Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety, and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

OVC will use this solicitation to support its ongoing investment in improving victim response with the main entity most victims encounter: law enforcement. The [Enhancing Law Enforcement Response to Victims](#) (ELERV) strategy, initially released in 2009 and then improved for a second release in 2020, is an organizational strategy developed and tested with law enforcement's direct participation and input. The strategy illustrates how every person in a law enforcement agency has a role in effective victim response and introduces law enforcement leaders to the challenges, methods, responsibilities, and benefits of enhancing their response to victims of crime. Implementing the ELERV Strategy can lead to broader communitywide trust and confidence in the police, foster the healing process for victims, increase victim participation in the criminal justice process, and produce stronger, more comprehensive cases to hold offenders accountable.

Statutory Authority

34 U.S.C. § 20103(c)(1)(A) and (c)(3)(E)(i)

Specific Information

This program will support one full-time fellow at OVC housed within the Discretionary Division. The ELERV Fellow will work across OVC to identify ways in which OVC can promote the adoption of the ELERV strategy by law enforcement agencies across the country with the goal of improving the law enforcement response to victims and expanding law enforcement-based victim services.

The selected fellow will have demonstrated expertise in the ELERV strategy and in working with state, local, or tribal law enforcement agencies to provide victim-centered, trauma-informed services and to effect system change. The ideal candidate will also demonstrate an understanding of the challenges, developments, and needs of law enforcement-based victim services.

Goals, Objectives, Deliverables, and Timeline

Goal

The goal of this fellowship program is to engage a full-time fellow to assist OVC with promoting the ELERV strategy, providing training and technical assistance to agencies interested in ELERV, and engaging with law enforcement agencies interested in improving agencywide victim response and creating in-house, law enforcement-based victim services. The efforts of the fellow will support OVC's overall goal of increasing the number of law enforcement agencies using the ELERV model and providing law enforcement-based victim services.

Objectives

- Assist OVC/OJP by serving as a subject matter expert on the ELERV strategy and law enforcement-based victim services.
- Support OVC's training, technical assistance, and capacity-building initiatives for law enforcement including [Enhancing Law Enforcement Response to Victims](#); [Law Enforcement-Based Victim Services](#); [Integrity, Action, and Justice: Strengthening Law Enforcement Response to Domestic and Sexual Violence](#); [Law Enforcement's Role in Victim Compensation](#) and any new or related initiatives operating during the fellowship.
- Assess law enforcement agencies' response to victims and their readiness for implementing law enforcement-based victim services programs.
- Build the capacity of state, local, and tribal law enforcement agencies to provide trauma-informed victim services that meet the complex needs of victims.

- Identify model best practices across state, local, and tribal law enforcement-based victim services programs; share these best practices with OVC and the field; and develop trainings and public outreach efforts to raise awareness about these practices.

Deliverables

Outreach to law enforcement agencies and state Victims of Crime Act (VOCA) agencies to increase their awareness of ELERV and law enforcement-based victim services and learn about challenges in their jurisdictions. The knowledge learned during these exchanges will be documented in a report to OVC with recommendations on how to address the issues identified. The report is due by the end of the award period.

- Work with OVC to organize and conduct listening sessions with law enforcement leaders to identify barriers to implementing ELERV and law enforcement-based victim services.
- Provide training and technical assistance to police departments interested in implementing the ELERV Strategy in their departments and those that are currently implementing the strategy but need assistance to make it sustainable.
- Coordinate with and assist OVC-funded training and technical assistance providers working with law enforcement-based victim services and other related programs to support OVC grantees and stakeholders.
- Work with OVC-funded training and technical assistance providers to enhance, update, and promote the ELERV strategy online training module.
- Conduct workshops at conferences to inform law enforcement agencies about the ELERV Strategy and its implementation.
- Develop trainings, outreach, public awareness efforts, and public resources to raise awareness of OVC's efforts to build the capacity of law enforcement-based victim services and improve law enforcement response to victims.
- Develop ELERV promotional materials.
- Develop at least three significant articles or publications on topics relevant to OVC's law enforcement-based victim services initiatives.
- Submit monthly reports to the Program Manager outlining the activities completed.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

In addition, nothing in this solicitation is intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Types of Awards

OVC expects to make awards under this solicitation as cooperative agreements, which provide for OJP to have substantial involvement in carrying out award activities. Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [OJP Grant Application Resource Guide](#) for additional information.

Budget Information

The following are the only allowable expenses under this solicitation:

- Personnel (salary), located in section A of the Budget Detail Worksheet. Applicants must demonstrate that salary amounts are determined by education, experience, and salary or consulting income history. Benefits are not included as part of salary. If the application is selected for an award, applicants may be required to provide a copy of their last two federal tax returns (with their Social Security number redacted) or other documentation of salary or consulting income history.
- Fringe benefits, located in section B of the Budget Detail Worksheet, may include life, health, and disability insurance; state workers' compensation; retirement plan; FICA (the employer match of 7.65 percent of salary only); and a public transportation stipend that does not exceed \$270 monthly, based on actual expenses. (This amount is based on the current maximum transit subsidy monthly benefit for federal employees and is subject to change.) Applicants must clearly identify which benefits they are requesting and the actual calculations. For example, if the individual is requesting health insurance, the applicant should indicate the amount paid monthly and multiply by 12 to get the annual expense.
- Travel expenses, listed in section C of the Budget Detail Worksheet, will involve site visits, attendance at conferences and meetings, and participation in training and professional development training. Applicants should budget for 16 trips over the 3-year period. All trips should be budgeted at \$1,500 each, with a notation that date, location, and nature of travel will be determined in consultation with OVC management after the award is made. The applicant should include in the Budget Narrative a notation that travel costs, such as per diem and lodging, will not exceed the federal guidelines.
- Supplies, located in section E of the Budget Detail Worksheet, may include expenses to cover professional reference materials and resources relating to the fellowship activities (not to exceed \$500) and business cards (not to exceed \$50).
Expenses associated with professional development and training relating to the OVC fellowship

project. Fees for up to four trainings at up to \$2,500 each should be included. Note: Many training opportunities will be in the Washington, D.C., area, which would be local for an onsite fellow; however, final decisions will be made in consultation with the grantee fellow's grant manager. Applicants should identify the type of training that they believe would be most helpful to them in carrying out fellowship activities.

The following expenses are not allowable under this solicitation:

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem (20%) - evaluate the applicant's understanding of the program/issue to be addressed.
2. Project Design and Implementation (20%) - evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (40%) – evaluate the administrative and technical capacity of the applicant to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).
6. Other Attachments (5%) - evaluate resume/curriculum vitae and time-task plan submitted to support the application.

Other Review Criteria/Factors

Other important considerations for OVC include geographic diversity, strategic priorities, available funding, past performance, and the extent to which the Budget Worksheet and Budget Narrative (web-based form) accurately explain project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements, will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important note on FAPIIS: An applicant may review and comment on any information about itself that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.
