If the Contractor assesses that their supporting documentation will not reasonably conform to IPP requirements, the Contractor shall contact the Contracting Officer to explore possible alternatives. In addition, the IPP only allows certain characters to be used as the invoice number. The invoice number shall conform to the IPP convention, and the attachments (if used) shall match exactly the invoice number allowed. The allowed characters in the IPP are "abcdefghijklmnopqrstuvwxyzABCDEFGHIJKLMNOPQRSTUVWXYZ0123456789-\_"

(c) Properly certified invoices shall be entered into the Internet Payment Platform ([www.ipp.gov](http://www.ipp.gov)). 1) Technical Liaison. Oversees the contractor's technical effort to ensure that performance is in strict accordance with the terms and conditions of the contract. Is the primary interface between the contractor and the contracting officer on matters pertaining to the contractor's technical performance. Answers technical questions, furnishes technical instruction and guidance to the contractor relating to contract specifications, and any other instructions of a technical nature necessary to perform the work as specified in the contract. CORs are not to tell the Contractor how to perform, but only what is required of a technical nature. If doubt exists as to whether information to be furnished falls within the scope of the contract, the COR is to coordinate action with the contracting officer prior to transmitting the information to the Contractor. Promptly responds to contracting officer queries for technical information and directs the contractor to submit requests for change, deviation or waiver in writing to the contracting officer. Keeps the contracting officer informed regarding communications with the contractor in order to prevent possible misunderstandings or situations that could affect contract terms and conditions and become the basis for future claims against the Government.

2) Monitoring contractor performance. Ensures delivery schedules are adhered to and provides quality assurance. Provides status to the contracting officer and other program personnel to ensure compliance with the technical requirements of the contract. If performance is not proceeding satisfactorily, or if problems are anticipated, promptly notifies the contracting officer and may provide a recommended technical course of correction action. Reviews and approves progress reports, technical reports, financial/management reports and other items requiring approval. Notifies the contracting officer if such reports or items should be rejected, stating the basis for rejection.

3) Technical Evaluation of Contractor Proposal. Evaluates contractor proposals for modifications and provides a written technical evaluation, to include price or cost elements, to the contracting officer.

4) Reviewing and Approving Payments and Acceptance. Reviews invoices and progress payments for accuracy and appropriateness and reports any discrepancies and provides concurrence (or non-concurrence) to the Contracting Officer. Approves payments and accepts work on the appropriate forms for services performed or supplies delivered.

5) Administration of Government Property. Submits to the contracting officer and property specialist a written evaluation of the disposition of any material/property furnished by the Government that is accountable to the contract.

6) Security. Coordinates all security requirements of the contract with the contractor and the agency security office, to include DD254s and contractor access to NGA networks. Ensures AIS accounts of departing NGA contractor on-site personnel are cancelled expeditiously. Keeps track of any classified documents or data provided and ensures return or destruction upon completion of the contract.

7) Maintenance of Files. Keeps a file of all records related to the contract to include, but not limited to, the contract, e-mail correspondence, formal written correspondence, reports, receiving and acceptance reports/forms, technical evaluations, trip reports, meeting notes, status reports, past performance reports, government property reports and closeout records.

8) Administration of On-Site contractor personnel information. Maintains information on contractors, prime and subs, performing on-site at NGA facilities. Coordinates with the contractors and the Human Resource Office (HR) all contractor data changes, to include arrival and departure, names, physical location(s), NGA organization code of office responsible for contractor-occupied-space, and employer name, address and phone. Approves badging of contractors upon contractor completion and submittal of Contractor Data Input Record Form to HR and a standardized NGA non-disclosure statement.

CORs shall not direct the contractor in any manner that would be of the type of supervision or control that converts an individual who is an independent Contractor (such as a contractor employee) into a Government employee.

Notwithstanding the delegated duties listed herein, the COR does not possess the authority of a contracting officer and, therefore, shall not alter the terms and conditions of the contract in any way, to include any commitments or changes that will affect cost, price, quality, quantity, delivery, or any other term or condition of the contract. The

## **SECTION H - Special Contract Requirements**

### H.1 DORMANT ACCOUNT REVIEW-QUARTERLY PARTICIPATION

The Dormant Account Review, Quarterly (DAR-Q) process, is the Department of Defense (DoD) requirement to increase the Department's and NGA's ability to use available appropriations before they expire and ensure remaining open obligations are valid and liquidated before the cancellation of the appropriation. NGA disseminates and receives DAR-Q information to and from NGA's Industry Partners using the National Reconnaissance Office (NRO) unclassified Acquisition Research Center (ARC) website. NGA provides consolidated lists of lines of accounting for validation, of which contractor participation is mandatory. Contractors holding NGA contracts and/or orders are required to support the NGA DAR-Q process. Each contractor must select two points of contact (POCs) to establish and maintain active accounts on the unclassified NRO ARC at <https://acq.westfields.net>.

UNCLASSIFIED

## UNCLASSIFIED

Contractor POCs use the following information to register:

- 1.) Full name;
- 2.) SSN (Optional);
- 3.) Unclassified email address;
- 4.) DUNS number; and
- 5.) Unclassified telephone number.

From the <https://acq.westfields.net> homepage, click on "Register" in the upper-right-hand corner of the page; follow the instructions, and enter the requested data. Although not required for DAR-Q compliance, POCs possessing a classified email account may enter that information during registration to also create a classified ARC account.

POCs should be aware that account activation requires the registered user to validate the account by email within 24 hours of registration. Questions or problems related to the website or the registration process should be directed to the unclassified Acquisition Center of Excellence (ACE) Help IT Desk at 703-230-6300 or [acehelpdesk@westfields.net](mailto:acehelpdesk@westfields.net).

NGA will conduct quarterly DAR-Q reviews in accordance with the DoD Financial Management Regulations (FMR). Contractors with dormant Unliquidated Obligations appearing on any specific quarterly DAR-Q review will be notified via the NRO ARC. Once notified, contractor POCs are required to validate and upload the contractors' responses, including supporting documentation, to the NRO ARC by the due date set forth in the relevant timelines outlined by NGA and the FMR.

### H.2 Special Contract Requirements

In any of these events, the Contractor shall promptly notify the Contracting Officer and provide the information required by paragraph (d) below on the proposed replacement for Government approval.

(c) After the initial twelve-month period, the Contractor must obtain Government approval of the substitution prior to removing the approved Key Personnel from performance. All proposed substitutions/additions must be submitted, in writing, to the Contracting Officer at least 30 days (60 days if security clearances are involved) in advance of the proposed substitution and provide the information required by paragraph (d) below.

(d) All requests for substitutions/additions must include a detailed explanation of the circumstances necessitating the proposed substitution or addition, a complete resume for the proposed substitute or addition including skills, experience, education, training, and security level. As determined by the Contracting Officer, all proposed substitutes/additions must have qualifications that meet or exceed the qualifications of the person to be replaced.

(e) The Contracting Officer or his authorized representatives will evaluate the request(s) and the Contracting Officer will notify the Contractor, in writing, of approval or disapproval. Disapproval of the proposed individual(s) shall not provide grounds for nonperformance by the Contractor or form the basis of any claim for monies, delivery schedule extension, or any other equitable adjustment.

(f) The personnel set forth as proposed by the Contractor as identified in the Contractor's proposals as Key Personnel, comprise the list of Key Personnel required to perform under these contracts. The list may be modified in accordance with the above, to substitute or add personnel:

(a) Before awarding any subcontract expected to exceed \$2 million, on the date of agreement on price or the date of award, whichever is later; or before pricing any subcontract modification involving a pricing adjustment expected to exceed \$2 million, the Contractor shall require the subcontractor to submit certified cost or pricing data (actually or by specific identification in writing), in accordance with Federal Acquisition Regulation (FAR) 15.408, Table 15-2 (to include any information reasonably required to explain the subcontractor's estimating process such as the judgmental factors applied and the mathematical or other methods used in the estimate, including those used in projecting from known data, and the nature and amount of any contingencies included in the price), unless an exception under FAR 15.403-1(b) applies. If the \$2 million threshold for submission of certified cost or pricing data is adjusted for inflation as set forth in FAR 1.109(a), then pursuant to FAR 1.109(d) the changed threshold applies throughout the remaining term of the contract, unless there is a subsequent threshold adjustment.

(b) The Contractor shall require the subcontractor to certify in substantially the form prescribed in FAR 15.406-2 that, to the best of its knowledge and belief, the data submitted under paragraph (a) of this clause were accurate, complete, and current as of the date of agreement on the negotiated price of the subcontract or subcontract modification.

(c) In each subcontract that, when entered into, exceeds \$2 million, the Contractor shall insert

either—

(1) The substance of this clause, including this paragraph (c), if paragraph (a) of this clause requires submission of certified cost or pricing data for the subcontract; or

(2) The substance of the clause at 52.215-13, Subcontractor Certified Cost or Pricing Data—Modifications (DEVIATION 2022-O0001).

I.21 52.215-11 (DEVIATION 2022-O0001) PRICE REDUCTION FOR DEFECTIVE CERTIFIED COST OR PRICING DATA--MODIFICATIONS (DEVIATION 2022-O0001) (OCT 2021)

(a) This clause shall become operative only for any modification to this contract involving a pricing adjustment expected to exceed \$2 million on the date of execution of the modification, except that this clause does not apply to any modification if an exception under Federal Acquisition Regulation (FAR) 15.403-1(b) applies.

(b) If any price, including profit or fee, negotiated in connection with any modification under this clause, or any cost reimbursable under this contract, was increased by any significant amount because—

(1) The Contractor or a subcontractor furnished certified cost or pricing data that were not complete, accurate, and current as certified in its Certificate of Current Cost or Pricing Data;

UNCLASSIFIED

UNCLASSIFIED

(2) A subcontractor or prospective subcontractor furnished the Contractor certified cost or pricing data that were not complete, accurate, and current as certified in the Contractor's Certificate of Current Cost or Pricing Data; or

(3) Any of these parties furnished data of any description that were not accurate, the price or cost shall be reduced accordingly and the contract shall be modified to reflect the reduction. This right to a price reduction is limited to that resulting from defects in data relating to modifications for which this clause becomes operative under paragraph (a) of this clause.

(c) Any reduction in the contract price under paragraph (b) of this clause due to defective data from a prospective subcontractor that was not subsequently awarded the subcontract shall be

limited to the amount, plus applicable overhead and profit markup, by which—

(1) The actual subcontract price; or

(2) The actual cost to the Contractor, if there was no subcontract awarded, was less than the prospective subcontract cost estimate submitted by the Contractor; provided, that the actual subcontract price was not itself affected by defective certified cost or pricing data.

(d)(1) If the Contracting Officer determines under paragraph (b) of this clause that a price or cost reduction should be made, the Contractor agrees not to raise the following matters as a defense:

(i) The Contractor or subcontractor was a sole source supplier or otherwise was in a superior bargaining position and thus the price of the contract would not have been modified even if accurate, complete, and current certified cost or pricing data had been submitted.

(ii) The Contracting Officer should have known that the certified cost or pricing data in issue were defective even though the Contractor or subcontractor took no affirmative action to bring the character of the data to the attention of the Contracting Officer.

(iii) The contract was based on an agreement about the total cost of the contract and there was no agreement about the cost of each item procured under the contract.

(iv) The Contractor or subcontractor did not submit a Certificate of Current Cost or Pricing Data.

(2)(i) Except as prohibited by subdivision (d)(2)(ii) of this clause, an offset in an amount determined appropriate by the Contracting Officer based upon the facts shall be allowed against the amount of a contract price reduction if—

(A) The Contractor certifies to the Contracting Officer that, to the best of the Contractor's knowledge and belief, the Contractor is entitled to the offset in the amount requested; and

(B) The Contractor proves that the certified cost or pricing data were available before the "as of" date specified on its Certificate of Current Cost or Pricing Data, and that the data were not submitted before such date.

(ii) An offset shall not be allowed if—

(A) The understated data were known by the Contractor to be understated before the "as of" date specified on its Certificate of Current Cost or Pricing Data; or

(B) The Government proves that the facts demonstrate that the contract price would not have increased in the amount to be offset even if the available data had been submitted before the "as of" date specified on its Certificate of Current Cost or Pricing Data.

(e) If any reduction in the contract price under this clause reduces the price of items for which payment was made prior to the date of the modification reflecting the price reduction, the Contractor shall be liable to and shall pay the United States at the time such overpayment is repaid—

(1) Interest compounded daily, as required by 26 U.S.C. 6622, on the amount of such overpayment to be computed from the date(s) of overpayment to the Contractor to the date the Government is repaid by the Contractor at the applicable underpayment rate effective for each quarter prescribed by the Secretary of the Treasury under 26 U.S.C. 6621(a)(2); and

(2) A penalty equal to the amount of the overpayment, if the Contractor or subcontractor knowingly submitted certified cost or pricing data that were incomplete, inaccurate, or noncurrent.

(End of clause)

I.22 5X252.204-7000-90 PUBLIC RELEASE OF INFORMATION (MAR 2023)

Requests for approval to release information pertaining to this contract (other than past performance) shall be submitted to the Contracting Officer by means of NGA Form 5230-1, National Geospatial-Intelligence Agency Request for Clearance for Public Release.

(b) The contractor may provide past performance information regarding this contract, without completing an NGA Form 5230-1 and without Contracting Officer approval when submission of such information is to the Office of the Director of National Intelligence (ODNI), the Central Intelligence Agency (CIA), the National Reconnaissance Office (NRO), the National Security Agency (NSA), the Defense Intelligence Agency (DIA), and NGA to support source selections at those agencies. The contractor is responsible for the proper classification and handling of such information and shall provide a copy of the information submitted to other agencies to the Contracting Officer.

All large business contractors will be expected to meet and maintain their approved subcontracting goals through the life of the contract in accordance with applicable statutory and regulatory requirements.

(b) Data regarding each large business contractor's small business subcontractor performance shall be provided as follows:

The Comptroller General, at its discretion, shall have access to and the right to examine records of any party to this agreement or any entity that participates in the performance of this agreement that directly pertains to, and involved transactions relating to, the agreement.

Excepted from this requirement is any party to this agreement or any entity that participates in the performance of the agreement, or any subordinate element of such party or entity, that has not entered into any other agreement (contract, grant, cooperative agreement, or "other transaction") that provides for audit access by a government entity in the year prior to the date of the agreement.

This clause shall not be construed to require any party or entity, or any subordinate element of such party or entity that participates in the performance of the agreement, to create or maintain any record that is not otherwise maintained in the ordinary course of business or pursuant to a provision of law.

The Comptroller General shall have access to these records until three years after the date the final payment is made by the United States.

The recipient of the agreement shall flow down this provision to any entity that participates in the performance of the agreement.

Local Prescription:

All Agreement Officers shall include the enclosed clause that provides access by the Comptroller General to records that directly pertain to other transactions for prototype solicitations and agreements awarded under the authority of 10 U.S.C. 2371. This clause is required only for those agreements in which the total government payments are in excess of \$5,000,000.
2. However, if a contractor or member of a consortium being awarded the other transaction for prototype agreement has not entered into a contract, grant, cooperative agreement or other transaction agreement that contains such an audit clause within the year prior to the date of the prototype agreement, there is no requirement for the audit clause.
3. This requirement may be waived by the head of the contracting activity if it is determined that it would not be in the public interest to apply the requirement to the agreement. If the requirement is waived, a notification must be

(a) The Contractor shall engage in a collaborative/iterative process with NGA [specifically the National Center for Geospatial Intelligence Standards (NCGIS) and the NGA Architecture and Standards Board's (NASB) Integrated Architecture Working Group (IAWG)], to identify and assess standards selected from NSG Enterprise Architecture Standards Views (StdV-1 and StdV-2) in order to implement mandated

standards through the use of Capability Standards Profiles (CSP) for the specific GEOINT capability being delivered.

(b) The Contractor shall review NSG StdV-1 and StdV-2 updates for new and emerging standards annually, in accordance with DOD IT Standards Registry (DISR)/IC Standards Registry (ICSR) mandated baselines, which may impact the NPX CSP. This

assessment shall include cost data, interoperability factors and developer recommendations which will be provided during scheduled program reviews established by Program Management.

(c) The Contractor shall use, reuse and/or extend existing mandated or emerging GEOINT standards and profiles where such use/reuse benefits interoperability and supports cost, schedule, and performance measures. Only where existing standards fail to meet a specific functionality supporting the program's desired capability may the Contractor recommend alternative standards to be followed in the NPX CSP design. These recommendations will include supporting rationale, drawing on the contractor's knowledge of applicable industry standards, other standards cited in the DISR, ICSR/IC Enterprise Registry and Repository (ER2), or evolving/emerging community standards.

(d) The Contractor shall submit waivers through the Program Manager to the NASB when selecting/implementing standards inconsistent with NGA's StdV-1 and/or those prescribed in DISR/ICSR/ER2, and may be required to brief the government regarding the use of non-StdV-1 standards if they are necessary to satisfy NPX capability and functionality.

(e) The Contractor shall provide the Government access to the CSPs and required architecture views, and present status of CSP and standards conformance at Government readiness reviews if requested.

(f) The Contractor shall obtain Government approval for changes to the NPX CSP. At a minimum, approval shall come from the Program Office/NCCB and the NASB for impacts to the Architecture and NSG interoperability.

(g) The Contractor shall obtain final approval from the cognizant NGA contracting officer prior to implementing NPX CSP changes that affect the requirements of the contract.

(c) Contractor personnel are not prohibited from performing work on a holiday, unless the labor category is not authorized to work as negotiated in the contract. The following list identifies the labor categories that are not authorized to perform work on a holiday based on negotiated terms. Labor categories included on this list are expected to complete their workday as scheduled when NGA government employees are authorized early release prior to a holiday (e.g. two hour early release) or other such benefit that applies to NGA government employees only.

Unless otherwise directed by the Contracting Officer, no work shall continue in the absence of available funding on the contract. A Contracting Officer will issue specific stop-work notices to those contractors who must stop work due to the government shutdown. Once a stop-work notice is received, contractors should implement an orderly shutdown (e.g., secure files, make preparations to preserve work, etc...). Unless otherwise directed by the Contracting Officer, the stop-work order will automatically lift when Congress appropriates funds and work performance should resume provided there is funding on the contract.

(c) In specific reference to (a)2 through (a)5, the Contractor's personnel may be authorized by the cognizant Contracting Officer or Contracting Officer's Representative (COR) to work during a Government shutdown or closure as described in this clause, as long as any work performed does not result in the incurrence of any form of holiday, premium or differential compensation or additional costs for alternate work locations to be reimbursed by the Government as a direct or non-nominal indirect cost. Unless otherwise explicitly authorized by another clause, such costs are not allowable under the Contract. Further, when services are not performed (e.g., a contractor employee takes leave) the non-working hours are not allowable as a direct charge under the Contract.

However, the term does not include contracts that exceed five years in duration because the period of performance has been extended for a cumulative period not to exceed six months under the clause at 52.217-8, Option to Extend Services, or other appropriate authority.

*Small business concern-*

(1) Means a concern, including its affiliates, that is independently owned and operated, not dominant in its field of operation, and qualified as a small business under the criteria in 13 CFR part 121 and the size standard in paragraph (c) of this clause.

(2) Within 30 days after a merger or acquisition that does not require a novation or within 30 days after modification of the contract to include this clause, if the merger or acquisition occurred prior to inclusion of this clause in the contract.

(3) For long-term contracts-

(ii) Within 60 to 120 days prior to the date specified in the contract for exercising any option thereafter.

(c) The Contractor shall rerepresent its size status in accordance with the size standard in effect at the time of this rerepresentation that corresponds to the North American Industry Classification System (NAICS) code(s) assigned to this contract. The small business size standard corresponding to this NAICS code(s) can be found at <https://www.sba.gov/document/support--table-size-standards>.

(d) The small business size standard for a Contractor providing an end item that it does not manufacture, process, or produce itself, for a contract other than a construction or service contract, is 500 employees, or 150 employees for information technology value-added resellers under NAICS code 541519, if the acquisition-

(1) Was set aside for small business and has a value above the simplified acquisition threshold;

(2) Used the HUBZone price evaluation preference regardless of dollar value, unless the Contractor waived the price evaluation preference; or

(3) Was an 8(a), HUBZone, service-disabled veteran-owned, economically disadvantaged women-owned, or women-owned small business set-aside or sole-source award regardless of dollar value.

(e) Except as provided in paragraph (g) of this clause, the Contractor shall make the representation(s) required by paragraph (b) of this clause by validating or updating all its representations in the Representations and Certifications section of the System for Award Management (SAM) and its other data in SAM, as necessary, to ensure that they reflect the Contractor's current status. The Contractor shall notify the contracting officer in writing within the timeframes specified in paragraph (b) of this clause, that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

I.99 52.232-32 PERFORMANCE-BASED PAYMENTS. (APR 2012)

(a) *Amount of payments and limitations on payments.* Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract's description of the basis for payment.

(b) *Contractor request for performance-based payment.* The Contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the Contracting Officer. Unless otherwise authorized by the Contracting Officer, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The Contractor's request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.

(c) *Approval and payment of requests.* (1) The Contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The Contracting Officer shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The Contracting Officer may, at any time, require the Contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.

(2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the [Contracting Officer insert day as prescribed by agency head; if not prescribed, insert "30th"] day after receipt of the request for performance-based payment by the designated payment office. However, the designated payment office is not required to provide payment if the Contracting Officer requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (a) of this clause, or into the Contractor certification. The payment period will not begin until the Contracting Officer approves the request.

(3) The approval by the Contracting Officer of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the Contractor from performance of obligations under this contract.

(d) *Liquidation of performance-based payments.* (1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either predesignated liquidation amounts or a liquidation percentage.

(2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the Contractor shall repay to the Government the excess. Unless otherwise determined by the Contracting Officer, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.

(e) *Reduction or suspension of performance-based payments.* The Contracting Officer may reduce or suspend performance-based payments, liquidate performance-based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

(1) The Contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).

(2) Performance of this contract is endangered by the Contractor's (i) failure to make progress or (ii) unsatisfactory financial condition.

(3) The Contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

(f) *Title.* (1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract,

(2) *Property*, as used in this clause, includes all of the following described items acquired or produced by the Contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:

(i) Parts, materials, inventories, and work in process;

(ii) Special tooling and special test equipment to which the Government is to acquire title;

(iii) Nondurable (*i.e.*, noncapital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and

(iv) Drawings and technical data, to the extent the Contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.

(3) Although title to property is in the Government under this clause, other applicable clauses of this contract (*e.g.*, the termination clauses) shall determine the handling and disposition of the property.

(4) The Contractor may sell any scrap resulting from production under this contract, without requesting the Contracting Officer's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the Contracting Officer.

(5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the Contractor shall obtain the Contracting Officer's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

UNCLASSIFIED

(6) When the Contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the Contractor for all property (or the proceeds thereof) not-

(i) Delivered to, and accepted by, the Government under this contract; or

(ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.

(7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.

(g) *Risk of loss.* Before delivery to and acceptance by the Government, the Contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is lost (see 45.101), the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the Contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.

(h) *Records and controls.* The Contractor shall maintain records and controls adequate for administration of this clause. The Contractor shall have no entitlement to performance-based payments during any time the Contractor's records or controls are determined by the Contracting Officer to be inadequate for administration of this clause.

(i) *Reports and Government access.* The Contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the Contracting Officer for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The Contractor shall give the Government reasonable opportunity to examine and verify the Contractor's records and to examine and verify the Contractor's performance of this contract for administration of this clause.

(j) *Special terms regarding default.* If this contract is terminated under the Default clause, (1) the Contractor shall, on demand, repay to the Government the amount of unliquidated performance-based payments, and (2) title shall vest in the Contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.

(k) *Reservation of rights.* (1) No payment or vesting of title under this clause shall (i) excuse the Contractor from performance of obligations under this contract or (ii) constitute a waiver of any of the rights or remedies of the parties under the contract.

(2) The Government's rights and remedies under this clause (i) shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract and (ii) shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.

(l) *Content of Contractor's request for performance-based payment.* The Contractor's request for performance-based payment shall contain the following:

(1) The name and address of the Contractor;

(2) The date of the request for performance-based payment;

(3) The contract number and/or other identifier of the contract or order under which the request is made;

(4) Such information and documentation as is required by the contract's description of the basis for payment; and

(5) A certification by a Contractor official authorized to bind the Contractor, as specified in paragraph (m) of this clause.

(m) *Content of Contractor's certification.* As required in paragraph (l)(5) of this clause, the Contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that-

(1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the Contractor, in accordance with the contract and the instructions of the Contracting Officer;

(2) (Except as reported in writing on \_\_\_\_\_), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business;

(3) There are no encumbrances (except as reported in writing on \_\_\_\_\_) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title;

(4) There has been no materially adverse change in the financial condition of the Contractor since the submission by the Contractor to the Government of the most recent written information dated \_\_\_\_\_; and

(5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract.

(b) Any offeror submitting a proposal which, if accepted, will result in a contract subject to the requirements of 48 CFR chapter 99 must, as a condition of contracting, submit a Disclosure Statement as required by 48 CFR 9903.202. When required, the Disclosure Statement must be submitted as a part of the offeror's proposal under this solicitation unless the offeror has already submitted a Disclosure Statement disclosing the practices used in connection with the pricing of this proposal. If an applicable Disclosure Statement has already been submitted, the offeror may satisfy the requirement for submission by providing the information requested in paragraph (c) of part I of this provision.
