

Notices regarding the solicitation “NIJ FY22 Design, Implementation, and Testing of a National Model for Technical Violations”

April 26, 2022: The Grants.gov deadline for this solicitation has been extended from May 23 to May 25, 2022.

The original funding opportunity document begins on the next page.

NIJ FY22 Design, Implementation, and Testing of a National Model for Technical Violations

Assistance Listing Number #	16.560
Grants.gov Opportunity Number:	O-NIJ-2022-171252
Solicitation Release Date:	April 05, 2022 2:30 PM
Version:	2
Grants.gov Deadline:	May 25, 2022 11:59 PM
Application JustGrants Deadline:	June 06, 2022 8:59 PM

Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [National Institute of Justice](#) (NIJ), seeks proposals for funding for rigorous research and evaluation projects to design, implement, and test parole or probation supervision models that reduce revocations for technical violations while ensuring successful reentry and minimizing recidivism through adoption of appropriate revocation policies coupled with evidence-based services. This program furthers the DOJ's mission by supporting the development of new knowledge and tools to address the challenges of crime and justice in the United States.

This solicitation incorporates the [OJP Grant Application Resource Guide](#) by reference. The OJP Grant Application Resource Guide provides guidance to applicants for the preparation and submission to OJP of applications for funding. **If this solicitation expressly modifies any provision in the OJP Grant Application Resource Guide, the applicant is to follow the guidelines in this solicitation as to that provision.**

Solicitation Categories

This solicitation does not include Solicitation Categories.

Eligible Applicants:

Private institutions of higher education, Public and State controlled institutions of higher education, Other

Other

To advance Executive Order 13929 Safe Policing for Safe Communities, the Attorney General determined that all state, local, and university or college law enforcement agencies must be certified by an approved independent credentialing body or have started the certification process to be eligible for FY 2022 DOJ discretionary grant funding. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency's use-of-force policies adhere to all applicable federal, state, and local laws and (2) the agency's use-of-force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. For detailed information on this certification requirement, please visit <https://cops.usdoj.gov/SafePolicingEO> to access the Standards for Certification on Safe Policing for Safe Communities, the Implementation Fact Sheet, and the List of Designated Independent Credentialing Bodies.

Foreign governments, foreign organizations, and foreign colleges and universities are not eligible to apply. Federal agencies are not eligible to apply.

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

NIJ will consider applications under which two or more entities would carry out the federal award; however, only one entity may be the applicant. Any others must be proposed as subrecipients (subgrantees). For additional information on subawards, see the [OJP Grant Application Resource Guide](#).

NIJ may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and the availability of appropriations.

Contact Information

For technical assistance with submitting the Application for Federal Assistance standard form (SF)-424 and a Disclosure of Lobbying Activities form (SF-LLL) in Grants.gov, contact the Grants.gov Customer Support Hotline at 800-518-4726, 606-545-5035, [Grants.gov Customer Support](#), or support@grants.gov. The Grants.gov Support Hotline operates 24 hours a day, 7 days a week, except on federal holidays.

For technical assistance with submitting the full application in DOJ's Justice Grants System (JustGrants), contact the JustGrants Service Desk at 833-872-5175 or JustGrants.Support@usdoj.gov. The JustGrants Service Desk operates 5 a.m. to 9 p.m. eastern time Monday-Friday and 9 a.m. to 5 p.m. Saturday, Sunday, and Federal holidays.

For assistance with any other requirements of this solicitation, contact the OJP Response Center by telephone at 800-851-3420 or TTY: 301-240-6310 (hearing impaired only), or by email at grants@ncjrs.gov. The OJP Response Center hours of operation are 10:00 a.m. to 6:00 p.m., eastern time Monday–Friday, and 10:00 a.m. to 8:00 p.m. on the solicitation closing date.

Submission Information

Applications will be submitted to DOJ in two steps:

Step 1: The applicant must submit by the Grants.gov deadline the required Application for Federal Assistance standard form (SF)-424 and a Disclosure of Lobbying Activities (SF-LLL) form when they register in Grants.gov at <https://www.grants.gov/web/grants/register.html>. To register in Grants.gov, the applicant will need to ensure that its System for Award Management (SAM) registration is current.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://justgrants.usdoj.gov). To be considered timely, the full application must be submitted in JustGrants by the JustGrants application deadline. OJP encourages applicants to review the "How to Apply" section in the [OJP Grant Application Resource Guide](#) and the [JustGrants website](#) for more information, resources, and training.

Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

With this solicitation, NIJ seeks proposals for funding for rigorous research and evaluation projects from accredited academic institutions in partnership with supervising agencies to design, implement, and test parole or probation supervision models that reduce revocations for technical violations while ensuring successful reentry and minimizing recidivism through adoption of appropriate revocation policies coupled with evidence-based services. Applicants to this solicitation must be accredited academic institutions (please see Eligibility section on page 1).

Applications proposing research involving partnerships with criminal justice or other agencies, should include a strong letter of support, signed by an appropriate decision-making authority, from each proposed partnering agency. If applicable, the letter must include acknowledgement that project participation may require policy, programming, staffing, and administrative changes within the partnering agency and will necessarily require modification of existing, or implementation of new, offender and intervention tracking and data collection systems. The project budget should include funding to support all staffing, training, and facility costs associated with the establishment and administration of new or modified programming required for implementation and testing, or written acknowledgement by the partnering entity that these costs will be borne by that entity. A letter of support should include the partnering agency's acknowledgement that de-identified data derived from, provided to, or obtained for this project will be archived by the grant recipient with the National Archive of Criminal Justice Data (NACJD) at the conclusion of the award. Applicants and their potential partners are encouraged to review the NACJD's policies and protections at ([NACJD](#)). If selected for award, grantees will be expected to have a formal agreement in place with partnering agencies by January 1, 2023. That formal agreement must include a provision to meet the data archiving requirements of the award.

In the case of partnerships that will involve the use of federal award funds by multiple partnering agencies to carry out the proposed project, only one entity/partnering agency may be the applicant (as is the case with any application submitted in response to this solicitation); any others must be proposed as subrecipients.

Statutory Authority

Department of Justice Appropriations Act, 2021, Public Law 116-260, 134 Stat 1182, 1255-1256; 28 USC 530C.

Specific Information

Incarceration can result from technical parole violations, including failed drug tests, missed curfews, or the inability to pay fines and fees. Poor coordination within the criminal justice system, coupled with a lack of support systems for affected individuals, can result in unnecessary re-incarceration, create a heavy financial burden for states and localities, and impose employment losses and societal costs on incarcerated individuals and their friends and family. In 2017, almost a quarter of admissions to state prison were from technical violations. States are spending approximately \$2.8 billion a year to adjudicate and incarcerate individuals for these violations.^[1]

The volume of supervision failures has led states to consider a wide array of reforms to address technical violations. These have largely focused on changing incentives for compliance, alternative responses to violations, and limiting incarceration for technical violations.^[2] There is a diversity in treatments and approaches to technical violations of supervision across the United States. For example, some jurisdictions do not allow revocations without a new crime. Although states are starting to rethink approaches to technical violations, there is little research on what practices are most likely to ensure success on parole.

In light of this, NIJ seeks proposals from accredited academic institutions to (1) design, (2) implement, and (3) test parole or probation supervision models that reduce revocations for technical violations while ensuring successful reentry and minimizing recidivism.

Applicants must submit comprehensive proposals that address, but are not limited to, the following:

1. **Model Design:** Applicants to this solicitation should propose models that can be replicated on a national scale. Ideally, NIJ seeks one of the following: (1) a single parole model that can be replicated on a national scale; (2) a single probation model that can be replicated on a national scale; or (3) a single model that can incorporate both parole and probation that can be replicated on a national scale. Applicants should choose only one of the three options in their application. Models should take into consideration the variation in demographics and criminal justice structures that exist across the United States to ensure the greatest likelihood for successful implementation. Applicants should identify promising evidence-based state and local policies and practices currently in place across the United States to address technical violations. Models should be scalable for implementation in a variety of locations. For example, urban, rural, and institutional settings and study sites should serve a population of sufficient size to allow for the development of both test and control groups. Models should be robust, able to address multiple sources of violations, and incorporate the latest evidence on addressing criminogenic risk and needs associated with causes of prevalent or high frequency violations.

2. **Implementation:** Applicants to this solicitation must implement the model across multiple sites and provide a detailed implementation plan, which should include site selection and participant selection procedures and/or protocols as well as preliminary site staffing and management plans. The study sites and implementation plan should be representative of the variation in demographics and criminal justice structures that exist across the United States. It is essential that proposed models reflect promising evidence-based practices and that implementation plans are both operationally and ethically feasible.

3. **Testing:** Proposals should identify the factors that will be used to assess model viability and effectiveness. Data collection systems and measurement processes should be incorporated into models. Implementation testing should include process, fidelity, and cost/benefit components, and the methods of analysis should be described. The anticipated *n* for test and control/comparison groups should be described. Applicants should include a data tracking, collection, and management plan to include the variables to be collected, the data sources, and the data collection methods. Applicants should propose the most rigorous experimental design feasible, ensuring that the analytically distinct differences between individuals on parole versus probation are captured.

NIJ expects to make an award under this solicitation as a cooperative agreement. Successful applicants should expect to meet regularly with NIJ staff — either in-person or remotely — and provide periodic updates of project progress in addition to standard reporting requirements. The frequency of these meetings will be determined by NIJ staff in consultation with the successful applicant. The updates may include information on programmatic services delivered, fidelity measures, current sample enrollment, and development and implementation of project measures. At its discretion, NIJ may also convene independent advisors to review the work of the grantee at any point during the study.

Applicants should discuss potential risks and harms to individuals or groups associated with the use and misuse of any practice or technology proposed as a part of the research and evaluation, as well as any ethical considerations that may factor into its use. In addition, applicants should be aware of all relevant statutes, regulations, and/or governing judicial decisions (e.g., established case law, prevailing court rulings) related to the practice or technology's proposed use. Any limitations that may impede the lawful use or implementation of any practice or technology proposed should be described, and a realistic approach to mitigate such limitations in the context of the proposed research should be discussed.

Goals, Objectives, Deliverables, and Timeline

Goals

The goal of this solicitation is to reduce unnecessary parole or probation revocations and recidivism due to technical violations.

Objectives

The objective of this solicitation is to provide evidence to support revocation policy changes in the way that technical violations are handled nationally. Findings from this research activity will assist state, local, and tribal jurisdictions in promoting successful reentry, thereby reducing violent crime and improving public safety.

Deliverables

Interim Research Report. Any recipient of an award under this solicitation will be expected to submit an interim

research report detailing initial study findings.

Final Research Report. Any recipient of an award under this solicitation will be expected to submit a final research report. Additional information on the final research report requirement for the solicitation is posted on NIJ's [webpage](#).

Required Data Sets and Associated Files and Documentation. Any recipient of an award under this solicitation will be expected to submit to the National Archive of Criminal Justice Data (NACJD) all data sets that result, in whole or in part, from the work funded by the award, along with associated files and any documentation necessary for future efforts by others to reproduce the project's findings and/or to extend the scientific value of the data set through secondary analysis.

In addition to these deliverables (and the required reports and data on performance measures), NIJ expects scholarly products to result from each award under this solicitation, taking the form of one or more published, peer-reviewed, scientific journal articles, and/or (if appropriate) law review journal articles, book chapter(s) or book(s) in the academic press, technological prototypes, patented inventions, or similar scientific products. NIJ expects that there will be an equal effort to make the research findings accessible to practitioner and policymaker audiences.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the 'Application and Submission Information' section.

Federal Award Information

Solicitation Categories

This solicitation does not include Solicitation Categories.

Awards, Amounts and Durations

Anticipated Number of Awards

1

Anticipated Maximum Dollar Amount of Awards

\$4,000,000.00

Period of Performance Start Date

1/1/23 12:00 AM

Period of Performance Duration (Months)

60

Anticipated Total Amount to be Awarded Under Solicitation

\$4,000,000.00

Additional Information

Please see Period of Performance Duration section below.

Continuation Funding Intent

NIJ may, in certain cases, provide additional funding in future years to awards made under this solicitation through continuation awards. NIJ will consider, among other factors, NIJ's strategic priorities, a recipient's overall management of the award, and the award-funded work's progress, when making continuation award decisions.

Availability of Funds

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

NIJ expects to make awards under this solicitation as cooperative agreements, which provide for OJP to have substantial involvement in carrying out award activities. See the "Administrative, National Policy, and Other Legal Requirements" section of the [OJP Grant Application Resource Guide](#) for additional information.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget Information

If the applicant is proposing a project that reasonably could be conducted in discrete phases, with each phase resulting in completion of one or more significant, defined milestones, then NIJ strongly recommends that the applicant structure the application — specifically including the narrative, expected scholarly products, timelines/milestones, and budget worksheet and budget narrative — to clearly define each phase. (This is particularly the case if the applicant proposes a project that will exceed — in cost or the length of the period of performance — the amount or length of time anticipated for an individual award (or awards) under this solicitation.) Given limitations on the availability to NIJ of funds for awards for research, development, and evaluation, this information will assist NIJ in considering whether partial funding of applications would be productive. (If, in FY 2022, NIJ elects to fund only certain phases of a proposed project, the expected scholarly products from the partial-funding award may, in some cases, vary from those described above.)

NIJ may elect to fund applications submitted under this FY 2022 solicitation in future fiscal years, dependent on, among other considerations, the merit of the applications and on the availability of appropriations.

What will not be funded:

- Applications primarily to purchase equipment, materials, or supplies. (A budget may include these items if they are necessary to conduct research, development, demonstration, evaluation, or analysis.)
- Applications that are not responsive to the purposes of this specific solicitation.

Cost Sharing or Matching Requirement

See "Cofunding" paragraph under "Budget and Associated Documentation" in the "Application and Submission Information" section.

Pre-agreement Costs (also known as Pre-award Costs)

See the [OJP Grant Application Resource Guide](#) for information on Pre-agreement Costs (also known as Pre-award Costs).

Limitation on Use of Award Funds for Employee Compensation: Waiver

See the [OJP Grant Application Resource Guide](#) for information on the Limitation on Use of Award Funds for Employee Compensation; Waiver.

Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs

See the [OJP Grant Application Resource Guide](#) for information on Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs.

Costs Associated with Language Assistance (if applicable)

See the [OJP Grant Application Resource Guide](#) for information on Costs Associated with Language Assistance.

Period of Performance Duration

To be determined by the period of performance of awarded applications. Successful applicants will be expected

to complete the work proposed within a five-year period of performance.

Eligibility Information

For eligibility information, see the solicitation cover page.

For information on cost sharing or match requirements, see the “Federal Award Information” section.

Application and Submission Information

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- Proposal Narrative
- Budget Worksheet and Budget Narrative (Web-based Form) (The web-based form includes the budget details and the budget narrative.)
- Curriculum Vitae/Resumes for Key Personnel. (Curriculum Vitae for key personnel. For purposes of this solicitation, “key personnel” means the principal investigator, and any and all co-principal investigators.)

See the “Application Elements and Formatting Instructions” section of the [OJP Grant Application Resource Guide](#) for information on what happens to an application that does not contain all the specified elements or is nonresponsive to the scope of the solicitation.

Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 must be submitted in Grants.gov. The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [OJP Grant Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F. of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This solicitation (“funding opportunity”) **is not** subject to [Executive Order 12372](#). (In completing the SF-424, an applicant is to answer question 19 by selecting the response that the “Program is not covered by E.O. 12372.”)

Standard Applicant Information (JustGrants 424 and General Agency Information)

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to: add zip codes for areas affected by the project, confirm their Authorized Representative, and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A proposal abstract (no more than 400 words) summarizing the proposed project, including the purpose of the project, primary activities, expected outcomes, the service area, intended beneficiaries and subrecipients (if known), will be completed in the JustGrants web-based form. This abstract should be written in the third person and will be made publicly available on the OJP website if the project is awarded.

Proposal Narrative

The proposal narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 25 pages. Pages should be numbered and submitted as an attachment. If the proposal narrative fails to comply with these length restrictions, NIJ may consider such noncompliance in peer review and in final award decision.

The following sections must be included as part of the proposal narrative:

a. Title Page (not counted against the proposal narrative page limit)

The title page should include:

- Project title.
- Submission date.
- Funding opportunity number.
- Principal Investigator (and any co-principal investigators).
- Unique author identifier (e.g., ORCID, ResearcherID, Scopus Author ID), if available.
- Key words, including science focus areas.
- Contact information (that is, name, address, telephone number, and e-mail address) for both the applicant and the principal investigator.

b. Resubmit Response (if applicable) (not counted against the proposal narrative page limit.)

If an applicant is resubmitting an application presented previously to NIJ, but not funded, the applicant should indicate this. A statement should be provided, no more than two pages, addressing: (1) the title, submission date, and NIJ-assigned application number of the previous application, and (2) a brief summary of revisions to the application, including responses to previous feedback received from NIJ.

c. Table of Contents and Figures (not counted against the proposal narrative page limit)

d. Main Body

1. Statement of the problem.

The statement of the problem should address the need for research in this area. Applicants should discuss current gaps in data, research, and knowledge, including those for particular justice sectors, for certain populations, and to answer questions relevant to current policy and practice needs and public interests. It is not uncommon for multiple problems to exist simultaneously (for example, there may be a criminal justice problem affecting public safety, a current technical challenge/need identified by forensic practitioners, as well as a scientific/technology gap between the current state of the art and a desired solution) and applicants should discuss each of these clearly and justify the importance of the separate issues. As part of this discussion, applicants should present a review of previous literature and discuss previous research related to these problems.

2. Project Design and Implementation.

Applicants should provide a detailed description of the strategies to implement this research project and address the research questions. Design elements should follow directly from the research project's goals and objectives and address the program-specific information noted in the solicitation. Applicants should describe the research methodology and analysis plan in detail and demonstrate the validity and usefulness of the data they will collect. Applicants should consider the rigor and soundness of the methodology and analytical and technical approaches for the proposed research and address the feasibility of the proposed project and potential challenges or problems in carrying out the activities.

3. Potential Impact.

Applicants should describe the potential impact of the research and how it may inform or improve criminal or juvenile justice-related policy, practice, or theory in the United States. The applicant should include a discussion of the proposed dissemination plan to produce scholarly products and to make information available to broader interested audiences, such as criminal justice practitioners or policymakers.

4. Capabilities and Competencies.

This section should describe the experience and capability of the applicant organization, key staff, and any

proposed subgrantees (including consultants) that the applicant will use to implement and manage this effort and the federal funds under this award, highlighting any previous experience implementing projects of similar scope, design, and magnitude. Applicants should address:

- Experience and capacity to work with the proposed data sources in the conduct of similar research efforts.
- Experience and capacity to design and implement rigorous research and data analysis projects.
- Experience producing and disseminating meaningful deliverables.

Applicants should also outline the management plan and organization that connects to the goals and objectives of the project.

5. Appendices (not counted against the proposal narrative page limit) include:

- The project management plan.
- If the application (including the budget) identifies any proposed non-competitive agreements that are or may be considered procurement "contracts" (rather than subawards), for purposes of federal grants administrative requirements, the applicant also must list the entities with which the applicant proposes to contract.
- List of other agencies, organizations, or funding sources to which this application has been submitted (if applicable).

6. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Note: Applicants are not required to submit performance data with the application. Rather, performance measure information is included as an alert that successful applicants will be required to submit performance data as part of each awards reporting requirements.

OJP will require each successful applicant to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion.

A list of performance measure questions for this program can be found on page 18.

Applicants can also visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

NIJ will require award recipients to submit performance measure data in quarterly financial reports, semi-annual performance reports (using the Research Performance Progress Report template/format), and the Final Research Report. NIJ will provide further guidance on the post-award submission process, if selected for award.

Goals, Objectives, Deliverables, and Timeline

The applicant will submit the project's goals, objectives, deliverables and timelines in the JustGrants Web-based form.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. See the [OJP Grant Application Resource Guide](#) for additional information.

The following paragraph (on "Cofunding") expressly modifies the "Cost Sharing or Matching Requirement" provisions in the OJP Grant Application Resource Guide. The applicant is to follow the guidance in the following paragraph instead of the guidance stated under the "Cost Sharing or Matching Requirement" heading in the OJP Grant Application Resource Guide.

Cofunding: An award made by NIJ under this solicitation may account for up to 100 percent of the total cost of the project. The application should indicate whether it is feasible for the applicant to contribute cash, facilities, or services as non-federal support for the project. The application should identify generally any such contributions that the applicant expects to make and the proposed budget should indicate in detail which items, if any, will be supported with non-federal contributions.

For additional match information, see the “Cost Sharing or Match Requirement” section under Federal Award Information.

If a successful application proposes a voluntary match amount, and OJP approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Indirect Cost Rate Agreement (if applicable)

The applicant will submit its indirect cost rate agreement by uploading it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Financial Management Questionnaire (including applicant disclosure of high-risk status)

The applicant will download the questionnaire, complete it, and submit it by uploading it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for the link to the questionnaire and additional information.

Disclosure of Process Related to Executive Compensation

This solicitation expressly modifies the OJP Grant Application Resource Guide by not incorporating its “Disclosure of Process Related to Executive Compensation” provisions. Applicants to this solicitation are not required to provide this disclosure.

Additional Application Components

Applicants will attach the additional requested documentation in JustGrants.

Curriculum Vitae or Resumes

Curriculum vitae or resume of the principal investigator and any and all co-principal investigators. In addition, curriculum vitae, resume, or biographical sketches of all other individuals (regardless of “investigator” status) who will be significantly involved in substantive aspects of the proposed project (including, for example, individuals such as statisticians used to conduct proposed data analysis).

Tribal Authorizing Resolution

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will submit the tribal authorizing documentation by uploading it as an attachment in JustGrants. See the [OJP Grant Application Resource Guide](#) for information on tribal authorizing resolutions.

Timeline Form

Proposed project timeline and expected milestones.

Letters of Support

Letters of cooperation/support or administrative agreements from organizations collaborating in the project, such as law enforcement and correctional agencies (if applicable).

Research and Evaluation Independence and Integrity Statement

If an application proposes research (including research and development) and/or evaluation, the applicant must demonstrate research/evaluation independence and integrity, including appropriate safeguards, before it may receive award funds. The applicant will submit documentation of its research and evaluation independence and integrity by uploading it as an attachment in JustGrants. For additional information, see the [OJP Grant Application](#)

[Resource Guide](#).

Bibliography/reference

Provide a bibliography of any references cited in the Proposal Narrative.

Any tools/instruments, questionnaires, tables/chart/graphs, or maps

Any tools/instruments, questionnaires, tables/charts/graphs, or maps pertaining to the proposed project that are supplemental to such items included in the main body of the narrative.

List of Individuals in the Application

To assist OJP in assessing actual or apparent conflicts of interest (including such conflicts on the part of prospective reviewers of the application), provide a complete list of the individuals named or otherwise identified anywhere in the application (including in the budget or in any other attachment) who will or may work (or advise or consult) on the proposed research, development, or evaluation project. Applicants should use the "[Proposed Project Staff, Affiliation, and Roles](#)" form available on the NIJ webpage to prepare this list.

Human Subjects Protection

Human Subjects Protection paperwork attached as a separate file (documentation and forms related to Institutional Review Board [IRB] review). See <https://nij.ojp.gov/funding/human-subjects-protection> . **Note:** Final IRB approval is not required at the time an application is submitted.

Privacy Certificate

Privacy Certificate attached as a separate file (for further guidance go to <https://nij.ojp.gov/funding/confidentiality-and-privacy-protections> and <https://nij.ojp.gov/funding/model-privacy-certificate>).

Request to Use Incentives or Stipends

Applicants proposing to use incentives or stipends payments as part of their research project design, must submit an incentive or stipend approval request, as a separate document, according to the requirements set forth at <https://nij.ojp.gov/funding/participant-support-costs-and-incentives-social-science-research>.

Consortium/Contractual Arrangements

Consortium/contractual arrangements. Explain the programmatic, fiscal, and administrative arrangements to be made between the applicant organization and the consortium organization(s).

Data Archiving Plan

Data archiving plan attached as a separate file. Applicants should anticipate that NIJ will require, through special award conditions, that data sets resulting in whole or in part from projects funded under this solicitation be submitted for archiving with the NACJD. See <https://nij.ojp.gov/funding/research-development-and-evaluation-grant-award-requirements#data>.

Applications should include as a separate file a brief plan — labeled "Data Archiving Plan" — to comply with data archiving requirements. The plan should provide brief details about proposed data management and archiving, including submission to NIJ (through NACJD) of **all files and documentation** necessary to allow for future efforts by others to reproduce the project's findings and/or to extend the scientific value of the data set through secondary analysis. Pertinent files and documentation include, among other things, qualitative and quantitative data produced, instrumentation and data collection forms, codebook(s), any specialized programming code necessary to reproduce all constructed measures and the original data analysis, description of necessary de-identification procedures, and (when required) a copy of the privacy certificate and informed consent protocols.

The plan should be one or two pages in length and include the level of effort associated with meeting archiving requirements.

Note that recipients are strongly encouraged to submit required data sets at least 90 days before the end of the period of performance.

Disclosures and Assurances

The applicant will address the following disclosures and assurances.

Disclosure of Lobbying Activities

Complete and submit the SF-LLL in Grants.gov. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certified Standard Assurances

Review and accept the DOJ Certified Standard Assurances in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure of Duplication in Cost Items

Complete the JustGrants web-based Applicant Disclosure of Duplication in Cost Items form. See the [OJP Grant Application Resource Guide](#) for additional information.

DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements

Review and accept the DOJ Certified Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements; Law Enforcement and Community Policing in JustGrants. See the [OJP Grant Application Resource Guide](#) for additional information.

Applicant Disclosure and Justification – DOJ High Risk Grantees (if applicable)

If applicable, submit the DOJ High Risk Disclosure and Justification as an attachment in JustGrants. A DOJ High Risk Grantee is an award recipient that has received a DOJ High Risk designation based on a documented history of unsatisfactory performance, financial instability, management system or other internal control deficiencies, or noncompliance with award terms and conditions on prior awards, or that is otherwise not responsible. See the [OJP Grant Application Resource Guide](#) for additional information.

How to Apply

Step 1: The applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html>.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants in [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov).

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424** and the **SF-LLL** must be submitted in Grants.gov by 11:59 p.m. eastern time on May 25, 2022. The full application must be submitted in JustGrants by 8:59 p.m. eastern time on June 6, 2022.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates to allow sufficient time to correct errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline.

Experiencing Unforeseen Technical Issues

An applicant that experiences unforeseen SAM.gov, Grants.gov, or JustGrants technical issues beyond its control that prevent application submission by the deadline, must demonstrate all efforts in requesting technical support in order to submit an application by the deadline. Technical support is available via phone and email to the applicable SAM.gov, Grants.gov, or JustGrants support centers or service desks in which an applicant received a ticket number for resolution. If an applicant misses a deadline due to unforeseen technical difficulties, the applicant may request a waiver to submit an application after the deadline. *Note: If an applicant does not submit all the required Grants.gov forms by the Grants.gov deadline, the applicant will not be able to proceed to the JustGrants portion of the application process.*

An applicant experiencing technical difficulties with the following systems must contact the associated support desk indicated below to report the technical issue and receive a tracking number:

- Grants.gov - contact the [Grants.gov Customer Support Hotline](#)
- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#)
- JustGrants - contact the JustGrants Support Desk at JustGrants.Support@usdoj.gov or 833-872-5175

An applicant requesting a waiver to submit a late application must document their request for technical assistance in an email to the OJP Response Center at grants@ncjrs.gov **within 24 hours after the application deadline** to request approval to submit its application after the deadline. If an applicant has technical issues with Grants.gov, the applicant must contact the OJP Response Center within 24 hours of the Grants.gov deadline to request approval to submit after the deadline. However, waiver requests will not be reviewed until after the JustGrants deadline to allow time for all waivers to be submitted. Waiver requests to submit after the submission deadline must:

- Describe the technical difficulties experienced;
- Include a timeline of the applicant's submission efforts (e.g., what date and time did the error occur, what date and time was action taken to resolve the issue and resubmit; and what date and time did support representatives respond)
- Include an attachment(s) of the complete grant application and all required documentation and material; and
- Include the applicant's Unique Entity Identifier (UEI) and any applicable SAM.gov tracking number(s), Grants.gov Help Desk, and JustGrants Support Desk Ticket Numbers.

OJP will review each request for late submission and required supporting documentation and notify the applicant whether the request has been approved or denied. For more details on the waiver process, OJP encourages applicants to review the "Experiencing Unforeseen Technical Issues" section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem (understanding of the problem) (20%)

- Demonstrated understanding of the problem.
- Demonstrated importance of research questions, goals and objectives, including alignment with the aims of the solicitation.

- Demonstrated awareness of the state of current research.

2. Project Design and Implementation (quality and technical merit) (40%).

- Feasibility of proposed project.
- Soundness of methods and analytic and technical approach to addressing the stated aim(s) of the proposed project.
- Awareness of potential pitfalls of proposed project design and feasibility of proposed actions to minimize and/or mitigate them.
- Feasibility of completing the deliverables noted in the solicitation.

3. Capabilities and Competencies (capabilities, demonstrated productivity, and experience of the applicant organization and proposed project staff) (20%)

- Qualifications and experience of proposed project staff (that is, the principal investigator, any and all co-principal investigators, and all other individuals (and organizations) identified in the application (regardless of “investigator” status) who will be significantly involved in substantive aspects of the proposed project).
- Demonstrated ability of the applicant organization to implement the proposed strategies and manage the effort.
- Relationship between the capabilities/competencies of the proposed project staff (including the applicant organization) and the scope and strategies of the proposed project.

4. Potential Impact (20%)

- Potential for a significant scientific or technical advance(s) that will improve criminal/juvenile justice in the United States.
- Potential for significantly improved understanding of the stated criminal/juvenile justice problem.
- Potential for innovative solution to address (all or a significant part of) the stated criminal/juvenile justice problem.
- Strength and feasibility of the proposed dissemination plan to produce scholarly products (such as published, peer-reviewed, scientific journal articles, book chapter(s) or book(s) in the academic press, technological prototypes, patented inventions, databases, standards or similar scientific products) as well as make summary information available to broader interested audiences, such as criminal justice practitioners or policymakers.

5. Budget (0%)

In addition, peer reviewers will consider and may comment on the following additional items in the context of scientific and technical merit.

- Alignment of the proposed budget with proposed project activities.
- Total cost of the project relative to the perceived benefit (cost effectiveness).
- Appropriateness of the budget relative to the level of effort.
- Use of existing resources to conserve costs.

Other Review Criteria

Other important considerations for NIJ include geographic diversity, strategic priorities, available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.
- The application, if submitted by an applicant that is a DOJ High Risk Grantee, or is designated “high risk” by a federal grant-making agency outside of DOJ, must not have been determined by the NIJ Director to pose a substantial risk of program implementation failure, based on 1) the applicant’s lack of sufficient progress in addressing required corrective actions necessary for removal of the DOJ High Risk Grantee (or non-DOJ high risk) designation, 2) the nature and severity of the issues leading to or accompanying the DOJ High Risk Grantee (or non-DOJ high risk) designation, and/or 3) the applicant’s expected ability to manage grant funds and achieve grant goals and objectives.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

All final award decisions will be made by Director of the National Institute of Justice, who may consider not only peer review ratings and NIJ recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

See the [OJP Grant Application Resource Guide](#) for information on award notifications and instructions.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [OJP Grant Application Resource Guide](#).

Information Technology (IT) Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [OJP Grant Application Resource Guide](#) for information on information technology security.

General Information about Post-Federal Award Reporting Requirements

In addition to the deliverables described in the “Program Description” section, all award recipients under this solicitation will be required to submit certain reports and data.

Required reports. Award recipients typically must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, final research reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions. Future awards and fund drawdowns may be withheld if reports are delinquent. (In appropriate cases, OJP may require additional reports.)

See the [OJP Grant Application Resource Guide](#) for additional information on specific post-award reporting requirements, including performance measure data.

Federal Awarding Agency Contact(s)

For questions directed to the Federal Awarding Agency, see OJP Response Center contact information on page 2.

For contact information for Grants.gov and JustGrants, see page 2.

Other Information

Freedom of Information and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a)

See the [OJP Grant Application Resource Guide](#) for information on the Freedom of Information and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a).

Provide Feedback to OJP

See the [OJP Grant Application Resource Guide](#) for information on how to provide feedback to OJP.

Performance Measures

Objective	Performance Measure(s)	Description	Data Recipient Provides
Conduct research in social and behavioral sciences having clear implications for criminal justice policy and practice in the United States. Conduct research in science, technology, engineering, and/or mathematics having clear implications for criminal or juvenile justice policy and practice in the United States.	1. Relevance to the needs of the field as measured by whether the project's substantive scope did not deviate from the funded project or any subsequent agency-approved modifications to the scope. 2. Quality of the research as demonstrated by the scholarly products that result, in whole or in part, from work funded under the NIJ award, such as published, peer-reviewed, scientific journal articles, and/or (as appropriate for the funded project) law review journal articles, book chapter(s) or book(s) in the academic press, technological prototypes, patented inventions, or similar scientific products. 3. Quality of management as measured by such factors as whether significant project milestones were achieved, reporting and other deadlines were met, and costs remained within approved limits. 4. Number of technologies fielded as a result, in whole or in part, of work funded under the NIJ award.	A technology is defined as a tool to include, for example, test methods, software, hardware, etc. A fielded technology is one that remains in use at the conclusion of the grant or agreement.	1. Quarterly financial reports, semi-annual and final performance reports, and products of the work performed under the NIJ award (including, at minimum, a final research report). If applicable, an annual audit report. 2. List of citation(s) to all scholarly products that resulted, in whole or in part, from work funded under the NIJ award. 3. If applicable, each data set that resulted, in whole or in part, from work funded under the NIJ award. 4. Description of all technologies fielded as a result, in whole or in part, of work funded under the NIJ award.

Application Checklist

NIJ FY22 Design, Implementation, and Testing of a National Model for Technical Violations

This application checklist has been created as an aid in developing an application. The [DOJ Application Submission Checklist](#) is another resource.

What an Applicant Must Do:

Prior to registering in Grants.gov:

- Confirm your Entity's [System Award Management \(SAM\)](#) Registration Information (see [OJP Grant Application Resource Guide](#))

To register in Grants.gov:

- Acquire an AOR and a Grants.gov username and password (see [OJP Grant Application Resource Guide](#))
- Acquire AOR confirmation from the E-Business Point of Contact (E-Biz POC) (see [OJP Grant Application Resource Guide](#))

To find the funding opportunity:

- Search for the funding opportunity in Grants.gov using the opportunity number, Assistance Listing or keyword(s)
- Access the funding opportunity and application package (see Step 7 in the [OJP Grant Application Resource Guide](#))
- Sign up for Grants.gov email [notifications](#) (optional) (see [OJP Grant Application Resource Guide](#))
- Read [Important Notice: Applying for Grants in Grants.gov](#)
- Read OJP policy and guidance on conference approval, planning, and reporting available at ojp.gov/financialguide/DOJ/PostawardRequirements/chapter3.10a.htm (see [OJP Grant Application Resource Guide](#))

Overview of Post-Award Legal Requirements:

- Review the "[Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2022 Awards](#)" in the [OJP Funding Resource Center](#).

Review Scope Requirement:

- The federal amount requested is within the allowable limit(s) of \$4M.

Review Eligibility Requirement: See cover page.

~~~

#### Prepare to submit the Application for Federal Assistance standard form (SF)-424 and Disclosure of Lobbying Activities form (SF-LLL)

- Review Information to complete the Application for Federal Assistance (SF-424) in Grants.gov
- Complete Standard Applicant Information (SF-424 information from Grants.gov)
- Submit the **SF-424** and **SF-LLL** in Grants.gov

*After the SF-424 and SF-LLL submission in Grants.gov, receive Grants.gov email notifications that:*

- Submission has been received in Grants.gov
- Submission has either been successfully validated or rejected with errors (see [OJP Grant Application Resource Guide](#))

*If no Grants.gov receipt and validation, or error notifications are received:*

- Contact OJP Response Center regarding technical difficulties (see [OJP Grant Application Resource Guide](#))

*Receive email notification to complete application in JustGrants:*

- Proceed to complete application in JustGrants

### **Content of Application Submission: Critical Application Elements**

The following items are critical application elements required to pass the basic minimum requirements review. If OJP determines that an application does not include the following elements, it will neither proceed to peer review, nor receive further consideration.

- Proposal Narrative
- Budget Worksheet and Budget Narrative (web-based form)
- Curriculum Vitae/Resumes for Key Personnel

~~~

- Proposal Abstract

Budget and Associated Documentation:

- Indirect Cost Rate Agreement (if applicable) (see [OJP Grant Application Resource Guide](#))
- Financial Management and System of Internal Controls Questionnaire (see [OJP Grant Application Resource Guide](#))
- Disclosure of Process related to Executive Compensation (see [OJP Grant Application Resource Guide](#))

Additional Application Components:

- Tribal Authorizing Resolution (if applicable) (see [OJP Grant Application Resource Guide](#))
- Research and Evaluation Independence and Integrity (see [OJP Grant Application Resource Guide](#))
- Request and Justification for Employee Compensation; Waiver (if applicable) (see [OJP Grant Application Resource Guide](#))

Disclosures and Assurances:

- [Disclosure of Lobbying Activities \(SF-LLL\)](#) (see [OJP Grant Application Resource Guide](#))
- Applicant Disclosure of Duplication in Cost Items (see [OJP Grant Application Resource Guide](#))
- DOJ Certified Standard Assurances (see [OJP Grant Application Resource Guide](#))
- DOJ Certifications Regarding Lobbying; Debarment, Suspension and Other Responsibility Matters; and Drug-Free Workplace Requirements (see [OJP Grant Application Resource Guide](#))
- Applicant Disclosure and Justification – DOJ High Risk Grantees (if applicable) (see [OJP Grant Application Resource Guide](#))

Submit application in JustGrants:

- Application has been successfully submitted in JustGrants

If no JustGrants application submission, validation, or error notifications are received:

- Contact the JustGrants Service Desk at 833-872-5175 or JustGrants.Support@usdoj.gov regarding technical difficulties.
