Questions and Answers

Question 1

Would it be acceptable to use another budget template, rather than the new budget template provided in Amendment 2?

We ask this because we have found certain limitations in the budget template provided in Amendment 2 (i.e. it requires some reorganizing to fit well with this proposal; the budget sample is only for one year, among other issues.)

Of course, we will ensure the budget we send to you provides the same level of detail as in the sample budget, to ensure the reviewers can evaluate the reasonableness of the budget details.

Response

Please remember the samples we provided are suggestions only. The applicant is free to use the budget structure they would like as long as it addresses the RFA requirements.
