

Question: On the grants.gov website, for-profit organizations are said to be eligible to apply. However, in the NOFO pdf, the eligibility criteria only includes not-for-profits, public and private education institutions, PIOs and government institutions. Could you please confirm the correct eligibility criteria?

Answer: The correct eligibility criteria can be found in the Notice of Funding Opportunity (NOFO) posted on SAMS.gov and grants.gov. The eligibility criteria on SAMS Domestic and grants.gov have been revised to reflect the NOFO.
