## ***2. Executive Summary***

The U.S. Embassy Yaoundé Public Diplomacy Section announces an open competition for the Alumni Engagement Innovation Fund 2026 (AEIF 2026) in Cameroon. This opportunity invites alumni of U.S. government-sponsored exchange programs to propose projects that advance bilateral priorities and strengthen people-to-people ties. All projects must visibly celebrate Freedom250, the 250th anniversary of the United States, by honoring American values of freedom, democracy, and innovation.

Embassy Yaoundé seeks proposals for up to two national alumni-led projects in Cameroon and one Central Africa Regional Alumni Summit. National projects should address youth unemployment, transparency in critical sectors, or local tensions, leveraging innovation, digital technology—including AI—entrepreneurship, or sports diplomacy. The Regional Summit will convene alumni from Cameroon and six neighboring countries including the Democratic Republic of Congo to foster commercial diplomacy, peace, and innovation.

Projects must convene alumni networks, strengthen U.S.-alumni relationships, and support alumni leadership. Initiatives should align with U.S. policy goals—strengthening mutual prosperity, security, and opportunity—while inspiring collaboration, showcasing American achievements, and building lasting partnerships for the future.

All proposals must include robust Freedom250 digital outreach and sustainability plans. Submit to PDSgrantsYaoundé@state.gov by May 13, 2026, 11:59 p.m., Central Africa Time.

# **C. PROGRAM DESCRIPTION**

## **1. Project Background, Goals, and Objectives**

As the United States marks its 250th anniversary (Freedom250), the Alumni Engagement Innovation Fund (AEIF) 2026 seeks to support U.S. government-sponsored exchange alumni in Cameroon in developing projects that celebrate American innovation and leadership. Alumni are invited to propose initiatives that convene alumni networks, strengthen U.S.-alumni relationships, and foster alumni leadership. Projects should align with U.S. policy goals—

advancing mutual prosperity, security, and opportunity—while promoting access to reliable information and freedom of speech.

Cameroon and the Central African region face challenges such as local security concerns, limited economic opportunity, youth underemployment, and the need for improved governance and transparency. At the same time, the region’s growing role in critical minerals supply chains and its dynamic youth population present significant opportunities for growth and innovation.

The U.S. Mission has previously supported alumni-led projects in leadership, digital skills, entrepreneurship, and civic engagement, which demonstrated that sustainable impact is achieved through strong partnerships and active alumni involvement.

AEIF 2026 seeks to support both national projects in Cameroon and a regional alumni summit for Central African countries, including the Democratic Republic of Congo. Alumni are encouraged to design collaborative, results-oriented initiatives that highlight American achievements and build lasting partnerships for the future.

**Project Audience(s):** The primary audience for AEIF 2026 is U.S. Government exchange alumni, either those based in Cameroon for national projects, or alumni from Cameroon and the Central African Republic, Chad, Equatorial Guinea, Gabon, Republic of Congo, and Democratic Republic of Congo for the regional summit. Depending on the component, secondary audiences may include:

- Youth and Emerging Professionals: Especially in at least three regions of Cameroon.
- Journalists, Civil Society Actors, and Community Leaders: Particularly in mining-affected or resource-rich areas, to promote ethical governance and transparency in the critical minerals sector.
- Entrepreneurs, Educators, and Media Professionals.
- Corporate Stakeholders: Such as American Spaces, the American Chamber of Commerce in Cameroon, U.S. universities or companies, and alumni networks.

Applicants should clearly identify the primary and secondary audiences relevant to their chosen component, estimate the number of direct and indirect participants, specify age groups, and define the geographic focus. Proposals should demonstrate strong local knowledge and partnerships in Cameroon and, for the summit, across Central Africa, and plan to work with relevant organizations and networks.

**Project Goal:** Strengthen the capacity and leadership of U.S. exchange alumni in Cameroon and Central Africa to advance peace, security, commercial diplomacy and inclusive economic growth in alignment with U.S. foreign policy priorities.

**Project Objectives:** Proposals must address **at least one** of the following:

**Component 1: Alumni-Led National Projects (Cameroon)**

- **Objective 1:** Equip at least 200 youth and emerging professionals from at least three regions with market-relevant digital and entrepreneurial skills through alumni-led training and mentorship. Within 12 months, at least 60% will apply these skills in digital

portfolios, paid work, internships, or further training, supported by five ongoing “digital cells” for mentorship and resources.

- **Objective 2:** Empower at least 120 journalists, civil society actors, and community leaders in mining-affected or resource-rich areas to promote ethical governance and transparency in the critical minerals sector. Within 12 months, at least 50% will produce oversight outputs (e.g., investigative articles, monitoring reports) and participate in multi-stakeholder policy dialogues, contributing to more transparent practices.

### **Component 2: Central Africa Regional Alumni Summit**

- **Objective 3:** Establish a regional alumni network by convening at least 80 participants from Cameroon, Central African Republic, Equatorial Guinea, Gabon, Republic of Congo, Chad, and the Democratic Republic of Congo for a summit and follow-on activities focused on commercial diplomacy, peace and security, and innovation. Within 12 months, launch at least three cross-border working groups or joint initiatives addressing these priorities, with 70% of participants reporting increased capacity and a clear plan for joint action.

*All proposals must create sustainable, alumni-driven initiatives and networks that continue beyond the grant period. Projects should visibly celebrate Freedom250 through in-person activities and robust digital outreach with measurable engagement to amplify impact, document, and celebrate alumni achievements.*

The key components to the PMP are as follows:

- **Monitoring and Evaluation Narrative:** In narrative form, applicants should describe how they intend to monitor and evaluate the activities of their award. In addition, the applicant should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program’s staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program’s budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.

- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes.
- **Monitoring and Evaluation Datasheet:** The applicants must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. - The selected applicant's M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant may be asked to work with U.S. Department of State Monitoring and Evaluation Specialists to ensure the applicant's M&E PMP achieves an expected level of expertise and meets PDS objectives.
- Expenses directly associated with monitoring and evaluation are considered allowable.

### 3. *Budget Justification Narrative*

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so ([AEIF 2026 Budget Form](#)). Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to [2CFR§200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports

the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

## **2. Indirect Costs**

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

## **3. Review and Selection Process**

Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

iii. Risk Analysis Management

To qualify for final consideration, certain applicants must undertake the Risk Analysis Management (RAM) vetting process by providing Risk Analysis Information (RAI) about their “key individuals” (i.e., individuals with the ability to control applicant organizations’ funds), including “key individuals” from selected sub-recipients. **Please note: these individuals *could* be different from the key personnel listed in the section 4 of required documents.** The purpose of vetting potential contractors and grantees is to reduce the risk that foreign assistance funding is provided to terrorists or their supporters. **Potential grantees will be notified separately if RAI is required.** Applicants submit key individuals’ RAI by completing the Risk Analysis Information Form, DS-4184, through the secure web portal at <https://ramportal.state.gov>. The DS-4184 requests the following RAI for each key individual: Full Name; Aliases; Gender; Birth Place; Birthdate; Home/Work Addresses; Phone Numbers; Employer; Professional Title; Email Addresses; Skype ID (if included, email address is also required); Numbers from All Official IDs (e.g., passports, ID cards, etc.); Nationalities; and Social Security Number (if U.S. person). Failure to submit information when requested, or failure to pass vetting, may be grounds for rejecting your proposal.

## G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and counter-signature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation

and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

### **Payment Method:**

Recipients will be required to request payments by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

### **3. Branding and Marking**

The Department of State, its programs, and U.S. Government funding and assistance should be easily identifiable to the Department's global audiences.
