2. Executive Summary

The U.S. Mission to Germany announces two funding opportunities for alumni of U.S. government-sponsored exchange programs to strengthen the transatlantic relationship as the United States commemorates the 250th anniversary of its founding (Freedom 250).

The 2026 Alumni Engagement Innovation Fund (AEIF) supports alumni-led projects that advance U.S. policy objectives and amplify the impact of U.S. exchange programs. AEIF provides funding for alumni to apply skills gained during their exchanges to address community priorities. Projects must promote Freedom 250 and align with priorities such as making the United States safer, stronger, and more prosperous, or defending freedom of speech.

Under Goal 1 (AEIF Projects), the program will support alumni-led projects (teams of at least two alumni) that increase the impact of U.S. exchange programs by advancing U.S. policy objectives and promoting shared U.S.–German interests. Proposals from \$5,000 to \$35,000 must convene alumni networks, strengthen alumni engagement with the U.S. government, or support alumni leadership and community-based initiatives.

Under Goal 2 (Alumni Summits), the program will support U.S. government–funded initiatives of up to \$40,000 for single-country projects designed to engage alumni in advancing U.S. policy priorities and Freedom 250 themes. Proposals should demonstrate strong alumni engagement in Germany, include plans for follow-on activities.

Applicants are encouraged to propose projects in areas such as sports diplomacy, science, technology and space cooperation, alumni engagement, and countering anti-Semitism. All projects must include strong U.S. elements, clearly defined German audiences, and measurable outcomes.

Please follow all instructions below.

C. PROGRAM DESCRIPTION

1. Project Background, Goals, and Objectives

The United States and Germany share a robust transatlantic partnership rooted in shared democratic and rule-of-law traditions, economic cooperation, and enduring people-to-people ties. As the United States commemorates its 250th anniversary (Freedom 250), this program offers a unique opportunity to highlight the depth of U.S.–German cooperation and to engage new audiences.

Central to these efforts are alumni of U.S. government-sponsored exchange programs, who serve as multipliers of transatlantic cooperation and as catalysts for positive engagement in their communities. However, to maximize the long-term impact of these investments, continued alumni engagement and the expansion of alumni networks are essential. Best practices from previous projects highlight the importance of sustained engagement, local leadership, and strategic partnerships. Successful initiatives have leveraged alumni expertise, built strong community ties, and incorporated follow-on activities to ensure lasting impact. Conversely, projects lacking clear objectives, measurable outcomes, or robust follow-up have struggled to achieve meaningful results. Lessons learned underscore the need for well-defined goals, broad-based outreach, and mechanisms for ongoing collaboration.

Building on these experiences, the 2026 AEIF competition in Germany seeks to support innovative, alumni-led projects that promote Freedom 250 and advance U.S. foreign policy priorities. Applicants may submit proposals under one of the following program goals:

Goal 1: Alumni Engagement Innovation Fund (AEIF) Projects

This goal will support alumni-led initiatives that strengthen exchange alumni networks, advance U.S. policy objectives, and promote shared U.S.–German interests. All projects must celebrate and promote Freedom 250 and align with policy goals such as making the United States safer, stronger, and more prosperous, or defending freedom of speech. Projects should build or expand alumni networks, enhance alumni engagement with the U.S. government, or support alumni leadership and community-based initiatives.

In addition, AEIF projects must address at least one of the following:

1. Convene alumni from different exchange programs to build or expand collaborative alumni networks and increase regional or global cooperation.
2. Strengthen the relationship between alumni and the U.S. government to address shared goals and challenges.
3. Support alumni leadership development and community-based initiatives with measurable impact.

The Embassy seeks innovative programs that highlight transatlantic cooperation through workshops, innovation labs, expert exchanges, or partnerships with U.S. institutions including American universities. Programs may promote leadership, skills building, mentoring, and teamwork through youth engagement or peer-to-peer activities. Applicants are encouraged to

incorporate interactive elements, mentorship, and opportunities for sustained engagement beyond the project period.

Goal 2: Alumni Summits

This goal will support U.S. government-led or alumni-driven events designed to engage exchange alumni and strengthen transatlantic collaboration. For FY2026, Alumni Summits are integrated into the AEIF competition to streamline administration and better align resources with strategic goals.

All Alumni Summit proposals must promote Freedom 250 and align with U.S. policy priorities, including defending freedom of speech. Summits should convene alumni from multiple exchange programs and/or sectors to foster collaboration, exchange best practices, and address shared challenges.

Competitive proposals will demonstrate strong alumni engagement and include interactive formats such as workshops, panel discussions, networking sessions, and collaborative project development. Proposals may focus on key themes such as innovation, research security, freedom of speech, AI, or transatlantic relations.

Project Audience(s):

The primary beneficiaries of AEIF projects and Alumni Summits are U.S. government-sponsored exchange program alumni and their communities, as well as members of the general public interested in transatlantic relations and U.S.–German cooperation.

Substantial Involvement

For awards issued as cooperative agreements, the U.S. Embassy Public Diplomacy Section (PDS) anticipates substantial involvement in the implementation of selected projects. D. APPLICATION CONTENTS AND FORMAT

Please follow all instructions below carefully. Proposals that do not meet the requirements of this announcement or fail to comply with the stated requirements will be ineligible.

Content of Application

Please ensure:

- The proposal clearly addresses the goals and objectives of this funding opportunity
- All documents are in English
- All budgets are in U.S. dollars
- All applicant authorized signatures are provided where indicated on the various, required forms.

The following documents are **required**:

1. Mandatory application forms

- SF-424 (Application for Federal Assistance – organizations) or SF-424-I (Application for Federal Assistance –individuals) at [Home | Grants.gov](#) or <https://de.usembassy.gov/pd-grants/>
- SF424A (Budget Information for Non-Construction programs).
- SF424B (Assurances for Non-Construction programs). *The SF-424B is only required for individuals, organizations exempt from registration, and for organizations not required to fully register in SAM.gov).*

2. Proposal (8 pages maximum)

The proposal should contain sufficient information so that anyone not familiar with it would understand exactly what the applicant wants to do. You may use your own proposal format, but it must include all the items below.

- **Proposal Summary:** Short narrative that outlines the proposed project, including project objectives and anticipated impact.
- **Introduction to the Organization or Individual applying:** A description of past and present operations, showing ability to carry out the program, including information on all previous grants from the State Department and/or U.S. government agencies as well as

experience with and expertise in areas related to those described in the NOFO. Applicants are encouraged, but not required, to use the attached Applicant Organization Information Survey form to provide this information (Attachment #8). If the applicant chooses not to use the attached form, all of the requested information from the form will still need to be addressed in the application package.

- **Problem Statement:** Clear, concise and well-supported statement of the problem to be addressed and why the proposed program is needed
- **Program Methods, Design, Activities, and Deliverables:** The “goals” describe what the program is intended to achieve. The “objectives” refer to the intermediate accomplishments on the way to the goals. These should be achievable and measurable. Describe the program activities and how they will help achieve the objectives.
- **Proposed Project Schedule and Timeline:** The proposed timeline for the program activities. Include the dates, times, and locations of planned activities and events.
- **Key Personnel:** Names, titles, roles and experience/qualifications of key personnel involved in the program. What proportion of their time will be used in support of this program?
- **Project Partners:** List the names and type of involvement of key partner organizations and sub-awardees (if applicable).
- **Monitoring & Evaluation Plan:** Proposals must include a draft Monitoring and Evaluation (M&E) Performance Monitoring Plan (PMP). The M&E PMP should show how applicants intend to measure and demonstrate progress towards the project’s objectives and goals. Attachment #7 of this funding opportunity contains a template that may be used to fulfill this requirement. While the grantee is free to create their own template, completing Attachment #7 will ensure a thorough PMP.

The key components to the PMP are as follows:

- **Monitoring and Evaluation Narrative:** In narrative form, applicants should describe how they intend to monitor and evaluate the activities of their award. In addition, the applicant should describe any M&E processes, including key personnel, management structure (where M&E fits into the overall program’s staff structure), technology, and as well provide a brief budget narrative explaining any line-item expenditures for M&E listed in the program’s budget. If the proposal is from a prior grantee, the proposal discusses how the grantee has adapted, improved or otherwise modified their approach based on learning from previous experience. This narrative is limited to two pages.
- **Theory of Change Diagram:** Applicants are expected to submit either a Theory of Change diagram or an If-Then Statement that illustrates how project activities will lead to intended outcomes.
- **Monitoring and Evaluation Datasheet:** The applicant must include their proposed activities and their expected outputs and outcomes as well as the goals and objectives as written in the NOFO. The datasheet’s purpose is to explicitly illustrate how a project’s

activities lead to tangible results (such as increased beneficiary skills, knowledge, or attitudes) that ultimately address a PDS objective.

- The selected applicant's M&E PMP is subject to review and approval before any award will be issued under this NOFO. The selected applicant will be required to work with the Public Diplomacy Section's Monitoring and Evaluation Specialist to ensure the applicant's M&E PMP achieves an expected level of expertise and meets PDS objectives.
- Expenses directly associated with monitoring and evaluation are considered allowable. The suggested template includes a space to list the portion of the total budget amount directly associated with monitoring and evaluation activities.

3. Budget Justification Narrative

- **Detailed Budget** - Applicants must submit a detailed line-item budget. Applicants are encouraged to utilize the template provided with the funding opportunity but are not required to do so (Attachment #6 - Budget Template). Line-item expenditures should be listed in the greatest possible detail. The budget must identify the total amount of funding requested, with a breakdown of amounts to be spent in the following budget categories: personnel; fringe benefits; travel; equipment; supplies; consultants/contracts; other direct costs; and indirect costs. See Annex Section I for a description of the types of costs that should be included in each category. Personnel salaries should include the level of effort and the rate of pay, which should cover the percentage of time each staff member will dedicate to grant-based activities. If an organization is charging an indirect cost rate without a NICRA, it must apply it to the modified total budget costs (MTDC), refer to [2CFR§200.1](#). **Budgets shall be submitted in U.S. dollars** and final grant agreements will be conducted in U.S. dollars.
- **Budget Justification Narrative** – Applicants must submit a budget justification narrative to accompany the detailed line-item budget. The purpose of the budget justification narrative is to supplement the information provided in the detailed budget spreadsheet by justifying how the budget cost elements are necessary to implement project objectives and accomplish the project goals. The budget justification narrative is a tool to help Embassy staff fully understand the budgetary needs of the applicant and is an opportunity to provide descriptive information about the requested costs beyond the constraints of the budget template. Together, the detailed budget spreadsheet, the budget justification narrative, and the SF-424A should provide a complete financial and qualitative description that supports the proposed project plan and should be directly relatable to the specific project components described in the applicant's proposal.

 - The organization demonstrates that it has a clear understanding of the underlying issue that the project will address.
 - The organization demonstrates capacity for successful planning and responsible fiscal management. This includes a financial management system, a bank account, and if applicable, satisfactory audit findings.
 - Applicants who have received grant funds previously have been compliant with applicable rules and regulations, including the Award Provisions and Standard Terms and Conditions.
 - Where partners are described, the applicant details each partner’s respective role and provides curriculum vitae (CVs) for persons responsible for the project and financial administration. Proposed personnel, institutional resources, and partners are adequate and appropriate.
- **Project Planning/Ability to Achieve Objectives** – 20 points: The project plan is well developed, with sufficient detail about how activities will be carried out. The proposal specifies target audiences, participant recruitment, and geographic areas of implementation. The proposal outlines clear, achievable objectives. The proposal includes a reasonable implementation timeline. The project scope is appropriate and clearly defined.

- **Budget** – 10 points: The budget and narrative justification are sufficiently detailed. The budget demonstrates that the organization has devoted time to accurately determine expenses associated with the project instead of providing rough estimates. Costs are reasonable in relation to the proposed activities and anticipated results. The results and proposed outcomes justify the total cost of the project. Budget items are reasonable, allowable, and allocable.
- **Monitoring and Evaluation** - 10 points: There is a complete and thorough draft submission of a M&E Performance Monitoring Plan (PMP). This will include a list of proposed project activities, corresponding milestone, output, and outcome indicators, a description of data collection methods, and a timeline for collecting such information. The proposal presents a clear theory of change on how the program will address that problem. Use of the suggested template (Attachments #7) will satisfy these requirements. Funded projects will have their plans finalized during the negotiation phase, and monitoring plans may be subject to periodic updates throughout the life of the project.
- **Sustainability** – 5 points: The project proposal describes clearly the approach that will be used to ensure maximum sustainability or advancement of project goals after the end of project activity.

2. Indirect Costs

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

3. Review and Selection Process

- a. Acknowledgement of receipt. Applicants will receive acknowledgment of receipt of their proposal.
- b. Review. All submissions are screened for technical eligibility. **If a submission is missing any required forms/documents listed above in [Section D. Application Contents and Format](#), it will be considered ineligible and will not be reviewed by the grants review committee.** A technical review panel will review eligible proposals based upon the criteria noted in this NOFO.
- c. Follow up notification. Applicants will generally be notified within 120 days after the NOFO deadline regarding the results of the review panel.

4. Risk Review

- i. Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award the Department will review and consider the following risk factors:
 - a. Financial stability
 - b. Management systems and standards

- c. History of performance
- d. Audit reports and findings
- e. Ability to effectively implement project requirements

ii. High Risk Designation

Awardees that are deemed to be high risk based on the above risk factors will be held to special award conditions. At a minimum, the recipient and/or project designated as High Risk will be required to submit monthly narrative reports and/or quarterly detailed financial reports. Recipients may also be required, upon request of the Grants Officer or Grants Officer Representative, to provide electronic copies of receipts or other supporting documentation (e.g., timesheets, travel documents) for costs incurred. The Grants Officer may withhold 10% of the award amount until final reports have been reviewed and approved by the GO. The recipient may be required to pay all salaries supported by the grant via electronic funds transfer. Other special award conditions may also be included if deemed appropriate by the Grants Officer.

G. AWARD NOTICES

The award or cooperative agreement will be written, signed, awarded, and administered by the Grants Officer. The award agreement is the authorizing document, and it will be provided to the recipient for review and counter-signature. The recipient may only start incurring project expenses beginning on the start date shown on the award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received.

Payment Method:

Recipients will be required to request payments by completing form SF-270—Request for Advance or Reimbursement and submitting the form to the Grants Officer and Grants Officer Representative.

Recipients may not draw down funds without the affirmative authorization of the Department of State. In addition, recipients must submit, with each SF-270 payment request, a detailed explanation justifying the request.

H. POST-AWARD REQUIREMENTS AND ADMINISTRATION

1. *Administrative and National Policy Requirements*

Before submitting an application, applicants should review all the terms and conditions and required certifications which will apply to this award, to ensure that they will be able to comply.

These include:

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department of State will review and consider applications for funding, as applicable to specific programs, pursuant to this notice of funding opportunity in accordance with the following:

- [Guidance for Grants and Agreements in Title 2 of the Code of Federal Regulations](#) (2 CFR), as updated in the Federal Register's 89 FR 30046 on April 22, 2024, particularly on:
 - Selecting recipients most likely to be successful in delivering results based on the program objectives through an impartial process of evaluating Federal award applications (2 CFR part 200.205),
 - Promoting the freedom of speech and religious liberty in alignment with *Promoting Free Speech and Religious Liberty* (E.O. 13798) and *Improving Free Inquiry, Transparency, and Accountability at Colleges and Universities* (E.O. 13864) (§§ 200.300, 200.303, 200.339, and 200.341),

 - Terminating agreements pursuant to the U.S. Department of State Standard Terms and Conditions, including, to the greatest extent authorized by law, if an award no longer effectuates the program goals or agency priorities (2 CFR part 200.340). For the avoidance of doubt, the Department has sole discretion over the determination that an award no longer effectuates program goals or agency priorities, and this provision permits awards to be terminated at the Department's convenience, including when it determines that the award no longer advances the national interest.

2. *Reporting*

Reporting Requirements: Recipients will be required to submit financial reports and program reports. The award document will specify what reports are required and how often these reports must be submitted. *Note:* most recipients will be required to submit quarterly program progress and financial reports throughout the project period. The quarterly progress report should include an up-to-date copy of the PMP datasheet. Progress and financial reports are due 30 days after the reporting period. Final certified programmatic and financial reports are due 120 days after the close of the project period.

All reports are to be submitted electronically.

The Awardee must also provide the Embassy on an annual basis an inventory of all the U.S. government provided equipment using the SF428 form.

Foreign Assistance Data Review: As required by Congress, the Department of State must make progress in its efforts to improve tracking and reporting of foreign assistance data through the Foreign Assistance Data Review (FADR). The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.

3. *Branding and Marking*

The Department of State, its programs, and U.S. Government funding and assistance should be easily identifiable to the Department's global audiences.

Recipients of federal assistance awards must follow the branding guidance published at Guidance for Contracts and Grants - U.S. Department of State Brand System. Branding policy exceptions are outlined in the U.S. Department of State Foreign Affairs Manual 10 FAM 416, Policy Exceptions.

I. OTHER INFORMATION

Guidelines for Budget Justification

Personnel and Fringe Benefits: Describe the wages, salaries, and benefits of temporary or permanent staff who will be working directly for the applicant on the program, and the percentage of their time that will be spent on the program.

Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel.

Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least \$10,000 per unit.

Supplies: List and describe all the items and materials, including any computer devices, that are needed for the program. If an item costs more than \$10,000 per unit, then put it in the budget under Equipment.

Contractual: Describe goods and services that the applicant plans to acquire through a contract with a vendor. Also describe any sub-awards to non-profit partners that will help carry out the program activities.

Other Direct Costs: Describe other costs directly associated with the program, which do not fit in the other categories. For example, shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 15% of Modified Total Direct Costs (MTDC) as defined in [2 CFR 200.1](#).

“Cost Sharing” refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

Alcoholic Beverages: Please note that award funds cannot be used for alcoholic beverages and other entertainment related expenses.

STEP Enrollment

U.S. citizens who travel to Germany are encouraged to enroll in the Department of State's Smart Traveler Enrollment Program (STEP) available at: <https://step.state.gov/step/>.
