SUPPLEMENTARY INFORMATION

FULL TEXT OF ANNOUNCEMENT

I. FUNDING OPPORTUNITY DESCRIPTION

Purpose of Program:

The purpose of the Special Education Parent Information Centers program is to ensure that parents of children with disabilities receive high-quality, relevant, and useful training and information to help improve outcomes for their children.

Priority:

This competition includes one absolute priority and two focus areas. In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in sections 670-673 and 681(d) of the Individuals with Disabilities Education Act (IDEA); 20 U.S.C. 1470-1473 and 1481(d). Within focus area 1 of the absolute priority, we include one competitive preference priority, and within focus area 2 of the absolute priority, we include two competitive preference priorities.

Absolute Priority:

For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Technical Assistance for Parent Centers.

Background:

The mission of the Office of Special Education and Rehabilitative Services (OSERS) is to improve early childhood, educational, and employment outcomes and raise expectations for all people with disabilities, their families, their communities, and the Nation. Section 673 of IDEA authorizes technical assistance (TA) for developing, assisting, and coordinating parent training and information programs carried out by parent training and information centers (PTIs) that receive assistance under section 671 of IDEA and by community parent resource centers (CPRCs) that receive assistance under section 672 of IDEA (collectively, "parent centers"). The purpose of this priority is to fund five cooperative agreements to establish and operate five parent technical assistance centers (PTACs) across two focus areas to provide TA to parent centers. A center for parent information and resources (CPIR) will focus on developing products for all parent centers (Focus Area 1). Four regional parent training and technical assistance centers (regional PTACs) will focus on providing capacity-building TA to the parent centers in their regions (Focus Area 2).

The work of the proposed centers is consistent with the following Secretary's Supplemental Priorities, which were published in the *Federal Register* on December 10, 2021 (86 FR 70612): Priority 2--Promoting Equity in Student Access to Educational Resources and Opportunities; Priority 4--Meeting Student Social, Emotional, and Academic Needs; Priority 5--

Increasing Postsecondary Education Access, Affordability, Completion, and Post-Enrollment Success; and Priority 6--Strengthening Cross-Agency Coordination and Community Engagement to Advance Systemic Change.

The 90 parent center grants (www.parentcenterhub.org/find-your-center/) currently funded by the Department promote the effective education of infants, toddlers, children, and youth with disabilities by "strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home" (section 601(c)(5)(B) of IDEA). For the past 40 years, parent centers, consistent with section 671(b) of IDEA, have helped parents navigate systems providing early intervention, special education and related services, general education, and postsecondary options; understand the nature of their children's disabilities; learn about their rights and responsibilities under IDEA; expand their knowledge of evidence-based[1] practices (EBPs) to help their children succeed; strengthen their collaboration with educators and other professionals; locate resources for themselves and their children; and advocate for improved child outcomes and student achievement, increased graduation rates, and improved postsecondary outcomes for all children through participation in program and school reform activities. In addition, parent centers have helped youth with disabilities understand their rights and responsibilities and learn self-advocacy skills.

Consistent with the statute, PTACs provide support to parent centers to carry out these statutorily required activities and thereby help parents participate in the education of their children to improve their children's outcomes. In addition, section 673(b) of IDEA lists potential areas in which parent centers may also need TA from PTACs, such as: (1) coordinating parent training efforts; (2) disseminating evidence-based research and information; (3) promoting the use of technology, including assistive technology devices and services; (4) reaching underserved[2] parents; (5) including children with disabilities in general education programs; (6) facilitating all transitions from early intervention through postsecondary environments; and (7) promoting alternative methods of dispute resolution, including mediation. Parent centers have

---

[1] Evidence-based, as defined in 34 CFR 77.1, means the proposed project component is supported by one or more of strong evidence, moderate evidence, promising evidence, or evidence that demonstrates a rationale.

[2] Consistent with the Secretary's Supplemental Priorities, underserved parents include: parents living in poverty; parents of color; parents who are members of a federally or state recognized Indian Tribe; parents who are English learners; parents with a disability; disconnected parents; technologically unconnected parents; migrant parents; parents experiencing homelessness or housing insecurity; lesbian, gay, bisexual, transgender, queer or questioning, or intersex (LGBTQI+) parents; foster parents; parents without documentation of immigration status; parents impacted by the justice system, including formerly incarcerated parents and parents of children in the juvenile justice system; parents in need of improving their basic skills or with limited literacy; and military- or veteran-connected parents.

also identified through needs assessment that they have a need for TA to increase their capacity to reach, and provide virtual and in-person services to, youth with disabilities and parents of infants, toddlers, and preschool children.

PTACs provide needed support to parent centers on other topics as well, including current information on laws and policies; translating EBPs to improve outcomes for children with disabilities and their families; how to help parents learn about and access high-quality education options that allow their children to meet challenging objectives appropriate in light of the child's circumstances; and ways to effectively engage in education reform activities, including Federal, State, and local initiatives. Ongoing TA, responsive to the individual needs of parent centers, can increase parent center staff's knowledge and expertise on these topics. In addition, since many parent centers are grassroots organizations with small budgets, they often benefit from TA on managing a Federal grant, maximizing efficient use of their resources, meeting complex statutory and regulatory requirements for nonprofits, and providing professional development to staff. External evaluation reports, as part of the PTACs' annual performance reports (APRs), indicate that the TA they provided has substantially increased parent centers' capacity to respond effectively to parents and youth during disasters, including the COVID-19 pandemic.

The following website provides more information on the current parent centers, including links to each grantee's website: www.parentcenterhub.org.

Priority:

The purpose of this priority is to fund five cooperative agreements to establish and operate one CPIR (Focus Area 1) and four regional PTACs (Focus Area 2). The CPIR will develop and disseminate resources for all parent centers to use when working with parents of children with disabilities (hereafter "parents") and youth with disabilities (hereafter "youth"). The CPIR will also develop and disseminate materials that all parent centers can use to train staff to effectively reach and serve all parents and youth. The four regional PTACs will provide TA to parent centers within their region to effectively manage their centers and reach and serve all parents and youth. The CPIR and regional PTACs will coordinate their efforts in order to maximize resources and avoid duplication. An applicant may submit applications in both focus areas; however, an applicant is limited to only one application in each focus area (e.g., apply for only one region under Focus Area 2).

Focus Area 1:

The CPIR will provide universal, general TA[3] to the parent centers across the Nation and serve as a virtual hub for collaboration and training. The CPIR must achieve, at a minimum, the following expected outcomes:

(a) Increased parent centers' knowledge, through the development and dissemination of high-quality information and products, of--

(1) Early intervention and educational EBPs and current Federal, State, Tribal, and other laws and policies that impact children and youth with disabilities and their families;

(2) Effective and equitable practices in carrying out parent center activities including outreach, family-centered services, and self-advocacy skill building; and

(3) Effective nonprofit management practices, to include developing a robust infrastructure for remote service provision; hiring strategies and succession planning; and board development.

(b) Increased parent centers' use of high-quality materials and approaches to train--

[3] "Universal, general TA" means TA and information provided to independent users through their own initiative, resulting in minimal interaction with TA center staff and including one-time, invited or offered conference presentations by TA center staff. This category of TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the TA center's website by independent users. Brief communications by TA center staff with recipients, either by telephone or email, are also considered universal, general TA.

(1) Staff in effective and equitable practices in carrying out parent center activities including outreach, family-centered services, and self-advocacy skill building; and

(2) Multilingual staff--in their native languages to the extent practicable--and to ensure the accuracy of the translation of materials they provide in languages other than English.

In addition to these programmatic requirements, to be considered for funding under this priority, applicants must meet the application and administrative requirements in this priority, which are:

(a) Demonstrate, in the narrative section of the application under "Significance," how the proposed project will--

(1) Address parent centers' needs both for resources to effectively reach and serve all parents and youth, including underserved parents and youth, and for materials to train staff to effectively reach and serve all parents and youth. To meet this requirement, the applicant must—

(i) Present applicable national data on the needs of parent centers; and

(ii) Demonstrate knowledge of--

(A) Current educational issues and policy initiatives relating to early childhood (ages birth through five), general and special education, secondary transition services, and postsecondary options; and

(B) Best practices in--

(*1)* Equitable outreach; family-centered services; and self-advocacy skill building, including effective and appropriate outreach and service provision to underserved parents and youth in urban, suburban, and rural communities;

(2) Staff training, including training for multilingual staff; and

(3) Nonprofit management, including remote service provision; hiring strategies and succession planning; and board development;

(2) Increase the knowledge of parent centers on how to reach, and provide virtual and in-person services to, all parents and youth, to train staff using high-quality training materials, and to apply management best practices; and

(3) Indicate the likely magnitude or importance of the improvements in parent centers' service provision.

(b) Demonstrate, in the narrative section of the application under "Quality of project services," how the proposed project will--

(1) Ensure equal access and treatment for members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. To meet this requirement, the applicant must describe how it will--

(i) Identify the needs of the parent centers for TA and information;

Note: The methods and tools to identify needs will be finalized in consultation with the regional PTACs and the Office of Special Education Programs (OSEP) project officers in order to assure coordination and avoid duplication; and

(ii) Ensure that products and services meet the needs of the parent centers;

(2) Achieve its goals, objectives, and intended outcomes. To meet this requirement, the applicant must provide--

(i) Measurable intended project outcomes; and

(ii) In Appendix A, the logic model (as defined in 34 CFR 77.1) by which the proposed project will achieve its intended outcomes that depicts, at a minimum, the goals, activities, and outputs in addition to the intended outcomes of the proposed project;

(3) Use a conceptual framework (and provide a copy in Appendix A) to develop project plans and activities, describing any underlying concepts, assumptions, expectations, beliefs, or theories, as well as the presumed relationships or linkages among these variables, and any empirical support for this framework;

Note: The following websites provide more information on logic models and conceptual frameworks: https://osepideasthatwork.org/sites/default/files/2021-12/ConceptualFramework_Updated.pdf and www.osepideasthatwork.org/resources-grantees/program-areas/ta-ta/tad-project-logic-model-and-conceptual-framework.

(4) Be based on current research and make use of EBPs. To meet this requirement, the applicant must describe--

(i) The current research on outreach, family-centered services, and self-advocacy skill building, including effective and equitable outreach and service provision to underserved parents and youth; staff training, including training for multilingual staff; and nonprofit management;

(ii) The current research about adult learning principles and implementation science that will inform the proposed TA; and

(iii) How the proposed project will incorporate current research and EBPs in the development and delivery of its products and services;

(5) Develop products and provide services that are of high quality and sufficient intensity and duration to achieve the intended outcomes of the proposed project. To address this requirement, the applicant must describe--

(i) How it proposes to identify how knowledgeable the parent centers are regarding outreach, family-centered services, and self-advocacy skill building, including effective and appropriate outreach and service provision to underserved parents and youth; staff training, including training for multilingual staff; and nonprofit management;

(ii) Its proposed approach to universal, general TA, which must identify the intended recipients within the parent centers, including the type and number of recipients, that will receive the products and services under this approach and must, at minimum, include how the project will--

(A) Create, update, and maintain an online, annotated repository of high-quality resources produced by the CPIR, OSEP-funded projects, and other federally funded projects for parent centers' use with families, youth, staff members, and members of the boards of directors, including translations of materials as needed;

(B) Develop, as needed, up-to-date, family-centered resources that parent centers can use with parents and youth in a variety of languages, formats, and reading levels, including when providing virtual services;

(C) Disseminate and modify, as needed, family–centered resources developed by OSEP and other federally funded centers such as the proposed Center on Dispute Resolution to provide all parents, particularly underserved parents, with information on their and their children's rights and responsibilities under IDEA and other Federal laws;

(D) Disseminate and modify, as needed, family–centered resources developed by OSEP and other federally funded centers to provide families with strategies to enhance their children's academic skills, self-advocacy, social emotional skills, and behavior and mental health at home, to include information about accessing Federal, State, and local programs, benefits, and resources that provide support;

(E) Disseminate and modify, as needed, family-centered resources developed by OSEP and other federally funded centers to provide families with strategies to enhance their children's preparation to transition from school to postsecondary education and training, and the workforce, including self-advocacy and skills needed for independent living, to include information about accessing Federal, State, and local programs, benefits, and resources that provide support;

(F) Compile and create materials to train staff, including multilingual staff, to effectively provide services to underserved parents and youth; and

(G) Compile and create materials on nonprofit management, as needed, and develop a process for an annual orientation of new parent center directors and other key personnel and members of the boards of directors that provides the new personnel with the information and resources they need to carry out their responsibilities;

(6) Develop products and implement services that maximize efficiency. To address this requirement, the applicant must describe--

(i) How the proposed project will use technology to achieve the intended project outcomes;

(ii) With whom the proposed project will collaborate and the intended outcomes of this collaboration;

(c) In the narrative section of the application under "Quality of the project evaluation," include an evaluation plan for the project developed in consultation with and implemented by a third-party evaluator.[4] The evaluation plan must--

(1) Articulate formative and summative evaluation questions, including important process and outcome evaluation questions. These questions must be related to the project's proposed logic model required in paragraph (b)(2)(ii) of this notice;

---

[4] A "third-party" evaluator is an independent and impartial program evaluator who is contracted by the grantee to conduct an objective evaluation of the project. This evaluator must not have participated in the development or implementation of any project activities, except for the evaluation activities, nor have any financial interest in the outcome of the evaluation.

(2) Describe how progress in and fidelity of implementation, as well as project outcomes, will be measured to answer the evaluation questions. Specify the measures and associated instruments or sources for data appropriate to the evaluation questions. Include information regarding reliability and validity of measures where appropriate;

(3) Describe strategies for analyzing data and how data collected as part of this plan will be used to inform and improve service delivery over the course of the project and to refine the proposed logic model and evaluation plan, including subsequent data collection;

(4) Provide a timeline for conducting the evaluation and include staff assignments for completing the plan. The timeline must indicate that the data will be available annually for the APR and in Year 2 for the review process described under the heading, Fourth and Fifth Years of the Project; and

(f) Address the following application requirements. The applicant must--

(1) Include, in Appendix A, personnel-loading charts and timelines, as applicable, to illustrate the management plan described in the narrative;

(3) Include, in the budget, a line item for an annual set-aside of 5 percent of the grant amount to support emerging needs that are consistent with the proposed project's intended outcomes, as those needs are identified in consultation with, and approved by, the OSEP project officer. With approval from the OSEP project officer, the project must reallocate any remaining funds from this annual set-aside no later than the end of the third quarter of each budget period;

Fourth and Fifth Years of the Project:

In deciding whether to continue funding the project for the fourth and fifth years, the Secretary will consider the requirements of 34 CFR 75.253(a), including--

(a) The recommendations of a 3+2 review team consisting of experts who have experience and knowledge in family-centered services. This review will be conducted during a one-day intensive meeting that will be held during the last half of the second year of the project period;

(b) The timeliness with which, and how well, the requirements of the negotiated cooperative agreement have been or are being met by the project; and

(c) The quality, relevance, and usefulness of the project's products and services and the extent to which the project's products and services are aligned with the project's objectives and likely to result in the project achieving its intended outcomes.

Under 34 CFR 75.253, the Secretary may reduce continuation awards or discontinue awards in any year of the project period for excessive carryover balances or a failure to make substantial progress. The Department intends to closely monitor unobligated balances and substantial progress under this program and may reduce or discontinue funding accordingly.

Focus Area 2:

The four regional PTACs will provide targeted, specialized TA[5] and intensive, sustained TA[6] to the parent centers in their respective areas. The regional PTACs must achieve, at a minimum, the following expected outcomes:

(a) Increased parent center capacity to inform and train parents both virtually and in person on--

(1) Early intervention and educational EBPs;

(2) Their rights and responsibilities under Federal, State, Tribal, and other laws and policies that impact children with disabilities and their families; and

(3) Accessing Federal, State, and local programs, benefits, and resources that support children with disabilities, youth with disabilities, and their families;

(b) Increased parent center capacity to reach more parents and youth and effectively provide equitable parent center services to help more parents improve outcomes for their children and to help youth build their self-advocacy skills;

(c) Increased parent center capacity to provide effective and equitable outreach and service provision to all parents and youth; and

(d) Increased parent center capacity to effectively manage their nonprofit organizations and projects and to provide high-quality training to staff, including multilingual staff, to reach and serve all parents and youth in their region.

The geographic regions served by the four regional PTACs are generally aligned with the States served by the Equity Assistance Centers funded under Title IV of the 1964 Civil Rights Act, while also balancing the number of centers each regional PTAC will have in its region. This alignment will help the regional PTACs meet the requirement in section 673(c) of

---

[5] "Targeted, specialized TA" means TA services based on needs common to multiple recipients and not extensively individualized. A relationship is established between the TA recipient and one or more TA center staff. This category of TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national conferences. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients. Facilitating communities of practice can also be considered targeted, specialized TA.

[6] "Intensive, sustained TA" means TA services often provided on-site and requiring a stable, ongoing relationship between the TA center staff and the TA recipient. "TA services" are defined as negotiated series of activities designed to reach a valued outcome. This category of TA should result in changes to policy, program, practice, or operations that support increased recipient capacity or improved outcomes at one or more systems levels.

IDEA that the regional PTACs develop collaborative agreements with the geographically appropriate centers. The four regional PTACs will represent the following geographic regions:

Region A PTAC: CT, DC, DE, ME, MA, MD, NH, NJ, NY, PA, Puerto Rico, RI, U.S. Virgin Islands, VT.

Region B PTAC: AL, AR, FL, GA, LA, MS, NC, OK, SC, TN, TX, VA.

We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Additional Review and Selection Process Factors:

In the past, the Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The standing panel requirements under section 682(b) of IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications.

4. Risk Assessment and Specific Conditions:

Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions, and under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

5. Integrity and Performance System:

If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

6. In General:

In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. No. 115—232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

1. Award Notices:

If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open-Licensing Requirements:

Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting:

(a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an APR that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. Performance Measures:

For the purposes of Department reporting under 34 CFR 75.110, we have established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Special Education Parent Information Centers program. These measures are:

- Program Performance Measure 1: The percentage of materials used by Special Education Parent Information Centers Program projects deemed to be of high quality by an independent review panel of experts qualified to review the substantive content of the products or services.
- Program Performance Measure 2: The percentage of Special Education Parent Information Centers products and services deemed to be of high relevance to educational and early intervention policy or practice by an independent review panel of experts qualified to review the substantive content of the products or services.
- Program Performance Measure 3: The percentage of all Special Education Parent Information Centers products and services deemed by an independent review panel of qualified experts to be useful to improve educational or early intervention policy or practice.
- Program Performance Measure 4: An index of the Federal cost per unit of output provided by the Special Education Parent Information Centers.

The following measures are collected through a survey of parent centers, as part of the CPIR data collection referenced in this notice.

- Long-term Program Performance Measure #1: Parents served by Special Education Parent Information Centers investments will be knowledgeable about their IDEA rights and responsibilities.
- Long-term Program Performance Measure #2: Parents served by the Special Education Parent Information Centers will be able to work with schools and service providers effectively in meeting the needs of their children.

The measures apply to projects funded under this competition, and grantees are required to submit data on these measures as directed by OSEP.

Grantees will be required to report information on their project's performance in annual and final performance reports to the Department (34 CFR 75.590).

The Department will also closely monitor the extent to which the products and services provided by the Center meet needs identified by stakeholders and may require the Center to report on such alignment in its annual and final performance reports.

6. Continuation Awards:

In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

Grants.gov Submission Procedures and Tips for Applicants

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues. Grants.gov no longer provides support for Microsoft Internet Explorer 9 or below.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser

ATTENTION – Workspace, Adobe Forms and PDF Files

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.
Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: https://www.grants.gov/web/grants/applicants/workspace-overview.html

1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

    a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.
    NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html

    b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

    c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and Unique Entity Identifier (UEI) Number. Once it is completed, the information will transfer to the other forms.

3) Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

Helpful Reminders

1) **REGISTER EARLY –** Grants.gov registration involves many steps including registration on SAM (www.sam.gov), which usually takes approximately 7 to 10 business days, but can take longer depending on the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: http://www.grants.gov/web/grants/register.html. Please note that your organization will need to update its SAM registration annually.

   To register in SAM.gov, click on the "Get Started" link under the "Register Your Entity…" heading in SAM.gov. Grantees, and other entities wanting to do business with the U.S. Department of Education (e.g., entities applying for a grant), that are not already registered in SAM.gov must complete the "Register Entity" registration option and NOT the "Get a Unique Entity ID" option. The "Get a Unique Entity ID" option, which is not a full registration, is only available to entities for reporting purposes. Failing to complete the "Register Entity" option may result in loss of funding, loss of applicant eligibility, and/or delays in receiving a grant award. Information about SAM is available at www.SAM.gov. To further assist you with registering in SAM or updating your existing SAM registration, see the Quick Start Guide for Grant Registrations and the Entity Registration Video at https://sam.gov/content/entity-registration.

2) **SUBMIT EARLY – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

   You must provide the UEI on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This UEI is assigned to your organization in SAM at the time your organization registers in SAM. If you do not enter the UEI assigned by SAM on your application, Grants.gov will reject your application.

3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking

Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov's Track My Application link.

If the date/time received is later than 11:59:59 p.m. Eastern Time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: http://www.grants.gov/web/grants/applicants/encountering-error-messages.html. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?
If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: mailto:support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: https://grants-portal.psc.gov/Welcome.aspx?pt=Grants

We discourage paper applications, but if electronic submission is not possible (e.g., you do not have access to the internet), (1) you must provide a prior written notification that you intend to submit a paper application and (2) your paper application must be postmarked by the application deadline date. If you submit your prior written notification by email, it must be received by the Department no later than 14 calendar days before the application deadline date. If you mail your notification to the Department, it must be postmarked no later than 14 calendar days before the application deadline date (See the 2022 Common Instructions for detailed instructions regarding this procedure).

Helpful Hints When Working with Grants.gov

Please go to http://www.grants.gov/web/grants/support.html for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: http://www.grants.gov/web/grants/applicants/applicant-faqs.html as well as additional information on Workspace at https://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace.

Slow Internet Connections
When using a slow internet connection, such as a dial-up connection, to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g., cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. Failure to fully upload an application by the deadline date and time will result in your application being marked late in the G5 system. **If you do not have access to a high-speed internet connection, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than 14 calendar days before the application deadline date.** (See the Federal Register notice for detailed instructions and the 2022 Common Instructions.)

Attaching Files – Additional Tips
Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we **recommend** applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.

- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

PRIORITY DESCRIPTION AND SELECTION CRITERIA

SPECIAL EDUCATION PARENT INFORMATION CENTERS (ASSISTANCE LISTING NUMBER 84.328R)

Deadline:

March 28, 2023. (Note: Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.)

Priority:

This competition includes one absolute priority and two focus areas. In accordance with 34 CFR 75.105(b)(2)(v), this priority is from allowable activities specified in sections 670-673 and 681(d) of the Individuals with Disabilities Education Act (IDEA); 20 U.S.C. 1470-1473 and 1481(d). Within focus area 1 of the absolute priority, we include one competitive preference priority, and within focus area 2 of the absolute priority, we include two competitive preference priorities.

Absolute Priority:

For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

This priority is:

Technical Assistance for Parent Centers**.**

Background:

The mission of the Office of Special Education and Rehabilitative Services (OSERS) is to improve early childhood, educational, and employment outcomes and raise expectations for all people with disabilities, their families, their communities, and the Nation. Section 673 of IDEA authorizes technical assistance (TA) for developing, assisting, and coordinating parent training and information programs carried out by parent training and information centers (PTIs) that receive assistance under section 671 of IDEA and by community parent resource centers (CPRCs) that receive assistance under section 672 of IDEA (collectively, “parent centers”). The purpose of this priority is to fund five cooperative agreements to establish and operate five parent technical assistance centers (PTACs) across two focus areas to provide TA to parent centers. A center for parent information and resources (CPIR) will focus on developing products for all parent centers (Focus Area 1). Four regional parent training and technical assistance centers (regional PTACs) will focus on providing capacity-building TA to the parent centers in their regions (Focus Area 2).

The work of the proposed centers is consistent with the following Secretary’s Supplemental Priorities, which were published in the *Federal Register* on December 10, 2021

(86 FR 70612): Priority 2--Promoting Equity in Student Access to Educational Resources and Opportunities; Priority 4--Meeting Student Social, Emotional, and Academic Needs; Priority 5--Increasing Postsecondary Education Access, Affordability, Completion, and Post-Enrollment Success; and Priority 6--Strengthening Cross-Agency Coordination and Community Engagement to Advance Systemic Change.

The 90 parent center grants (www.parentcenterhub.org/find-your-center/) currently funded by the Department promote the effective education of infants, toddlers, children, and youth with disabilities by "strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home" (section 601(c)(5)(B) of IDEA). For the past 40 years, parent centers, consistent with section 671(b) of IDEA, have helped parents navigate systems providing early intervention, special education and related services, general education, and postsecondary options; understand the nature of their children's disabilities; learn about their rights and responsibilities under IDEA; expand their knowledge of evidence-based[1] practices (EBPs) to help their children succeed; strengthen their collaboration with educators and other professionals; locate resources for themselves and their children; and advocate for improved child outcomes and student achievement, increased graduation rates, and improved postsecondary outcomes for all children through participation in program and school reform activities. In addition, parent centers have helped youth with disabilities understand their rights and responsibilities and learn self-advocacy skills.

Consistent with the statute, PTACs provide support to parent centers to carry out these statutorily required activities and thereby help parents participate in the education of their children to improve their children's outcomes. In addition, section 673(b) of IDEA lists potential areas in which parent centers may also need TA from PTACs, such as: (1) coordinating parent training efforts; (2) disseminating evidence-based research and information; (3) promoting the use of technology, including assistive technology devices and services; (4) reaching underserved[2] parents; (5) including children with disabilities in general education programs; (6)

---

[1] Evidence-based, as defined in 34 CFR 77.1, means the proposed project component is supported by one or more of strong evidence, moderate evidence, promising evidence, or evidence that demonstrates a rationale.

[2] Consistent with the Secretary's Supplemental Priorities, underserved parents include: parents living in poverty; parents of color; parents who are members of a federally or state recognized Indian Tribe; parents who are English learners; parents with a disability; disconnected parents; technologically unconnected parents; migrant parents; parents experiencing homelessness or housing insecurity; lesbian, gay, bisexual, transgender, queer or questioning, or intersex (LGBTQI+) parents; foster parents; parents without documentation of immigration status; parents impacted by the justice system, including formerly incarcerated parents and parents of children in the juvenile justice system; parents in need of improving their basic skills or with limited literacy; and military- or veteran-connected parents.

facilitating all transitions from early intervention through postsecondary environments; and (7) promoting alternative methods of dispute resolution, including mediation. Parent centers have also identified through needs assessment that they have a need for TA to increase their capacity to reach, and provide virtual and in-person services to, youth with disabilities and parents of infants, toddlers, and preschool children.

PTACs provide needed support to parent centers on other topics as well, including current information on laws and policies; translating EBPs to improve outcomes for children with disabilities and their families; how to help parents learn about and access high-quality education options that allow their children to meet challenging objectives appropriate in light of the child's circumstances; and ways to effectively engage in education reform activities, including Federal, State, and local initiatives. Ongoing TA, responsive to the individual needs of parent centers, can increase parent center staff's knowledge and expertise on these topics. In addition, since many parent centers are grassroots organizations with small budgets, they often benefit from TA on managing a Federal grant, maximizing efficient use of their resources, meeting complex statutory and regulatory requirements for nonprofits, and providing professional development to staff. External evaluation reports, as part of the PTACs' annual performance reports (APRs), indicate that the TA they provided has substantially increased parent centers' capacity to respond effectively to parents and youth during disasters, including the COVID-19 pandemic.

The following website provides more information on the current parent centers, including links to each grantee's website: www.parentcenterhub.org.

Priority:

The purpose of this priority is to fund five cooperative agreements to establish and operate one CPIR (Focus Area 1) and four regional PTACs (Focus Area 2). The CPIR will develop and disseminate resources for all parent centers to use when working with parents of children with disabilities (hereafter "parents") and youth with disabilities (hereafter "youth"). The CPIR will also develop and disseminate materials that all parent centers can use to train staff to effectively reach and serve all parents and youth. The four regional PTACs will provide TA to parent centers within their region to effectively manage their centers and reach and serve all parents and youth. The CPIR and regional PTACs will coordinate their efforts in order to maximize resources and avoid duplication. An applicant may submit applications in both focus areas; however, an applicant is limited to only one application in each focus area (e.g., apply for only one region under Focus Area 2).

Focus Area 1:

The CPIR will provide universal, general TA[3] to the parent centers across the Nation and serve as a virtual hub for collaboration and training. The CPIR must achieve, at a minimum, the following expected outcomes:

(a) Increased parent centers' knowledge, through the development and dissemination of high-quality information and products, of--

(1) Early intervention and educational EBPs and current Federal, State, Tribal, and other laws and policies that impact children and youth with disabilities and their families;

(2) Effective and equitable practices in carrying out parent center activities including outreach, family-centered services, and self-advocacy skill building; and

(3) Effective nonprofit management practices, to include developing a robust infrastructure for remote service provision; hiring strategies and succession planning; and board development.

(b) Increased parent centers' use of high-quality materials and approaches to train--

[3] "Universal, general TA" means TA and information provided to independent users through their own initiative, resulting in minimal interaction with TA center staff and including one-time, invited or offered conference presentations by TA center staff. This category of TA also includes information or products, such as newsletters, guidebooks, or research syntheses, downloaded from the TA center's website by independent users. Brief communications by TA center staff with recipients, either by telephone or email, are also considered universal, general TA.

(1) Staff in effective and equitable practices in carrying out parent center activities including outreach, family-centered services, and self-advocacy skill building; and

(2) Multilingual staff--in their native languages to the extent practicable--and to ensure the accuracy of the translation of materials they provide in languages other than English.

In addition to these programmatic requirements, to be considered for funding under this priority, applicants must meet the application and administrative requirements in this priority, which are:

(a) Demonstrate, in the narrative section of the application under "Significance," how the proposed project will--

(1) Address parent centers' needs both for resources to effectively reach and serve all parents and youth, including underserved parents and youth, and for materials to train staff to effectively reach and serve all parents and youth. To meet this requirement, the applicant must—

(i) Present applicable national data on the needs of parent centers; and

(ii) Demonstrate knowledge of--

(A) Current educational issues and policy initiatives relating to early childhood (ages birth through five), general and special education, secondary transition services, and postsecondary options; and

(B) Best practices in--

(*1)* Equitable outreach; family-centered services; and self-advocacy skill building, including effective and appropriate outreach and service provision to underserved parents and youth in urban, suburban, and rural communities;

(2) Staff training, including training for multilingual staff; and

(3) Nonprofit management, including remote service provision; hiring strategies and succession planning; and board development;

(2) Increase the knowledge of parent centers on how to reach, and provide virtual and in-person services to, all parents and youth, to train staff using high-quality training materials, and to apply management best practices; and

(3) Indicate the likely magnitude or importance of the improvements in parent centers' service provision.

(b) Demonstrate, in the narrative section of the application under "Quality of project services," how the proposed project will--

(1) Ensure equal access and treatment for members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. To meet this requirement, the applicant must describe how it will--

(i) Identify the needs of the parent centers for TA and information;

Note: The methods and tools to identify needs will be finalized in consultation with the regional PTACs and the Office of Special Education Programs (OSEP) project officers in order to assure coordination and avoid duplication; and

(ii) Ensure that products and services meet the needs of the parent centers;

(2) Achieve its goals, objectives, and intended outcomes. To meet this requirement, the applicant must provide--

(i) Measurable intended project outcomes; and

(ii) In Appendix A, the logic model (as defined in 34 CFR 77.1) by which the proposed project will achieve its intended outcomes that depicts, at a minimum, the goals, activities, and outputs in addition to the intended outcomes of the proposed project;

(3) Use a conceptual framework (and provide a copy in Appendix A) to develop project plans and activities, describing any underlying concepts, assumptions, expectations, beliefs, or theories, as well as the presumed relationships or linkages among these variables, and any empirical support for this framework;

Note: The following websites provide more information on logic models and conceptual frameworks: https://osepideasthatwork.org/sites/default/files/2021-12/ConceptualFramework_Updated.pdf and www.osepideasthatwork.org/resources-grantees/program-areas/ta-ta/tad-project-logic-model-and-conceptual-framework.

(4) Be based on current research and make use of EBPs. To meet this requirement, the applicant must describe--

(i) The current research on outreach, family-centered services, and self-advocacy skill building, including effective and equitable outreach and service provision to underserved parents and youth; staff training, including training for multilingual staff; and nonprofit management;

(ii) The current research about adult learning principles and implementation science that will inform the proposed TA; and

(iii) How the proposed project will incorporate current research and EBPs in the development and delivery of its products and services;

(5) Develop products and provide services that are of high quality and sufficient intensity and duration to achieve the intended outcomes of the proposed project. To address this requirement, the applicant must describe--

(i) How it proposes to identify how knowledgeable the parent centers are regarding outreach, family-centered services, and self-advocacy skill building, including effective and appropriate outreach and service provision to underserved parents and youth; staff training, including training for multilingual staff; and nonprofit management;

(ii) Its proposed approach to universal, general TA, which must identify the intended recipients within the parent centers, including the type and number of recipients, that will receive the products and services under this approach and must, at minimum, include how the project will--

(A) Create, update, and maintain an online, annotated repository of high-quality resources produced by the CPIR, OSEP-funded projects, and other federally funded projects for parent centers' use with families, youth, staff members, and members of the boards of directors, including translations of materials as needed;

(B) Develop, as needed, up-to-date, family-centered resources that parent centers can use with parents and youth in a variety of languages, formats, and reading levels, including when providing virtual services;

(C) Disseminate and modify, as needed, family–centered resources developed by OSEP and other federally funded centers such as the proposed Center on Dispute Resolution to provide all parents, particularly underserved parents, with information on their and their children's rights and responsibilities under IDEA and other Federal laws;

(D) Disseminate and modify, as needed, family–centered resources developed by OSEP and other federally funded centers to provide families with strategies to enhance their children's academic skills, self-advocacy, social emotional skills, and behavior and mental health at home, to include information about accessing Federal, State, and local programs, benefits, and resources that provide support;

(E) Disseminate and modify, as needed, family-centered resources developed by OSEP and other federally funded centers to provide families with strategies to enhance their children's preparation to transition from school to postsecondary education and training, and the workforce, including self-advocacy and skills needed for independent living, to include information about accessing Federal, State, and local programs, benefits, and resources that provide support;

(F) Compile and create materials to train staff, including multilingual staff, to effectively provide services to underserved parents and youth; and

(G) Compile and create materials on nonprofit management, as needed, and develop a process for an annual orientation of new parent center directors and other key personnel and members of the boards of directors that provides the new personnel with the information and resources they need to carry out their responsibilities;

(6) Develop products and implement services that maximize efficiency. To address this requirement, the applicant must describe--

(i) How the proposed project will use technology to achieve the intended project outcomes;

(ii) With whom the proposed project will collaborate and the intended outcomes of this collaboration;

(iii) How the proposed project will use existing knowledge and expertise within parent centers to achieve intended project outcomes; and

(iv) How the proposed project will use non-project resources to achieve the intended project outcomes;

The Department intends to closely monitor unobligated balances and substantial progress under this program and may reduce or discontinue funding accordingly.

Focus Area 2:

The four regional PTACs will provide targeted, specialized TA[5] and intensive, sustained TA[6] to the parent centers in their respective areas. The regional PTACs must achieve, at a minimum, the following expected outcomes:

(a) Increased parent center capacity to inform and train parents both virtually and in person on--

(1) Early intervention and educational EBPs;

(2) Their rights and responsibilities under Federal, State, Tribal, and other laws and policies that impact children with disabilities and their families; and

(3) Accessing Federal, State, and local programs, benefits, and resources that support children with disabilities, youth with disabilities, and their families;

(b) Increased parent center capacity to reach more parents and youth and effectively provide equitable parent center services to help more parents improve outcomes for their children and to help youth build their self-advocacy skills;

(c) Increased parent center capacity to provide effective and equitable outreach and service provision to all parents and youth; and

(d) Increased parent center capacity to effectively manage their nonprofit organizations and projects and to provide high-quality training to staff, including multilingual staff, to reach and serve all parents and youth in their region.

The geographic regions served by the four regional PTACs are generally aligned with the States served by the Equity Assistance Centers funded under Title IV of the 1964 Civil Rights Act, while also balancing the number of centers each regional PTAC will have in its region. This alignment will help the regional PTACs meet the requirement in section 673(c) of

---

[5] "Targeted, specialized TA" means TA services based on needs common to multiple recipients and not extensively individualized. A relationship is established between the TA recipient and one or more TA center staff. This category of TA includes one-time, labor-intensive events, such as facilitating strategic planning or hosting regional or national conferences. It can also include episodic, less labor-intensive events that extend over a period of time, such as facilitating a series of conference calls on single or multiple topics that are designed around the needs of the recipients. Facilitating communities of practice can also be considered targeted, specialized TA.

[6] "Intensive, sustained TA" means TA services often provided on-site and requiring a stable, ongoing relationship between the TA center staff and the TA recipient. "TA services" are defined as negotiated series of activities designed to reach a valued outcome. This category of TA should result in changes to policy, program, practice, or operations that support increased recipient capacity or improved outcomes at one or more systems levels.

Part III of the application form requires a narrative that addresses the selection criteria that will be used by reviewers in evaluating individual proposals. Applications are more likely to receive favorable reviews by panels when they are organized according to the format suggested below. This format was published in the FEDERAL REGISTER as an appendix to the program regulations, and it addresses all the selection criteria used to evaluate applications required by regulations. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

The selection criteria that will be used to evaluate applications submitted to the **Applications for New Awards; Special Education Parent Information Centers--Technical Assistance for Parent Centers (Assistance Listing Number/CFDA 84.328R)** competition are the selection criteria for new grants required by the EDGAR general selection criteria menu. The maximum score for all of the criteria is 100 points.

Note: This competition includes one absolute priority. The Department will use peer reviewers to review and score applications on the selection criteria.

Prior to the peer review, Department staff will determine if an application has met the absolute priority to be eligible for peer review. An application that has not met the absolute priority will not be considered for funding and may not be reviewed.

The application narrative should include the following sections in this order:

(a) SIGNIFICANCE (10 POINTS)

(ii) The importance or magnitude of the results or outcomes likely to be attained by the proposed project.

(b) QUALITY OF THE PROJECT DESIGN AND SERVICES (35 POINTS)

(1) The Secretary considers the quality of the services to be provided by the proposed project.

GENERAL INFORMATION ON COMPLETING AN APPLICATION

GENERAL INFORMATION ON COMPLETING AN APPLICATION

Potential applicants frequently direct questions to officials of the Department regarding application notices and programmatic and administrative regulations governing various direct grant programs. To assist potential applicants, the Office of Special Education Programs (OSEP) staff have assembled the following most commonly raised issues. In general, this information applies to the grant competition covered by this application package.

EXTENSION OF DEADLINES

Waivers for individual applications are not granted, regardless of the circumstances. Under very extraordinary circumstances a closing date may be changed. Such changes are announced in the *Federal Register*.

COPIES OF THE APPLICATION

Unless you qualify for an exception in accordance with the instructions found in the Notice inviting applications, you must submit your application electronically. Therefore, you do not need to submit paper copies of the application. If you are granted an exception, current Government-wide policy requires that an original and two paper copies need to be submitted.

MAKING APPLICATIONS MORE ACCESSIBLE TO REVIEWERS WHO ARE BLIND OR HAVE LOW VISION

The Department will accept one copy of the application in an accessible format (e.g., compact disc) along with the original and two print copies of the application. The accessible format copy can be used with available software to convert the text of the application into braille, or with text to voice applications. If there are any differences in the print original provided on the disk and in print, the print original is assumed to be the correct version. Please note that it is not a requirement that one copy of the application be in an accessible format.

MISSED DEADLINES AND SUBMISSION UNDER OTHER COMPETITIONS

Should an application miss the deadline for a particular competition, it may be submitted for another competition. However, if an application is properly prepared to meet the specifications of one competition, it is extremely unlikely that it would be favorably evaluated under a different competition.

SUBMISSION TO MORE THAN ONE PROGRAM

Applications may be submitted to more than one Federal program if you are unsure of the most appropriate program. Each application should be prepared following the instructions for that particular program as closely as possible (which may require some reformulation). It is very helpful if each program is notified that an identical or similar application is being submitted to another program.

HELP PREPARING APPLICATIONS

We are happy to provide general program information. Clearly it would ***not*** be appropriate for staff to participate in the actual writing of an application, but we can respond to specific questions about application requirements and evaluation criteria, or about the announced priorities. Applicants should understand that such contact is not required, nor does it in anyway guarantee the success of an application.

NOTIFICATION OF FUNDING

The time required to complete the evaluation of applications is variable. Once applications have been received staff must determine the areas of expertise needed to appropriately evaluate the applications, identify and contact potential reviewers, convene peer review panels, and summarize and review the recommendations of the review panels. You can expect to receive notification within 3 to 6 months of the application closing date, depending on the number of applications received and the number of competitions with closing dates at about the same time.

POSSIBILITY OF LEARNING THE OUTCOME OF REVIEW PANELS PRIOR TO OFFICIAL NOTIFICATION

Every year we are called by a number of applicants who have legitimate reasons for needing to know the outcome of the review prior to official notification. Some applicants need to make job decisions, some need to notify a local school district, etc. **Regardless of the reason, we cannot share information about the review with *anyone* until the Assistant Secretary has approved a slate of projects recommended for funding and Congressional notification is completed**. You will be notified as quickly as possible either by telephone (if your application is recommended for funding), or by email (if your application is not successful).

FORMAT FOR APPLICATIONS

The **application narrative** should be organized to follow the exact sequence of the components in the selection criteria used to evaluate applications. (The selection criteria for the competition covered by this packet are listed following the specific competition information in section “B” of

this packet. The **abstract,** should precede the table of contents, and application narrative. In submitting your application through Grants.gov, the **abstract template** should be uploaded and attached to the Abstract File. The **abstract** template, located at https://www2.ed.gov/fund/grant/apply/osep/new-osep-grants.html, should be completed to provide a comprehensive description of the proposed project. For the table of contents, list of priority requirements, and application narrative, you will have to upload these documents as one .PDF or Microsoft Word file and attach to the Mandatory Project Narrative File. If you prefer to use a different format, you may wish to cross-reference the sections of your application to the selection criteria to be sure that reviewers are able to find all relevant information.

To aid in screening and reviewing the application, applicants should list after the table of contents, all general, special, and other requirements for the priority and corresponding page number (s) where requirements are addressed within the application. (All requirements are found in each priority description included in this application package.) Page limit recommendations do not apply to this list of priority requirements (see Application Forms and Instructions for Grants.gov Submission document for upload instructions). The format included below is an **example** of how you might provide this information in your application.

PAGE #	REQUIREMENTS
_____	(a) Recipients of funding under this competition must make positive efforts to employ and advance in employment qualified individuals with disabilities (see section 606 of IDEA).
_____	(b) Each applicant for, and recipient of, funding under this program must involve individuals with disabilities, or parents of individuals with disabilities ages birth through 26, in planning, implementing, and evaluating the project (see section 682(a)(1)(A) of IDEA).
_____	(c) Include, in the budget, travel funds to support the project director's attendance annually at one meeting sponsored by OSEP or the Regional PTACs, at a minimum.
_____	(d) Maintain a website that meets government or industry recognized standards for accessibility and that includes, at a minimum, a current calendar of upcoming events, free informational publications for families, and links to webinars or other online multimedia resources.

PAGE LIMITS

Please note that all applications submitted under the competition in this application package must adhere to the Application Narrative page limit recommendations that are specified under

each priority/competition description. Your application should provide enough information to allow the review panel to evaluate the importance and impact of the project as well as to make knowledgeable judgments about the methods you propose to use (design, participants, sampling procedures, measures, instruments, data analysis strategies, etc.). It is often helpful to have:

1. **Staff Vitae:** They should include each person's title and role in the proposed project and contain only information that is relevant to this proposed project's activities and/or publications. Vitae/Resumes for consultants and Advisory Council members should be similarly brief.

2. **Instruments**: Except in the case of generally available and well-known instruments.

3. **Agreements**: When the participation of an agency other than the applicant is critical to the project. This is particularly critical when an intervention will be implemented within an agency, or when participants will be drawn from particular agencies. Letters of cooperation should be specific, indicating agreement to implement a particular intervention or to provide access to a particular group of students.

The items listed above are not included under page limit recommendations.

MAKING SURE APPLICATION IS ASSIGNED TO THE CORRECT COMPETITION

Applicants should clearly indicate in Item 11 on the application (SF-424) the Assistance Listing Number/CFDA number of the program priority (e.g., 84.328C, etc.) representing the competition in which the application should be considered. **If this information is not provided, your application may inadvertently be assigned and reviewed under a different competition from the one you intended**.

RETURN OF NON-FUNDED APPLICATIONS

We do not return original copies of applications. Thus, applicants should retain at least one copy of the application. Copies of reviewer comments will be emailed to all applicants.

PROPOSED STAFF AVAILABILITY TO PROJECT

For each staff person named in the application, please provide documentation of all internal and external time commitments. In instances where a staff person is committed on a federally supported project, please provide the project name, Federal office, program title, the project federal award number, and the amount of committed time by each project year. This information (e.g., Staff: Jane Doe; Project Name: Succeeding in the General Curriculum; Federal office:

Office of Special Education Programs; Program title: Training and Information for Parents of Children with Disabilities; Award number: H328C030002; Time commitments: Year 1—30%; Year 2—25% and Year 3—40%) can be provided as an Appendix to the application.

In general, we will not reduce time commitments on currently funded grants from the time proposed in the original application. Therefore, **we will not consider for funding any application where key staff are bid above a time commitment level that staff have available to bid**. Further, the time commitments stated in newly submitted applications will not be negotiated down to permit the applicant to receive a new grant award.

USE OF PERSON LOADING CHARTS

It is important for applicants to include proposed time commitments for all project personnel. Also, program officials and applicants often find person loading charts useful formats for showing project personnel and their time commitments to individual activities. A person loading chart is a tabular representation of major evaluation activities by number of days spent by each key person involved in each activity, as shown in the following example.

TABLE: PERSON LOADING CHART—TIME IN DAY(S) BY PERSON*

Activity	Time in Day(s) by Person: Person A	Time in Day(s) by Person: Person B	Time in Day(s) by Person: Person C	Time in Day(s) by Person: Person D
Library Research	0	0	0	0
Hire Staff	0	0	0	0
Prepare Materials	0	0	0	0
Train Raters	0	0	0	0
Data Collection	0	0	0	0
Data Analysis	0	0	0	0
Dissemination (manuscripts, etc.)	0	0	0	0

*Note: All figures represent FTE for the grant year.

DELIVERING/SENDING APPLICATIONS TO THE COMPETITION MANAGER

If you qualify for an exception to the electronic submission requirement, applications can be mailed or hand delivered, or submitted electronically but in either case must go to the Application Control Center at the address listed in the Application Transmittal Instructions. Delivering or sending the application to the competition manager in the program office may

prevent it from being logged in on time to the appropriate competition and may result in the application not being reviewed.

ALLOWED TRAVEL UNDER THESE PROJECTS

Travel is allowed if the travel specifically relates to the expressed goals of the project. Travel by students (i.e., leadership development program participants) to further their education under the project's goals is also allowed. Travel to conferences is the travel item that is most likely to be questioned during negotiations. Such travel is sometimes allowed when it is for purposes of dissemination project information and findings, and when it is clear that a conference presentation or workshop is an effective way of reaching a particular target group.

FUNDING OF APPROVED APPLICATIONS

It is often the case that the number of applications recommended for approval by the reviewers exceeds the dollars available for funding projects under a particular competition. When the panel reviews are completed for a particular competition, the individual reviewer scores and applications are ranked. The higher ranked, approved applications are funded first, and there are often lower ranked, approved applications that do not receive funding. Sometimes, we place on hold one or two applications that are approved and fall next in rank order (after those projects selected for funding). If dollars become available as a result of negotiations, or if a higher ranked applicant declines the award, the projects on hold may receive funding. If you receive a letter stating that you will not receive funding, then your project has neither been selected for funding nor placed on hold.

ISSUES RAISED DURING DISCUSSIONS PRIOR TO AWARD

If your application is recommended for funding, discussions may be held prior to award to clarify technical or budget issues. These are issues that have been identified during panel and staff review. Generally, technical issues are minor issues that require clarification. Alternative approaches may be presented for your consideration, or you may be asked to provide additional information or rationale for something you have proposed to do. Sometimes, concerns are stated as "conditions". These are concerns that have been identified as so critical that the award cannot be made unless those conditions are met. Questions are also raised about the proposed budget during the discussion phase. Generally, budget issues are raised because there is inadequate justification or explanation of the particular budget item, or because the budget item does not seem critical to the successful completion of the project. A Federal project officer will present the issues to you and ask you to respond. If you do not understand the question, you should ask for clarification. In responding to discussion items you should provide any additional information or clarification requested. You may feel that an issue was addressed in the application. It may not, however, have been explained in enough detail to make it understood by

reviewers, and more information should be provided. If you are asked to make changes that you feel could seriously affect the project's success, you may provide reasons for not making the changes, or provide alternative suggestions. Similarly, if proposed budget reductions will, in your opinion, seriously affect the proposed activities, you may want to explain why and provide additional justification for the proposed expenses. Your changes, explanations and alternative suggestions will be carefully evaluated by staff. In some instances, an applicant may again be contacted for additional information. An award cannot be made until all issues have been resolved and conditions met.

TREATING A PRIORITY AS TWO SEPARATE COMPETITIONS.

In the past, there have been problems in finding peer reviewers without conflicts of interest where applications are made by many entities throughout the country. The Standing Panel requirements also place additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary priorities, applications may be ranked and selected for funding in two or more groups, which will ensure the availability of a much larger group of reviewers without conflicts of interest. This procedure will increase the quality, independence and fairness of the review process and will permit panel members to review applications under discretionary priorities to which they have also submitted applications.

SUCCESSFUL APPLICATIONS AND ESTIMATED/PROJECTED BUDGET AMOUNTS IN SUBSEQUENT YEARS

Note: Applicants must describe, in their applications, the amount of funding being requested for each 12-month budget period.

Since the yearly budgets for multi-year projects will be negotiated at the time of the initial award, applicants must include detailed budgets for each year of their proposed project. Generally, out-year funding levels most likely will not exceed 1st year budgets. However, budget modifications during the negotiation process, the findings from the previous year, or needed changes in the project design can affect your budget requirements in subsequent years, but in no case will out-year budgets exceed the maximum award amount.

REQUIREMENT TO REPORT THE RESULTS OF GRANT ACTIVITIES

The Department shall, where appropriate, require recipients of all grants, contracts and cooperative agreements under Part D of the *Individuals with Disabilities Education Act* to prepare reports describing their procedures, findings, and other relevant information. The Department shall require their delivery to the Department of Education and other networks as the Department may determine appropriate. (20 U.S.C. 1482)

DIFFERENCE BETWEEN A COOPERATIVE AGREEMENT AND A GRANT

A cooperative agreement is similar to a grant in that its principal purpose is to accomplish a public purpose of support or stimulation as authorized by a Federal statute. It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education) and the recipient during the performance of project activities.

DIFFERENCE BETWEEN AN ABSOLUTE PRIORITY, AN INVITATIONAL PRIORITY, AND A COMPETITIVE PRIORITY

An absolute priority is a priority that an applicant must address in order to receive an award. If an applicant does not address an absolute priority, their application will be returned as being non-responsive to the priority.

An invitational priority is a priority that reflects a particular interest of the Department, and an applicant is encouraged to address the invitational priority along with the required absolute priority. However, an applicant choosing to address an invitational priority will not receive any competitive preference over other applications.

A competitive priority is like an invitational priority in that it reflects a particular interest of the Department, and an applicant is encouraged to address the competitive priority along with the required absolute priority. A competitive priority may be handled in one of two ways:

1. an application may be awarded additional points depending on how effectively it addresses the competitive priority; or
2. an application that meets a competitive priority may be selected over an application of comparable merit that does not address the competitive priority. The type of competitive priority for a particular competition is always included in the *Federal Register* announcement.

APPLICATION TRANSMITTAL INSTRUCTIONS AND REQUIREMENTS FOR INTERGOVERNMENTAL REVIEW

APPLICATION TRANSMITTAL INSTRUCTIONS

ATTENTION ELECTRONIC APPLICANTS:
Please note that you must follow the Application Procedures as described in the Federal Register notice announcing the grant competition. This program requires electronic submission of applications, and specific requirements and waiver instructions can be found in the Federal Register notice.

We will reject your application if you submit it in paper format unless, as described in the Federal Register notice for this competition, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements.

APPLICATIONS SUBMITTED ELECTRONICALLY

Applications for grants under this program must be submitted electronically using the Government-wide Grants.gov Apply site at http://www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may **not** an electronic copy of a grant application to us.

Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system **no later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.** Except as otherwise noted in Federal Register notice for this competition, we will not consider your application if it is date and time stamped by the Grants.gov system later than 11:59:59 p.m., Washington, D.C. time, on the application deadline date.

You should review and follow the Grants.gov Submission Procedures and Tips for Applicants for submitting an application through Grants.gov that are included in this application package to ensure that you submit your application in a timely manner to the Grants.gov system.

Please note the following:

- You must attach any narrative sections and all other attachments of your application as files in PDF or Microsoft Word. It is recommended that applicants submit all files in a read only, flattened PDF format.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission.

- When attaching files, applicants should limit the size of their file names. Lengthy file names could result in difficulties with opening and processing your application. We recommend your file names be less than 50 characters. The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.
- Your electronic application should comply with any page-limit recommendations described in this application package.
- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

According to the instructions found in the Federal Register notice, only those requesting and qualifying for an Exception to the electronic submission requirement may submit an application via mail, commercial carrier or by hand delivery.

SUBMISSION OF PAPER APPLICATIONS BY MAIL:

If you qualify for an exception to the electronic submission requirement, you may mail (through the U.S. Postal Service or a commercial carrier) your application to the Department. You must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

(2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

SUBMISSION OF PAPER APPLICATIONS BY HAND DELIVERY:

SUBMITTING APPLICATIONS WITH ADOBE READER SOFTWARE

The compatible version of Adobe Reader is available for viewing, editing and submitting a complete grant application package for the Department of Education through Grants.gov. Applicants should confirm the compatibility of their Adobe Reader version **before** downloading the application. To ensure applicants have a version of Adobe Reader on their computer that is compatible with Grants.gov, applicants are encouraged to use the test package provided by Grants.gov that can be accessed at https://www.grants.gov/documents/19/18243/Adobe-Versioning-Test-Workspace-PDF-Form.pdf/fae9bae1-0f3d-f71e-377f-e3fc6e02e4e6.

IMPORTANT ISSUES TO CONSIDER:

- If the applicant opened or edited the application package with any software other than the compatible version of Adobe Reader, the application package may contain errors that will be transferred to the new package even if you later download the compatible Adobe Reader version.
- Applicants **cannot** copy and paste data from a package initially opened or edited with an incompatible version of Adobe Reader and will need to download an **entirely new package** using the compatible version of Adobe Reader.
- Some applicants using an incompatible version of Adobe Reader **may have trouble** opening and viewing the application package while others may find they can open, view and complete the application package but **may not be able to submit** the application package through Grants.gov.
- Grants.gov **does not** guarantee to support versions of Adobe Reader that are not compatible with Grants.gov.
- Any and all edits made to the Adobe Reader application package **must** be made with the compatible version of Adobe Reader.

For your convenience, the latest version of Adobe Reader is available for free download at https://get.adobe.com/reader/.

We strongly recommend that you review the information on computer and operating system compatibility with Adobe available at https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html **before** downloading, completing or submitting your application.

Applicants are reminded that they should submit their application a day or two in advance of the closing date as detailed in the Federal Register Notice. If you have any questions regarding this matter, please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

APPENDIX

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

This appendix applies to each program that is subject to the requirements of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR part 79.

The objective of the executive order is to foster an intergovernmental partnership and to strengthen federalism by relying on state and local processes for state and local government coordination and review of proposed federal financial assistance.

Applicants must contact the appropriate State Single Point of Contact to find out about, and to comply with, the state's process under Executive Order 12372. Applicants proposing to perform activities in more than one state should immediately contact the Single Point of Contact for each of those states and follow the procedure established in each of those states under the Executive order. A listing containing the Single Point of Contact for each state is included in this appendix.

In states that have not established a process or chosen a program for review, state, areawide, regional, and local entities may submit comments directly to the Department.

Any State Process Recommendation and other comments submitted by a State Single Point of Contact and any comments from state, areawide, regional and local entities must be mailed or hand-delivered by the date indicated in the actual application notice to the following address:

The Secretary
EO 12372—Assistance Listing Number 84.328R [commenter must insert number—including suffix letter, if any]
U.S. Department of Education, Room 7W301
400 Maryland Avenue, SW
Washington, DC 20202

Proof of mailing will be determined on the same basis as applications (see 34 CFR 75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Washington, D.C. time) on the date indicated in the actual application notice.

PLEASE NOTE THAT THE ABOVE ADDRESS IS NOT THE SAME ADDRESS AS THE ONE TO WHICH THE APPLICANT SUBMITS ITS COMPLETED APPLICATION. **DO NOT SEND APPLICATIONS TO THE ABOVE ADDRESS**.

STATE SINGLE POINTS OF CONTACT (SPOCS)

In 2019 the Federal Government provided $721 billion in grants to State and local governments. Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on State and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The Order allows each State to designate an entity to perform this function. Below is the official list of those entities. For those States that have a home page for their designated entity, a direct link has been provided below by clicking on the State name.

States that are not listed on this page have chosen not to participate in the intergovernmental review process, and therefore do not have a SPOC. If you are located within a State that does not have a SPOC, you may send application materials directly to a Federal awarding agency.

NOTICE TO ALL APPLICANTS ENSURING EQUITABLE ACCESS AND APPLICATION FORMS AND INSTRUCTIONS

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about the following provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.–**Research**

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities."**—Human Subject**

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (i) information or biospecimens through intervention or interaction with the individual and uses through intervention or interaction with the individual and uses, studies, or analyzes the information or biospecimens, or (ii) obtains, uses, studies, analyzes, or generate identifiable private information or identifiable biospecimens. "

If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. If an activity involves obtaining private information about a living person in such a way that the information can be ***directly or indirectly*** *linked to that individual), the definition of human subject is met.*

Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following eight categories of ***exemptions*** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, that specifically involves normal educational practices that are not likely to adversely impact students' opportunity to learn required educational content or the assessment of educators who provide instruction. This includes most research on regular and special education instructional strategies, and research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. *If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.*

(2) Research that only includes interactions involving educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior (including visual or auditory recordings) if at least one of the following criteria is met: (i) the information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained, directly or through identifiers linked to the subjects; (ii) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, educational advancement or reputation; or (iii) the information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an IRB conducts a "limited IRB review" to make the determinations required by 34 CFR 97.111(a)(7).

If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.

(3) Research involving benign behavioral interventions in conjunction with the collection of information from an adult subject through verbal or written responses (including data entry) or audiovisual recording if the subject prospectively agrees to the intervention and information collection and at least one of the following criteria is met: (A) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained directly or through identifiers linked to the subjects; (B) Any disclosure of the human subjects' responses outside the research would not reasonably place the subjects at risk of criminal or civil liability or be damaging to the subject' financial standing, employability, educational advancement or reputation; or (C) The information obtained is recorded by the investigator in such a manner that the identity of the human subjects can readily be ascertained, directly or through identifiers linked to the subjects, and an IRB conducts a limited IRB review to make the determination required by 34 CFR 97.111(a)(7).

For the purpose of this provision, benign behavioral interventions are brief in duration, harmless, painless, not physically invasive, not likely to have a significant adverse lasting impact on the subjects, and the investigator has no reason to think the subjects will find the interventions offensive or embarrassing. Provided all such criteria are met, examples of such benign behavioral interventions would include having the subject play an online game, having them solve puzzles under various noise conditions, or having them decide how to allocate a nominal amount of received cash between themselves and someone else.

If the research involves deceiving the subjects regarding the nature or purposes of the research, this exemption is not applicable unless the subject authorizes the deception through a prospective agreement to participate in research in circumstances in which the subject is informed that he or she will be unaware of or misled regarding the nature or purposes of the research.

(4) Secondary Research for which Consent is not required. Secondary research uses of identifiable private information or identifiable biospecimens, if at least one of the following criteria is men: (i) The identifiable private information or identifiable biospecimens are publicly available; (ii) Information, which may include information about biospecimens, is recorded by the investigator in such a manner that the identity of the human subjects cannot readily be ascertained directly or through identifiers linked to the subjects, the investigator does not contact the subjects, and the investigator will not re-identify subjects; (iii) the research involves only information collection and analysis involving the investigators' use of identifiable health information when that use is regulated under 45 CFR parts 160 and 164, subparts A and E, for the purposes of "health care operations" or "research" as those terms are defined at 45 CFR 164.501 or for "public health activities and purposes" as described under 45 CFR 164.512 (b); or (iv) The research is conducted by, or on behalf of, a Federal department or agency using government-generated or government-collected information obtained for nonresearch activities, if the research generates identifiable private information that is or will be maintained on information technology that is subject to and in compliance with section 208(b) of the E-Government Act of 2002, 44 USC 3501 note, if all of the identifiable private information collected, used or generated as part of the activity will be maintained in systems of records subject to the Privacy Act of 1974, 5 USC 552a, and, if applicable, the information used in the research was collected subject to the Paperwork Reduction Act of 1995, 44 USC 3501 et seq.

(5) Research and demonstration projects that are conducted or supported by a Federal department or agency, or otherwise subject to the approval of department or agency heads (or otherwise subject to the approval of department or agency heads (or the approval of the heads of bureaus or other subordinate agencies that have been delegated authority to conduct the research and demonstration projects), and that are designed to study, evaluate, improve, or otherwise examine public benefit or service programs, including procedures for obtaining benefits or services under those programs, possible changes in or alternative to those programs or procedures, or possible changes in methods or levels of payment for benefits or services under those programs. Such projects include, but are not limited to, internal studies by Federal employees, and studies under contracts or consulting arrangements, cooperative agreements, or grants. Exempt projects also include waivers of otherwise mandatory requirements using authorities such as sections 1115 and 1115A of the Social Security Act as amended.

Each Federal department or agency conducting or supporting the research and demonstration projects must establish, on a publicly accessible Federal website or in such other manner as the department or agency head may determine, a list of the research and demonstration projects that the Federal department or agency conducts or supports under this provision. The research or demonstration project must be published on this list prior to commencing the research involving human subjects.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

(7) Storage or Maintenance for Secondary Research for which Broad Consent is required. Storage or maintenance of identifiable private information or identifiable biospecimens for potential secondary research use if an IRB conducts a limited IRB review and makes the determinations requires by 34 CFR 97.111(a)(8).

(8) Secondary Research for which Broad Consent is Required. Research involving the use of identifiable private information or identifiable biospecimens for secondary research use if the following criteria are met: (i) Broad Consent for the storage, maintenance and secondary research use of the identifiable private information or identifiable biospecimens was obtained in accordance with 34 CFR 97.116(a) (1)-(4), (a) (6) and (d); (ii) Documentation of informed consent or waiver of documentation of consent was obtained in accordance with 34 CFR 97.117. (iii) an IRB conducts a limited IRB review and makes the determination that the research to be conducted is within the scope of the broad consent referenced in paragraph (d)(8)(i) of this section; and (iv) The investigator does not prevent an investigator from abiding by any legal requirements to return individual research results.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects "exempt research" or "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects, include information about each, labeling the responses as to the project they address. For applications that include multiple research projects this can be done in a single narrative or in more than one narrative as appropriate.

A. Exempt Research Narrative.
If you marked "Yes" for item 3.b. and designated exemption numbers(s), attach the "exempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.
If you marked "No" for item 3.b. you must attach the "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) **Human Subjects Involvement and Characteristics:** Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

You must consult with your Business Office prior to submitting this form.

SECTION A: BUDGET SUMMARY—U.S. DEPARTMENT OF EDUCATION FUNDS

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 13, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 13, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information: If you are requesting reimbursement for indirect costs on line 10 the indirect cost rate to be charged to the grant must be entered in the applicable field on line 10, and the following information is to be completed by your Business Office.

(1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. If you checked "no," ED generally will authorize grantees to use a temporary rate of 10 percent of budgeted salaries and wages (complete (4) of this section when using the temporary rate) subject to the following limitations:

(a) The grantee must submit an indirect cost proposal to its cognizant agency within 90 days after ED issues a grant award notification; and

(b) If after the 90-day period, the grantee has not submitted an indirect cost proposal to its cognizant agency, the grantee may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement with its cognizant agency.

(2): If you checked "yes" in (1), provide a copy of your Indirect Cost Rate Agreement and indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED, another Federal agency (Other) or State agency issued the approved agreement. If you check "Other," specify the name of the Federal or other agency that issued the approved agreement.

(3): If you check "no" in (1), indicate in (3) if you want to use the de minimis rate of 10 percent of MTDC (see 2CFR § 200.68). If you use the de minimis rate, you are subject to the provisions in 2 CFR § 200.414(f). Note, you may only use the 10 percent de minimis rate if you are a first-time Federal grant recipient, and you do not have an Approved Indirect Cost Rate Agreement. You may not use the de minimis rate if you are a State, Local government, or Indian Tribe, or if your grant is funded under a training rate or restricted rate program.

(5): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement, or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

(6): For Training Rate Programs, ED regulations limit non-governmental entities to the recovery of indirect costs on training grants to the grantee's actual indirect costs, as determined by its negotiated rate agreement, or 8 percent of a MTDC, whichever is lower (see EDGAR § 75.562(c)(4)). The 8 percent limit also applies to cost-type contracts under grants, if these contracts are for training as defined in EDGAR § 75.562(a). If a non-governmental entity that receives a grant under a training grant program does not have an approved indirect cost rate and wants to recover indirect costs, it may use a temporary rate of 10 percent of budgeted direct salaries and wages, but it must submit an indirect cost rate proposal to its cognizant agency for indirect costs within 90 days after ED issues the GAN. After the 90-day period, the government entity may not charge its grant for indirect costs until it has negotiated an indirect cost rate agreement.

SECTION B: BUDGET SUMMARY—NON-FEDERAL FUNDS

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (f): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

SECTION C: BUDGET NARRATIVE

[Attach separate sheet(s)] Pay attention to applicable program specific instructions, if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.
2. For non-Federal funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
   a. The specific costs or contributions by budget category;
   b. The source of the costs or contributions; and
   c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

   [Please review cost sharing and matching regulations found in 2 CFR 200.306.]
3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.

4. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of “Training grants" (34 CFR 75.562) and grants under programs with “Supplement not Supplant” requirements ("Restricted Rate" programs) by a “modified total direct cost” (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

   When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED’s website at:

   www.ed.gov/fund/grant/apply/appforms/appforms.html.

   You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

5. Provide other explanations or comments you deem necessary.

IF APPLICABLE SECTION D - BUDGET SUMMARY LIMITATION ON ADMINISTRATIVE EXPENSES

If your program is subject to an administrative cost cap (as indicated Section III.2.C of the program’s Notice Inviting Applications (NIA)), fill out this form as follows:

1. On the top of the page, list the percentage cap on administrative costs, and indicate whether your administrative cost cap applies to both indirect and direct costs, or only direct costs (from Section III.2.C of the program’s NIA).
2. IF the cost cap applies to both indirect and direct costs:
   (a) Fill out the entire table noting your administrative costs, including line 8. Line 8 is taken from Section A, line 10. For lines 1-6, these are only direct administrative costs; do not include in lines 1-6 any costs included in your indirect cost rate. If your program has a matching requirement (see NIA), include in lines 1-6 the administrative portions of the applicable rows from both Section A and Section B. If there is no program matching requirement, only use Section A.
   (b) Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line 9 by Section A line 12. If your program does have a matching requirement, to calculate line 10, divide line 9 by the sum of Section A line 12 and Section B line 12.
3. IF the cost cap applies ONLY to direct costs:
   (a) Fill out the entire table noting your administrative costs, EXCLUDING line 8.

Ensure that the line 10 percentage DOES NOT EXCEED the percentage cap on administrative costs. If your program does not have a matching requirement, divide line 7 by Section A line 9. If your program does have a matching requirement, to calculate line 10, divide line 7 by the sum of Section A line 9 and Section B line 9).

DUNS NUMBER INSTRUCTIONS

Transition from DUNS Number to Unique Entity Identifier (UEI) Fact Sheet

The Federal Government has transitioned from the use of the DUNS Number to the new Unique Entity Identifier (UEI) as the primary means of entity identification for Federal awards government-wide. UEIs are required in accordance with 2 CFR Part 25, and the transition from DUNS to UEI resulted in the UEI being issued by the Federal Government in SAM.gov. This means entities will no longer rely on a third-party to obtain an identifier (i.e., a DUNS issued by Dun and Bradstreet). This change is meant to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the Federal Government. Information addressing the reasons for this transition is available at The New Unique Entity Identifier is Here and at Why has SAM.gov changed from the DUNS Number to the Unique Entity ID?.

Starting on April 4, 2022, the Integrated Award Environment (IAE) systems (i.e., SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS) will comply with the Federal Government's requirement to end use of the DUNS Number for Federal award management. The U.S. Department of Education's Grants Management System (G5) also implemented this transition on April 4, 2022.

Here is what you need to know to be ready for this transition:

- If your organization is currently registered in SAM.gov with either an active or inactive registration, you have already been assigned a UEI. Your UEI is viewable on your entity's registration record in SAM.gov. To learn how to view your UEI, see this guide: How can I view my unique entity identifier (UEI)?.

- If you have an inactive registration or need to update your registration, you must ensure that your renewal or updates occur on time and as required, but this does not affect whether you have been assigned a UEI. If you have a registration, you already have a UEI. If your registration has expired, you can access instructions addressing how to renew your entity registration at: How to Renew or Update an Entity.

- On and after April 4, entities who are not registered in SAM.gov will be assigned a UEI when they register and will not need to use a DUNS for entity registration or reporting. To register in SAM.gov, click on the "Get Started" link under the "Register Your Entity…" heading in SAM.gov.

- Your organization will continue to use its DUNS for registration and reporting until April 3, 2022. After that time, your organization will no longer use the DUNS for this purpose and that number will not be maintained in any IAE systems (i.e., SAM.gov, FPDS, eSRS, FSRS, FAPIIS, and CPARS). Beginning April 4, 2022, your organization will only use the UEI in IAE systems.

- The transition to using UEIs does not impact your entity's registration expiration date or when you need to renew. Once assigned, the UEI number will never expire; however, entity registrations do expire annually and require annual renewal. Please ensure that your organization renews its registration prior to the expiration date. The expiration date is listed in your entity record in SAM.gov.

- Subrecipients under entities doing business with the Federal Government that are currently registered in SAM.gov have been assigned their UEI.

- On and after April 4, subrecipients can register in SAM.gov and will be assigned their UEI. At that time, subrecipients will no longer be able to obtain or use a DUNS for subrecipient registration or reporting.

Where to get help:

The Federal Service Desk, available at FSD.gov, is the help desk that has been established for all IAE systems. FSD.gov includes resources that address the UEI transition and these resources are available at: Help Resources. There are resources available for grantees, subrecipients, contractors, subcontractors, Federal employees who use SAM.gov, and for individuals who search for entities on SAM.gov. Two of the available resources that are particularly helpful are:

1) FAQs that are organized by how an individual uses SAM.gov based on their roles and responsibilities (UEI Transition FAQs); and

2) An interactive PDF tool that walks individuals through how they are affected by the transition, so they can be confident they have accurate information (Interactive PDF Tool – UEI Transition).

If you have questions about UEIs or the UEI transition that are not answered in the FAQs or in other resources available at FSD.gov, you may contact the FSD.gov by calling, or by choosing the “Create an Incident” or engaging in a “Live Chat.” You may also send the question directly to the General Services Administration at: entityvalidation@gsa.gov.

For other questions related to your grant, please contact your ED program contact listed in box 3 of your Grant Award Notification, or as identified in any other applicable documentation provided by ED.
