2. Evaluation of Full Proposals

2.1. Proposals will be evaluated by a board consisting of one or more people at the installation or receiving activity that are familiar with the project **to determine the overall highest rated proposal (technical merit, qualifications, ability to meet program objectives)**. The criteria to be evaluated are the Technical Approach of the proposed work, the Experience and Qualifications of the team completing the work, and the Budget (Cost) for the work proposed. Technical Approach and Experience and Qualifications will be individually rated, and the proposal will be given an overall rating. The evaluation ratings for the Technical Approach and Experience and Qualifications are considered evenly important. The Budget will be reviewed but not rated.

2.2. Technical Approach will be evaluated for the following elements:

- **Goals and Objectives.** The proposal clearly demonstrates an understanding of the goals and objectives of the project.
- **Methodology.** The proposal includes a description of the protocols to be used in conducting the studies or assistance.
- **Deliverables.** The proposal addresses how data will be handled.
- **Schedule and Milestones.** The proposal is feasible and contains a reasonable schedule.

2.3. Experience and Qualifications will be evaluated for the following elements:

- **Principal Investigator / Field Director.** This person must have direct knowledge of project, data analysis and report preparation experience of similar types of projects in this field.
- **Experience.** Identified experience must show that the proposer has a clear understanding of the requirement and that the proposed approach will meet all the objectives of the SOO effectively and efficiently.

2.4. The budget will be reviewed for costs that are allowable, allocable, and reasonable. All costs must be listed, justified and be consistent with the SOO. Costs must be provided for each task, for each period of performance as applicable.

2.5. **Adjectival Evaluation Ratings:** The evaluation factors Technical Approach and Experience and Qualifications will be rated using the following adjectives.

Excellent - Proposal/factor demonstrates thorough and detailed understanding of requirements. Technical approach and capabilities significantly exceed performance and capability standards. Proposal/factor offers one or more strengths. Strengths significantly outweigh weaknesses, if any. The proposal/factor represents a high probability of success with no apparent risk in meeting the Government's requirements.

Good - Proposal/factor demonstrates good understanding of requirements. Technical approach and capabilities exceed performance and capability standards. Proposal/factor offers one or more strengths. Strengths outweigh any weaknesses. The proposal/factor represents a strong probability of success with overall low degree of risk in meeting the Government's requirements.

Satisfactory - Proposal/factor demonstrates acceptable understanding of requirements. Technical approach and capabilities meet performance and capability standards. Proposal/factor offers no strengths, or, if there are any strengths, these strengths are offset by weaknesses. The proposal/factor represents a reasonable probability of success with overall moderate degree of risk in meeting the Government's requirements.

Marginal - Proposal/factor demonstrates a limited understanding of requirements. There exists doubt they meet performance and capability standards necessary for acceptable contract performance. Proposal/factor strengths are outweighed by weaknesses. The proposal/factor represents a low probability of success with overall high degree of risk in meeting the Government's requirements. Proposal/factor might be made satisfactory with additional information and without a major revision of the proposal.

Poor - Proposal/factor demonstrates a lack of understanding of requirements. Technical approach and capabilities do not meet performance and capability standards necessary for acceptable contract performance. Proposal/factor contains significant weaknesses and/or a deficiency. The proposal/factor represents a very low probability of success with an extremely high degree of risk in meeting the Government's requirements. Proposal/factor could only be made satisfactory with major revision of proposal.

2.6. Additional Evaluation Definitions

Strength - Any aspect of a proposal that, when judged against a stated evaluation criterion, enhances the merit of the proposal or increases the probability of successful performance of the Assistance Award.

Weakness - A flaw in a proposal that increases the risk of unsuccessful Assistance Award performance.

Deficiency - A material failure of a proposal to meet a government requirement or a combination of significant weaknesses in a proposal that increases the risk of unsuccessful Assistance Award performance to an unacceptable level.

Uncertainty - Any aspect of the proposal for which the intent of the Offeror is unclear because there may be more than one way to interpret the offer. This item may require further development before a final decision can be made.

3. Fraud Representation: By submission of its proposal or application, the applicant represents that it does not require any of its employees, contractors, or sub-recipients seeking to report fraud, waste, or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting those employees, contractors, or sub-recipients from lawfully reporting that waste, fraud, or abuse to a designated investigative or law enforcement representative of a federal department or agency authorized to receive such information. Note that: (1) the basis for this representation is a prohibition in section 743 of the Financial Services and General Government Appropriations Act, 2015 (Division E of the Consolidated and Further Continuing Appropriations Act, 2015, Pub. L. 113-235) and any successor provision of law on making funds available through grants and cooperative agreements to entities with certain internal confidentiality agreements or statements; and (2) section 743 states that it does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

4. The Government reserves the right to reject the proposal and make no award.

5. The established CESU indirect rate is a maximum of 17.5% to be paid on work covered by such agreement or any modifications thereto. Unless the agreement specifies otherwise, the basis of direct costs against which the agreement's indirect cost rate is applied must be either the same base identified in the recipient's federally negotiated indirect cost rate agreement or, if the recipient does not have a federally negotiated indirect cost rate agreement, the Modified Total Direct Cost (MTDC) base.

STATEMENT OF OBJECTIVES

Naval Base Kitsap-Bremerton Natural Resources Support- Juvenile Salmonid Surveys in Sinclair Inlet, WA

Cooperative Ecosystems Studies Unit (CESU) Cooperative Agreement

1.0 PURPOSE

1.1 The Naval Base Kitsap (NBK) environmental program ensures military mission activities are conducted in compliance with all applicable environmental laws, regulations and policies within its Area of Responsibility (including NBK Bremerton). Article I B of the applicable Cooperative Ecosystem Studies Unit (CESU) Cooperative and Joint Venture Agreement states the objectives of the CESU are to: provide research, technical assistance and education to federal land management, environmental and research agencies and their potential partners; develop a program of research, technical assistance and education that involves the biological, physical, social, and cultural sciences needed to address resource issues and interdisciplinary problem-solving at multiple scales and in an ecosystem context at the local, regional, and national level; and place special emphasis on the working collaboration among federal agencies and universities and their related partner institutions.

1.2 The work involves travel to Sinclair Inlet, WA on multiple occasions to conduct salmonid surveys and collect data. Naval Base Kitsap-Bremerton and the Puget Sound Naval Shipyard (PSNS) are located on the northern shoreline of Sinclair Inlet. The juvenile salmonid surveys in Sinclair Inlet will support updating baseline data in the Naval Base Kitsap (NBK) Integrated Natural Resource Management Plan (INRMP) and will be used to support future Endangered Species Act (ESA) Section 7 consultation for future in-water construction at PSNS.

Examples of carrying out a public purpose may include, but are not limited to, the following:

- Project results are made available to a wide audience (including nonfederal entities)
- Project results/outputs add to the scientific literature/knowledge base, with applicability and utility beyond the scope of the project footprint/study area
- Academic and other nonfederal partner institutions (and their personnel) gain professional experience, increase knowledge, and develop skills and abilities
- Students benefit from direct interaction with federal scientists, program and technical staff, and field unit managers

2.2.1 Gold Standard Science

1. Applicable State laws; and
2. To the extent they comply with the requirements of Section B of this Article, your procedures for expending and accounting for your own State funds.

1. Inclusion, in your accounts, of the following information about each DoD grant or cooperative agreement that you receive:
 - a. That you received the award from DoD;

- b. The number and title listed in the Catalog of Federal Domestic Assistance for the DoD program under which the award was made;
 - c. The DoD award number; and
 - d. The year (your fiscal year) in which you received the award.
- 2. Accurate, current, and complete disclosure of the financial results of the award needed to comply with financial and programmatic reporting requirements that are specified in REP Articles I and II of these general terms and conditions, as supplemented by any award-specific terms and conditions of this award concerning reporting requirements. If you are asked at any time under this award to report financial information on an accrual basis, you:
 - a. Need not establish an accrual accounting system if you maintain your records on a different basis; and
 - b. May develop the accrual data based on an analysis of the data you have on hand.
- 3. Records that identify adequately the sources of funds for all activities funded by DoD awards, including any required cost sharing or matching, and the application of those funds. This includes funding authorizations; your obligations and expenditures of the funds; unobligated balances; property and other assets under the award; program income; and interest.
- 4. Effective control over, and accountability for, all funds, property, and other assets under this award. You must adequately safeguard all assets and ensure they are used solely for authorized purposes (see Section C of this article for additional requirements concerning internal controls).
- 5. Comparison of expenditures under this award for project or program purposes with amounts in the approved budget for those purposes.
- 6. The ability to relate financial data to performance accomplishments under this award if you are required to do so by the programmatic reporting requirements in REP Article I of these general terms and conditions, as supplemented by any award- specific terms and conditions of this award concerning reporting requirements.
- 7. Written procedures:
 - a. To implement requirements specified in FMS Article II, "Payments;"
 - b. For determining the allowability of costs, which for this award are determined in accordance with FMS Article 111, "Allowable costs, period of availability of funds, and fee or profit," of these general terms and conditions, as supplemented by any award- specific terms and conditions of this award that relate to allowability of costs.

Section C. Internal controls. Your system of internal controls must conform to OMB guidance in 2 CFR 200.303. With respect to paragraph (e) of 2 CFR 200.303, your internal control system must include measures to safeguard any information that Federal statute, Executive order, or regulation requires to be protected (e.g., personally identifiable or export-controlled information), whether generated under the award or provided to you and identified as being subject to protection.

FMS Article II. Payments (December 2014)

- 1. Frequency of requests. You may request payments as often as you wish unless you have been granted a waiver from requirements to receive payments by electronic funds transfer (EFT). If you have been granted a waiver from EFT requirements, the award-specific terms and conditions of this award specify the frequency with which you may submit payment requests.
- 2. Withholding of payments. We will withhold payments for allowable costs under the award at any time during the period of performance only if one or more of the following applies:
 - a. We suspend either payments or the award, or disallow otherwise allowable costs, as a remedy under OAR Article III due to your material failure to comply with Federal statutes,

regulations, or the terms and conditions of this award. If we suspend payments and not the award, we will release withheld payments upon your subsequent compliance. If we suspend the award, then amounts of payments are subject to adjustment in accordance with the terms and conditions of OAR Article III.

b. You are delinquent in a debt to the United States as defined in OMB Circular A-129, "Policies for Federal Credit Programs and Non-Tax Receivables," in which case we may, after reasonable notice, inform you that we will not make any further payments for costs you incurred after a specified date until you correct the conditions or liquidate the indebtedness to the Federal Government.

c. The award-specific terms and conditions of this award include additional requirements that provide for withholding of payments based on conditions identified during our pre-award risk evaluation, in which case you should have been notified about the nature of those conditions and the actions needed to remove the additional requirements.

3. Depository requirements.

a. There are no eligibility requirements for depositories you use for funds you receive under this award.

b. You are not required to deposit funds you receive under this award in a depository account separate from accounts in which you deposit other funds. However, FMS Article I requires that you be able to account for the receipt, obligation, and expenditure of all funds under this award.

c. You must deposit any advance payments of funds you receive under this award in insured accounts whenever possible and, unless any of the following apply, you must deposit them in interest-bearing accounts:

i. You receive a total of less than \$120,000 per year under Federal grants and cooperative agreements.

ii. You would not expect the best reasonably available interest-bearing account to earn interest in excess of \$500 per year on your cash balances of advance payments under Federal grants and cooperative agreements.

iii. The best reasonably available interest-bearing account would require you to maintain an average or minimum balance higher than it would be feasible for you to do within your expected Federal and non-Federal cash balances.

iv. A foreign government or banking system precludes your use of interest-bearing accounts.

d. You may retain for administrative expenses up to \$500 per year of interest that you earn in the aggregate on advance payments you receive under this award and other Federal grants and cooperative agreements. You must remit annually the rest of the interest to the Department of Health and Human Services, Payment Management System, using the procedures set forth in OMB guidance in 2 CFR 200.305(b)(9).

Section C. Electronic funds transfer and other payment procedural instructions or information.

1. Electronic funds transfer. Unless the award-specific terms and conditions of this award provide otherwise, you will receive payments under this award by electronic funds transfer.

2. [Reserved]

FMS Article IV. Revision of Budget and Program Plans {DECEMBER 2014}

Section A. Approved budget. The approved budget of this award:

1. Is the most recent version of the budget that you submitted, and we approved (either at the time of the initial award or a more recent amendment), to summarize planned expenditures for project or program purposes.

2. Includes all Federal funding that we make available to you under this award to use for project or program purposes and any cost sharing or matching that you are required to provide under this award for those same purposes

Section B. Revisions requiring prior approval.

1. Non-construction activities. You must request prior approval from us for any of the following program or budget revisions in non- construction activities:
 - a. A change in the scope or objective of the project or program under this award, even if there is no associated budget revision that requires our prior approval.
 - b. A change in a key person identified in the award cover pages.
 - c. The approved principal investigator's or project director's disengagement from the project for more than three months, or a 25 percent reduction in his or her time devoted to the project.
 - d. The inclusion of direct costs that require prior approval in accordance with the applicable cost principles, as identified in FMS Article III.
 - e. The transfer to other categories of expense of funds included in the approved budget for participant support costs, as defined at 2 CFR 200.75.
 - f. A subaward to another entity under which it will perform a portion of the substantive project or program under the award, if it was not included in the approved budget. This does not apply to your contracts for acquisition of supplies, equipment, or general support services you need to carry out the project or program.
 - g. Any change in the cost sharing or matching you provide under the award, as included in the approved budget, for which FMS Article VI requires prior approval.
 - h. A transfer of funds among direct cost categories or programs, functions, and activities, if the Federal share of the total value for your award exceeds the simplified acquisition threshold and the cumulative amount of the transfers exceeds or is expected to exceed 10 percent of the approved budget.
 - i. The need arises for additional Federal funds to complete the project or program.
2. Construction activities. You must request prior approval from us for any of the following program or budget revisions in construction activities:
 - a. A change in the scope or objective of the project or program under this award, even if there is no associated budget revision that requires our prior approval.
 - b. The need arises for additional Federal funds to complete the project or program.
 - c. The inclusion of direct costs that require prior approval in accordance with the applicable cost principles, as identified in FMS Article III.
3. Funding transfers between construction and non-construction activities.

Section C. Pre-award costs, carry forward of unobligated balances, and one-time no-cost extensions. You are authorized, without requesting prior approval from us, to:

1. Charge to this award after you receive it pre-award costs that you incurred, at your own risk, up to 90 calendar days before the start date of the period of performance, as long as they are costs that would be allowable charges to the project or program under the terms and conditions of FMS Article III if they were incurred during the period of performance.
2. (RESERVED)
3. Initiate a one-time extension of the period of performance by up to 12 months, as long as:
 - a. You notify us in writing with the supporting reasons and revised end date of the period of performance at least 10 calendar days before the current end date.

- b. The extension does not require any additional Federal funding.
- c. The extension does not involve any change in the scope or objectives of the project or program.

Section D. Procedures.

1. We will review each request you submit for prior approval for a budget or program change and, within 30 calendar days of our receipt of your request, we will respond to you in writing to either:
 - a. Notify you whether your request is approved; or
 - b. Inform you that we still are considering the request, in which case we will let you know when you may expect our decision.
2. [Reserved]

FMS Article V. Non-Federal Audits (DECEMBER 2014)

Section A. Requirements for entities subject to the Single Audit Act. You and each subrecipient under this award that is an institution of higher education, nonprofit organization, State, local government, or Indian tribe must comply with the audit requirements specified in Subpart F of 2 CFR part 200, which is the OMB implementation of the Single Audit Act, as amended (31 U.S.C. chapter 75).

Section B. Requirements for for-profit entities. Any for-profit entity that receives a subaward from you under this award is subject to the audit requirements specified in 32 CFR 34.16. Your subaward terms and conditions will require the subrecipient to provide the reports to you if it is willing to do so, so that you can resolve audit findings that pertain specifically to your subaward (e.g., disallowance of costs). If the for-profit entity is unwilling to agree to provide the auditor's report to you, contact the grants officer for this award to discuss an alternative approach for carrying out audit oversight of the subaward. If the grants officer does not provide an alternative approach within 30 days of receiving your request, you may determine an approach to ensure the for-profit subrecipient's compliance with the subaward terms and conditions, as described in OMB guidance at 2 CFR 200.501(h).

FMS Article VI. Cost Sharing or Matching (DECEMBER 2014)

Section A. Required cost sharing or matching.

1. If any cost sharing or matching is required under this award, the total amount or percentage required is shown in the award cover pages and included in the approved budget. That cost sharing or matching includes all:
 - a. Cash contributions to the project or program either made by or through (if made by a third party) you and any subrecipients.
 - b. Third-party in-kind contributions to the project or program.
2. You must obtain our prior approval if you wish to:
 - a. Change the amount or percentage of cost sharing or matching required under this award.
 - b. [Reserved]

Section B. Allowability as cost sharing or matching. Each cash or third party in-kind contribution toward any cost sharing or matching required under this award, whether put forward by you or a subrecipient under a subaward that you make, is allowable as cost sharing or matching if:

1. You (or the subrecipient, if it is a subrecipient contribution) maintain records from which one may verify that the contribution was made to the project or program and, if it is a third-party in-

kind contribution, its value.

2. The contribution is not counted as cost sharing or matching for any other Federal award.
3. The contribution is:
 - a. Allowable under the cost principles applicable to you (or the subrecipient, if it is a subrecipient contribution) under FMS Article III of these terms and conditions; and
 - b. Allocable to the project or program and reasonable.
4. The Government does not pay for the contribution through another Federal award, unless that award is under a program that has a Federal statute authorizing application of that program's Federal funds to other Federal programs' cost sharing or matching requirements.
5. The value of the contribution is not reimbursed by the Federal share of this award as either a direct or indirect cost.
6. The contribution conforms to the other terms and conditions of this award, including the award-specific terms and conditions.

Section C. Allowability of unrecovered indirect costs as cost sharing or matching. You may use your own or a subrecipient's unrecovered indirect costs as cost sharing or matching under this award. Unrecovered indirect costs means the difference between the amount of indirect costs charged to the award and the amount that you and any subrecipients could have charged in accordance with your respective approved indirect cost rates, whether those rates are negotiated or de minimis (as described in 2 CFR 200.414(f)).

Section D. Allowability of program income as cost sharing or matching. If FMS Article VII of these general terms and conditions or the award- specific terms and conditions of this award specify that you are to use some or all of the program income you earn to meet cost-sharing or matching requirements under the award, then program income is allowable as cost sharing or matching to the extent specified in those award terms and conditions.

Section E. Valuation of services or property that you or subrecipients contribute or donate. You must establish values for services or property contributed or donated toward cost sharing or matching by you or subrecipients in accordance with the provisions of this section. These contributions or donations are distinct from third-party in-kind contributions to you or subrecipients, which are addressed in Section F of this article.

1. Usual valuation of services or property that you or subrecipients contribute or donate. Values established for contributions of services or property by you or a subrecipient must be the amounts allowable in accordance with the cost principles applicable to the entity making the contribution (i.e., you or the subrecipient), as identified in FMS Article III. For property, that generally is depreciation.
2. Needed approvals for, and valuation of, property that you or subrecipients donate.
 - a. Types of property that may be donated.
 - i. Buildings or land. If the purposes of this award include construction, facilities acquisition, or long-term use of real property, you may donate buildings or land to the project if you obtain our prior approval. Donation of property to the project, as described in PROP Article I, means counting the value of the property toward cost sharing or matching, rather than charging depreciation.
 - ii. Other capital assets. If you obtain our prior approval, you may donate to the project other capital assets identified in 2 CFR 200.439(b)(1) through (3).
 - b. Usual valuation of donated property. Unless you obtain our approval as described in paragraph E.2.c of this article, the value for the donated property must be the lesser of:

- i. The value of the remaining life of the property recorded in your accounting records at the time of donation, or
 - ii. The current fair market value.
- c. Approval needed for alternative valuation of property. If you obtained our approval in the approved budget, you may count as cost sharing or matching the current fair market value of the donated property even if it exceeds the value of the remaining life of the property recorded in your accounting records at the time of donation.
- d. Federal interest in donated property. Donating buildings, land, or other property to the project, rather than charging depreciation, results in a Federal interest in the property in accordance with PROP Article I of these terms and conditions.

Section F. Valuation of third-party in-kind contributions.

1. General. If a third party furnishes goods or services to you or subrecipients that are to be counted toward cost sharing or matching under this award, the entity to which the third party furnishes the goods or services (i.e., you or a subrecipient) must document the fair market value of those in-kind contributions and, to the extent feasible, support those values using the same methods the entity uses internally.

2. Valuation of third-party services. You must establish values for third-party volunteer services and services of third parties' employees furnished to you or subrecipients as follows:

- a. Volunteer services. Volunteer services furnished by third-party professional and technical personnel, consultants, and other skilled and unskilled labor must be valued in accordance with 2 CFR 200.306(e).
- b. Services of third parties' employees. When a third-party organization furnishes the services of its employees to you or a subrecipient, values for the contributions must be established in accordance with 2 CFR 200.306(f).
- c. Additional requirement for donations to nonprofit organizations. For volunteer services or services of third parties' employees furnished to a nonprofit organization:
 - i. OMB guidance in 2 CFR 200.434(e) also applies and may require the nonprofit organization to allocate a proportionate share of its applicable indirect costs to the donated services.
 - ii. The indirect costs that the nonprofit organization allocates to the donated services in that case must be considered project costs and may be either reimbursed under the award or counted toward required cost sharing or matching, but not both.

3. Valuation of third-party property. You must establish values for third-party property furnished to you or subrecipients as follows:

- a. Supplies donated by third parties. When a third-party organization donates supplies (e.g., office, laboratory, workshop, or classroom supplies), the value that may be counted toward cost sharing or matching may not exceed the fair market value of the supplies at the time of donation.
- b. Equipment, buildings, or land donated by third parties.
 - i. The value of third-party donations of equipment, buildings, or land that may be counted toward cost sharing or matching when the third party transferred title to you or a subrecipient depends on the purpose of the award in accordance with the following:
 - (A) If one of the purposes of the award is to assist you or the subrecipient in the acquisition of equipment, buildings, or land, you may count the aggregate fair market value of the donated property toward cost sharing or matching.
 - (B) If the award's purposes instead include only the support of activities that require the

use of equipment, buildings, or land, you may only charge depreciation unless you obtain our prior approval to count as cost sharing or matching the fair market value of equipment or other capital assets and fair rental charges for land.

ii. The values of the donated property must be determined in accordance with the usual accounting policies of the entity to which the third party transferred title to the property, with the qualifications specified in 2 CFR 200.306(i)(1) and (2) for donated land and buildings and donated equipment, respectively.

c. Use of space donated by third parties. If a third party makes space available for use by you or a subrecipient, the value that you may count toward cost sharing or matching may not exceed the fair rental value of comparable space as established by an independent appraisal, as described in 2 CFR 200.306(i)(3).

d. Equipment loaned by third parties. If a third party loans equipment for use by you or a subrecipient, the value that you may count toward cost sharing or matching may not exceed its fair rental value.

FMS Article VII. Program Income {December 2014}

Section A. Definition. The term "program income" as used in this award:

1. Is gross income that:
 - a. You earn that is directly generated by a supported activity or earned as a result of this award; or
 - b. A subrecipient earns as a result of a subaward you make under this award.
2. Includes, but is not limited to, income earned under this award from:
 - a. Fees for services performed;
 - b. The use or rental of real or personal property acquired under any Federal award and currently administered under this award;
 - c. The sale of commodities or items fabricated under this award;
 - d. License fees and royalties on patents and copyrights; and
 - e. Payments of principal and interest on loans made with Federal award funds.
3. Does not include for purposes of this award any:
 - a. Interest earned on advance payments, disposition of which is addressed in FMS Article II;
 - b. Proceeds from the sale of real property, equipment or supplies, which is addressed in PROP Articles III and IV;
 - c. Rebates, credits, discounts, and interest earned on any of them; and
 - d. Governmental revenues, including any taxes, special assessments, levies, fines and similar revenues you raise.

Section B. Encouragement to earn program income. You are encouraged to earn program income under this award when doing so does not interfere with the program or project the award supports.

Section C. Costs of generating program income. You may deduct costs incidental to the generation of program income from the amount that you use in accordance with Section E of this Article, as long as those costs are not charged to this award (which includes their being counted toward any cost sharing or matching you are required to provide).

Section D. License fees and royalties. You have no obligations to the Federal Government with

respect to program income earned under this award from license fees and royalties for patents or patent applications, copyrights, trademarks, or inventions developed or produced under the award.

Section E. Use of program income.

1. You must use any program income that you earn during the period of performance under this award to increase the amount of the award (the sum of the Federal share and any cost sharing or matching you are required to provide), thereby increasing the amount budgeted for the project. The program income must be used for the purposes and under the terms and conditions of the award.
2. Your use of the additional funding is subject to the terms and conditions of this award, including:
 - a. FMS Article II concerning your use of balances of program income before you request additional funds from us; and
 - b. FMS Article III concerning allowability of costs for which the funds may be used.
3. You must report on each Federal Financial Report (SF-425) that you submit in accordance with REP Article II the program income that you earn and any that you use during the reporting period covered by that SF-425.

Section F. Duration of accountability for program income. The requirements concerning disposition of program income in Section E of this Article apply only to program income you earn during the period of performance. There are no requirements under this award applicable to program income you earn after the end of the period of performance.

Property Administration PROP (2 CFR 1130)

PROP Article I. Title to Property. (December 2014)

Section A. Title to property acquired under this award.

1. **General.** Other than any property identified in paragraph A.2 of this section as exempt property:
 - a. Title to real property, equipment, and supplies that you acquire (whether by purchase, construction or fabrication, development, or otherwise) and charge as direct project costs under this award vests in you, the recipient. Title to intangible property that you acquire (other than by developing or producing it) under this award also vests in you.
 - b. That title is a conditional title, subject to the terms and conditions in PROP Articles II-IV, Section D of PROP Article VI, and REP Article III of this award.
 - c. There is a Federal interest in the property, other than intangible property that you develop or produce under the award. For real property, equipment, and intangible property, we retain this Federal interest until final disposition of the property under PROP Article III (for real property), PROP Article IV (for equipment and supplies), or Section D of PROP Article VI (for intangible property that is acquired, other than by developing or producing it), a period that in some cases may extend beyond closeout of this award.
2. Exempt property. [Reserved]

Section B. Property trust relationship.

1. Basic requirement. Other than intangible property that you develop or produce under the award, you hold any real property, equipment, or intangible property that you acquire or improve under this award in trust for the beneficiaries of the project or program that you are carrying out under the award.
2. Notices of record. [Reserved]

Section C. Federally owned property. Title to any federally owned property that we provide to you

under this award (or for which accountability is transferred to this award from another Federal award) remains with the Federal Government.

If real property or equipment is acquired under this award through your donation of the property to the project or program (i.e., counting the value of the remaining life of the property recorded in your accounting records or the fair market value as permitted under FMS Article VI of this award as part of your share of project costs to meet any cost sharing or matching requirements, rather than charging depreciation):

1. The Federal Government acquires through that donation an interest in the real property or equipment, the value of which at any given time is the product of:
 - a. The Federal share of the project costs under this award; and
 - b. The current fair market value of the property at that time.
2. The real property or equipment is subject to Section B of this article and the terms and conditions of PROP Articles II-IV and REP Article III that are applicable to property acquired under the award.
3. The Federal interest in the real property or equipment must be addressed at the time of property disposition.

Section E. Federal interest in property improved under the award.

2. We thereby acquire an interest in the property if the Government did not previously have one. If the Government already had an interest in the property, the value of that Federal interest in the property increases by the amount of the Federal interest in the improvements.
3. The property is subject to Section B of this article and the terms and conditions of PROP Articles II-IV and REP Article III that are applicable to real property or equipment acquired under the award.
4. The Federal interest must be addressed at the time of property disposition.

PROP Article II. Property Management System. (December 2014)

- a. **Records.** Your records must include for each item of federally owned property:
 - i. A description of the item.
 - ii. The location of the item.
 - iii. The serial or other identification number.

- iv. Which Federal agency holds title.
- v. The date you received the item.
- vi. Any data on the ultimate disposition of the item, such as the date of disposal.
- vii. The Federal award identification number of the award under which you are accountable for the item.
- b. **Inventory.** You must take a physical inventory of federally owned property annually.
- c. Control system. You must:

Your procedures for managing equipment (including replacement equipment) acquired or improved in whole or in part under this award and any federally owned property for which you are accountable under this award must, as a minimum, meet the requirements in this section.

1. **Records.** You must maintain records that include for each item of equipment or federally owned property:

 - b. The serial or other identification number.
 - c. Who holds title (e.g., you or the Federal Government and, if the latter, which Federal agency).
 - d. The source of funding for the equipment, including the Federal award identification number, or the source of the federally owned property, including the award number of the award under which you are accountable for the property.

 - h. Any data on the ultimate disposition of the item including the date of disposal and sale price.
2. **Labelling.** You must ensure that property owned by the Federal Government is labeled to identify it as federally owned property.
3. **Inventory.**

 - b. You must take an annual inventory of any federally owned property for which you are accountable under this award.
4. **Control system.** You must:

- a. Maintain an internal property control system with adequate safeguards to prevent loss, damage, or theft of equipment and federally owned property.
 - b. Investigate any loss, damage, or theft and notify the award administration office if it involved equipment in which there is a Federal interest under the award or federally owned property.
5. **Maintenance.** You must maintain equipment acquired or improved in whole or in part under the award and federally owned property in good condition.

PROP Article III. Use and Disposition of Real Property. (December 2014)

Section A. Use of real property.

- 1. You must use real property acquired or improved under this award for the originally authorized purpose as long as needed for that purpose. During that time, you may not:
 - a. Dispose of the property except, with the approval of the award administration office, to acquire replacement property under this award, in which case you must use the proceeds from the disposition as an offset to the cost of the replacement property; or
 - b. Encumber the title or other interests in the property without the approval of the award administration office identified in this award.
- 2. During the time that the real property is used for the originally authorized purpose, you may make the property available for use on other projects or programs, but only if that use will not interfere with the property's use as needed for its originally authorized purpose.
 - a. First preference must be given to other projects or programs supported by DoD Components and second preference to those supported by other Federal agencies.
 - b. Third preference is for other projects or programs not currently supported by the Federal Government. You should charge user fees for use of the property in those cases, if it is at all practicable.
- 3. When the real property is no longer needed for the originally authorized purpose, with the written approval of the award administration office, you may delay final disposition of the property to use it on other federally sponsored projects or programs. A condition for the award administration office's approval is that the other projects or programs have purposes consistent with those authorized for support by the DoD Component that made the award under which the property was acquired or improved.

Section B. Disposition of real property. When you no longer need real property for the originally authorized purpose, you must obtain disposition instructions from the award administration office, except as provided in paragraph A.3 of this article. Those instructions will provide for one of the following three alternatives, which are that you:

- 1. Retain title after compensating us for the Federal interest in the property, which is to be computed as specified in the definition of "Federal interest."
- 2. Sell the property and compensate us for the Federal interest in the property, as described in 2 CFR 200.311(c)(2).
- 3. Transfer title to us or a third party we designate, as described in 2 CFR 200.311(c)(3).

PROP Article IV. Use and Disposition of Equipment and Supplies. (December 2014)

Section A. Property subject to this article. This article specifies requirements for use and disposition of equipment and supplies. If a provision of PROP Article I identifies any type of equipment or supplies as exempt property, requirements of this Article apply to that exempt property only to the extent specified in that provision of PROP Article I or an award-specific term or condition. The types of non-exempt property to which this article applies are:

1. Supplies that you acquire either by purchase or by donation as cost sharing or matching under this award; and
2. Equipment for which title is vested conditionally in you. That includes equipment with a conditional title resulting from your having, either under this award or under a previous award from which you transferred accountability for the equipment to this award:
 - a. Directly charged as project costs, in whole or in part, the acquisition (by purchase, construction or fabrication, or development) of equipment;
 - b. Donated the equipment to the project or program by counting the value of the remaining life of the property recorded in your accounting records or the fair market value toward any cost sharing or matching requirements under the award, rather than charging depreciation (see PROP Article I, Section D); or
 - c. Directly charged as project costs improvements to the equipment that meet the criteria given in paragraph E.1 of PROP Article I.

Section B. Requirements for a State's use and disposition of equipment. You:

1. Must use the equipment for the authorized purposes of the project or program during the period of performance, or until the property is no longer needed for those purposes.
2. May not encumber the property without the prior written approval of the award administration office.
3. Must use and dispose of the equipment in accordance with your State laws and procedures.

Section C. Use of equipment by an institution of higher education, nonprofit organization, local government, or Indian tribe. You:

1. Must use the equipment for the authorized purposes of the project or program under this award until the equipment is no longer needed for those purposes, whether or not the project or program continues to be supported by this award.
2. May not encumber the equipment without the prior written approval of the award administration office.
3. During the time that the equipment is used for the project or program under this award:
 - a. You must make the equipment available for use on other projects or programs but only if that use will not interfere with the equipment's use as needed for the project or program supported by this award.
 - i. First preference must be given to other projects or programs supported or previously supported by DoD Components
 - ii. Second preference to projects or programs supported or previously supported by other Federal agencies.
 - iii. Third preference is for other projects or programs not supported by the Federal Government. You should charge user fees for use of the equipment in those cases, if it is at all practicable.
 - b. You may use the equipment, if you need to acquire replacement equipment,

as a trade-in or sell it (using sales procedures designed to ensure the highest possible return) and use the proceeds from the sale to offset the cost of the replacement equipment.

4. When the equipment is no longer needed for the project or program under this award, you may defer final disposition of the equipment and continue to use it on other federally sponsored projects or programs. You must give first priority to other projects or programs supported by DoD Components.
5. Notwithstanding the encouragement in FMS Article VII to earn program income, you may not use equipment in which there currently is a Federal interest - whether you acquired it under this award or are otherwise accountable for it under this award - to provide services for a fee that is less than private companies charge for equivalent services.

Section D. Disposition of equipment by an institution of higher education, nonprofit organization, local government, or Indian tribe. You must request disposition instructions from the award administration office when either original or replacement equipment acquired under this award with a current fair market value that exceeds \$5,000 is no longer needed for the original project or program or for other federally sponsored activities as described in paragraph C.4 of this article. For each item of equipment with a current fair market value of \$5,000 or less, you may retain, sell, or otherwise dispose of the item with no further obligation to the Federal Government.

1. We may issue disposition instructions that:
 - a. Allow you to retain or sell any item of equipment after compensating us for the Federal interest in the property, which is to be computed as specified in the definition of "Federal interest;" or
 - b. Require you to transfer title to the equipment to a Federal agency or a third party, in which case you are entitled to compensation from us for the non-Federal interest in the equipment, plus any reasonable shipping or interim storage costs incurred.
2. If we fail to provide disposition instructions for any item of equipment within 120 calendar days of receiving your request, you may retain or sell the equipment, but you must compensate us for the amount of the Federal interest in the equipment.
3. If you sell the equipment:
 - a. You must use sales procedures designed to ensure the highest possible return; and
 - b. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

Section E. Use and disposition of supplies acquired under this award.

1. **Use.** As long as we retain a Federal interest in supplies acquired under this award either by purchase or by donation as cost sharing or matching, you may not use the supplies to provide services to other organizations for a fee that is less than private companies charge for equivalent services, notwithstanding the encouragement in FMS Article VII to earn program income.
2. **Disposition.** If you have a residual inventory of unused supplies with aggregate value exceeding \$5,000 at the end of the period of performance under this award, and the supplies are not needed for any other Federal award, you must retain the supplies or sell them but must in either case compensate us for the amount of the Federal interest in the supplies. You may deduct and retain for selling and handling expenses either \$500 or ten percent of the proceeds, whichever is less.

PROP Article V. Use and Disposition of Federally Owned Property. (December 2014)

Section A. Use. During the time that federally owned property for which you are accountable under this award is used for the project or program supported by the award, you:

1. Also may make the property available for use on other federally supported projects or programs, but only if that use will not interfere with the property's use for the project or program supported by this award. You must give first priority to other projects or programs supported by DoD Components.
2. May use the property for purposes other than federally supported projects or programs only with the prior approval of the awarding office or, if you request approval after the award is made, the award administration office.

Section B. Disposition. You must request disposition instructions from the award administration office for any federally owned property under this award, including any property for which a subrecipient is accountable under a subaward you make under this award, either:

1. At any time during the period of performance if the property is no longer needed for the project or program supported by this award; or
2. At the end of the period of performance.

PROP Article VI. Intangible Property. (December 2014)

Section A. Assertion of copyright.

1. You may assert copyright in any work that is eligible for copyright protection if you acquire ownership of it under this award, either by developing it or otherwise.
2. With respect to any work, you developed or otherwise acquired under this award, DoD reserves a royalty-free, nonexclusive and irrevocable license to:
 - a. Reproduce, publish, or otherwise use the work for Federal Government purposes; and
 - b. Authorize others to reproduce, publish, or otherwise use the work for Federal Government purposes.

Section B. Inventions developed under the award.

1. **Applicability of Governmentwide clause for research awards.** You must comply with the Governmentwide patent rights award clause published at 37 CFR 401.14, with the modifications described in paragraph B.2 of this section. DoD adopts that Governmentwide clause for the following entities, thereby broadening the applicability beyond types of entities included in the definition of "contractor" in 37 CFR part 401:

- a. Any governmental or nonprofit entity (the types of entities subject to these general terms and conditions) receiving a DoD award for the performance of experimental, research, or developmental work;
- b. Any governmental, nonprofit, or for-profit entity receiving a subaward to perform experimental, research, or developmental work under an award described in paragraph B.1.a of this section.

2. Modifications to the wording of the Governmentwide clause. DoD adopts the Governmentwide clause at 37 CFR 401.14, as described in paragraph B.1 of this section, with the following modifications:

- a. **Terminology.** Throughout the Governmentwide clause:
 - i. Insert the terms "recipient" and "subrecipient (or contractor to the recipient or to a subrecipient)" to replace the terms "contractor" and "subcontractor," respectively.

- ii. Insert the terms "award" and "subaward (or contract under either the award or a subaward)" to replace the terms "contract" and "subcontract;" respectively.
- b. Final report. Add a new subparagraph (f)(S) to read, 'The recipient must submit a final report listing all subject inventions made under the award or stating that there were none. The final report is due 90 calendar days after the end date of the period of performance unless you request, and we grant, an extension of the due date.'
- c. Broadening applicability to all entities. Delete paragraphs (g)(2) and (3) of the Governmentwide clause, redesignate paragraph (g)(1) as paragraph (g) and delete the phrase "to be performed by a small business firm or domestic nonprofit organization" from paragraph (g) as redesignated.

Section C. Data produced under the award.

- 1. Data in general. The Federal Government has the right to:
 - a. Obtain, reproduce, publish, or otherwise use the data produced under this award; and
 - b. Authorize others to receive, reproduce, publish, or otherwise use the data produced under this award for Federal Government purposes.
- 2. Research data requested under the Freedom of Information Act (FOIA).
 - a. If we receive a request under the FOIA for "research data" that are related to "published research findings" produced under this award and that were "used by the Federal Government in developing an agency action that has the force and effect of law," you must provide the data to us within a reasonable time after we request it from you, so that the data can be made available to the public through procedures established under the FOIA.
 - b. For purposes of the requirement in paragraph C.2.a of this section, 2 CFR 200.31 S(e) provides definitions of the phrases "published research findings," "used by the Federal Government in developing an agency action that has the force and effect of law," and "research data."

Section D. Use and disposition of intangible property acquired, but not developed or produced, under the award.

- 1. Applicability. This section applies to a patent, patent application, copyright, or other intangible property acquired, but not developed or produced, under this award.
- 2. **Use.** You:
 - a. Must use the intangible property for the authorized purpose under this award until the intangible property is no longer needed for that purpose, whether or not that purpose is still being supported by this award.
 - b. May not encumber the intangible property without the prior written approval of the award administration office.
- 3. Disposition. When the intangible property is no longer needed for the originally authorized purpose, you must contact the award administration office to arrange for disposition in accordance with the procedures specified for disposition of equipment in either section B or D of PROP Article IV, as applicable.

PROC Article III. Contract Provisions for Recipient Procurements. (December 2014)

Section A. Contract provisions for administrative requirements.

3. Allowable costs under cost-type contracts. In any cost-type contract with an entity, you must include a clause to permit the entity to charge to the contract only costs that are allowable under the cost principles that FMS Article III identifies as applicable to that type of entity, as supplemented by any award-specific terms and conditions related to allowability of costs that are included in this award. Your contract clause may permit the contractor to use its own cost principles in determining the allowability of its costs charged to the contract, as long as its cost principles comply with those Federal cost principles supplemented by any award-specific terms and conditions of this award.
4. Rights in copyright and data. You must include in each contract under this award a provision requiring that the contractor:

U.S. Government-financed international air travel of passengers and transportation of personal effects or property must use a U.S.

Flag air carrier or be performed under a cost-sharing arrangement with a U.S. carrier, if such service is available; and

- b. Include the requirements of the Fly America Act in all subcontracts that might involve international air transportation.
11. Cargo preference for United States flag vessels. 1. **Inventions developed under the award.** You must submit all reports on subject inventions developed under this award that are required by the modified Governmentwide patent rights award provision specified in Section B of PROP Article VI, which include a disclosure of each subject invention and a final report listing all such subject inventions.
2. **Copyrights and data.** You are not required to submit periodic reports about data produced under the award or about works for which you acquired ownership under this award, either by development or otherwise, and in which copyright was asserted. However, because of the DoD/Federal Government's rights in the works and data that Sections A and C of PROP Article VI specify, you must provide information about the works and data if we request it.
3. Intangible property acquired, but not developed or produced, under the **award.** You must comply with requirements in Section D of PROP Article VI to request disposition instructions for intangible property acquired, but not developed or produced, under the award.

REP Article IV. Reporting on Subawards and Executive Compensation (DECEMBER 2014)

You must report information about subawards and executive compensation as specified in the award provision in appendix A to 2 CFR part 170, "Reporting subaward and executive compensation information," modified as follows:

1. To accommodate any future designation of a different Governmentwide website for reporting subaward information, the website "<http://www.fsrcs.gov>" cited in paragraphs a.2.i. and a.3 of the award provision is replaced by the phrase "<http://www.fsrcs.gov> or successor OMS-designated website for reporting subaward information";
2. To accommodate any future designation of a different Governmentwide website for reporting executive compensation information, the website "<http://www.sam.gov>" cited in paragraph b.2.i. of the award provision is replaced by the phrase "<https://www.sam.gov> or successor OMS-designated website for reporting information on total compensation"; and

3. The reference to "Sec. __.210 of the attachment to OMB Circular A-133, 'Audits of States, Local Governments, and Non-Profit

Organizations•' in paragraph e.3.ii of the award provision is replaced by "2 CFR 200.330, as implemented in SUB Article I of this award".

REP Article V. Other Reporting. (Date) [Reserved]

Other Administrative Requirements (OAR) (2 CFR 1136)

OAR Article I. Submitting and Maintaining Recipient Information. (DECEMBER 2014)

Section A. System for Award Management.

1. Unless you are exempted from this requirement in accordance with OMB guidance in 2 CFR 25.110, you must maintain the currency of information about yourself in the system the Federal Government specifies as the repository for information about its business partners (currently the System for Award Management (SAM)).
2. You must maintain the information in that system until you submit the final financial report required under this award or receive the final payment, whichever is later.
3. You must review and update the information at least annually after your initial registration in the system (unless you are subject to the requirements in Section B) and more frequently if required by changes in your information.

Section B. Reporting of Performance and Integrity Information.

1. **General/ reporting requirement.** If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal agencies exceeds \$10,000,000 for any period of time during the period of performance of this award, then during that period of time you must maintain in SAM the currency of information required by paragraph 8.2 of this section. Note that:
 - a. This reporting is required under section 872 of Public Law 110-417, as amended (41 U.S.C. 2313).
 - b. As required by section 3010 of Public Law 111-212, all performance and integrity information posted in the designated information system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.
 - c. Recipient information is submitted to the OMS-designated integrity and performance system through the SAM, as described in paragraph 8.3 of this section. The currently designated integrity and performance information system is the Federal Awardee Performance and Integrity Information System (FAPIIS).
2. **Proceedings about which you must report.** Submit the information that the designated information system requires about each proceeding that:
 - a. Is in connection with the award or performance of a grant, cooperative agreement, or procurement contract from the Federal Government;
 - b. Reached its final disposition during the most recent 5-year period; and
 - c. Is one of the following:
 - i. A criminal proceeding that resulted in a conviction, as defined in paragraph B.5. of this section;
 - ii. A civil proceeding that resulted in a finding of fault and liability and payment of a monetary fine, penalty, reimbursement, restitution, or damages of \$5,000 or more;

- iii. An administrative proceeding, as defined in paragraph B.5. of this section, that resulted in a finding of fault and liability and your payment of either monetary fine or penalty of \$5,000 or more or a reimbursement, restitution, or damages in excess of \$100,000; or
 - iv. Any other criminal, civil, or administrative proceeding if:
 - (A) It could have led to an outcome described in paragraph B.2.c.i, ii, or iii of this section;
 - (B) It had a different disposition arrived at by consent or compromise with an acknowledgment of fault on your part; and
 - (C) The requirement in this section to disclose information about the proceeding does not conflict with applicable laws and regulations.
- 3. Reporting procedures. Submit the information required in paragraph B.2 of this section to the Entity Management functional area of the SAM.
 - a. Current procedures are to submit the information as part of the maintenance of your information in the SAM that Section A of this article requires.
 - b. You do not need to submit the information again under this award if you already reported current information to the SAM under another Federal grant, cooperative agreement, or procurement contract.
- 4. Reporting frequency. During any period of time when you are subject to the requirement in paragraph B.1 of this section, you must report to SAM at least semiannually following your initial report of any information required in paragraph B.2 of this section, either to provide new information not reported previously or affirm that there is no new information to report.
- 5. Definitions. For purposes of this section:
 - a. Administrative proceeding means a non-judicial process that is adjudicatory in nature in order to make a determination of fault or liability (e.g., Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with performance of a Federal contract, grant, or cooperative agreement. It does not include audits, site visits, corrective plans, or inspection of deliverables.
 - b. Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.
 - c. Total value of currently active grants, cooperative agreements, and procurement contracts includes:
 - i. Only the Federal share of the funding under any Federal agency award with a recipient cost share or match; and
 - ii. The value of all expected funding increments and options, even if not yet exercised, under each Federal agency award.

Section C. Disclosure of evidence of integrity-related issues.

- 1. Disclosure requirement. At any time during the period of performance of this award, if you have evidence that a covered person committed a covered action (see paragraphs C.2 and C.3 of this section) that may affect this award, you must disclose the evidence in writing to the Office of the Inspector General, DoD, with a copy to the grants officer identified in the award cover pages.

2. Covered person. As the term is used in this section, "covered person" means a principal, employee, or agent of either you or a subrecipient under this award, where:
 - a. "Principal" means:
 - i. An officer, director, owner, partner, principal investigator, or other person with management or supervisory responsibilities that relate to this award; or
 - ii. A consultant or other person, whether or not employed by you or a subrecipient or paid with funds under this award, who:
 - (A) Is in a position to handle funds under this award;
 - (B) Is in a position to influence or control the use of those funds; or
 - (C) Occupies a technical or professional position capable of substantially influencing the development or outcome of an activity required to perform the project or program under this award.
 - b. "Agent" means any individual who acts on behalf of, or who is authorized to commit you or the subrecipient, whether or not employed by you or the subrecipient.
3. Covered action. As the term is used in this section, "covered action" means a violation of Federal criminal law in Title 18 of the United States Code involving fraud, bribery, or a gratuity violation.
4. Safeguarding of the information.
 - a. To the extent permitted by law and regulation, we will:
 - i. Safeguard and treat information you disclose to us as confidential if you mark the information as "confidential" or "proprietary."
 - ii. Not release the information to the public in response to a Freedom of Information Act (5 U.S.C. 552) request without notifying you in advance.
 - b. We may transfer documents you provide to us to any other department or agency within the Executive Branch of the Federal Government if the information relates to matters within that organization's jurisdiction.

OAR Article II. Records Retention and Access. (DECEMBER 2014)

Section A. Records retention period. Except as provided in Sections B through D of this article:

1. You must keep records related to any real property and equipment acquired, in whole or in part, using Federal funds under the award for 3 years after final disposition of the property. For any item of exempt property with a current fair market value greater than \$5,000, and for which final disposition was not a condition of the title vesting, you must keep whatever records you need for as long

as necessary to ensure that you can deduct the Federal share if you later use the property in contributions for cost sharing or matching purposes under any Federal award.
2. You must keep records related to rate proposals for indirect or facilities and administrative costs, cost allocation plans, and supporting records such as indirect cost rate computations and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback or composite fringe benefit rates) as follows:
 - a. If you are required to submit a proposal, plan, or other computations to your Federal cognizant agency for indirect costs, as the basis for negotiation of a rate, you must

keep the submissions and all supporting records for 3 years from the date on which you were required to make the submissions.

- b. If you are not required to submit a proposal, plan, or other computation as the basis for negotiation, you must keep the proposal, plan, other computation, and supporting records for 3 years from the end of the fiscal year or other accounting period covered by the proposal, plan, or other computation.
3. You must keep other financial records, supporting documents, statistical records, and other records pertinent to this award for a period of 3 years from the date you submit your final financial report under the award.

Section B. Extensions of retention period due to litigation, claim, or audit.

1. If any litigation, claim, or audit begins before the end of the 3-year retention period specified in Section A of this article and the final action related to the litigation, claim, or audit is not taken before the end of that 3-year period, you must retain all records related to this award that may be involved in the litigation, claim, or audit until all findings involving the records have been resolved and final action taken.
2. We may disallow costs and recover funds under this award based on an audit or other review of records you elected to retain beyond the retention period required by this article, even if the audit or review begins after the end of the 3-year retention period specified in Section A of this article. Thus, the "retention period," as that term is used in OMB guidance in 2 CFR 200.344(a)(1), is extended, as described in 2 CFR 200.333(b), to include the entire period during which we and our authorized representatives continue to have access to those records under paragraph F.2 of this article.

Section C. Records for program income earned after the end of the performance period. In accordance with Section F of FMS Article VII, there are no requirements under this award applicable to program income you earn after the end of the period of performance and therefore no associated records retention requirements.

Section D. Records for joint or long-term use.

1. Joint use. To avoid duplicate recordkeeping for records that you and we both need to use on a continuous basis, we may ask you to make special arrangements with us, by mutual agreement, to make records available for joint and continuous use.
2. Long-term use. If we determine that some records will be needed longer than the 3-year period specified in Section A of this article, we may request that you either:
 - a. Retain the records for a longer period of time; or
 - b. Transfer the records to our custody for long-term retention.
3. Retention requirements for transferred records. For any records transferred to our custody, you are not subject to the records retention requirements in Section A of this article.

Section E. Methods for collecting, transmitting, and storing information .

1. You should, whenever practicable, collect, transmit, and store information related to this award in open and machine-readable formats rather than in closed formats or on paper. However, if you request it, we will:
 - a. Provide award related-information to you on paper; and
 - b. Accept award related-information from you on paper. In that case, we will not require more than an original and two copies.

2. When your original records are in an electronic form that cannot be altered, you do not need to create and retain paper copies of those records.
3. When your original records are on paper, you may substitute electronic versions produced through duplication or using other forms of electronic media, provided that:
 - a. You conduct periodic quality control reviews of the records;
 - b. You provide reasonable safeguards against alteration of the records; and
 - c. The records remain readable.

Section F. Access to records.

1. Scope of Federal Government access rights.
 - a. We as the awarding agency, the Federal Government Inspectors General, the Comptroller General of the United States, and any of our authorized representatives have the right of access to any documents, papers, or other records you have that are pertinent to this award, in order to make audits, examinations, excerpts, and transcripts.
 - b. This right also includes timely and reasonable access to your personnel for the purposes of interview and discussion related to the records.
 - c. As described in OMB guidance at 2 CFR 200.336(b), the access to records described in this section will include access to the true name of a victim of a crime only under extraordinary and rare circumstances.
 - i. You are required to provide that access only in response to a court order or subpoena pursuant to a bona fide confidential investigation, or in response to a request duly authorized by the head of the DoD Component or his or her designee; and
 - ii. You must take appropriate steps to protect this sensitive information.
2. Duration of Federal Government access rights. We have the access rights described in paragraph F.1 of this section as long as you retain the records.
3. Public access.
 - a. You must comply with requirements to protect information that Federal statute, Executive order, or regulation requires to be protected (e.g., personally identifiable or export controlled information), to include both information generated under this award and information provided to you and identified as being subject to protection. Other than those limitations on dissemination of information, we place no restrictions on you that limit public access to your records pertinent to this award.
 - b. We do not place any requirements on you to permit public access to your records separate from any Federal, State, local, or tribal statute that may require you to do so.
 - c. The Freedom of Information Act (FOIA, 5 U.S.C. 552) does not apply to records in your possession but records you provide to us generally will be subject to FOIA, with the applicable exemptions.

OAR Article III. Remedies and Termination is hereby superseded and revised in Section C. Termination (20 August 2025).

Section A. Non-compliance with award terms and conditions . If you fail to comply with a term or condition of this award or an applicable Federal statute or regulation, we may amend this award to impose award-specific conditions, as described in OMB guidance in 2 CFR 200.207. If imposing award-specific conditions, we will notify you before modifying the award and, once you have corrected the non- compliance, promptly remove the award-

specific conditions. If we determine that the imposition of award-specific conditions is insufficient to correct the non-compliance or the non-compliance remains uncorrected despite the use of award-specific conditions, we may consider taking one or more of the remedies specified in Section B of this article.

Section B. Remedies for noncompliance.

1. If you fail to comply with a term or condition of this award or an applicable Federal statute or regulation, we may take one or more of the following actions that we deem appropriate to the circumstances:
 - a. Temporarily withhold cash payments pending:
 - i. Your correction of the deficiency; or
 - ii. Our taking more severe enforcement action.
 - b. Disallow (that is, deny both use of funds and any applicable cost-sharing or matching credit for) all or part of the cost of the activity or action not in compliance;
 - c. Suspend or, in accordance with paragraph C.1.a.i of this article, terminate this award, in whole or in part (suspension of an award is a separate and distinct action from suspension of a person under 2 CFR parts 180 and 1125, as noted in paragraph B.3 of this article);
 - d. Withhold further awards to you for the project or program that is not in compliance;
 - e. Take any other action legally available to us under the circumstances.
2. You may raise an objection to our taking any remedy we take under paragraph B.1 of this section and will be given an opportunity to provide information and documentation challenging the action. The procedures are those specified in OAR Article IV for claims and disputes.
3. Our use of any remedy under paragraph B.1 of this section, including suspension or termination of the award, does not preclude our referring the noncompliance to a suspension and debarment official and asking that official to consider initiating a suspension or debarment action under 2 CFR part 1125, the DoD implementation of OMB guidance at 2 CFR part 180.

Section C. Termination (20 August 2025)

1. This award may be terminated in whole or in part as follows:

a. Unilaterally by the Federal Government.

We will provide a notice of termination if we unilaterally terminate this award in whole or in part, which we may do for any of the following reasons:

i. Your material failure to comply with the award terms and conditions. If we terminate the award for that reason, we will report the termination to the OMB-designated integrity and performance system (currently SAM.gov). In accordance with 41 U.S.C. 2313, each Federal awarding official must review and consider the information in the OMB designated integrity and performance system with regard to any proposal or offer before awarding a grant, cooperative agreement, or contract.

ii. The program office does not have funding for an upcoming increment if this award is incrementally funded. In that case, the Federal Government's financial obligation does not exceed the amount currently obligated under the award.

iii. At the convenience of the Federal Government at any time, in whole or in part, including if the award no longer advances agency priorities or the national interest.

b. By mutual agreement. With mutual agreement, we may terminate this award, in whole or in part, for any reason. In that case, you and we must agree to:

i. The termination conditions, including the effective date; and

ii. In the case of a partial termination, the portion to be terminated.

c. Unilaterally by the recipient. You may unilaterally terminate this award, in whole or in part, by sending us written notification that states:

- i. The reasons for the termination;
 - ii. The effective date; and
 - iii. In the case of partial termination, the portion to be terminated. In that case, however, we may terminate the award in its entirety if we determine that the remaining portion of the award will not accomplish the purposes for which we made the award.
2. If this award is terminated in its entirety before the end of the performance period, you must complete the closeout actions for which you are responsible under OAR Article VI. The due date for each action is to be measured relative to the date of termination.
3. If this award is only partially terminated before the end of the performance period, with a reduced or modified portion of the award continuing through the end of the performance period, then closeout actions will occur at the end of the performance period as specified in OAR Article VI.
4. You will continue to have all of the post closeout responsibilities that OAR Article VII specifies for you if this award is wholly or partially terminated before the end of the performance period.

Section D. Effects of suspension or termination of the award on allowability of costs. If we suspend or terminate this award prior to the end of the period of performance, costs resulting from obligations that you incurred:

1. Before the effective date of the suspension or termination are allowable if:
 - a. You properly incurred those obligations;
 - b. You did not incur the obligations in anticipation of the suspension or termination;
 - c. In the case of termination, the costs resulted from obligations that were noncancellable after the termination; and
 - d. The costs would have been allowable if we had not suspended or terminated the award and it had expired normally at the end of the period of performance.
2. During the suspension or after the termination are not allowable unless we expressly authorize them, either in the notice of suspension or termination or subsequently.

OAR Article IV. Claims, Disputes, and Appeals. (DECEMBER 2014)

Section A. Definitions.

1. Claim. The definition of the term "claim," as it is used in this article, is in the definitions section of the preamble to these general terms and conditions.
2. Grant Appeal Authority. [Reserved]

Section B. Submission of claims.

1. Your claims. To submit a claim arising out of this award, you must submit it in writing to the grants officer for decision, specify the nature and basis for the relief you are requesting, and include all data that supports your claim.
2. Federal Government claims. You will receive a written grants officer's decision if a DoD claim arises out of this award

Section C. Alternative dispute resolution.

1. We encourage resolution of all issues related to this award by mutual agreement between you and the grants officer.
2. If you and the grants officer are unable to resolve an issue through unassisted negotiations, we encourage use of Alternative Dispute Resolution (ADR) procedures to try to do so. ADR procedures are any voluntary means, such as mini-trials or mediation, used to resolve issues in controversy. ADR procedures may be used prior to submission of a claim or at any other time prior to the Grant Appeal Authority's decision on any appeal you submit.

Section D. Grants officer decisions for claims you submit.

1. Within 60 calendar days of receiving your claim, the grants officer will either:
 - a. Transmit a written decision that
 - i. Identifies data on which the decision is based; and
 - ii. Identifies and provides the mailing address for the Grant Appeal Authority to whom you would submit an appeal of the decision if you elect to do so; or
 - b. If more time is required to render a written decision, notify you of a specific date when he or she will render the decision and inform you of the reason for delaying it.
2. The grants officer's decision will be final unless you decide to appeal, in which case we encourage use of ADR procedures as noted in Section C of this article.

Section E. Formal administrative appeals.

1. Right to appeal. You have the right to appeal a grants officer's decision to the Grant Appeal Authority identified in Section A of this article.
2. Notice of appeal. You may appeal a grants officer's decision within 90 calendar days of receiving the decision by submitting a written notice of appeal to the Grant Appeal Authority and grants officer. If you elect to use ADR procedures, you are allowed an additional 60 calendar days to submit the written notice of appeal.
3. Appeal file. Within 30 calendar days of the grants officer's receipt of your notice of appeal, you should receive the appeal file with copies of all documents relevant to the appeal. You may supplement the file with other documents you deem relevant and with a memorandum in support of your position for the Grant Appeal Authority's consideration. The Grant Appeal Authority may request additional information from you.
4. **Decision.** Unless the Grant Appeal Authority decides to conduct fact-finding procedures or an oral hearing on the appeal, the appeal will be decided solely on the basis of the written record. Any fact-finding or hearing will be conducted using procedures that the Grant Appeal Authority deems appropriate.

Section F. Representation. You may be represented by counsel or any other designated representative in any claim, appeal, or ADR proceeding, as long as the representative is not otherwise prohibited by law or regulation from appearing before the DoD Component concerned.

Section G. Effect of Grant Appeal Authority's decision. The Grant Appeal Authority's decision is the final administrative decision of DoD and cannot be further appealed within DoD.

Section H. Non-exclusivity of remedies. Nothing in this article is intended to limit your right to any remedy under the law.

OAR Article V. Collection of Amounts Due. (DECEMBER 2014)

Section A. Establishing a debt.

1. Any amount paid to you in excess of the amount to which you are determined to be entitled under the terms and conditions of this award constitutes a debt to the Federal Government.
2. A grants officer will attempt to resolve any claim of your indebtedness arising out of this award by mutual agreement.
3. If the grants officer fails to resolve the claim in that manner, you will receive a written notice of the grants officer's decision formally determining the debt, as described in paragraph B.2 of OAR Article IV. The notice will describe the debt, including the amount, name and address of the official who determined the debt, and a copy of that official's determination.

Section B. Debt delinquency and appeals.

1. Within 30 calendar days of the grants officer's decision, you must either pay the amount owed to the address provided in the written notice or inform the grants officer that you intend to appeal the decision. Appeal procedures are described in OAR Article IV.
2. If you elect not to appeal, any amounts not paid within 30 calendar days of the grants officer's decision will be a delinquent debt.
3. If you elect to appeal the grants officer's decision, you will have 90 calendar days after receipt of the grants officer's decision to file your appeal unless Alternative Dispute Resolution (ADR) procedures are used, as described in section C of OAR Article IV, in which case you will have 150 calendar days.

Section C. Demand letter, interest, and debt collection.

1. If within 30 calendar days of the grants officer's decision, you neither pay the amount due nor provide notice of your intent to appeal the grants officer's decision, the grants officer will send you a demand letter identifying a payment office that will be responsible for any further debt collection activity.
2. If you do not pay by the due date specified in the written demand letter, the Federal Government may collect part or all of the debt by:
 - a. Making an administrative offset against your requests for reimbursements under Federal awards;
 - b. Withholding advance payments otherwise due to you; and
 - c. Any other action permitted by Federal statute.
3. The debt will bear interest, and may include penalties and other administrative costs, in accordance with applicable provisions of the DoD Financial Management Regulation (DoD 7000.14-R), which implements the Federal Claims Collection Standards. The date from which interest is computed is not extended by litigation or the filing of any form of appeal.

OAR Article VI. Closeout. (DECEMBER 2014)

Section A. Liquidation of obligations. Unless the award administration office authorizes an extension of the due date, you must liquidate all obligations that you incurred under this award not later than 120 calendar days after the end date of the period of performance.

Section B. Refunds of unobligated balances. You must promptly refund to the award administration office any balances of unobligated cash that we have advanced or paid to you and not authorized you to use on other projects or programs.

Section C. Final reports. You must submit the:

1. Final performance report under this award no later than the date specified in Section C of REP Article I, subject to any extensions granted under Section D of that article;
2. Final financial report under this award no later than the date specified in Section C of REP Article II, subject to any extensions granted under Section D of that article;
3. Final report listing subject inventions made under the award no later than the date specified in Section B of PROP Article VI; and
4. Other final reports that are required under this award no later than 90 calendar days after the end date of the period of performance, unless you request an extension of the due date and the award administration office approves the request.

Section D. Accounting for property. You must account for any real property, equipment, supplies, and intangible property that you and any subrecipients acquired or improved under the award, in accordance with PROP Articles I through IV and VI. Your requests for disposition instructions for any federally owned property, as required by PROP Article V, meet the need described in OMB guidance at 2 CFR 200.343(f) to account for that property at closeout.

OAR Article VII. Post-Closeout Adjustments and Continuing responsibilities. (DECEMBER 2014)

Section A. Adjustments. The closeout of this award does not affect:

1. Our right to disallow costs and recover funds on the basis of a later audit or other review, as long as we make the determination that the costs are disallowed and notify you about that determination within the extended records retention period specified in paragraph B.2 of OAR Article II of these terms and conditions.
2. Your obligation to return any funds due to the Federal Government as a result of later refunds, corrections, or other transactions (to include any adjustments in final indirect cost rates).

Section B. Continuing responsibilities. After closeout of this award, you must continue to comply with terms and conditions of this award that have applicability beyond closeout, including requirements concerning:

1. Audits, as specified in FMS Article V that cover periods of time during which you expended funds under this award.
2. Management, use, and disposition of any real property or equipment acquired or improved under this award in which we continue to have a Federal interest after closeout, as specified in PROP Articles I through IV.
3. Retention of, and access to, records related to this award, as specified in OAR Article II

Subawards (SUB) (2 CFR 1138)

SUB Article I. Distinguishing Subawards and Procurements. (DECEMBER 2014)

Section A. Required recipient determination. For each transaction into which you enter with another entity at the next tier below this award, you must determine whether the transaction is a subaward or a procurement.

Section B. Considerations in making the determination.

1. The primary purpose of the transaction between you and the other entity is the key factor you must use to determine whether the transaction is a subaward or a procurement.
 - a. The transaction is a subaward and the other entity therefore a subrecipient if the transaction's primary purpose is for you to transfer - for performance by the other entity - a portion of the substantive program for which we are providing financial assistance to you through this award. You will continue to be accountable to us for performance of the project or program under the award, including portions performed by any subrecipients.
 - b. The transaction is a procurement and the other entity therefore your contractor if the transaction's primary purpose is for you to purchase goods or services that you need to perform the substantive program supported by this award. The distinction from a subaward is the contractor is not performing a portion of the substantive program as a result of the transaction.
2. What you call the transaction is not a factor in distinguishing a subaward from a procurement. If the transaction meets the criterion in paragraph 8.1.a of this article, it is a subaward for purposes of the requirements of this award even if you call and consider the transaction a "contract."

Section C. Effect of the determination on the next-tier transaction.

1. Process for awarding the transaction. One important consequence of your determining whether a next-tier transaction is a subaward or a procurement is that there are different requirements governing the pre-award and time of award processes that you use to award the transaction.
 - a. SUB Article II of this award specifies pre-award and time of award responsibilities for subawards.
 - b. PROC Articles I and II of this award govern pre-award and time of award processes for awarding procurement transactions.
2. Transaction terms and conditions. A second important consequence of your determining whether a next-tier transaction is a subaward or a procurement is that the terms and conditions you include in a subaward differ from those you include in a procurement transaction.
 - a. Section C of SUB Article II of this award addresses requirements you must include in subaward terms and conditions. Those requirements generally are either identical or directly related to requirements in the general terms and conditions of this award. They include national policy requirements as well as administrative requirements in areas such as financial and programmatic management, property administration, procurement, and reporting.
 - b. PROC Article III of this award lists requirements you must include in a procurement transaction when applicable to the procurement.

SUB Article II. Pre-Award and Time of Award Responsibilities. (DECEMBER 2014)

Section A. Requirements for unique entity identifiers.

1. Definition of "entity." For purposes of the unique entity identifier requirements in paragraphs A.2 and 3 of this section, "entity" has the meaning given in paragraph C.3 of appendix A to OMB guidance in 2 CFR part 25.
2. Pre-notification of potential subrecipients. You must notify potential subrecipients that no entity may receive a subaward from you under this award unless it has provided its unique entity identifier to you.

3. Restriction on making subawards.
 - a. General. You may not make a subaward to an entity unless the entity has provided its unique entity identifier to you.
 - b. Exception. You may make a subaward to an entity that has not provided its unique entity identifier to you in rare cases in which you requested, and we approved, an exemption from the requirement for the entity to provide a unique entity identifier, based on the criteria in OMB guidance in 2 CFR part 25.110(d).

Section B. Pre-award risk assessment.

1. Before making a subaward to an entity, you must perform a risk assessment of the prospective subrecipient, as described in 2 CFR 200.331(b). OMB guidance in 2 CFR 200.205(c) provides examples of factors you may consider in evaluating risk.
2. As part of the risk assessment under paragraph 8.1 of this article, you must:
 - a. Verify that neither the prospective subrecipient nor its principals under the subaward are excluded or disqualified from participating in the transaction, in accordance with requirements in Subpart C of OMB guidance in 2 CFR part 180, as implemented by DoD at 2 CFR part 1125; and
 - b. If warranted by risks you identify, determine whether to impose award-specific terms and conditions in the subaward to mitigate the risks.
 - i. These award-specific terms and conditions may be in addition to, or differ from, the terms and conditions that SUB Articles IV through IX of this award require you to include in subawards.
 - ii. They may include items such as those listed in OMB guidance in 2 CFR 200.207(b)(1) through (6).
 - iii. Your procedures for imposing and removing the additional or different requirements must comply with the procedural guidance in 2 CFR 200.207(c) and (d).

Section C. Subaward content.

1. **Cost-type subawards.**
 - a. SUB Article III of this award specifies informational content that you must include in each cost-type subaward.
 - b. SUB Articles IV through VIII specify administrative requirements that you must include:
 - i. As applicable, in each cost-type subaward to:
 - (A) A domestic U.S. entity (i.e., an entity other than a foreign public entity or a foreign organization); or
 - (B) An organizational unit of a foreign organization if that unit has a place of business in the United States; and
 - ii. To the maximum extent practicable in each cost-type subaward to either a foreign public entity or an organizational unit of a foreign organization that does not have a place of business in the United States (regardless of whether another organizational unit of that foreign organization has one). However, absent our prior approval, you may not allow that foreign entity or organization to acquire real property or equipment under a subaward.

- c. SUB Article IX of this award specifies national policy requirements that you must include, as applicable, in each cost-type subaward.
- 2. Fixed-amount type subawards.
 - a. Sections A through F of SUB Article III of this award specify informational content that you must include in each fixed-amount subaward.
 - b. SUB Article IX of this award specifies national policy requirements that you must include, as applicable, in each fixed-amount subaward.
 - c. Section D of SUB Article XII of this award specifies administrative requirements that you must include, as applicable, in any fixed-amount subaward to:
 - i. A domestic U.S. entity (i.e., an entity other than a foreign public entity or a foreign organization); or
 - ii. An organizational unit of a foreign organization if that unit has a place of business in the United States; and
 - iii. To the maximum extent practicable to either a foreign public entity or an organizational unit of a foreign organization that does not have a place of business in the United States (regardless of whether another organizational unit of that foreign organization has one). However, absent our prior approval, you may not allow that foreign entity or organization to acquire real property or equipment under a subaward.
- 3. Additional subaward terms and conditions. You may include other requirements in your subawards that you need in order to meet your responsibilities under this award for performance of the project or program (including portions performed by subrecipients) and compliance with applicable administrative and national policy requirements.

Section D. Subaward and executive compensation reporting. You must report subaward obligating actions and information on subrecipients' executive compensation as required by REP Article IV of this award.

SUB Article III. Informational Content of Subawards. (DECEMBER 2014)

Section A. Informational content in general. You must include in each subaward (and each subsequent amendment to a subaward that alters the amount of the subaward) the information specified in OMB guidance in 2 CFR 200.331(a)(I), "Federal Award Identification," with the clarifications provided in Sections B through G of this article.

Section B. Federal award identification number and award date. The "Federal Award Identification Number" and "Federal Award Date" described in 2 CFR 200.331(a)(I)(iii) and (iv), respectively, are the award number and award date for this award to you. You must provide the information in a way that makes it clear that the subaward is under this DoD award.

Section C. Amount of Federal funds obligated.

- 1. The "Amount of Federal Funds Obligated by this action by the pass-through entity to the subrecipient" that is described in 2 CFR 200.331(a)(I)(vi) is either:
 - a. The amount of your obligation to the subrecipient, if the terms and conditions of this award do not require you to provide any cost sharing or matching for the project or program the award supports; or

- b. The amount of the Federal share of your subaward obligation if this award does require cost sharing or matching, which in that case is the product of:
 - i. The Federal share of total project costs under this DoD award to you, as a percentage of those total project costs; and
 - ii. The total amount of project costs obligated for the subaward action.
2. Note that the total project costs of the award and subaward, as used in paragraphs C.1.b.i and ii of this section, include any cost sharing or matching that you or the subrecipient provides if you are counting it toward the cost sharing or matching required under this award.

Section D. Total amount obligated to the subrecipient. The "Total Amount of Federal Funds Obligated to the Subrecipient by the pass-through entity including the current obligation," as described in 2 CFR 200.331(a)(1)(vii), is the cumulative amount to date of the amounts described in Section C of this article.

Section E. Total Amount of the Federal Award. The "Total Amount of the Federal Award committed to the subrecipient by the pass-through entity," as described in 2 CFR 200.331(a)(1)(viii), is the total amount through the end of the subaward that you and the subrecipient mutually agreed upon, to include: Funding obligated to date, any future anticipated funding increments, and any options you may exercise in the future.

Section F. Federal awarding agency, pass-through entity, and awarding official. The "Name of Federal awarding agency" and "pass-through entity;" as those terms are used in 2 CFR 200.331(a)(1)(x) are the DoD and the business name associated with your registration in SAM. In that same paragraph of 2 CFR part 200, the "awarding official" is the individual in your organization who made the subaward.

Section G. Indirect cost rate. With respect to the requirement in 2 CFR 200.331(a)(1)(xiii) for the subaward to include the "Indirect cost rate for the Federal award:"

1. This requirement applies to cost-type subawards only.
2. The rate the subaward must include is the subrecipient's rate, whether it is a rate set by negotiation with a Federal agency or you or is the de minimis rate described in 2 CFR 200.414(f).
3. You are required to include the indirect cost rate only if the subrecipient is willing to share that information with you and assents that information about its rate is not proprietary. If a subrecipient is not willing to share information about its indirect cost rate with you, consult the grants officer for this award to explore alternative ways to assess the reasonableness of costs of the subaward.

SUB Article IV. Financial and Program Management Requirements for Subawards. (DECEMBER 2014)

Section A. Purposes of this article in relation to other articles.

1. This article specifies administrative requirements concerning financial and program management that you must include in the terms and conditions of each cost-type subaward that you make under this award to a domestic entity.
2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under FMS Articles I through VII of this award.
3. SUB Article XII of this award addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under this award.

Section B. Financial management system standards. You must include in any subaward you make under this award the requirements of:

1. Sections A through C of FMS Article I of this award if the subrecipient is a State;
2. Sections B and C of FMS Article I if the subrecipient is an institution of higher education, nonprofit organization, local government, or Indian tribe; or
3. 32 CFR 34.11 if the subrecipient is a for-profit entity.

Section C. Payments.

1. Subawards to States. You must include the provisions of Section A of FMS Article II of this award in each subaward you make to a State;
2. Subawards to institutions of higher education, nonprofit organizations, local governments, and Indian tribes. The following paragraphs specify requirements you must include in subawards to institutions of higher education, nonprofit organizations, local governments, and Indian tribes.
 - a. Payment method.
 - i. If you are authorized to request advance payments under this award, you must authorize a subrecipient to request advance payments unless:
 - (A) The subrecipient does not maintain, or demonstrate the willingness to maintain, written procedures that minimize the time elapsing between its receipt of each payment and its disbursement of the funds for project or program purposes;
 - (B) You impose a requirement for the subrecipient to be paid by reimbursement as a result of your risk evaluation of the subrecipient under SUB Article II of this award.
 - (C) The subaward is for construction.
 - ii. If you do not authorize advance payments for one of the reasons given in paragraph C.2.a.i of this article, you must specify either reimbursement or working capital advances as the payment method in accordance with OMB guidance in 2 CFR 200.305(b)(3) and (4).
 - b. Payment timing and amount.
 - i. **Advances.** You must limit advance payments to the minimum amounts needed and time the payments to be in accordance with the subrecipient's actual, immediate cash requirements in carrying out the project or program under the subaward. The timing and amount of your advance payments to the subrecipient must be as close as is administratively feasible to the subrecipient's actual disbursements for direct project costs and the proportionate share of any allowable indirect costs. Your subawards also must include the requirements of paragraphs B.2.b and c of FMS Article II to specify costs subrecipients must exclude from amounts of their advance payment requests.
 - ii. Reimbursements or working capital advances. You must follow OMB guidance in 2 CFR 200.305(b)(3) and (4) concerning timing and amount of reimbursements or working capital advances.
 - c. Frequency of requests. You must allow the subrecipient to request advance payments or reimbursements, including those associated with the working capital advance payment method, as often as it wishes if you pay using electronic funds transfers and at least monthly otherwise.

d. Other requirements.

- i. In any subaward that was subject to our consent, you must include the requirements of paragraph B.5 of FMS Article II of this award concerning withholding of payments.
 - ii. You must include the provisions of paragraph B.6 of FMS Article II concerning depositories in each subaward that authorizes the subrecipient to request advance payments.
3. Subawards to for-profit entities. The provision concerning payments in each subaward you make to a for-profit entity must conform to the requirements in 32 CFR 34.12.

Section D. Allowable costs, period of availability of funds, and fee and profit.

1. You must include in each cost-type subaward a requirement that the allowability of costs under the subaward (and any lower-tier subawards or procurement transactions into which the subrecipient enters) must be determined in accordance with the applicable cost principles identified in Section A of FMS Article III of this award, as well as the clarification in Section B of that article if it applies to those cost principles.
2. You must specify in each subaward the period of availability of funds for any project or program purpose so that the period neither begins before nor ends after the period during which you may use funds available to you under this award for that same project or program purpose.
3. You must include in each subaward the provisions concerning fee or profit that are in Section D of FMS Article III of this award.

Section E. Revision of budget and program plans. You must include in each subaward provisions requiring the subrecipient to request your approval for any change in the subaward budget or program that would cause a budget or program change under this award for which Section B of FMS Article IV requires you to first obtain our prior approval. You may not approve any budget or program revision that is inconsistent with the purpose or terms and conditions of this award.

Section F. Non-Federal audits. You must include a provision in each subaward that you make under this award to require the subrecipient entity to comply with the audit requirements applicable to that entity, as specified in either Section A or Section B of FMS Article V.

Section G. Cost sharing or matching requirements. If you make a subaward under which the subrecipient may provide contributions or donations of cash or third-party in-kind contributions to be counted toward any cost sharing or matching that is required under this award, you must include provisions in that subaward to specify:

1. The criteria governing the allowability as cost sharing or matching of the types of cash or third-party in-kind contributions that the subrecipient may contribute or donate. Those criteria are specified in:
 - a. Sections B through D of FMS Article VI of this award if the subaward is to a State, institution of higher education, nonprofit organization, local government, or Indian tribe.
 - b. The provisions of 32 CFR 34.13(a) if the subaward is to a for-profit entity.
2. The methods for determining and documenting the values of those contributions or donations to be counted as cost sharing or matching. Those methods are

specified in:

- a. Sections E and F of FMS Article VI of this award if the subaward is to a State, institution of higher education, nonprofit organization, local government, or Indian tribe.
- b. The provisions of 32 CFR 34.13(b) if the subaward is to a for-profit entity.

Section H. Program income. You must include requirements concerning program income in subawards, as follows:

1. In each subaward to a State, institution of higher education, nonprofit organization, local government, or Indian tribe:
 - a. You must require the subrecipient to account to you when it earns any program income under the subaward or uses it, so that you can prepare reports you are required to submit to us. If the award-specific terms and conditions of this award require you to account for program income earned after the period of performance, you must include a corresponding requirement in your subawards.
 - b. You must include the provisions of Sections A through D of FMS Article VII of this award.
 - c. You may specify the deduction, addition, or cost-sharing or matching alternative - described in 2 CFR 1128.720(b) - or a combination of those alternatives, for the subrecipient's use of any program income it earns. However, you still must comply with the alternative specified in Section E of FMS Article VII and any applicable award-specific terms and conditions for the total amount of program income earned, which includes amounts earned by you and your subrecipients. For example, if we require you to use the deduction alternative, you may authorize a subrecipient to use the addition alternative if you reduce the funding allocated for portions of the project or program that you or other subrecipients perform to make the required reduction in the total award amount.
2. In each subaward to a for-profit entity, you must include the provisions of 32 CFR 34.14, with the appropriate method specified for disposition of program income.

SUB Article V. Property Requirements for Subawards. (DECEMBER 2014)

SUB Article VIII. Other Administrative Requirements for Subawards. (DECEMBER 2014)

Section A. Purposes of this article in relation to other articles.

1. This article specifies other administrative requirements that you either must or

should include in the terms and conditions of each cost-type subaward that you make under this award.

2. It thereby addresses the flow down to subrecipients of requirements with which you must comply under OAR Articles I through VII of this award.
3. SUB Article XII of this award addresses which of these administrative requirements you must include in any fixed-amount subaward that you make, if you are authorized to make fixed-amount subawards under this award.

Section B. Submission and maintenance of subrecipient information. You must include the substance of the provision in Section C of OAR Article I in any subaward you make under this award. The provision must require the subrecipient's disclosure of any evidence directly to the Inspector General, DoD.

Section C. Records retention and access. In each subaward you make under this award:

1. If the subaward is to an institution of higher education, nonprofit organization, State, local government, or Indian tribe:
 - a. You must include the requirements of Section A of OAR Article II with the additional condition that, for any subrecipient under this award that does not have a federally approved rate for indirect or facilities and administrative costs and that does not use the de minimis rate described in 2 CFR 200.414(f), you must:
 - i. Require the subrecipient to keep records that support its indirect or facilities and administrative costs charged to the subaward for 3 years from the end of the fiscal year (or other accounting period) to which the costs apply; and
 - ii. Keep any plan or computation the subrecipient submits to you to serve as a basis for your determining the reasonableness and allowability of indirect or facilities and administrative costs of the subaward, for 3 years from the end of the fiscal year (or other accounting period) to which the proposal, plan, or computation applies.
 - b. You must include the requirements of Sections B, C, and F of OAR Article II.
 - c. You must include provisions that enable you to comply with the requirements of Section D of OAR Article II concerning records for joint or long-term use.
 - d. You must include provisions that establish the same rights and responsibilities for the subrecipient under the subaward that Section E of OAR Article II establishes for you under this award.
 - e. You may not impose any other record retention or access requirements on the subrecipient.
2. If the subaward is to a for-profit entity, you must include the records retention and access provisions of 32 CFR 34.42.

Section D. Remedies and termination. The terms and conditions of each subaward you make under this award should specify your rights and responsibilities and those of the subrecipient if you take a remedial action to address a subrecipient's noncompliance with an applicable Federal statute or regulation or the terms and conditions of your subaward. Each subaward's terms and conditions should:

1. Identify remedial actions you may take to address the subrecipient's noncompliance. Available remedies are described in:
 - a. OMB guidance in 2 CFR 200.338 for a subaward to an institution of higher

education, nonprofit organization, State, local government, or Indian tribe;
and

- b. 32 CFR 34.52 for a subaward to a for-profit entity.
2. With respect to termination specifically:
 - a. Identify conditions under which you, the subrecipient, or both (by mutual agreement) may terminate the subaward, in whole or in part, as described in:
 - i. OMB guidance in 2 CFR 200.339(a) for a subaward to an institution of higher education, nonprofit organization, State, local government, or Indian tribe; and
 - ii. 32 CFR 34.51 for a subaward to a for-profit entity.
 - b. Inform the subrecipient that you will provide it with a notice of termination if you unilaterally terminate the award.
 - c. Specify that you and the subrecipient remain responsible for applicable requirements addressed in Sections G and H of this article concerning closeout, post-closeout adjustments, and continuing responsibilities.
 3. With respect to either suspension or termination of the subaward, inform the subrecipient about the criteria that you will use to either allow or disallow subaward costs, which are in:
 - a. Section D of OAR Article III for a subaward to an institution of higher education, nonprofit organization, State, local government, or Indian tribe; and
 - b. 32 CFR 34.52(c) for a subaward to a for-profit entity.

Section E. Disputes, hearings, and appeals. Each subaward's terms and conditions should specify any rights the subrecipient has to a hearing, appeal, or other administrative proceeding if it disputes a decision you render in administering its subaward. You must comply with any statute or regulation that affords the subrecipient an opportunity for a hearing, appeal, or other administrative proceeding and is applicable to the dispute.

Section F. Collection of amounts due. Although your subaward terms and conditions do not need to include any of the requirements of OAR Article V because those requirements do not flow down to subrecipients, you should consider including provisions to specify what you would need from the subrecipient if you owed a debt to the Federal Government under this award that is related to its subaward.

Section G. Closeout.

1. In each subaward that you make to an institution of higher education, nonprofit organization, State, local government, or Indian tribe, you must include provisions to require the subrecipient to:
 - a. Liquidate all obligations that it incurred under the subaward not later than 90 calendar days after the end date of the period of performance of either the subaward or this award, whichever is earlier, unless you grant an extension.
 - b. Promptly refund to you any balances of unobligated cash that you advanced or paid to the subrecipient, unless you received authorization from the DoD award administration office for the subrecipient's use of those funds on other projects or programs.
 - c. Submit to you:
 - i. Any information you need from the subrecipient to meet your responsibilities to us for an accounting of property, under Section D of

OAR Article VI; and

- ii. Not later than 90 calendar days after the end date of the period of performance of this award, unless you grant the subrecipient an extension, any information you need to meet your responsibilities to us for final reports, under Section C of OAR Article VI.
2. In each subaward that you make to a for-profit entity, you must include the terms and conditions that you deem necessary for you to be able to comply with the requirements in OAR Article VI.

Section H. Post-closeout adjustments and continuing responsibilities.

You must include provisions in each subaward to require the subrecipient to provide what you need in order to comply with the requirements of OAR Article VII.

SUB Article IX. National Policy Requirements for Subawards. (DECEMBER 2014)

Section A. General.

1. You must include provisions in the terms and conditions of each subaward you make, whether cost-type or fixed-amount type, to require the subrecipient entity's compliance with each of the national policy requirements in Sections B through E of this article that you determine is applicable, given the type of entity receiving the subaward and activities it will be carrying out under the subaward.
2. If an entity to which you are about to make a subaward will not accept an award provision requiring its compliance with a national policy requirement that you determine to be applicable, you must alert the award administration office immediately. You may not omit an applicable national policy requirement in order to make the subaward.
3. If at any time during the performance of a subaward, you learn that - or receive a credible allegation that - the subrecipient is not complying with an applicable national policy requirement, you must alert the award administration office immediately.

Section B. Nondiscrimination national policy requirements. You must include provisions in each subaward to require the subrecipient's compliance with the nondiscrimination national policy requirements specified in paragraphs A.1 through A.5 of NP Article I, as applicable.

Section C. Environmental national policy requirements. You must include provisions in each subaward to require that

1. The subrecipient comply with all applicable Federal environmental laws and regulations, including those specified in paragraphs A.2, A.3, A.5, and A.6 of NP Article II, as applicable.
2. Provide any information you need, when you need it, in order to comply with the requirement to immediately notify us of potential environmental impacts specified in paragraphs A.4, A.5, and A.6 of NP Article 11, as applicable, due to activities under the award (which includes subaward activities).

Section D. National policy requirements concerning live organisms. You must include provisions in each subaward to require the subrecipient's compliance with the national policy requirements concerning human subjects and animals that are specified in paragraphs A.1 and A.2 of NP Article 111, as applicable.

Section E. Other national policy requirements. You must include provisions in each subaward to require the subrecipient's compliance with the national policy requirements in the following portions of NP Article IV of this award, as applicable:

1. Paragraph A.1.
2. Paragraphs A.3.a and b.
3. Paragraphs A.4 through A.17.

SUB Article X. Subrecipient Monitoring and Other Post-Award Administration. (DECEMBER 2014)

Section A. General requirement for subrecipient monitoring. You must do the post-award monitoring of the subrecipient's activities under each subaward that is needed in order for you to ensure that:

1. The subrecipient carries out the portion of the substantive project or program under this award.
2. The subrecipient is using funds under the subaward (including any cost sharing or matching the subrecipient provides that is counted as project costs in the approved budget of this award) for authorized purposes.
3. The subrecipient's performance under the subaward is in compliance with applicable Federal statutes and regulations, and the terms and conditions of your subaward.

Section B. Subrecipient monitoring actions.

1. **Required monitoring actions under cost-type subawards.** You must, as part of your post-award monitoring of each subrecipient:
 - a. Review the financial and programmatic information that your subaward terms and conditions require the subrecipient to provide, in accordance with Sections B and C of SUB Article VII of this award.
 - b. Follow up and ensure that the subrecipient takes timely and appropriate action to remedy deficiencies detected through any means, including audits and on-site reviews.
 - c. With respect to audits of subrecipients that are required under FMS Article V of this award:
 - i. Verify that the subrecipient is audited in accordance with those requirements, as applicable (note that Section F of SUB Article IV requires you to include those audit requirements for the subrecipient in the subaward's terms and conditions).
 - ii. Resolve and issue a management decision for audit findings that pertain to your subaward. Doing so is a requirement under either Section A or B of FMS Article V of this award (Section B requires that explicitly and Section A does so by implementing OMB guidance in 2 CFR 200.521, as well as other portions of Subpart F of that part).
 - iii. Consider whether you need to adjust your own records related to this award based on results of audits, on-site reviews or other monitoring of the subrecipient and, as applicable, notify the award administration office.
2. Other monitoring actions. OMB guidance in 2 CFR 200.331(e)(1) through (3) describes other actions that may be useful as part of your subrecipient monitoring program, depending on the outcomes of the pre-award risk assessment you conducted in accordance with Section B of SUB Article II.

Section C. Remedies and subaward suspension or termination. With respect to any subaward under this award, you must:

1. Consider whether you need to take any remedial action if you determine that the subrecipient is noncompliant with an applicable Federal statute or regulation or

the terms and conditions of your subaward, as described in Section D of SUB Article VIII.

2. Provide a notice of termination to the subrecipient if you terminate its subaward unilaterally for any reason prior to the end of the period of performance.
3. In the case of suspension or termination of a subaward prior to the end of the period of performance, allow or disallow subaward costs in accordance with Section D of OAR Article III.

Section D. Subaward closeout.

1. You will close out each subaward when you either:
 - a. Determine that the subrecipient has completed its programmatic performance under the subaward and all applicable administrative actions; or
 - b. Terminate the subaward, if you do so prior to the end of the subaward's period of performance.
2. With respect to the closeout of each subaward:
 - a. You must pay the subrecipient promptly for allowable and reimbursable costs.
 - b. Consistent with the terms and conditions of the subaward, you must make a settlement for any upward or downward adjustments to the Federal share of costs after you receive the information you need from the subrecipient to close out the subaward.
 - c. You should complete the closeout of the subaward no later than one year after you receive and accept the final reports and other information from the subrecipient that you need to close out the subaward.

SUB Article XI. Requirements Concerning Subrecipients' Lower-Tier Subawards. (DECEMBER 2014}

Section A. Purpose. This article specifies requirements you must include in any cost-type subaward under which you determine that the subrecipient of your subaward may make lower-tier cost-type subawards to other entities. Paragraph G.1 of SUB Article XII specifies requirements related to fixed-amount type subawards at lower tiers.

Section B. Requirements for lower-tier subawards. Your cost-type subaward terms and conditions must require your subrecipient, with respect to each lower-tier cost-type subaward that it makes, to:

1. Ensure that the lower-tier transaction is a subaward, rather than a procurement, by making the determination that SUB Article I of this award requires you to make for your subawards.
2. Conduct the pre-award risk assessment of its intended subrecipient that Section B of SUB Article II of this award requires you to make for your subawards.
3. Include in any cost-type subaward it makes at the next tier:
 - a. The informational content that SUB Article III specifies;
 - b. The administrative requirements that SUB Articles IV through VIII of this award specify;
 - c. The national policy requirements that SUB Article IX of this award specifies, as applicable; and
 - d. The requirements of this article if the next-tier subrecipient may make even lower-tier

cost-type subawards to other entities.

4. Carry out the subrecipient monitoring and other post-award administration responsibilities specified in SUB Article X of this award.

SUB Article XII. Fixed-Amount Subawards. (DECEMBER 2014)

Section A. Limitations on use.

1. You may not use a fixed-amount subaward:
 - a. If the total value over the life of the subaward will exceed the simplified acquisition threshold.
 - b. Unless the project or program scope is specific, with definite outcomes, and you are able to establish a reasonable estimate of the actual costs of accomplishing those outcomes.
 - c. If you will predetermine a set amount or percentage of cost sharing or matching that the subrecipient must provide under the subaward.
 - d. If the subrecipient will acquire any real property or equipment under the subaward.
2. For fixed-amount subawards not prohibited by paragraph 1 of this section and except as provided in Section B of this article, you must obtain our prior approval before making a fixed-amount type of subaward.
 - a. If Section B of FMS Article IV requires you to obtain our prior approval before you make any subaward, and you do not identify the subaward as a fixed-amount subaward when you obtain that approval, then you must subsequently request separate approval before awarding it as a fixed-amount type of subaward.
 - b. If a subaward is identified as a fixed-amount type of subaward in the budget you submit for our approval, then our approval of the budget is the required prior approval.

Section B. Fixed-amount subawards that do not require prior approval. You are not required to obtain our prior approval before using a fixed- amount type of subaward if:

1. The subaward is to either:
 - a. A foreign public entity; or
 - b. An organizational unit of a foreign organization, if that unit does not have a place of business in the United States, regardless of whether another organizational unit of that foreign organization has one.
2. You determine that the portion of the project or program under this award which the subrecipient will be carrying out under the subaward has one or more specific outcomes with the following characteristics:
 - a. You can define the outcomes well enough to specify them at the time you make the subaward. Note that:
 - i. Outcomes are distinct from inputs needed to achieve the outcomes, such as amounts or percentages of time that subrecipient employees or other participants will spend on the project or program.
 - ii. The inherently unpredictable nature of basic or applied research makes it rarely, if ever, possible to define specific research outcomes in advance, which makes fixed-amount subawards inappropriate for research. Note that technical performance reports serve to document research outcomes but are not themselves outcomes, notwithstanding the

definition of "performance goals" in OMB guidance at 2 CFR 200.76.

- b. The accomplishment of each outcome will be observable and verifiable by you when it occurs, so that you will not need to rely solely on the subrecipient's assurance of that accomplishment.
- c. The subrecipient associates its estimated costs with outcomes in the proposal it submits to you, and you are confident that the costs of accomplishment of the outcomes will equal or exceed the subaward amount. This requires either that you have a high degree of confidence:
 - i. In your estimate of the costs associated with accomplishing the well-defined and observable outcomes, based on the prospective subrecipient's proposal (and using the applicable cost principles in FMS Article III as a guide); or
 - ii. That those costs will be within a finite range, rather than a specific amount, so that you may provide an amount of funding under the subaward that does not exceed the lower end of the range, with the provision that the subrecipient agrees to provide any balance above that amount that ultimately is needed to accomplish the outcomes. Your subaward then would include a term or condition to reflect the subrecipient's agreement to provide that balance (which would be in an amount to be post-determined, when the outcomes are accomplished). Note that this is distinct from a situation in which you predetermine a set amount or percentage of cost sharing or matching that the subrecipient must provide under its subaward, a situation in which paragraph A.1.c of this article prohibits use of a fixed-amount subaward.

3.

- a. The subaward is based on a fixed rate per unit of outcome (or "unit cost") and you have both the confidence:
 - i. That is described in paragraph B.2.c of this article in the estimated costs associated with each unit of outcome; and
 - ii. In the subrecipient's guarantee that it can accomplish at least the number of units of outcome on which your total subaward amount will be based (i.e., the product of the unit cost and the number of units of outcome the subrecipient guarantees to accomplish).
- b. Note, however, that not every fixed rate subaward is also a fixed-amount subaward. If you have confidence in the unit cost but not also in the subrecipient's ability to guarantee the number of units of outcome that it will accomplish, then you should set a not-to-exceed award amount based on the number of units desired and reduce the subaward amount at the end if the subrecipient accomplishes fewer than that number. Examples of activities for which it may be appropriate to award this type of fixed rate subaward that is not a fixed-amount subaward include:
 - i. A clinical trial for which the unit cost is the cost of treating each participant. The not-to-exceed amount would be based on the number of participants the subrecipient planned to recruit and the final award on the number who actually participated, documentation for which would be subject to audit.
 - ii. Labor costs for performance of a portion of the project or program under this award by a for-profit entity that treats its indirect cost rate as proprietary information. The unit cost in that case may be "loaded" labor rates for the entity's employees that include indirect costs. The final award amount would depend on the number of labor hours the entity's employees

expended under the subaward, documentation for which may be audited without exposing proprietary details associated with the actual costs.

Section C. Informational content of fixed-amount subawards. You must include in each fixed-amount subaward the informational content, other than the indirect cost rate, that is described in SUB Article III of this award.

Section D. Terms and conditions addressing administrative requirements.

1. **General.** This section:
 - a. Specifies the minimum set of terms and conditions (in lieu of the more extensive set specified in SUB Articles IV through X for cost-type subawards) addressing administrative requirements that you must include in each fixed-amount subaward:
 - i. To an entity other than a foreign organization, as applicable; and
 - ii. To the maximum extent practicable, to a foreign organization.
 - b. Does not preclude the inclusion of other requirements that you need in order to meet your responsibilities under this award for performance of the project or program and compliance with applicable administrative and national policy requirements.
2. Financial and program management requirements.
 - a. Financial management system standards. For a subaward to other than a for-profit entity, your subaward must require the subrecipient to include the information specified in paragraph B.1 of FMS Article I in its financial management system, for the purposes of the non-Federal audits required by paragraph 2.d of this section.
 - b. Payments. Your payments must be based on accomplishment of the outcomes and associated costs that you used to establish the award amount, rather than on subrecipient expenditures for project or program purposes. Milestone payments before the end of the subaward's period of performance may be appropriate if there are outcomes that the subrecipient will accomplish at different times during that period.
 - c. Revision of budget and program plans. If our prior approval was required under paragraph A.2 of this article for use of a fixed- amount type of subaward, then you must:
 - i. Request our prior approval for any change in scope or objective of the subaward; and
 - ii. Include a requirement in the subaward for the subrecipient to request that approval through you.
 - d. **Non-Federal audits.** You must include the requirement for non-Federal audits described in Section F of SUB Article IV. The audits are intended to focus on compliance with the performance requirements in the subaward terms and conditions and not to review actual costs as they would for a cost-type subaward.
3. Property requirements.
 - a. Federally owned property. If the subrecipient will be accountable for federally owned property, you must include the property management system, use, and disposition requirements described in Sections C and F of SUB Article V that are applicable to federally owned property.

- b. Intangible property. You must include the applicable intangible property requirements described in Section G of SUB Article V.
- 4. Reporting requirements. You must include requirements for reporting that you need in order to meet your responsibilities under this award for reporting to us.
- 5. Other administrative requirements.
 - a. Integrity-related information. You must include the substance of the provision in Section C of OAR Article I in any subaward you make under this award. The provision must require the subrecipient's disclosure of any evidence directly to the Inspector General, DoD.
 - b. Records retention and access.
 - i. You must include the requirements for records retention and access in paragraph A.3 and Sections B and F of OAR Article 11, as applicable, if the subaward is to an institution of higher education, nonprofit organization, State, local government, or Indian tribe. You may not impose any other records retention or access requirements on the subrecipient.
 - ii. You must include the corresponding requirements of 32 CFR 34.42 if the subaward is to a for-profit entity.
 - c. **Remedies and termination.** You must include:
 - i. The requirements concerning remedies and termination that are described in paragraphs D.1 and 2 of SUB Article VIII;
 - ii. Provisions addressing any hearing and appeal rights the subrecipient has, as described in Section E of SUB Article VIII; and
 - iii. Terms and conditions addressing adjustment of the amount of the subaward if it is terminated before the subrecipient accomplishes all of the specified outcomes.
 - d. Continuing responsibilities. You must include requirements concerning continuing responsibilities for audits and records retention and access that are described in paragraphs B.1 and 3 of OAR Article VII.
 - e. Collection of amounts due. You should consider including requirements concerning collection of amounts due, as described in Section F of SUB Article VIII.

Section E. National policy requirements for fixed-amount subawards. You must include in the terms and conditions of each fixed-amount subaward the national policy requirements that SUB Article IX of this award specifies, as applicable.

Section F. Subrecipient monitoring and other post-award administration. You must carry out the subrecipient monitoring and post-award administration actions specified in SUB Article X, as applicable.

Section G. Fixed-amount subawards at lower tiers.

- 1. **Authority.**
 - a. If Section B of this article authorizes you to use a fixed-amount type of subaward without our prior approval in some situations, a cost-type subaward that you make may authorize the subrecipient to use fixed-amount subawards at the next lower tier in those same situations without our prior approval.
 - b. If you wish to allow a subrecipient of a cost-type subaward to use fixed-amount subawards at the next tier in other situations (i.e., situations in which this

article requires you to obtain our prior approval before using a fixed-amount type of subaward), your subaward terms and conditions must require the subrecipient to submit a request through you to obtain our prior approval for use of that type of subaward.

2. **Subaward requirements.** If your subrecipient is authorized to use lower-tier fixed-amount subawards, as described in paragraphs 1.a and b of this section, your subaward's terms and conditions must:
 - a. Require the subrecipient, before **it** makes any lower-tier fixed-amount subaward, to:
 - i. Ensure that the lower-tier transaction is a subaward, rather than a procurement, by making the determination that SUB Article I of this award requires you to make for your subawards.
 - ii. Conduct the pre-award risk assessment of its intended subrecipient that Section B of SUB Article II of this award requires you to make for your subawards.
 - b. Include the requirements specified in Sections A through F of this article.

National Policy (NP) Terms and Conditions

Section 8. [Reserved]

NP Article II. Environmental national policy requirements. (December 2014)

4. Immediately identify to us, as the Federal awarding agency, any potential impact that you find this award may have on:
 - a. The quality of the "human environment", as defined in 40 CFR 1508.14, including wetlands; and provide any help we may need to comply with the National Environmental Policy Act (NEPA, at 42 U.S.C. 4321 et seq.), the regulations at 40 CFR 1500-1508, and E.O. 12114, if applicable; and assist us to prepare Environmental Impact Statements or other environmental documentation. In such cases, you may take no action that will have an environmental impact (e.g., physical disturbance of a site such as breaking of ground) or limit the choice of reasonable alternatives to the proposed action until we provide written notification of Federal compliance with NEPA or E.O. 12114.
 - b. Flood-prone areas and provide any help we may need to comply with the National Flood Insurance Act of 1968, as amended by the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001 et seq.), which require flood insurance, when available, for federally assisted construction or acquisition in flood-prone areas.

You also must provide any help we may need in complying with the consultation requirements of ESA section 7 (16 U.S.C. 1536) applicable to Federal agencies or any regulatory authorization we may need based on the award of this grant. This is not in lieu of responsibilities you have to comply with provisions of the Act that apply directly to you as a U.S. entity, independent of receiving this award.
6. You must fully comply with the Marine Mammal Protection Act of 1972, as amended (MMPA, at 16 U.S.C. 1361 et seq.) and provide any assistance we may need in obtaining any required MMPA permit based on an award of this grant.

Section B. [Reserved]

NP Article III. National policy requirements concerning live organisms. {December 2014}

Section A. Cross-cutting requirements concerning live organisms.

1. **Human subjects.**
 - a. You must protect the rights and welfare of individuals who participate as human subjects in research under this award and comply with the requirements at 32 CFR

part 219, DoD Instruction (DoDI) 3216.02, 10 U.S.C. 980, and when applicable, Food and Drug Administration (FDA) regulations.

- b. You must not begin performance of research involving human subjects, also known as human subjects research (HSR), that is covered under 32 CFR part 219, or that meets exemption criteria under 32 CFR 219.101(b), until you receive a formal notification of approval from a DoD Human Research Protection Official (HRPO). Approval to perform HSR under this award is

received after the HRPO has performed a review of your documentation of planned HSR activities and has officially furnished a

concurrence with your determination as presented in the documentation.

- c. In order for the HRPO to accomplish this concurrence review, you must provide sufficient documentation to enable his or her assessment as follows:
 - i. If the HSR meets an exemption criterion under 32 CFR 219.101(b), the documentation must include a citation of the exemption category under 32 CFR 219.101(b) and a rationale statement.
 - ii. If your activity is determined as "non-exempt research involving human subjects", the documentation must include:
 - (A) Assurance of Compliance (i.e., Department of Health and Human Services Office for Human Research Protections (OHRP) Federalwide Assurance (FWA)) appropriate for the scope of work or program plan; and
 - (B) Institutional Review Board (IRB) approval, as well as all documentation reviewed by the IRB to make their determination.
- d. The HRPO retains final judgment on what activities constitute HSR, whether an exempt category applies, whether the risk determination is appropriate, and whether the planned HSR activities comply with the requirements in paragraph 1.a of this section.

- e. You must notify the HRPO immediately of any suspensions or terminations of the Assurance of Compliance.
- f. DoD staff, consultants, and advisory groups may independently review and inspect your research and research procedures involving human subjects and, based on such findings, DoD may prohibit research that presents unacceptable hazards or otherwise fails to comply with DoD requirements.
- g. Definitions for terms used in paragraph 1 of this article are found in DoDI 3216.02.

2. Animals.

- a. Prior to initiating any animal work under the award, you must:
 - i. Register your research, development, test, and evaluation or training facility with the Secretary of Agriculture in accordance with 7 U.S.C. 2136 and 9 CFR 2.30, unless otherwise exempt from this requirement by meeting the conditions in 7 U.S.C. 2136 and 9 CFR parts 1-4 for the duration of the activity.
 - ii. Have your proposed animal use approved in accordance with Department of Defense Instruction (DoDI) 3216.01, Use of Animals in DoD Programs by a DoD Component Headquarters Oversight Office.
 - iii. Furnish evidence of such registration and approval to the grants officer.
- b. You must make the animals on which the research is being conducted, and all premises, facilities, vehicles, equipment, and records that support animal care and use available during business hours and at other times mutually agreeable to you, the United States Department of Agriculture Office of Animal and Plant Health Inspection Service (USDA/APHIS) representative,
 personnel representing the DoD component oversight offices, as well as the grants officer, to ascertain that you are compliant
 with 7 U.S.C. 2131 et seq., 9 CFR parts 1-4, and DoDI 3216.01.
- c. Your care and use of animals must conform with the pertinent laws of the United States, regulations of the Department of Agriculture, and regulations, policies, and procedures of the Department of Defense (see 7 U.S.C. 2131 et seq., 9 CFR parts 1-4, and DoDI 3216.01).
- d. You must acquire animals in accordance with DoDI 3216.01.

3. Use of Remedies.

Failure to comply with the applicable requirements in paragraphs 1-2 of this section may result in the DoD Component's use of remedies, e.g., wholly or partially terminating or suspending the award, temporarily withholding payment under the award pending correction of the deficiency or disallowing all or part of the cost of the activity or action (including the federal share and any required cost sharing or matching) that is not in compliance. See OAR Article III.

Section B. [Reserved]

NP Article IV. Other National Policy Requirements. (December 2014)

Section A. Cross-cutting requirements.

1. **Debarment and suspension.** You must comply with requirements regarding debarment and suspension in Subpart C of 2 CFR part 180, as adopted by DoD at 2 CFR part 1125. This includes requirements concerning your principals under this award, as well as requirements

concerning your procurement transactions and subawards that are implemented in PROC Articles I through III and SUB Article II.

2. **Drug-free workplace.** You must comply with drug-free workplace requirements in Subpart B of 2 CFR part 26, which is the DoD implementation of 41 U.S.C. chapter 81, "Drug-Free Workplace."

3. **Lobbying.**

- a. You must comply with the restrictions on lobbying in 31 U.S.C. 1352, as implemented by DoD at 32 CFR part 28, and submit all disclosures required by that statute and regulation.
- b. You must comply with the prohibition in 18 U.S.C. 1913 on the use of Federal funds, absent express Congressional authorization, to pay directly or indirectly for any service, advertisement or other written matter, telephone communication, or other device intended to influence at any time a Member of Congress or official of any government concerning any legislation, law, policy, appropriation, or ratification.
- c. If you are a nonprofit organization described in section 501(c)(4) of title 26, United States Code (the Internal Revenue Code of 1968), you may not engage in lobbying activities as defined in the Lobbying Disclosure Act of 1995 (2 U.S.C., chapter 26). If we determine that you have engaged in lobbying activities, we will cease all payments to you under this and other awards and terminate the awards unilaterally for material failure to comply with the award terms and conditions.

4. **Officials not to benefit.** You must comply with the requirement that no member of Congress shall be admitted to any share or part of this award, or to any benefit arising from it, in accordance with 41 U.S.C. 6306.

5. **Hatch Act.** If applicable, you must comply with the provisions of the Hatch Act (5 U.S.C. 1501-1508) concerning political activities of certain State and local government employees, as implemented by the Office of Personnel Management at 5 CFR part 151, which limits political activity of employees or officers of State or local governments whose employment is connected to an activity financed in whole or part with Federal funds.
