The U.S. Embassy of New Zealand Public Diplomacy Section (PDS) of the U.S. Department of State announces an open competition for organizations and individuals to submit applications to carry out projects that will strengthen media capacity, provide media training, and/or provide substantive benefit to media networks in New Zealand and the Pacific by increasing and refining their ability to provide independent, accurate, and fair coverage of topics of importance to the Pacific to their audiences in New Zealand and the Pacific nations. Please follow all instructions below.

Priority Region: New Zealand and the Pacific.

Program Objectives:

This funding opportunity aligns with the United States' goal to strengthen democratic institutions, protect human rights, and accelerate the fight against disinformation. The second Summit for Democracy affirmed the commitment of the U.S. Government to support free and independent media around the world. Article 19 of the Universal Declaration of Human Rights states that "everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers". One of the key purposes of the U.S. Department of State's Bureau of Cyberspace and Digital Policy's "Democratic Roadmap; Building Civic resilience to the Global Digital Information Manipulation Challenge" is to recognize that building information integrity can be consistent with freedom of opinion and expression. The Roadmap states, "access to fact-based information is essential for citizens to form opinions and exercise their rights," a fundamental principle of democracy. Without access to fair and balanced media coverage, which starts with a resilient and informed media with the capacity to identify and counter disinformation, the democratic values that we share with our neighbors in the Pacific region will be at risk. This Funding Opportunity aims to provide assistance to organizations and/or individuals committed to the ideals of a media free from interference from outside sources of any kind.

Examples of the type of project funded by this Opportunity may include: media training provided to local, in-country media outlets; projects that supply subject-matter experts to work with local organization/s, institution/s or individuals; or programs that will promote an audience's understanding of policy, democracy, and political insights.

Programs funded as part of this Opportunity are intended to strengthen media capacity, provide media training, and/or provide substantive benefit to media networks in ways that

- 1) enhance media outlets' ability to identify and counter erroneous information and malign influence, and
- 2) assist organizations to deliver rigorous, independent, accurate, and fair coverage.

Projects should be practical rather than theoretical in nature.

Expenses that can be covered by this funding include, but are not limited to:

- travel of subject matter experts/trainers/media staff including airfares, accommodation and Per Diem in accordance with U.S. Government daily rates available [here](#)
- Supplies and materials required for training programs, including printing costs
- Honorariums for subject matter experts up to \$200 per day
- Rental of conference/training facilities
- Rental of equipment as needed for training programs

Participants and Audiences:

- Demonstrate a desire to further democratic values for their audience
- Be an established media outlet or media professional (5 years or more experience and with a media qualification).

All organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration with the SAM.gov. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

Note: As of April 2022, a DUNS number is no longer required for federal assistance applications.

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before an award is processed and/or directed to a sub-grantee.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI number prior to registering in SAM.gov.

- **Please note that as of November 2022 and February 2022 respectively, organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO Commercial and Government Entity (NCAGE) code or CAGE code to apply for non-DoD foreign assistance funding opportunities.** If an applicant organization is mid-registration and wishes to remove a CAGE or NCAGE code from their SAM.gov registration, the applicant should submit a help desk ticket ("incident") with the Federal Service Desk (FSD) online at www.fsd.gov using the following language: "I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain a CAGE or NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated."

Organizations based outside of the United States and that DO NOT plan to do business with the DoD should follow the below instructions:

Step 1: Proceed to SAM.gov to obtain a UEI and complete the SAM.gov registration process. SAM.gov registration must be renewed annually.

Organizations based outside of the United States and that DO plan to do business with the DoD in addition to Department of State should follow the below instructions:

Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis if:

- An applicant's identity must be protected due to potential endangerment of their mission, their organization's status, their employees, or individuals being served by the applicant.
- For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing a justification of their request.
