Eligibility Information**Eligibility Category**

07 (Native American tribal governments (Federally recognized))

Additional Information on Eligibility (2,500 character limit):

To be eligible for funding, an applicant must be in one of the following:

- Federally recognized AI/AN tribal governments (i.e., Tribes) must provide an official letter from a currently elected tribal leader or a tribal resolution to demonstrate support from the Tribe

- Regional AI/AN tribally designated organizations must demonstrate support in the form of tribal resolutions or letters of support from currently elected tribal leaders from at least half of the Tribes within the organization's service area

Official email correspondence from elected leaders will be accepted. File should be named "Tribal Support" and uploaded as a PDF at www.grants.gov.

Any application that does not include this documentation will be considered non-responsive and it will not receive further review.

Statutory Authority

Section 317(k)(2) of the Public Health Service Act [42 USC 247b(k)(2), as amended].

Description (Grants.gov/Forecast) (18,000 character limit)

CDC announces a new five-year cooperative agreement for eligible American Indian and Alaska Native (AI/AN) federally recognized Tribal Nations and/or regional tribally designated organizations. This Program's purpose is to strengthen the quality, performance, and infrastructure of tribal public health systems, including workforce, data and information systems, and programs and services. This Program's ultimate outcome is to improve public health outcomes and health inequities in Indian country.
