

USAID/West Bank and Gaza

Notice of Funding Opportunity (NFO) Number: NFO-294-15-000001, Gaza 2020 – Health Matters

Amendment #3

Section A.1.c, Page 11, delete the following paragraph:

Gaza 2020: Health Matters is designed primarily to support activities in Gaza. However, if emergency health situations also arise in the West Bank, the Recipient will pivot to support emergency conditions in the West Bank, if requested in writing by the Recipient or AOR and approved in writing by the USAID Agreement Officer. In such circumstances, the Crisis Response Fund may be used to support this element if required procedures for its utilization are followed (see below).

And replace with the following:

Gaza 2020: Health Matters is designed primarily to support activities in Gaza. However, if emergency health situations also arise in the West Bank, the Recipient will pivot to support emergency conditions or essential services in the West Bank, if requested in writing by the Recipient or AOR and approved in writing by the USAID Agreement Officer. In emergency circumstances, the Crisis Response Fund may be used to support this element if required procedures for its utilization are followed (see below). The Recipient may also cooperate with USAID to direct assistance under IR2 and IR3 to select West Bank communities on a case by case basis.
