

SUMMARY INFORMATION

Federal Awarding Agency Name: U.S. Department of Agriculture - Natural Resources Conservation Service (NRCS), Commodity Credit Corporation (CCC)

Funding Opportunity Title: Conservation Agreements for Implementing Key Conservation Objectives in Delaware.

Announcement Type: Initial

Funding Opportunity Number: USDA-NRCS-DE-19-01

Catalog of Federal Domestic Assistance (CFDA) Number:

10.902 -- Soil and Water Conservation

10.912 -- Environmental Quality Incentives Program

10.931 -- Agricultural Conservation Easement Program

Funding Opportunity Announcement Summary

The NRCS - Delaware State Office, an agency under the United States Department of Agriculture (USDA), is announcing the potential availability of funding for agreements for the purpose of leveraging NRCS resources, addressing local natural resource issues, encouraging collaboration and developing state-and-community-level conservation leadership. Proposals must be for projects based in Delaware and focus on the funding priorities identified in Section A of this opportunity.

Collaborative projects that provide on-the-ground support for Delaware NRCS Field Offices are highly encouraged. Research proposals will not be accepted, nor considered. NRCS anticipates that the amount available for support of this program in Federal Fiscal Year 2019 will be up to \$500,000.00. Proposals are requested from all Non-Federal Entities and individuals for competitive consideration of discretionary awards for projects between one and three years in duration.

This notice identifies the objectives, eligibility criteria, and application instructions for projects. Proposals will be screened for completeness and compliance with the provisions of this notice. Incomplete and/or noncompliant proposals will be eliminated from competition, and notification of elimination will be sent to the applicant. The Delaware State Conservationist reserves the right not to fund any or all applications. NRCS will accept applications under this notice for single or multiyear applications submitted by eligible entities.

In addition to the information in this opportunity, more information can be found at the following website:

Key Dates

Applications must be submitted via Grants.gov or via e-mail to the following address: Eileen.campbell@de.usda.gov **by 11:00 AM EST, April 05, 2019.**

Questions regarding this announcement must be submitted to the Administrative Contact identified in Section G of this opportunity by March 06, 2019.

Federal Funding Floor and Ceiling Amounts

The funding floor for this announcement \$25,000, and the funding ceiling is \$500,000. The funding floor means the minimum agreement funding amount for the Federal share per agreement awarded. The ceiling is the maximum agreement funding amount for the Federal share per agreement awarded.

A. PROGRAM DESCRIPTION

The authorizing statutes and regulations for this opportunity are:

CFDA 10.902 – Soil and Water Conservation (CTA): Soil Conservation and Domestic Allotment Act, Public Law 74-76, N/A Stat. N/A, 16 U.S.C 590 a-f.

CFDA 10.912 – Environmental Quality Incentives Program (EQIP): This program is authorized by Chapter 4 of Subtitle D of Title XII of the Food Security Act of 1985 (16 USC 3839aa--3839aa-8), effective February 7, 2014., Executive Order Executive Order , Title XII, Part Subtitle D, Public Law 99- 198, 16 U.S.C 3830.

CFDA 10.931 – Agriculture Conservation Easement Program – (ACEP-ALE/WRE): Food Security Act of 1985, Title XII, Part Subtitle D, Section 1237, Public Law 99-198, 16 U.S.C. 3865 et seq.

Funding Priorities

- a. Increase the number of applications for USDA NRCS Agriculture Conservation Easement Program – Wetlands Reserve Easements

Emphasis will be placed on projects that:

Involve respondents with a proven track record in:

- o Developing strategic action plans that result in an increase participation in a government program.
- o Utilize proven and innovative methods to increase program participation
- o Ability to use tools to determine and target eligible landowners

- b. Deliver detailed data on subaqueous soil physical and chemical properties and their spatial distribution throughout Little Assawoman Bay in Sussex County, DE.

Emphasis will be placed on projects that:

- Show ability to provide a systematic and proper inventory of the soil resources in Little Assawoman Bay.
 - Meet all National Cooperative Soil Survey (NCSS) standards for order 2 soil survey products.
- c. Complete cultural resource reviews for the completion of Cultural Resources Archival Research and Pedestrian Inventories.

Emphasis will be placed on projects that:

- Utilize cultural resources professionals that meet the Secretary of Interior's professional standards as specified in Section 112(a)(1)(A) of the NHPA and in the implementing regulations for Section 106 of the NHPA at 36 CFR 800.2(a)(1) and 36 CFR 800.2(a)(3).
- d. Provide assistance with the following key conservation objectives:
 - Projects that will provide direct technical services to assist producers to plan and/or implement conservation practices throughout Delaware.

Emphasis will be placed on projects that:

- Provide direct technical assistance to address critical conservation needs and result in any of the following: Development of conservation plans, conservation implementation and/or assistance with farm bill applications/contract management including status reviews.
 - Provide technical services in support of conservation easements.
 - Leverage non-Federal and non-government resources to achieve positive natural resources conservation outcomes.
 - Provide county-level and one-on-one outreach to farmers and landowners on USDA conservation programs and services.
- e. To leverage NRCS and Partner resources to:
 - Develop the tools, technologies, and strategies to support next-generation conservation efforts on working lands in Delaware and develop market-based solutions to resource challenges.

Emphasis will be placed on projects that:

- Inspire creative problem-solving that boosts production on farms, ranches, and private forests - to improve water quality, soil health, and wildlife habitat.
- f. To leverage NRCS and Partner resources to:

- Conduct an economic analysis on high priority best management practices in Delaware such as nutrient management, manure storage, animal mortality, cover crop, heavy use area protection (HUAPS) and others.

Emphasis will be placed on projects that:

- Involve calculation of the costs and benefits of adopting new practices versus existing practices and emphasize the economic and financial considerations of the adoption of the new practices as important parts of the decision process.

B. FEDERAL AWARD INFORMATION

1. Estimated Funding

The total amount of Federal funding the agency expects to award through this announcement is \$500,000.

2. Start Dates and Performance Periods

Projects may be between one and three years in duration. Applicants should plan their projects based on a project start date of April 15, 2019.

3. Type of Federal Award

The agency plans to award a grant or cooperative agreement pursuant to this opportunity. With regard to cooperative agreements the agency will be substantially involved in the work performed under the agreement and will undertake activities such as the following:

- (i) Authority to suspend work if specifications or work statements are not met
- (ii) Review and approval of one stage of work before another may begin
- (iii) Review and approval of substantive provisions of proposed sub grants or contracts beyond existing Federal policy
- (iv) NRCS and recipient collaboration or joint participation
- (v) Project monitoring to permit specified kinds of direction or redirection of the work because of interrelationships with and impacts on other projects
- (vi) Highly prescriptive NRCS requirements that limit recipient discretion
- (vii) Review and approval of key personnel
- (viii) Direct NRCS operational involvement or participation during the activity

4. Number of Awards

The agency expects to make 3 award(s).

5. Procurement Contracts

The agency does expect to award procurement contracts associated with this announcement.

6. Eligibility of Renewal or Supplemental Project Applications

Applications for renewal or supplementation of existing projects are eligible to compete with applications for new Federal awards. An application for renewal

means a proposal submitted to continue an existing agreement that meets the objectives and requirements of this NFO. An application for supplementation of an existing project means a proposal to add components to an existing agreement so that it would meet the objectives and requirements in this NFO.

C. ELIGIBILITY INFORMATION

1. Eligible Applicants

Applicants and applications must meet eligibility criteria by the application deadline to be considered for award. Eligible applicant type is determined by the implementing program statute.

All Non-Federal Entities and individuals, are eligible to apply for projects carried out in Delaware. Individuals and entities may submit more than one application. Individuals and entities may receive more than one award.

2. Cost Sharing or Matching

There is no cost sharing or matching requirement for this opportunity.

3. Other (if applicable)

Applicant entities identified in the SAM.gov Exclusions database as ineligible, prohibited/restricted or excluded from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits will not be considered for Federal funding, as applicable to the funding being requested under this Federal program (2 CFR 200.205(d)).

D. APPLICATION AND SUBMISSION INFORMATION

1. Address to Request Application Package

All standard forms necessary for this announcement are included in the [Grants.gov](https://www.grants.gov) application package. Applicants may request paper copies of materials by contacting Eileen Campbell at 302-678-4161 or by written request mailed to Eileen.campbell@de.usda.gov or at 1221 College Park Dr. Suite 100, Dover, Delaware 19904.

2. Content and Form of Application Submission

To be considered for funding under this opportunity, an application must contain:

- a. **Application Form:** (Standard Form 424 Application for Federal Assistance) Applicants must use this document as the cover sheet for each proposal. See Instructions for Completing SF 424 located in the Related Documents tab of this announcement on Grants.gov.
- b. **Standard Form (SF) 424A, Budget Information - Non-Construction Programs.** Fill in all spaces as appropriate. Section B, Item 6, Column 1 should reflect the agency funds, and Column 2, if applicable, should reflect

the applicant's matching funds. This form is the summary budget for the project. See Instructions for Completing SF 424A located in the Related Documents tab of this announcement on Grants.gov.

- c. **Budget Narrative** - In a separate narrative titled "Budget Narrative", explain and justify all requested budget items/costs. Detail how the totals on the SF-424A were determined and demonstrate a clear connection between costs and the proposed project activities. For personnel salary costs, include the base-line salary figures and the estimates of time (as percentages) to be directly charged to the project. Describe any item that under the applicable Federal cost principles requires the agency's approval and estimate its cost. See Instructions for Completing Budget Narrative located in the Related Documents tab of this announcement on Grants.gov.

- i. As required in Title 2 of the Code of Federal Regulations Part 200, Subpart F Audit Requirements, all U.S. states, local governments, federally-recognized Indian tribal governments, and non-profit organizations expending \$750,000 USD or more in Federal award funds in a fiscal year must submit a Single Audit report for that year through the Federal Audit Clearinghouse's Internet Data Entry System. Therefore, any U.S. states, local governments, federally-recognized Indian tribal governments, and non-profit organizations applying under this opportunity must include one of the following statements in its budget narrative:

"My organization was required to submit a Single Audit report last year. The reporting period covered was from (insert date) to (insert date). This report, filed under EIN # (insert EIN), is available on the Federal Audit Clearinghouse Single Audit Database website (<https://harvester.census.gov/facweb/>) or will be by (insert date)."

OR

"My organization was not required to submit a Single Audit report last year."

- ii. **Required Indirect Costs Statement** - All applicants except individuals applying for funds separate from a business or non-profit organization he/she may operate must complete and attach the Indirect Costs Statement located in the Related Documents tab of this announcement on Grants.gov.

- d. **Standard Form (SF) 424B, Assurances - Non-Construction Programs.** Applicants, by signing and submitting an application, assure and certify that they are in compliance with the following Federal regulations:

- 2 CFR Part 417, Government wide Debarment and Suspension (Non-procurement)

- 4 CFR Part 418, New Restrictions on Lobbying
- 2 CFR Part 421, Government wide Requirements for Drug Free Workplace (Financial Assistance)

- e. **Certification and Disclosure of Lobbying Activities** - Under Title 31 of the United States Code, Section 1352, an applicant or recipient must not use any federally appropriated funds (both annually appropriated and continuing appropriations) or matching funds under a grant or cooperative agreement award to pay any person for lobbying in connection with the award. Lobbying is defined as influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress connection with the award. Submission of an application also represents the applicant's certification of the statements in 2 CFR Part 418, Appendix A-Certification Regarding Lobbying. If you/your organization have/has made or agrees to make any payment using non-appropriated funds for lobbying in connection with this proposal AND the Federal share exceeds \$100,000, you must also complete and submit the SF LLL, Disclosure of Lobbying Activities located at 2 CFR 418, Appendix B. See 2 CFR, Subpart 418.110 for more information on when additional submission of this form is required.

- f. **AD-3031**, Assurance Regarding Felony Conviction and Tax Delinquent Status for Corporate Applicants. Although the text of this document states it is applicable only to corporate entities, USDA policy requires that all entity types complete it.

- g. **Proposal**
 The proposal must include the following information:
 - a. Proposal background: Describe the issue or problem. Include the geographic area and those who will be affected and benefit from this project proposal.
 - b. Project objectives and methods: Be specific using qualitative and quantitative measures, if possible, to describe the project's purpose and goals.
 - c. Project action plan and timeline: Provide a table listing project actions, timeframes, and associated milestones through project completion. Anticipated start date after August 1, 2018 but subject change. Proposals should have flexible start dates with timelines shown relative to the execution of an agreement.
 - d. Project Management: Give a detailed description of how the project will be organized and managed. Include a list of key project personnel, their relevant experience, and their anticipated contributions to the project. Identify who will participate in monitoring and evaluating the project.
 - e. Project deliverables/products: Provide a list of specific deliverables and products that will allow NRCS to monitor progress and make payment. In addition to proposal- specific deliverables, selected applicants will be required to provide the following:
 - 1) Semi-annual or annual progress reports;

- 2) Supplemental narratives or brief updates that indicate progress that explain and support payment requests; and
 - 3) A final report.
- f. References, bibliographies, and citations, if included, do not count towards the 12-page maximum.

Each page must be on numbered 8½” x 11” paper with one-inch margins. The text of the proposal must be single spaced and typed in New Times Roman, no smaller than 12 point font and must not exceed 12 pages.

Proposals that fail to comply with the required content and format will not be considered for funding. **Material exceeding stated page limits and/or formatting structure will not be considered.** Incomplete and/or noncompliant proposals will not be considered.

h. **Post Award Documentation** – N/A

3. Unique entity identifier and System for Award Management (SAM)

Each applicant (unless the applicant is an individual excepted from those requirements under 2 CFR §25.110(b) or (c), or has an exception approved by the Federal awarding agency under 2 CFR §25.110(d)) is required to: (i) Be registered in SAM before submitting its application; (ii) provide a valid unique entity identifier (Data Universal Numbering System (DUNS) number) in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency. The agency may not make a Federal award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with the requirements by the time the agency is ready to make an award, it may determine that the applicant is not qualified to receive a Federal award and use that determination as a basis for making a Federal award to another applicant.

Entities must obtain a DUNS and register in SAM prior to registering with Grants.gov. A description of each is below. Entities are strongly encouraged to apply early for their DUNS number and SAM registration.

Data Universal Numbering System (DUNS) Number: A Dun and Bradstreet DUNS number is a unique, nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. Applicants must obtain a DUNS number. Information on how to obtain a DUNS number can be found at <http://fedgov.dnb.com/webform> or by calling 1-866-705-5711.

System for Award Management (SAM) Registration: SAM is the official Federal system that consolidated the capabilities of Central Contractor Registry, Federal Agency Registration, Online Representations and

Certifications Application, and Excluded Parties List System. To register, go to: <https://www.sam.gov/portal/public/SAM>. The Federal Service Desk is available for registration assistance, and can be contacted via the Help tab at the website listed above.

4. Submission Dates and Time

Applicants may submit proposals via Grants.gov or via e-mail to the following address: Eileen.campbell@de.usda.gov. Proposals must be received by 11:00AM EST on April 05, 2019. Late submissions will not be reviewed or considered. The agency will rely on system generated date and time receipt documentation for submission made both via Grants.gov and e-mail to determine whether applications meet the submission deadline. Grants.gov provides an automatic acknowledgement when applications are received. Applicants who make submission via e-mail must contact Eileen Campbell at Eileen.Campbell@de.usda.gov to confirm receipt.

5. Intergovernmental Review

This funding opportunity is not subject to Executive Order 12372, "Intergovernmental Review of Federal Programs."

6. Funding Restrictions

Funds may not be used to pay any of the following costs unless otherwise permitted by law, or approved in writing by the Authorized Departmental Officer in advance of incurring such costs:

- Costs above the amount of funds authorized for the project;
- Costs incurred prior to the effective date of the grant;
- Costs which lie outside the scope of the approved project and amendments thereto;
- Entertainment costs, regardless of their apparent relationship to project objectives;
- Compensation for injuries to persons, or damage to property arising out of project activities;
- Consulting services performed by a Federal employee during official duty hours when such consulting services result in the payment of additional compensation to the employee; and
- Renovation or refurbishment of research or related spaces, the purchase or installation of fixed equipment in such spaces, and the planning, repair, rehabilitation, acquisition, or construction of buildings or facilities.

This list is not exhaustive. Questions regarding the allowances of particular items of cost should be directed to the administrative contact person listed in this announcement.

Indirect costs limitations:

- a. A non-profit organization or institution of higher education awarded a cooperative agreement will be limited to a 10% indirect cost rate in accordance with the Agency's annual appropriations act. The 10% indirect cost rate applies to both federal and non-federal funds. Other types of entities are not subject to this statutory limitation.
- b. To be eligible to recover any indirect cost under a Federal award, recipients must either 1) have a current negotiated indirect cost rate agreement (NICRA) with a Federal agency that has not expired; or 2) qualify for use of the de minimis rate authorized by 2 CFR 200.414(f). In order to qualify for the de minimis rate, the recipient must have never had a NICRA. A State, local, or tribal governmental department or agency unit that receives more than \$35 million in direct Federal funding is not eligible for the de minimis rate.
- c. Recipients with a NICRA not subject to the 10% indirect cost rate statutory limitation must calculate indirect costs using the rate and base specified in their NICRA. A recipient may voluntarily reduce or waive recovery of indirect costs at its sole discretion and must not be encouraged or coerced in any way to do so by the agency. If voluntarily reduced or waived, the recipient may choose to apply any unrecovered indirect costs as part of their cost share or match. Unrecovered indirect cost means the difference between the amount charged to the Federal award and the amount which could have been charged to the Federal award under the recipient's approved negotiated indirect cost rate (2 CFR 200.306(c)). A copy of the applicant's current NICRA must be provided with the application. Indirect costs may not be recovered under an expired NICRA.
- d. Entities that are eligible for the de minimis rate who already have a de minimis rate agreement must use the rate and base specified in the agreement, which is modified total direct costs (MTDC) as defined by 2 CFR 200.68. Note that MTDC excludes certain costs from the base to which the rate is applied. A copy of the applicant's de minimis rate agreement must be provided with the application. If a recipient is eligible to use the de minimis rate, but does not have a de minimis rate agreement, use an indirect cost rate of no more than 10% of MTDC when preparing the budget. If selected for award, a de minimis rate agreement will be executed along with the award. Applicants wishing to use the de minimis rate must submit a signed statement certifying that the entity 1) has never had a NICRA previously and 2) specifically request a de minimis rate agreement.
- e. Profit is not an eligible project cost. Therefore, any funds awarded to for-profit entities must be used for reimbursement of award related direct and indirect costs only.
- f. Applicants who are individuals applying for funds separate from a business or non-profit organization he/she may operate are not eligible to charge indirect

costs to their award. If you are an individual applying for funding, do not include any indirect costs in your proposed budget.

E. APPLICATION REVIEW INFORMATION

1. Merit/Technical Criteria

- a. Purpose, Approach, and Goals (25 points)
 - a. The purpose of the project is clearly explained and the rationale is explicit for why the innovative approach or technology is needed.
 - b. The design and implementation of the project is based on sound methodology and demonstrated technology;
 - c. The project outcomes are stated, measurable, and likely to be achieved; and
 - d. Both beneficial and adverse impacts are considered and a significant level of improvement will be achieved.
- b. Innovative Technology or Approach (25 points)
 - a. The project is innovative (national, regionally, and/or local in nature) according to the criteria for innovation in the CIG funding announcement; and
 - b. The project addresses one or more of the priority categories listed in the funding announcement.
- c. Project Management (20 points)
 - a. Timeline and milestones are clear and reasonable;
 - b. Project staff has necessary technical and administrative expertise;
 - c. The budget is adequately explained and justified, and expenses allowable; and
 - d. Proposal includes robust partnership with entities that can substantially assist with delivery of project outcomes.
- d. Benefits and Transferability (30 points)
 - a. The potential for producers and landowners to use or participate in the innovative technology(s) or approach(s);
 - b. The potential for NRCS to benefit from the innovative approach or methods, including (if appropriate) the development of materials such as technical standards, technical notes, handbooks, technology tools, etc.;
 - c. The potential to transfer the approach or technology to a broader audience or to other geographic areas or agricultural sectors; and d. The potential for successful transfer, through planned project activities, to Historically Underserved producers and communities.

Any proposed cost share provided will not be considered in the review process.

2. Risk Criteria

The agency will check SAM to ensure the applicant is not suspended or debarred, which would preclude receiving an award. In addition, prior to making a Federal

award with a total Federal share greater than the simplified acquisition threshold (\$250,000), the agency must review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (the Federal Awardee Performance Integrity Information System, FAPIIS) (see 41 U.S.C. 2313 and 2 CFR 200.205(a)).

To further comply with the requirements at 2 CFR 200.205, the agency has established the following risk review process and related standards that an applicant must meet to be considered for award:

- a. Financial Stability. The applicant certifies that it maintains adequate financial resources or cash flow to meet its financial obligations on a routine basis and successfully complete any agreement it may be awarded.
- b. Quality of Management Systems and Ability to meet Management Standards prescribed in 2 CFR Part 200. The applicant certifies it has a financial management system adequate to segregate and track federal funds. It further certifies it has adequate systems in place for proper agreement administration; compliance with the standards outlined in 2 CFR Part 200 Section D for procurement, property, and records management; and required financial and performance reporting.
- c. History of Performance. If the applicant has previously obtained Federal financial assistance award, it certifies that it has never failed to materially comply with the Federal award terms and conditions and further that it has never had an award terminated on that basis.

Submission of a proposal constitutes certification that an applicant meets these standards.

3. Review and Selection Process

Proposals will be screened for completeness and compliance with the provisions of this notice. Incomplete, noncompliant, and/or proposals not meeting the formatting criteria will be eliminated from competition, and notification of elimination will be sent to the applicant. The agency intends to make a selection and award without conducting any discussions or allowing applicants to correct deficiencies or omissions in their applications. Consequently, they must ensure their applications are complete and accurate. However, while the agency intends to make a selection and award without discussions, it reserves the right to conduct discussions for the purpose of allowing applicants to revise their applications to correct deficiencies or omissions identified by the NRCS. If this is done, the agency will conduct discussions with all applicants and identify deficiencies and omissions and give applicants an opportunity to submit a revised application by a common cut-off date.

Merit/technical reviews will be conducted by a technical review board nominated by the approving official. Risk reviews will be conducted by the Grants and Agreements Service Branch. The approving official will make the final award

decisions. The approving official for this opportunity is the Delaware State Conservationist.

4. Awards Over the Simplified Acquisition Threshold

Notice to applicants:

- a. Prior to making a Federal award with a total Federal share greater than the simplified acquisition threshold, the agency must review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (the Federal Awardee Performance Integrity Information System, FAPIIS) (see 41 U.S.C. 2313 and 2 CFR 200.205(a));
- b. An applicant may review information in FAPIIS accessible through SAM and comment on any information about it that a Federal awarding agency previously entered;
- c. The agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in 2 CFR 200.205, Federal awarding agency review of risk posed by applicants.

5. Anticipated Announcement and Federal Award Dates

The agency anticipates announcing or notifying successful and unsuccessful applicants within 30 days of deadline date. Award dates will be determined by the availability of funds and NRCS workloads.

F. FEDERAL AWARD ADMINISTRATION INFORMATION

1. Federal Award Notices

The agency will provide notice that an application has been selected before it actually makes the Federal award. As such, the selection notification is not an authorization to begin performance. Any pre-award costs incurred by the awardee will not be reimbursed. The Notice of Grant and Agreement Award (form NRCS-ADS-093) signed by the authorized agency representative is the only authorizing document, and will be provided electronically to the entity's authorized representative for signature.

Both successful and unsuccessful applicants will be notified of the award decision via letter.

2. Administrative and National Policy Requirements

All project funds will be used in accordance with 2 CFR 200 and NRCS' General Terms and Conditions; a copy of the General Terms and Conditions may be obtained by contacting the Federal Awarding Agency Contacts listed in this announcement.

3. Reporting

Reporting will follow NRCS' General Terms and Conditions, but will generally include electronic submission of semiannual progress reports, quarterly financial status reports, and final reports.

If the Federal share of any agreement awarded under this opportunity notice may include more than \$500,000 over the period of performance, recipients must also comply with the post award reporting requirements reflected in Appendix XII of 2 CFR Part 200 —Award Term and Condition for Recipient Integrity and Performance Matters.
