Program Description

Priorities

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) ([5 U.S.C. 553](#)), ED generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priority in this notice.

This notice contains one absolute priority. For FY 2026 and any subsequent year in which ED makes awards from the list of unfunded applications from this competition, this priority is an absolute priority.

Absolute Priority: ED considers only applications that meet the absolute priority.

Absolute Priority Title	Required	Priority Language
<i>National Center for Accessible Education Videos</i>	Yes	Projects or proposals to support the distribution and production of the materials described in section 674(c)(1)(B) of the IDEA, which requires that the Secretary of Education support audio description, open captioning, and closed captioning, which is appropriate for use in early learning and kindergarten through grade 12 (K-12) settings of (a) television programs, (b) videos, or (c) other materials, including programs and materials associated with new and emerging technologies.

Priority Program Requirements:

The purpose of this priority is to fund a cooperative agreement to establish and operate a National Center for Accessible Education Videos (Center). This Center will oversee the selection, acquisition, captioning, audio description, American Sign Language (ASL) interpretation, and distribution of educational media and materials through a free, online loan service site for eligible users. ²

The project must achieve, at a minimum, the following expected outcomes:

- (a) Increased acquisition of captioned, audio described, and ASL interpreted educational media and materials disseminated through a free, online loan service site for eligible users;
- (b) Increased number of high-quality captioned, audio described, and ASL interpreted educational media and materials for children and youth with disabilities;
- (c) Increased capacity of early childhood providers, K-12 educators, faculty, preservice providers, and families to access and support the use of captioned, audio described, and ASL interpreted educational media and materials; and
- (d) Increased use of captioned, audio described, and ASL interpreted educational media and materials by children and youth with disabilities and families.

² For purposes of this priority, “eligible users” are defined as children and youth in early childhood and kindergarten through grade 12 (K–12) settings who have hearing or vision impairments and individuals, such as early childhood providers, K-12 educators, and parents, who are directly involved in these children and youth’s early childhood or K–12 classroom instruction. To be eligible to use the accessible products and materials in the accessible platform, children and youth with disabilities must meet the criteria for “eligible person” in the Copyright Act of the United States, at [17 U.S.C. 121](https://www.copyright.gov/title17/92chap1.html#121). For more information, visit www.copyright.gov/title17/92chap1.html#121.

Priority Application Requirements:

In addition, to be considered for funding under this priority, applicants must meet the following requirements:

- (a) In the narrative section of the application under “Significance”—
 - (1) Use applicable national, State, regional, or local data to demonstrate how the Center will address the needs of children and youth with disabilities to access captioned, audio described, and ASL interpreted educational media and materials; and
 - (2) Describe how the Center will increase early childhood providers, K-12 educators, faculty, preservice educators, and families’ knowledge and understanding of the benefits, services, or opportunities that are available to children and youth with disabilities by using captioned, audio described, and ASL interpreted educational media and materials in early childhood and K-12 settings, including face-to-face, online, and hybrid.
- (b) Demonstrate, in the narrative section of the application under “Quality of the project design,” how the proposed project will—
 - (1) Develop or enhance an online loan service site of captioned, audio described, and ASL interpreted educational media and materials that is free for eligible users. To meet this requirement, the applicant must describe how they will provide secure access to a site that meets or exceeds current industry standards for accessibility and provides on-demand captioned, audio described, and ASL interpreted educational media and materials;
 - (2) Select educational media and materials that are of high educational value but not currently accessible, and work with media producers and distributors to obtain the rights to produce captioned, audio described, and ASL interpreted versions of these educational media and materials;
 - (3) Lead coordination with the Accessible Education Video Projects (84.327C) to identify educational media and materials that are of high educational value but not currently accessible, and acquire captioned, audio described, and ASL interpreted educational media and materials produced by these projects;
 - (4) Appropriately and ethically use artificial intelligence (AI) technology to support the efficient development and use of high-quality captioned, audio described, and ASL interpreted educational media and materials, and to deliver technical assistance

services that is of sufficient intensity and duration to achieve the intended outcomes of the project;

Note: Review this [ED guidance](#) on the use of Federal grant funds to improve education outcomes using AI and the principles for responsible use of AI.

- (5) Describe the training, support, and resources the project proposes to make available to support faculty who prepare preservice early childhood providers and K-12 educators, early childhood providers, K-12 educators, and families in accessing and using captioned, audio described, and ASL interpreted educational media and materials for children and youth with disabilities; and
 - (6) Describe the strategy to support early childhood providers, K-12 educators, and families to use AI to develop captioned, audio described, and ASL interpreted educational content in media and materials for individual children;

- (c) In the narrative section of the application under “Quality of the project evaluation or other evidence-building,” describe how the project will develop the evaluation. The evaluation plan must—
- (1) Describe how the project will measure the extent to which the project’s products and services reached intended recipients, including feedback from recipients on how recipients accessed and used the products and services; and
 - (2) Describe the approach for analyzing data and how data collected as part of this plan will be used to inform and improve service delivery over the course of the project and to refine the proposed logic model and evaluation plan, including subsequent data collection;
- (d) Address the following application requirements. The applicant must—
- (1) Include in Appendix A; personnel-loading charts and timelines, as applicable, to illustrate the management plan described in the narrative; and an assurance to assist OSEP with the transfer of pertinent resources and products and to maintain the continuity of services to users during the transition to a new award at the end of this award period, as appropriate.

- (2) Provide an assurance that the project will engage doctoral students or post-doctoral fellows in the project to increase the number of future leaders in the field who are knowledgeable about the project's accessible resources for children and youth with disabilities; and

Performance Measures

ED has developed the following performance measures that are designed to yield information on various aspects of the effectiveness and quality of the Educational Technology, Media, and Materials for Individuals with Disabilities (ETechM2) program, and for the purposes of reporting to ED under [34 CFR 75.110](#).

Applications must describe:

The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data.

A Grants.gov applicant must apply online using Workspace, a shared environment in Grants.gov where members of a grant team may simultaneously access and edit different web forms within an application. The Grants.gov website contains [further instructions on how to apply](#).

Intergovernmental Review

This is subject to Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in [34 CFR Part 79](#). One of the objectives of Executive Order 12372 is to strengthen federalism – or the distribution of responsibility between localities, States, and the Federal government – by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have developed to coordinate and review proposed Federal financial grant applications. Grant applicants need to contact State Single Points of Contact (SPOC) for information on their State’s procedures. Multi-State applicants should follow procedures specific to each State. Further information about the SPOC and the official list of entities can be found [online](#).

Verify Submission

Verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once ED receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 11:59:59 p.m. Eastern Time on the deadline date, your application is late. If your application has a status of “Received,” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may [reject an application](#) can be found online.

For more detailed information on troubleshooting Adobe errors, you can review the [Adobe Reader Software Tip Sheet](#). If you discover your application is late or has been rejected, please see the instructions below. *Note:* You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Application Review Information

Review and Selection Process: ED reminds potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under [34 CFR 75.217](#), information outside the rank order of applications, including: the information in each application; and any other information--

- (a) Relevant to a criterion, priority, or other requirement that applies to the selection of applications for new grants;
- (b) Concerning the applicant's performance and use of funds under a previous award under any ED program; and
- (c) Concerning the applicant's failure under any ED program to submit a performance report or its submission of a performance report of unacceptable quality.

Before making awards, ED staff will screen applications submitted in accordance with the requirements in this notice to determine whether applications have met eligibility and other requirements, including whether an application may fail to meet the "Terms and Conditions" applicable to awarded funds referenced elsewhere within this notice. This screening process may occur at various stages of the review and selection process. Applicants that are determined to be ineligible will not receive a grant, regardless of whether the application was included in the peer review process. Applications not selected for funding will be informed of the Secretary's decision in accordance with [34 CFR 75.218](#).

Peer reviewers will read, prepare a written evaluation of, and score the assigned applications, using the selection criteria provided in this notice.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit

discrimination in programs or activities receiving Federal financial assistance from ED ([34 CFR 100.4](#), [104.5](#), [106.4](#), [108.8](#), and [110.23](#)).

Award Requirements

Terms and Conditions

If you are awarded a grant under this competition, you must ensure and may be required to demonstrate that Federal funds will not be used under this project in any manner that violates the United States Constitution, Title VI or Title VII of the Civil Rights Act of 1964 ([42 U.S.C. 2000d et seq.](#) or [42 U.S.C. 2000e et seq.](#)), Title IX of the Education Amendments of 1972 ([20 U.S.C. 1681 et seq.](#)), section 504 of the Rehabilitation Act ([29 U.S.C. 794](#)), the Age Discrimination Act of 1975 ([42 U.S.C. 6101 et seq.](#)), Title II of the Americans with Disabilities Act of 1990 ([42 U.S.C. 12131 et seq.](#)), the Boy Scouts of America Equal Access Act of 2001 ([20 U.S.C. 7905](#)), section 117 of the Higher Education Act of 1965, as amended ([20 U.S.C. 1011f](#)), or other applicable Federal law.

Please note the provisions of Executive Orders 14151, 14168, 14173, and 14190 as well as the U.S. Department of Justice’s July 29, 2025, non-regulatory “[Guidance for Recipients of Federal Funding Regarding Unlawful Discrimination](#),” which clarifies the application of Federal antidiscrimination laws to programs or initiatives that may involve discriminatory practices, including those labeled as Diversity, Equity, and Inclusion (“DEI”) programs.

Such activities may risk violating Federal civil rights laws and may jeopardize Federal funding. This includes any discriminatory equity ideology in violation of a Federal anti-discrimination law. A definition of “discriminatory equity ideology” is contained in Section 2(b) of Executive Order 14190. To the extent that any entity receiving grant funds under this grant uses those grant funds for such unallowable activities, ED reserves the right to take appropriate enforcement actions, including the recovery of grant funds or may pursue termination or non-continuation. The Grant Award Notification document accompanying your award may contain further terms and conditions, as necessary, to ensure grantee compliance with applicable laws, regulations, and administrative priorities.

Applicable Regulations

(a) The Education Department General Administrative in [34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99](#). (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in [2 CFR part 180](#), as adopted and amended as regulations of ED in [2 CFR part 3485](#). Note: The regulations in [34 CFR part 79](#) apply to all applicants except federally recognized Indian Tribes.

Note: The regulations in [34 CFR part 86](#) apply to IHEs only.

Continuation Awards

In making a continuation award under [34 CFR 75.253](#), ED considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if ED has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application, or whether the continuation of the project is in the best interest of the Federal Government.

In making a continuation award, ED also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from ED ([34 CFR 100.4](#), [104.5](#), [106.4](#), [108.8](#), and [110.23](#)). In making any continuation award determination, ED may consider all relevant information.

Applicants must provide a summary of requested Federal funds for each line-item category included on the worksheet. Applicants should provide dollar amounts for all requested years of the desired grant award. Example form can be found [here](#).

Instructions for completing ED Form 524 Section A:

- *Name of Institution/Organization*: Enter the name of the applicant in the space provided.
- *Personnel (line 1)*: Enter project personnel salaries and wages only. Include fees and expenses for consultants on line 6.
- *Fringe Benefits (line 2)*: The institution's normal fringe benefits contribution may be charged to the program. Leave this line blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost.
- *Travel (line 3)*: Indicate the travel costs of employees and participants only. It is permissible to include travel for a two-day project directors' conference in Washington, DC, in each year of the project. Include travel of persons such as consultants on line 6.
- *Equipment (line 4)*: Indicate the cost of tangible, non-expendable personal property that has a usefulness greater than one year and acquisition costs that are the lesser of the capitalization level established by the applicant entity for

financial statement purposes or \$10,000 per article. Lower limits may be established to maintain consistency with the applicant's policy.

- *Supplies (line 5)*: Show all tangible, expendable personal property. Direct supplies and materials differ from equipment in that they are consumable, expendable, and of a relatively low unit cost. Supplies purchased with grant funds should directly benefit the grant project and be necessary for achieving the goals of the project.
- *Contractual (line 6)*: The contractual category should include all costs specifically incurred with actions that the applicant takes in conjunction with an established internal procurement system. Include consultant fees, expenses, and travel costs in this category if the consultant's services are obtained through a written binding agreement or contract.
- *Construction (line 7)*: Construction funds are not authorized.
- *Other (line 8)*: Indicate all direct costs not covered on lines 1-6. For example, include costs such as space rental, required fees, honoraria and travel (where a contract is not in place for services), training, and communication and printing costs. Include an annual set-aside of five percent of the grant amount to support emerging needs that are consistent with the proposed project's intended outcomes. Do not include costs that are included in the indirect cost rate.
- *Total Direct Costs (line 9)*: The sum of lines 1-8.
- *Indirect Costs (line 10)*: Indicate the applicant's approved indirect cost rate, per [34 CFR 75.560-564](#). If an applicant does not have an approved indirect cost rate agreement with a cognizant Federal agency, the applicant must apply to ED for a temporary indirect cost rate if it wishes to charge indirect costs to the grant. For more information, go to [ED's website](#). In addition, a grantee, if it is eligible, may also use *de minimis* rate as provided for under [2 CFR 200.414\(f\)](#).
- *Training Stipends (line 11)*: Include all applicable training stipends.
- *Total Cost (line 12)*: This should equal to sum of lines 9-11 (total direct costs + indirect + stipends). The sum for column one, labeled Project Year 1 (a), should also be equal to item 15a on the application cover sheet (SF Form 424).

Section B: Non-Federal Funding Summary

If you are required to provide or volunteer to provide cost-sharing or matching funds or other non-Federal resources to the project, these should be shown for each applicable budget category on lines 1-11 of Section B.

Lines 1-11, columns (a)-(e): For each project year, for which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Lines 1-11, column (h): Show the multi-year total for each budget category. If non-Federal contributions are provided for only one year, leave this column blank.

Line 12, columns (a)-(e): Show the total matching or other contribution for each project year.

Line 12, column (h): Show the total amount to be contributed for all years of the multi-year project. If non-Federal contributions are provided for only one year, leave this space blank.

Part 3: ED Abstract Form

For the application Abstract, applicants should use the template located on the [84.327N Grant Competition webpage](#).

Ensure that you only attach the ED-approved file types detailed in the [2025 Common Instructions](#).

Part 4: Project Narrative

This section should be attached as a single document to the Project Narrative Attachment Form and should be organized in the following manner and include the following parts in order to expedite the review process.

Ensure that you only attach the Education approved file types detailed in the [2025 Common Instructions](#).

Table of Contents

The Table of Contents shows where and how the important sections of your proposal are organized and should not exceed one double-spaced page.

Application Narrative

ED encourages applicants to limit this section of the application to the equivalent of no more than 50 pages. The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the abstract (follow the guidance provided in the application package for completing the abstract), the table of contents, the list of priority requirements, the resumes, the reference list, the letters of support, or the appendices. However, the recommended page limit does apply to the application narrative, including all text in charts, tables, figures, graphs, and screen shots.

Part 5: Budget Narrative

This section should be attached as a single document to the Budget Narrative Attachment Form. It should be organized in the following manner and include the following parts in order to expedite the review process. Ensure that you attach the Education approved file types detailed in the [2025 Common Instructions](#).

Each application must also provide a Budget Narrative (which serves to meet the requirements of ED Form 524, Section C) for requested Federal funds. The Budget Narrative for requested Federal funds should provide a justification of how the money requested for each budget item will be spent.

This section requires an itemized budget breakdown for each project year and the basis for estimating the costs of personnel salaries, benefits, project staff travel, materials and supplies, consultants and subcontracts, indirect costs and any other projected expenditures. Be sure to complete an itemized budget breakdown and narrative for each year of the proposed project.

The Budget Narrative provides an opportunity for the applicant to identify the nature and amount of the proposed expenditures. The applicant should provide sufficient detail to enable reviewers and project staff to understand how requested funds will be used, how much will be expended, and the relationship between the requested funds and project activities and outcomes.

In accordance with [34 CFR 75.232](#), ED staff perform a cost analysis of each recommended project to ensure that costs relate to the activities and objectives of the project, are reasonable, allowable and allocable. ED may delete or reduce costs from the budget during this review.

Suggested Guidelines for the Budget Narrative

1. Provide an itemized budget breakdown and justification by project year. The budget narrative fulfills the requirement of Form ED 524 -Section C Budget Narrative. Find information below in Part 5 on completing the budget narrative. For this program, applicants do not need to fill in non-Federal funds or resources listed in Section B.
2. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

Part 6: Other Attachment Forms

Attach one or more documents to the Other Attachments Form. You may provide all of the required information in a single document, or in multiple documents.

Ensure that you upload the attachments in the order they should appear in the application.

Suggested order:

- Reference List
- Appendix A
- Resumes/Vitae
- Letters
- Supplementary Information
- Other Appendices

Part 7: Assurances and Certifications

Be certain to complete all required assurances and certifications in Grants.gov, and include all required information in the appropriate place on each form. The assurances and certifications required for this application are:

- Disclosure of Lobbying Activities ([SF LLL Form](#))**
- Grants.Gov Lobbying Form – “Certification Regarding Lobbying”**

Note: While it is required to submit the lobbying form that best meets an applicants’ situation, the two forms are classified as “optional” in Grants.gov to avoid submission errors when only one of the lobbying forms is submitted.

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as read-only flattened Portable Document Formats (PDFs), meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.

- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to ED.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.
