Ladies/Gentlemen,

Attached is USAID's official response to all questions received prior to the deadline regarding the above titled Funding Opportunity. Please note that no further questions can be answered.

A modification to the original NFO in grants.gov has been created. An attachment document that includes all questions received and USAID/Guinea's answers has also been attached to the grants.gov NFO.

Please note that the modification also makes the following changes:

1. Delete the following from Section D.3.:

"Applicants may upload applications to <http://www.grants.gov>."

and add the following:

"Applications via grants.gov will not be accepted. Email submission is required."

2. Delete the following from Section D. 5.:

"The Cost/Business application is also to be submitted on CD in Microsoft Excel 2000 or Excel 2003."

3. On Page 49 under the heading "-Activity Monitoring and Evaluation Plan (M&E Plan):" replace "USAID/Uganda" with "USAID/Guinea."

Thank you for your interest in USAID programs,

Alan Garceau
