Section 1. Project Summary

PROJECT GOALS AND OBJECTIVES

The Act, Public L. No. 109-338, 120 Stat. 1738, established the MPNHA and directed the Secretary to enter into a compact with the MPHNA's management entity, the Alliance. National Heritage Areas are places where natural, cultural, historic and scenic resources combine to form a cohesive, nationally important landscape arising from human activity shaped by geography. These patterns make National Heritage Areas representative of the national experience through the physical features that remain and the traditions that have evolved in them. These regions are acknowledged by Congress for their capacity to tell nationally important stories about our nation. This Task Agreement focuses planning, administration, public outreach, media, and demonstration projects that are identified in the management plan for the MPNHA and serve a public purpose under P.L. No. 109-338, 120 Stat. 1738.

STATEMENT OF PUBLIC PURPOSE

National Heritage Areas (NHA) promote greater public and private participation and partnership in historic preservation and conservation activities, which build a resource stewardship ethic for participants and the public. NHAs leverage taxpayer investment with public and private resources through historic preservation, conservation, education and outdoor recreation. They support voluntary programs that encourage partnerships, providing matching funds that produce greater benefits to taxpayers for the federal dollars invested. NHAs support large-scale, community-driven initiatives and collaborate with stakeholders to determine how to make heritage relevant to local needs and interests, serving as catalysts for community and economic development. In FY 2016 national heritage areas leveraged $45.5 million catalyzed by $18.8 million in Heritage Partnership Program funding, while participating in almost 7,000 partnerships. They preserve historic sites and battlefields, conserve artifacts, build and maintain trails, undertake water quality improvement projects and develop water trails, offer heritage education programs and provide capacity-building assistance to educators, sponsor community development projects and support downtown revitalization projects. National heritage areas have been rigorously studied via an independent evaluation process that has documented the effectiveness of this partnership model.

STATEMENT OF WORK SUMMARY

The MPNHA engages in interpretation, preservation, economic development, trails development, administration, planning, development, marketing/outreach, and education within five heritage districts.
This Task Agreement contains project funding for:

A. Subrecipient Projects

Section 3. Single Source Justification

NATIONAL PARK SERVICE
SINGLE SOURCE POLICY REQUIREMENTS

National Park Service Policy FAP&P 1443-2015-06 requires a written justification which explains why competition is not practicable. The justification must address one of the following criteria.

In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria:

(1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives. The unsolicited proposal must demonstrate an innovative capability or concept not currently available to the government, and prepared without Government involvement. ;

(2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of, an activity presently being funded, for which competition would have a significant adverse effect on the continuity or completion of the activity;

Successful past performance, familiarity with existing requirements, capabilities that can be obtained or matched by a competitor, or a positive reputation, are not considered to be unique qualifications.

(5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.
