2. Executive Summary.

The Fulbright Specialist Program will select approximately 400 American academics and professionals to countries worldwide for two-to-six week programming in FY 2027. Fulbright Specialists share their expertise, build and strengthen professional networks, and gain international experience through projects that support U.S. foreign policy priorities and strengthen institutional ties in education, innovation, and trade.

Specialist projects are requested by U.S. embassies and Fulbright Commissions abroad, in coordination with foreign institutions such as universities, teacher-training centers, cultural institutions, and government ministries. Specialists may include attorneys, business leaders, economists, etc., and they develop curricula, design or deliver symposia, conduct needs assessments, and consult on faculty or workforce needs.

B. Eligibility

1. Eligible Applicants.

The following organizations are eligible to apply:

- U.S. Not-for-profit organizations, including think tanks and civil society/non-governmental organizations
- U.S. Not-for-profit public and private educational institutions

Please see the Proposal Submission Instructions (PSI) for additional information.

2. Cost Sharing.

There is no minimum or maximum percentage of cost sharing required for this program.

3. Other Eligibility Requirements.

- a. All organizations must have a Unique Entity Identifier (UEI) issued via SAM.gov as well as a valid registration in SAM.gov. Please see *Section E. Submission Requirements and Deadlines* for more information.
- b. ECA's Grant Guidelines require that organizations demonstrate at least four years of experience in conducting international exchanges to be eligible for awards exceeding \$130,000 in ECA funding. As noted in *Section A. Basic Information*, ECA anticipates issuing one award, for approximately \$4,600,000. Therefore, organizations must demonstrate four years of experience in conducting international exchanges in your proposal to be eligible to apply under this competition.
- c. All proposals must comply with the requirements stated in the NOFO, Project Objectives, Goals, and Instructions (POGI) document, and the PSI; not doing so may result in your proposal being declared technically ineligible and given no further consideration in the review process.
- d. All proposals must contain a SF-424, executive summary, proposal narrative, budget (SF-424A), detailed line-item budget, and budget narrative.
- e. Only *one* proposal will be considered by ECA from each applicant organization. In cases where more than one submission from an applicant appears in grants.gov, ECA will *only* consider the submission made closest in time to the NOFO deadline; that submission would constitute the one and only proposal ECA would review from that applicant.

Please note: Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF-424 and additional supporting documentation outlined in the PSI document.

- f. Applicants who are current recipients of awards directly from ECA should make sure the application discusses one or more award that will be open with

ECA at the start of the anticipated period of performance for this NOFO. Applicants who do not have current awards directly with ECA, please review the information in the PSI, section D, with additional information that must be provided in your application for it to be eligible.

C. Program Description

3. Authority.

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87-256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries...; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations...and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

2. Purpose.

The Fulbright Specialist Program supports one-way exchanges of approximately 400 American academics and professionals to all world regions for periods ranging from two-to-six weeks. Fulbright Specialists share their expertise, build and strengthen networks, and gain international experiences through projects supporting U.S. foreign policy priorities that are requested by U.S. embassies and Fulbright commissions abroad, in coordination with foreign institutions. Some examples of receiving institutions include universities, teacher-training institutions, cultural institutions, and government ministries. Specialists are selected through an open, merit-based competition under the oversight of the J. William Fulbright Foreign Scholarship Board (FFSB).

3. Program Specific Guidelines.

The Department of State will provide funding to the successful organization to assist in the administration of the Fulbright Specialist Program. The Fulbright Program was created by the U.S. Congress at the end of World War II to enhance mutual understanding between the people of the United States and the people of other countries. In the intervening years, the Fulbright Program evolved into the premier educational exchange program sponsored by the people of the United States through their federal government, and an important element in the foreign policy of the United States. The Fulbright Program, which now extends to more than 160

foreign countries and involves approximately 8,000 participants per year, has supported approximately 400,000 participants, many now leaders in their fields, in its 80-year history.

One hallmark of the Fulbright program is its binational character. The United States Government and foreign governments, educational institutions, and other public and private entities are all partners in this enterprise. In many countries of the world, financial contributions from governments and public/private sources match or exceed those of the United States government. Because of its binational nature, the profile of the Fulbright Program worldwide reflects a range of objectives and interests.

ECA, as sponsor and manager of the Fulbright Specialist Program, plays a significant role in the planning and implementation of all program initiatives, publicity, and promotion, and serves as a liaison with overseas posts and commissions. ECA will work closely with the award recipient on program promotion, project submission, participant selection and matching procedures, and disbursement of funds. ECA will oversee the selection and placement of all project proposals and set country project allocations. The award recipient should maintain ongoing contacts with ECA/A/E program managers throughout the year.

Through this Notice of Funding Opportunity (NOFO), ECA seeks new ideas to effectively publicize the program internationally and in the United States, develop and manage the Fulbright Specialist register, and maintain an effective process of matching specialists to available projects. ECA encourages recipients to outline protocols for managing multiple funding models (traditional funding and fully-field-funded models), rapid response projects, discipline specific recruitment needs, and other Department of State initiatives.

Under the auspices of the FFSB, approximately 400 U.S. citizens are awarded Fulbright Specialist grants each fiscal year through a merit-based, competitive process. The program provides a short-term, “on-demand” (i.e., relatively quick turnaround time from project request to execution) Fulbright resource for countries overseas to build capacity in a variety of academic and professional fields. The program promotes long-term engagement between U.S. and foreign country higher education institutions or related entities through academic projects that align with U.S. government priorities as well as the needs of foreign countries.

Under the Fulbright Specialist Program, U.S. embassies and Fulbright Commissions may submit a predetermined number of project proposals to ECA each fiscal year. This program operates on a rolling, year-round basis and includes the following components:

- *Fulbright Specialist Project Development:* U.S. embassies and Fulbright Commissions invite projects from foreign higher education institutions and other organizations aligned with embassy or commission priorities. Project proposals should include priority fields, institutions of interest, and/or anticipated audiences. Projects should aim to:
 - o Create new academic programs or fields of study,
 - o Build institutional ties with U.S. academia,
 - o Strengthen new or developing universities,
 - o Provide rapid response to emerging needs, such as disasters or urgent U.S. foreign policy priorities.

U.S. embassies and Fulbright Commissions submit these proposals to ECA for review and approval. Eligible institutions include foreign universities, non-degree-granting educational organizations, government agencies, teacher-training centers, cultural institutions, non-governmental organizations, and think tanks. Primary project activities may involve faculty or teacher training, curriculum development or materials development, faculty development consultations, needs assessments, and program evaluations. Specialists are also encouraged to give presentations and guest lectures as supplemental activities. Proposals from the field should clearly outline the specialist's activities, objectives, expected impact, target audience, institution, and any cost-sharing arrangements.

- *Fulbright Specialist Project Submission:* U.S. embassies and Fulbright Commissions may submit foreign institution-designed projects online to ECA on a rolling basis until they reach the country's annual project allocation. Typically, foreign institution applicants can expect approximately six months from project submission to specialist deployment in country. However, for projects in ECA priority areas, embassies and commissions may request a rapid response, and ECA will direct the award recipient to expedite deployment under certain conditions. Embassies and Fulbright Commissions may schedule projects to start at any date within one year of the foreign institution's proposal submission.

- *Fulbright Specialist Register Development:* The Fulbright Specialist Program maintains an online register of pre-screened, eligible scholars and professionals across many academic and professional fields. Scholars and professionals may apply at any time to join the register; they do not need to be nominated for a specific project. An independent academic panel representing a range of U.S. higher education institutions reviews each application, meeting virtually several times a year. Approved applicants join the Fulbright Specialist register for a three-year term and become eligible for project assignments as “candidates.” When a candidate is matched to a specific project, the program submits their name to the FFSB for final approval. The previous implementing partner is required to transfer online register information to award recipient as required.
- *Requesting a Fulbright Specialist:* U.S. embassies, Fulbright Commissions, and foreign institutions may request to match Fulbright Specialist candidates from the online register to their proposed projects. In academic fields with no pre-screened candidates, embassies, commissions, and foreign institutions may identify U.S. faculty and professionals who are not yet on the register and encourage them to apply. Specialist candidates may submit applications to the register at any time throughout the year.

Applicant organizations should demonstrate capacity and leadership in the fields of international exchange, which may include research and engagement with higher education communities both in the United States and abroad, as well as the ability to work with ECA to address current and emerging priority issues and topics of importance to the U.S. government. ECA seeks innovative approaches and creative strategies to attract Fulbright Specialist applicants, and to assist U.S. embassies and Fulbright Commissions with institution recruitment challenges overseas. ECA seeks an experienced implementer who can carry out a variety of different tasks simultaneously, including the recruitment of applicants, a merit-based review of candidates, successful collaboration with Fulbright Commissions and U.S. embassies, demonstrated financial management and fiscal responsibility, experience in grant administration and exchange participant support, professional reporting and public communications strategies and delivery, and engagement with program alumni. Applicant organizations should have a record of administering high volume/short term international exchange programs, where some projects can have a short turnaround time due to the rapid response nature of the program.

4. Recipient Responsibilities.

The activities and the roles and responsibilities of the recipient for this program are outlined in the attached POGI document.

5. Program Performance Monitoring and Evaluation (M&E).

Distinct from grants or cooperative agreement monitoring and participant monitoring, performance monitoring is designed to assess progress against a program's goals and objectives. A performance monitoring framework is vital to tracking the direction, pace, and magnitude of change that result from ECA programs.

ECA created the Monitoring Data for ECA (MODE) Framework to measure the performance of ECA programs. **The MODE Framework provides standard indicators and corresponding survey questions to ensure consistent measures across all ECA programs.** More resources and guidance documents on the MODE Framework are available online at: <https://www.state.gov/eca-monitoring-evaluation-learning-and-innovation-meli-unit/>.

The proposal must include the MODE Framework objectives and indicators listed below (note that, because not all MODE objectives and indicators are relevant for a program, the numbering below will not be sequential). In addition to the ECA-required objectives and indicators, applicants may also select additional MODE Framework indicators (see the *Indicator Book* on the MODE Framework website), or design custom objectives and indicators that are specific to the proposed program and this proposal.

Demographic Questions as outlined in the *Indicator Book* on page v and *Performance Monitoring Plan (PMP)* (See the MODE Resource Guide - <https://app.box.com/s/qjo8icwj46tc8h1l1qtg80zl7ibwgtua> – found on our website <https://www.state.gov/eca-monitoring-evaluation-learning-and-innovation-meli-unit/>)

Performance Monitoring Plans (PMPs)

ECA recommends the use of a PMP to serve as the primary reference document for performance monitoring for this award. If used, the PMP is an important part of any proposal, as it outlines how the applicant plans to track progress towards the proposed program's goals and objectives through indicators and corresponding data collection questions. A PMP document that includes all MODE Framework indicators is a part of this solicitation's attachments. Specific instructions on how to modify the PMP to be responsive to this solicitation are included in that document; there is also a support video available for more information on how to fill out the PMP: <https://www.youtube.com/watch?v=WBHC1oLNZvI>. While

ECA recommends the applicant use the PMP format provided, this is not a requirement. If a PMP is not included in the proposal, applicants should provide similar information to that found in the suggested PMP format, in a presentation of your choice. Successful PMPs (or similar documentation) should include the following:

- **Objectives.** Programmatic objectives are statements of the condition(s) that state what the program is designed to achieve. Objectives are therefore bound by the resources and timeframe of the program and must be specific, measurable, attainable, relevant and time-bound (SMART). In addition to those outlined above, the applicant may propose other program objectives from the MODE Framework or other applicant-designed program-specific objectives.
- **Indicators.** Performance indicators are measures used to gauge progress toward programmatic objectives and sub-objectives. Indicators should be as specific as possible (following the SMART principles) and include any proposed disaggregations (meaning, breakdowns of the data by subgroups; the PMP lists the demographic questions required to obtain the information necessary to report the disaggregations). Each indicator should also include a target number to be achieved. A target is a planned level of result to be achieved within an explicit timeframe.
 - If you do not use the PMP format provided, note that any performance monitoring reference document the applicant submits should include the information in the column headers (Indicator Name, Definition, Target, Survey Question, etc.) in the PMP attachment at a minimum.
 - In addition to those indicators outlined in above, the applicant may propose additional custom, program-specific indicators in the PMP (ECA recommends the proposed PMPs include a minimum of one indicator for each custom programmatic objective).
 - During the period of performance of the award, the ECA program office may further revise, add, or remove indicators. Therefore, the applicant's PMP and data collection instruments should be flexible enough to incorporate those once established.

Award recipients are responsible for collecting indicator data only on participant outcomes during the period of performance of the award itself (see the PMP for guidelines as to when these data collection efforts should occur). ECA will measure outcomes of ECA participants at one, three, five, and 10 years after the exchange has ended to capture the long-term outcomes of ECA programming unless

otherwise specified in the solicitation. In this instance, the recipient will be responsible for coordinating with ECA on any alumni surveys to de-duplicate questions and minimize potential survey fatigue.

Regardless of the survey platform used, **all** MODE Framework survey questions outlined above are **required** (i.e., should be forced response); please see the Consent Language in the MODE Framework *Indicator Book* for more information on how to convey this to participants/survey respondents.

Program Performance M&E Narrative

Proposals should include information within the program narrative section(s) that outlines how the applicant intends to measure the indicators listed above. This will be separate from the PMP and should include but not be limited to:

- An overview of resources available to the applicant that outline the team structure and responsibilities surrounding performance monitoring.
- The mechanism(s) through which surveys and other data collection tools (if applicable) will be administered, including which platform will be used, and when and how surveys will be advertised to participants – detailing strategies to ensure adequate survey response rates (<https://app.box.com/s/pn6tavyg7sh064i502fzap49ox63y38a>), and to reduce selection and non-response bias.
- A brief explanation of data analysis and reporting procedures.
- An overview of a proposed learning plan and feedback loops to ensure that the Grant Officer (GO)/Grant Officer Representative (GOR) are informed on performance monitoring issues at regular intervals.

Nonmandatory Use of the Qualtrics MODE Survey Builder Data Collection System

ECA has created a guided tool (the MODE Survey Builder) within the Qualtrics survey platform for ECA implementing partners to generate surveys to facilitate the seamless collection and reporting of MODE Framework data. The MODE Survey Builder offers implementing partners a guided workflow that will generate a ready-to-send MODE survey, allows the addition of custom survey questions, and offers a standard report template for a quick overview of survey results that can be submitted in MyGrants (see section below) to fulfill RPM Reporting Requirements. Use of the Qualtrics survey platform can be utilized at no cost to implementing partners. Additional information about the MODE Survey Builder can be found here: <https://app.box.com/s/jjr98hmx6deorxj3lwgaxjrwdfec2r91> and here: <https://www.youtube.com/watch?v=Jus4fRqOTcM>. You can propose use of an

alternate survey tool or use the MODE Survey Builder, but if you are utilizing the MODE Survey Builder, you must indicate such in your proposal.

MyGrants RPM Reporting Requirements

MyGrants is a database solution that serves as the official system of record for all U.S. Department of State and ECA awards. The Results Performance Monitoring (RPM) module within MyGrants is an extension module that enables users to report performance monitoring data in the same system where they currently manage federal assistance actions. As part of ECA's efforts to streamline data collection and management, the recipient(s) of this award will be required to input performance reporting data outlined in this solicitation into the MyGrants RPM. The data stored in the MyGrants RPM will provide ECA with a bureau-wide, uniform M&E reporting tool that is already linked with other elements of the awards familiar to existing awardees.

6. Allowable Costs.

Allowable costs for the program include the following:

Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

7. Cost Share.

ECA encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with the Office of Management and Budget's Guidance 2 CFR Parts 200 and 600, entitled the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA's contribution may be reduced in like proportion.

8. Freedom and Democracy Guidelines.

Public Law 104-319 provides that "in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy," the Bureau "shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such

countries." Public Law 106 - 113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

9. Virtual Exchange Component.

Proposals should demonstrate the organization's capacity to provide innovative options for virtual activities to substitute for in-person engagement for program participants. Organizations should consider how they will implement virtual exchange activities, given the potential limits to internet access from participants in some locations and while continuing to advance foreign policy objectives and achieve lasting benefits for U.S. citizens and international participants.

In addition to planning for virtual exchange activities if in-person programming is prohibited, ECA welcomes innovative ideas on how organizations can leverage virtual programming technologies during or in addition to in-person programming. ECA encourages organizations submitting proposals in response to this solicitation to suggest one or more virtual exchange components to complement the in-person exchange. The virtual exchange components could come before, during and/or after the physical exchange. The objective for the virtual exchange components is to augment the impact of the in-person exchange described in this solicitation. ECA encourages organizations to propose virtual exchange ideas that take advantage of ECA's existing web and social networking platforms. Virtual exchange components would be coordinated with and approved by the ECA program office and U.S. missions abroad on a project-by-project basis.

10. Communications Guidance for ECA Recipients.

All ECA Recipients must adhere to the requirements in [ECA's Communications Guidance](#) on the creation of program branding and attribution, websites, social media, and press.

11. Celebration of America's Semiquincentennial.

ECA is excited to play a key role in making the Semiquincentennial – commonly known as “Freedom 250” – a truly global celebration. As the period of performance for this award is scheduled to cover part or all of calendar year (CY) 2026, the applicant may wish to consider ways the program can celebrate Freedom 250. Any Freedom 250 focused activities or plans will be subject to ECA approval and direction, and changes may be requested by ECA. Use of any ECA-provided Freedom 250 brand elements will be subject to advance ECA approval and require adherence to Department of State and ECA guidelines for such branding.

12. Substantial Involvement.

In a cooperative agreement, the Department is substantially involved in program activities above and beyond routine monitoring, as follows:

- a. Overseeing the selection and placement of participating specialists, in cooperation with Fulbright commissions and U.S. embassies, and subject to final selection by the J. William Fulbright Foreign Scholarship Board (FFSB);
- b. Approving significant changes to specialists' proposed Fulbright projects in cooperation with Fulbright commissions and U.S. embassies for previously approved projects;
- c. Providing guidance in unforeseen emergency or crisis situations and making final decisions on the operational status of country programs. This includes significant decisions such as: the evacuation and/or reassignment of participants from one country to another, the suspension of a country program, or the closure of a country program.
- d. Approval of communication strategy before implementation and approval of any program materials disseminated to the public.

D. Application Contents and Format

Please read the complete announcement before sending inquiries or submitting proposals.

Applicants must follow all instructions in the Solicitation Package, including the PSI, which contains guidelines for proposal preparation.

1. Budget Format.

Applicants must submit a budget (SF-424A), detailed line-item budget, and a budget narrative. See the PSI section III for more information on the budget requirements.

Budget requests may not exceed \$4,600,000. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification. 6. Unique Entity Identifier (UEI) and System for Award Management (SAM.gov).

Required Registrations

All organizations, whether based in the United States or in another country, must have a Unique Entity Identifier (UEI) and an active registration in SAM.gov. A UEI is one of the data elements mandated by Public Law 109-282, the Federal Funding Accountability and Transparency Act (FFATA), for all Federal awards. An applicant must maintain an active registration while it has a proposal under review by the Department and must continue to keep the registration active for the entire duration of the period of performance of any Federal award that results from this NOFO.

The 2 CFR 200 requires subrecipients to obtain a UEI. Please note the UEI for subrecipients is not required at the time of application but will be required before an award is processed and/or directed to a subrecipient.

Note: The process of obtaining or renewing a SAM.gov registration may take anywhere from 4-8 weeks. Please begin your registration as early as possible.

Organizations based in the United States or that pay employees within the United States will need an Employer Identification Number (EIN) from the Internal Revenue Service (IRS) and a UEI prior to registering in SAM.gov.

All federal award recipients must maintain a current registration in the SAM database. Recipients must maintain accurate and up-to-date information in www.SAM.gov until all program and financial activity and reporting are completed on any issued award. Recipients must review and update the information at least annually after the initial registration and more frequently if required information changes or another award is granted. There is no cost associated with registering or updating SAM.gov accounts.

For more detailed instructions for registering with SAM.gov, refer to: <https://sam.gov/content/entity-registration>

Exemptions

An exemption from the UEI and sam.gov registration requirements may be permitted on a case-by-case basis. See [2 CFR 25.110](#) for a full list of exemptions.

Organizations requesting exemption from UEI or SAM.gov requirements must email the point of contact listed in the NOFO at least two weeks prior to the deadline in the NOFO providing justification of their request. Approval for a SAM.gov exemption must come from the warranted Grants Officer before the application can be deemed eligible for review.

7. Required Registration with MyGrants.

All ECA award recipient organizations and recipient contacts and signatories must be registered with the U.S. Department of State's MyGrants system by accessing <https://mygrants.servicenowservices.com> and clicking the "create an account" link. MyGrants is the U.S. Department of State's grants management system and is supported by the Department's Integrated Logistics Management System (ILMS). Recipient organizations and recipient contacts and signatories that have previously used MyGrants as a U.S. Department of State award recipient do not need to register again. If the organization is not able to access the system, please contact the ILMS Help Desk for help in gaining access.

Support for Recipient Organizations and recipient contacts and signatories is available 24 hours, 7 days a week (except federal holidays), and can be reached at 1-888-313-ILMS (4567) or through the ILMS Self Service Portal at <https://afsitsm.servicenowservices.com/ilms/>.

8. Submission Instructions.

Method of Submission

Applications may only be submitted electronically through Grants.gov (<https://www.grants.gov>). Complete solicitation packages are available at Grants.gov in the “Search Grants” portion of the system.

Grants.gov Registration, Application Submission, and Receipt Procedures

Eligible organizations should follow the instructions available in the ‘Get Started’ portion of the site (<https://www.grants.gov/applicants/grant-applications/how-to-apply-for-grants>).

How to Register to Apply through Grants.gov

Applicants should read instructions carefully and prepare the information requested before beginning the registration process. Reviewing and assembling the required information before beginning the registration process will alleviate last-minute searches for required information.

The registration process can take up to four weeks to complete. Therefore, registration should be done in sufficient time to ensure it does not impact your ability to meet required application submission deadlines. Applicants should check with appropriate staff within their organizations immediately after reviewing this NOFO to confirm or determine their registration status with Grants.gov.

9. Submission Dates and Times.

Application Deadline Date.

Monday, June 29, 2026

Applicants have until 11:59 p.m., Washington, DC time of the closing date to ensure that their entire application has been uploaded to the Grants.gov site. There are no exceptions to the above deadline. Applications uploaded to the site after the application deadline date and time will be automatically rejected by the Grants.gov system and will be found technically ineligible.

Therefore, we strongly recommend that you begin the submission process through Grants.gov well in advance of the application deadline.

Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant Grants.gov Authorized Organization Representative (AOR) will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When ECA successfully retrieves the application from Grants.gov, Grants.gov will provide an electronic acknowledgement of receipt of the application to the email address of the applicant with the AOR role. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Please also be mindful of any Grants.gov generated error messages that may appear during the application process as they may result in some documents not transmitting correctly.

Applicants using slow internet should be aware that transmission can take some time before Grants.gov receives your application. Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during

the transmission process. Please be patient and give the system time to process the application.

The Grants.gov website includes extensive information on all phases/aspects of the Grants.gov process, including an extensive section on frequently asked questions, located under the “Applicant FAQs” section of the website. ECA strongly recommends that all potential applicants review thoroughly the Grants.gov website, well in advance of submitting a proposal through the Grants.gov system. ECA will not notify you upon receipt of electronic applications.

PLEASE NOTE: ECA bears no responsibility for applicant timeliness of submission or data errors resulting from transmission or conversion processes for proposals submitted via Grants.gov. Prior to submitting applications through Grants.gov, please ensure you meet all Grants.gov system and software requirements, including Adobe software compatibility. You can verify if your version of the Adobe software is compatible with Grants.gov, by visiting <https://grants.gov/applicants/adobe-software-compatibility>

It is the responsibility of all applicants submitting proposals via the Grants.gov web portal (<https://www.grants.gov>) to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

F. Application Review Information

1. Review Process.

ECA will check that all proposals meet the technical requirements in this solicitation. Proposals that do not meet the guidelines, including those under the eligibility section above or in the PSI, will be ineligible for further review.

All eligible proposals will be reviewed by the program office before being reviewed by an ECA grant panel. Applications may also be reviewed by Public Diplomacy sections overseas, State Department regional bureaus, or other State Department offices, as appropriate. All reviewers, including the ECA grant panels, will review any eligible proposals based on the criteria below.

Proposals recommended by an ECA grant panel will be reviewed for compliance with Federal and Bureau regulations and guidelines and assessed for risk. Final funding decisions are made by the ECA's Assistant Secretary. Only an ECA Grant Officer has the final authority to issue assistance awards.

2. Review Criteria.

An ECA grants panel will competitively evaluate all technically eligible applications according to the criteria stated below. These criteria are not rank ordered, and all carry equal weight in the proposal review.

- a. **Quality of the Program Idea/Program Planning:** Proposals should be original, well-defined, and relevant to ECA's mission. Proposed programs should strengthen mutual understanding and the establishment of long-term

institutional and individual linkages. Proposals should have a detailed agenda and work plan that demonstrates your institution's ability to carry out the program. The plan should follow the program guidelines described in this solicitation and should be likely to provide maximum impact in achieving the proposed results.

- b. **Institutional Capacity and Institution's Record/Ability:** Proposals should include the necessary personnel and institutional resources to achieve the program results. The organization has expertise in exchange programs, and the proposal demonstrates it has internal controls in place to manage federal funds. Proposals should demonstrate an institutional record of successful exchange programs and responsible fiscal management. ECA will consider the past performance of prior ECA recipients, including the timely submission of reports and the demonstrated potential of new applicants.
- c. **Performance Monitoring and Evaluation (M&E):** Proposals should have a fully developed M&E plan that includes goals, objectives, and indicators. The plan should be feasible and aligned with the M&E section of this solicitation. Proposals should include a realistic learning plan that outlines how your organization plans to review, understand, and incorporate M&E data into programmatic decisions and practices. All submitted M&E plans will be reviewed to ensure the applicant has provided at least the required information outlined in the M&E section of this solicitation and demonstrated the applicant's capacity to carry out the M&E plan.
- d. **Cost-effectiveness and Cost Share:** Proposals should keep the overhead components of the proposal, including salaries and honoraria, as low as possible. All costs should be necessary and appropriate. Proposals should maximize cost share through other private sector support and institutional direct funding contributions.
- e. **Follow-on Activities:** Proposals should provide a plan for continued follow-on activity after the ECA supported program ends, ensuring that programs are not isolated events.

3. Indirect Costs

If two or more applications receive equivalent scores based on the evaluation criteria outlined in this NOFO, preference will be given to the applicant with the lower indirect cost rate, as consistent with Executive Order 14332, Section 4(b)(iii). This preference will only be applied as a tie-breaking mechanism and does not supersede the primary evaluation criteria.

4. Risk Review

Under the merit review as required by 2 CFR 200.206, prior to making a Federal Award, the Department will review and consider the following risk factors:

- a. Financial stability
- b. Management systems and standards
- c. History of performance
- d. Audit reports and findings
- e. Ability to effectively implement requirements

5. Responsibility/Qualification Information in SAM.gov.

The Federal awarding agency, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the U.S. government designated integrity and performance system accessible through SAM.gov (see 41 U.S.C. 2313) (see 41 U.S.C. 2313)

An applicant can review and comment on any information in the responsibility/qualification records available at SAM.gov.

Before making decisions in the risk review required by 2 CFR 200.206, the Department will consider any comments by the applicant, along with information available in the responsibility/qualification records in SAM.gov.

G. Award Notices.

Final awards cannot be made until funds have been appropriated by Congress, allocated and committed through internal ECA procedures. The award or cooperative agreement will be signed by an authorized Grants Officer in ECA's Grants Division and transmitted to the recipient's responsible officer (as identified in the application) for review and countersignature. The recipient may only start incurring project expenses beginning on the start date shown on the fully signed award document.

Issuance of this NOFO does not constitute an award commitment on the part of the U.S. government, nor does it commit the U.S. government to pay for costs incurred in the preparation and submission of proposals. Further, the U.S. government reserves the right to reject any or all proposals received. If a proposal is selected for funding, the Department of State has no obligation to provide any additional future funding.
