FROM THE AMERICAN PEOPLE

Reference: Notice of Funding Opportunity (NOFO)
72072121RFA00003, Amendment #2
Tanzania Orphans and Vulnerable Children (OVC) Next
Generation

Subject: Amendment #2 to the NOFO

NOFO Issuance Date: June 29, 2021

Closing Date for Concept Papers: August 6, 2021

Amendment #2 Issuance Date: August 11, 2021

Dear Ladies and Gentlemen:

The purpose of this amendment #2 is to revise a response that was provided in amendment #1. Specifically, question 61.a asked:

“If more than one Concept Paper submission scores a “pass” on all four rating criteria, will USAID still restrict an invitation to present in Phase II to only one prime? And if yes, how will that determination be made?”

The revised response is as follows:

“As the original NOFO stated in the cover letter, USAID anticipates selecting only one applicant from Phase I to participate in Phase II. If more than one applicant receives pass marks for each criterion, USAID intends to select the concept paper that best meets the objectives of this funding opportunity based on an evaluation of the strengths and weaknesses identified for each criterion. However, USAID reserves the right to have more than one applicant participate in Phase II if USAID determines that more than one applicant’s concept paper best meets the objectives of the funding opportunity.”

No changes are being made to the text of the original NOFO or the amended version. Because the revised response in this amendment does not impact the substance of the NOFO, the closing date for the issuance of concept papers is not extended.

Sincerely,

Sascha Kemper
Agreement Officer
