NATIONAL PARK SERVICE
FINANCIAL ASSISTANCE: NOTICE OF INTENT TO AWARD

This announcement is not a request for applications.
This announcement is to provide public notice of the National Park Service's intention to award financial assistance for the following project activities. *Refer to Section 2. Grants.gov Posting Determination.*

ABSTRACT	
Grants.gov Opportunity Number	P19AS00598
Project Title	Lower B500 Road Removal in Redwood National Park
Recipient	Yurok Tribe
Anticipated Federal Funding	$188,800.00
Non-Federal Cost Share	$0.00
Total Anticipated Award Amount	$188,800.00
Award Instrument	☐ Task Agreement ☑ ~~Cooperative Agreement~~ Project Statement under Annual Funding Agreement ☐ Grant Agreement
Anticipated Period of Performance	09/16/2019 – 12/31/2020
Legal Authority	Indian Self-Determination and Education Assistance Act, Title IV, Pu
CFDA # and Title	15.954 - National Park Service Conservation, Protection, Outreach a
Single Source Justification Criteria	(4) Unique Qualifications
National Park Service Point of Contact	Rachel Dell'Osso, Grants Management Specialist, Point Reyes National Seashore, 415-464-5110, rachel_dell'osso@nps.gov

Section 1. Project Summary

PROJECT GOALS AND OBJECTIVES

The primary goal of this project is to remove the remaining 0.8 mile of a former logging haul road adjacent to the lowest reach of Larry Damm Creek above its confluence with Lost Man Creek. The project is located within the Tribe's ancestral territory. Extensive harvest of old-growth redwood and Douglas fir forests in the Redwood Creek watershed during the 1950s through 1970s, and the associated construction of thousands of miles of logging and skid roads in the basin have resulted in stream impairment, degraded habitat for threatened salmonids, and threats to remaining groves of ancient streamside redwoods in Redwood National Park (RNP or Park). The disturbance and degradation of stream channels caused by excess sediment delivery during large storms is one of the most significant factors negatively affecting stream ecosystems in the Park. Consequently, Redwood Creek, of which Larry Damm is a tributary, has been listed as both sediment and temperature impaired under Section 303(d) of the Clean Water Act. RNP has addressed erosional

STATEMENT OF PUBLIC PURPOSE

This project will protect and improve habitat for three federally listed species of anadromous fish and eliminate a failing segment of road. Through successful implementation of this Project Statement, current and future generations of the public, will benefit and enjoy irreplaceable natural resources at RNP.

STATEMENT OF WORK SUMMARY

Removing the 0.8 mile of the abandoned, failing road will restore hill slope topography, hydrology and improve water quality for designated critical habitat for three federally listed anadromous salmonids. This will also protect 8.2 acres of riparian forest along the main stem of Larry Damm Creek. The project will stabilize 15,000 cubic yards of sediment, remove a "Bailey-type" temporary bridge, a log stringer bridge and associated wood abutments that pose immediate threats to spawning habitat. Logs from log-stringer bridge and abutments will be placed in channel where access allows to improve salmonid habitat.

RESPONSIBILITIES OF THE PARTIES

A. The recipient shall be responsible for the following items under this agreement:

1. Provide equipment and personnel to remove 0.8 mile of the Lower B500 Road in the Larry Damm Creek sub-watershed.
2. Excavate and stabilize an estimated 15,000 cubic yards of fill material from stream crossings, swales, and unstable slopes.
3. Removed a modular (Bailey-type) bridge.
4. Remove a log stringer bridge and abutments.
5. Place logs in channel where access allows to improve salmonid habitat.

B. The NPS Responsibilities:

☐ A task agreement is proposed;

☑ A project statement under an Annual Funding Agreement ~~cooperative agreement~~ is proposed;

~~therefore substantial involvement by NPS is anticipated during the period of performance of this agreement.~~ In support of this agreement NPS will:

1. Be responsible for project design and oversee all heavy equipment operations and removal of the temporary bridge.
2. Conduct fish exclusion and aquatic habitat condition assessments.
3. Complete all cultural compliance.
4. Ensure quality control for finished work.

☐ A grant agreement is proposed, therefore no substantial involvement on the part of the NPS is anticipated for the successful completion of the statement of work. It is anticipated that involvement will be limited to actions related to monitoring project performance and technical assistance at the request of the recipient.

Section 2. Grants.gov Posting Determination

☐ The National Park Service intends to award a task agreement under a previously competed or single source justified award.

☑ The National Park Service intends to award a single source justified ~~cooperative agreement~~ project statement. *Refer to Section 3 Single Source Justification.*

☐ The National Park Service intends to award a single source justified grant agreement. *Refer to Section 3 Single Source Justification.*

Section 3. Single Source Justification

NATIONAL PARK SERVICE
SINGLE SOURCE POLICY REQUIREMENTS

National Park Service Policy FAP&P 1443-2015-06 requires a written justification which explains why competition is not practicable. The justification must address one of the following criteria.

In order for an assistance award to be made without competition, the award must satisfy one or more of the following criteria:

(1) Unsolicited Proposal – The proposed award is the result of an unsolicited assistance application which represents a unique or innovative idea, method, or approach which is not the subject of a current or planned contract or assistance award, but which is deemed advantageous to the program objectives. The unsolicited proposal must demonstrate an innovative capability or concept not currently available to the government, and prepared without Government involvement. ;

(2) Continuation – The activity to be funded is necessary to the satisfactory completion of, or is a continuation of, an activity presently being funded, for which competition would have a significant adverse effect on the continuity or completion of the activity;

(3) Legislative intent – The language in the applicable authorizing legislation or legislative history clearly indicates Congress' intent to restrict the award to a particular recipient of purpose;

(4) Unique Qualifications – The applicant is uniquely qualified to perform the activity based upon a variety of demonstrable factors such as location, property ownership, voluntary support capacity, technical expertise, or other such unique qualifications. Successful past performance, familiarity with existing requirements, capabilities that can be obtained or matched by a competitor, or a positive reputation, are not considered to be unique qualifications.

(5) Emergencies – Program/award where there is insufficient time available (due to a compelling and unusual urgency, or substantial danger to health or safety) for adequate competitive procedures to be followed.

NPS did not solicit full and open competition for this award based the following criteria:

☐ Task Agreement issued under previously competed or single source master cooperative agreement per Section 2 above. Single Source Justification not applicable.

☐ Unsolicited Proposal ☐ Continuation ☐ Emergency

☐ Legislative Intent ☑ Unique Qualifications

Explanation of the proposed recipient's qualifications or the criteria of the proposed project which requires use of the single source criteria cited.

This project is part of the National Park Service and the Yurok Tribe's Annual Funding Agreement, as authorized under The Indian Self-Determination and Education Assistance Act, Title IV, Public Law 93-638, as amended, 25 U.S.C. 458 aa et seq. A large portion of Redwood National Park is located within Yurok Tribal Aboriginal Territory and a portion within the existing Yurok Reservation. Because a significant portion of Redwood National Park contains physical and cultural resources that have an important impact on the demographic, economic, cultural, health and institutional needs of the people of the Yurok Tribe, it is the shared goal of the Tribe and the National Park Service to work toward collaborative management of Redwood National Park.

Section 4. Department of the Interior Secretary's Priorities

This award will support the following DOI Secretary priority(ies):

Other Key Initiatives:

- ☐ Employment of veterans.
- ☐ Supporting DOI Infrastructure needs.
- ☐ Creating jobs in the American economy.
- ☐ Access to outdoor recreation opportunities.

Priority 1: Creating a conservation stewardship legacy second only to Teddy Roosevelt

- ☐ Utilize science to identify best practices to manage land and water resources and adapt to changes in the environment.
- ☐ Examine land use planning process and land use designations that govern public use and access.
- ☐ Revise and streamline the environmental and regulatory review process while maintaining environmental standards.
- ☐ Review DOI water storage, transportation, and distribution systems to identify opportunities to resolve conflicts and expand capacity.
- ☐ Foster relationships with conservation organizations advocating for balanced stewardship and use of public lands.
- ☐ Identify and implement initiatives to expand access to DOI lands for hunting and fishing.
- ☐ Shift the balance towards providing greater public access to public lands over restrictions to access.

Priority 2: Utilizing our natural resources

- ☐ Ensure American energy is available to meet our security and economic needs.
- ☐ Ensure access to mineral resources, especially the critical and rare earth minerals.
- ☐ Refocus timber programs to embrace the entire 'healthy forests' lifecycle.
- ☐ Manage competition for grazing resources.

Priority 3: Restoring trust with local communities

- ☐ Be a better neighbor with those closest to our resources by improving dialogue and relationships with persons and entities bordering our lands.
- ☐ Expand the lines of communication with Governors, state natural resource offices, Fish and Wildlife offices, water authorities, county commissioners, Tribes, and local communities.

Priority 4: Ensuring sovereignty means something

- [x] Support tribal self-determination, self-governance, and sovereignty.
- [ ] Solidify mutual interests between the U.S. and the freely associated states and territories.

Priority 5: Generating additional revenues to support DOI & National interests

- [ ] Ensure that the public receives the full market value for the natural resources produced on Federal lands.
- [ ] Ensure that fees or costs levied for DOI services are reasonable and targeted to achieve cost recovery.
- [ ] Consider the impact of DOI decisions on economic development and job creation.

Priority 6: Protecting our people and the border

- [ ] Actively support efforts to secure our southern border.
- [ ] Ensure DOI law enforcement staffing addresses public safety risks anticipated on DOI land.
- [ ] Promote a "public service" demeanor within our law enforcement community.

Priority 7: Striking a regulatory balance

- [ ] Reduce the administrative and regulatory burden imposed on U.S. industry and the public.
- [ ] Ensure that Endangered Species Act decisions are based on strong science and thorough analysis.

Priority 8: Modernizing our infrastructure

- [ ] Support the White House Public/Private Partnership Initiative to modernize U.S. infrastructure.
- [ ] Remove impediments to infrastructure development and facilitate private sector efforts to construct infrastructure projects serving American needs.
- [ ] Prioritize DOI infrastructure needs to highlight:
    1. Construction of infrastructure;
    2. Cyclical maintenance;
    3. Deferred maintenance.

Priority 9: Reorganizing for the next 100 years

☐ Improve alignment and integration of the DOI organizational structure. Redistribute organizational resources (people and funding) to enhance mission achievement and improved public service.

☐ Improve organizational alignment with Executive Branch counterparts with major land management assets or influence.

Priority 10: Achieving our goals and leading our team forward

☐ Senior executives are expected to provide leadership in achieving goals of the President and the Secretary.

☐ The Management Team is expected to:

1. Ensure cost-effective operations and quality service to the public;
2. Facilitate organizational cooperation and conflict resolution;
3. Ensure the workplace environment is conducive to employee productivity and safety;
4. Hold individuals accountable for actions that violate DOI policies and requirements.

The proposed project does not support any of the DOI Secretary priorities, but the project is being funded for the following reasons:
