Office of Justice Services
Indian Highway Safety Program

FY2021 Grant Writing Training

The Highway Safety Act of 1966, U.S.C. Title 23, Section 402, provides U.S. Department of Transportation funding to assist Indian tribes in implementing traffic safety projects. These Projects are designed to reduce the high number of traffic crashes and their resulting fatalities, injuries and property damage within Indian communities.

Indian Highway Safety grants are financial assistance grants for federally recognized tribes. If awarded, funds are to be used to enhance the tribe's current law enforcement or child safety seat programs. All Indian Highway Safety grants are performance based.

The Bureau of Indian Affairs (BIA) Office of Justice Services (OJS) Indian Highway Safety Program (IHSP) announces the following:
