

American Battlefield Protection Program

Optional Image Worksheet

In the event that your application is selected for a grant award by the Merit Review Panel, the American Battlefield Protection Program (ABPP) would like to celebrate your project on its website and social media platforms. Applicants may use this Optional Image Worksheet to provide ABPP with a brief summary of your project and media quality images to use for that purpose. This is an optional step, ABPP will **not** forward the Optional Image Worksheet to the merit review panel and it is **not** a factor in the review criteria for your application.

Once applicants submit their text and image(s), ABPP retains the right to edit the text and images for web and social media use.

ABPP may reach out to applicants for the original file of Image(s) provided on this worksheet by email. This action does not imply selection for award. If the file is too large for email, ABPP can arrange for transfer via the ABPP File Transfer Portal utilizing MS SharePoint.

In the box below, write 250-words max about your project. This is usually a blend of historical significance and specifics about the project. Please write for a public audience, explaining any jargon or acronyms used.

- Please share 1-3 high-resolution, non-blurry image(s).
- Include a brief caption and photographer/creator credit line.
- File type: JPEG, PNG, or TIF
- At least 2500px in width, no specified height
- Preferred horizontal images, color, images with people who have consented to have their picture taken.

By submitting images, captions, and credit line, applicants are affirming that they have the necessary permission to share the image(s) and offers consent to ABPP to use and amend as noted above. If at all in doubt of your permissions, please do not share an image.

Please provide a contact in case we need to follow-up on this material.
