C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

On July 4, 2026, America will commemorate and celebrate the 250th anniversary of the signing of the Declaration of Independence. Under President Trump's leadership, the White House Task Force on Celebrating America's 250th Birthday has commenced the planning of a full year of festivities to continue through the end of 2026. To mark the importance of the U.S.-Japan relationship historically and to usher in a new golden age of bilateral relations into the future, U.S. Ambassador to Japan George Glass has mobilized Mission Japan to implement an ambitious set of activities in all 47 prefectures of Japan to showcase American excellence in culture, sports, education, and business and to highlight diplomatic, civilian, and military contributions to a shared bilateral vision. This initiative seeks both to reinvigorate and celebrate existing partnerships and activities and to explore new areas of cooperation. U.S. Embassy Tokyo anticipates working closely with the recipient organization to ensure that all aspects of the program model support the White House's *Salute to America 250* goals.

Project Audience: Public audiences in Japan's 47 prefectures. The U.S. Embassy will identify up to 12 prefectures for priority programming. Primary audiences would include individuals or organizations with no prior Mission engagement through events open to the general public. Secondary audiences would include those with existing ties to the U.S. Mission in Japan such as: alumni of U.S. government sponsored exchange programs; sister city and institutional partnership representatives; cultural, educational, economic partners with established U.S. ties; and Japan-based U.S. citizens serving as cultural figures, educators, entrepreneurs, or subject-matter experts.

Project Goal: Strengthen public awareness and positive perceptions of American excellence and binational cooperation among Japanese public audiences by highlighting the contributions of the United States in a golden age of U.S.-Japan relations.

Project Objectives: Proposals should include one or more of the following objectives:

- Objective 1: Increase public awareness of American culture and excellence in food, sports, entrepreneurship, and education in 12 priority prefectures. Activities include but are not limited to large-scale, public facing engagement activities, including through participation by renowned U.S. sports, cultural, and musical figures. Success will be measured by:
 - At least 70% of surveyed attendees report increased awareness of American contributions to culture, education, entrepreneurship or sports, as measured through post-event surveys.
 - At least 70% of surveyed attendees report more favorable perceptions of U.S.-Japan relations, as measured through post-event surveys.
- Objective 2: Increase engagement among individuals and organizations with existing ties to the U.S. Mission to Japan (including institutional, exchange, economic, cultural networks) in the remaining 35 prefectures. Activities include but are not limited to local festivals, community celebrations, in-person outreach, traveling exhibitions, educational materials, and microgrants to U.S. subject matter experts in Japan. Success will be measured by the following:
 - Development and approval of a program plan that outlines engagement approaches for all 35 prefectures.
 - Number of individuals and organizations with prior or existing ties to the U.S. Mission to Japan that participate in project supported activities across the remaining 35 prefectures, as measured by attendance records.
 - Percent of individuals and organizations with prior or existing ties to the U.S. Mission to Japan that report more favorable perceptions of U.S.-Japan relations

2. Substantial Involvement

The U.S. Embassy anticipates awarding a cooperative agreement and will undertake reasonable and programmatically necessary substantial involvement.

U.S. Embassy Roles and Responsibilities

Please ensure:

- The proposal clearly addresses the goals and objectives of this funding opportunity
- All documents are in English
- All budgets are in U.S. dollars
- All applicant authorized signatures are provided where indicated on the various required forms.

The following documents are **required**:

1. Mandatory application forms

- SF-424 (Application for Federal Assistance – organizations) at [grants.gov](https://www.grants.gov) or [Embassy website](#). (Attachment 01)
- SF-424A (Budget Information for Non-Construction programs) at [grants.gov](https://www.grants.gov) or [Embassy website](#). (Attachment 02)

2. Proposal (20 pages maximum)

The proposal should contain sufficient information so that anyone not familiar with it would understand exactly what the applicant wants to do. You may use your own proposal format, but it must include all the items below.

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as experience with and

expertise in Japan and program areas related to those described in the NOFO. Applicants are encouraged, but not required, to use the attached Applicant Organization Information Survey form to provide this information (Attachment 04). If the applicant chooses not to use the attached form, all of the requested information from the form will still need to be addressed in the application package.

- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Methods, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable. Describe the program activities and how they will help achieve the objectives.
- **Proposed Project Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** Names, titles, roles and experience/qualifications of key personnel involved in the program. What proportion of their time will be used in support of this program?
- **Project Partners:** List the names and type of involvement of key partner organizations and sub-awardees (if applicable).
- **Monitoring & Evaluation Plan:** Proposals must include a draft Monitoring and Evaluation (M&E) Performance Monitoring Plan (PMP). The M&E PMP should show how applicants intend to measure and demonstrate progress towards the project’s objectives and goals. Attachment 05 of this funding opportunity contains a template that may be used to fulfill this requirement. While the grantee is free to create their own template, completing Attachment 05 will ensure a thorough PMP.

The key components to the PMP are as follows:

- **Monitoring and Evaluation Narrative:** In narrative form, applicants should describe how they intend to monitor and evaluate the activities of their award. In addition, the applicant should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program’s staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program’s budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.
- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes. Attachment 05 includes a suggested format for these requirements.
- **Monitoring and Evaluation Datasheet:** The applicants must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet’s purpose is to explicitly illustrate how a project’s activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitudes) that ultimately address a PDS objective. For more information, please see Attachment 05 - Instructions.

- The selected applicant's M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant will be required to work with the Public Diplomacy Section's Monitoring and Evaluation Specialist to ensure the applicant's M&E PMP achieves an expected level of expertise and meets PDS objectives.
- Expenses directly associated with monitoring and evaluation are considered allowable. The suggested template includes a space to list the portion of the total budget amount directly associated with monitoring and evaluation activities.

3. *Budget Justification Narrative*

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so (Attachment 06). Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to 2CFR§200.1. **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

Additional Budget Notes:

- Audit Requirements: Please note the audit requirements for Department of State awards in the Standard Terms and Conditions <https://www.state.gov/m/a/ope/index.htm> and 2CFR200, Subpart F – Audit Requirements. The cost of the required audits may be charged either as an allowable direct cost to the award OR included in the organization's established indirect costs in the award's detailed budget.

- **Visa Fees:** Include all visa application and related fees in your budget as applicable. Please note DS-2019s for post-funded programs must be submitted directly by the award recipient. If you anticipate your program will include the DS-2019 visa processing, your organization must be a registered Designated Sponsoring Organization. I do not wish to obtain an NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

- Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the Sube in the NOFO providing justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

The budget demonstrates that the organization has devoted time to accurately determine expenses associated with the project instead of providing rough estimates. Costs are reasonable in relation to the proposed activities and anticipated results. The results and

proposed outcomes justify the total cost of the project. Budget items are reasonable, allowable, and allocable.

- **Monitoring and Evaluation** - 10 points: There is a complete and thorough draft submission of a M&E Performance Monitoring Plan (PMP). This will include a list of proposed project activities, corresponding milestone, output, and outcome indicators, a description of data collection methods, and a timeline for collecting such information. The proposal presents a clear theory of change on how the program will address that problem. Use of the suggested template (Attachments 05) will satisfy these requirements. Funded projects will have their plans finalized during the negotiation phase, and monitoring plans may be subject to periodic updates throughout the life of the project.

2. Indirect Costs

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

3. Review and Selection Process

- a. Acknowledgement of receipt. Applicants will receive acknowledgment of receipt of their proposal.
- b. Review. All submissions are screened for technical eligibility. **If a submission is missing any required forms/documents listed above in Section D. Application Contents and Format, it will be considered ineligible and will not be reviewed by the grants review committee.** A technical review panel will review eligible proposals based upon the criteria noted in this NOFO.
- c. Follow up notification. Applicants will generally be notified within 120 days after the NOFO deadline regarding the results of the review panel.

2. Risk Review

- i. Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award the Department will review and consider the following risk factors:
 - a. Financial stability
 - b. Management systems and standards
 - c. History of performance
 - d. Audit reports and findings
 - e. Ability to effectively implement project requirements
 - f.
- ii. Responsibility/Qualification Information in SAM.gov

The Federal awarding agency, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the U.S. government designated integrity and performance system accessible through SAM.gov (see 41 U.S.C. 2313).

An applicant can review and comment on any information in the responsibility/qualification records available in SAM.gov.

Before making decisions in the risk review required by 2 CFR 200.206, the Department will consider any comments by the applicant, along with information available in the responsibility/qualification records in SAM.gov.

iii. High Risk Designation

Awardees that are deemed to be high risk based on the above risk factors will be held to special award conditions. At a minimum, the recipient and/or project designated as High Risk will be required to submit monthly narrative reports and/or quarterly detailed financial reports. Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The Grants Officer may withhold 10% of the award amount until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is authorizing documents, and it will be provided to the recipient for review and countersignature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients will be required to request payment by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

The quarterly progress report should include an up-to-date copy of the PMP datasheet. Progress and financial reports are due 30 days after the reporting period. The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.

STEP Enrollment

U.S. citizens who travel to Japan are encouraged to enroll in the Department of State's Smart Traveler Enrollment Program (STEP) available at: <https://step.state.gov/step/>.
