3.	Date Received:	Required	Enter date if form is submitted through other means as instructed by the Federal agency. The date received is completed electronically if submitted via Grants.gov.
4.	Applicant Identifier:		Enter the entity identifier assigned by the Federal agency, if any, or the applicant's control number if applicable.
5a.	Federal Entity Identifier:		Enter the number assigned to your organization by the federal agency, if any.

Field Number	Field Name	Required or Optional	Information
5b.	Federal Award Identifier:		For new applications, leave blank. For a continuation or revision to an existing award, enter the previously assigned federal award identifier number. If a changed/corrected application, enter the federal identifier in accordance with agency instructions.
6.	Date Received by State:		Leave this field blank. This date will be assigned by the state, if applicable
7.	State Application Identifier:		Leave this field blank. This identifier will be assigned by the state, if applicable.
8.	Applicant Information:		Enter the following in accordance with agency instructions.
	a. Legal Name:	Required	Enter the legal name of the applicant that will undertake the assistance activity. This is the organization that has registered with the System for Award Management (SAM). Information on registering with SAM may be obtained by visiting SAM.gov.
	b. Employer/Taxpayer Number (EIN/TIN):	Required	Enter the employer or taxpayer identification number (EIN or TIN) as assigned by the Internal Revenue Service. If your organization is not in the US, enter 44-4444444.
	c. UEI:	Required	Enter the organization's UEI received from SAM. The UEI is a unique 12 character organization identifier. Information on registering with System for Award Management (SAM.gov) may be obtained by visiting the Grants.gov website.
	d. Address:	Required	Enter address: Street 1 (required); City (required); County/Parish, State (required if country is US); Province; Country (required); 9-digit ZIP/Postal Code (required if country is US). If +4 does not exist for the address, enter "0000".
	e. Organizational Unit		Enter the name of the primary organizational unit, department, or division that will undertake the assistance activity.

Field Number	Field Name	Required or Optional	Information
	f. Name and contact information of person to be contacted on matters involving this application	Required	Enter the first and last name (required); prefix, middle name, suffix, and title. Enter organizational affiliation if affiliated with an organization other than that in 7.a. Telephone number and email (required); fax number.

Field Number	Field Name	Required or Optional	Information
9.	Type of Applicant: Select Applicant Type	Required	Select a minimum of one applicant type or select up to three applicant types in accordance with agency instructions. If "Other" is selected, then specify Other Type of Applicant in text box. A: State Government B: County Government C: City or Township Government D: Special District Government E: Regional Organization F: U.S. Territory or Possession G: Independent School District H: Public/State Controlled Institution of Higher Education I: Indian/Native American Tribal Government (Federally Recognized) J: Indian/Native American Tribal Government (Other than Federally Recognized) K: Indian/Native American Tribally Designated Organization L: Public/Indian Housing Authority M: Nonprofit with 501C3 IRS Status (Other than Institution of Higher Education) N: Nonprofit without 501C3 IRS Status (Other than Institution of Higher Education) O: Private Institution of Higher Education P: Individual Q: For-Profit Organization (Other than Small Business) R: Small Business S: Hispanic-serving Institution T: Historically Black Colleges and Universities (HBCUs) U: Tribally Controlled Colleges and Universities (TCCUs) V: Alaska Native and Native Hawaiian Serving Institutions W: Non-domestic (non-US) Entity X: Other (specify)

Field Number	Field Name	Required or Optional	Information
10.	Name of Federal Agency:	Required	Enter the name of the federal agency from which assistance is being requested with this application. This information is pre-populated if submitting through Grants.gov.
11.	Catalog Of Federal Domestic Assistance Number/Title	Required	Enter the Catalog of Federal Domestic Assistance number and title of the program under which assistance is requested, as found in the program announcement, if applicable. This information is pre-populated if using Grants.gov.
12.	Funding Opportunity Number/Title	Required	Enter the Funding Opportunity Number and title of the opportunity under which assistance is requested as found in the program announcement. This information is pre-populated if using Grants.gov.
13.	Competition Identification Number/Title:		Enter the competition identification number and title of the competition under which assistance is requested, if applicable. These fields are pre-populated by Grants.gov if provided by the federal agency.
14.	Areas Affected By Project:		This data element is intended for use only by programs for which the area(s) affected are likely to be different from the place(s) of performance reported on the SF-424 Project/Performance Site Location(s) Form. Add attachment to enter additional areas, if needed.
15.	Descriptive Title of Applicant's Project:	Required	Enter a brief descriptive title of the project. Supporting documents may be attached if specified in agency instructions.

Field Number	Field Name	Required or Optional	Information
16.	Congressional Districts	Required	16a. Enter the applicant's congressional district. 16b. Enter the primary district affected by the program or project. Enter in the following format: 2 character state abbreviation – 3 characters district number, e.g., CA-005 for California 5th district, CA-012 for California 12th district, NC-103 for North Carolina's 103rd district. If all congressional districts in a state are affected, enter "all" for the district number, e.g., MD-all for all congressional districts in Maryland. If nationwide, i.e., all districts within all states are affected, enter US-all. If the program/project is outside the US, enter 00.000. This optional data element is intended for use only by programs for which the area(s) affected are likely to be different than place(s) of performance reported on the SF-424 Project/Performance Site Location(s) form. Attach an additional list of program/project congressional districts, if needed.
17.	Proposed Project Start and End Dates:	Required	Enter the proposed start date and end date of the project.
18.	Estimated Funding:	Required	Enter the amount requested, or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines, as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. For zero funding, enter 0.

Field Number	Field Name	Required or Optional	Information
19.	Is Application Subject to Review by State Under Executive Order	Required	Applicants should contact the State Single Point of Contact (SPOC) for Federal Executive Order 12372 to determine whether the application is subject to the State intergovernmental review process. Select the appropriate box. If "A." is selected, enter the date the application was submitted to the State.
20.	Is the Applicant Delinquent on any Federal Debt?	Required	Select the appropriate box. This question applies to the applicant organization, not the person who signs as the authorized representative. Categories of federal debt include; but may not be limited to: delinquent audit disallowances, loans, and taxes. If yes, include an explanation in an attachment.
21.	Authorized Representative:	Required	To be signed and dated by the authorized representative of the applicant organization. Enter the first and last name (required); prefix, middle name, and suffix. Enter title, telephone number, fax number, and email. Fax number is not required. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain federal agencies may require that this authorization be submitted as part of the application.) If the application is submitted via Grants.gov, the signature of the authorized representative and the date signed are completed upon submission.

Instructions for U.S. Department of Education
Supplemental Information for the SF-424 Application for Federal Assistance

1. Project Director. Name, address, telephone and fax numbers, and e-mail and alternate email addresses of the Project Director to be contacted on matters involving this application. Enter Project Director's level of effort (the percentage of time devoted to the grant). Items marked with an asterisk (*) are mandatory.

2. New Potential Grantee or Novice Applicant. If applicable, for (a), check "**Yes**" if you meet the definition for new potential grantees or novice applicants specified in the program competition's notice inviting applications (NIA) and included on the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424". By checking "Yes" the applicant certifies that it meets the new potential grantee or novice applicant requirements. Check "**No**" if you do not meet the definition for new potential grantees or novice applicants. For (b), if the program competition NIA is giving competitive preference points for new potential grantees or novice applicants, indicate how many points you are claiming for your application. The NIA will indicate how many are available depending on the design of the competition. Some competitions may provide more than one category of new potential grantees with differing levels of points.

3. Qualified Opportunity Zones. If applicable, provide the Qualified Opportunity Zones (QOZ) census tract number(s) if the NIA includes a QOZ Priority in which you propose to either provide services in QOZ(s) or are located in a QOZ.

4. Human Subjects Research. (See I. A. "Definitions" in attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424 form.")

4a. If Not Human Subjects Research. Check "**No**" if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

4a. If Human Subjects Research. Check "**Yes**" if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check "**Yes**" even if the research is exempt from the regulations for the protection of human subjects. (See I. B. "Exemptions" in attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424 Application for Federal Assistance.")

4b. If Human Subjects Research is Exempt from the Human Subjects Regulations. Check "**Yes**" if all the research activities proposed are designated to be exempt from the regulations. Check the exemption number(s) corresponding to one or more of the eight exemption categories (Regulation revised in 2018 and became effective in 2019) listed in I. B. "Exemptions." In addition, follow the instructions in II. A. "Exempt Research Narrative" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424 Application for Federal Assistance."

4b. If Human Subjects Research is Not Exempt from Human Subjects Regulations. Check "**No**" if some or all of the planned research activities are covered (not exempt). In addition, follow the instructions in II. B. "Nonexempt Research Narrative" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424 Application for Federal Assistance."

4b. Human Subjects Assurance Number. If the applicant has an approved Federal Wide Assurance (FWA) on file with the Office for Human Research Protections (OHRP), U.S. Department of Health and Human Services, that covers the specific activity, insert the number in the space provided. **(A list of current FWAs is available at: http://ohrp.cit.nih.gov/search/search.aspx?styp=bsc.)** If the applicant does not have an approved assurance on file with OHRP, enter "None." In this case, the applicant, by signature on the SF-424, is declaring that it will comply with 34 CFR part 97 and proceed to obtain the human subjects assurance upon request by the designated ED official. If the application is recommended/selected for funding, the designated ED official will request that the applicant obtain the assurance within 30 days after the specific formal request.

4c. If applicable, please attach your "Exempt Research" or "Nonexempt Research" narrative to your submission of the U.S. Department of Education Supplemental Information for the SF-424 form as instructed in item II, "Instructions for Exempt and Nonexempt Human Subjects Research Narratives" in the attached page entitled "Definitions for U.S. Department of Education Supplemental Information for the SF-424 Application for Federal Assistance."

Note about Institutional Review Board Approval. ED does not require certification of Institutional Review Board approval with the application. However, if an application that involves non-exempt human subjects research is recommended/selected for funding, the designated ED official will request that the applicant obtain and send the certification to ED within 30 days after the formal request.
No covered human subjects research can be conducted until the study has ED clearance for protection of human subjects in research.

Public Burden Statement:
According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (20 USC 3474 General Education Provisions Act). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0007. Note: Please do not return the completed ED SF 424

Supplemental Form to this address.

NEW POTENTIAL GRANTEE OR NOVICE APPLICANT

New Potential Grantee: The definition of New Potential Grantee is set in the program competition's Notice Inviting Applications (NIA). The New Potential Grantee priority is from the Department's *Administrative Priorities for Discretionary Grant Programs* published in the *Federal Register* March 9, 2020 (85 FR 13640).

Novice Applicant: For discretionary grant programs, novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above. The Novice Applicant priority is from 34 CFR 75.225, and it must be included in the program competition NIA to be claimed on the form.

QUALIFIED OPPORTUNITY ZONES

Definition: From 26 USC section 1400Z–1 of the Internal Revenue Code, which, in relevant part, defines "qualified opportunity zone" as "a population census tract that is a low-income community that is designated as a qualified opportunity zone."

The Qualified Opportunity Zones priority is from the Department's *Final Priority for Discretionary Grant Programs* published in the *Federal Register* November 27, 2019 (84 FR 65300).

Note: The Treasury Department has created a website of Opportunity Zones Resources that includes a searchable map: https://www.cdfifund.gov/Pages/Opportunity-Zones.aspx.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities."

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (i) information or biospecimens through intervention or interaction with the individual and uses, studies, or analyzes the information or biospecimens, or (ii) obtains, uses, studies, analyzes, or generate identifiable private information or identifiable biospecimens."

If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. If an activity involves obtaining private information about a living person in such a way that the information can be ***directly or indirectly*** *linked to that individual, the definition of human subject is met.*

Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following eight categories of ***exemptions*** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, that specifically involves normal educational practices that are not likely to adversely impact students' opportunity to learn required educational content or the assessment of educators who provide instruction. This includes most research on regular and special education instructional strategies, and research on the effectiveness of or the comparison among instructional techniques, curricula, or

classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption***.

(2) Research that only includes interactions involving educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior (including visual or auditory recordings) if at least one of the following criteria is met: (i) the information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained, directly or through identifiers linked to the subjects; (ii) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, educational advancement or reputation; or (iii) the information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an Institutional Review Board (IRB) conducts a "limited IRB review" to make the determinations required by 34 CFR 97.111(a)(7).

If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.

(3) Research involving benign behavioral interventions in conjunction with the collection of information from an adult subject through verbal or written responses (including data entry) or audiovisual recording if the subject prospectively agrees to the intervention and information collection and at least one of the following criteria is met: (A) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained directly or through identifiers linked to the subjects; (B) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subject' financial standing, employability, educational advancement or reputation; or (C) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an IRB conducts a limited IRB review to make the determination required by 34 CFR 97.111(a)(7).

For the purpose of this provision, benign behavioral interventions are brief in duration, harmless, painless, not physically invasive, not likely to have a significant adverse lasting impact on the subjects, and the investigator has no reason to think the subjects will find the interventions offensive or embarrassing. Provided all such criteria are met, examples of such benign behavioral interventions would include having the subject play an online game, having them solve puzzles under various noise conditions, or having them decide how to allocate a nominal amount of received cash between themselves and someone else.

If the research involves deceiving the subjects regarding the nature or purposes of the research, this exemption is not applicable unless the subject authorizes the deception through a prospective agreement to participate in research in circumstances in which the subject is informed that he or she will be unaware of or misled regarding the nature or purposes of the research.

(4) Secondary Research for which Consent is not required. Secondary research uses of identifiable private information or identifiable biospecimens, if at least one of the following criteria is men: (i) The identifiable private information or identifiable biospecimens are publicly available; (ii) Information, which may include information about biospecimens, is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained directly or through identifiers linked to the subjects, the investigator does not contact the subjects, and the investigator will not re-identify subjects; (iii) the research involves only information collection and analysis involving the investigators' use of identifiable health information when that use is regulated under 45 CFR parts 160 and 164, subparts A and E, for the purposes of "health care operations" or "research" as those terms are defined at 45 CFR 164.501 or for "public health activities and purposes" as described under 45 CFR 164.512 (b); or (iv) The research is conducted by, or on behalf of, a Federal department or agency using government-generated or government-collected information obtained for nonresearch activities, if the research generates identifiable private information that is or will be maintained on information technology that is subject to and in compliance with section 208(b) of the E-Government Act of 2002, 44 USC 3501 note, if all of the identifiable private information collected, used or generated as part of the activity will be maintained in systems of records subject to the Privacy Act of 1974, 5 USC 552a, and, if applicable, the information used in the research was collected subject to the Paperwork Reduction Act of 1995, 44 USC 3501 et seq.

(5) Research and demonstration projects that are conducted or supported by a Federal department or agency, or otherwise subject to the approval of department or agency heads (or the approval of the heads of bureaus or other subordinate agencies that have been delegated authority to conduct the research and demonstration projects), and that are designed to study, evaluate, improve, or otherwise examine public benefit or service programs, including procedures for obtaining benefits or services under those programs, possible changes in or alternative to those programs or procedures, or possible changes in methods or levels of payment for benefits or services under those programs. Such projects include, but are not limited to, internal studies by Federal employees, and studies under contracts or consulting arrangements, cooperative agreements, or grants. Exempt projects also include waivers of otherwise mandatory requirements using authorities such as sections 1115 and 1115A of the Social Security Act as amended.

Each Federal department or agency conducting or supporting the research and demonstration projects must establish, on a publicly accessible Federal website or in such other manner as the department or agency head may determine, a list of the research and demonstration projects that the Federal department or agency conducts or supports under this provision. The research or demonstration project must be published on this list prior to commencing the research involving human subjects.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(7) Storage or Maintenance for Secondary Research for which Broad Consent is required. Storage or maintenance of identifiable private information or identifiable biospecimens for potential secondary research use if an IRB conducts a limited IRB review and makes the determinations requires by 34 CFR 97.111(a)(8).

(8) Secondary Research for which Broad Consent is Required. Research involving the use of identifiable private information or identifiable biospecimens for secondary research use if the following criteria are met: (i) Broad Consent for the storage, maintenance and secondary research use of the identifiable private information or identifiable biospecimens was obtained in accordance with 34 CFR 97.116(a) (1)-(4), (a) (6) and (d); (ii) Documentation of informed consent or waiver of documentation of consent was obtained in accordance with 34 CFR 97.117. (iii) an IRB conducts a limited IRB review and makes the determination that the research to be conducted is within the scope of the broad consent referenced in paragraph (d)(8)(i) of this section; and (iv) The investigator does not prevent an investigator from abiding by any legal requirements to return individual research results.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF-424 form, the applicant must attach a human subjects "exempt research" or "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects, include information about each, labeling the responses as to the project they address. For applications that include multiple research projects this can be done in a single narrative or in more than one narrative as appropriate.

A. Exempt Research Narrative.

If you marked "Yes" for item 3.b. and designated exemption numbers(s), attach the "exempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3.b. you must attach the "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics**: Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials**: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent**: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the IRB has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks**: Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk**: Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained**: Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s)**: If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Instructions for ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. You may access the Education Department General Administrative Regulations cited within these instructions at: https://www.ecfr.gov/cgi-bin/text-idx?SID=0b63ce6f20caccbf480e5596fdf289e3&mc=true&tpl=/ecfrbrowse/Title34/34cfr75_main_02.tpl. You may access requirements from 2 CFR 200, "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" cited within these instructions at: https://www.ecfr.gov/cgi-bin/text-idx?SID=6214841a79953f26c5c230d72d6b70a1&tpl=/ecfrbrowse/Title02/2cfr200_main_02.tpl. .

You must consult with your Business Office prior to submitting this form.

Section A - Budget Summary U.S. Department of Education Funds

All applicants must complete Section A and provide a break-down by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 13, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 13, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10 the indirect cost rate to be charged to the grant must be entered in the applicable field on line 10, and the following information is to be completed by your Business Office.

(1) : Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (**complete (4) of this section when using the temporary rate**) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2) : If you checked "yes" in (1), provide a copy of your Indirect Cost Rate Agreement and indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3) : If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(5) : If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

(6) : For Training Rate Programs, ED regulations limit **non-governmental entities** to the recovery of indirect costs on training grants to the grantee's actual indirect costs, as determined by its negotiated rate agreement, or 8 percent of a MTDC, whichever is lower (see EDGAR § 75.562(c)(4)). The 8 percent limit also applies to cost-type contracts under grants, if these contracts are for training as defined in EDGAR § 75.562(a). If a **non-governmental entity** that receives a grant under a training grant program does not have an approved indirect cost rate and wants to recover indirect costs, it may use a temporary rate of 10 percent of budgeted direct salaries and wages, but it must submit an indirect cost rate proposal to its cognizant agency for indirect costs within 90 days after ED issues the GAN. After the 90-day period, the government entity may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement.

Section B - Budget Summary Non-Federal Funds

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Section C - Budget Narrative [Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for

each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:

   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

   [Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

   When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at: http://www.ed.gov/fund/grant/apply/appforms/appforms.html.

   You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

If Applicable Section D - Budget Summary Limitation on Administrative Expenses.

If your program is subject to an administrative cost cap (as indicated Section III.2.C of the program's Notice Inviting Applications (NIA)), fill out this form as follows:

1. On the top of the page, list the percentage cap on administrative costs, and indicate whether your administrative cost cap applies to both indirect and direct costs, or only direct costs (from Section III.2.C of the program's NIA).
2. IF the cost cap applies to both indirect and direct costs:
   (a) Fill out the entire table noting your administrative costs, including line 8. Line 8 is taken from Section A, line 10.

For lines 1-6, these are only direct administrative costs; do not include in lines 1-6 any costs included in your indirect cost rate. If your program has a matching requirement (see NIA), include in lines 1-6 the administrative portions of the applicable rows from both Section A and Section B. If there is no program matching requirement, only use Section A.

(b) Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line 9 by Section A line 12. If your program does have a matching requirement, to calculate line 10, divide line 9 by the sum of Section A line 12 and Section B line 12.

3. IF the cost cap applies ONLY to direct costs:

(a) Fill out the entire table noting your administrative costs, EXCLUDING line 8. Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line 7 by Section A line 9. If your program does have a matching requirement, to calculate line 10, divide line 7 by the sum of Section A line 9 and Section B line 9).

Paperwork Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1894-0008**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to U.S. Department of Education, Washington, D.C. 20202-4537. If you have comments or concerns regarding the status of your individual submission of this form, write directly to the Office of Finance and Operations, Office of Acquisitions and Grants Administration, Grants Policy and Training Division, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

You must consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY—U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 13, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 13, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10 the indirect cost rate to be charged to the grant must be entered in the applicable field on line 10, and the following information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (complete (4) of this section when using the temporary rate) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked "yes" in (1), provide a copy of your Indirect Cost Rate Agreement and indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(5): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

(6): For Training Rate Programs, ED regulations limit non-governmental entities to the recovery of indirect costs on training grants to the grantee's actual indirect costs, as determined by its negotiated rate agreement, or 8 percent of a MTDC, whichever is lower (see EDGAR § 75.562(c)(4)). The 8 percent limit also applies to cost-type contracts under grants, if these contracts are for training as defined in EDGAR § 75.562(a). If a non-governmental entity that receives a grant under a training grant program does not have an approved indirect cost rate and wants to recover indirect costs, it may use a temporary rate of 10 percent of budgeted direct salaries and wages, but it must submit an indirect cost rate proposal to its cognizant agency for indirect costs within 90 days after ED issues the

GAN. After the 90-day period, the government entity may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement.

SECTION B: BUDGET SUMMARY—NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at:

www.ed.gov/fund/grant/apply/appforms/appforms.html.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

IF APPLICABLE SECTION D - BUDGET SUMMARY LIMITATION ON ADMINISTRATIVE EXPENSES

If your program is subject to an administrative cost cap (as indicated Section III.2.C of the program's Notice Inviting Applications (NIA)), fill out this form as follows:

1. On the top of the page, list the percentage cap on administrative costs, and indicate whether your administrative cost cap applies to both indirect and direct costs, or only direct costs (from Section III.2.C of the program's NIA).
2. IF the cost cap applies to both indirect and direct costs:

   (a) Fill out the entire table noting your administrative costs, including line 8. Line 8 is taken from Section A, line 10. For lines 1-6, these are only direct administrative costs; do not include in lines 1-6 any costs included in your indirect cost rate. If your program has a matching requirement (see NIA), include in lines 1-6 the administrative portions of the applicable rows from both Section A and Section B. If there is no program matching requirement, only use Section A.

   (b) Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line

9 by Section A line 12. If your program does have a matching requirement, to calculate line 10, divide line 9 by the sum of Section A line 12 and Section B line 12.

3. IF the cost cap applies ONLY to direct costs:

   (a) Fill out the entire table noting your administrative costs, EXCLUDING line 8.

Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line 7 by Section A line 9. If your program does have a matching requirement, to calculate line 10, divide line 7 by the sum of Section A line 9 and Section B line 9).

PAPERWORK BURDEN STATEMENT

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is **1820–0028**. The time required to complete this information collection is estimated to vary from 13 to 22 hours per response, with an average of 17.5 hours per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the information collection. PART III: APPLICATION NARRATIVE

This narrative section of the application requires applicants to address the selection criteria that will be used by reviewers in evaluating individual applications. Please refer to the "Selection Criteria and Format" sections in this package for the competition to which you wish to submit an application.

Also, the competition covered by this package has recommended page limits for the application narrative. Please refer to the "Page Limits" information for the competition to which you wish to submit an application.

Part IV: Assurances and Certifications

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

STATEMENT FOR LOAN GUARANTEES AND LOAN INSURANCE

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

DUNS NUMBER INSTRUCTIONS

D-U-N-S NO.

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling 1-800-333-0505 or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

www.dnb.com/duns-number.html

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built-in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide.

Transition from DUNS Number to Unique Entity Identifier (UEI) Fact Sheet

The Federal Government will transition from the use of the DUNS Number to the new Unique Entity Identifier (UEI) as the primary means of entity identification for Federal awards government-wide. UEIs are required in accordance with 2 CFR Part 25, and the transition from DUNS to UEI will result in the UEI being issued by the Federal Government in SAM.gov. This means entities will no longer rely on a third-party to obtain an identifier (i.e., a DUNS issued by Dun and Bradstreet). This change is meant to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the Federal Government. Information addressing the reasons for this transition is available at Government Transition from DUNS to UEI and at Why is SAM.gov changing to SAM (UEI)?.

Starting on April 4, 2022, the Integrated Award Environment (IAE) systems (i.e., SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS) will comply with the Federal Government's requirement to end use of the DUNS Number for Federal award management. The U.S. Department of Education's Grants Management System (G5) will also implement this transition on April 4, 2022.

Here is what you need to know to be ready for this transition:

- If your organization is currently registered in SAM.gov with either an active or inactive registration, you have already been assigned a UEI. Your UEI is viewable on your entity's registration record in SAM.gov. To learn how to view your UEI, see this guide: How can I view my unique entity identifier (UEI)?

- If you have an inactive registration or need to update your registration, you must ensure that your renewal or updates occur on time and as required, but this does not affect whether you have been assigned a UEI. If you have a registration, you already have a UEI. If your registration has expired, you can access instructions addressing how to renew your entity registration at: How to Renew or Update an Entity.

- From now until April 3, 2022, entities that are not already registered in SAM.gov and who wish to do business with the Federal Government must obtain and/or use a valid DUNS to register their entity in SAM.gov. On and after April 4, entities who are not registered in SAM.gov will be assigned a UEI when they register and will not need to use a DUNS for entity registration or reporting. To register in SAM.gov, click on the "Get Started" link under the "Register Your Entity…" heading in SAM.gov.

- Your organization will continue to use its DUNS for registration and reporting until April 3, 2022. After that time, your organization will no longer use the DUNS for this purpose and that number will not be maintained in any IAE systems (i.e., SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS). Beginning April 4, 2022, your organization will only use the UEI in IAE systems.

- The transition to using UEIs does not impact your entity's registration expiration date or when you need to renew. Once assigned, the UEI number will never expire; however, entity registrations do expire annually and require annual renewal. Please ensure that your organization renews its registration prior to the expiration date. The expiration date is listed in your entity record in SAM.gov.

- Subrecipients under entities doing business with the Federal Government that are currently registered in SAM.gov have been assigned their UEI.

- From now until April 3, 2022, subrecipients under entities doing business with the Federal Government that are not already registered in SAM.gov must obtain and/or use a DUNS to register their entity on SAM.gov. On and after April 4, subrecipients can register in SAM.gov and will be assigned their UEI. At that time, subrecipients will no longer be able to obtain or use a DUNS for subrecipient registration or reporting.

Where to get help:

The Federal Service Desk, available at FSD.gov, is the help desk that has been established for all IAE systems. FSD.gov includes resources that address the UEI transition and these resources are available at: Help Resources. There are resources available for grantees, subrecipients, contractors, subcontractors, Federal employees who use SAM.gov, and for individuals who search for entities on SAM.gov. Two of the available resources that are particularly helpful are:

1) FAQs that are organized by how an individual uses SAM.gov based on their roles and responsibilities (UEI Transition FAQs); and

2) An interactive PDF tool that walks individuals through how they are affected by the transition, so they can be confident they have accurate information (Interactive PDF Tool – UEI Transition).

If you have questions about UEIs or the UEI transition that are not answered in the FAQs or in other resources available at FSD.gov, you may contact the FSD.gov by calling, or by choosing the "Create an Incident" or engaging in a "Live Chat." You may also send the question directly to the General Services Administration at: entityvalidation@gsa.gov.

For other questions related to your grant, please contact your ED program contact listed in box 3 of your Grant Award Notification, or as identified in any other applicable documentation provided by ED.
