OMB BURDEN STATEMENT:

This information is being collected to assist the Food and Nutrition Service in reviewing grant applications for the SNAP Fraud Framework Implementation Grant program. This is a mandatory collection and FNS will use the information provided to select applications for award. This collection does request personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0512. The time required to complete this information collection is estimated to average 45 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22314 ATTN: PRA (0584-0512. Do not return the completed form to this address.

Application Checklist

This Application Checklist provides applicants with a list of the required actions and documents that must be completed. However, FNS expects that applicants will read the entire RFA prior to the submission of their application and comply with all requirements outlined in the solicitation. The Application Checklist is for applicant use only and should not be submitted as part of the Application Package.

Complete the following **at least four weeks** prior to submission:

- ☐ Obtain a Unique Entity Identifier (UEI) number;
- ☐ Register the UEI number in the System for Award Management (SAM); and,
- ☐ Register in [grants.gov](https://www.grants.gov).

When **preparing your application**, ensure:

- ☐ Application format and narrative meet the requirements included in Section 4 – Application and Submission Information. This includes page limits, priorities outlined in Section 5 – Application Review Information, and all necessary attachments.

When **preparing your budget**, ensure the following information is included:

- ☐ All key staff proposed to be paid by this grant.
- ☐ The percentage of time the Project Director will devote to the project in full-time equivalents (FTEs).
- ☐ Your organization's fringe benefit rate and amount, as well as the basis for the computation.
- ☐ The type of fringe benefits to be covered with Federal funds.
- ☐ Itemized travel expenses (including type of travel), travel justification, and basis for lodging estimate.
- ☐ Types of equipment and supplies, justifications, and estimates, ensuring that the budget is in line with the project description.
- ☐ Information for all contracts and justification for any sole-source contracts
- ☐ Justification, description, and an itemized list of all consultant services.
- ☐ Indirect cost information (either a copy of a Negotiated Indirect Cost Rate Agreement (NICRA) or if no agreement exists and the applicant has never been approved for a NICRA, they may charge up to 10% de minimis). If an applicant is requesting the de minimis rate or indirect costs are not required, please state this in the budget narrative.

When **submitting** your application, ensure you have submitted the following:

- ☐ SF-424 – [Application for Federal Assistance](#) (fillable PDF in Grants.gov)
- ☐ SF-424A – [Budget Information and Instruction Form](#) (fillable PDF in Grants.gov)
- ☐ SF-424B – [Assurances for Non-Construction Programs](#) (fillable PDF in Grants.gov)
- ☐ SF-LLL – [Disclosure of Lobbying Activities](#)
- ☐ AD-3030 – Representations Regarding Felony Conviction and Tax Delinquent Status for Corporate Applicants (fillable PDF in Grants.gov). This document is **only** required if your organization is a corporation. The form is located in the optional tab of the grants.gov application package.
- ☐ FNS-906 – Grant Program Accounting System & Financial Capability Questionnaire
- ☐ Negotiated Indirect Cost Rate Agreement (PDF - Upload using the “Add Attachments” button under SF-424 item #15)
- ☐ Resumes of key staff
- ☐ Letters of support/commitment from key staff and partners
- ☐ Additional attachments as required

1. Program Description and Objectives

Executive Summary

The purpose of the Supplemental Nutrition Assistance Program (SNAP) Fraud Framework Implementation Grant Program is to support State agency efforts to improve and expand recipient fraud prevention, detection, and investigation efforts using the procedures, ideas and practices outlined in the SNAP Fraud Framework. Section 29(a) of the Food and Nutrition Act of 2008 (7 U.S.C. 2036) authorizes FNS to prevent trafficking of SNAP benefits. Based on this authority, Congress has provided funding in annual appropriations in recent years to provide competitive grants to support State agencies in implementing SNAP's Fraud Framework and to strengthen program integrity activities in SNAP. Up to \$5 million has been appropriated in FY 2024 for State agencies to implement practices described in the SNAP Fraud Framework and each applicant may apply for up to \$750,000 in funding. This funding opportunity will be offered on a competitive basis.

Introduction

The Food and Nutrition Service (FNS) administers the nutrition assistance programs of the U.S. Department of Agriculture, including the Supplemental Nutrition Assistance Program (SNAP). SNAP is the cornerstone of USDA's nutrition assistance programs. It began in its modern form in 1961 but has its origins in the Food Stamp Plan to help the needy in the 1930's. SNAP is the largest program in the domestic hunger safety net and provides nutrition assistance benefits via an Electronic Benefit Transfer (EBT) card to millions of low-income people. These benefits help supplement household food budgets so recipients can purchase more healthy food. FNS works in partnership with State agencies in the administration of SNAP.¹

The purpose of the SNAP Fraud Framework Implementation Grant Program is to support State agency efforts to improve and expand recipient fraud prevention, detection, and investigation efforts using the procedures, ideas and practices outlined in the SNAP Fraud Framework. As a reminder, all State agencies have access to the Fraud Framework via PartnerWeb. Successful applications will specifically incorporate one or more of the procedures, ideas, and practices found in the SNAP Fraud Framework in their proposals. This grant opportunity is not intended to support retailer fraud-related projects. It is understood, however, that recipient fraud prevention efforts may necessarily involve collaborative work with SNAP authorized retailers or with FNS to address retailers complicit in committing fraud.

From 2014 to 2017, FNS partnered with 10 State agencies to pilot new strategies and improve the use of analytics to more effectively detect potential fraud, improve administration, and increase oversight. The lessons learned and ideas tested during these pilots led to the development of the SNAP Fraud Framework. The SNAP Fraud Framework is a collection of procedures, innovative ideas, and promising practices to help State agencies improve fraud prevention, detection and investigation techniques and processes. This framework and its supporting documents are designed to support States as they develop new efforts or improve on existing ones to prevent, detect, and investigate fraud. There is no simple solution to combat fraud and each State may require a different approach to improve program integrity. The SNAP Fraud Framework acknowledges the need for State flexibility by offering a menu of options for States to implement as they work to improve program operations and efforts.

The SNAP Fraud Framework is intended to share best practices with personnel directly administering and enforcing the Food and Nutrition Act of 2008. It includes sensitive fraud detection and

¹ Throughout this RFA, "State agencies" refers to the agencies that administer SNAP in the 50 States, the District of Columbia, the Virgin Islands, and Guam.

investigative techniques and therefore has not been shared beyond FNS and SNAP State agencies, the only eligible applicants for this grant opportunity. State agencies that do not have access to the SNAP Fraud Framework should contact their FNS Regional Office.

Program Description

Section 29(a) of the Food and Nutrition Act of 2008 (7 U.S.C. 2036) authorizes FNS to prevent trafficking of SNAP benefits. Based on this authority, in recent years Congress has provided funding in annual appropriations to provide competitive grants to support State agencies in implementing SNAP's Fraud Framework and to strengthen program integrity activities in SNAP. Up to \$5 million has been appropriated in FY 2024 for State agencies to implement practices described in the SNAP Fraud Framework. This funding opportunity will be offered on a competitive basis. Throughout this Request for Applications (RFA), the term "State agencies" refers to the agencies of the 50 States, the District of Columbia, the Virgin Islands, and Guam that administer SNAP at the State or County Level. This is consistent with the definition of State agencies within SNAP regulations at 7 CFR 271.2.

While the vast majority of recipients are eligible and use their benefits as intended, there are some who violate program rules. Program violations may encompass a number of activities, such as falsifying income or identity in order to be eligible for benefits they may not be entitled to, or by using benefits for anything other than their intended purpose. Program violations can result in severe penalties, such as criminal punishment and permanent disqualification from the program. SNAP has zero tolerance for fraud and continues to work with its State partners to implement measures to improve program integrity.

Listed in the next section are some general examples of potential project ideas that align with each program objective, which can be found in the SNAP Fraud Framework. In response to the increase in SNAP benefit theft, FNS is strongly encouraging States to submit proposals that aim to prevent, detect, and respond to false application or certification attempts, phishing, and card skimming schemes. Applicants should identify projects that best fit the needs of the State and that the State can successfully implement. Additionally, we encourage applicants to consider foundational projects that the State agency can build on for future growth in the fraud control area, such as data quality improvement, strategic planning, or the development of a training program. However, applicants may use grant funds to build on previous developments.

Key Objectives

Below is a list of the Program Objectives. As noted in [Section 4 – Application and Submission Information](#), within the "Activities/Indicators Tracker," proposed activities should be clearly aligned to these objectives and their associated activities and indicators.

Application proposals must include at least 1 of the 7 objectives identified below. Proposals can contain more than one objective. Note that if awarded, grantees will be required to report on progress towards activities aligned with the required objective(s) and must use the FNS-908 Performance Progress Report. Carefully considering proposed activities and indicators will prepare grantees for their progress reporting requirements if awarded.

#	Objective
1	<u>Organizational Management</u> : This objective aims to help States establish and communicate priorities, organize employees, and manage both large-scale and day-to-day processes. Many of the concepts described in this component are the foundation for successful program integrity initiatives.

	Examples of the types of projects that would fall under this objective include: • Establish a strategic plan that addresses recipient integrity. • Improve documentation around recipient fraud processes and procedures that align with strategic priorities. • Enhance data analysis skills within fraud unit.
2	<u>Performance Measurement</u>: This objective offers recommendations encouraging States to consistently capture and analyze their own performance. Examples of the types of projects that would fall under this objective include: • Assess the impact of current integrity efforts and initiatives through active monitoring of a defined set of metrics. • Establish metrics, measures, and key performance indicators to track performance. • Automate data gathering and calculations currently done manually
3	<u>Recipient Integrity Education</u>: This objective provides targeted integrity education initiatives to help ensure recipients have the necessary information and tools to use SNAP benefits as intended—preventing fraud before it occurs. When producing recipient integrity education materials, States are encouraged to educate the public and applicants about SNAP fraud, rather than emphasize the consequences as a deterrent to applying. Examples of the types of projects that would fall under this objective include: • Develop client education materials on how recipients can safeguard their EBT card and on how to identify and respond to suspected card skimming and card cloning. • Improve client integrity education messaging through various channels, in multiple languages, and in plain language rather than in legal jargon. • Ensure SNAP recipients as well as the public understand what SNAP fraud is, and how to avoid committing program violations.
4	<u>Fraud Detection</u>: Here, the SNAP Fraud Framework stresses the importance of proactively detecting fraud from the application process and continuing throughout the recipient's time in the Program. Examples of the types of projects that would fall under this component include: • Develop a dashboard to monitor EBT card skimming and cloning claims, to help identify trends and support investigations of recipient claims of stolen benefits. • Strengthen efforts to detect potential fraud at the time of application. • Improve the use of data analytics to monitor EBT card replacements and predict potential incidents of trafficking. • Enhance internal controls to protect against employee fraud.
5	<u>Investigations and Dispositions</u>: This objective aims to provide states with tools and suggestions to improve fraud case management from initial fraud referral through disposition. Examples of the types of projects that would fall under this objective include: • Implement a data-driven process for prioritizing SNAP fraud investigations. • Establish standardized procedures for developing effective evidence packages. • Improve internal fraud referral and feedback processes. • Develop call center scripts to gather information from households reporting stolen benefits that could help investigators identify when and where a household may have become a victim of an EBT card skimming scheme.

6	<u>Analytics and Data Management:</u> This objective details the necessary people, processes, and technology to launch and maintain an analytics capability. Data analytics can play a valuable role in preventing, detecting, and investigating SNAP fraud. Examples of the types of projects that would fall under this objective include: • Clean up of existing data to eliminate erroneous or duplicate values and improve usability. • Improve data management processes (e.g., quality, storage, protection, security, standardization) • Improve State data collection on reports of stolen benefits to support future analysis of fraud trends and areas for improvement.
7	<u>Learning and Development:</u> The final objective contains recommendations for States to invest in training and professional development opportunities to promote employee engagement and to ensure employees are aware of new and emerging trends in fraud. Examples of the types of projects that would fall under this objective include: • Establish a standardized training program for employees throughout the organization that focuses on their roles in recipient integrity activities. • Create a mentoring or coaching program for professional development in support of recipient integrity efforts.

2. Federal Award Information

The following information is intended to provide applicants with information to help make informed decisions about proposal submissions.

- Total amount of funding expected to award: \$5 million
- Anticipated number of awards: Approximately 9
- Minimum award amount (award floor): \$150,000 per award
- Maximum award amount (award ceiling): \$750,000 per award
- Anticipated award announcement date: August 2024
- Anticipated period of performance (start and end date of the award): August 30, 2024 – September 30, 2027
- Application due date: June 24, 2024 (11:59 PM Eastern Daylight Time (EDT))

Please note:

- Grant awards are subject to the availability of funding and/or appropriations of funds.
- FNS reserves the right to fund applicants that were not chosen for award in under this solicitation/competition in the subsequent fiscal year, should additional funds become available and scores permit doing so

Program Requirements

The goal of the SNAP Fraud Framework Implementation Grant is to help States implement promising practices contained in the SNAP Fraud Framework. The awards will support projects that fall under any of the seven components of the SNAP Fraud Framework. The seven components can be found listed under the [Key Objectives Section](#) of this RFA and fully described in the SNAP Fraud Framework document. Proposals should clearly describe the intent and scope of activities and their relation to any of the seven components of the SNAP Fraud Framework. State agencies that do not have access to the SNAP Fraud Framework should contact their [FNS Regional Office](#).

Proposed projects must be sustainable. A significant part of the evaluation criteria will be dependent on how clear a proposal demonstrates the State agency's ability to continue funding and implementing activities at the same level once the grant ends. This applies to all proposals, including those that propose hiring personnel to implement a part of the project.

Funds from this RFA may not be used to offset costs for existing personnel who are completing activities unrelated to this grant. Grant funds can be used to enhance or improve upon a previous project; however, they may not be used to supplant the existing costs associated with the previous grant. Recipients of prior SNAP recipient integrity grant awards are eligible for this opportunity should they choose to apply; however past performance will be evaluated and will impact the proposal's score. For more on this, refer to [Section 5 – Application Review Information](#)..

Each project design should include quantifiable objectives, measures to assess progress toward meeting those objectives, project activities linked to meeting specific objectives, and a list of deliverables and/or milestones for the duration of the project. Applicants must also include a clear and reasonable timeline, and a narrative description of how the project will be staffed and managed, including a project organizational chart. Every grantee must assess and report on its progress each quarter by using performance measures tied to specific project objectives. These measures can include process measures, output measures, and outcome measures. The proposal should describe the process for collecting and reporting these data including the data source.

The budget and budget narrative must be in line with the proposed project description. FNS reserves the right to request information not clearly addressed.

We encourage potential applicants to carefully read and review the Evaluation of Grant Application Criteria listed in this RFA under [Section 5 – Application Review Information](#). These criteria outline the qualities FNS expects successful proposals to have and will guide the reviewers' evaluation of proposals.

[Allowable Costs](#)

- Among other costs, budgets may include expenses related to personnel, equipment and supplies, meeting expenses, travel, and trainings.
- Expenditures for both equipment (i.e., items of personal property having a useful life of more than one year and a cost of \$5,000 or more) and supplies are allowable expenses.
- FNS does not intend for this grant program to fund activities enhancing compliance with existing statutory or regulatory program requirements, such as data matching. FNS will continue to fund all State agency activities through 50% Federal matching of administrative costs.
- Grantees may use grants funds to procure contracts for goods or services.
- SNAP Fraud Framework Implementation Grant-funded projects may benefit other governmental programs; however, grant funds must only support SNAP's share of the project costs.

All costs proposed in the budget and detailed in the budget narrative must be allowable, reasonable, necessary, and allocable. Refer to [2 CFR Part 200 Subpart E – Cost Principles](#) for a detailed description of all allowable and unallowable costs.

Equipment and Supplies: Expenditures for both equipment (i.e., items of personal property having a useful life of more than one year and a cost of \$5,000 or more) and supplies are allowable expenses with prior approval by FNS. While these expenditures are allowable, FNS reserves the right to approve/disapprove these expenditures based upon the needs of the Agency and the proposed project.

Unallowable Costs

Entertainment: Costs of entertainment, including amusement, diversion, and social activities and any associated costs are unallowable (such as mascot costumes, promotional items, etc.) unless there is a programmatic purpose and prior approval is granted by FNS.

A complete listing of selected items of costs is located at [2 CFR 200.420](#).

All costs proposed in the budget and detailed in the budget narrative must be allowable, reasonable, necessary, and allocable. Refer to [2 CFR Part 200 Subpart E – Cost Principles](#) for a detailed description of all allowable and unallowable costs.

3. Eligibility Information

Eligible Applicants

Entities not meeting the eligibility definitions will be deemed ineligible and removed from competition without further consideration. The following are eligible entities, which are described in more detail below:

- This grant opportunity is only open to State agencies that administer SNAP, consistent with the SNAP regulatory definition of “State agency” at 7 CFR 271.2.
 - For State agencies that are county-administered, a county agency that submits an application must include a letter of commitment or letter of endorsement from the relevant SNAP agency with the application package to be considered for funding. States that are county-administered include: California, Colorado, Minnesota, New Jersey, New York, North Carolina, North Dakota, Ohio, Virginia, and Wisconsin.
 - FNS will consider only one application per State agency.

Applicants who fail to submit any of the required documents or forms listed in Section 4 “Application and Submission Information” will be deemed NONRESPONSIVE and therefore will be INELIGIBLE to participate in the competition and removed from further consideration.

Cost Sharing or Matching Considerations

There are no cost sharing or matching requirements for this program.

Pre-Award Screening Requirements

In reviewing applications in any discretionary grant competition, prior to making a Federal award, Federal awarding agencies, in accordance with 2 CFR 200.205, are required to review information available through any OMB-designated repositories of government-wide eligibility qualifications or financial integrity information. Additionally, Federal awarding agencies are required to have a framework in place for evaluating the risks posed by applicants before they receive Federal awards. The FNS review of risk posed by applicants will be based on the following:

- SAM.gov, the *System for Award Management*, the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS

- FAPIIS, the *Federal Awardee Performance and Integrity Information System* that has been established to track contractor misconduct and performance.
- FNS Risk Assessment Questionnaire
 - Applicants **must** complete the Grant Program Accounting System & Financial Capability Questionnaire that allows FNS to evaluate aspects of the applicant's financial stability, quality of management systems, and history of performance, reports, and findings from audits. The questionnaire contains a number of questions that may be an indicator of potential risk.

The evaluation of the information obtained from the designated systems and the risk assessment questionnaire may result in FNS imposing special conditions or additional oversight requirements that correspond to the degree of risk assessed.

Acknowledgement of USDA Support

As outlined in 2 CFR 415.2, grant recipients shall include acknowledgement of USDA Food and Nutrition Service support on any publications written or published with grant support and, if feasible, on any publication reporting the results of, or describing, a grant-supported activity. Recipients shall include acknowledgement of USDA Food and Nutrition Service support on any audiovisual which is produced with grant support, and which has a direct production cost of over \$5,000.

- When acknowledging USDA support, use the following language: "This material is based upon work that is supported by the Food and Nutrition Service, U.S. Department of Agriculture." Grantees should follow the [USDA Visual Standards Guide](#) when using the USDA logo.
- Grant recipients *may* be asked to host USDA officials for a site visit during the course of their grant award. All costs associated with the site visit will be paid for by USDA and are not expected to be included in grant budgets.

4. Application and Submission Information

Content and Form of Application Submission

FNS strongly encourages eligible applicants interested in applying to this program to adhere to the following applicant format. The proposed project plan should be presented on 8 ½" x 11" white paper with at least 1-inch margins on the top and bottom. All pages should be single-spaced in 12-point font. The project description with relevant information should be capture on no more than 25 pages, not including the cover sheet, table of content, resumes, letter(s) of commitment, endorsement letter(s), budget narrative(s), appendices, and required forms. All pages, excluding form pages must be numbered.

Special Instructions:

- Late application submission will not be considered in this competition. FNS will not consider additions or revisions to applications unless they are submitted via Grants.gov by the deadline. No additions or revisions will be accepted after the deadline.
- Applications submitted without the required supporting documents, forms, certification will not be considered.
- Applications missing a written proposal or budget narrative will not be considered and deemed nonresponsive (and therefore ineligible to participate in the competition) and removed from further consideration.
- FNS reserves the right to request clarification on any application submitted in response to this solicitation.
- Applications not submitted via Grants.gov will not be considered.

- If multiple application packages are submitted through Grants.gov by the same applicant in response to this solicitation, FNS will accept the latest application package successfully submitted. All other packages submitted by the applicant will be removed from this competition.

Cover Sheet

The cover page should include, at a minimum:

- Applicant's name and mailing address
- Primary contact's name, job title, mailing address, phone number, and e-mail address
- Grant program title and subprogram title (if applicable)

Table of Contents

The Table of Contents should include relevant sections, subsections and associated page numbers.

Application Project Summary

The application should clearly describe the proposed project activities and anticipated outcomes that would result if the proposal were to be funded.

Project Narrative

The project narrative should clearly identify what the applicant is proposing and how it will address a solution, the expected results and/or benefits once the solution is achieved, and how it will meet the RFA program scope and objectives. The proposed project methodology should describe the project design, address program specific methodology needs, procedures, timetables, monitoring/oversight, and the organization's project staffing.

Activities/Indicators Tracker

Proposed Activities and indicators measuring success must be mapped to Program Objectives (as described in [Section 1 – Program Description and Objectives](#)) in the below format (note that additional Activities/Indicators can be added as needed).

Note: Indicators are defined as any metric you anticipate will be able to be tracked during the period of performance of the grant. Common examples include Number of People Attended, Number of People Impacted, Number of Conferences Delivered, Number of Materials Created, Number of Trainings, Number of People Trained.

Example

Objective #	1. <u>Recipient Integrity Education</u>
Activity	Develop new recipient integrity materials
Indicator(s)	No. of recipient integrity materials developed
Activity	Communicate necessary information and provide tools to use SNAP benefits as intended.
Indicator(s)	No. impacted

Objective #	
Activity	
Indicator(s)	

Objective #	
Activity	

Application Budget Narrative

The budget narrative, formatted as a table, should correspond with the proposed project narrative and application budget. The narrative must justify and support the bona fide needs of the budget's direct cost. The budget and budget narrative must be in line with the proposed project description. If the budget includes indirect costs, the applicant must provide a copy of its most recently approved Federal indirect cost rate agreement. Budget categories in this table must match those listed on the SF-424A form. If the budget table is created in a spreadsheet, it must be formatted to fit on an 8.5 x 11-inch page, with a font no smaller than 11-point Times New Roman. All funding requests must be in whole dollars.

Indirect Cost Rate

A current **Negotiated Indirect Cost Rate Agreement (NICRA)**, negotiated with a cognizant Federal agency, should be used to charge indirect costs. Indirect costs may not exceed the negotiated rate. If a NICRA is used, the percentage and base should be indicated. If the applicant does not have, and has never been approved for, a NICRA, they may charge up to 10% de minimis. In this instance, the applicant must indicate they are requesting the de minimis rate. An applicant may elect not to charge indirect costs and instead use all grant funds for direct costs. If indirect costs are not charged, the phrase "none requested" should be stated in the budget narrative. For questions related to the indirect cost rate, please work with the Grant Officer as noted in [Section 7 – Federal Awarding Agency Contact](#)s of this RFA.

Note: Each organization is assigned to a single federal agency (by the Office of Management and Budget) that acts on behalf of all federal agencies in indirect cost rate negotiations and is referred to as the "cognizant agency."

Required Grant Application Forms

The required grants.gov forms may be previewed at grants.gov/forms. These forms are part of the grants.gov Workspace application.

- Non-Construction Grant Projects Forms: SF-424 Family
 - Application and Instruction for Federal Assistance (SF-424)
 - Budget Information and Instructions (SF-424A)
 - Assurance–Non-Construction Programs (SF-424B)
- SF LLL (Disclosure of Lobbying Activities)
 - Indicate on your form whether your organization intends to conduct lobbying activities. If your organization does not intend to lobby, write "Not Applicable" in boxes required to be completed.
- Additional Required Forms and Information
 - Unique Entity Identifier (UEI) number. Please see below for further information
 - SAM registration. Please see below for further information.

Submission Date

Complete grant applications must be uploaded to grants.gov by 11:59 PM EDT on the due date listed on the cover page.

- Applications must be submitted via grants.gov. Mailed, emailed, or hand-delivered application packages will not be accepted. For further instructions, see the "Preparing for Electronic Application Submission through Grants.gov" below.
- Late or incomplete applications will not be considered.

- FNS will not consider additions or revisions to applications unless they are submitted via grants.gov by the deadline. No additions or revisions will be accepted after the deadline.
- If multiple application packages are submitted through grants.gov by the same applicant in response to this solicitation, FNS will accept the latest application package successfully submitted. All other packages submitted by the applicant will be removed from this competition.
- Those applicants who fail to submit any required documents or forms will be deemed NONRESPONSIVE, and therefore will be INELIGIBLE to participate in the competition and removed from further consideration.

FNS strongly encourages applicants to begin the registration process at least **four weeks** before the due date and to submit applications to grants.gov at least **one week** before the deadline to allow time to troubleshoot any issues should they arise. Please note that upon submission, grants.gov may send multiple confirmation notices. Applicants should ensure receipt of confirmation that the application was **accepted**.

FNS will not accept applications outside of grants.gov. Applicants experiencing difficulty submitting applications through grants.gov should contact applicant support via the toll-free number 1-800-518-4726 and email at support@grants.gov. This service is available 24/7.

Preparing for Electronic Application Submission through Grants.gov

Applicants must register with [grants.gov](https://www.grants.gov) and [SAM.gov](https://www.sam.gov) in order to submit an application to FNS via grants.gov as required.

In order to submit an application, you must:

1. Obtain a UEI number

What is a Unique Entity Identifier (UEI)?

A UEI is a unique number assigned to all entities (public and private companies, individuals, institutions, or organizations) who register to do business with the federal government. For more information, visit the [U.S. General Services Administration website](https://www.gsa.gov).

Where do I go to learn more about the UEI?

The U.S. General Services Administration [Unique Entity Identifier Update page](#) contains the most up-to-date information about the UEI.

Note: After April 4, 2022, entities can register in SAM.gov and will be assigned their “SAM UEI.” They will no longer obtain or use a “DUNS UEI” for entity registration or reporting. For additional information on the UEI process, please visit [SAM.gov](https://www.sam.gov).

2. Register in the System for Award Management (SAM)

- On April 4, 2022, the UEI used across the Federal government changed from the DUNS number to the UEI (generated by SAM.gov).
- SAM combines federal procurement systems and the Catalog of Federal Domestic Assistance into one system. Visit [SAM.gov](https://www.sam.gov) for additional information.
- To register, you must have your organization’s UEI, the organization’s Tax ID Number (TIN), and taxpayer name (as it appears on the last tax return). It may take up to 5 to

7 business days or more to register and/or complete the migration of permissions and/or the renewal of an entity record.

- All applicants must have current SAM status at the time of application submission and throughout the duration of a Federal Award in accordance with 2 CFR Part 25.
- FNS strongly encourages applicants to begin this process at least **3 weeks** before the due date of the grant solicitation.

3. Create a Grants.gov Account

The next step in the registration process is to create an account with grants.gov. Applicants must know their organization's Unique Entity Identifier (UEI) to complete this process. For more detailed instruction about creating a profile on grants.gov, visit

grants.gov/web/grants/applicants/registration.html.

How to Submit an Application via Grants.gov

Applicants must apply online using [Workspace](#). *Workspace* is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement or RFA, you can create individual instances of a workspace.

For additional training resources, including video tutorials, visit grants.gov/applicants/applicant-training.html.

Applicant Support: Grants.gov provides applicants 24/7 support (except Federal holidays) via the toll-free number 1-800-518-4726 and email at support@grants.gov. If you are experiencing difficulties with your submission, it is best to contact grants.gov support and get a ticket number. The Support Center ticket number will assist the Center with tracking your issue.

For programmatic and financial-related questions regarding this specific grant opportunity, please contact the Grant Officer noted in Section 7 – Federal Awarding Agency Contacts of this RFA.

NOTICE: Special Characters and Naming Conventions

All applicants **must** follow grants.gov guidance on file naming conventions. To avoid submission issues, please follow the guidance provided by grants.gov (per the grants.gov Frequently Asked Questions or FAQ).

Are there restrictions on file names for any attachment I include with my application package?

e.g., ! @ # \$ % ^ & * - '). (_). For example, Attached_File.pdf.

If these guidelines for file names are not followed, your application will be rejected. FNS will not accept any application rejected from the grants.gov portal due to incorrect naming conventions.

Additional information can be found at grants.gov/web/grants/applicants/applicant-faqs.html#attachments.

Grants.gov Receipt Requirements and Proof of Timely Submission

All applications must be received by 11:59 PM EDT on the due date listed on the cover page, as detailed in Section 4 – Submission Date. Proof of timely submission is automatically recorded by grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by grants.gov. The applicant Authorized Organization Representative (AOR) will

receive an acknowledgement of receipt and a tracking number (e.g., GRANTXXXXXXXX) from grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/time stamp and a grants.gov tracking number in an email serving as proof of their timely submission.

When FNS successfully retrieves the application from grants.gov and acknowledges the download of submissions, grants.gov will provide an electronic acknowledgement of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that grants.gov receives your application. Applications received by grants.gov after the established due date for the program will be considered late and will not be considered for FNS funding.

Applicants using slow internet, such as dial-up connections, should be aware that transmission could take some time before grants.gov receives your application. Again, grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.

File attachment names longer than approximately 50 characters can cause problems processing packages. Please limit file attachment names. Also, do not use any special characters. This includes periods (.) and spacing followed by a dash in the file. To separate words in naming a file, use an underscore (_).

Intergovernmental Review

This funding opportunity is subject to the requirements of EO 12372, “Intergovernmental Review of Federal Programs.” This Executive Order was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The Order allows each State to designate an entity to perform this function.

If you are located within a State that does not have a Single Point of Contact (SPOC), you may send application materials directly to a federal awarding agency.

For a list of State agency contacts, please visit [whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf](https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf).

Funding Restrictions

- Pre-award costs will not be permitted for this grant.
- Grant funds cannot be used for the ongoing costs of carrying out an existing project.
- Any application that includes costs related to an existing or ongoing project will have those costs removed from the budget and may also cause the budget score to be marked down.
- SNAP Fraud Framework Implementation Grant-funded projects may benefit other governmental programs; however, grant funds must only support SNAP’s share of the project costs.

5. Application Review Information

Review Criteria

FNS will pre-screen all applications to ensure the applicants are eligible entities and are in compliance with all Program regulations. FNS will not approve any waivers from Program regulations for any projects submitted in response to this solicitation. Additionally, the review committee will evaluate proposals against the criteria below. The project narrative sections include a point value to indicate the importance of each section; The following selection criteria will be used to evaluate applications for this RFA.

Soundness or Merit of Project Design (35 points)

Demonstrated Need: The proposal clearly describes the need to strengthen program integrity by focusing on at least one component of the SNAP Fraud Framework and provides evidence that the proposed approach is well-suited to solve the identified issue.

Impact: The proposal clearly demonstrates:

- A direct effect on the SNAP State agency process and provides evidence that the changes would help combat recipient fraud and benefit trafficking.
- A clear progression from idea to practice in a State agency.
- A clear description of the impact the project is expected to make. Impact can be described in terms of the degree to which the new or improved processes are expected to help the State agency expand its current efforts to eliminate recipient fraud.

Quality: The proposal shows thought, analysis, clarity, and the use of relevant facts and knowledge. This includes a clear understanding of the SNAP Fraud Framework.

Application of the SNAP Fraud Framework: The proposed project integrates principles, procedures, ideas and/or practices outlined in the SNAP Fraud Framework.

Feasibility: The application proposes projects that are capable of being accomplished and likely to be implemented. The proposal demonstrates State agency readiness and leadership's interest to implement activities. It should also demonstrate that the proposed project is appropriate given the current capacity of the agency. We encourage applicants to consider foundational projects that the State agency can build on for future growth in the fraud control area. However, applicants may use grant funds to build on previous developments.

Implementation and Evaluation (15 points)

Timeline: The proposal includes a project timeline that outlines proposed tasks and demonstrates that sufficient time is allotted for each activity. Period of performance is commensurate with project scope.

Evaluation: The proposal describes a well-thought-out, organized review and evaluation process that will measure whether the goals of the project have been met. The evaluation should focus on measuring the impact the project seeks to make. Please be sure to include information on who will measure the goals of the project, how the goals will be measured, when the goals will be measured and what the organization will be measuring.

Past Performance: The proposal will also be evaluated based on the grantees past performance. The proposal may lose up to 10 points if the grantee previously failed to submit FNS grant progress reports on time.

Sustainability (20 points)

The proposal shows that the project will be sustained after the grant period ends. The proposal should clearly demonstrate State agency's ability to continue funding and implementing activities once the grant ends. This also applies to personnel hired under this grant program, as applicable.

Budget Appropriateness and Economic Efficiency (20 points)

Budget: The proposal includes:

- A line-item budget – please refer to the Application Checklist on page III and Budget Narrative Checklist in Appendix B to assure each category is addressed in the budget.
- A narrative that demonstrates how funds will be spent, by whom and for what purpose.
- The narrative should provide enough detail for reviewers to easily understand how costs were determined and how they relate to the goals and objectives of the project. There should be adequate justification for budget costs based on current industry costs/standards. Information on costs should be obtained from applicable organizations or from online sources.

Additionally, a copy of the approved negotiated indirect cost rate agreement must be attached if indirect costs are shown as a budget expense to the project.

If applicable, the budget must show how the costs are allocated among the benefiting programs and demonstrate that this grant is only going to fund SNAP's share.

Efficiency: The proposal is cost effective – it demonstrates that the anticipated results are commensurate with the cost of the project.

Contractual and Consultant Costs: State agencies who wish to hire a consultant or contract work out must provide the following information:

- Consultant's name and description of service
- Itemized list of all direct costs and fees
- Salaries must have the number of personnel including the position title
- Specialty and specialized qualifications as appropriate to the salary
- Number of estimated hours times hourly wages
- All expenses and fees directly related to the proposed services to be rendered to the project

Applicants that are required to issue a bid should provide a narrative explaining the requirement and provide a reasonable estimate of Contractual and Consultant Costs.

NOTE: Proposal submissions that omit the required budget narratives and/or line-item descriptions will not receive the full point value for this criterion. Therefore, applicants should recognize that a well-written budget narrative that justifies the proposed project expenditures assists the reviewers during the review process.

Staff Capability and Management (10 points)

Oversight: The proposal demonstrates that effective and consistent oversight by qualified project managers will be implemented throughout the project.

Communication: The proposal demonstrates that effective communication will exist within the organization. The proposal includes an organizational chart of the proposed project.

Staff: The proposal identifies the project director or manager and other key staff. The proposal includes resumes that demonstrate that the proposed staff has the appropriate technical and experiential backgrounds for their proposed roles. If the applicant is unable to identify the project director or manager and key staff, it must include with the application package job descriptions for positions that must be assigned. Applicants should address their contingency or back-up plans in the event of key staff departures.

Time Commitment: The proposal outlines the amount of time and effort the project director or manager, key staff, and, if applicable, partnering organizations, will contribute to the project.

Total Points Available: 100

Review and Selection Process

Following the initial screening process, FNS will assemble a panel group to review and determine the technical merits of each application. The panel will evaluate the proposals based on how well they address the required application components and array the applications from highest to lowest score. The panel members will recommend applications for consideration for a grant award based on the evaluation scoring. FNS may request information from the applicant not clearly addressed in their proposal. The Selecting Official reserves the right to accept the panel's recommendation or to select an application for funding out of order to meet agency priorities, program balance, geographical representation, or project diversity. If applicant is a previous SNAP Fraud Framework Implementation grantee, past performance will be evaluated and may impact the Selecting Official's decision. FNS reserves the right to use this solicitation and competition to award additional grants in the next fiscal year should additional funds be made available.

6. Federal Award Administration Information

Federal Award Notice

The Government is not obligated to make any award as a result of this RFA. Unless an applicant receives a signed award document with terms and conditions, any contact from a FNS Grants or Program Officer should not be considered as a notice of a grant award. No pre-award or pre-agreement costs incurred prior to the effective start date are allowed unless approved and stated on FNS' signed award document (FNS-529). Only the recognized FNS authorized signature can bind the USDA, Food and Nutrition Service to the expenditure of funds related to an award's approved budget.

Administrative and National Policy Requirements

Confidentiality of an Application

When an application results in an award, it becomes a part of the record of FNS transactions, available to the public upon specific request. Information that the Secretary determines to be of a confidential, privileged, or proprietary nature will be held in confidence to the extent permitted by law. Therefore, any information that the applicant wishes to have considered as confidential, privileged, or proprietary should be clearly marked within the application. Any application that does not result in an award will be not released to the public. An application may be withdrawn at any time prior to the final action thereon.

Safeguarding Personally Identifiable Information

"Personally identifiable information" means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information that is linked or linkable to a specific individual (OMB Circular A-130, *Managing Information as a Strategic Resource*).

Applicants submitting applications in response to this RFA must recognize that confidentiality of PII and other sensitive data is of paramount importance to the USDA Food and Nutrition Service. All federal and non-federal employees (e.g., contractors, affiliates, or partners) working for or on behalf of FNS are required to acknowledge understanding of their responsibilities and accountability for using and protecting PII in accordance with applicable law, regulation, and policy [e.g., the Privacy Act of 1974; Office of Management and Budget (OMB) Memorandum, M-17-12, *Preparing for and Responding to a Breach of Personally Identifiable Information*; OMB Circular A-130, *Managing Information as a Strategic Resource* (this is a non-exhaustive list of requirements in this area)].

By submitting an application in response to this RFA, applicants are assuring that all data exchanges conducted throughout the application submission and pre-award process (and during the performance of the grant, if awarded) will be conducted in a manner consistent with applicable Federal laws, regulations, and policies. By submitting a grant application, applicants agree to take all necessary steps to protect PII, including the following: (1) ensuring that PII and sensitive data developed, obtained or otherwise associated with USDA FNS funded grants is securely transmitted; (2) ensuring that PII is not transmitted to unauthorized users, and that PII and other sensitive data is not submitted via email; (3) data is transmitted via FNS approved file sharing services or encrypted mobile media storage devices; and (4) ensuring that PII is encrypted and password protected both in transit and at rest.

Conflict of Interest and Confidentiality of the Review Process

The agency requires all panel reviewers to sign a conflict of interest and confidentiality form to prevent any actual or perceived conflicts of interest that may affect the application review and evaluation process. Names of applicants, including States and tribal governments, submitting an application will be kept confidential, except to those involved in the review process, to the extent permitted by law. In addition, the identities of the reviewers will remain confidential throughout the entire process. Therefore, the names of the reviewers will not be released to applicants.

Administrative Regulations

Federal Tax Liabilities Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Felony Crime Conviction Restrictions

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Debarment and Suspension 2 CFR Part 180 and 2 CFR Part 417

A recipient chosen for an award shall comply with the non-procurement debarment and suspension common rule implementing Executive Orders (E.O.) 12549 and 12689, "Debarment and Suspension,"

codified at 2 CFR Part 180 and 2 CFR Part 417. This common rule restricts sub-awards and contracts with certain parties that are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities. The approved grant recipient will be required to ensure that all sub-contractors and sub-grantees are neither excluded nor disqualified under the suspension and debarment rules prior to approving a sub-grant award by checking the System for Award Management (SAM) at [SAM.gov](https://sam.gov).

Universal Identifier and Central Contractor Registration 2 CFR Part 25

Requirement for System for Award Management. Unless you are exempted from this requirement under [2 CFR 25.110](#), you as the recipient must maintain current information in the SAM. This includes information on your immediate and highest-level owner and subsidiaries, as well as on all of your predecessors that have been awarded a Federal contract or Federal financial assistance within the last three years, if applicable, until you submit the final financial report required under this Federal award or receive the final payment, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another Federal award term.

Requirement for Unique Entity Identifier: If you are authorized to make subawards under this Federal award, you:

- Must notify potential subrecipients that no entity (see definition in paragraph C of this award term) may receive a subaward from you until the entity has provided its Unique Entity Identifier to you.
- May not make a subaward to an entity unless the entity has provided its Unique Entity Identifier to you. Subrecipients are not required to obtain an active SAM registration but must obtain a Unique Entity Identifier.

Reporting Sub-award and Executive Compensation Information 2 CFR Part 170

The Federal Funding Accountability and Transparency Act (FFATA) of 2006 (Public Law 109–282), as amended by Section 6202 of Public Law 110–252, requires primary grantees of Federal grants and cooperative agreements to report information on sub-grantee obligations and executive compensation. FFATA promotes open government by enhancing the Federal Government’s accountability for its stewardship of public resources. This is accomplished by making Government information, particularly information on Federal spending, accessible to the general public.

Primary grantees, including State agencies, are required to report actions taken on or after October 1, 2010, that obligates **\$30,000 or more** in Federal grant funds to first-tier sub-grantees. This information must be reported in the Government-wide FFATA Sub-Award Reporting System (FSRS). In order to access FSRS a current SAM registration is required. A primary grantee and first-tier sub-grantees must also report total compensation for each of its five most-highly compensated executives. Every primary and first-tier grantee must obtain a UEI prior to being eligible to receive a grant or sub-grant award. Additional information will be provided to grant recipients upon award.

Duncan Hunter National Defense Authorization Act of Fiscal Year 2009, Public Law 110-417

Section 872 of this Act requires the development and maintenance of a Federal Government information system that contains specific information on the integrity and performance of covered Federal agency contractors and grantees. The Federal Awardee Performance and Integrity Information System (FAPIIS) is designed to address these requirements. FAPIIS contains integrity and performance information from the Contractor Performance Assessment Reporting System, information from SAM.gov, and suspension and debarment information from the SAM. FNS will review and consider any information about the applicant reflected in FAPIIS when making a judgment about whether an applicant is qualified to receive an award.

Freedom of Information Act (FOIA) Requests

The Freedom of Information Act (FOIA), 5 U.S.C. 552, provides individuals with a right to access records in the possession of the Federal Government. The Government may withhold information pursuant to the nine exemptions and the three exclusions contained in the Act.

Application packages submitted in response to this grant solicitation may be subject to FOIA by requests by interested parties. In response to these requests, FNS will comply with all applicable laws and regulations, including departmental regulations.

FNS will forward a Business Submitter Notice to the requested applicant's point-of-contact. Applicants will need to review requested materials and submit any recommendations within 10 days from the date of FNS notification. FNS will redact Personally Identifiable Information (PII).

For additional information on the Freedom of Information (FOIA) process, please contact the FNS Freedom of Information Act officer at FOIA@usda.gov.

USDA Non-Discrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

General Terms and Conditions (T&Cs) of FNS grant awards may be obtained electronically in advance of an award. For a copy of T&Cs, please contact the Grant Officer noted in [Section 7 – Federal Awarding Agency Contacts](#) of this RFA.

Reporting Requirements

Financial Reports

The award recipient will be required to enter the SF-425 (Federal Financial Report) into the FNS Food Program Reporting System (FPRS) on a quarterly basis 30 days following the end of each quarterly period. In order to access FPRS, the grant recipient must obtain login.gov and USDA e-Authentication, verify their identity, and submit an FNS-674 form, which will be provided by the Grant Officer to access FPRS. A final Financial Status report is due 120 days after the termination date. For additional information on FPRS, visit fprs.fns.usda.gov.

Performance Progress Reports (PPR)

Grantees will be required to submit progress reports to FNS 30 days following the end of each quarterly period, using the FNS-908 PPR form that will be sent to grantees at the time of award or the initial orientation. The reports should cover the preceding period of activity.

A final FNS-908 PPR identifying the accomplishments and results of the project will be due 120 days after the end date of the award.

This report of up to 25 pages will be composed of a short executive summary and the following:

- A project description including a concise summary of the major accomplishments, the difficulties encountered, and the solutions developed to resolve the difficulties.
- A discussion of the project results and lessons learned.

Copies of any deliverables, media or publicity releases/articles and links to materials on websites also should be included or papers resulting from the grant should be attached to the final report. All products should include an acknowledgement of the source of funding. The Federal awarding agency reserves a royalty-free, non-exclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes, the copyright in any work developed under a grant, sub-grant, or contract under a grant or sub-grant or any rights of copyright to which a grantee, sub-grantee, or a contractor purchases ownership with grant support.

Please note: The FNS-908 PPR form specific to this opportunity will be sent to grantees at the time of award or the initial orientation. Use of the FNS-908 PPR form for progress reports is required. Previous grantees that have not submitted reports timely will be evaluated as high risk. All activities reported on the FNS-908 must align with the required objective(s) from the Fiscal Year 2024 Key Objectives section above.

8. Other Information

Debriefing Requests

Non-selected applicants may request a debriefing to discuss the strengths and weakness of submitted proposals. This information may be useful when preparing future grant proposals. Additional information on debriefing requests will be forwarded to non-selected applicants. FNS reserves the right to provide this debriefing orally or in written format.

Appendix

RFA Budget Narrative Checklist

FOR GRANT APPLICANT USE ONLY. DO NOT RETURN THIS FORM WITH THE APPLICATION.

This checklist will assist you in completing the budget narrative portion of the application. Please review the checklist to ensure the items below are addressed in the budget narrative.

NOTE: The budget and budget narrative, as well as forms SF-424 and SF-424A must be in line with the proposal project description (statement of work) bona fide need. FNS reserves the right to request information not clearly addressed. All funding requests must be in whole dollars.

EM	YES	NO
Personnel		
Did you include all key employees paid for by this grant under this heading?		
Are employees of the applicant's organization identified by name and position title?		
Did you reflect percentage of time the Project Director will devote to the project in full-time equivalents (FTE)?		
Fringe Benefits		
Did you include your organization's fringe benefit amount along with the basis for the computation?		
Did you list the type of fringe benefits to be covered with Federal funds?		
Travel		
Are travel expenses itemized? For example origination/destination points, number and purpose of trips, number of staff traveling, mode of transportation and cost of each trip.		
Are the Attendee Objectives and travel justifications included in the narrative?		
Is the basis for the lodging estimates identified in the budget? For example, include excerpt from travel regulations.		
Equipment		
Is the need for the equipment justified in the narrative?		
Are the types of equipment, unit costs, and the number of items to be purchased listed in the budget?		
Is the basis for the cost per item or other basis of computation stated in the budget?		
Supplies		
Are the types of supplies, unit costs, and the number of items to be purchased reflected in the budget?		
Is the basis for the costs per item or other basis of computation stated?		
Contractual: (FNS reserves the right to request information on all contractual awards and associated costs after the contract is awarded.)		
Has the bona fide need been clearly identified in the project description to justify the cost for a contract or sub-grant expense(s) shown on the budget?		
A justification for all Sole-source contracts must be provided in the budget narrative prior to approving this identified cost.		
Other		
Consultant Services – Has the bona fide need been clearly identified in the project description to justify the cost shown on the budget? The following information must be provided in the

justification: description of service, the consultant's name and an itemized list of all direct cost and fees, number of personnel including the position title (specialty and specialized qualifications as appropriate to the costs), number of estimated hours and hourly wages per hour, and all expenses and fees directly related to the proposed services to be rendered to the project.		
For all other line items listed under the "Other" heading – List all items to be covered within "Other" along with the methodology on how the applicant derived the costs to be charged to the program.		
Indirect Costs		
Has the applicant obtained a Negotiated Indirect Cost Rate Agreement (NICRA) from an Federal Agency? If yes, a copy of the most recent and signed negotiated rate agreement must be provided along with the application.		
2 CFR 200 allows any non-Federal entity (NFE) that has never received a negotiated indirect cost rate to charge a de Minimis rate of 10% of modified total direct costs (MTDC), which the NFE may use indefinitely as a Federally-negotiated rate.		

FNS-906 Grant Program Accounting System & Financial Capability Questionnaire

This form is required. Please submit this questionnaire along with your applicant package.

PURPOSE

Recipients of Federal funds must maintain adequate accounting systems that meet the criteria outlined in 2 CFR §200.302 [Standards for Financial and Program Management](#). The responses to this questionnaire are used to assist in the Food and Nutrition Service Agency's (FNS) evaluation of your accounting system to ensure the adequate, appropriate, and transparent use of Federal funds. Failure to comply with the criteria outlined in the regulations above may preclude your organization from receiving an award. This form applies to FNS' competitive and noncompetitive grant programs.
