SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Impact Aid Discretionary Construction Grant Program provides grants for emergency repairs and modernization of school facilities to certain local educational agencies (LEAs) that receive Impact Aid formula funds.

Background: The Impact Aid Discretionary Construction Grant Program provides grants to eligible Impact Aid LEAs to assist in addressing their school facility emergency and modernization needs. The eligible Impact Aid LEAs have a limited ability to raise local revenue for capital improvements because they have large areas of Federal land within their boundaries. As a result, these districts face difficulties in responding when their school facilities are in need of emergency repairs.

The Department recognizes that students, and the school districts that support them, need safe facilities to learn. School facility emergencies that are consistent with 34 CFR 222.172(a) and 222.173 may be proposed. Funded Impact Aid emergency repair grants will be used to repair, renovate, or alter a public elementary or secondary school facility to ensure the health, safety, and well-being of students and school personnel.

Priority: In accordance with 34 CFR 75.105(b)(2)(ii) and (iv), this priority is from section 7007(b)(2)(A) of the Elementary and Secondary Education Act of 1965, as amended (Act) (20 U.S.C. 7707(b)), and the regulations for this program in 34 CFR 222.177.

Absolute Priority: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority and otherwise follow the applicable funding provisions in 34 CFR 222.189.

This priority is:

Emergency Repair Grants.

An LEA is eligible to be considered for an emergency grant under this priority if it—

(a) Is eligible to receive formula construction funds for the fiscal year under section 7007(a) of the Act (20 U.S.C. 7707(a));

(b) (1) Has no practical capacity to issue bonds;

(2) Has minimal capacity to issue bonds and has used at least 75 percent of its bond limit; or

(3) Is eligible to receive funds for the fiscal year for heavily impacted districts under section 7003(b)(2) of the Act (20 U.S.C. 7707(b)(2)); and

(c) Has a school facility emergency that the Secretary has determined, consistent with 34 CFR 222.172(a) and 222.173, poses a health or safety hazard to students and school personnel.

Program Authority: 20 U.S.C. 7707(b).

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75 (except for 34 CFR 75.600 through 75.617), 77, 79, 82, 84, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The regulations for this program in 34 CFR part 222.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: $18,406,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: $60,000–$6,000,000.

Estimated Average Size of Awards: $2,300,000.

Estimated Number of Awards: 8.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 60 months. We will determine each project period based on the nature of the project proposed and the time needed to complete it. We will specify this period in the Grant Award Notification (GAN).

III. Eligibility Information

1. *Eligible Applicants:* An LEA is eligible to apply for an emergency grant under the absolute priority if it—

(a) Is eligible to receive formula construction funds for the fiscal year under section 7007(a) of the Act (20 U.S.C. 7707(a)) because it enrolls a high percentage (at least 50 percent) of federally connected children in average daily attendance (ADA) who either reside on Indian lands or who have a parent on active duty in the U.S. uniformed services;

(b) (1) Has no practical capacity to issue bonds (as defined in 34 CFR 222.176);

(2) Has minimal capacity to issue bonds (as defined in 34 CFR 222.176) and has used at least 75 percent of its bond limit; or

(3) Is eligible to receive funds for the fiscal year for heavily impacted districts under section 7003(b)(2) of the Act (20 U.S.C. 7703(b)(2)); and

(c) Has a school facility emergency that the Secretary has determined, consistent with 34 CFR 222.172(a) and 222.173, poses a health or safety hazard to students and school personnel.

2. a. *Cost Sharing or Matching:* In reviewing proposed awards, the Secretary considers the funds available to the grantee from other sources, including local, State, and other Federal funds. See 20 U.S.C. 7707(b)(5)(A)(iii) and 34 CFR 222.174 and 222.191 through 222.193. Consistent with 34 CFR 222.192, an applicant will be required to submit its most recently available audited financial reports for 3 consecutive fiscal years, showing closing balances for all school funds. If significant balances (as detailed in 34 CFR 222.192) are available at the close of the applicant's FY 2023, or its most recently audited year, that are not obligated for other purposes, those funds will be considered available for the proposed emergency repair project. Available balances may reduce the amount of funds that may be awarded or eliminate the applicant's eligibility for an emergency grant award under this competition.

b. *Supplement-Not-Supplant:* This competition involves supplement-not-supplant funding requirements. As outlined in 34 CFR 222.174, grant funds under this competition may not be used to supplant or replace other available non-Federal construction money.

c. *Administrative Cost Limitation:* This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. *Subgrantees:* A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

4. *Build America, Buy America Act:* This program is subject to the Build America, Buy America Act (Pub. L. 117–58) domestic sourcing requirements. Accordingly, under this program, grantees and contractors may not use their grant funds for infrastructure projects or activities (*e.g.,* construction, remodeling, and broadband infrastructure) unless—

(a) All iron and steel used in the infrastructure project or activity are produced in the United States;

(b) All manufactured products used in the infrastructure project or activity are produced in the United States; and

(c) All construction materials are manufactured in the United States.

Grantees may request waivers to these requirements by submitting a Build America, Buy America Act Waiver Request Form. For more information, including a link to the Waiver Request Form, see the Department's Build America Buy America Waiver website at: *https://www2.ed.gov/policy/fund/guid/buy-america/index.html.*

IV. Application and Submission Information

1. *Application Submission Instructions:* Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the **Federal Register** on December 7, 2022 (87 FR 75045), and available at *https://www.federalregister.gov/documents/2022/12/07/2022-26554/common-instructions-for-applicants-to-department-of-education-discretionary-grant-programs,* which contain requirements and information on how to submit an application. Please note that these Common Instructions supersede the version published on December 27, 2021.

2. *Intergovernmental Review:* This competition is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

3. *Funding Restrictions:* Except for applicants with no practical capacity to issue bonds, as defined in 34 CFR 222.176, an eligible applicant's award amount may not be more than 50 percent of the total cost of an approved project and the total amount of grant funds may not exceed $4 million during any 4-year period. See 34 CFR 222.193. For example, an LEA that is awarded $4 million in the first year may not receive any additional funds for the following 3 years. Applicants may submit only one application for one educational facility as provided by 34 CFR 222.183. If an applicant submits more than one application, the Department will consider only the last submission, as determined by the *Grants.gov* system, unless an applicant contacts the Department prior to the closing date to indicate a different submission should be the single submission considered for that entity. Grant recipients must, in accordance with Federal, State, and local laws, use emergency grants for permissible construction activities at public elementary and secondary school facilities. The scope of the project for a selected facility will be identified as part of the final grant award conditions. A grantee must also ensure that its construction expenditures under this program meet the requirements of 34 CFR 222.172 (allowable program activities) and 34 CFR 222.173 (prohibited activities).

We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

V. Application Review Information

1. *Selection Criteria:* Consistent with 34 CFR 75.209, the selection criteria for this competition are from the applicable statutory and regulatory provisions as indicated after each criterion. The maximum score for each criterion is indicated in parentheses. Within each criterion, the Secretary evaluates each factor equally, unless otherwise specified. The maximum score that an application may receive is 100 points.

(a) Severity of the school facility problem to be addressed by the proposed project (34 CFR 222.189(a)(1)) (Up to 30 points).

(i) Justification that the proposed emergency project will address a deficiency that poses a health or safety hazard to occupants of the facility, and consistency of the emergency description and the proposed project with the certifying local official's statement (34 CFR 222.185(a) and (c)) (Up to 15 points).

(ii) Impact of the emergency condition on the health and safety of the building occupants and how free public education program delivery in the instructional school facility is adversely affected (34 CFR 222.172, 222.173, 222.176, and 222.185(b)). Applicants should describe: the systems or areas of

the facility involved (*e.g.,* HVAC, roof, floor, windows; the type of space affected, such as instructional, resource, food service, recreational, general support, or other areas); the percentage of building occupants affected by the emergency; and the importance of the facility or affected area to the instructional program (Up to 15 points).

(b) Project urgency (Up to 28 points).

(i) Risk to occupants if the facility condition is not addressed (34 CFR 222.176, definition of ''emergency''). Applicants should describe: projected increased future costs; the anticipated effect of the proposed project on the useful life of the facility or the need for major construction; and the age and condition of the facility and date of last renovation of affected areas (Up to 14 points).

(ii) The justification for rebuilding, if proposed (34 CFR 222.172(c)) (Up to 14 points).

(c) Effects of Federal presence (section 7007(b)(4)(B) and (C) of the Act and 34 CFR 222.184(b)) (Up to 30 points).

(i) Amount of non-taxable Federal property in the applicant LEA (percentage of Federal property divided by 10) (Up to 10 points).

(ii) The number of federally connected children identified in section 7003(a)(1)(A), (B), (C), and (D) of the Act in the LEA (percentage of identified children in LEA divided by 10) (Up to 10 points).

(iii) The number of federally connected children identified in section 7003(a)(1)(A), (B), (C), and (D) of the Act in the school facility (percentage of identified children in school facility divided by 10) (Up to 10 points).

(d) Ability to respond or pay (section 7007(b)(4)(A) of the Act) (Up to 12 points).

(i) The percentage of its bonding capacity used by the LEA. Four points will be distributed based on this percentage, such that: 4 points will be given to an LEA that has used 75 percent or more of its bonding capacity; 3 points will be given to an LEA that has used 50 percent to 74 percent of its bonding capacity; 2 points will be given to an LEA that has used 25 percent to 49 percent of its bonding capacity; and 1 point will be given to an LEA that has used less than 25 percent of its bond limit. LEAs that do not have limits on bonded indebtedness established by their States will be evaluated by assuming that their bond limit is 10 percent of the assessed value of real property in the LEA. LEAs deemed to have no practical capacity to issue bonds will receive all 4 points (Up to 4 points).

(ii) Assessed value of real property per student (applicant LEA's total assessed valuation of real property per pupil as a percentile ranking of all LEAs in the State). Points will be distributed by providing all 4 points to LEAs in the State's poorest quartile and only 1 point to LEAs in the State's wealthiest quartile (Up to 4 points).

(iii) Total tax rate for capital or school purposes (applicant LEA's tax rate for capital or school purposes as a percentile ranking of all LEAs in the State). If the State authorizes a tax rate for capital expenditures, then these data must be used; otherwise, data on the total tax rate for school purposes are used. Points will be distributed by providing all 4 points to LEAs in the State's highest-taxing quartile and only 1 point to LEAs in the State's lowest-taxing quartile (Up to 4 points).

2. *Review and Selection Process:* (a) We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

(b) Upon receipt, Impact Aid program staff will screen all applications to eliminate any applications that do not meet the eligibility standards, are incomplete, or are late. Applications that do not include a signed independent emergency certification on the application deadline are considered incomplete and will not be considered for funding. Program staff will also calculate the scores for each application under criteria (c) and (d). Panel reviewers will assess the applications under criteria (a) and (b).

(c) Applications are ranked based on the total number of points received during the review process. Those with the highest scores will be at the top of the funding slate.

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with:

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize

use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a GAN; or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to *www.ed.gov/fund/grant/apply/appforms/appforms.html.*

5. *Performance Measures:* The Department has established the following performance measure for this program: an increasing percentage of LEAs receiving Impact Aid Construction funds will report that the overall condition of their school buildings is adequate year over year. Data for this measure will be reported to the Department on the application for Impact Aid Section 7003 Basic Support Payments.

6. *Feasibility Study:* For applicants that request funding for new construction and that are selected for funding, the Department will require a feasibility of construction study. This independent third-party study must demonstrate that the chosen construction site is viable and the infrastructure will be able to sustain the new facility or addition.

7. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
