ACL Center:

Administration on Aging

Funding Opportunity Title:

Innovations in Nutrition Programs and Services - Statewide Research

Funding Opportunity Number:

HHS-2021-ACL-AOA-INNU-0092

Primary CFDA Number:

93.045

Due Date for Letter of Intent:

04/23/2021

Due Date for Applications:

05/24/2021

Date for Informational Conference Call:

04/15/2021

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <https://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

Executive Summary

Additional Overview Content/Executive Summary

Through this funding opportunity, the Administration on Aging (AoA), part of the Administration for Community Living (ACL), plans to award approximately 2 cooperative agreements to domestic public or private non-profit entities for a 36 month project period, pending the availability of funding.

This funding opportunity provides for competitive grants to be awarded under the Older

Americans Act (OAA) Title III authority to develop and implement evidence-based practices for enhancing senior nutrition.

Projects funded through this announcement must:

Test and validate the effectiveness of policies developed during COVID-19 that have shown some level of effectiveness and have strong potential for replication for statewide policies by the aging services network and sustainability using OAA Title IIIC-1 funding.

These cooperative agreements have an anticipated start date of September 1, 2021.

An informational conference call will be held on Thursday, April 15 from 2:00 pm - 3:00 pm EST. The dial-in information is below:

Toll Free Number: 888-982-7409

Passcode: 6111685

A recording will be available approximately one hour after the call concludes at the following number:

Toll Free Playback Number: 866-465-2113

I. Funding Opportunity Description

Background

Overview of the Senior Nutrition Program (SNP)

The Older Americans Act (OAA), administered by the Administration for Community Living, (ACL) provides funding to support a wide array of home and community-based services (HCBS) within a long-term services and support system. The purpose of these services is to maximize the independence, well-being and health of older adults and allow them to live at home for as long as possible.

The OAA Senior Nutrition Program (SNP) helps older Americans remain healthy and independent in their communities by providing meals and related services in a variety of community settings (including congregate facilities, such as senior centers) and via home-delivery to older adults,. ACL funds services in all 50 states, the District of Columbia, and five territories through a network of 622 area agencies on aging and more than 7,000 local nutrition service providers through Title III [1]. Services are provided to adults age 60 and older and spouses of any age in Title III programs. The OAA creates an option for programs to offer meals to limited, additional populations; further eligibility criteria are determined by states and local entities. [1] In addition to the Title III program in states and territories, the OAA funds nutrition services for American Indians, Alaska Natives and Native Hawaiians. Native American Nutrition and Supportive Services, Title VI, provides grants to over 276 eligible tribal organizations to promote the delivery of Nutrition and Home and Community-Based Supportive Services to Native elders through Title VI [2] In Title VI programs, the tribal organization determines eligibility age.

The purposes of the SNP are to: a) reduce hunger, food insecurity and malnutrition, b) promote socialization, and c) promote health and well-being by delaying the onset of adverse health conditions and assisting individuals in gaining access to nutrition and other disease prevention and health promotion services that delay the onset of health conditions resulting from poor

nutritional health or sedentary behavior. Socialization approaches enhance the opportunity for human connection. Services target older adults who are low-income, minority, rural, those with limited English proficiency and those at risk for institutionalization.

The SNP includes congregate and home-delivered meals, nutrition screening, assessment, counseling and education, as well as opportunities for social engagement. Meals are required to meet the 2020-2025 Dietary Guidelines for Americans as well as the Dietary Reference Intakes. OAA programming is person-centered and provides a mix of services to meet the widely differing needs of a diverse population of older adults.[3] These services help older adults maintain their physical, mental and social health and manage nutrition-related diseases such as heart disease, hypertension, and diabetes.[4,5] SNP participants benefit from information on healthy aging and access to additional HCBS services such as transportation, benefits counseling, physical activity programs, and evidence-based workshops (eg, chronic disease self-management, falls prevention, etc). Additional purposes of OAA services, including nutrition services, focus on addressing the social determinants of health, which are defined in Healthy People 2030 as "the conditions in the environments in which people are born, live, learn, work, play, worship, and age that affect a wide range of health, functioning, and quality-of-life outcomes and risks". Social determinants of health include access to healthy food, food security, social connectedness and availability of community-based nutrition programs. [6]

State Units on Aging have the responsibility to develop policies, procedures, guidance and technical assistance for nutrition service implementation. While a State Unit on Aging may delegate some of this responsibility to Area Agencies on Aging (AAAs) or Local Service Providers (which may also establish further detailed policies and procedures), statewide policies have an inherent ability to impact the respective state's population's health status.

It is critical that ACL work with the aging services network to validate and/or test new models, especially in light of COVID-19, to modernize services to ensure that nutrition services are achieving their intended outcomes, and that every dollar is spent effectively to ensure the sustainability of these services. Translating the knowledge generated by this research into evidence-based models for delivering the SNP and programs at the community level is essential to ensuring the continued efficacy and efficiency of the nutrition programs.

Coronavirus Impacts

Due to the coronavirus 2019 (COVID-19) pandemic, the SNP has experienced significant transformations in service types and delivery methods, as well as a surge in numbers of persons served by the program. Stay-at-home orders, illness and heightened vulnerability of older adults to the virus— along with the closing of many workplaces, senior centers and meal sites – has and continues to greatly impact the SNP eligible population, as well as the SNP workforce (including volunteers), resources (food, protective equipment, etc), services (groceries, grab-and-go meals, etc.) and operations (delivery frequency, virtual programming, data collection, etc). Guidelines and information regarding these changes, as well as funding and financial requirements, are fully detailed at the ACL website. [7,8]

COVID-19 has shifted service delivery almost exclusively to home delivered meals. ACL is therefore interested in applications which propose potentially successful approaches of

transitioning to and sustaining congregate meal programs, and provision of nutrition education for this funding announcement.

Purpose and Goals of this Announcement:

The purpose of this funding opportunity is to [verify the effectiveness of SNP innovative policies created during COVID-19 in order to improve health indicators among those served or the capacity of organizations](#) to provide services. Project goals and outcomes must relate to the OAA SNP intents (specifically: 1) reduce hunger, food insecurity and malnutrition, 2) promote socialization (socialization approaches enhance the opportunity for human connection), and 3) promote health and well-being by delaying the onset of adverse health conditions, through the provision of meals and associated nutrition services to vulnerable older adults who are in greatest social and economic need.). Proposed policies must have strong potential for replication by the aging services network and sustainability using OAA Title IIIC-1 funding.

Applications should include detailed descriptions of the development and implementation of statewide policies that support transitioning to and sustaining congregate meal programs and delivering impactful nutrition education.

“Statewide” Title IIIC-1 policy is defined as policy which impacts the Title IIIC-1 nutrition program services or operations of all SNP providers throughout a state, or territory, as applicable; statewide policies may address how Title III organizations coordinate with Title IV grantees to serve native elders.

Examples of potential project ideas are listed below (not an exclusive list, offered for context):

- Statewide malnutrition screening policies for congregate meal participants, and related referral mechanisms to HCBS services based on social determinants of health including diet, socialization and health/well-being. Planned outcomes demonstrate how addressing OAA intent areas create cost-savings to the wider community (eg, reducing caregiver or older adults’ workplace sick days, enhancing state or local tax base, reducing fire and emergency services visits, etc).
- Policies regarding use of media, assessment frameworks, and partnership models created during COVID-19 which identify and transition home delivered meals recipients, including those in tribal areas, to congregate meal sites, while demonstrating impact on socialization, diet quality and health/well-being.
- Policies for effective in-person, hybrid, and virtual nutrition education and socialization standards for congregate meal providers.
- Policies which support new congregate meal program models that leverage COVID-19 food delivery and program implementation that bring all aspects of the OAA intents to new populations, especially those targeted by the OAA. For example, outreach and services for native elders being served by Title III programs, through Title VI grantees who collaborate by informing culturally appropriate menu design and nutrition education.
- Implement COVID-19 learnings and policies on training curricula and certification standards for staff and volunteers to deliver nutrition education, health and well-being, or socialization interventions (appropriate for skill level) to congregate meal clients, including for those who transition from home delivered meals.

Innovative policies selected for evaluation must align with health equity approaches [9] and the OAA by targeting services to underserved older adults with greatest social and economic need, to permit such individuals to remain in home and community-based settings. The at-risk population should include older adults who formerly participated in the congregate nutrition program and other community-based programs, whose activity levels, access to healthy food, as well as opportunities to connect socially with others, grocery shop, obtain medical care, and exercise may have declined or changed significantly during COVID-19. These individuals, who previously were vigorous and independent, may have experienced declines in nutritional health, food security, physical capabilities, mental health and social connection.

Applicants' proposals must focus on creating partnerships between Universities, Tribal Colleges and Universities (TCUs), or other research organizations in collaboration with aging services network organizations to test innovative programs or practices for the SNP. Testing and evaluating efforts should focus on enhancing the quality, effectiveness and sustainability of older adult nutrition programs services, in times of emergencies but also sustainable during non-emergency situations.

Note: An applicant should consult ACL programmatic evaluations of the SNP [10], the National Survey of OAA Participants [10], relevant national datasets [11,12] and the Inter-university Consortium for Political and Social Research (ICPSR) [13] when preparing its application.

Projects funded through this announcement must:

Focus on validating Title III policy innovations implemented since the start of COVID-19. Applicants should ask themselves the question, *"Is this statewide policy truly innovative and what difference has it made for individuals or organizations?"* when conceptualizing ideas. Applicants should also reference previously funded ACL Innovation in Nutrition projects to prevent duplication of efforts [6].

A separate announcement (HHS-2021-ACL-AOA-INNU-0084) invites Innovations in Nutrition Services and Program applications with a focus on Community Research projects.

Statutory Authority

Department of Defense and Labor, Health and Human Services, and Education Appropriations Act and the Older Americans Act section 411.

II. Award Information

Funding Instrument Type:

CA (Cooperative Agreement)

Estimated Total Funding:

\$ 1,000,000

Expected Number of Awards:

2

Award Ceiling:

\$ 600,000

Per Budget Period

Award Floor:

\$ 400,000

Per Budget Period

Length of Project Period:

36-month project period with three 12-month budget periods

Additional Information on Project Periods and Explanation of 'Other'

Through this funding opportunity, the Administration on Aging (AoA), part of the Administration for Community Living (ACL), plans to award approximately 2 cooperative agreements to domestic public or private non-profit entities for a 36 month project period, pending the availability of funding.

Under this competition, AoA/ACL will award cooperative agreements in the amount of \$400,000 to \$600,000 for each of the three 12-month budget periods, subject to availability of funds. This award is competitive, and applications will be evaluated in part on applicants' stated plan of

action and their demonstrated capacity to effectively and expeditiously begin implementing their grant activities within sixty days of their grant award. As provided by the terms of the Federal Grant and Cooperative Agreement Act of 1977 (P.L. 95-224), this funding opportunity announcement will result in a cooperative agreement which provides for the substantial involvement and collaboration of ACL/AoA in activities that the recipient organization will carry out in accordance with the provisions of the approved grant award.

The grantee agrees to execute the responsibilities outlined below:

1. Participate in technical assistance related calls at least monthly, or at such other times as are agreed upon, to improve the effectiveness of the activities carried out under this Agreement.
2. Fulfill all of the requirements of the grant initiative as outlined in this program announcement, as well as carry out project activities as reviewed, approved, and awarded in the grantee workplan.
3. Collaborate with ACL in the planning and finalization of the evaluation plan.
4. Collaborate with ACL in the execution of the work plan and in understanding the programmatic and budgetary issues of the project. Based on these discussions and emerging issues in the field, if necessary, the grantee will revise the project work plan and/or budget detailing expectations for major activities and products.
5. Commit to sending at least one project representative to two nutrition and/or aging-relevant conferences a year. The identification of the conferences will be mutually agreed upon by the ACL project officer and the Project Director.
6. Participate in any national evaluations of the program(s) they have proposed.
7. Commit to sending 1-2 project staff to a yearly Innovations in Nutrition grantee convening. Attendance is expected annually for the duration of your grant activities (including any no-cost extension period, if applicable). As part of that commitment, include funds in your budgets for each budget year for 1-2 people to attend the convening (assume Washington, D.C. per diem amount).
8. Participate in dissemination related activities such as webinars and conference sessions as requested by the ACL project officer (minimum once annually).
9. Commit to developing a "how to guide" as advised by the ACL project officer for potential aging services network replication of this project type.
10. Include the following disclaimer on all products produced using this grant funding: "This project was supported, in part by grant number 90XX####, from the Administration for Community Living, U.S. Department of Health and Human Services, Washington, D.C. 20201. Grantees undertaking projects with government sponsorship are encouraged to express freely their findings and conclusions. Points of view or opinions do not, therefore, necessarily represent official ACL policy."

The AoA project officer agrees to execute the responsibilities outlined below:

1. Assist the grantee project leadership in understanding the strategic goals and objectives, policy perspectives, and priorities of AoA, ACL, the U.S. Department of Health and Human Services, and other federally sponsored projects and activities relevant to activities funded under this announcement.
2. Provide technical advice and assistance in conjunction with the National Resource Center on Nutrition and Aging to the grantee regarding project activities related to the fulfillment of the goals and objectives of this grant.
3. Communicate with the grantee principle investigator at least once monthly, or at such other times as are agreed upon, to improve the effectiveness of the activities carried under this

Agreement.

4. Work cooperatively with the grantee to clarify the evaluation, programmatic and budgetary issues to be addressed by the grantee project, and, as necessary, negotiate with grantee to achieve a mutually agreed upon solution to any needs identified by the grantee or AoA.

III. Eligibility Information

1. Eligible Applicants

Domestic public or private non-profit entities including state and local governments, Indian tribal governments and organizations (American Indian/Alaskan Native/Native American), faith-based organizations, community-based organizations, hospitals, and institutions of higher education.

2. Cost Sharing or Matching

Cost Sharing / Matching Requirement:

Yes

For awards that require matching or cost sharing by statute, recipients will be held accountable for projected commitments of non-federal resources (at or above the statutory requirement) in their application budgets and budget justifications by budget period, or by project period for fully funded awards. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). **A recipient's failure to provide the statutorily required matching or cost sharing amount (and any voluntary committed amount in excess) may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACL, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACL as part of the approved project costs and that was identified in the approved budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

Under this cooperative agreement, ACL/AoA will fund no more than 75% of the project's total cost, which means the applicant must cover at least 25% of the project's total cost with non-Federal resources. In other words, for every three (3) dollars received in Federal funding, the applicant must contribute at least one (1) dollar in non-Federal resources toward the project's total cost. A common error applicants make is to match 25% of the Federal share, rather than 25% of the project's total cost.

There are two types of match: 1) non-Federal cash and 2) non-Federal in-kind. In general, costs borne by the applicant and cash contributions of any and all third parties involved in the project, including sub-grantees, contractors and consultants, are considered matching funds. Volunteered time and use of facilities to hold meetings or conduct project activities may be considered in-kind (third party) donations. Examples of non-Federal cash match includes budgetary funds provided from the applicant agency's budget for costs associated with the AoA Applications with a match greater than the minimum required will not receive additional consideration under

the review. Match is not one of the responsiveness criteria as noted in Section III, 3 Application Screening Criteria.

3. Responsiveness and Screening Criteria

Application Responsiveness Criteria

Applications that fail to meet the responsiveness criteria described below will not be reviewed and will receive no further consideration.

Application Screening Criteria

All applications will be screened to assure a level playing field for all applicants. Applications that fail to meet the three screening criteria described below will not be reviewed and will receive no further consideration.

In order for an application to be reviewed, it must meet the following screening requirements:

1. Applications must be submitted electronically via <https://www.grants.gov> by 11:59 p.m., Eastern Time, by the **due date listed in section IV.3 Submission Dates and Times**.
2. The Project Narrative section of the Application must be **double-spaced**, on 8.5" x 11" plain white paper with **1" margins** on both sides, and a **standard font size of no less than 11 point, preferably Times New Roman or Arial**.
3. The Project Narrative must not exceed 20 pages. **Project Narratives that exceed 20 pages** will have the additional pages removed and only the first 20 pages of the Project Narrative will be provided to the merit reviewers for funding consideration. **NOTE:** The Project Work Plan, Letters of Commitment, and Vitae of Key Project Personnel are not counted as part of the Project Narrative for purposes of the 20-page limit.

Unsuccessful submissions will require authenticated verification from <https://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <https://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the application deadline.

IV. Application and Submission Information

1. Address to Request Application Package

Application materials can be obtained from <https://www.grants.gov> or <https://www.acl.gov/grants/applying-grants>.

Please note, ACL requires applications for all announcements to be submitted electronically through <http://www.grants.gov> in Workspace. Grants.gov Workspace is the standard way for organizations and individuals to apply for federal grants in Grants.gov. An overview and training on Grants.gov Workspace can be found here at:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>

The [Grants.gov](https://www.grants.gov) registration process can take several days. If your organization is not currently registered, please begin this process immediately. For assistance with <https://www.grants.gov>, please contact them at support@grants.gov or 800-518-4726 between 7:00 a.m. and 9:00 p.m. Eastern Time.

- At the <https://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of

operation. ACL strongly recommends that you do not wait until the application due date to begin the application process because of the time involved to complete the registration process.

- All applicants must have a DUNS number (<https://fedgov.dnb.com/webform/>) and be registered with the System for Award Management (SAM, www.sam.gov) and maintain an active SAM registration until the application process is complete, and should a grant be made, throughout the life of the award. Effective June 11, 2018, when registering or renewing your registration, you must submit a notarized letter appointing the authorized Entity Administrator. Please be sure to read the FAQs located at www.sam.gov to learn more. Applicants should allot sufficient time prior to the application deadline to finalize a new, or renew an existing registration. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award. Maintain documentation (with dates) of your efforts to register or renew at least two weeks before the deadline. See the SAM Quick Guide for Grantees at: <https://www.sam.gov/SAM/pages/public/help/samQUserGuides.jsf>.

Note: Once your SAM registration is active, allow 24 to 48 hours for the information to be available in Grants.gov before you can submit an application through Grants.gov. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award.

- Note: Failure to submit the correct EIN Suffix can lead to delays in identifying your organization and access to funding in the Payment Management System.
- Effective October 1, 2010, HHS requires all entities that plan to apply for and ultimately receive federal grant funds from any HHS Operating/Staff Division (OPDIV/STAFFDIV) or receive subawards directly from the recipients of those grant funds to:
 1. Register in SAM prior to submitting an application or plan;
 2. Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
 3. Provide its DUNS number in each application or plan to submit to the OPDIV.

Additionally, all first-tier subaward recipients must have a DUNS number at the time the subaward is made.

- Since October 1, 2003, The Office of Management and Budget has required applicants to provide a Dun and Bradstreet (D&B) Data Universal Numbering System (DUNS) number when applying for federal grants or cooperative agreements. It is entered on the SF-424. It is a unique, nine-digit identification number, which provides unique identifiers of single business entities. The DUNS number is free and easy to obtain.
- Organizations can receive a DUNS number at no cost by calling the dedicated toll-free DUNS Number request line at 866-705-5711.
- You must submit all documents electronically, including all information included on the SF424 and all necessary assurances and certifications. In accordance with

the Federal Government's efforts to reduce reporting burden for recipients of federal financial assistance, the general certification and representation requirements contained in the Standard Form 424B (SF-424B) – Assurances – Non-Construction Programs, and the Standard Form 424D (SF-424D) – Assurances – Construction Programs, have been standardized federal-wide. Effective January 1, 2020, the updated common certification and representation requirements will be stored and maintained within SAM. Organizations or individuals applying for federal financial assistance as of January 1, 2020, must validate the federally required common certifications and representations annually through SAM located at SAM.gov.

- After you electronically submit your application, you will receive an automatic acknowledgement from <https://www.grants.gov> that contains <https://www.grants.gov> tracking number. The Administration for Community Living will retrieve your application form from <https://www.grants.gov>.

2. Content and Form of Application Submission

Letter of Intent

Due Date for Letter Of Intent 04/23/2021

04/23/2021

Applicants are requested, but not required, to submit a letter of intent to apply for this funding opportunity to assist ACL in planning for the application independent review process. The purpose of the letter of intent is to allow our staff to estimate the number of independent reviewers needed and to avoid potential conflicts of interest in the review. Letters of intent should be sent to:

Applicants are requested to submit a letter of intent to apply for this funding opportunity to assist ACL in planning for the merit review process. The purpose of the letter of intent is to allow our staff to estimate the number of independent reviewers needed for the review. The letter can merely note the organization name and intent to apply, and **does not require a detailed project description**. Letters of intent should be sent via **email** to:

U.S. Department of Health and Human Services
Administration for Community Living

Administration on Aging (AoA)

Ms. Judy Simon

judy.simon@acl.hhs.gov

Project Narrative

The Project Narrative is one of the most important components of the application. It will be used as the primary basis to determine whether your project meets the minimum requirements for grants under the authorizing statutes. The Project Narrative should provide a clear and concise description of your project.

The Project Narrative must be double-spaced, on 8.5" x 11" paper with 1" margins on both sides, and a standard font size of no less than 11 point, preferably Times New Roman or Arial. You can use smaller font sizes to fill in the Standard Forms and Sample Formats. Project Narratives that exceed 20 pages will have the additional pages removed and only the first 20 pages of the Project Narrative will be provided to the merit reviewers for funding consideration. The Project Work Plan, Letters of Commitment, Organizational Chart and Vitae of Key Project Personnel are not counted as part of the Project Narrative for purposes of the 20-page limit, but all of the other sections in the list below are included in the limit.

The required components of the Project Narrative counted as part of the 20 page limit include:

- Summary/Abstract
- Problem Statement
- Goal(s) and Objective(s)
- Proposed Innovation and Approach
- Outcomes
- Project Management and Organizational Capability
- Evaluation
- Dissemination

Summary/Abstract

This section should include a two paragraph description, not to exceed one page, of the proposed innovation, including: goal(s), objectives, outcomes, and products to be developed. Detailed instructions for completing the summary/abstract are included in the "Instructions for Completing the Project Summary/Abstract" in the Appendix.

Problem Statement

This section should describe, in both quantitative and qualitative terms, the nature and scope of the COVID-19 pandemic and recovery issue the proposed policy innovation is designed to address. This section should include how the policy will potentially affect older adults or the capacity of aging network organizations to provide services, and have strong potential for replication by the aging services network and sustainability using OAA Title IIIC-1 funding.

Goals and Objectives

This section should consist of a description of the project's goal(s) and major objectives, and how they will be accomplished. Applicants are strongly encouraged to have only one overall goal, unless the project involves multiple and/or complex innovations.

Proposed Intervention

This section should clearly describe the following:

- A clear and concise description of the statewide Title IIIC-1 and nutrition education policy innovation originally implemented during COVID-19 at the local, AAA or state level, which will be expected to improve health indicators among those served or the capacity of organizations to provide services.
- How the project will test and validate the effectiveness of the Title IIIC-1 and nutrition education statewide policies. Note: Statewide” policy is defined as policy which impacts the Title IIIC-1 nutrition program services or operations of all providers throughout a state, or territory, as applicable; statewide policies may address how Title III organizations coordinate with Title IV grantees to serve native elders.
- Describes how the impact of policies will have a positive impact on either older adults or the capacity of aging network organizations to provide services.
- Describes how the policy innovation distinctly addresses the COVID-19 pandemic and recovery issues described in the “Problem Statement.”
- Indicates a specific approach for policy development and implementation and how policy development and implementation processes have strong potential for replication by the aging services network and sustainability using OAA Title IIIC-1 funding. This should include specific policy components and ideas that make this application innovative and amenable for broad implementation throughout the aging services network.
- Outlines the approaches for continuing to measure the policy impact, including any unintended consequences at the either the individual service recipient or service provider level, over the course of the grant and beyond.
- Describes the rationale and justification for proposing the particular policy. Socialization interventions must enhance the opportunity for human connection. If the policy relates to improving organizational capacity to provide services, an explanation of how this will be ultimately expected to improve client outcomes must be included. This explanation may be through visual representation (eg, logic model) or text (eg, narrative).
- Outlines existing evidence of how the proposed policy innovation enhances health equity and targets services to underserved older adults with greatest economic need, to permit such individuals to remain in home and community-based settings, consistent with the OAA.
- [Shares any major barriers encountered with regard to this policy during COVID-19, and how those barriers were mitigated or overcome.](#)
- Includes the role and makeup of any strategic partnerships needed to implement the policy innovation, including other organizations, supporters, and/or consumer groups.
- Indicates the project will be conducted as a partnership with a University, Tribal College and University (TCU), or other research organization, in collaboration with an aging services network organization(s).
- Provides for an Institutional Research Board (IRB) approval process and plan of action, including which entity will be responsible for submitting the IRB for approval and the timeframe.

Outcomes

This section of the project narrative must:

- Clearly identify the measurable outcome(s) that will result from the project. **(NOTE: ACL will not fund any project that does not include measurable outcomes).**
- Indicate how the Title IIIC-1 and nutrition education project outcomes will meet the OAA intents (specifically: a) reduce hunger, food insecurity and malnutrition, b) promote socialization (socialization approaches enhance the opportunity for human connection), and c) promote health and well-being by delaying the onset of adverse health conditions, through the provision of meals and associated nutrition services to vulnerable older adults who are in greatest social and economic need.).
- Describe how the project's findings will benefit the aging and nutrition network at large, and not produce results counterproductive to the mission of the OAA.
- Discuss plans for how the research results will be published in multiple peer-reviewed journals and be consistent with ACL's Public Access Plan (see details in Reporting section).

Project Management

- This section should include a clear delineation of the roles and responsibilities of project staff, consultants and partner organizations, and how they will contribute to achieving the project's objectives and outcomes. It should specify who would have day-to-day responsibility for key tasks such as: leadership of project; monitoring the project's on-going progress, preparation of reports; communications with other partners and ACL. It should also describe the approach that will be used to monitor and track progress on the project's tasks and objectives.
- Each application should include an organizational capability statement and vitae for key project personnel; key personnel and other key staff should have appropriate training and experience in disciplines required to conduct all proposed activities.
- The organizational capability statement should describe how the applicant agency (or the particular division of a larger agency which will have responsibility for this project) is organized, the nature and scope of its work and/or the capabilities it possesses. It should also include the organization's capability to sustain some or all project activities after federal financial assistance has ended.
- This description should cover capabilities of the applicant agency not included in the program narrative, such as any current or previous relevant experience and/or the record of the project team in preparing cogent and useful reports, publications, and other products. If appropriate, include an organization chart showing the relationship of the project to the current organization.
- The application should indicate how the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability.
- Please attach short vitae for key project staff only. Also include information about any contractual organization(s) that will have a significant role(s) in implementing project and achieving project goals.

Evaluation

This section should describe the specific method(s), techniques and tools that will be used to: 1) determine whether the identified policy innovation achieved its anticipated outcome(s), and 2) document the “lessons learned” – both positive and negative - that will be useful to people interested in replicating the policy, if it proves successful.

Applicants must commit to incorporating at least one evaluation measure from each category listed below to show the benefit of the policy innovation. The following are examples of measures to use, which are considered approved by ACL; should an applicant wish to use other measures, the application must explain and demonstrate the validity of those measures and why they are justified. The applicant must indicate whether an ACL-approved measure is selected, and if not, the rationale for and validity of the respective selected alternative measures should be included in the narrative.

CATEGORY I: NUTRITION (food insecurity, hunger, malnutrition) *Select at least one evaluation measure from this category.*

ACL Evaluation Measures

- A. National Survey of Older Americans Act Participants:
<https://agid.acl.gov/CustomTables/NPS/Year/>
- B. ACL SNP Evaluation measures: Evaluation of the Title III-C Elderly Nutrition Services Program at <https://acl.gov/programs/program-evaluations-and-reports#>

Food security status

- A. Six question food security screening: Gundersen, C., Engelhard, E., Crumbaugh, A., & Seligman, H. (2017). Brief assessment of food insecurity accurately identifies high-risk US adults. *Public Health Nutrition*, 20(8), 1367-1371. doi:10.1017/S1368980017000180
- B. Two question food security screening: Lee, J., Johnson, M., Brown, A., Nord, M., Food Security of Older Adults Requesting Older Americans Act Nutrition Program in Georgia Can Be Validly Measured Using a Short Form of the U.S. Household Food Security Survey Module, *The Journal of Nutrition*, Volume 141, Issue 7, July 2011, Pages 1362–1368, <https://doi-org.ezproxyhhs.nihlibrary.nih.gov/10.3945/jn.111.139378>

Dietary Assessment:

- A. National Institutes of Health, National Cancer Institute, Dietary Assessment Primer
<https://dietassessmentprimer.cancer.gov/>
- B. Healthy Eating Index 2015: Susan M. Krebs-Smith, Tusa, Rebecca E. Pannucci, Amy F. *et al*, Update of the Healthy Eating Index: HEI-2015, *Journal of the Academy of Nutrition and Dietetics*, Volume 118, Issue 9, 2018, Pages 1591-1602, ISSN 2212-2672, <https://doi.org/10.1016/j.jand.2018.05.021>.

Malnutrition

- A. Determinants for Malnutrition: Volkert D, Kiesswetter E, Cederholm T, *et al*. Development of a Model on Determinants of Malnutrition in Aged Persons: A MaNuEL Project. *Gerontology and Geriatric Medicine*. January 2019. doi:10.1177/2333721419858438

- B. Malnutrition Screening Tools, Malnutrition Assessment and Interventions for Community-Living Older Adults: Dwyer, J.T., Gahche, J.J., Weiler, M. *et al.* Screening Community-Living Older Adults for Protein Energy Malnutrition and Frailty: Update and Next Steps. *Journal of Community Health*, Volume 45, Pages 640–660, 2020. <https://doi-org.ezproxyhhs.nihlibrary.nih.gov/10.1007/s10900-019-00739-1>

CATEGORY 2: ENHANCING SOCIALIZATION (socialization approaches enhance the opportunity for human connection). *Select at least one evaluation measure from this category.*
ACL Evaluation Measures

- A. National Survey of Older Americans Act Participants:
<https://agid.acl.gov/CustomTables/NPS/Year/>
- B. ACL SNP Evaluation measures: Evaluation of the Title III-C Elderly Nutrition Services Program at <https://acl.gov/programs/program-evaluations-and-reports#>

Social Isolation and Loneliness

- G. 2020 National Survey on Drug Use and Health (NSDUH): Final CAI Specifications for Programming, Substance Abuse and Mental Health Services Administration Center for Behavioral Health Statistics and Quality
<https://www.samhsa.gov/data/sites/default/files/reports/rpt23244/NSDUHmrbCAISpecs2020.pdf>
- H. Exercise Behaviors: Self-Management Resource Center,
https://www.selfmanagementresource.com/docs/pdfs/English_-_exercise.pdf

The application should include periodic assessment of progress toward implementing the project and outline the extent to which the evaluation will be used to improve the performance of the project through the feedback generated by its periodic assessments.

Dissemination

This section should describe the method that will be used to disseminate the project's results and findings in a timely manner, and in easily understandable formats which would encourage

replication. This section should clearly explain how the grant requirement of developing a "how to guide" for potential replication of this project will be completed. This section should also discuss how the published research peer-review journal results will be broadly disseminated as well as commitment to presenting at a minimum of one dissemination event (conference, webinar, etc), per ACL request, during each grant year. In addition, all applicants should state their commitment to participating in any national evaluations of the program(s).

Budget Narrative/Justification

Applicants are required to provide a detailed Budget Narrative/Justification. Your budget should be aligned with the proposed activities in your Project Narrative and Work Plan. It should also include travel for 1-2 project representatives to two nutrition and/or aging-relevant conferences a year and 1-2 project staff to an annual INNU grantee convening (see items #5 and #7 in grantee section of Cooperative Agreement Terms). The Budget Narrative/Justification can be provided using the format included in the document, Budget Narrative/Justification Sample Format. Applicants are encouraged to pay particular attention to this document, which provides an example of the level of detail sought.

Applicants must submit the following:

- Budget Narrative/Justification for Year 1;
- Budget Narrative/Justification for Year 2;
- Budget Narrative/Justification for Year 3; and
- A total, combined three-year budget.

The Budget Narrative/Justification can be provided using the format included in the document, "Budget Narrative/Justification – Sample Format." Applicants are encouraged to pay particular attention to this document, which provides an example of the level of detail sought.

Work Plan

The Project Work Plan should reflect and be consistent with the Project Narrative and Budget and should cover each of the three years of the project period, respectively. It should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks / action steps that will be pursued to achieve the goal and outcome(s). For each major task / action step, the work plan should identify timeframes involved (including start and end-dates), and the lead person responsible for completing the task.

Applicants must submit the following:

- Workplan for Year 1;
- Workplan for Year 2; and
- Workplan for Year 3.

Please use the "Project Work Plan - Sample Template" format as a reference and resource, if desired. This section should describe plans to hire, contract, and/or establish formal referral arrangements with all partners and begin work within sixty days of award. List measurable outcomes in the work plan grid under "Measurable Outcomes" in addition to any discussion included in the narrative along with a description of how the project might benefit the field at large.

The project work plan should include the anticipated approach and organization or partner

responsible, with timeframes required, for an Institutional Review Board (IRB) approval, if necessary.

The work plan should use September 1, 2021 as the anticipated start date.

Letters of Commitment from Key Participating Organizations and Agencies

Include confirmation of the commitments to the project (should it be funded) made by key collaborating organizations and agencies in this part of the application. Any organization that is specifically named to have a significant role in carrying out the project should be considered an essential collaborator. This section must clearly identify at least one key partner that receives OAA Title III funds.

3. Submission Dates and Times

Due Date for Applications 05/24/2021

05/24/2021

Date for Informational Conference Call:

04/15/2021

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR) and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov web page: <http://www.grants.gov/web/grants/register.html>.

After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only)

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline because of technical problems with the Grants.gov system, please contact the person listed under For Further Information Contact in section VII of this notice and provide a written explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. ACL will contact you after a determination is made on whether your application will be accepted.

Note: We will not consider your application for further review if you failed to fully register to submit your application to Grants.gov before the application deadline or if the technical problem you experienced is unrelated to the Grants.gov system.

If for any reason (including submitting to the wrong funding opportunity number or making corrections/updates) an application is submitted more than once prior to the application due date, ACL will only accept your last validated electronic submission, under the correct funding opportunity number, prior to the Grants.gov application due date as the final and only acceptable application

Unsuccessful submissions will require authenticated verification from <http://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <http://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the cut off date.

Grants.gov (<http://www.grants.gov>) will automatically send applicants a tracking number and date of receipt verification electronically once the application has been successfully received and validated in <http://www.grants.gov>.

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR) and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov web page: <http://www.grants.gov/web/grants/register.html>.

After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only.)

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline because of technical problems with the Grants.gov system, please contact the person listed under For Further Information Contact in section VII of this notice and provide a written explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. ACL will contact you after a determination is made on whether your application will be accepted.

Note: We will not consider your application for further review if you failed to fully register to submit your application to Grants.gov before the application deadline or if the technical problem you experienced is unrelated to the Grants.gov system.

If for any reason (including submitting to the wrong funding opportunity number or making corrections/updates) an application is submitted more than once prior to the application due date, ACL will only accept your **last** validated electronic submission, under the correct funding opportunity number, prior to the Grants.gov application due date as the final and only acceptable application.

Unsuccessful submissions will require authenticated verification from <http://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <http://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the cut off date.

Grants.gov (<http://www.grants.gov>) will automatically send applicants a tracking number and date of receipt verification electronically once the application has been successfully received and validated in <http://www.grants.gov>.

4. Intergovernmental Review

This program is not subject to Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs.

5. Funding Restrictions

The following activities are not fundable:

- Construction and/or major rehabilitation of buildings
- Advanced research (e.g. medical experiments)
- Continuation of existing projects without expansion or new and innovative approaches
- Direct Services for meals (i.e. using this grant for the primary purpose of providing meals)

Note: A recent Government Accountability Office (GAO) report has raised considerable concerns about grantees and contractors charging the Federal Government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. Executive Orders on Promoting Efficient Spending (E.O. 13589) and Delivering Efficient, Effective and Accountable Government (E.O. 13576) have been issued and instruct Federal agencies to promote efficient spending. Therefore, if meals are to be charged in your proposal, applicants should understand such costs must meet the following criteria outlined in the Executive Orders and HHS Grants Policy Statement:

- *Meals are generally unallowable except for the following:*
 - *For subjects and patients under study (usually a research program);*
 - *Where specifically approved as part of the project or program activity, e.g., in programs supporting testing nutritional meal choices;*
 - *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement;*
 - *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
 - *Under a conference grant, when meals are a necessary and integral part of a conference, provided that meal costs are not duplicated in participants' per diem or subsistence allowances. (Note: conference grant means the sole purpose of the award is to hold a conference)*

The following updated sections 2 CFR 200.216 “Prohibition on certain telecommunications and video surveillance services or equipment” became **effective on or after August 13, 2020**.

Recommended Actions for any recipient that has received a loan, grant, or cooperative agreement **on or after August 13, 2020**:

- Develop a compliance plan to implement 2 CFR 200.216 regulation.
- Develop and maintain internal controls to ensure that your organization does not expend federal funds (in whole or in part) on covered equipment, services or systems.
- Determine through reasonable inquiry whether your organization currently uses “covered telecommunication” equipment, services, or systems and take necessary actions to comply with the regulation as quickly as is feasibly possible.

6. Other Submission Requirements

V. Application Review Information

1. Criteria

Applicants must document all of their source material. If any text, language and/or materials are from another source, the applicant must make it clear the material is being quoted and where the text comes from. The applicant must also cite any sources when they obtain numbers, ideas, or other material that is not their own. If the applicant fails to comply with this requirement, regardless of the severity or frequency of the plagiarism, the reviewers shall reduce their scores accordingly even to the degree of issuing no points at all.

Applications are scored by assigning a maximum of 100 points across the following review criteria:

Project Abstract

Problem Statement and Proposed Innovation and Approach

Outcomes, Evaluation, and Project Impact

Organizational Capacity and Project Management

Budget

Work Plan and Dissemination

Letters of Commitment

Project Abstract

Maximum Points: 2

- Does the abstract include a two paragraph description of the proposed project that does not exceed one page? (1 point)?
- Does it include specific project goals, objectives, outcomes and project products to be developed? (1 point)?

Problem Statement

Maximum Points: 4

- Does this section describe, in both quantitative and qualitative terms, the nature and scope of the COVID-19 pandemic and recovery issue the proposed innovation is designed to address? (2 points)
- Does this section include how the project will potentially affect older adults and have strong potential for replication by the aging services network and sustainability using OAA Title IIIC-1 funding? (2 points)

Goals and Objectives

Maximum Points: 4

- Does this section consist of a description of the project’s goal(s) and major objectives, and how they will be accomplished? Unless the project involves multiple, complex innovations, one overall goal is recommended. (2 points)
- Are the goals and objectives listed consistent with those noted in the abstract, throughout the narrative and in the work plan? (2 points)

Proposed Innovation and Approach

Maximum Points: 30

- Does this section include a clear and concise description of the Title IIIC-1 and nutrition education statewide policy innovation originally implemented during COVID-19 at the local, AAA or state level (statewide policies may address how Title III organizations coordinate with Title IV grantees to serve native elders), which will be expected to improve health indicators among those served or the capacity of organizations to provide services? (5 points)
- Does the project idea distinctly address the COVID-19 pandemic and recovery issues described in the “Problem Statement”? And, does it include the rationale and justification for proposing the particular innovation for Title III C-1 service recipients or the organizational capacity to provide services to Title III C-1 clients? Socialization interventions must enhance the opportunity for human connection. If the policy relates to improving organizational capacity to provide services, an explanation of how this will be ultimately expected to improve client outcomes must be included. This explanation may be through visual representation (eg, logic model) or text (eg, narrative). (5 points)
- Does this section indicate a specific approach for policy development and implementation and how policy development and implementation processes have strong potential for replication by the aging services network and sustainability using OAA Title IIIC-1 funding? This should include specific policy components and ideas that make this application innovative and amenable for broad implementation throughout the aging services network. (5 points)
- Does the project test and validate the effectiveness of Title IIIC-1 and nutrition education statewide policies? Note: Statewide” policy is defined as policy which impacts the Title IIIC-1 nutrition program services or operations of all providers throughout a state, or territory, as applicable; statewide policies may address how Title III organizations coordinate with Title IV grantees to serve native elders. (3 points)
- Does this section explain how the proposed innovation enhances health equity and targets services to underserved older adults with greatest economic need, to permit such individuals to remain in home and community-based settings, as indicated in the OAA? (2 points)
- Does this section outline the approaches for continuing to measure the policy impact, including any unintended consequences at the either the individual service recipient or service provider level, over the course of the grant and beyond? (2 points)
- Does this section include any major barriers that were encountered during COVID-19 and how the project will be able to overcome those barriers? (2 points)
- Does this section include role and makeup of any strategic partnerships which are planned to accomplish the innovation, including other organizations, supporters, and/or consumer groups? (2 points)

- Will this project create a partnership between a University, Tribal College and University (TCU), or other research organization, in collaboration with an aging services network organization(s)? (2 points)
- Does this section describe an Institutional Research Board (IRB) approval process and plan of action, including which entity will be responsible for submitting the IRB for approval and the timeframe? (2 points)

Outcomes

Maximum Points: 15

- Does this section of the project narrative clearly identify the measurable outcome(s) that will result from the project? (2 points)
- Do the project's Title C-1 and nutrition education outcomes relate to the OAA intents (specifically: a) reduce hunger, food insecurity and malnutrition, b) promote socialization (socialization approaches enhance the opportunity for human connection), and c) promote health and well-being by delaying the onset of adverse health conditions, through the provision of meals and associated nutrition services to vulnerable older adults who are in greatest social and economic need.)? (8 points)
- Does this section also describe how the project's findings will benefit the aging and nutrition network at large, and not produce results counterproductive to the mission of the OAA? (3 points)
- Does this section discuss plans for how the research results will be published in multiple peer-reviewed journals and be consistent with ACL's Public Access Plan? (2 points)

Evaluation

Maximum Points: 20

- Does this section describe the specific method(s), techniques and tools that will be used to determine whether the proposed intervention achieved its anticipated outcome(s)? (5 points)
- Does the section describe how the project will document the "lessons learned" – both positive and negative - that will be useful to people interested in replicating the intervention, if it proves successful? (2 points)
- Does this section indicate the project will incorporate at least one evaluation measure from each category, as listed in the Funding Opportunity Announcement? Does the applicant must indicate whether an ACL-approved measure is selected, and if not, the rationale for and validity of the respective selected alternative measures should be included in the narrative? (5 points)
- Is there clear rationale for selection of respective measures? (5 points)
- Does the application indicate the extent to which the plan of evaluation will be used to improve the performance of the project through the feedback generated by its periodic assessments? (3 points)

Project Management and Organizational Capacity

Maximum Points: 15

- Does this section include a clear delineation of the roles and responsibilities of project staff, consultants and partner organizations, and how they will contribute to achieving the project's objectives and outcomes? (3 points)

- Does this section specify who would have day-to-day responsibility for key tasks such as: leadership of project; monitoring the project's on-going progress, preparation of reports; communications with other partners and ACL? (1 point)
- Does this section describe the approach that will be used to monitor and track progress on the project's tasks and objectives? (1 point)
- Do key personnel and other key staff have appropriate training and experience in disciplines required to conduct all proposed activities? (5 points)
- Does this section describe how the applicant agency (or the particular division of a larger agency which will have responsibility for this project) is organized, the nature and scope of its work and/or the capabilities it possesses? If appropriate, an organization chart showing the relationship of the project to the current organization is included? (1 point)
- Does this section include the organization's capability to sustain some or all project activities after federal financial assistance has ended? (2 points)
- Does this section indicate the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability? (1 point)
- Does this section cover capabilities of the applicant agency not included in the program narrative, such as any current or previous relevant experience and/or the record of the project team in preparing cogent and useful reports, publications, and other products? (1 point)

Budget

Maximum Points: 3

- Does the budget align with the proposed activities in the Project Narrative and Work Plan, and is it sufficiently detailed as shown in the Funding Opportunity Announcement's Budget Narrative/Justification Sample Format? (1 point)
- Does the budget include travel for 1-2 project representatives to two nutrition and/or aging-relevant conferences a year and 1-2 project staff to an annual INNU grantee convening? (1 point)
- Does the Budget Narrative/Justification include separate Year 1, Year 2 and Year 3, as well as a total, combined three-year budget? (1 point)

Dissemination

Maximum Points: 2

- Does the dissemination section describe the method that will be used to disseminate the project's results and findings and does the applicant commit to presenting at a minimum of one dissemination event, per ACL request, annually? (1 point)
- Does the applicant clearly state their commitment to participating in any national evaluations of the program(s) they have proposed? (1 point)

Work Plan

Maximum Points: 3

- Is there a separate work plan for each year that includes a specific approach indicating how the project goals and objectives will be accomplished? (2 points)
- Does the work plan indicate the entity responsible for submitting the IRB for approval and the timeframe? (1 point)

Letters of Commitment

Maximum Points: 2

- Do letters of commitment fully describe the role and makeup of any key partners and collaborators name in the proposal? Any organization that is specifically named to have a significant role in carrying out the project should be considered an essential collaborator. If the applicant does not directly receive OAA Title III funds this section must clearly identify at least one key partner that receives OAA Title III funds.

2. Review and Selection Process

As required by 2 CFR Part 200 of the Uniform Guidance, effective January 1, 2016, ACL is required to review and consider any information about the applicant that is in the Federal Awardee Performance and Integrity Information System (FAPIIS), <https://www.fapiis.gov> before making any award in excess of the simplified acquisition threshold (currently \$150,000) over the period of performance. An applicant may review and comment on any information about itself that a federal awarding agency has previously entered into FAPIIS. ACL will consider any comments by the applicant, in addition to other information in FAPIIS, in making a judgment about the applicant's integrity, business ethics, and record of performance under federal awards when completing the review of risk posed by applicants as described in 2 CFR Section 200.205 Federal Awarding Agency Review of Risk Posed by Applicants ([https:// www.ecfr.gov/ cgi-bin/ text-idx?node=se2.1.200_1205&rgn=div8](https://www.ecfr.gov/cgi-bin/text-idx?node=se2.1.200_1205&rgn=div8)).

An independent review panel of at least three individuals will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their field, and are drawn from academic institutions, non-profit organizations, state and local governments, and federal government agencies. Based on the Application Review Criteria as outlined under section V.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria.

Final award decisions will be made by the Administrator, ACL. In making these decisions, the Administrator will take into consideration: recommendations of the review panel; reviews for programmatic and grants management compliance; the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and the likelihood that the proposed project will result in the benefits expected.

An independent review panel of at least three individuals will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their field, and are drawn from academic institutions, non-profit organizations, and state and local governments. Based on the Application Review Criteria as outlined under section V.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria.

Final award decisions will be made by the Administrator, ACL. In making these decisions, the Administrator will take into consideration: recommendations of the review panel; reviews for

programmatic and grants management compliance; the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and the likelihood that the proposed project will result in the benefits expected.

3. Anticipated Announcement Award Date

Award notices to successful applicants will be sent out prior to the project start date.

The anticipated project period start date for this announcement is: 09/01/2021

VI. Award Administration Information

1. Award Notices

Successful applicants will receive an electronic Notice of Award. The Notice of Award is the authorizing document from the U.S. Administration for Community Living authorizing official, Office of Grants Management. Acceptance of this award is signified by the drawdown of funds from the Payment Management System. Unsuccessful applicants are generally notified within 30 days of the final funding decision and will receive a disapproval letter via e-mail. Unless indicated otherwise in this announcement, unsuccessful applications will not be retained by the agency and will be destroyed.

2. Administrative and National Policy Requirements

The award is subject to HHS Administrative Requirements, which can be found in 45 CFR Part 75 and the Standard Terms and Conditions, included in the Notice of Award as well as implemented through the HHS Grants Policy Statement.

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights laws that prohibit discrimination on the basis of race, color, national origin, disability, age and, in some circumstances, religion, conscience, and sex. This includes ensuring programs are accessible to persons with limited English proficiency. The HHS Office for Civil Rights provides guidance on complying with civil rights laws enforced by HHS. Please see the appendix for this announcement to review the entire policy and guidelines.

A standard term and condition of award will be included in the final notice of award; all applicants will be subject to a term and condition that applies the terms of 48 CFR section 3.908 to the award and requires the grantees inform their employee in writing of employee whistleblower rights and protections under 41 U.S.C. 4712 in the predominant native language of the workforce.

Applicants may follow their own procurement policies and procedures when contracting with Project Funds, but You must comply with the requirements of 2 C.F.R. §§ 200.317-200.326. Additionally, when using Project Funds to procure supplies and/or equipment, applicants are encouraged to purchase American-manufactured goods to the maximum extent practicable. American-manufactured goods are those products for which the cost of their component parts that were mined, produced, or manufactured in the United States exceeds 50 percent of the total cost of all their components. For further guidance regarding what constitutes an American-manufactured good (also known as a domestic end product), see 48 C.F.R. Part 25.

3. Reporting

Reporting frequency for performance and financial reports, as well as any required form or formatting and the means of submission will be noted within the terms and conditions on the Notice of Award.

4. FFATA and FSRS Reporting

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$25,000 or more as well as addressing executive compensation for both grantee and sub-award organizations.

For further guidance please follow this link to access ACL's Terms and Conditions: <https://www.acl.gov/grants/managing-grant#>

VII. Agency Contacts

Project Officer

First Name:

Judy

Last Name:

Simon

Phone:

202-795-7381

Office:

judy.simon@acl.hhs.gov

Grants Management Specialist

First Name:

Marlene

Last Name:

Spencer

Phone:

202-795-7442

marlene.spencer@acl.hhs.gov

VIII. Other Information

Application Elements

- SF 424, required – Application for Federal Assistance (See “Instructions for Completing Required Forms” for assistance).
- SF 424A, required – Budget Information. (See Appendix for instructions).
- Separate Budget Narrative/Justification, required (See “Budget Narrative/Justification - Sample Format” for examples and “Budget Narrative/Justification – Sample Template.”)

NOTE: Applicants requesting funding for multi-year grant projects are REQUIRED to provide a Narrative/Justification for each year of potential grant funding, as well as a combined multi-year detailed Budget Narrative/Justification.

- SF 424B – Assurance, required. Note: Be sure to complete this form according to instructions and have it signed and dated by the authorized representative (see item 18d on the SF 424).
- Lobbying Certification, required.
- Proof of non-profit status, if applicable
- Copy of the applicant’s most recent indirect cost agreement or cost allocation plan, if requesting indirect costs. If any sub-contractors or sub-grantees are requesting indirect costs, copies of their indirect cost agreements must also be included with the application.
- Project Narrative with Work Plan, required (See “Project Work Plan – Sample Template” for a formatting suggestions).
- Vitae for Key Project Personnel.
- Letters of Commitment from Key Partners.

The Paperwork Reduction Act of 1995 (P.L. 104-13)

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The project description and Budget Narrative/Justification is approved under OMB control number 0985-0018. Public reporting burden for this collection of information is estimated to average 10 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

Appendix

Accessibility Provisions for All Grant Application Packages and Funding Opportunity Announcements

Recipients of federal financial assistance (FFA) from HHS must administer their programs in compliance with federal civil rights laws that prohibit discrimination on the basis of race, color, national origin, disability, age and, in some circumstances, religion, conscience, and sex. This includes ensuring programs are accessible to persons with limited English proficiency. The HHS Office for Civil Rights provides guidance on complying with civil rights laws enforced by HHS. Please see <https://www.hhs.gov/civil-rights/for-providers/provider-obligations/index.html> and <http://www.hhs.gov/ocr/civilrights/understanding/section1557/index.html>.

- Recipients of FFA must ensure that their programs are accessible to persons with limited English proficiency. HHS provides guidance to recipients of FFA on meeting their legal obligation to take reasonable steps to provide meaningful access to their programs by persons with limited English proficiency. Please see <https://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/fact-sheet-guidance/index.html> and <https://www.lep.gov>. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care at <https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=53>.

- Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. Please see <http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html>.
- HHS funded health and education programs must be administered in an environment free of sexual harassment. Please see <https://www.hhs.gov/civil-rights/for-individuals/sex-discrimination/index.html>; <https://www2.ed.gov/about/offices/list/ocr/docs/shguide.html>; and <https://www.eeoc.gov/sexual-harrassment>.
- Recipients of FFA must also administer their programs in compliance with applicable federal religious nondiscrimination laws and applicable federal conscience protection and associated anti-discrimination laws. Collectively, these laws prohibit exclusion, adverse treatment, coercion, or other discrimination against persons or entities on the basis of their consciences, religious beliefs, or moral convictions. Please see <https://www.hhs.gov/conscience/conscience-protections/index.html> and <https://www.hhs.gov/conscience/religious-freedom/index.html>.

Please contact the HHS Office for Civil Rights for more information about obligations and prohibitions under federal civil rights laws at <https://www.hhs.gov/ocr/about-us/contact-us/index.html> or call 1-800-368-1019 or TDD 1-800-537-7697.

Instructions for Completing Required Forms

This section provides step-by-step instructions for completing the four (4) standard Federal forms required as part of your grant application, including special instructions for completing Standard Budget Forms 424 and 424A. Standard Forms 424 and 424A are used for a wide variety of Federal grant programs, and Federal agencies have the discretion to require some or all of the information on these forms. ACL does not require all the information on these Standard Forms. Accordingly, please use the instructions below in lieu of the standard instructions attached to SF 424 and 424A to complete these forms.

a. Standard Form 424

1. **Type of Submission:** (REQUIRED): Select one type of submission in accordance with agency instructions.

- Preapplication
- Application
- Changed/Corrected Application – If ACL requests, check if this submission is to change or correct a previously submitted application.

2. **Type of Application:** (REQUIRED) Select one type of application in accordance with agency instructions.

- New
- Continuation
- Revision

3. **Date Received:** Leave this field blank.

4. **Applicant Identifier:** Leave this field blank

5a **Federal Entity Identifier:** Leave this field blank

5b. **Federal Award Identifier:** For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award (grant) number.

6. **Date Received by State:** Leave this field blank.

7. **State Application Identifier:** Leave this field blank.

8. **Applicant Information:** Enter the following in accordance with agency instructions:

a. Legal Name: (REQUIRED): Enter the name that the organization has registered with the System for Award Management (SAM), formally the Central Contractor Registry. Information on registering with SAM may be obtained by visiting the Grants.gov website (<https://www.grants.gov>) or by going directly to the SAM website (www.sam.gov).

b. Employer/Taxpayer Number (EIN/TIN): (REQUIRED): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. In addition, we encourage the organization to include the correct suffix used to identify your organization in order to properly align access to the Payment Management System.

c. Organizational DUNS: (REQUIRED) Enter the organization's DUNS or DUNS+4 number received from Dun and Bradstreet. Information on obtaining a DUNS number may be obtained by visiting the Grants.gov website (<https://www.grants.gov>). Your DUNS number can be verified at <https://fedgov.dnb.com/webform/>.

d. Address: (REQUIRED) Enter the complete address including the county.

e. Organizational Unit: Enter the name of the primary organizational unit (and department or division, if applicable) that will undertake the project.

f. Name and contact information of person to be contacted on matters involving this application: Enter the name (First and last name required), organizational affiliation (if affiliated with an organization other than the applicant organization), telephone number (Required), fax number, and email address (Required) of the person to contact on matters related to this application.

9. **Type of Applicant:** (REQUIRED) Select the applicant organization "type" from the following drop down list.

A. State Government B. County Government C. City or Township Government D. Special District Government E. Regional Organization F. U.S. Territory or Possession G. Independent School District H. Public/State Controlled Institution of Higher Education I. Indian/Native American Tribal Government (Federally Recognized) J. Indian/Native American Tribal Government (Other than Federally Recognized) K. Indian/Native American Tribally Designated Organization L. Public/Indian Housing Authority M. Nonprofit with 501C3 IRS Status (Other than Institution of Higher Education) N. Nonprofit without 501C3 IRS Status (Other than Institution of Higher Education) O. Private Institution of Higher Education P. Individual Q. For-Profit Organization (Other than Small Business) R. Small Business S. Hispanic-serving Institution T. Historically Black Colleges and Universities (HBCUs) U. Tribally Controlled Colleges and Universities (TCCUs) V. Alaska Native and Native Hawaiian Serving Institutions W. Non-domestic (non-US) Entity X. Other (specify)

10. **Name of Federal Agency:** (REQUIRED) Enter U.S. Administration for Community Living

11. **Catalog of Federal Domestic Assistance Number/Title:** The CFDA number can be found on page one of the Program Announcement.
12. **Funding Opportunity Number/Title:** (REQUIRED) The Funding Opportunity Number and title of the opportunity can be found on page one of the Program Announcement.
13. **Competition Identification Number/Title:** Leave this field blank.
14. **Areas Affected by Project:** List the largest political entity affected (cities, counties, state etc.)
15. **Descriptive Title of Applicant's Project:** (REQUIRED) Enter a brief descriptive title of the project (This is not a narrative description).
16. **Congressional Districts Of:** (REQUIRED) 16a. Enter the applicant's Congressional District, and 16b. Enter all district(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5th district, CA-012 for California 12th district, NC-103 for North Carolina's 103rd district. If all congressional districts in a state are affected, enter "all" for the district number, e.g., MD-all for all congressional districts in Maryland. If nationwide, i.e. all districts within all states are affected, enter US-all. See the below website to find your congressional district:

<https://www.house.gov/>

17. **Proposed Project Start and End Dates:** (REQUIRED) Enter the proposed start date and final end date of the project. **If you are applying for a multi-year grant, such as a 3 year grant project, the final project end date will be 3 years after the proposed start date.** In general, all start dates on the SF424 should be the 1st of the month and the end date of the last day of the month of the final year, for example 7/01/2014 to 6/30/2017. The Grants Officer can alter the start and end date at their discretion.

18. **Estimated Funding:** (REQUIRED) If requesting multi-year funding, enter the full amount requested from the Federal Government in line item 18.a., as a multi-year total. For example and illustrative purposes only, if year one is \$100,000, year two is \$100,000, and year three is \$100,000, then the full amount of federal funds requested would be reflected as \$300,000. The amount of matching funds is denoted by lines b. through f. with a combined federal and non-federal total entered on line g. Lines b. through f. represents contributions to the project by the applicant and by your partners during the total project period, broken down by each type of contributor. The value of in-kind contributions should be included on appropriate lines, as applicable.

NOTE: Applicants should review cost sharing or matching principles contained in Subpart C of 45 CFR Part 75 before completing Item 18 and the Budget Information Sections A, B and C noted below.

All budget information entered under item 18 should cover the total project period. For sub-item 18a, enter the federal funds being requested. Sub-items 18b-18e is considered matching funds. The dollar amounts entered in sub-items 18b-18f must total at least 1/3 of the amount of federal funds being requested (the amount in 18a). For a full explanation of ACL's match requirements, see the information in the box below. For sub-item 18f (program income), enter only the amount, if any, that is going to be used as part of the required match. Program Income submitted as match

will become a part of the award match and recipients will be held accountable to meet their share of project expenses even if program income is not generated during the award period.

There are two types of match: 1) non-federal cash and 2) non-federal in-kind. In general, costs borne by the applicant and cash contributions of any and all third parties involved in the project, including sub-grantees, contractors and consultants, are considered **matching funds**. Examples of **non-federal cash match** includes budgetary funds provided from the applicant agency's budget for costs associated with the project. Generally, most contributions from sub-contractors or sub-grantees (third parties) will be non-federal in-kind matching funds. Volunteered time and use of third party facilities to hold meetings or conduct project activities may be considered in-kind (third party) donations.

NOTE: **Indirect charges** may only be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency; or (2) the applicant is a state or local government agency. State governments should enter the amount of indirect costs determined in accordance with HHS requirements. **If indirect costs are to be included in the application, a copy of the approved indirect cost agreement or cost allocation plan must be included with the application. Further, if any sub-contractors or sub-grantees are requesting indirect costs, a copy of the latest approved indirect cost agreements must also be included with the application, or reference to an approved cost allocation plan.**

19. Is Application Subject to Review by State Under Executive Order 12372

Process? Please refer to IV. Application and Submission Information, 4. Intergovernmental Review to determine if the ACL program is subject to E.O. 12372 and respond accordingly.

20. Is the Applicant Delinquent on any Federal Debt? (Required) This question applies to the applicant organization, not the person who signs as the authorized representative. If yes, include an explanation on the continuation sheet.

21. Authorized Representative: (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain federal agencies may require that this authorization be submitted as part of the application.)

Standard Form 424A

NOTE: Standard Form 424A is designed to accommodate applications for multiple grant programs; thus, for purposes of this ACL program, many of the budget item columns and rows are not applicable. You should only consider and respond to the budget items for which guidance is provided below. Unless otherwise indicated, the SF 424A should reflect a multi-year budget.

Section A - Budget Summary

Line 5: Leave columns (c) and (d) blank. Enter TOTAL Federal costs in column (e) and total non federal costs (including third party in-kind contributions and any program income to be used as part of the grantee match) in column (f). Enter the sum of columns (e) and (f) in column (g).

Section B - Budget Categories

Column 1: Enter the breakdown of how you plan to use the Federal funds being requested by object class category.

Column 2: Enter the breakdown of how you plan to use the non-Federal share by object class category.

Column 5: Enter the total funds required for the project (sum of Columns 1 and 2) by object class category.

Section C - Non-Federal Resources

Column A: Enter the federal grant program.

Column B: Enter in any non-federal resources that the applicant will contribute to the project.

Column C: Enter in any non-federal resources that the state will contribute to the project.

Column D: Enter in any non-federal resources that other sources will contribute to the project.

Column E: Enter the total non-federal resources for each program listed in column A.

Section D - Forecasted Cash Needs

Line 13: Enter Federal forecasted cash needs broken down by quarter for the first year only.

Line 14: Enter Non-Federal forecasted cash needs broken down by quarter for the first year.

Line 15: Enter total forecasted cash needs broken down by quarter for the first year.

Note: This area is not meant to be one whereby an applicant merely divides the requested funding by four and inserts that amount in each quarter but an area where thought is given as to how your estimated expenses will be incurred during each quarter. For example, if you have initial startup costs in the first quarter of your award reflect that in quarter one or you do not expect to have contracts awarded and funded until quarter three, reflect those costs in that quarter.

Section E – Budget Estimates of Federal Funds Needed for Balance of the Project (i.e. subsequent years 2, 3, 4 or 5 as applicable).

Column A: Enter the federal grant program

Column B (first): Enter the requested year two funding.

Column C (second): Enter the requested year three funding.

Column D (third): Enter the requested year four funding, if applicable.

Column E (forth): Enter the requested year five funding, if applicable.

Section F – Other Budget Information

Line 21: Enter the total Indirect Charges

Line 22: Enter the total Direct charges (calculation of indirect rate and direct charges).

Line 23: Enter any pertinent remarks related to the budget.

Separate Budget Narrative/Justification Requirement
--

Applicants requesting funding for multi-year grant programs are REQUIRED to provide a combined multi-year Budget Narrative/Justification, as well as a detailed Budget Narrative/Justification for each year of potential grant funding. A separate Budget Narrative/Justification is also REQUIRED for each potential year of grant funding requested.

For your use in developing and presenting your Budget Narrative/Justification, a sample format with examples and a blank sample template have been included in these Attachments. In your Budget Narrative/Justification, you should include a breakdown of the budgetary costs for all of the object class categories noted in Section B, across three columns: Federal; non-Federal cash; and non-Federal in-kind. Cost breakdowns, or justifications, are required for any cost of \$1,000 or for the thresholds as established in the examples. The Budget Narratives/Justifications should fully explain and justify the costs in each of the major budget items for each of the object class categories, as described below. Non-Federal cash as well as, sub-contractor or sub-grantee (third party) in-kind contributions designated as match must be clearly identified and explained in the Budget Narrative/Justification. The full Budget Narrative/Justification should be included in the application immediately following the SF 424 forms.

Line 6a: **Personnel:** Enter total costs of salaries and wages of applicant/grantee staff. Do not include the costs of consultants, which should be included under 6h Other.

In the Justification: Identify the project director, if known. Specify the key staff, their titles, and time commitments in the budget justification.

Line 6b: **Fringe Benefits:** Enter the total costs of fringe benefits unless treated as part of an approved indirect cost rate.

In the Justification: If the total fringe benefit rate exceeds 35% of Personnel costs, provide a breakdown of amounts and percentages that comprise fringe benefit costs, such as health insurance, FICA, retirement, etc. A percentage of 35% or less does not require a breakdown but you must show the percentage charged for each full/part time employee.

Line 6c: **Travel:** Enter total costs of all travel (local and non-local) for staff on the project. **NEW:** Local travel is considered under this cost item not under Other. Local transportation (all travel which does not require per diem is considered local travel). Do not enter costs for consultant's travel - this should be included in line 6h.

In the Justification: Include the total number of trips, number of travelers, destinations, purpose (e.g., attend conference), length of stay, subsistence allowances (per diem), and transportation costs (including mileage rates).

Line 6d: **Equipment:** Enter the total costs of all equipment to be acquired by the project. For all grantees, "equipment" is nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. If the item does not meet the \$5,000 threshold, include it in your budget under Supplies, line 6e.

In the Justification: Equipment to be purchased with federal funds must be justified as necessary for the conduct of the project. The equipment must be used for project-related functions. Further, the purchase of specific items of equipment should not be included in the submitted budget if those items of equipment, or a reasonable facsimile, are otherwise available to the applicant or its subgrantees.

Line 6e: **Supplies:** Enter the total costs of all tangible expendable personal property (supplies) other than those included on line 6d.

In the Justification: . For any grant award that has supply costs in excess of 5% of total direct costs (Federal or Non-Federal), you must provide a detailed break down of the supply items (e.g., 6% of \$100,000 = \$6,000 – breakdown of supplies needed). If the 5% is applied against \$1 million total direct costs (5% x \$1,000,000 = \$50,000) a detailed breakdown of supplies is not needed. Please note: any supply costs of \$5,000 or less regardless of total direct costs does not require a detailed budget breakdown (e.g., 5% x \$100,000 = \$5,000 – no breakdown needed).

Line 6f: **Contractual:** Regardless of the dollar value of any contract, you must follow your established policies and procedures for procurements and meet the minimum standards established in the Code of Federal Regulations (CFR's) mentioned below. Enter the total costs of all contracts, including (1) procurement contracts (except those which belong on other lines such as equipment, supplies, etc.). Note: The 33% provision has been removed and line item budget detail is not required as long as you meet the established procurement standards. Also include any awards to organizations for the provision of technical assistance. Do not include payments to individuals on this line. Please be advised: A subrecipient is involved in financial assistance activities by receiving a sub-award and a subcontractor is involved in procurement activities by receiving a sub-contract. Through the recipient, a subrecipient performs work to accomplish the public purpose authorized by law. Generally speaking, a sub-contractor does not seek to accomplish a public benefit and does not perform substantive work on the project. It is merely a vendor providing goods or services to directly benefit the recipient, for example procuring landscaping or janitorial services. In either case, you are encouraged to clearly describe the type of work that will be accomplished and type of relationship with the lower tiered entity whether it be labeled as a subaward or subcontract.

In the Justification: Provide the following three items – 1) Attach a list of contractors indicating the name of the organization; 2) the purpose of the contract; and 3) the estimated dollar amount. If the name of the contractor and estimated costs are not available or have not

been negotiated, indicate when this information will be available. The Federal government reserves the right to request the final executed contracts at any time. If an individual contractual item is over the small purchase threshold, currently set at \$100K in the CFR, you must certify that your procurement standards are in accordance with the policies and procedures as stated in 45 CFR Part 75 for states, in lieu of providing separate detailed budgets. This certification should be referenced in the justification and attached to the budget narrative.

Line 6g: **Construction:** Leave blank since construction is not an allowable costs for this program.

Line 6h: **Other:** Enter the total of all other costs. Such costs, where applicable, may include, but are not limited to: insurance, medical and dental costs (i.e. for project volunteers this is different from personnel fringe benefits), non-contractual fees and travel paid directly to individual consultants, postage, space and equipment rentals/lease, printing and publication, computer use, training and staff development costs (i.e. registration fees). If a cost does not clearly fit under another category, and it qualifies as an allowable cost, then rest assured this is where it belongs.

Note: A recent Government Accountability Office (GAO) report number 11-43, has raised considerable concerns about grantees and contractors charging the Federal government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. If meals are to be charged towards the grant they must meet the following criteria outlined in the Grants Policy Statement:

- *Meals are generally unallowable except for the following:*
- *For subjects and patients under study(usually a research program);*
- *Where specifically approved as part of the project or program activity, e.g., in programs providing children's services (e.g., Headstart);*
- *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement;*
- *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
- *Under a conference grant, when meals are a necessary and integral part of a conference, provided that meal costs are not duplicated in participants' per diem or subsistence allowances (Note: the sole purpose of the grant award is to hold a conference).*

In the Justification: Provide a reasonable explanation for items in this category. For example, individual consultants explain the nature of services provided and the relation to activities in the work plan or indicate where it is described in the work plan. Describe the types of activities for staff development costs.

Line 6i: **Total Direct Charges:** Show the totals of Lines 6a through 6h.

Line 6j: **Indirect Charges:** Enter the total amount of indirect charges (costs), if any. If no indirect costs are requested, enter "none." Indirect charges may be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency; or (2) the applicant is a state or local government agency. **State governments should enter the amount of indirect costs determined in accordance with DHHS requirements.** An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. Indirect Costs can only be claimed on Federal funds, more specifically, they are to only be claimed on the Federal share of your direct costs. Any unused portion of the grantee's eligible Indirect Cost amount that are not claimed on the Federal share of direct charges can be claimed as un-reimbursed indirect charges, and that portion can be used towards meeting the recipient match.

Line 6k: **Total:** Enter the total amounts of Lines 6i and 6j.

Line 7: **Program Income:** As appropriate, include the estimated amount of income, if any, you expect to be generated from this project that you wish to designate as match (equal to the amount shown for Item 15(f) on Form 424). **Note:** Any program income indicated at the bottom of Section B and for item 15(f) on the face sheet of Form 424 will be included as part of non-Federal match and will be subject to the rules for documenting completion of this pledge. If program income is expected, but is not needed to achieve matching funds, **do not** include that portion here or on Item 15(f) of the Form 424 face sheet. Any anticipated program income that will not be applied as grantee match should be described in the Level of Effort section of the Program Narrative.

c. Standard Form 424B – Assurances (required)

This form contains assurances required of applicants under the discretionary funds programs administered by the Administration for Community Living. Please note that a duly authorized representative of the applicant organization must certify that the organization is in compliance with these assurances.

d. Certification Regarding Lobbying (required)

This form contains certifications that are required of the applicant organization regarding lobbying. Please note that a duly authorized representative of the applicant organization must attest to the applicant's compliance with these certifications.

Proof of Nonprofit Status (as applicable)

Non-profit applicants must submit proof of non-profit status. Any of the following constitutes acceptable proof of such status:

- A copy of a currently valid IRS tax exemption certificate.
- A statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.

Indirect Cost Agreement

Applicants that have included indirect costs in their budgets must include a copy of the current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency. This is optional for applicants that have not included indirect costs in their budgets.

Budget Narrative/Justification- Sample Format

NOTE: Applicants requesting funding for a multi-year grant program are REQUIRED to provide a detailed Budget Narrative/Justification for EACH potential year of grant funding requested.

Object Class Category	Federal Funds	Non-Federal Cash	Non-Federal In-Kind	TOTAL	Justification

6.														

NOTE: Please do not infer from this sample format that your work plan must have 6 major objectives. If you need more pages, simply repeat this format on additional pages.

Instructions for Completing the Project Summary/ Abstract

- All applications for grant funding must include a Summary/Abstract that concisely describes the proposed project. It should be written for the general public.
- To ensure uniformity, limit the length to 265 words or less, on a single page with a font size of not less than 11, doubled-spaced.
- The abstract must include the project's goal(s), objectives, overall approach (including target population and significant partnerships), anticipated outcomes, products, and duration. The following are very simple descriptions of these terms, and a sample Compendium abstract.

Goal(s) - broad, overall purpose, usually in a mission statement, i.e. what you want to do, where you want to be.

Objective(s) - narrow, more specific, identifiable or measurable steps toward a goal. Part of the planning process or sequence (the "how") to attain the goal(s).

Outcomes - measurable results of a project. Positive benefits or negative changes, or measurable characteristics among those served through this funding (e.g., clients, consumers, systems, organizations, communities) that occur as a result of an organization's or program's activities. These should tie directly back to the stated goals of the funding as outlined in the funding opportunity announcement. (Outcomes are the end-point)

Products - materials, deliverables.

- A model abstract/summary is provided below:

The Delaware Division of Services for Aging and Adults with Physical Disabilities (DSAAPD), in **partnership** with the Delaware Lifespan Respite Care Network (DLRCN) and key stakeholders will, in the course of this two-year project, expand and maintain a statewide coordinated lifespan respite system that builds on the infrastructure currently in place.

The **goal** of this project is to improve the delivery and quality of respite services available to families across age and disability spectrums by expanding and coordinating existing respite systems in Delaware. The **objectives** are: 1) to improve lifespan respite infrastructure; 2) to improve the provision of information and awareness about respite service; 3) to streamline access to respite services through the Delaware ADRC; 4) to increase availability of respite services. Anticipated **outcomes** include: 1) families and caregivers of all ages and disabilities will have greater options for choosing a respite provider; 2) providers will demonstrate increased ability to provide specialized respite care; 3) families will have streamlined access to information and satisfaction with respite services; 4) respite care will be provided using a variety of existing funding sources and 5) a sustainability plan will be developed to support the project in the future. The expected **products** are marketing and outreach materials, caregiver training, respite worker training, a Respite Online searchable database, two new Caregiver Resource Centers (CRC), an annual Respite Summit, a respite voucher program and 24/7 telephone information and referral services.
