A. PROJECT DESCRIPTION

The U.S. Department of State, Bureau of Democracy, Human Rights and Labor (DRL) announces an open competition for organizations interested in submitting applications for projects that support the policy objective to strengthen Burma's transition to a democratic, peaceful, and prosperous state.

The NOFO includes two (2) categories in which organizations are able to submit proposal applications. **Organizations may submit no more than one (1) proposal per category and must explicitly identify which category the proposal addresses in the proposal application cover page.** If a proposal fits within more than one category, the applicant organization must explicitly identify which category they determine is the best fit for the proposal. **If a proposal does not explicitly identify one of the below categories in the proposal application, it may be deemed technically ineligible and not considered for funding.**

All programs should aim to have impact that leads to reforms and should have the potential for sustainability beyond DRL resources. DRL's preference is to avoid duplicating past efforts by supporting new and creative approaches. This does not exclude from consideration projects that improve upon or expand existing successful projects in a new and complementary way. Programs should seek to include groups that can bring perspectives based on their religion, gender, disability, race, ethnicity, and/or sexual orientation and gender identity. Programs

should be demand-driven and locally led to the extent possible. DRL requires all programs to be non-discriminatory and expects implementers to include strategies for integration of individuals/organizations regardless of religion, gender, disability, race, ethnicity, and/or sexual orientation and gender identity.

Competitive proposals may also include a summary budget and budget narrative for up to an additional 24 months following the proposed period of performance, indicated above. This information should indicate what objective(s) and/or activities could be accomplished with additional time and/or funds beyond the proposed period of performance.

Where appropriate, competitive proposals may include:

- Opportunities for beneficiaries to apply their new knowledge and skills in practical efforts;
- Solicitation of feedback and suggestions from beneficiaries when developing activities in order to strengthen the sustainability of programs and participant ownership of project outcomes;
- Input from participants on sustainability plans and systematic review of the plans throughout the life of the project, with adjustments made as necessary;
- Inclusion of vulnerable populations;
- Joint identification and definition of key concepts with relevant stakeholders and stakeholder input into project activities;
- Systematic follow up with beneficiaries at specific intervals after the completion of activities to track how beneficiaries are retaining new knowledge as well as applying their new skills.

Activities that are **not** typically allowed include, but are not limited to:

- The provision of humanitarian assistance;
- English language instruction;
- Development of high-tech computer or communications software and/or hardware;
- Purely academic exchanges or fellowships;
- External exchanges or fellowships lasting longer than six months;
- Off-shore activities that are not clearly linked to in-country initiatives and impact or are not necessary per security concerns;
- Theoretical explorations of human rights or democracy issues, including projects aimed primarily at research and evaluation that do not incorporate training or capacity-building for local civil society;
- Micro-loans or similar small business development initiatives;
- Initiatives directed towards a diaspora community rather than current residents of targeted countries.

DRL invites organizations to submit proposals for programs under the following categories:

Strengthen and Support Civil Society (Approximately \$1,000,000 available)

DRL's objective is to strengthen and support the expansion of civil society to advance human rights and good governance in support of Burma's democratic transition. Programs will

strengthen the effectiveness, resilience, and security of grassroots civil society organizations and human rights advocates to collaborate and pursue political and legal reform and advocacy advancing the protection of human rights and democratic, civilian-led government. Program activities may include, but are not limited to:

- capacity building for grassroots civil society organizations on strategic planning, advocacy, and nonviolent activism, including provision of appropriate resources and support to enhance digital and physical security practices;
- developing effective and sustainable strategies for community engagement and mobilization in support of policy and legal reforms, including development of awareness raising and outreach campaigns;
- fostering locally led advocacy efforts for legal reforms that repeal, amend, and/or decriminalize laws used to limit free speech, expression, association, and assembly;
- strengthening civil society policy research and analysis skills to more effectively engage with policymakers and influence the development of public policy and political decision-making processes;
- improving civil society watchdog and oversight functions to advance transparent and accountable government, security sector actors, and business enterprises;
- supporting existing civil society networks focused on civic engagement and promotion of human rights and democratic principles or development of new networks;
- encouraging coalition building and collaboration among human rights advocates, independent media, and other civil society stakeholders to advance human rights and democratic principles.

Competitive projects will recognize the shifting opportunities and challenges inherent in Burma's transition, including prior to and following the 2020 election and ongoing peace process, and demonstrate flexibility by discussing how proposed activities can expand or contract under changing political conditions. DRL seeks an approach that includes opportunities for sub-grants and other methods of support to address needs identified by local grassroots civil society stakeholders. Programs can support targeted organizational capacity building to assist civil society organizations and other program partners in carrying out program activities. Successful proposals will include appropriate resources and support to enhance digital and physical security of program partners and beneficiaries. Projects should prioritize working with a variety of local actors in program activities and fostering linkages between civil society and advocates in the core and peripheral areas of the country, and between civil society and advocates representing a variety of issues. If already working in Burma, applicant organizations should discuss how this proposal complements or expands upon existing work.

Promote Respect for Religious Freedom and Full Inclusion of Minorities (Approximately \$1,000,000 available)

DRL's goal is to promote religious freedom and support the development of a diverse, multi-religious and multi-ethnic society in Burma that respects the rights of all people.

“Religious freedom” refers to the right set out in Article 18 of the International Covenant on Civil and Political Rights, including the freedom to adopt a religion or beliefs, change your beliefs, practice and teach your beliefs (which may include through publications, public and

private speech, and the display of religious attire or symbols), gather in community with others to worship and observe your beliefs, and teach your beliefs to your children. Proposed programming must be responsive to restrictions on religious freedom and must be in line with the U.S. Government's religious freedom, democracy, governance, and human rights goals. Helpful resources for applicants include the annual country-specific International Religious Freedom Reports <https://www.state.gov/international-religious-freedom-reports/> and annual country-specific Human Rights Reports <https://www.state.gov/reports/2018-country-reports-on-human-rights-practices/>.

Applicants will be responsible for ensuring program activities and products are implemented in accordance with the Establishment Clause of the United States Constitution.

Programs will address factors that contribute to religious intolerance and intercommunal conflict through a focus on advancing pluralism and respect for religious freedom and the importance of a diverse and inclusive society. Programs should foster an environment of greater inter-communal and intra-communal respect and peaceful coexistence in Burma, allowing individuals to live free from discrimination, abuse, and violence on account of their religious identity or beliefs. Program activities may include, but are not limited to:

- developing a cohort of faith and civil society leaders with conflict resolution and dialogue skills to promote mutual respect, tolerance, and societal inclusion for all, and to mitigate inter- or intrareligious tensions;
- engaging with community influencers, leaders, and policymakers to advocate for mutual respect and full societal inclusion for individuals from all religious and ethnic backgrounds;
- supporting existing networks of inter- and intrafaith-based organizations or development of new ones aimed at advocacy efforts or collective actions to advance respect for religious freedom and related human rights;
- engaging community members and youth in interfaith action or community projects to promote respectful coexistence, rights protections, and societal inclusion of all people regardless of religion;
- forging connections between and among faith leaders, policy makers, community leaders, and civil society actors to promote religious and ethnic coexistence and inclusion for all people regardless of religion;
- engaging government and political parties to amend for laws restricting freedom of religion and encourage consistent and fair enforcement of existing protections, including at the sub-national level.

Competitive projects will recognize the shifting opportunities and challenges inherent in Burma's transition, including prior to and following the 2020 election and ongoing peace process, and demonstrate flexibility by discussing how proposed activities could adapt to changing political conditions. Projects should prioritize working with a variety of actors as part of any program activities and leadership opportunities, including religious and community leaders, youth and students, women, marginalized and underserved communities, and local authorities as appropriate. DRL seeks an approach that includes opportunities for sub-grants and other methods of support to address needs identified by local beneficiaries. If already working in

Burma, applicant organizations should discuss how this proposal complements or expands upon existing work.

This notice is subject to availability of funding.

B. FEDERAL AWARD INFORMATION

Primary organizations can submit 2 applications in response to the NOFO. If an applicant chooses to submit multiple applications to this NOFO, it is the responsibility of the applicant to demonstrate the competitiveness and uniqueness of each application.

The U.S. government may (a) reject any or all applications, (b) accept other than the lowest cost application, (c) accept more than one application, and (d) waive irregularities in applications received.

The U.S. government may make award(s) on the basis of initial applications received, without discussions or negotiations. Therefore, each initial application should contain the applicant's best terms from a cost and technical standpoint. The U.S. government reserves the right (though it is under no obligation to do so), however, to enter into discussions with one or more applicants in order to obtain clarifications, additional detail, or to suggest refinements in the project description, budget, or other aspects of an application.

DRL anticipates awarding either a grant or cooperative agreement depending on the needs and risk factors of the program. The final determination on award mechanism will be made by the Grants Officer. The distinction between grants and cooperative agreements revolves around the existence of “substantial involvement.” Cooperative agreements require greater Federal government participation in the project. If a cooperative agreement is awarded, DRL will undertake reasonable and programmatically necessary substantial involvement. Examples of substantial involvement can include, but are not limited to:

- Active participation or collaboration with the recipient in the implementation of the award.
- Review and approval of one stage of work before another can begin.
- Review and approval of substantive provisions of proposed subawards or contracts beyond existing Federal policy.
- Approval of the recipient’s budget or plan of work prior to the award.

The authority for this funding opportunity is found in the Foreign Assistance Act of 1961, as amended (FAA).

To maximize the impact and sustainability of the award(s) that result from this NOFO, DRL retains the right to execute non-competitive continuation amendment(s). The total duration of any award, including potential non-competitive continuation amendments, shall not exceed 60 months, or five years. Any non-competitive continuation is contingent on performance and **pending availability of funds**. A non-competitive continuation is not guaranteed and the Department of State reserves the right to exercise or not to exercise this option.

DRL may require successful applicant(s) to incorporate coordination of an implementer and stakeholder meeting into the Scope of Work of the final project. DRL will discuss this possibility with particular applicant(s) during the proposal negotiation phase and may include, but not limited to the following:

- Additional funding to cover cost of the stakeholder meeting;
- Coordinating all logistics and hosting the meeting;
- Assisting applicants with visas;
- Drafting the agenda in coordination with DRL;
- Preparing all materials for the meeting;
- Securing outside speakers for the conference; and
- Hosting a networking event outside of the meeting space.

C. ELIGIBILITY INFORMATION

FOR APPLICATION INFORMATION, PLEASE SEE THE PROPOSAL SUBMISSION INSTRUCTIONS (PSI) ON OUR WEBSITE.

C.1 Eligible Applicants

DRL welcomes applications from U.S.-based and foreign-based non-profit organizations/nongovernment organizations (NGO) and public international organizations; private, public, or state institutions of higher education; and for-profit organizations or businesses. DRL's preference is to work with non-profit entities; however, there may be some occasions when a for-profit entity is best suited.

Applications submitted by for-profit entities may be subject to additional review following the panel selection process. Additionally, the Department of State prohibits profit to for-profit or commercial organizations under its assistance awards. Profit is defined as any amount in excess of allowable direct and indirect costs. The allowability of costs incurred by commercial organizations is determined in accordance with the provisions of the Federal Acquisition Regulation (FAR) at 48 CFR 30, Cost Accounting Standards Administration, and 48 CFR 31 Contract Cost Principles and Procedures.

Please see 2 CFR 200.307 for regulations regarding program income.

C.2 Cost Sharing or Matching

Providing cost sharing, matching, or cost participation is not an eligibility factor or requirement for this NOFO, and providing cost share will not result in a more favorable competitive ranking.

C.3 Other

Applicants should have existing, or the capacity to develop, active partnerships with thematic or in-country partners, entities, and relevant stakeholders, including private sector partners and NGOs, and have demonstrable experience in administering successful and preferably similar

projects. DRL encourages applications from foreign-based NGOs headquartered in the geographic regions/countries relevant to this NOFO. Applicants may **form consortia** in order to bring together organizations with varied expertise to propose a comprehensive program in one proposal. However, one organization should be designated in the proposal as the lead applicant, with the other members designated as sub-award partners. DRL reserves the right to request additional background information on applicants that do not have previous experience administering federal grant awards, and these applicants may be subject to limited funding on a pilot basis.

DRL is committed to an anti-discrimination policy in all of its projects and activities. DRL welcomes applications irrespective of race, ethnicity, color, creed, national origin, gender, sexual orientation, gender identity, disability, or other status.

Any applicant listed on the Excluded Parties List System in the [System for Award Management \(SAM.gov\)](http://www.sam.gov) (www.sam.gov) and/or has a current debt to the U.S. government is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.” Additionally, no entity or person listed on the Excluded Parties List System in SAM.gov can participate in any activities under an award. All applicants are strongly encouraged to review the Excluded Parties List System in SAM.gov to ensure that no ineligible entity or person is included in their application.

In conflict settings, the gender analysis should examine how gender norms interact with other factors to drive or mitigate conflict, the differential impact of conflict on women and men, and an understanding of the roles of women and men in conflict, peacebuilding, and transitional processes. A set of guiding questions can be found in Section L of the PSI.
- 17) **Burma Due Diligence Assessment** (not to exceed one (1) page, preferably in Microsoft Word) that outlines existing organizational practices for vetting program beneficiaries and capacity to conduct due diligence vetting as outlined in the solicitation.

D.2.2 Additional Application Documents

Strong applications will also contain the following:

- Individual Letters of Support and/or Memorandum of Understanding. Letters of support and MOUs must be specific to the project implementation (e.g. from proposed partners or sub-award recipients) and will not count towards the page limit.

Please refer to the Proposal Submission Instructions on DRL's website for detailed guidance on the documents above: <https://www.state.gov/bureau-of-democracy-human-rights-and-labor/programs-and-grants/>. For an application checklist and sample templates please see the Resources page on DRL's website: <https://www.state.gov/resources-for-programs-and-grants/>. The sample templates provided on the DRL website are suggested, but not mandatory.

DRL reserves the right to request additional documents not included in this NOFO. Additionally, to ensure that all applications receive a balanced evaluation, the DRL Review Panel will review from the first page of each section up to the page limit and no further.

Note: If ultimately provided with a notification of non-binding intent to make a Federal award, applicants typically have two to three weeks to provide additional information and documents

requested in the notification of intent. The deadlines may vary in each notification of intent and applicants must adhere to the stated deadline in the notification of intent.

D.2.3 Additional Information Requested For Those Receiving Notification of Intent

Successful applicants must submit after notification of intent to make a Federal award, but prior to issuance of a Federal award:

- Written responses and revised application documents addressing conditions and recommendations from the DRL Review Panel;
- If your organization has a NICRA and includes NICRA charges in the budget, your latest NICRA as a PDF file;
- Completion of the Department's Financial Management Survey, if receiving DRL funding for the first time;
- Submission of required documents to register in the Payment Management System managed by the Department of Health and Human Services, if receiving DRL funding for the first time (unless an exemption is provided);
- Other requested information or documents included in the notification of intent to make a Federal award or subsequent communications prior to issuance of a Federal award;
- Applicants who submit their applications through Grants.gov will be required to create a SAMS Domestic account in order to accept the final award. Accounts must be logged in to every 60 in order to maintain an active account.

D.3 Unique Entity Identifier and System for Award Management (SAM)

All prime organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI), formerly referred to as DUNS, and an active registration with the SAM.gov **before submitting an application**. DRL may not review applications from or make awards to applicants that have not completed all applicable UEI and SAM.gov requirements. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

The 2 CFR 200 requires that subgrantees obtain a UEI number. Please note the **UEI for subgrantees** is not required at the time of application but will be required before the award is processed and/or directed to a subgrantee.

Note: The process of obtaining a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- If you are based **in the United States** or pay employees within the United States, prior to registering in SAM.gov you will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a Commercial and Government Entity (CAGE) code.
- If you are based **outside of the United States** and do not pay employees within the United States, you do not need an EIN from the IRS. However, you will need a NATO CAGE (NCAGE) code before you can have an active registration in SAM.gov.

All prime organizations must also continue to maintain active SAM.gov registration with current information at all times during which they have an active Federal award or application under consideration by a Federal award agency. SAM.gov requires all entities to renew their registration once a year in order to maintain an active registration status in SAM. It is the responsibility of the applicant to ensure it has an active registration in SAM.gov and to maintain that active registration. If an applicant has not fully complied with the requirements at the time of application, the applicant may be deemed technically ineligible to receive an award and use that determination as a basis for making an award to another applicant.

For further guidance on the registration process, please see the SAM.gov Registration Guide on DRL's website: <https://www.state.gov/resources-for-programs-and-grants/>. Please refer to 2 CFR 25.200 for additional information. Also, please refer to Section D.5 - Funding Restriction of the NOFO.

Note: SAM.gov is not the same as SAMS Domestic. It is free to register in both systems, but the registration processes are different.

In October 2017, new information was added to the www.SAM.gov website to help international registrations, including “Quick Start Guide for International Registrations” and “Helpful Hints.” Navigate to SAM.gov, click HELP in the top navigation bar, then click International Registrants in the left navigation panel. Please note, guidance on SAM.gov and the guidance on GSA’s website about requirement for registering in SAM.gov is subject to change. Applicants should review the website for the most up-to-date guidance.

D.3.1 Exemptions

An exemption from these requirements may be permitted on a case-by-case basis if:

- An applicant’s identity must be protected due to potential endangerment of their mission, their organization’s status, their employees, or individuals being served by the applicant.

**** Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request. Approval for a SAM.gov exemption must come from the warranted Grant Officer before the application can be deemed eligible for review. ****

Note: Foreign organizations will be required to register with the NATO Support Agency (NSPA) to receive a NCAGE code in order to register in SAM.gov. NSPA will forward your registration request to the applicable National Codification Bureau (NCB) if your organization is located in a NATO or Tier 2 Sponsored Non-NATO Nation. As of October 2019, NATO nations included Albania, Belgium, Bulgaria, Canada, Croatia, Czech Republic, Denmark, Estonia, France, Germany, Greece, Hungary, Iceland, Italy, Latvia, Lithuania, Luxembourg, Montenegro, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Turkey, United Kingdom, and the United States of America. As of October 2019, Tier 2 nations included Argentina, Australia, Austria, Brazil, Colombia, Finland, India, Indonesia, Israel, Republic of Korea, Malaysia, Morocco, New Zealand, Serbia, Singapore, Sweden, United Arab Emirates, and Ukraine.

*NSPA and/or the appropriate NCB forwards all NCAGE code information to all Allied Committee 135 (AC/135) nations, which as of October 2019 also included Afghanistan, Belarus, Bosnia & Herzegovina, Brunei Darussalam, Chile, Egypt, Georgia, Japan, Jordan, North Macedonia, Oman, Peru, Qatar, Saudi Arabia, South Africa, and Thailand. **All organizations are strongly advised to take this into consideration when assessing whether registration may result in possible endangerment.***

D.4 Submission Dates and Times

Applications are due no later than 11:59 PM Eastern Standard Time (EST), on Friday, March 20, 2020 on <https://www.grants.gov/> or SAMS Domestic (<https://mygrants.service-now.com>) under the announcement title “DRL Advancing Democracy and Inclusive Respect for Human Rights in Burma,” funding opportunity number “SFOP0006379.”

Grants.gov and SAMS Domestic automatically log the date and time an application submission is made, and the Department of State will use this information to determine whether an application has been submitted on time. Late applications are neither reviewed nor considered unless the DRL point of contact listed in Section G is contacted prior to the deadline and is provided with evidence of system errors caused by Grants.gov or SAMS Domestic (<https://mygrants.service-now.com>) that is outside of the applicant’s control and is the sole reason for a late submission. Applicants should not expect a notification upon DRL receiving their application.

D.5 Funding Restrictions

DRL will not consider applications that reflect any type of support for any member, affiliate, or representative of a designated terrorist organization. Please refer the link for Foreign Terrorist Organizations: <https://www.state.gov/foreign-terrorist-organizations/> Project activities whose direct beneficiaries are foreign militaries or paramilitary groups or individuals will not be considered for DRL funding given purpose limitations on funding.

In accordance with Department of State policy for terrorism, applicants are advised that successful passing of vetting to evaluate the risk that funds may benefit terrorists or their supporters is a condition of award. If chosen for an award, applicants will be asked to submit information required by DS Form 4184, Risk Analysis Information (attached to this solicitation) about their company and its principal personnel. Vetting information is also required for all sub-award performance on assistance awards identified by the Department of State as presenting a risk of terrorist financing. Vetting information may also be requested for project beneficiaries and participants. Failure to submit information when requested, or failure to pass vetting, may be grounds for rejecting your proposal prior to award.

The Leahy Law prohibits Department foreign assistance funds from supporting foreign security force units if the Secretary of State has credible information that the unit has committed a gross violation of human rights. Per [22 USC §2378d\(a\) \(2017\)](#), “No assistance shall be furnished under this chapter [FOREIGN ASSISTANCE] or the Arms Export Control Act [22 USC 2751 et seq.] to any unit of the security forces of a foreign country if the Secretary of State has credible

information that such unit has committed a gross violation of human rights.” Restrictions may apply to any proposed assistance to police or other law enforcement. Among these, pursuant to section 620M of the Foreign Assistance Act of 1961, as amended (FAA), no assistance provided through this funding opportunity may be furnished to any unit of the security forces of a foreign country when there is credible information that such unit has committed a gross violation of human rights. In accordance with the requirements of section 620M of the FAA, also known as the Leahy law, project beneficiaries or participants from a foreign government’s security forces may need to be vetted by the Department before the provision of any assistance. If a proposed grant or cooperative agreement will provide assistance to foreign security forces or personnel, compliance with the Leahy Law is required.

U.S. foreign assistance for Burma or Burmese beneficiaries is subject to restrictions. This includes restrictions, pursuant to section 7043(a)(1)(C) of the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019 (Div. F, P.L. 116-6)(SFOAA), on funds appropriated under title III of the act for assistance for Burma. Section 7043(a)(1)(C) provides that such funds “may not be made available to any individual or organization if the Secretary of State has credible information that such individual or organization has committed a gross violation of human rights (GVHR), including against Rohingya and other minority groups, or that advocates violence against ethnic or religious groups or individuals in Burma.” It further provides that such funds “may not be made available to any organization or entity controlled by the armed forces of Burma.”

Organizations should be cognizant of these restrictions when developing project proposals as these restrictions will require appropriate due diligence of program beneficiaries and collaboration with DRL to ensure compliance with these restrictions. Program beneficiaries subject to GVHR due diligence vetting will include any individuals who are part of or were formerly part of the government, military, or nongovernmental armed groups. Program beneficiaries subject to advocating or otherwise promoting violence due diligence vetting will include any individuals or entities that are beneficiaries of foreign assistance funding or support. Due diligence vetting will include a review of open source materials.

Federal awards generally will not allow reimbursement of pre-award costs; however, the Grants Officer may approve pre-award costs on a case-by-case basis. Generally, construction costs are not allowed under DRL awards. For additional information, please see the DRL Proposal Submission Instructions for Applications: <https://www.state.gov/bureau-of-democracy-human-rights-and-labor/programs-and-grants/>.

D.6 Application Submission

All application submissions must be made electronically via www.grants.gov or SAMS Domestic (<https://mygrants.service-now.com>). Both systems require registration by the applying organization. Please note: the Grants.gov registration process can take ten [10] business days or longer, even if all registration steps are completed in a timely manner.

It is the responsibility of the applicant to ensure that it has an active registration in SAMS Domestic or Grants.gov. Applicants are required to document that the application has been received by SAMS Domestic or Grants.gov in its entirety. DRL bears no responsibility for

disqualification that result from applicants not being registered before the due date, for system errors in either SAMS Domestic or Grants.gov, or other errors in the application process. Additionally you must save a screen shot of the checklist showing all documents submitted in case any document fails to upload successfully.

Faxed, couriered, or emailed documents will not be accepted. Reasonable accommodations may, in appropriate circumstances, be provided to applicants with disabilities or for security reasons. Applicants must follow all formatting instructions in the applicable NOFO and these instructions.

DRL encourages organizations to **submit applications during normal business hours** (Monday – Friday, 9:00AM - 5:00PM Eastern Standard Time (EST)). If an applicant experiences technical difficulties and has contacted the appropriate helpdesk but is not receiving timely assistance (e.g. if you have not received a response within 48 hours of contacting the helpdesk), you may contact the DRL point of contact listed in the NOFO in Section G. The point of contact may assist in contacting the appropriate helpdesk.

Note: The Grants Officer will determine technical eligibility of all applications.

SAMS Domestic Applications:

Applicants using SAMS Domestic for the first time should complete their “New Organization Registration.” To register with SAMS Domestic, click “Login to <https://mygrants.service-now.com>” and follow the “create an account” link.

Organizations must remember to save a screen shot of the checklist showing all documents submitted in case any document fails to upload successfully.

SAMS Domestic Help Desk:

For assistance with SAMS Domestic accounts and technical issues related to the system, please contact the ILMS help desk by phone at +1 (888) 313-4567 (toll charges apply for international callers) or through the Self Service online portal that can be accessed from <https://afsism.service-now.com/ilms/home>. Customer support is available 24/7.

Grants.gov Applications:

Applicants who do not submit applications via SAMS Domestic may submit via www.grants.gov.

Please be advised that completing all the necessary registration steps for obtaining a username and password from Grants.gov **can take more than two (2) weeks**.

Please refer to the Grants.gov website for definitions of various "application statuses" and the difference between a submission receipt and a submission validation. Applicants will receive a validation e-mail from Grants.gov upon the successful submission of an application. Validation of an electronic submission via Grants.gov can take up to two business days. Additionally, you must remember to save a screenshot of the checklist showing all documents submitted in case any document fails to upload successfully.

Grants.gov Helpdesk:

E. APPLICATION REVIEW INFORMATION***E.1 Proposal Review Criteria***

The DRL Review Panel will evaluate each application individually against the following criteria, listed below in order of importance, and not against competing applications. Please use the below criteria as a reference, but **do not structure your application according to the sub-sections**.

Quality of Project Idea

Applications should be responsive to the program framework and policy objectives identified in the NOFO, appropriate in the country/regional context, and should exhibit originality, substance, precision, and relevance to DRL's mission of promoting human rights and democracy. Projects should have the potential to have an immediate impact leading to long-term, sustainable reforms. DRL prefers new approaches that do not duplicate efforts by other entities. This does not exclude from consideration projects that improve upon or expand existing successful projects in a new and complementary way. In countries where similar activities are already taking place, an explanation should be provided as to how new activities will not duplicate or merely add to existing activities and how these efforts will be coordinated. Proposals that promote creative approaches to recognized ongoing challenges are highly encouraged. DRL prioritizes project proposals with inclusive approaches for advancing these rights.

Project Planning/Ability to Achieve Objectives

A strong application will include a clear articulation of how the proposed project activities contribute to the overall project objectives, and each activity will be clearly developed and detailed. A comprehensive monthly work plan should demonstrate substantive undertakings and the logistical capacity of the organization. Objectives should be ambitious yet measurable, results-focused and achievable in a reasonable time frame. A complete application must include a logic model to demonstrate how the project activities will have an impact on its proposed objectives. The logic model should match the objectives, outcomes, key activities, and outputs described in the narrative. Applications should address how the project will engage relevant stakeholders and should identify local partners as appropriate.

If local partners have been identified, DRL strongly encourages applicants to submit letters of support from proposed in-country partners. Additionally, applicants should describe the division of labor among the direct applicant and any local partners. If applicable, applications should identify target geographic areas for activities, target participant groups or selection criteria for participants, and the specific roles of sub-awardees, among other pertinent details.

DRL recognizes that all programs have some level of risk due to internal/external variables that have the potential to adversely affect a program. Risk management should address how the program design incorporates the identification, assessment, and management of key risk factors. DRL will review the risk analysis based on the organization's ability to identify risks that could have an impact on the overall program as well as how the organization will manage these risks.

Institution's Record and Capacity

DRL will consider the past performance of prior recipients and the demonstrated potential of new applicants. Applications should demonstrate an institutional record of successful democracy and human rights programs, including responsible fiscal management and full compliance with all reporting requirements for past grants. Proposed personnel and institutional resources should be adequate and appropriate to achieve the project's objectives. Projects should have potential for continued funding beyond DRL resources.

Addressing Barriers to Equal Participation

DRL strives to ensure its projects advance the rights and uphold the dignity of all persons. As the U.S. government's lead bureau dedicated to promoting democratic governance, DRL requests a programming approach dedicated to strengthening inclusive societies as a necessary pillar of strong democracies. Violence targeting any members of society undermines collective security and threatens democracy. DRL prioritizes inclusive and integrated program models that assess and address the barriers to access for individuals and groups based on their religion, gender, disabilities, ethnicity, or sexual orientation and gender identity. Applicants should describe how programming will impact all of its beneficiaries, including support that specifically targets communities facing discrimination, and which may be under threat of violence. This approach should be an integral part of both the concept and explicit design, and implementation of all proposed project activities, objectives, and monitoring. Strong proposals will provide specific analysis, measures, and corresponding targets as appropriate. Stakeholders shall identify the difference between opportunities and barriers to access, and design programs accordingly to not perpetuate these inequalities, but rather enhance programmatic impact by including all people in society. The goal of this approach is to bring communities and those in power together in support of more stable and secure societies.

Cost Effectiveness

DRL strongly encourages applicants to clearly demonstrate project cost-effectiveness in their application, including examples of leveraging institutional and other resources. However, cost-sharing or other examples of leveraging other resources are not required. Inclusion of cost-sharing in the budget does not result in additional points awarded during the review process. Budgets should have low and/or reasonable overhead and administration costs, and applicants should provide clear explanations and justifications for these costs in relation to the work involved. All budget items should be clearly explained and justified to demonstrate necessity, appropriateness, and connection to the project objectives.

Please note: If cost-share is included in the budget, the recipient must maintain written records to support all allowable costs that are claimed as its contribution to cost-share, as well as costs to be paid by the Federal government. Such records are subject to audit. In the event the

recipient does not meet the minimum amount of cost-sharing as stipulated in the recipient's budget, DRL's contribution may be reduced in proportion to the recipient's contribution.

Multiplier Effect/Sustainability

Applications should clearly delineate how elements of the project will have a multiplier effect and be sustainable beyond the life of the grant. A good multiplier effect will have an impact beyond the direct beneficiaries of the grant (e.g. participants trained under a grant go on to train other people; workshop participants use skills from a workshop to enhance a national level election that affects the entire populace). A strong sustainability plan may include demonstrating continuing impact beyond the life of a project or garnering other donor support after DRL funding ceases.

Project Monitoring and Evaluation

Complete applications will include a detailed M&E Narrative and M&E Plan, which detail how the project's progress will be monitored and evaluated. Incorporating well-designed monitoring and evaluation processes into a project is an efficient method for documenting the change (intended and unintended) that a project seeks. Applications should demonstrate the capacity to provide objectives with measurable outputs and outcomes.

The quality of the M&E sections will be judged on the narrative explaining how both monitoring and evaluation will be carried out and who will be responsible for those related activities. The M&E Narrative should explain how an external evaluation will be incorporated into the project implementation plan or how the project will be systematically assessed in the absence of one. Please see the section on *Monitoring and Evaluation Narrative* in the Proposal Submission Instructions (PSI) for more information on what is required in the narrative.

The output and outcome-based performance indicators should not only be separated by project objectives but also should match the objectives, outcomes, and outputs detailed in the logic model and proposal narrative. Performance indicators should be clearly defined (i.e., explained how the indicators will be measured and reported) either within the table or with a separate Performance Indicator Reference Sheet (PIRS). For each performance indicator, the table should also include baselines and quarterly and cumulative targets, data collection tools, data sources, types of data disaggregation, and frequency of monitoring and evaluation. There should also be metrics to capture how project activities target those discriminated against or marginalized populations or addresses their concerns, where applicable. Please see the section on *Monitoring and Evaluation Plan* in the Proposal Submission Instructions (PSI) for more information on what is required in the plan.

E.2 Review and Selection Process

DRL strives to ensure that each application receives a balanced evaluation by a DRL Review Panel. The Department's Office of Acquisitions Management (AQM) will determine technical eligibility for all applications. All technically eligible applications for a given NOFO are reviewed against the same seven criteria, which include quality of project idea, project planning/ability to achieve objectives, institutional record and capacity, inclusive programming, cost effectiveness, multiplier effect/sustainability, and project monitoring and evaluation.

Additionally, the DRL Review Panel will evaluate how the application addresses the NOFO request, U.S. foreign policy goals, and the priority needs of DRL overall. DRL may also take into consideration the balance of the current portfolio of active projects, including geographic or thematic diversity, if needed.

In most cases, the DRL Review Panel includes representatives from DRL, the appropriate Department of State regional bureau (to include feedback from U.S. embassies), and U.S. Agency for International Development (USAID) (to include feedback from USAID missions). In some cases, additional panelists may participate, including from other Department of State bureaus or offices; U.S. government departments, agencies, or boards; representatives from partner governments; or representatives from entities that are in a public-private partnership with DRL. At the end of the panel's discussion about an application, the Panel votes on recommending the application for approval by the DRL Assistant Secretary. If more applications are ultimately recommended for approval than DRL can fund, the Panel will rank the recommended applications in priority order for consideration by the DRL Assistant Secretary. The Grants Officer Representative (GOR) for the eventual award does not vote on the panel. All Panelists must sign non-disclosure agreements and conflicts of interest agreements.

DRL Review Panels may provide conditions and recommendations on applications to enhance the proposed project, which must be addressed by the applicant before further consideration of the award. To ensure effective use of DRL funds, conditions or recommendations may include requests to increase, decrease, clarify, and/or justify costs and project activities.

F. FEDERAL AWARD ADMINISTRATION INFORMATION

F.1 Federal Award Notices

DRL will provide a separate notification to applicants on the result of their applications. Successful applicants will receive a letter electronically via email requesting that the applicant respond to Panel conditions and recommendations. This notification is not an authorization to begin activities and does not constitute formal approval or a funding commitment.

Final approval is contingent on the applicant successfully responding to the Panel's conditions and recommendations, being registered in required systems, including the U.S. government's Payment Management System (PMS), unless an exemption is provided, and completing and providing any additional documentation requested by DRL or AQM. Final approval is also contingent on Congressional notification requirements being met and final review and approval by the Department's warranted Grants Officer.

The notice of Federal award signed by the Department's warranted Grants Officers is the sole authorizing document. If awarded, the notice of Federal award will be provided to the applicant's designated Authorizing Official via SAMS Domestic to be electronically counter-signed in the system.

F.2 Administrative and National Policy and Legal Requirements

DRL requires all recipients of foreign assistance funding to comply with all applicable Department and Federal laws and regulations, including but not limited to the following: The Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards set forth in 2 CFR Chapter 200 (Sub-Chapters A through F) shall apply to all non-Federal entities, except for assistance awards to Individuals and Foreign Public Entities. Sub-Chapters A through E shall apply to all foreign organizations, and Sub-Chapters A through D shall apply to all U.S. and foreign for-profit entities. The applicant/recipient of the award and any sub-recipient under the award must comply with all applicable terms and conditions, in addition to the assurance and certifications made part of the Notice of Award. The Department's Standard Terms and Conditions can be viewed at <https://www.state.gov/m/a/ope/index.htm>. Additionally, DRL supports implementation of the Women Peace and Security Act of 2017, which highlights the U.S. commitment to the meaningful participation of women in conflict prevention, management, and resolution. For additional information, please refer to the link: <https://www.congress.gov/bill/115th-congress/senate-bill/1141>

Due to the determination made under the Trafficking Victims Protection Act (TVPA) for FY 2020, assistance that benefits the governments of the following countries may be subject to a restriction under the TVPA. The Department of State determines on a case-by-case basis what constitutes assistance to a government; the general principles listed below apply.

Assistance to the government includes:

- All branches of government (executive, legislative, judicial) at all levels (national, regional, local);
- Public schools, universities, hospitals, and state-owned enterprises, as well as government employees;
- Cash, training, equipment, services, or other assistance provided directly to the government, assistance provided to an NGO or other implementer for the benefit of the government, and assistance to government employees.

Subject to TVPA for funds obligated during FY 2020:

EAP: Burma, China (PRC), North Korea, Papua New Guinea

Additional requirements may be included depending on the content of the program.

F.3 Reporting

Applicants should be aware that DRL awards will require that all reports (financial and progress) are uploaded to the grant file in SAMS Domestic on a quarterly basis. The Federal Financial Report (FFR or SF-425) is the required form for the financial reports and must be submitted in PMS, as well as a copy from PMS then uploaded to the grant file in SAMS Domestic. The progress reports uploaded to the grant file in SAMS Domestic must include a narrative as described below and Project Indicators (or other mutually agreed upon format approved by the Grants Officer) for the F Framework indicators. The F Framework indicators will be reviewed and negotiated during the final stages of issuing an award.

Narrative progress reports should reflect the focus on measuring the project's impact on the overarching objectives and should be compiled according to the objectives, outcomes, and

outputs as outlined in the award's Scope of Work (SOW) and in the Monitoring & Evaluation Narrative. An assessment of the overall project's impact should be included in each progress report. Where relevant, progress reports should include the following sections:

- Relevant contextual information (limited);
- Explanation and evaluation of significant activities of the reporting period and how the activities reflect progress toward achieving objectives, including meeting benchmarks/targets as set in the M&E plan. In addition, attach the M&E Plan, comparing the target and actual numbers for the indicators;
- Any tangible impact or success stories from the project, when possible;
- Copy of mid-term and/or final evaluation report(s) conducted by an external evaluator; if applicable;
- Relevant supporting documentation or products related to the project activities (such as articles, meeting lists and agendas, participant surveys, photos, manuals, etc.) as separate attachments;
- Description of how the Recipient is pursuing sustainability, including looking for sources of follow-on funding;
- Any problems/challenges in implementing the project and a corrective action plan with an updated timeline of activities;
- Reasons why established goals were not met;
- Data for the required F Framework indicator(s) for the quarter as well as aggregate data by fiscal year: Program Indicators or other mutually agreed upon format approved by the Grants Officer;
- Proposed activities for the next quarter; and,
- Additional pertinent information, including analysis and explanation of cost overruns or high unit costs, if applicable.

A final narrative and financial report must also be submitted within 90 days after the expiration of the award.

Please note: Delays in reporting may result in delays of payment approvals and failure to provide required reports may jeopardize the recipient's' ability to receive future U.S. government funds.

DRL reserves the right to request any additional programmatic and/or financial project information during the award period.

Background Information on DRL and General DRL Funding

DRL has the mission of promoting democracy and protecting human rights globally. DRL supports projects that uphold democratic principles, support and strengthen democratic institutions, promote human rights, prevent atrocities, combat and prevent violent extremism, and build civil society around the world. DRL typically focuses its work in countries with egregious human rights violations, where democracy and human rights advocates are under pressure and where governments are undemocratic or in transition.
