Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

To enhance capacity to identify, assist, and provide services to all victims of human trafficking, OVC leads the Nation in supporting victim-centered and trauma-informed programs, policies, and resources that promote justice, access, and empowerment.

With this solicitation, OVC seeks to provide funding for the prevention and early intervention of human trafficking, as defined by 22 U.S.C. § 7102(11).

Statutory Authority

Department of Justice Appropriations Act, 2023 (Pub. L. No. 117-328) with funding authorized by the Juvenile Justice and Delinquency Prevention Act of 1974.

Specific Information

This program supports prevention and early intervention services for girls who are at risk of, or are victims of, sex and/or labor trafficking. Risk factors that make girls vulnerable to sex or labor trafficking include a history of childhood sexual and physical abuse, witnessing domestic violence, involvement in the child welfare and juvenile justice systems, poverty, running away or being homeless, a lack of strong support networks (family, peers, community ties, etc.), failure in school, and substance use disorders. Services may be provided to girls and young women up to and including age 25.

Mandatory Program Requirements

Applicants that receive funding under this program are required to:

1. Submit the policies, procedures, and rules governing the provision of services for review (postaward) as required by OVC.
2. Ensure their policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff (postaward).
3. Ensure that any staff, partner staff, or service providers working with trafficking victims and girls at risk for trafficking are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance.
4. Send the project coordinator or program director and one other key staff member to a virtual OVC grantee orientation and have relevant staff participate in OVC-sponsored training and technical assistance.

5. Provide all grant-funded staff at least one session of training (to be delivered by individuals or organizations with reasonable and demonstrable expertise) related to diversity, equity, inclusion, or accessibility and tied to program goals and objectives annually.

Strengthening Responses to Labor Trafficking

Through its award funding, training and technical assistance, and collaboration with federal partners, OVC has worked to strengthen identification of and responses to labor trafficking victims in the United States. Despite these efforts, labor trafficking remains misunderstood, under-identified, underreported, and often unaddressed. As reflected in OVC grantee data, many individuals experience polyvictimization, including both labor and sex trafficking. To increase identification and expand access to services and justice for victims of labor trafficking, OVC is strengthening its expectations of organizations that receive anti-trafficking award funds. More information about gaps and opportunities in the response to this form of human trafficking is available on the [OVC website](#).

Organizations with all levels of experience responding to and serving labor trafficking victims are encouraged to apply, including those that have historically focused exclusively on responding to sex trafficking and are interested in enhancing responses to labor trafficking.

Goals, Objectives, and Deliverables

Goals

The goal of this program is to prevent/reduce victimization of girls who are vulnerable to sex and/or labor trafficking.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables and Timeline web-based form.

Applicants are invited to apply under the following two purpose areas:

Category 1: Program Sites

The objectives of this category include:

- Replicate and scale-up prevention and early intervention programs for girls/young women who are at risk of, or are victims of, sex and/or labor trafficking that have been rigorously evaluated and/or have been shown to be effective or promising and/or have a documented track record of producing successful outcomes for participants. Program models should include a plan to develop services and interventions for high-risk girls/young women, and for those with a history of trauma

due to past or current crime victimization, including child abuse and neglect.

- Implement or enhance efforts to identify and provide comprehensive, trauma-informed, developmentally appropriate, and culturally responsive services to girls/young women who are at risk of, or are victims of, sex and/or labor trafficking. This may include street outreach efforts, partnerships with organizations that serve youth, partnerships with juvenile justice and child welfare systems, and/or collaboration with key community stakeholders.
- Participate in an annual peer-to-peer learning (cluster meeting) opportunity hosted by the OVC-funded training and technical assistance provider. (See Budget Information and Associated Documentation.)

Category 2: Training and Technical Assistance Provider

This program area will fund a training and technical assistance (TTA) provider to create training and resources to expand the skills of program providers and other stakeholders working to prevent trafficking of girls. The objectives of this category include:

- Develop and disseminate best practices regarding prevention and early intervention strategies for girls and young women who are at risk of, or are victims of, sex and/or labor trafficking. The successful applicant will support the replication and scaling up of prevention and early intervention strategies that have undergone rigorous evaluation and/or have a documented record of producing positive outcomes, with a strategic focus on filling the resource gap related to marginalized and underserved communities.
- Provide TTA to *Preventing Trafficking of Girls* Category 1 program sites funded in FY 2020, FY 2021, FY 2022, FY 2023, and beyond (estimated 20 program sites total in October 2023) to support the implementation of best practices, enhance collaboration, and generate improved outcomes for program participants. Training and technical assistance will include peer-to-peer learning across multiple system stakeholders.
- Develop, in consultation with OVC, widely available training resources that will be useful for all organizations/systems coming in contact with girls and young women at risk of, or victims of, sex and/or labor trafficking, including training for criminal justice, juvenile justice, and education professionals.
- Support program sites in identifying and accessing existing anti-trafficking training and resources funded through OVC and other federal partners. Information on anti-trafficking TTA can be found on [OVC's human trafficking microsite](#). Applicants must describe how they will work with existing TTA providers supporting OVC anti-trafficking programs to identify and coordinate TTA activities involving shared grantees, and how they will develop effective collaboration strategies.
- Develop and host an annual meeting for Category 1 program sites.

Deliverables

For the Category 1 program sites, the deliverable to be provided is services, measured quarterly by service-hour or units delivered, type of service, and other key data points. For the Category 2 TTA provider, the key deliverables will be individualized baseline assessments of Category 1 program sites to determine current policies and practices regarding prevention and early intervention strategies for girls and young women who are at risk of, or are victims of, sex and/or labor trafficking; the development of training and technical assistance (TTA) plans for new program sites to meet the needs of each site based on the individualized baseline assessments; the delivery of TTA to all program sites based on their unique TTA plans; the establishment of a peer-to-peer learning community; the development of online and written resources, tools, and trainings for organizations and public sector systems that may come in contact with girls/young women at risk of, and victims of, sex and/or labor trafficking; hosting an annual grantee meeting; and submitting semiannual narrative performance reports in JustGrants.

Award recipients will be required to submit performance measure data and a quarterly performance report in JustGrants. Further guidance on the postaward submission process will be provided, if selected for award.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Ensuring Civil Rights

Federal laws prohibit recipients of funding administered by the OJP from discriminating in the delivery of services on the basis of age, race, color, national origin, religion, or disability. Applicable federal laws also prohibit recipients from discriminating on the basis of disability in their employment practices, and from discriminating against employees and beneficiaries on the basis of sex in funded education or training programs. Recipients are also obligated under federal civil rights laws to provide meaningful access to their programs and activities for persons with [limited English proficiency](#). Under certain circumstances, it might be permissible to limit services based on age. Please note that other federal, state, or local laws prohibiting discrimination may apply.

Enhancing Access to Services and Promoting Survivor Autonomy

OVC is committed to an approach to human trafficking that is trauma-informed, victim-centered, survivor-informed, culturally responsive and evidence-based. Definitions of these concepts are available in the glossary of [OVC's Model Standards for Serving Victims and Survivors of Crime](#).

In line with these concepts and to enhance survivors' access to victim services, programs funded under this solicitation will engage in practices that remove barriers to receiving services and support survivor autonomy. Such practices will reduce requirements to engage in services, promote survivors' choice within service delivery, and protect victim privacy and confidentiality.

Funded programs will demonstrate their commitment to this approach by maintaining the following. (Note: Many of these requirements are mandated by federal civil rights laws, while others reflect OVC's policy directives to recipients to enhance access to services and promote survivor autonomy.)

- Procedures or policies that provide all survivors access to safe shelter, advocacy services, counseling, and other assistance without exclusions based on actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, involvement in commercial sex, income or lack of income, or the age and/or sex of their children. For those programs that by their design target a particular population (e.g., youth, gender specific), there should be procedures or policies in place to ensure access to comparable, qualified services for other survivors seeking support.
- Procedures or policies that protect the confidentiality of information and/or privacy of persons receiving services.
- Procedures or policies that do not require victims to take certain actions (e.g., receive counseling, report to law enforcement, commit to sobriety) to be eligible for, or to receive services. For youth-serving programs with justifiable mandatory requirements, a [shared decision making model](#) should be used to provide minors with agency in participating in decisions that impact them.
- Project designs, products, services, and/or budgets that consider the unique needs of individuals with disabilities, [with limited English proficiency](#), or who are Deaf or hard of hearing, including accessibility for such individuals.

For Programs Serving Children and Youth

If your program provides services to child and youth victims of crime, services must be tailored to ensure that they are developmentally appropriate, culturally responsive, victim-centered, and trauma-informed. In addition to encouraging use of a [shared decision making model](#), OVC promotes the use of evidence-based and evidence-informed practices when working with children and youth victims of crime.

Unallowable Costs

The following activities cannot be supported with grant funds.

1. **Holding Beds:** Grantees may not “hold beds” in a housing facility by charging their cost to the grant and keeping them empty until a victim needs the bed, when other victims need access to the beds, as this would be considered an unallowable contingency payment (see 2 C.F.R. 200.433 (c)).
2. **Stipends/Incentives to Participate in Services:** Neither cash, non-cash stipends, nor incentives may be paid to victims to encourage their participation in services. Nominal cash or non-cash stipends (e.g., taxi or ride share vouchers; public transportation tickets or tokens; money to pay for childcare; or gift cards for meals that are necessary when participants receive services) are allowable. [DOJ Grants Financial Guide](#) for information on additional unallowable costs for federal award recipients and subrecipients.

Information on Managing Human Trafficking Awards

For more information on implementation of OVC Human Trafficking awards, please consult the [OVC Human Trafficking Program FAQs](#).

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities;

outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Natives, Eskimos, and Aleuts), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

a. Description of the Issue

This section must:

1. Identify the nature and scope of the problem that the program will address. Applicants must demonstrate the problem of human trafficking within the targeted geographic area. Applicants should cite the sources of this data, which could include local, state, and federal data regarding investigations,

prosecutions, and the number of individuals identified as victims of human trafficking in the proposed geographic area and data from victim service providers or other local stakeholders. Data should come from multiple sources and extend beyond national hotline data.

2. Describe previous or current attempts to address the problem, including documentation of the number of trafficking victims served each year during 2021 and 2022 within the targeted geographic area. At a minimum, applicants must identify the total number of victims they previously served within the targeted geographic area, and the types of victims they have served (sex or labor trafficking victims). Applicants must cite the sources of this data.
3. Describe the communities to be served, including the geographic area, populations in the service area, and any groups that are vulnerable to human trafficking. Applicants should identify any relevant underserved communities in their geographic area using data to support (e.g., community data, Census data, client data, etc.).
4. Using online directories available from [OVC](#) and the [Office on Trafficking in Persons \(OTIP\)](#), describe current efforts to address the service needs of trafficking survivors in the geographic area. Explain how the proposed project is not duplicative and targets identified gaps.
5. Describe the problem of labor trafficking within the targeted geographic area; what is known and unknown about the problem; current efforts to identify labor trafficking victims; and gaps in the response to labor trafficking.

In addition to the above, **Category 2** applicants should describe their understanding of the problem to be addressed, including relevant equity considerations and identification of underserved communities. Applicants should identify existing quantitative and qualitative data that supports their Description of the Issue.

b. Project Design and Implementation

The application must provide a clear link between the proposed activities and the need identified in the “Description of the Issue” section above.

This section must:

1. State the goals and objectives of the proposed project. Goals and objectives must align with those stated in the Goals, Objectives, Deliverables section of this solicitation.
2. Provide a detailed description of the proposed activities necessary to implement this project and meet the stated goals and objectives.
3. Identify which underserved communities, if any, will be targeted through the proposed project.
4. Include a timeline that identifies a timeframe for all the tasks and activities to be completed.
5. Link project activities to the requirements of this solicitation and explain

- how the proposed approach satisfies the requirements.
6. List the project partners, as appropriate, needed to make the project activities effective and sustainable.
 7. Describe how the applicant plans to ensure project activities are trauma-informed, culturally responsive, and protect the safety and confidentiality needs of victims.
 8. Describe how the proposed project is designed to enhance responses to labor trafficking victims. Failure to include such a description will be taken into consideration when this section is scored during Peer Review.

In addition to the above, **Category 1** applicants should:

- Identify specific services that will be provided with grant funds (see Appendix A) and describe how and where the services will be provided.
- Describe how the applicant will meet the individualized service needs of victims and support victim-informed decisions and autonomy within the delivery of services.
- Describe how the applicant will coordinate with other OVC and federally and state-funded anti-trafficking programs to meet the comprehensive needs of trafficking victims.

In addition to the above, **Category 2** applicants should provide a clear link between the proposed activities and the need identified in the “Description of the Issue” and should describe (if applicable) how their program design, project partnerships, and deliverables/activities will advance equity for targeted audiences and the communities they serve. Additionally, applicants will be required to proactively collaborate with other anti-trafficking TTA providers to identify common OVC grantees, coordinate efforts, and strengthen the accessibility of resources, to include:

- Engaging in regular communication with other OVC-funded TTA providers, including participating in regular workgroups and in-person or remote OVC-led TTA provider meetings.
- Referring requests for TTA and grantees to other TTA providers, as needed.
- Developing and delivering joint TTA, such as webinars, grantee meeting sessions, etc.
- Working collaboratively with other OVC-funded TTA providers as required by OVC.

If the applicant is seeking priority consideration for Priority A, it should address in this section how the proposed projects will promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of these communities.

3. Demonstrate that the individuals and organizations identified have the capacity to address the stated need, including the expertise necessary to successfully implement the proposed project activities.
4. Describe specific roles and responsibilities of all project partners and key staff.
5. Demonstrate that project staff have appropriate training and experience to implement project activities as described in the proposal, including the knowledge and expertise necessary to implement culturally responsive projects (or partner appropriately to do so) with the identified underserved communities, and document plans and position descriptions for staff to be hired.
6. Clearly describe who will implement activities as described in the Project Design and Implementation section.
7. Describe their experience managing federal grants and document their current capacity to manage federal grants. For **Category 1** applicants, if the applicant has other grants for providing services to victims of human trafficking, the applicant must describe the scope of each of these grants and describe how activities and data collection on these projects will be tracked separately to avoid duplication.

If the applicant is seeking priority consideration under Priority B, it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

This section must include the following information:

1. A plan for collecting all the performance measures data required by this solicitation.

In addition, this plan must describe how the applicant will use the collected data to confirm whether the applicant is identifying and responding to labor trafficking victims as described in the application's Project Design and Implementation.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found at:

Category 1:

<https://ovc.ojp.gov/funding/performance-measures/human-trafficking/human-trafficking-performance-measures-questionnaire.pdf>, and

Category 2:

<https://ovc.ojp.gov/funding/performance-measures/human-trafficking/tta-providers-questionnaire.pdf>.

OVC will require **Category 1** award recipients to submit quarterly performance measure data in the Performance Measurement Tool (PMT) and separately submit a semiannual performance report in JustGrants. **Category 2** will submit semiannual performance measures in JustGrants. A list of resources and trainings can be found at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking>.

OVC will provide further guidance on the postaward submission process, after making awards.

For services that are proposed to be subawarded to project partners, the applicant

must name the project partner that will provide the specific services in the program narrative and include an attachment (for example, a subcontract/subgrant, Letter of Intent, or Memorandum of Understanding (MOU)) that describes the organization's commitment to provide a specific service, who will be served (sex trafficking victims, labor trafficking victims, or both), and a description of the fee for the service or cost to the grant for each service.

Each MOU or Letter of Intent should include the following: (1) names of the organizations involved in the agreement; (2) scope of the direct service(s) and other work to be performed under the agreement; (3) duration of the agreement. Subcontracts, MOUs, or Letters of Intent should be submitted as one separate attachment to the application.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline. **Submit the SF-424 and SF-LLL as early as possible, but no later than 48**

hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 p.m. eastern time on May 16, 2023.

The **full application** must be submitted in JustGrants by 8:59 p.m. eastern time on May 23, 2023.

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

Description of the Issue (15%) - evaluate the applicant’s understanding of the program/issue to be addressed.

Project Design and Implementation (40%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.

Capabilities and Competencies (20%) - evaluate the applicant’s administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.

Plan for Collecting the Data Required for this Solicitation’s Performance Measures (5%) - evaluate the applicant’s understanding of the performance data reporting requirements and the plan for collecting the required data.

Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other: Stakeholder Collaboration (10%) - evaluate proposed partner organizations’ commitment, appropriateness, and expertise in providing a specific service or activity.

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based Form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
