1. **I. FUNDING OPPORTUNITY DESCRIPTION, 1. Program Description, Purpose (page 3)**

DELETE the following passage in its entirety:

“A key outcome will be the development and implementation of a “Model District-Community Family Planning Service Delivery System,” in 15 districts to be selected jointly with the MCDMCH. It is envisioned that half these districts will form a contiguous cluster in an area to be located in the northern part of the country (Northern, Luapula, Muchinga and Northwestern provinces) and the other half in a contiguous cluster located closer to the central part of Zambia (Central and Copperbelt provinces) where USAID is funding other health activities.”

And replace with the following:

“A key outcome will be the development and implementation of a “Model District-Community Family Planning Service Delivery System,” in 15 districts in 3 provinces to be selected jointly with the MCDMCH. It is envisioned that half these districts will form a contiguous cluster in an area to be located in 2 provinces in the northern part of the country (Northern, Luapula, Muchinga and Northwestern provinces) and 1 province in the other half in a contiguous cluster located closer to the central part of Zambia (Central or Copperbelt provinces) where USAID is funding other health activities.”
