Funding Opportunity Title: Senegal-Mauritania Gender Focused Community Engagement

Funding Opportunity Number: SFOP0009507

Deadline for Applications: May 12, 2023, 12:00pm EST

Assistance Listing Number: 19.701

A. PROGRAM DESCRIPTION

The Bureau of Counterterrorism (CT) of the U.S. Department of State announces an open competition for organizations to submit applications to bring together law enforcement and female community members on both sides of the Senegal and Mauritania border to develop increased reporting, community engagement with local law enforcement, and promote female participation in critical security discussions. This program will contribute to the following U.S. Department of State strategic goals:

1. Goal 1: Civilian security services in West Africa have the will and capacity to counter terrorism within a rule of law framework. *(2023 – 2024 Bureau of Counterterrorism Regional Framework for West Africa)*
2. Goal 2: West African governments, civil society partners, and local communities mitigate and prevent the spread and appeal of radicalizing terrorist ideologies. *(2023 – 2024 Bureau of Counterterrorism Regional Framework for West Africa)*
3. Goal 3: Regional and multilateral efforts in West Africa reinforce African leadership, strengthen international norms, and enhance overall security. *(2023 – 2024 Bureau of Counterterrorism Regional Framework for West Africa)*

In Senegal and Mauritania, border units and border communities do not appear to understand what early signs of terrorist organizations operating in the area look like. As seen in many countries and communities, women have critical information and expertise regarding their communities and cross-border activity but are rarely engaged to address security issues due to stigma and gender bias. Women in border communities are typically underutilized and under-engaged in counterterrorism investigations and intelligence by rural law enforcement, which are primarily comprised of male officers who lack gender-oriented community policing training.

Priority Country or Region: Senegal, Mauritania

Program Objective(s): This project will utilize the local community networks and fora cultivated by previously funded U.S. Department of State programs to promote the importance of

engaging women in border communities through workshops, exercises, and trainings between women in border communities and local law enforcement. This program will build off of previously CT-funded programs which enhanced institutional capacities in securing and managing borders by promoting stronger community engagement and developing more coherent approaches to border management, inter-agency cooperation and coordination, and cross-border interoperability. This was done through the establishment and cultivation of local community foras, crisis simulation exercises, tabletop exercises, regional study visits, and awareness raising campaigns through the use of social theater groups. Additionally, this program should build off a current CT program which aims to identify early warnings and indicators of violent extremist groups along the Eastern border of Senegal, through the use of community dialogue, coordination with local law enforcement and exercises.

Through this program, CT aims to bolster border law enforcement intelligence gathering and community policing capacities, through strengthening relationships with women in communities and providing law enforcement training on the importance of women's roles in the border security environment.

Goal: Senegalese and Mauritanian border security law enforcement units and female community members are regularly engaged in security discussions and dialogue to 1) emphasize the importance of women in countering terrorism and 2) share information and expertise.

Objective 1: Local law enforcement in Senegal and Mauritania; the U.S. government; and the international community have a deepened understanding of current roles for women in security in the Senegal-Mauritania border region, identified gaps, and opportunities for greater women participation.

- The proposal **must** include plans to conduct a comprehensive assessment that identifies:
 - The ratio of women to men in border villages who are currently able to participate in security round tables and discussions.
 - Existing opportunities for women (round tables, exercises, community events, informal channels, etc.) to discuss security concerns as well as current gaps and opportunities
 - Women's security reporting structures in local communities, if any.
- The proposal **must** include plans to provide gender-awareness training to relevant law enforcement regarding women's roles in countering terrorism.

Objective 2: Female members of local communities on the Senegal-Mauritania border have adequate access to security reporting structures and understand law enforcement's role in countering terrorism along the border.

- The proposal **must** outline innovative ways to bring female community members and law enforcement entities together to discuss security situations and develop reporting mechanisms.

- This should include but is not limited to working groups, joint trainings, familiarization campaigns, and community dialogue forums.
- The proposal ***should*** also demonstrate a plan to regularize dialogues and institutionalize identified reporting mechanisms.

Participants and Audiences: Women in local communities, law enforcement units, and key stakeholders operating along the Senegalese – Mauritanian border.

8. Unique Entity Identifier and System for Award Management (SAM.gov) Required Registrations

All prime organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI), formerly referred to as DUNS, and an active registration with the SAM.gov **before submitting an application**. CT may not review applications from or make awards to applicants that have not completed all applicable UEI and SAM.gov requirements. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards.

Note: As of April 2022, a DUNS number is no longer required for federal assistance applications.

The 2 CFR 200 requires that sub-grantees obtain a UEI number. Please note the UEI for sub-grantees is not required at the time of application but will be required before the award is processed and/or directed to a sub-grantee.

Note: The process of obtaining a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

- Organizations **based in the United States** or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS), a Commercial and Government Entity (CAGE) code, and a UEI number prior to registering in SAM.gov.
- Organizations **based outside of the United States** and that do not pay employees within the United States do not need an EIN from the IRS, but do need a UEI number prior to registering in SAM.gov. **Please note that as of December 2022, organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO CAGE (NCAGE) code to apply for non-DoD foreign assistance funding opportunities.** If an applicant organization is mid-registration and wishes to remove an NCAGE code from their sam.gov registration, the applicant should submit a help desk ticket ([“incident”](#)) with the Federal Service Desk (FSD) online at www.fsd.gov using the following language: “I do not intend to seek financial assistance from the Department of Defense. I do not wish to obtain a CAGE or NCAGE code. I understand that I will need to submit my registration after this incident is resolved in order to have my registration activated.”

All prime organizations must also continue to maintain active SAM.gov registration with current information at all times during which they have an active Federal award or application under consideration by a Federal award agency. SAM.gov requires all entities to renew their registration once a year in order to maintain an active registration status in SAM. It is the responsibility of the applicant to ensure it has an active registration in SAM.gov and to maintain that active registration. If an applicant has not fully complied with the requirements at the time of application, the applicant may be deemed technically ineligible to receive an award and use that determination as a basis for making an award to another applicant.

Note: SAM.gov is not the same as SAMS Domestic. It is free of charge to register in both systems, but the registration processes are different.

Information is included on the SAM.gov website to help international registrations, including [“Quick Start Guide for International Registrations”](#) and [“Helpful Hints.”](#) Navigate to www.SAM.gov, click [“HELP”](#) in the top navigation bar, then click, [“Explore”](#) and [“New to SAM.gov?”](#) for general information. Please note, guidance on SAM.gov and the guidance on GSA’s website about requirement for registering in SAM.gov is subject to change. Applicants should review the website for the most up-to-date guidance.

Exemptions

An exemption from these requirements may be permitted on a case-by-case basis if:

- An applicant's identity must be protected due to potential endangerment of their mission, their organization's status, their employees, or individuals being served by the applicant.
- For an applicant, if the Federal awarding agency makes a determination that there are exigent circumstances that prohibit the applicant from receiving a unique entity identifier and completing SAM registration prior to receiving a Federal award. In these instances, Federal awarding agencies must require the recipient to obtain a unique entity identifier and complete SAM registration within 30 days of the Federal award date.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the RSOIC at least **two weeks prior to the deadline in the NOFO providing a justification of their request**. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

Note: As of December 2022, organizations based outside of the United States that do not intend to apply for U.S. Department of Defense (DoD) awards are no longer required to have a NATO CAGE (NCAGE) code to apply for non-DoD foreign assistance funding opportunities.

1. Submission Dates and Times

Applications are due no later than 12:00 p.m. on May 12, 2023.

2. Funding Restrictions

This program will be funded from the Department of State's Nonproliferation, Anti-terrorism, Demining, and Related Programs (NADR) foreign assistance funding account, which is intended to enhance partner nations' law enforcement counterterrorism capacities. Leahy Vetting will be required for any training associated with law enforcement.

3. Other Submission Requirements

All application materials must be submitted electronically through SAMS Domestic and www.Grants.gov

Final approval resides with the Department of State Grants Office.

3. Responsibility/Qualification Information in SAM.gov (formerly, FAPIIS)

The Federal awarding agency, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any

information about the applicant that is in the U.S. government designated integrity and performance system accessible through SAM.gov (see 41 U.S.C. 2313);

An applicant, at its option, may review and comment on any information about itself that a Federal awarding agency previously entered. Currently, federal agencies create integrity records in the integrity module of the Contractor Performance Assessment and Reporting System (CPARS) and these records are visible as responsibility/qualification records in SAM.gov;

The Federal awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in §200.206 Federal awarding agency review of risk posed by applicants.

4. Anticipated Announcement and Federal Award Dates

The successful applicant will receive notification within approximately nine to twelve weeks of the closing of this announcement. Time to award will depend on date of NOFO close and availability of funding. The U.S. Department of State is under no obligation to fund any of the proposals submitted under this funding opportunity.

F. FEDERAL AWARD ADMINISTRATION INFORMATION

1. Federal Award Notices

The grant award will be written, signed, awarded, and administered by the Grants Officer. The assistance award agreement is the authorizing document and it will be provided to the recipient for review and signature by email. The recipient may only start incurring program expenses beginning on the start date shown on the grant award document signed by the Grants Officer.

If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding. Renewal of an award to increase funding or extend the period of performance is at the discretion of the Department of State.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Furthermore, the U.S. government reserves the right to reject any or all proposals received.

Payment Method: The Department has mandated PMS to be the sole electronic payment method for domestically awarded Federal financial assistance to U.S.-based organizations where the recipient is expected to receive multiple payments. PMS is not usually used for awards where the recipient will receive a single lump-sum payment.

2. Administrative and National Policy Requirements

Before submitting an application, applicants should review all the terms and conditions and required certifications that will apply to this award to ensure that they will be able to comply.

These include:

- [2 CFR 25 - UNIVERSAL IDENTIFIER AND SYSTEM FOR AWARD MANAGEMENT](#)

At a minimum, written quarterly financial and program reports should be sent to CT's reporting mailbox at ctprogramsreporting@state.gov, the GOR, and uploaded to SAMS. The grant recipient agrees to use CT's program reporting template, describing key activities undertaken during the reporting period towards accomplishment of the state objectives. The award document will specify how often these reports must be submitted. Applicants should be aware of the post award reporting requirements reflected in [2 CFR 200 Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters](#)

Recipients will be required to develop and submit a performance monitoring plan detailing how progress towards program objectives will be measured. The grant recipient agrees to use CT's performance monitoring plan template to indicate the indicator(s) they will use to evaluate program objectives, the target value, and how data will be collected (data source, frequency, and person responsible) to be reported out in quarterly performance reports. A "how to" guide may also be made available upon request.

Foreign Assistance Data Review: As required by Congress, the Department of State must make progress in its efforts to improve tracking and reporting of foreign assistance data through the Foreign Assistance Data Review (FADR). The FADR requires tracking of foreign assistance activity data from budgeting, planning, and allocation through obligation and disbursement. Successful applicants will be required to report and draw down federal funding based on the appropriate FADR Data Elements, indicated within their award documentation. In cases of more than one FADR Data Element, typically program or sector and/or regions or country, the successful applicant will be required to maintain separate accounting records.
