covered defense information, DFARS clause 252.204–7012 and any additional contract-specific cybersecurity requirements incorporated by the requiring activity will apply to both the solicitation and resulting contract. DFARS 252.204–7012 requires the contractor to provide adequate security on any unclassified information system that is owned, or operated by or for, the contractor and that processes, stores, or transmits covered defense information. Covered defense information, when provided to the contractor, by or on behalf of DoD in support of the performance of the contract, must be marked or otherwise identified in the contract, task order, or delivery order. If a contractor has reason to question whether the information requires protection under this clause, the contractor should consult with the cognizant contracting officer for clarification. DoD agencies follow the Department's policies for information protection contained in DoD Manual (DoDM) 5200.01 Vol 4, DoD Information Security Program: CUI, and in DoD Instruction (DoDI) 5230.24, Distribution Statements on Technical Documents. As these policies have been in place for several years, the Department does not require a centralized office to oversee their execution.

Applications for New Awards; Technical Assistance and Dissemination To Improve Services and Results for Children With Disabilities—Planning Grants for Increasing Instructional Time and Reducing Administrative Burdens

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice; correction.

SUMMARY: On July 15, 2019, we published in the **Federal Register** a notice inviting applications (NIA) for new awards for fiscal year (FY) 2019 for Technical Assistance and Dissemination To Improve Services and Results for Children With Disabilities—Planning Grants for Increasing Instructional Time and Reducing Administrative Burdens program, Catalog of Federal Domestic Assistance (CFDA) number 84.326A. The NIA published with the incorrect application period, which should be 45 days instead of 30. We are also correcting the award size, which should be a range from $150,000 to $250,000, which updates the estimated number of awards from 10 to a range of 6 to 10.

DATES: This correction is applicable July 30, 2019.

SUPPLEMENTARY INFORMATION: On July 15, 2019, we published in the **Federal Register** an NIA for new awards for FY 2019 for Technical Assistance and Dissemination To Improve Services and Results for Children With Disabilities—Planning Grants for Increasing Instructional Time and Reducing Administrative Burdens (84 FR 33762). In the NIA, an error was made regarding the application period, which should be 45 days instead of 30. With this correction, the deadline for transmittal of applications is August 29, 2019. In addition, we are correcting the award size from $150,000 to a range between $150,000 to $250,000. This correction to the award size is necessary because planning costs may vary from State to State. Consequently, the estimated number of awards are corrected from 10 to a range of 6 to 10. Applicants are not limited to a maximum award size of $150,000 for a project period of 12 months.
