Program Contact: Jason Hanley

Select all criteria that apply (from 505 DM 2):

✓	(1) Unsolicited Proposal: The proposed award is the result of an unsolicited application that represents a unique or innovative idea, method, or approach that is not the subject of a current or planned award, but is found to be advantageous to program objectives.
	(2) Continuation: The activity to be funded is necessary for the satisfactory completion of, or is a continuation of, an activity we are funding and holding a competition would have a significant adverse effect on continuing or completing the activity.
	(3) Legislative Intent: The language in the applicable authorizing legislation or legislative history clearly indicates the intent of Congress to restrict the award to a particular recipient or purpose.
✓	(4) Unique Qualifications: The applicant is uniquely qualified to perform the activity based on a variety of demonstrable factors such as location; property ownership; voluntary support capacity; cost-sharing ability, if applicable; technical expertise; or other such unique qualifications.
	(5) Emergencies: Because of a compelling and unusual urgency, or substantial danger to health or safety, there is not enough time to follow adequate competitive procedures.

Explain below why competition for this award is not practical. As applicable, summarize the program legislative history, unique capabilities of the proposed recipient, and any cost-sharing contribution offered by the proposed recipient. Be brief and specific:

Kupu, Hawaii Youth Conservation Corps, is the only know source in Hawaii that can meet the Agency requirements to effectively implement a YCC Program. Kupu is a 501(c)(3) Hawaii-based nonprofit organization that runs the Hawaii Youth Conservation Corps (HYCC). Through a partnership between the USFWS and Kupu, the Hawaii Youth Conservation Corps will be able to provide a crew of 6 persons to work six weeks during the summer. Kupu has recruited and interviewed applicants for the program, and will further prepare the team through training and team building activities prior to their work with USFWS. Kupu is able to provide these services immediately and at a low cost to the USFWS. Kupu also has experience with grants with the federal government including current grants/contracts with USFWS, AmeriCorps, NOAA, and the EPA.

I have determined that this project meets the requirements for a single source award and recommend that it be awarded to the recipient named above.
