Grants for up to $10,000 each in FY 2022 PEPFAR funds (Country Operational Plan 2021 State/PRM 12115) will be awarded for work that will support the Government of Malawi's national response to combat HIV and AIDS, pending availability of funds. The period of performance is twelve (12) months. Funding authority rests in the PEPFAR Stewardship and Oversight Act of 2013 (P.L. 113-56), as amended.

Priority Region: All regions of Malawi

Contact Person: For questions on the application and technical content please contact Self-HelpMalawi@state.gov.

Please carefully read the entire solicitation package if you plan to apply; there are steps that you should take immediately to make your submissions by the deadline.

A.1. Background:

PEPFAR is recognized widely for efficiently and effectively investing U.S. taxpayer dollars to save millions of lives and change the course of the HIV pandemic. Through implementation of PEPFAR strategies and the use of data, PEPFAR constantly innovates to generate greater efficiencies, drive down costs, and increase impact. PEPFAR is a key partner and investor in the Malawi's national response to combat HIV and AIDS.

As part of this national response, the PSGP seeks to support projects that will work directly with communities to promote HIV/AIDS prevention, testing, treatment, and adherence practices. In 2022 PSGP focuses specifically on: promotion of health seeking behaviors and encouragement of back to care efforts; dissemination of accurate and authentic HIV public messages; solutions to stigma and discrimination; treatment literacy; and enhancing HIV prevention, care, and support.

In 2021-2022, the U.S. Embassy supported six organizations across Malawi to implement projects that: strengthened linkages to health facilities for equitable

access to HIV prevention, treatment and care services; promoted treatment adherence for people living with HIV; provided job skills training for women and girls living with HIV; and involved press to effectively cover HIV/AIDS issues.

A.2. Program Objectives:

Ensure Malawians, regardless of age and sex, are reached with appropriate messaging on testing, antiretroviral treatment, and those living with HIV/AIDS are virally suppressed.

A.3. Expected Results

Specific results could include the following:

- Promoting heath seeking behaviors, increase demand for HIV services and mitigate barriers that contribute to treatment interruption.
- Providing solutions to stigma and discrimination among people living with HIV and key populations.
- Increasing treatment literacy.
- Enhance HIV prevention, care, and support.

A.4. Main Activities

To achieve the goals and expected results, the program could include the following:

- Support accurate and authentic public messages on HIV to address misinformation and increase treatment literacy.
- Enhance community systems for the prevention of Sexual and Gender Based Violence (SGBV) and stigma discrimination against victims of SGBV.
- Eliminate cultural and legal barriers that prevent equal access to health services.
- Promote HIV prevention and encourage healthy living among HIV positive recipients of care by encouraging adherence, retention, and back to care efforts.
- Promote household and community nutrition activities such as herbal gardens, and nutritious crops.

A.5. Performance Indicators

The project should monitor and report on performance indicators that are specific, measurable, achievable, reasonable, and time bound. Establish, where possible, performance baseline data and expected performance targets for each expected result and include details on what sources of data will be used to document performance, how the indicators will be measured, frequency of measurement, and units of measure. Where possible, indicators should also allow for sex disaggregation. Indicators should reflect key project outputs or outcomes that reflect on the primary goals or objectives of the project and that the implementer can collect with high quality data.

Applicants must fill out the table below and insert it into the proposal document. Additional non-DOS indicators may be added that are relevant to the project by adding rows to the chart.

All applicable indicators should be included in the proposal and after the award, routine, periodic reporting of all indicators will be required. The implementer will be responsible for quarterly reporting on each performance indicator included in the grant as well as analysis of progress or impediments to reach indicator targets.

The following are required indicators. Applicants are welcome to propose other indicators relevant to the primary objectives and expected results of the project.

	Outcome Indicators	***Targets***
Output 1.	Number of project beneficiaries	Above 100

The State Department takes into consideration the quality of data reported by recipients as part of the award activities, therefore applicants should be aware that recipients will be subject to data quality assessments.

Section H. Other Information

H.1. Guidelines for Budget Narrative

- Travel: Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification for that travel;
- Equipment: Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least $5,000 per unit;

Indirect Costs: These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a NICRA and includes NICRA charges in the budget, attach a copy of your latest NICRA.

Organizations that have never had a NICRA may request indirect costs of 10% of the modified total direct costs

"Cost Sharing" refers to contributions from the organization or other entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers' time and donated venues.
