Sole Source Justification

I. Description of Funding Opportunity - State Single Source Opportunity

This grant is being provided in order to complete historical preservation activities at Arizona Game and Fish commission owned land hear Eagar, AZ.

This funding opportunity is offered to Arizona Game and Fish Department in order to maintain continuity and is based on the Department's unique prior experience, expertise, and key personnel. The Department owns the property and had completed the first phase of mitigation/historic preservation activities in 2014. The completion of the second phase of mitigation/ historic preservation is based on the work that the Department did in first phase. The Department employs an experienced archaeological staff with particular and unique expertise in the ongoing mitigation/preservation activities at the site. The AGFD Cultural Resource Compliance Manager wrote the Mitigation and Management Plan for the site. This grant will be used by the Department to complete the activities described in the plan.
