The mission of the WBC Program is to act as the catalyst for providing in-depth, substantive, outcome-oriented business services to women entrepreneurs, both nascent and established businesses, a representative number of which are socially and economically disadvantaged. This mission is accomplished through the award of financial assistance to private, 501(c) certified non-profit organizations to enable them to affect substantial economic impact in their communities, as measured by successful business start-ups, job creation and retention, and increased company revenues.
