Eligibility

Who Can Apply

Eligible Applicants

ONDCP invites applications from non-profit organizations as described in Section 501(c)(3) of the Internal Revenue Code (including faith-based, community, and tribal organizations), and institutions of higher learning (including tribal institutions of higher education) with demonstrated expertise in training on evidence-based treatment for criminal justice-involved individuals with addiction, including when substance use disorder co-occurs with other mental health conditions. Applicants must be able to secure the participation of addiction medicine experts and licensed behavioral health practitioners.

ONDCP welcomes joint applications from two or more eligible applicants; however, one applicant must be clearly indicated as the primary applicant (for correspondence, award, and management purposes) and the others indicated as co-applicants. The applicant should provide information that demonstrates the strength of the commitment of their partnering organizations, as set forth in Memoranda of Understanding, letters of support, statements of work, etc. All co-applicants must have demonstrated expert knowledge and extensive experience in training drug court and other criminal justice practitioners on the provision of evidence-based treatment to individuals with addiction, including when substance use disorder co-occurs with other mental health conditions.

Other Eligibility Requirements

Cost Sharing and Match Requirements: This announcement **does not require** cost sharing or matching funds.

Pre-Agreement Cost Approvals: ONDCP does not typically approve pre-agreement costs; an applicant must request and obtain the prior written approval of ONDCP for all such costs. However, all such costs prior to award and prior to approval of the costs are incurred at the sole risk of an applicant. Generally, no applicant should incur project costs before being awarded a Federal grant. Should there be extenuating circumstances that appear to be appropriate for ONDCP's consideration as pre-agreement costs, the applicant should contact the point of contact listed in the title page of this announcement for details on the requirements for submitting a written request for approval.

Program Description

ONDCP's Drug Court Training and Technical Assistance Cooperative Agreement supports training and technical assistance (TTA) to ensure access to evidence-based addiction treatment through drug courts, including when substance use disorder co-occurs with other mental health conditions. ONDCP seeks to reduce drug use and its consequences through evidence-based treatment that leads to long-term recovery, and this cooperative agreement will support the President's priorities by applying this to the criminal justice system.

The purpose of this cooperative agreement is to: (1) educate, train, and produce materials to improve the implementation of evidence-based treatment to individuals with addiction, including when substance use disorder co-occurs with other mental health conditions; (2) decrease criminal justice costs and recidivism rates; and (3) improve access to evidence-based addiction treatment that includes medications for opioid use disorder through drug courts. The cooperative agreement recipient shall:

- Use expert practitioners in the science of addiction and evidence-based addiction treatment, as well as integration of treatment into the criminal justice system.
- Use licensed behavioral health practitioners.
- Provide in-person training, online training, and jurisdiction-specific technical assistance to a wide range of geographically distributed areas—including rural locations—at the state, local, and tribal levels.
- Ensure close alignment of all TTA materials with the Trump Administration's policy priorities, including the 2026 *National Drug Control Strategy*; an evidence-based approach to treating addiction--to include FDA-approved medications for opioid use disorder--contingency management, and other evidence-based behavioral health modalities for other substance use disorders; naloxone distribution and naloxone training.
- Designate and fund a research or academic organization to conduct an independent assessment of the effectiveness and impact of training and technical assistance conducted under this cooperative agreement. The independent study should involve data collection from state, local, and tribal jurisdictions engaged in cooperative agreement recipient programming.

All portions of the application must reflect these objectives and subject matter areas.

Purpose & Expectations

The objectives of the program are as follows:

- To develop and provide no-cost, on-request curricula and TTA to educate and train drug court practitioners at local, state, tribal, regional, and national levels, about evidence-based addiction treatment—including when substance use disorder co-occurs with other mental health conditions—at all points of engagement with the criminal justice system. This training and technical assistance should ensure it is targeted to local needs, emphasizes overcoming barriers to service and resource limitations, and prepares drug court practitioners to avoid unnecessary interference with expert medical judgment.
- To develop and provide no-cost, on-request curricula and TTA to educate and train treatment providers working with drug courts at local, statewide, tribal, regional, and national levels, about evidence-based addiction treatment—including when substance use disorder co-occurs with other mental health conditions—at all points of engagement with the criminal justice system. This training and technical assistance should ensure it is targeted to local needs and emphasizes overcoming barriers to service and resource limitations.
- To designate and fund a research or academic organization to conduct an independent assessment of the effectiveness and impact of training and technical assistance provided under this cooperative agreement.

The program's goals are: (1) to equip criminal justice practitioners with the skills and information needed for implementation of evidence-based treatment to people with addiction—including when substance use disorder co-occurs with other mental health conditions—to ensure evidence-based interventions from arrest to reentry; (2) to expand the meaningful use of medication for the treatment of substance use disorders in drug court settings; and (3) to ensure access to evidence-based addiction treatment and overdose reversal medications through drug courts; support long-term, peer-supported recovery; and prevent overdose deaths.

Statutory Authority

The authorities for this funding opportunity are the SUPPORT for Patients and Communities Act, 21 U.S.C. § 1704(e) and the Consolidated Appropriations Act of 2026, Public Law 119-75. The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal awards are applicable to the government and applicants, cooperative agreement applications, and cooperative agreement awards to non-Federal entities. See, 2 CFR Part 200, et seq., as adopted in full by ONDCP at 2 CFR Part 3603, et seq.

Required Application Format and Content

This section includes guidance on the main components of the application.

I. Proof of Eligibility

Page Limit: 1

Describe how the organization and its mission will contribute to the Training and Technical Assistance program. Describe any planned collaboration, partnership, or consortium with other organizations and entities. Include written documentation on the development of the types of associations, including letters of intent from the member organizations. Describe each organization and its members' experience and expertise, as discussed in the Eligibility Section noted above.

II. Program Narrative

Page Limit: 20

The narrative must respond to the solicitation and the selection criteria on pages 16-19. The program narrative should be double-spaced, using standard 12-point font, with 1-inch margins and should not exceed 20 pages. Please number pages "1 of 20," "2 of 20," etc.

The following sections should be included:

- Project design and implementation.
- Capabilities and competencies.
- Project timeline with each category, expected completion date, and responsible person and/or organization.

III. Budget Detail Worksheet and Budget Narrative

Page Limit: 5

Applicant must provide an itemized budget for the cooperative agreement period. Applicant must submit budget worksheets and budget narrative in one file. The budget narrative should thoroughly and clearly describe every category of expense listed in the worksheet. Proposed budgets are expected to be complete, reasonable and allowable, cost-effective, and necessary for project activities. The narrative should be mathematically sound and correspond with the information and figures provided in the budget detail worksheet. The narrative should explain how costs were calculated and how they are relevant to the completion of the proposed project.

IV. Performance Measures

Application Disclosures

Applicants are to disclose whether they have pending applications or awards for federally funded grants or sub-grants (including cooperative agreements) that include requests for funding to support the same or similar projects being proposed under this solicitation and will cover identical cost items outlined in the budget worksheet and narrative in the application under this announcement. The disclosure should include both direct applications for Federal funding (e.g., applications to Federal agencies) and indirect applications for such funding (e.g., applications to State agencies that will sub-award Federal funds). ONDCP seeks this information to help avoid any inappropriate duplication of funding. Leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate duplication.

Disclosure of Lobbying Activities: All applicants must complete this information. Applicants that expend any funds for lobbying activities are to provide the detailed information requested on the form, “Disclosure of Lobbying Activities (SF-LLL).” Applicants that do not expend any funds for lobbying activities are to enter “N/A” in the text boxes for Item 10 (“a. Name and Address of Lobbying Registrant” and “b. Individuals Performing Services”).

Awardees must electronically submit Federal Financial Reports (FFR) using the Department of Health and Human Services, Division of Payment Management (DPM). The completion of the Direct Deposit Form (SF-1199), available at <https://pms.psc.gov/>.

Application Review

Initial Review

ONDCP will review each application to make sure it meets basic requirements. ONDCP will not consider an application that:

- is from an organization that doesn't meet all eligibility criteria;
- does not fully comply with the four sections described in the Required Application Format and Content portion of this notice of funding opportunity; or
- is submitted after the deadline.

ONDCP will not review any pages over the 30-page limit.

Applications that fail to demonstrate the organization's expert knowledge of and extensive experience in developing and providing training and technical assistance for drug court and other criminal justice practitioners on the provision of evidence-based treatment to individuals with addiction, including when substance use disorder co-occurs with other mental health condition, will not be considered. ONDCP may contact applicants to seek clarification or discuss perceived weaknesses in the application.

ONDCP may request budget modifications where the budget and the budget narrative fail to demonstrate price reasonableness and price realism.

Merit Review

Applications that comply with the submission of all four sections in the Required Application Format and Content portion of this document will proceed to Merit Review. ONDCP will review applications against the established evaluation criteria described below and make an award to the responsive applicant determined to offer the best service and value to ONDCP's Implementation Plan and advances the Trump Administration's Drug Policy Priorities.

Criterion	Total Number of Points = 100
Statement of Problem	10 Points
Program Design and Implementation Plan	40 Points
Capabilities and Competencies	50 Points
<i>Management Structure, Staffing, and Capacity</i>	30 Points
<i>Budget and Budget Narrative</i>	10 Points
<i>Performance Measure Data Collection</i>	10 Points

Criteria – Project Narrative and Application Deliverables

Statement of Problem (Maximum points: 10)

Provide an understanding of the need to develop and provide training and technical assistance on the implementation of evidence-based addiction treatment to criminal justice-involved individuals, including when substance use disorder co-occurs with other mental health conditions. Describe the challenges faced by drug court professionals and jurisdictions in providing evidence-based treatment throughout the various stages of the criminal justice system and the need for a variety of responsive trainings and education. Please limit your responses to no more than 500 words. (10 points of 100)

Program Design and Implementation (Maximum points: 40)

Describe the goals, objectives, and deliverables for the issue area. Identify strategies for designing and implementing the deliverables. Include a timeline for completing tasks and the responsible entity or person. Provide a thorough description of all components of training curricula, the technical assistance plan, and the independent evaluation plan, and describe strategy and selection criteria for trainings and/or technical assistance. Include target audience, mode of knowledge transfer, and strategy for course dissemination. Please limit your responses to no more than 2,000 words. (40 points of 100)

Capabilities and Competencies (Maximum points: 50)

Describe the management structure, staffing, and in-house or contracted capacity to complete each of the goals, objectives, and deliverables outlined, including project plans (work plan, strategic plan, selection and funding plan for independent evaluation), marketing strategy, technical assistance and training (training and technical assistance protocols, independent evaluation plan, directory of TTA experts, projected plan for technical assistance visits, and training proposal), and materials. Illustrate the ability to manage complex training programs and projects effectively. Applicants must have technical communication capability to facilitate the announcement of the training opportunity nationwide, conduct webinars as appropriate, and to provide information and technical assistance to training participants following completion of programs. Capabilities and Competencies, cont'd.

Applicants must possess the necessary subject matter expertise and proven experience in the science of and best practices for evidence-based addiction treatment for justice-involved individuals—including when substance use disorder co-occurs with other mental health conditions—and extensive knowledge of this population.

A higher number of points will be given to applicants with demonstrated ability and intent to coordinate with statewide or territorial coordinators overseeing drug court policies and practices, as evidenced by letters of support, a record of collaboration, etc. **Budget and Budget Narrative:** Provide a proposed budget and budget narrative that is complete, reasonable and allowable, cost-effective, and necessary for project activities. The budget must include categories such as personnel, fringe expenses, facilities, equipment, supplies, services, travel, and other pertinent items. ONDCP may request budget modifications where the budget and the budget narrative fail to demonstrate price reasonableness and price realism. (10 points of 100)

Performance Measure Data Collection: Describe the process the applicant will use to measure progress and performance of the project, including measures of appropriate cooperative agreement management (e.g., adhering to timelines, meeting deliverable schedules, obtaining input from customers, seeking feedback from stakeholders). Identify the person or group responsible for collecting and reporting the required progress measurement data and performance measurement data. Describe any baseline data that will be used, the method to be used to store data, and any safeguards that will be put in place to protect personally identifiable information (PII). Describe how findings will be used to improve the program. (10 points of 100)

Deliverables

The program narrative should reflect how the applicant would accomplish these activities. Subsequent deliverables may be developed according to need and funding ability. When the project ends, ONDCP will require the awardee to transfer products to ONDCP. Materials produced to support the objectives of the cooperative agreement should be described in the application materials to the best extent possible and may include collections of factsheets, workbooks, manuals, toolkits, project plans for individual jurisdictions, or other materials on evidence-based addiction treatment.

Applicants should be realistic in estimating the cost of deliverables and in detailing the implementation schedule. ONDCP also encourages applicants to be innovative, and expects applicants to propose alternative approaches to the delivery of TTA to maximize resources.

The successful applicant will develop the following:

1. Project Plans

- A work plan that describes how the cooperative agreement recipient will incorporate data, materials, and processes from the current service provider into the new program approach, including the collaboration and interface needed during the startup phase.
- A strategic plan (including timelines, performance measures, and benchmarks for measuring internal progress) that specifies which activities the cooperative agreement recipient will conduct to achieve the program goals and objectives, including evaluation of effectiveness and impact.
- An evaluation plan that demonstrates capacity to designate and fund a research or academic organization to conduct an independent assessment of the effectiveness and impact of training and technical assistance conducted under this cooperative agreement.

2. Marketing

A marketing strategy that outlines the development of products and materials that will inform local, state, and tribal justice systems of the available TTA services for evidence-based addiction treatment, including when substance use disorder co-occurs with other mental health conditions.

3. Technical Assistance

- Training and technical assistance protocols to ensure standardization, consistency, and quality of products and service delivery.
- A projected plan for identifying and funding an independent evaluation to determine effectiveness and impact.
- A directory of TTA experts who possess skills and abilities relevant to the subject matter areas identified in this NOFO (evidence-based addiction treatment).
- A projected plan for technical assistance visits, including virtual and onsite.

4. Training

A training proposal that includes the experts and organizations that will develop and provide training materials on evidence-based addiction treatment, including when substance use disorder co-occurs with other mental health conditions; the identification of local, statewide, regional, and national training locations (virtual and onsite); and projected materials and modules that will be available for those unable to attend scheduled trainings.

5. Materials

Applicant should identify at least two new TTA materials on evidence-based addiction treatment--including when substance use disorder co-occurs with other mental health conditions--to be produced each year of the cooperative agreement award period.

Risk Review

ONDCP will review the risk posed by applicants using publicly available information in the OMB-designated integrity and performance system accessible through SAM.gov prior to making a Federal award.

The SF-424 is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. This funding opportunity is not subject to Executive Order 12372, Intergovernmental Review. (In completing the SF- 424, applicants are to make the appropriate selection in response to question 19, indicating that the “Program is not covered by E.O. 12372.”).

Each applicant is required to (i) be registered in the System for Award Management (SAM) before submitting its application; (ii) provide a valid DUNS number in its application; and (iii) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by ONDCP. ONDCP will not make an award until an applicant has fully complied with all applicable SAM and DUNS requirements; and if the applicant has not so fully complied by the time ONDCP is ready to make award, ONDCP may determine that the applicant is not qualified to receive the award and use that determination as a basis for making award to another applicant.
