PROJECT GOALS AND OBJECTIVES

The primary objective of this agreement is to strengthen connections between Huna Tlingit and their traditional homeland through cooperatively developing and implementing a variety of programs associated with the Huna Tribal House. NPS believes these connections encourage tribal participation in park management and allow visitors to learn about the Huna Tlingit and their connection to the park.

STATEMENT OF PUBLIC PURPOSE

This project will promote tribal involvement including elders and youth in the stewardship of the natural and cultural resources of Glacier Bay National Park and Preserve. Specifically, it allows tribal members to directly participate in interpretive planning for the Tribal House, implementation of interpretive services, and on-site visits. Programs developed through this agreement will provide culturally accurate and sensitive interpretive products including films, wayside, in-person demonstrations available to the visiting public and on-line.

4. Cooperatively produce two interpretive films, wayside exhibits, and other products for use at the Tribal House during interpretive programs and for use at administrative and tribal uses of the Tribal House.
5. Provide cultural interpretive services at the Huna Tribal House for the visitor use season (approximately mid-May through the end of August).

Section 3. Single Source Justification

NATIONAL PARK SERVICE SINGLE SOURCE POLICY REQUIREMENTS

National Park Service Policy FAP&P 1443-2015-06 requires a written justification which explains why competition is not practicable. The justification must address one of the following criteria.

In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria:

- (1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives. The unsolicited proposal must demonstrate an innovative capability or concept not currently available to the government, and prepared without Government involvement. ;
- (2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of, an activity presently being funded, for which competition would have a significant adverse effect on the continuity or completion of the activity;
- (3) Legislative intent – The language in the applicable authorizing legislation or legislative history clearly indicates Congress' intent to restrict the award to a particular recipient of purpose;
- (4) Unique Qualifications – The applicant is uniquely qualified to perform the activity based upon a variety of demonstrable factors such as location, property ownership, voluntary support capacity, technical expertise, or other such unique qualifications. Successful past performance, familiarity with existing requirements, capabilities that can be obtained or matched by a competitor, or a positive reputation, are not considered to be unique qualifications.
- (5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.

NPS did not solicit full and open competition for this award based the following criteria:

- ☐ Task Agreement issued under previously competed or single source master cooperative agreement per Section 2 above. Single Source Justification not applicable.
- ☐ Unsolicited Proposal ☒ Continuation ☐ Emergency
- ☐ Legislative Intent ☐ Unique Qualifications

Explanation of the proposed recipient's qualifications or the criteria of the proposed project which requires use of the single source criteria cited.

This cooperative agreement is a continuation and extension of a long term cooperative relationship between the NPS and HIA that was formalized through the signing of a Memorandum of Understanding in 1995. In addition, this project is a continuation of projects initiated through other cooperative agreements which allowed for the development of Tribal House cultural elements to be completed.
