Program Description

Overview

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Through this solicitation, OVC seeks to provide funding to organizations that demonstrate innovative strategies to create, expand, or enhance the use of technology in innovative ways to interact directly with crime victims and/or to provide information, referrals, crisis assistance, and longer-term help.

Statutory Authority

34 U.S.C. § 20103(c)(1)(A)

Specific Information

Through this program, OVC will support initiatives to maximize the use of technology to improve and increase access to crime victim services. Funding under this initiative may support technology development and maintenance; the staff required to operate, update, and maintain the proposed platform or service; training and technical assistance on the purpose and use of the technology (including outreach and publicity activities); and staff engaged in coalition-building activities regarding the use of technology. This funding should not supplant or duplicate currently funded initiatives in these areas. Applicants who propose to use this funding for ongoing, rather than new, initiatives must specify how these funds would be used to expand or enhance current services while not duplicating existing efforts.

Goals, Objectives, Deliverables, and Timeline

Goals

Purpose Area 1: The goal of this program is to develop innovative strategies to create, expand, or enhance the use of technology to improve response, services, and access for victims of crime.

Purpose Area 2: The goal of this program is to enhance or expand capacity of a national victim service hotline.

Objectives

Purpose Area 1: The objective of this program is to identify gaps in technology that can be enhanced by building the organization's technological capacity to increase access and provide timely victim services that are sustainable, safe, and align with [OVC Model Standards](#).

Purpose Area 2: The objective of this program is to expand a national hotline to interact directly with crime victims and/or to provide information, referrals, crisis assistance, and longer-term help. The hotline should be staffed by experienced case managers who provide direct service provision and personalized support to crime victims, using trauma-informed approaches that protect the safety and confidentiality of victims. The hotline, at a minimum, should incorporate the following approaches:

- Utilize skilled case managers who can assess the needs of the victim and identify relevant next steps.
- Identify appropriate reporting agencies, and provide information to callers to assist them in reporting, or connect callers directly (as a warm hand-off) with the appropriate agency.
- Provide resources and referrals to other applicable services as needed.
- Provide contact information to national or local level resources per the specific needs of the caller.

Deliverables

Purpose Area 1 deliverables include:

- direct service provision to crime victims, using trauma-informed approaches that protect the safety and confidentiality of victims;
- development of culturally and linguistically appropriate community outreach events and/or materials and resources for service providers and criminal justice stakeholders; and,
- a final report describing project activities, promising practices, challenges encountered, and solutions to address those challenges in order to improve outcomes for crime victims

Purpose Area 2 deliverables include:

- Development of culturally and linguistically appropriate community outreach events and/or materials and resources for service providers and criminal justice stakeholders.
- Engagement in public awareness campaigns and easily accessible webinars to increase awareness of the assistance available.

The Goals, Objectives, and Deliverables are directly related to the performance measures that demonstrate the results of the work completed, as discussed under Application and Submission Information.

Evidence-Based Programs or Practices

OJP strongly emphasizes the use of data and evidence in policymaking and program development in criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. For additional information, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights, increases access to justice, supports crime victims, protects the public from crime and evolving threats, and builds trust between law enforcement and the community. In FY 2021, OJP will give priority consideration in award decisions to applications that demonstrate ways in which their projects will advance one or more of these areas.

To receive priority consideration for advancing one or more of the Department's priorities, the applicant must provide a sufficient narrative explanation as an attachment, that specifies how the project will advance the promotion of civil rights, access to justice, support to crime victims, protecting the public from crime and evolving threats, or building trust between law enforcement and the community.

In addition, OJP will give priority consideration, if applicable, to applicants that demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent-poverty counties.

To receive priority consideration under the poverty priority, the applicant must provide information to demonstrate that the individuals who are intended to benefit from the requested grant reside in high-poverty areas or persistent poverty counties. For purposes of this priority consideration, the term "high-poverty area" means any census tract with a poverty rate of at least 20 percent as measured by the 2013–2017 5-year data series available from the American Community Survey of the Census Bureau (applicants may search by census tract at <https://www.census.gov/acs/www/data/data-tables-and-tools/narrative-profiles/2017/>) and the term "persistent poverty counties" means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses and the most recent Small Area Income and Poverty Estimates (applicants may search by county at <https://www.census.gov/data/tables/time-series/dec/census-poverty.html> and at <https://www.census.gov/programs-surveys/saippe.html>).

Priority consideration is one of many factors that OJP considers in making funding decisions and is not a guarantee of an award.

This solicitation, and awards (if any are made) under this solicitation, are subject to the availability of appropriated funds and to any modifications or additional requirements that may be imposed by the agency or by law. In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The funds for this program are authorized by the Victims of Crime Act (VOCA) of 1984. Application Review Information

Review Criteria

Applications that meet basic minimum requirements will be evaluated by peer reviewers. Applications will be evaluated on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (40%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

3. Capabilities and Competencies (20%) - evaluate administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (10%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget 10% - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

b. Other Review

Other important considerations for OVC include geographic diversity, strategic priorities, (specifically including, but not limited to, those mentioned above relating to priority areas), available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the stated review criteria above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting peer review. Although specific requirements may vary, the following are common requirements applicable to all solicitations for funding under OJP programs:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant that has one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant, may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider any such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may take into account not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
