

Important Information:

- Applications are due June 1, 2026 at 11:59:59pm Eastern
- You must download the Grants.Gov application package and submit the “Application for Federal Assistance (SF-424)” with the “Attachments” form with your application. The instructions for those forms are detailed below.
- The following attachments should also be included with your package: a project narrative (with cover page), your benefit-cost analysis package (consisting of an unprotected Excel file and BCA narrative), and any other relevant supporting information. (Note: the BCA requirement does not apply to small projects at small ports). See the NOFO for additional information on supporting documentation.
- Applicants are encouraged to submit a SF-424C form with their application (instructions can be found below). Please note that the SF-424C webform does not allow decimal entries in line 17, which may affect how you enter percentages for local cost share. Enter the closest whole number possible on the SF-424C to approximate your cost shares. However, ensure that your SF-424 form (without the "C") accurately reflects the exact Federal and non-Federal cost shares and amounts. PIDP technical reviewers will primarily evaluate the numbers on the SF-424 and the detailed budget breakdown provided in your application narrative, rather than the approximations on the SF-424C.
- Grants.gov technical support is available:
 - Online: <http://www.grants.gov/web/grants/support.html>
 - By phone (M-F, 7am-9pm ET: 1-800-518-4726, excluding Federal holidays)
 - By email: support@grants.gov
