

**U.S. Fish and Wildlife Service
Ecological Services – Division of Restoration and Recovery**

Endangered Species Conservation – Recovery Implementation Funds
Catalog of Federal Domestic Assistance (CFDA) Number: 15.657

Notice of Funding Opportunity

I. Description of Funding Opportunity

Recovery Implementation Funds are to provide federal financial assistance for projects advancing conservation and recovery of federally listed endangered and threatened species, as authorized by Endangered Species Act of 1973, 16 U.S.C. 1531 et. seq, as amended; Public Law 93-205, 87 Stat. 884, Endangered Species Act Amendments of 1978, Public Law 95-632, 92 Stat. 3751, and Endangered Species Act Amendments of 1982, Public Law 97-304, 96 Stat. 1411. This project involves recovery for the endangered red-cockaded woodpecker (RCW) by conducting biological surveys to identify and provide 10 RCW subadult pairs (20 individuals) for translocation from the Eglin Air Force Base translocation donor population to small translocation recipient populations designated by the Service via the Southern Range Translocation Cooperative (SRTC).

II. Award Information

This is a single source cooperative agreement award in which the Service will be substantially involved. The Eglin Air Force Base RCW population is designated by the Service as Primary Core Recovery Population with a recovery objective of 350 potential breeding groups, as described in the Service's 2003 RCW Recovery Plan. In response to Air Force recovery management, this population has increased and surpassed the recovery population size objective, currently with 518 active RCW clusters and 453 potential breeding groups. As a large and stable population, it has served as a translocation donor in recent years to augment small vulnerable recipient RCW populations. Translocation is a method, as described in the RCW Recovery Plan, to increase small populations to reduce their risk of extirpation. Using methods as described in the RCW Recovery Plan, the recipient will conduct biological monitoring of about 100 RCW groups by banding nestlings, determine fledge success and group composition, and identify RCW groups with suitable candidate subadult males and females for translocation to recipients during the 2014 translocation season. The criteria for suitable subadults for translocation are described in the Service's 2003 RCW Recovery Plan (https://www.fws.gov/rcwrecovery/recovery_plan.html). The recipient of this Agreement also will assist translocation recipient population biologists on the capture of 20 translocation-suitable subadult RCWs. The recipient will prepare a status presentation for the Southern Range Translocation Cooperative (SRTC) and a final report to the Service and Eglin Air Force Base describing results of the biological and demographic monitoring of RCW groups, their location, nestlings banded, nest success, fledgling success, and the number and sex of subadults translocated to recipients from their natal territory. As a Cooperative Agreement, the Service will organize and convene the annual SRTC meeting to evaluate the status of all donor and recipient populations and allocate the subadult RCWs from the Eglin Air Force base donor

population to recipient populations. The SRTC consists of federal, state, and non-governmental entities in Alabama, Florida, Georgia, and Mississippi that share resources and cooperate to annually identify and allocate suitable subadults from RCW donor populations to recipient populations. Because the biological demand for subadult RCWs by recipient populations is greater than the RCW translocation donor population supply, the SRTC works with the Service to prioritize and schedule translocation recipients to reduce management conflicts and optimize recovery. The overall project is cooperatively funded by Georgia Department of Natural Resources (GADNR), Alabama Department of Conservation and Natural Resources (ALDCNR), and the Service. Funding by ALDCNR and GADNR is provided to the recipient independently of the Service. The recipient is a qualified and experienced RCW biologist to capture, band, monitor, and translocate RCWs. The recipient's activities also are conducted, as required, under the authority of a federal permit issued by the Service in accord with section 10(a)(1)(A) of the Endangered Species Act. The recipient's activities are a continuation of the RCW monitoring and translocation project at Eglin initiated in prior years. The recipient has initiated RCW surveys and monitoring in 2017 for this project with funding from ALDCNR and GADNR, and in coordination with Eglin Air Force Base personnel. Service funding to the recipient will complete the project.

III. Basic Eligibility Requirements

Eligible Applicants:

Eligible applicants must possess a U.S. Fish and Wildlife federal permit, issued under section 10(a)(1) of the Endangered Species Act, to conduct all necessary activities involving RCW cavity inspections, capture and banding of nestlings, and capture of young-of-year or adults. Applicants also must have knowledge and experience of Eglin Air Force Base natural resource management, RCW recovery, and military training operations to safely and effectively conduct these activities while working in routine and close cooperation with Air Force personnel.

U.S. non-profit, non-governmental organizations must provide a copy of their Section 501(c)(3) or (4) status determination letter received from the Internal Revenue Service.

Federal law mandates that all entities applying for Federal financial assistance must have a valid Dun & Bradstreet Data Universal Number System (DUNS) number and have a current registration in the System for Award Management (SAM). See Title 2 of the Code of Federal Regulations (CFR), Part 25 for more information. Exemptions: The SAM registration requirement does not apply to individuals submitting an application on their own behalf and not on behalf of a company or other for-profit entity, state, local or Tribal government, academia or other type of organization.

A. DUNS Registration

Request a DUNS number at <http://fedgov.dnb.com/webform>. For technical difficulties, contact Dun & Bradstreet by email at: govt@dnb.com, or by calling the Government Customer Resource Center at voice phone: 866-705-5711 or TTY line: 877-807-1679 (hearing impaired customers only). Once assigned a DUNS number, entities are responsible for maintaining up-to-date information with Dun & Bradstreet.

B. Entity Registration in SAM

Register in SAM at www.sam.gov. Once registered in SAM, entities must renew and revalidate their SAM registration at least every 12 months from the date previously registered. Entities are strongly urged to revalidate their registration as often as needed to ensure that their information is up to date and in synch with changes that may have been made to DUNS and IRS information. Foreign entities who wish to be paid directly to a United States bank account must enter and maintain valid and current banking information in SAM.

Note: The official U.S. government website address for SAM is www.sam.gov. There is NO COST to register in or access SAM.gov. There are third-party vendors who charge a fee in exchange for registering entities in SAM; please be aware that you can register to do business with the U.S. government FOR FREE directly in SAM at www.sam.gov.

C. Excluded Entities

Applicant entities or their key project personnel identified in the SAM.gov Exclusions database as ineligible, prohibited/restricted or excluded from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits will not be considered for Federal funding, as applicable to the funding being requested under this Federal program. The Service conducts a review of the SAM.gov Exclusions database for all applicant entities and their key project personnel prior to award.

D. Cost Sharing or Matching:

Cost sharing or matching is not required.

IV. Application Requirements

To be considered for funding under this funding opportunity, an application must contain:

- A.** A completed, signed and dated Application for Federal Assistance form. Do not include other Federal sources of funding, requested or approved, in the total entered in the “Federal” funding box on the Application for Federal Assistance form. Enter only the amount being requested under this program in the “Federal” funding box. Include any other Federal sources of funding in the total funding entered in the “Other” box.

B. Project Summary

This project identifies and provides 10 subadult RCW male-female pairs (20 individuals) for translocation from the Eglin Air Force Base donor population to translocation recipient managers in small populations, while providing RCW demographic status information for conservation and management purposes.

C. Project Narrative

- 1. Statement of Need:** Small RCW populations are vulnerable to extirpation, the loss of adaptive genetic variation, and inbreeding depression. Translocation from large and stable donor populations is an established conservation method to increase the size and growth rates of small populations in conjunction with natural growth. Because the recipient population demand exceeds the currently available donor population supply,

RCW conservation and recovery for small populations need RCW subadults for translocation from Eglin.

2. **Project Goals and Objectives:** Project goals and objectives are to biologically monitor ~ 100 potential breeding pair to identify and provide 10 RCW subadult male-female pairs for translocation to recipient population managers during fall and winter of 2017-2018. Suitable recipients will be identified by the Service and SRTC. Also, the biological monitoring required to identify suitable RCW subadults will be provide population demographic and status information to Eglin managers.
3. **Project Activities, Methods and Timetable:** RCW clusters for monitoring will be identified with coordination from Eglin Jackson Guard personnel. During the breeding season, each active cluster will be checked to determine the presence of a potential breeding group, adult group size and composition, successful nesting, banding of all nestlings at 5 – 10 days of age, nestling survival to pre-fledge stage, fledgling survival by number and sex for each group, and the number and location (cluster and cavity site number) of suitable RCW subadults for translocation. These activities will be conducted in coordination with Eglin Jackson Guard and Range Control for allowable periods of entry. A presentation on the status of the Eglin RCW population will be prepared and delivered to the SRTC during the August meeting and workshop. The Service and SRTC will allocate available Eglin RCW subadults for translocation to recipients in AL, FL, GA, and MS. The project biologist will conduct RCW surveys prior to translocation to verify the location and availability of suitable subadults for translocation. The biologist will schedule translocation with recipients, provide information on the location of clusters and cavity trees of subadults, and assist and participate with recipients to capture subadults for translocation. Project reports to the Service and Eglin Jackson Guard will consist of all RCW demographic and biological data, number and sex of subadults translocated, dates of translocations to each recipient, and data for each banded RCW for color-band combination, band number, and cluster.
4. **Stakeholder Coordination/Involvement:** ALDCNR, GADNR, and Eglin are the primary stakeholders to this project. ALDCNR and GADNR have provided funding directly to the recipient to conduct parts of this project that have already been initiated. The recipient and Service have coordinated with these agencies, as well as Eglin, to complete the project. Agencies and organizations benefitting from this translocation project include the U.S. Forest Service, Florida Fish and Wildlife Conservation Commission, Florida Forest Service, Florida Parks, and Jones Ecological Research Center, and others as SRTC translocation recipients of the Eglin and other donor populations. These agencies are involved via the SRTC during a review of the biological status of donor and recipient populations, and recommendations to the Service for the allocation of RCWs from donors to recipients.
5. **Project Monitoring and Evaluation:** The project monitoring schedule closely follows RCW demographic monitoring stages, beginning with number of potential breeding groups identified, number and sex of fledges produced, total number and sex of fledges

the fulfill translocation criteria, pre-translocation monitoring counts of number of available subadults for translocation, the allocation of Eglin RCWs to translocation recipients, and the scheduling and results of translocation. All data in a draft final report will be reviewed for completeness.

- 6. Description of Entities Undertaking the Project:** The recipient at Sager Ecological Consulting has prior knowledge and experience with RCW demographic monitoring, capture and banding, and translocation while performing these and related tasks at other federal agency properties. This also includes experience working with diverse personnel and agencies to schedule, coordinate, and conduct such tasks. The recipient, as currently funded via ALDCNR and GADNR, has effectively coordinated with Eglin Jackson Guard, Eglin range control, and the previous project biologist to identify and initiate RCW surveys and monitoring for this project. The recipient is qualified to conduct these RCW activities and as required and authorized by a Service RCW permit issued under section 10(a)(1)(A) of the Endangered Species Act.

8. Literature Cited

D. Budget Form

Complete the Budget Information for Non-Construction Programs (SF 424A) or Budget Information for Construction Programs (SF 424C) form. Use the SF 424A if your project does not include construction and the SF 424C if the project includes construction or land acquisition. The budget forms are available on the Internet at <http://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>. When developing your budget, keep in mind that financial assistance awards and subawards are subject to the Federal cost principles in Title 2 of the Code of Federal Regulations Part 200, as applicable to the recipient organization type. Links to the full text of the Federal cost principles are available on the Internet at <http://www.ecfr.gov/>.

Note on Multiple Federal Funding Sources: If the project budget includes multiple Federal funding sources, you must show the funds being requested from this Federal program on the budget form *separately* from any other requested/secured Federal sources of funding. Enter the funds being requested from this Federal program in the first row of the Budget Summary section of the form, and then enter funding related to other Federal programs in the subsequent row(s). Be sure to enter each Federal program's CFDA number in the corresponding fields on the form. The CFDA number for this Federal program appears on the first page of this funding opportunity.

E. Budget Justification

In a separate narrative titled "**Budget Justification**", explain and justify all requested budget items/costs. Detail how the SF 424 Budget Object Class Category totals were determined and demonstrate a clear connection between costs and the proposed project activities. For personnel salary costs, include the base-line salary figures and the estimates of time (as percentages) to be directly charged to the project. Describe any item that under the applicable Federal cost principles requires the Service's approval and estimate its cost.

If Federally-funded equipment will be used for the project, provide a list of that equipment, including the Federal funding source.

Required Indirect Cost Statement: Recipients that do not have an approved indirect cost rate cannot charge indirect costs to their Federal award. All applicants except individuals applying for funds separate from a business or non-profit organization he/she may operate must include in the budget justification narrative one of the following statements and attach to their application any required documentation identified in the applicable statement:

“We are:

1. A U.S. state or local government entity receiving more than \$35 million in direct Federal funding each year with an indirect cost rate of [insert rate]. We submit our indirect cost rate proposals to our cognizant agency. A copy of our most recently approved rate agreement/certification is attached.
2. A U.S. state or local government entity receiving less than \$35 million in direct Federal funding with an indirect cost rate of [insert rate]. We are required to prepare and retain for audit an indirect cost rate proposal and related documentation to support those costs.
3. A [insert your organization type; U.S. states and local governments, please use one of the statements above or below] that has previously negotiated or currently has an approved indirect cost rate with our cognizant agency. Our indirect cost rate is [insert rate]. [Insert either: “A copy of our most recently approved but expired rate agreement is attached. In the event an award is made, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award is made.” or “A copy of our current, approved rate agreement(s) is attached.”]
4. A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency. Our indirect cost rate is [insert rate]. In the event an award is made, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award is made.
5. A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is lower than 10%. Our indirect cost rate is [insert rate; must be lower than 10%]. However, in the event an award is made, we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of award to charge a flat indirect cost rate of [insert rate; must be lower than 10%] of [insert a clear description of the direct cost base against which your rate is charged (e.g., salaries; salaries and fringe benefits; or modified total direct costs). However, please note that your organization cannot charge indirect costs in excess of the indirect costs that would be recovered if applied against modified total direct costs as defined in 2 CFR 220.68]. We understand that we must notify the Service in writing immediately if we establish an approved rate with our cognizant agency at any point during the award period.
6. A [insert your organization type] that has never submitted an indirect cost rate proposal to our cognizant agency and has an indirect cost rate that is 10% or higher.

Our indirect cost rate is [insert your organization's indirect rate; must be 10% or higher]. However, in the event an award is made, we will not be able to meet the requirement to submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after award. We request as a condition of award to charge a flat *de minimis* indirect cost rate of 10% of modified total direct costs as defined in 2 CFR 200.68. We understand that we must notify the Service in writing immediately if we do establish an approved rate with our cognizant agency at any point during the award period. We understand that additional Federal funds may not be available to support an unexpected increase in indirect costs during the project period and such changes are subject to review, negotiation, and prior approval by the Service.

7. A [insert your organization type] that is submitting this proposal for consideration under the [insert either "Cooperative Fish and Wildlife Research Unit Program" or "Cooperative Ecosystem Studies Unit Network"], which has a Department of the Interior-approved indirect cost rate cap of [insert program rate]. If we have an approved indirect cost rate with our cognizant agency, we understand that we must apply this reduced rate against the same direct cost base as identified in our approved indirect cost rate agreement. If we do not have an approved indirect cost rate with our cognizant agency, we understand that the basis for direct costs will be the modified total direct cost base defined in 2 CFR 200.68 "Modified Total Direct Cost (MTDC)". We understand that we must request prior approval from the Service to use the MTDC base instead of the base identified in our approved indirect cost rate agreement, and that Service approval of such a request will be based on: 1) a determination that our approved base is only a subset of the MTDC (such as salaries and wages); and 2) that use of the MTDC base will still result in a reduction of the total indirect costs to be charged to the award. In accordance with 2 CFR 200.405, we understand that indirect costs not recovered due to a voluntary reduction to our federally negotiated rate are not allowable for recovery via any other means.
8. A [insert your organization type] that will charge all costs directly.

All applicants are hereby notified of the following:

- Recipients without an approved indirect cost rate are prohibited from charging indirect costs to a Federal award. Accepting a flat *de minimis* rate as a condition of award is an approved rate.
- Failure to establish an approved rate during the award period renders all costs otherwise allocable as indirect costs unallowable under the award.
- Recipients may not charge to their Service award any indirect costs calculated against the portion of total direct project costs paid by any other Federal funding source or non-Federal partner.
- Recipients must have prior written approval from the Service to transfer unallowable indirect costs to amounts budgeted for direct costs or to satisfy cost-sharing or matching requirements under the award.
- Recipients are prohibited from shifting unallowable indirect costs to another Federal award unless specifically authorized to do so by legislation.

Applicants who are individuals applying for funds separate from a business or non-profit organization he/she may operate are not eligible to charge indirect costs to their award. If you are an individual applying for funding, do not include any indirect costs in your proposed budget.

For more information on indirect cost rates, see the Service's **Indirect Costs and Negotiated Indirect Cost Rate Agreements** guidance document on the Internet at <https://www.fws.gov/grants/atc.html>.

Negotiating an Indirect Cost Rate with the Department of the Interior: Entities that do not have a NICRA must first have an open, active Federal award before they can submit an indirect cost rate proposal to their cognizant agency. The Federal awarding agency that provides the largest amount of direct funding to your organization is your cognizant agency, unless otherwise assigned by the White House Office of Management and Budget (OMB). If the Department of the Interior is your cognizant agency, your indirect cost rate will be negotiated by the Interior Business Center (IBC). For more information, contact the IBC at:

Indirect Cost Services

Acquisition Services Directorate, Interior Business Center

U.S. Department of the Interior

650 Capitol Mall, Suite 7-400

Sacramento, CA 95814

Phone: 916-930-3803

Email: Through <https://www.doi.gov/ibc/contactus/ibcfeedback> web form

Internet address: <https://www.doi.gov/ibc/services/finance/indirect-cost-services>

F. Single Audit Reporting Statements: As required in [Title 2 of the Code of Federal Regulations Part 200, Subpart F](#), all U.S. states, local governments, federally-recognized Indian tribal governments, and non-profit organizations expending \$750,000 USD or more in Federal award funds in a fiscal year must submit a Single Audit report for that year through the Federal Audit Clearinghouse's Internet Data Entry System. All U.S. state, local government, federally-recognized Indian tribal government and non-profit applicants must provide a statement regarding if your organization was/was not required to submit a Single Audit report for the organization's most recently closed fiscal year and, if so, state if that report is available on the Federal Audit Clearinghouse Single Audit Database website (<https://harvester.census.gov/facweb/>) and provide the EIN under which that report was submitted. Include these statements at the end of the Project Narrative in a section titled "Single Audit Reporting Statements".

G. Assurances: Include the appropriate signed and dated Assurances form available at <http://www.grants.gov/web/grants/forms/sf-424-family.html#sortby=1>. Use the **Assurances for Construction Programs (SF 424D)** for construction and land acquisition projects. Use the **Assurances for Non-Construction Programs (SF 424B)** for all other projects. The form includes a statement that some of the assurances may not be applicable to your organization and/or your project or program. Signing this form does not make you or your organization subject to laws that are otherwise not applicable to you or your organization.

Changing, crossing out, or making notations on the form before signing has no impact on the applicability of law.

- H. Certification and Disclosure of Lobbying Activities:** Under Title 31 of the United States Code, Section 1352, an applicant or recipient must not use any federally appropriated funds (both annually appropriated and continuing appropriations) or matching funds under a grant or cooperative agreement award to pay any person for lobbying in connection with the award. Lobbying is defined as influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress connection with the award. Submission of an application also represents the applicant's certification of the statements in [43 CFR Part 18, Appendix A-Certification Regarding Lobbying](#). If you/your organization have/has made or agrees to make any payment using non-appropriated funds for lobbying in connection with this proposal AND the Federal share exceeds \$100,000, complete and submit the **SF LLL, Disclosure of Lobbying Activities** form available at <http://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1>. See 43 CFR, Subpart 18.100 for more information on when additional submission of this form is required.
- I. Conflict of Interest Disclosures:** Applicants must notify the Service in writing of any actual or potential conflicts of interest that are known at the time of application or that may arise during the life of this award, in the event an award is made. Conflicts of interest include any relationship or matter which might place the recipient, the recipient's employees, or the recipient's subrecipients in a position of conflict, real or apparent, between their responsibilities under the award and any other outside interests. Conflicts of interest may also include, but are not limited to, direct or indirect financial interests, close personal relationships, positions of trust in outside organizations, consideration of future employment arrangements with a different organization, or decision-making affecting the award that would cause a reasonable person with knowledge of the relevant facts to question the impartiality of the applicant, the applicant's employees, or the applicant's future subrecipients in the matter. Upon receipt of such a notice, the Service Project Officer in consultation with their Ethics Counselor will determine if a conflict of interest exists and, if so, if there are any possible actions to be taken by the applicant to reduce or resolve the conflict. Failure to resolve conflicts of interest in a manner that satisfies the Service may result in the project not being select for funding.
- J. Required Overlap/Duplication Statement:** Applicants must provide a statement that addresses if there is any overlap between the proposed project and any other active or anticipated projects in terms of activities, costs, or time commitment of key personnel. If any overlap exists, applicants must provide a description of the overlap in their application. Applicants must also state if the proposal submitted for consideration under this program is/is not in any way duplicative of any proposal that was/will be submitted for funding consideration to any other potential funding source (Federal or non-Federal). If such a circumstance exists, applicants must detail when the other duplicative proposal(s) were submitted, to whom (entity name and program), and when funding decisions are expected to

be announced. If at any time a proposal is awarded funds that would be duplicative of the funding requested from the Service, applicants must notify the Service point of contact for this funding opportunity immediately.

Application Checklist

- ☐ **Evidence of non-profit status:** If a non-profit organization, a copy of their Section 501(c)(3) or (4) status determination letter received from the Internal Revenue Service.
- ☐ **SF 424, Application for Federal Assistance:** A complete, signed and dated SF 424, SF 424-Mandatory, or SF 424-Individual form.
- ☐ **Project summary**
- ☐ **Project narrative**
- ☐ **Timetable**
- ☐ **Description of key personnel qualifications**
- ☐ **Single Audit Reporting statement:** If a U.S. state, local government, federally-recognized Indian tribal government, or non-profit organization, statements regarding applicability of and compliance with Single Audit reporting requirements.
- ☐ **SF 424 budget form:** A complete SF 424A or SF 424C Budget Information form.
- ☐ **Budget justification**
- ☐ **Federally-funded equipment list:** If Federally-funded equipment will be used for the project, a list of that equipment.
- ☐ **Indirect cost statement**
- ☐ **NICRA:** When applicable, a copy of the organization's current Negotiated Indirect Cost Rate Agreement.
- ☐ **SF 424 Assurances form:** Signed and dated SF 424B or SF 424D Assurances form.
- ☐ **SF LLL form:** If applicable, completed SF-LLL Disclosure of Lobbying Activities form.
- ☐ **Conflict of Interest disclosure,** when applicable.
- ☐ **Overlap/Duplication statement**

Failure to provide complete information may cause delays, postponement, or rejection of the application.

V. Submission Instructions

SUBMISSION DEADLINE: [enter deadline date(s) or open period start and end dates].

Intergovernmental Review: Before submitting an application, U.S. state and local government applicants should visit the following website (https://obamawhitehouse.archives.gov/omb/grants_spoc) to determine whether their application is subject to the state intergovernmental review process under Executive Order (E.O.) 12372 "Intergovernmental review of Federal Programs." E.O. 12372 was issued to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed Federal financial assistance and direct Federal development. The E.O. allows each state to designate an entity to perform this function. The

official list of designated entities is posted on the website. Contact your state's designated entity for more information on the process the state requires to be followed when applying for assistance. States that do not have a designated entity listed on the website have chosen not to participate in the review process.

Download the Application Package linked to this Funding Opportunity on Grants.gov to begin the application process. Downloading and saving the Application Package to your computer makes the required government-wide standard forms fillable and printable. Completed applications may be submitted by mail, by email, electronically through Grants.gov, or as otherwise described in the Grants.gov funding opportunity. Please select **ONE** of the submission options:

To submit an application by mail:

Number all pages of your printed application. Mail one, single-sided, unbound copy (do not staple or otherwise permanently bind pages) of your complete application to the Service program point of contact identified in the Grants.gov funding opportunity.

The required SF 424 Application for Federal Assistance and Assurances forms and any other required standard forms MUST be signed by your organization's authorized official. The Signature and Date fields on the standard forms downloaded from Grants.gov are pre-populated with the text "Completed by Grants.gov upon submission" or "Completed on submission to Grants.gov". Remove this text (manually or digitally) before signing the forms.

To submit an application by e-mail:

Format all of your documents to print on Letter size (8 ½" x 11") paper. Format all pages to display and print page numbers. Scanned documents should be scanned in Letter format, as black and white images only. Where possible, save scanned documents in .pdf format. E-mail your application to the Service program point of contact identified in the Grants.gov funding opportunity.

The required SF 424 Application for Federal Assistance and Assurances forms and any other required standard forms MUST be signed by your organization's authorized official. The Signature and Date fields on the standard forms downloaded from Grants.gov are pre-populated with the text "Completed by Grants.gov upon submission" or "Completed on submission to Grants.gov". Remove this text (manually or digitally) before signing the forms.

To submit an application through Grants.gov:

Go to the Grants.gov Apply for Grants page (<http://www.grants.gov/web/grants/applicants/apply-for-grants.html>) for an overview of the process to apply through Grants.gov. You/your organization must complete the Grants.gov registration process before submitting an application through Grants.gov. Registration can take between three to five business days, or as long as two weeks if all steps are not completed in a timely manner.

Important note on Grants.gov application attachment file names: Please do not assign application attachments file names longer than 20 characters, including spaces. Assigning file

names longer than 20 characters will create issues in the automatic interface between Grants.gov and the Service's financial assistance management system.

VI. Application Review Information

Criteria: The criteria for selecting the single source recipient were:

1. Possession of a valid U.S. Fish and Wildlife federal permit for the required RCW surveys, monitoring, and capture and banding, including a valid permit from the USGS Bird Banding laboratory.
2. Knowledge and experience conducting RCW surveys, cavity inspections, capture and banding of nestlings and young-of-year and adults, determination of RCW group size and composition, and these activities as applied for the purposes of surveys/monitoring of approximately 100 RCW groups to identify 20 suitable subadult individuals for translocation in accord with the 2003 RCW Recovery Plan criteria.
3. Experience with the operation of a RCW translocation donor program, including coordination with recipient population biologists for the capture and translocation of RCW donor pairs.
4. Knowledge and experience with Eglin Air Force base natural resource and military training operations.
5. Previous selection and funding by ALDCNR and GADNR in conducting earlier phases of this cooperative project.

Review and Selection Process:

Prior to participating in any review or evaluation process, all staff and peer reviewers, evaluators, panel members, and advisors must sign and return to the program office point of contact the "Department of the Interior Conflict of Interest Certification" form. For a copy of this form, contact the Service point of contact identified in the Agency Contacts section below.

Prior to award, the Service reviews the selected applicant's statement regarding potential overlap or duplication in terms of activities, funding, or time commitment of key personnel and makes a determination regarding Service funding. Depending on the circumstances, modification of the application, other pending applications, or an active award may be necessary, or the Service might choose to not fund the proposed project.

Each fiscal year, for every entity receiving one or more awards in that fiscal year, the Service conducts a risk assessment based on eight risk categories. The result of this risk assessment is used to establish a monitoring plan for all awards to the entity in that fiscal year. For a copy of the Service's risk assessment form, go to <https://www.fws.gov/grants/atc.html>.

Prior to approving an award with a Federal funding amount that exceeds or is expected to exceed the simplified acquisition threshold, as adjusted (see 2 CFR 200.88), the Service must review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS; <https://www.fapiis.gov/fapiis/index.action>) to determine if, at a minimum, the information found in the system for the applicant demonstrates a satisfactory record of Federal award performance and integrity and business ethics (see 2 CFR 200.205(a)(2)). The Service must also report to FAPIIS if an applicant

subject to this review is found not qualified for a particular award due to its prior record of integrity or performance under Federal awards (see 2 CFR 200.212).

VII. Award Administration

Award Notices: Following review, applicants may be requested to revise the project scope and/or budget before an award is made. Successful applicants will receive written notice in the form of a notice of award document. Notices of award are typically sent to recipients by e-mail. If e-mail notification is unsuccessful, the documents will be sent by courier mail (e.g., FedEx, DHL or UPS). Award recipients are not required to sign/return the Notice of Award document. Acceptance of an award is defined as starting work, drawing down funds, or accepting the award via electronic means. Awards are based on the application submitted to, and as approved by, the Service. The notice of award document will include instructions specific to each recipient on how to request payment. If applicable, the instructions will detail any additional information/forms required and where to submit payment requests. Applicants whose projects are not selected for funding will receive written notice, most often by e-mail, within 30 days of the final review decision.

Domestic Recipient Payments: Prior to award, the Service program office will contact you/your organization to either enroll in the U.S. Treasury's Automated Standard Application for Payments (ASAP) system or, if eligible, obtain approval from the Department of the Interior to be waived from using ASAP.

Transmittal of Sensitive Data: Recipients are responsible for ensuring any sensitive data being sent to the Service is protected during its transmission/delivery. The Service strongly recommends that recipients use the most secure transmission/delivery method available. The Service recommends the following digital transmission methods: secure digital faxing; encrypted emails; emailing a password protected zipped/compressed file attachment in one email followed by the password in a second email; or emailing a zipped/compressed file attachment. The Service strongly encourages recipients sending sensitive data in paper copy to use a courier mail service. Recipients may also contact their Service Project Officer and provide any sensitive data over the telephone.

Award Terms and Conditions: Acceptance of a financial assistance award (i.e., grant or cooperative agreement) from the Service carries with it the responsibility to be aware of and comply with the terms and conditions applicable to the award. Acceptance is defined as the start of work, drawing down funds, or accepting the award via electronic means. Awards are based on the application submitted to and approved by the Service and are subject to the terms and conditions incorporated into the notice of award either by direct citation or by reference to the following: Federal regulations; program legislation or regulation; and special award terms and conditions. The Service's Standard Award Terms and Conditions are available on the Internet at <https://www.fws.gov/grants/atc.html>. If you do not have access to the Internet and require a full text copy of the award terms and conditions, contact the Service point of contact identified in the Agency Contacts section below.

Recipient Reporting Requirements:
Financial and Performance Reports:

Final Reports: Recipients are required to submit final financial and performance reports no later than 90 calendar days after the award period of performance end date or termination date, whichever comes first. For awards lasting 12 months or less, the final reports will be the only financial and performance reports required, except in unusual circumstances or if waived.

Interim Reports: For awards that last longer than 12 months, recipients are required to submit interim financial and performance reports no less frequently than annually and no more frequently than quarterly, except in unusual circumstances or if waived. Requiring a higher frequency of reporting than annual reporting will be based on the Service's assessment of higher or other unusual circumstance. Quarterly and semiannual interim reports are due within 30 calendar days of the reporting period end date. Annual interim reports are due within 90 calendar days of the reporting period end date.

Recipients must use the Standard Form 425, Federal Financial Report for financial reporting, available on the Internet at <http://www.grants.gov/web/grants/forms/post-award-reporting-forms.html#sortby=1>.

Performance reports must contain: 1) a comparison of actual accomplishments with the goals and objectives of the award as detailed in the approved scope of work; 2) a description of reasons why established goals were not met, if appropriate; and 3) any other pertinent information relevant to the project results.

Significant Developments Reports: Events may occur between the scheduled performance reporting dates that have significant impact upon the supported activity. In such cases, recipients are required to notify the Service in writing as soon as the following types of conditions become known:

- Problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation.
- Favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

The Service will specify in the notice of award document the reporting and reporting frequency applicable to the award.

Conflict of Interest Disclosures: Recipients are responsible for notifying the Service Project Officer in writing of any actual or potential conflicts of interest that may arise during the life of this award. Conflicts of interest include any relationship or matter which might place the recipient, the recipient's employees, or the recipient's subrecipients in a position of conflict, real or apparent, between their responsibilities under this award and any other outside interests. Conflicts of interest may also include, but are not limited to, direct or indirect financial interests, close personal relationships, positions of trust in outside organizations, consideration of future employment arrangements with a different organization, or decision-making affecting the

award that would cause a reasonable person with knowledge of the relevant facts to question the impartiality of the Recipient, the Recipient's employees, or the Recipient's subrecipients in the matter. Upon receipt of such a notice, the Service Project Officer in consultation with their Ethics Counselor will determine if a conflict of interest exists and, if so, if there are any possible actions to be taken by the Recipient, the Recipient's employee(s), or the Recipient's Subrecipient(s) that could reduce or resolve the conflict. Failure to resolve conflicts of interest in a manner that satisfies the Service may result in any of the remedies described in 2 CFR 200.338, Remedies for Noncompliance, including termination of this award.

Other Mandatory Disclosures: The non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that have received a Federal award including the term and condition outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in 2 CFR 200.338 Remedies for noncompliance, including suspension or debarment. (See also 2 CFR Part 180, 31 U.S.C. 3321, and 41 U.S.C. 2313.)

2 CFR Part 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters is applicable to awards with a total Federal share of more than \$500,000, except those to individuals and foreign public entities.
