All project will be reviewed using the described Merit Review Criteria, please review criteria to insure proposals are appropriate for this announcement.

Additional Information

Executive Summary

DO NOT APPLY THROUGH GRANTS.GOV. Grant applications will only be accepted through grantsolutions.gov.

Quagga and Zebra Mussels are aquatic invasive species that are rapidly expanding their range in the Western United States. Popular recreational reservoirs on or connected to the lower Colorado River are one major source of invasive mussels, which are easily transported via trailered watercraft to areas that have not yet been invaded. This Request For Proposals (RFP) will fund proposals in the listed principal areas towards the fulfillment of the top priorities in the Quagga/Zebra Mussel Action Plan for Western U.S. Waters (QZAP 2.0) and will be limited to

states within the boundaries of the Western Regional Panel within the United States, not including Canada and Mexico.
