ACL Center:

Administration on Aging

Funding Opportunity Title:

COVID-19 and Influenza Vaccine Uptake Initiative for Older Adults and People with Disabilities

Funding Opportunity Number:

HHS-2023-ACL-AOA-HDRC-0043

Primary CFDA Number:

93.048

Due Date for Letter of Intent:

11/23/2022

Due Date for Applications:

12/06/2022

Date for Informational Conference Call:

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <https://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

Executive Summary

Additional Overview Content/Executive Summary

[The Administration for Community Living \(ACL\), through its Administration on Aging \(AoA\), is providing this competitive grant opportunity for the purpose of rapidly increasing access and uptake of COVID-19 and Influenza vaccinations by individuals who are at risk of severe illness, with a focus on and targeted outreach to older adults and persons with disabilities in local](#)

communities throughout the nation. This is a limited competition; only national aging and/or disability organizations with demonstrated capacity to achieve the goals of the program are eligible to apply. These national aging and disability network organizations must have existing partners that are part of the aging and disability network, which have successfully implemented vaccine clinics and provided outreach with ACL supplemental and CDC funding.

Through this notice of funding opportunity (NOFO), ACL plans to award two (2) grant awards. Successful recipients must demonstrate capacity to develop and implement a vaccination plan that will quickly resource, including through sub-awards, and leverage existing partnerships and build new partnerships to expand vaccine access. Activities under the grant award should include, but are not limited to, hosting community vaccine clinics, providing in-home vaccinations, providing transportation to vaccination sites, and conducting outreach and education to older adults and people with disabilities. This funding opportunity contains two areas of focus and priority:

1. **Option A (\$75 million):** Increasing vaccine uptake via enhanced partnerships and engagement of aging and disability organizations, particularly Area Agencies on Aging (AAAs), No-Wrong Door Systems (NWDS)/Aging and Disability Resource Centers (ADRCs), Centers for Independent Living (CILs), other ACL-funded disability networks, and other aging and disability community-based organizations (CBOs).
2. **Option B (\$50 million):** Increasing vaccine uptake via enhanced partnerships and engagement with senior centers, community centers, and local community and faith-based organizations not included in Option A that serve, support and include older adults and people with disabilities.

Interested organizations may only apply for and will only receive funding for either Option A or Option B, not both.

For either option, a focus should include reaching older adults and people with disabilities from underserved communities and who face additional barriers, including people who have limited-English proficiency, people of color, and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality. Populations of older adults and people with disabilities of special attention should include Black, Latino, Indigenous and Native American persons, Asian Americans and Pacific Islanders, and other persons of color; members of religious minorities; lesbian, gay, bisexual, transgender, and queer persons; and persons who live in rural areas, those at risk of institutionalization, and urban Native Americans.

Of the amount available for this program, the successful applicant shall be permitted to retain up to 5% for administrative and technical assistance purposes. The budget and budget narrative should clearly delineate how funds intended for administrative purposes will be allocated. The national aging and/or disability organizations selected will be funded for a 17-month project period, contingent upon the availability of federal funds.

Successful applicants must demonstrate the ability to quickly make sub-awards; engage in strong oversight of sub-awards; and regularly report data showing the number of community-based vaccine clinics held, the number of people who receive vaccinations, and the types of supportive services provided to assist with vaccine access, such as transportation to vaccine clinics and in-home vaccinations, as well as information on education and outreach.

I. Funding Opportunity Description

Background and Overview

Since March 2020, COVID-19 has disproportionately impacted older adults and people with disabilities, and their family caregivers. Tremendous strides have been made because of COVID-19 vaccines. Vaccines have led to reduced cases, hospitalizations, deaths, and health-care costs associated with COVID-19. However, continued efforts are necessary to assure high vaccination coverage rates of the new Bivalent COVID-19 booster, as well as the influenza vaccine, to ensure older adults and people with disabilities stay protected. Recent data from the Centers for Disease Control and Prevention (CDC) show less uptake of the most recent COVID-19 Bivalent booster compared to the initial series and boosters^[1]. In comparison to 77% of first round boosters, only 44% of older adults have received the second booster.^[2] Older adults remain the most vulnerable to the viruses' harsh outcomes, comprising approximately 75% of the more than 1.1 million deaths.^[3] People with disabilities also continue to be at high risk of hospitalization and death from COVID. A recent CDC study found that significantly increased hospitalization rates for people with disabilities,^[4] and COVID-19 was the leading cause of death for people with intellectual and developmental disabilities as compared to it being the third cause of death for other people.^[5] Therefore, additional focused efforts to increase vaccination awareness and uptake among older adults and people with disabilities are critical.

Program Goals and Desired Outcomes

The Biden-Harris Administration recognizes the critical importance of ensuring older adults and people with disabilities have information about the importance of updated vaccines and can easily access vaccines. This funding opportunity seeks to advance that goal by increasing the number of COVID-19- and Influenza-vaccinated older adults and people with disabilities.

Program Focus Areas

To address the area of need described above and to meet the intended goal and outcome of this administration priority, one grant award under each of the Options described below will be awarded from this NOFO, as follows:

Option A: Increasing vaccine uptake via enhanced partnerships with aging and disability organizations, particularly Area Agencies on Aging (AAAs), No-Wrong Door Systems (NWDS)/Aging and Disability Resource Centers (ADRCs), Centers for Independent Living (CILs), other ACL-funded disability networks, and other aging and disability community-based organizations (CBOs).

Under this priority focus area, the recipient will work with AAAs, NWD/ADRCs, CILs, other ACL-funded disability networks, and other aging and disability CBOs. Applicants should describe: 1. How the organization will provide for and administer rapid disbursement of funds to the organizations described under this Option; 2. How the organization and its sub-awardees will coordinate local COVID-19 and Influenza vaccine clinics, provide transportation, and engage in other activities to increase vaccination awareness and uptake by older adults and people with disabilities; and 3. How the organization will collect information, monitor, and report on local activities. Applicants should thoroughly describe how each of the three required program activities described above will be achieved.

The successful applicant to this priority area will be one that has the demonstrated capacity to

work closely with the intended target entities under this option. Applications should thoroughly describe this capacity.

Option B: Increasing vaccine uptake via enhanced partnerships with senior centers, community centers, and local community and faith-based organizations not included in Option A that serve, support and include older adults and people with disabilities.

Under this priority focus area, the recipient will work with senior centers, community centers, and local community and faith-based organizations not included in Option A that serve, support and include older adults and people with disabilities. Applicants should describe: 1. How the organization will provide for and administer rapid disbursement of funds to the organizations described under this Option; 2. How the organization and its sub-awardees will coordinate local COVID-19 and Influenza vaccine clinics and education and outreach to increase vaccination awareness and uptake in older adults and people with disabilities; and 3. How the organization will collect information, monitor, and report on local activities. Applicants should thoroughly describe how each of the three required program activities described above will be achieved.

The successful applicant to this priority area will be one that has the demonstrated capacity to work closely with the intended target entities under this option. Applications should thoroughly describe this capacity.

[The recipients selected for each Option will be expected to closely coordinate all efforts of their respective projects to ensure activities are complementary and in no way duplicative. Applicants should describe their proposed approaches for coordinating their respective projects.](#)

Required Application Elements and Considerations

Applicants for either Option must thoroughly describe their proposed approaches for formulating, operationalizing, and supporting a vaccine program to their targeted networks. In doing so, the successful recipient will be expected to leverage existing partnerships and build new ones to expand access to the community and work with targeted networks as outlined in either Option A or Option B. Proposed approaches should include, but are not limited to, the following:

Design, delivery, and coordination of an enhanced vaccination rollout program

Applications must demonstrate the recipient's ability to initiate subawards to the required target entities in either Option A or Option B within two weeks post grant award and ensure rapid deployment of all program activities. The application also must ensure that all sub-awardees (alone or in partnership) to this program are able to successfully undertake and accomplish the following:

- Coordinating local COVID-19 and Influenza vaccine clinics;
- Disseminating credible information about COVID-19 vaccines and helping direct older adults and those with disabilities with questions to additional sources of information;
- Identifying people who may need help getting COVID-19 vaccinations, including those who are unable to independently travel to a vaccination site;
- Helping with scheduling COVID-19 vaccination appointments for those who need it;
- Arranging or providing accessible transportation to COVID-19 vaccination sites;

- Providing, as needed, technical assistance to local health departments and other entities on vaccine accessibility;
- Providing personal support (e.g., peer support) to older adults and people with disabilities; and
- Providing referral services in support of COVID-19 and Influenza vaccines.

Subawards/Sub-Recipients/Contractors

The central feature of this program is the rapid disbursement of funds to the community-based organizations described under each Option. The successful recipient is expected to use a transparent and open process for soliciting, reviewing, selecting and making the required sub-awards via sub-grants or sub-contracts to the community-based organizations described under each Option.

Applicants should describe how such a process will be designed and administered. Additionally, the recipient under each Option is responsible for the monitoring and oversight of all sub-awards and sub-contracts, and the process to solicit, objectively evaluate, select, and make sub-awards and/or contracts with community-based programs throughout the United States. Applicants should carefully consider and describe the sub-award and/or contracting process. Further, the successful recipient shall adhere to all requirements, including those for making and monitoring sub-awards, as outlined in 45 CFR Part 75.

Support for Outreach Efforts:

Outreach to older adults and persons with disabilities regarding the necessity for and availability of COVID-19 and Influenza vaccines is essential for ensuring maximum access and uptake. To that end, applicants should fully describe how they will conduct a national outreach and awareness campaign while at the same time supporting their targeted sub-awardees to do the same. Such campaigns should be in keeping with Administration priorities for accessibility, cultural and linguistic competence and inclusion.

Performance Measurement and Data Collection

Measuring program performance, including scope of reach and service utilization, is essential to understanding the impact of this program. To that end, data must be collected and reported consistently across both programs. The successful applicant under each Option commits to data collection for project activities, including but not limited to, vaccinations delivered, number of clinics, age categories of recipients, type of vaccination given (Bivalent COVID-19 booster and/or Influenza vaccination), units and types of other supportive services provided, and zip codes of persons vaccinated. Frequency of reporting and the range of data collected will be finalized by ACL and the recipient under each Option immediately following award.

Note: All client data is to be presented cumulatively and will not identify or disclose individual client identities or other data required to be kept confidential. Demographic information is not collected as a means test for the delivery of services, but only to identify those populations who have been served by the Program.

Technical Assistance and Administrative Support –

ACL anticipates that, given the expectations for rapid startup and commencement of project activities, some level of technical assistance and administrative support will be needed by the

community-based entities funded by the recipients under either option. To the extent possible, [applicants should describe anticipated areas of technical assistance that sub-awardees may need in the project narrative.](#)

Estimated Total Funding:

\$125,000,000

Expected Number of Awards:

2

Award Ceiling:

\$75,000,000

Per Budget Period

Award Floor:

\$50,000,000

Per Project Period

Length of Project Period:

Other

Additional Information on Project Periods and Explanation of 'Other'

17 month project period

III. Eligibility Information

1. Eligible Applicants

For FY 2023 the below guidance is provided to advance the Administration's policy, as stated in E.O. 13985, to "pursue a comprehensive approach to advancing equity for all, including people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality." This guidance is intended to begin to address inequities in HHS programs, processes, and policies that may serve as barriers to equal opportunity. By advancing equity in our NOFOs, we can "create opportunities for the improvement of communities that have been historically underserved, which benefits everyone."

This is a limited competition; only national aging and/or disability organizations with demonstrated capacity to achieve the goals of the program are eligible to apply. These national aging and disability network organizations must have existing partners that are part of the aging and disability network, which have successfully implemented vaccine clinics and provided outreach with ACL supplemental and CDC funding.

2. Cost Sharing or Matching

Cost Sharing / Matching Requirement:

No

For awards that do not require matching or cost sharing by statute, recipients are not expected to provide cost sharing or matching. However, recipients are allowed to voluntarily propose a commitment of non-federal resources. If an applicant decides to voluntarily contribute non-federal resources towards project costs and the costs are accepted by ACL, the non-federal resources will be included in the approved project budget. The applicant will be held accountable for all proposed non-federal resources as shown in the Notice of Award (NOA). **A recipient's failure to meet the voluntary amount of non-federal resources that was accepted by ACL as part of the approved project costs and that was identified in the approved budget in the NOA, may result in the disallowance of federal funds. Recipients will be required to report these funds in the Federal Financial Reports.**

3. Responsiveness and Screening Criteria

Application Responsiveness Criteria

Applications that fail to meet each of the responsiveness criteria described below will not be reviewed and will receive no further consideration:

1. National disability and/or aging organizations with [demonstrated](#) history of partnerships and linkages with the existing aging and disability networks, particularly AAAs, NWD/ADRCs, CILs, other ACL-funded disability networks, senior centers, community centers, and/or other local aging and disability CBOs.
2. [Demonstrated](#) ability to rapidly disburse funds to community-based organizations serving older adults and people with disabilities, as required by this NOFO.

Applications that do not meet the above responsiveness criteria will be administratively eliminated and will NOT be reviewed

Application Screening Criteria

All applications will be screened to assure a level playing field for all applicants. Applications that fail to meet the three screening criteria described below will not be reviewed and will receive no further consideration.

In order for an application to be reviewed, it must meet the following screening requirements:

1. Applications must be submitted electronically via <https://www.grants.gov> by 11:59 p.m., Eastern Time, by the **due date listed in section IV.3 Submission Dates and Times**.
2. The Project Narrative section of the Application must be **double-spaced**, on 8.5" x 11" plain white paper with **1" margins** on both sides, and a **standard font size of no less than 11 point, preferably Times New Roman or Arial**.
3. Project Narratives **must not exceed 20 pages**. **NOTE:** The Project Work Plan, Letters of Commitment, and Vitae of Key Project Personnel **are not counted** as part of the Project Narrative for purposes of the 20-page limit.

Unsuccessful submissions will require authenticated verification from <https://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <https://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the application deadline.

IV. Application and Submission Information

1. Address to Request Application Package

Application materials can be obtained from <https://www.grants.gov> or <https://www.acl.gov/grants/applying-grants>.

Please note, ACL requires applications for all announcements to be submitted electronically through <http://www.grants.gov> in Workspace. Grants.gov Workspace is the standard way for organizations and individuals to apply for federal grants in Grants.gov. An overview and training on Grants.gov Workspace can be found here at:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>

The Grants.gov registration process can take several days. If your organization is not currently registered, please begin this process immediately. For assistance with <https://www.grants.gov>, please contact them at support@grants.gov or 800-518-4726 between 7:00 a.m. and 9:00 p.m. Eastern Time.

- At the <https://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. ACL strongly recommends that you do not wait until the application due date to begin the application process because of the time involved to complete the registration process.
- All applicants must have a UEI and be registered with the System for Award Management (SAM, www.sam.gov) and maintain an active SAM registration until the application process is complete, and should a grant be made, throughout the life of the award. Effective June 11, 2018, when registering or renewing your registration, you must submit a notarized letter appointing the authorized Entity Administrator. Please be sure to read the FAQs located at www.sam.gov to learn more. Applicants should allot sufficient time prior to the application deadline to

finalize a new, or renew an existing registration. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award. Maintain documentation (with dates) of your efforts to register or renew at least two weeks before the deadline. See the SAM Quick Guide for Grantees at: <https://www.sam.gov/SAM/pages/public/help/samQUserGuides.jsf>.

Note: Once your SAM registration is active, allow 24 to 48 hours for the information to be available in Grants.gov before you can submit an application through Grants.gov. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award.

- Note: Failure to submit the correct EIN Suffix can lead to delays in identifying your organization and access to funding in the Payment Management System.
- Effective October 1, 2010, HHS requires all entities that plan to apply for and ultimately receive federal grant funds from any HHS Operating/Staff Division (OPDIV/STAFFDIV) or receive subawards directly from the recipients of those grant funds to:
 1. Register in SAM prior to submitting an application or plan;
 2. Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
 3. Provide its UEI number in each application or plan to submit to the OPDIV.

Additionally, all first-tier subaward recipients must have a UEI number at the time the subaward is made.

- The Federal Government will transition from the DUNS Number to the New Unique Entity Identifier. As of April of 2022, the federal government stopped using the DUNS number to uniquely identify entities. At that point, entities doing business with the federal government will use a Unique Entity Identifier (SAM) created in SAM.gov. It is entered on the SF-424. It is a unique, nine-digit identification number, which provides unique identifiers of single business entities.
- You must submit all documents electronically, including all information included on the SF424 and all necessary assurances and certifications. In accordance with the Federal Government's efforts to reduce reporting burden for recipients of federal financial assistance, the general certification and representation requirements contained in the Standard Form 424B (SF-424B) – Assurances – Non-Construction Programs, and the Standard Form 424D (SF-424D) – Assurances – Construction Programs, have been standardized federal-wide. Effective January 1, 2020, the updated common certification and representation requirements will be stored and maintained within SAM. Organizations or individuals applying for federal financial assistance as of January 1, 2020, must validate the federally required common certifications and representations annually through SAM located at SAM.gov.
- After you electronically submit your application, you will receive an automatic acknowledgment from <https://www.grants.gov> that contains

<https://www.grants.gov> tracking number. The Administration for Community Living will retrieve your application form from <https://www.grants.gov>.

Nicole.Becerra@acl.hhs.gov

Project Narrative

The Project Narrative must be double-spaced, on 8.5" x 11" paper with 1" margins on both sides, and a standard font size of no less than 11 point, preferably Times New Roman or Arial. You can use smaller font sizes to fill in the Standard Forms and Sample Formats. The suggested length for the Project Narrative is 10 to 20 pages; 20 pages is the maximum length allowed. Project Narratives that exceed 20 pages will not be reviewed. The Project Work Plan, Letters of Commitment, and Vita of Key Personnel are not counted as part of the Project Narrative for purposes of the 20-page limit, but all of the other sections noted below are included in the limit.

Summary/Abstract

This section should include a brief - no more than 265 words maximum - description of the proposed project, including: goal(s), objectives, outcomes, and products to be developed. Detailed instructions for completing the summary/abstract are included in a

subsequent attachment of this document.

Please note the 265-word limit for this section.

Problem Statement

This section should describe, in both quantitative and qualitative terms, the nature and scope of the particular problem or issue the proposed intervention is designed to address, including how the project will potentially affect older adults, persons with disabilities and/or their caregivers (including specific subgroups within those populations), and possibly the health care and social services systems (e.g., the use of health care and/or community-based services.)

Specifically, this section should discuss how the project will potentially affect and increase vaccination rates among older adults and persons with disabilities, as detailed under the Funding Opportunity Description of this announcement.

Goals and Objectives

This section should consist of a description of the project's goal(s) and major objectives. Unless the project involves multiple, complex interventions, we recommend you have only one overall goal.

In responding to this Notice of Funding Opportunity, ACL recommends including how you will meet the goal be to rapidly respond to increase access and uptake of COVID-19 and Influenza vaccines in older adults and people with disabilities throughout the nation over the next 17-month period.

Proposed Intervention

This section should provide a clear and concise description of the intervention you are proposing to use to address the problem described in the "Problem Statement". You should also describe the rationale for using the particular intervention, including factors such as: "lessons learned" for similar projects previously tested in your community, or in other areas of the country; factors in the larger environment that have created the "right conditions" for the intervention (e.g., existing social, economic or political factors that you'll be able to take advantage of, etc.). Also note any major barriers you anticipate encountering, and how your project will be able to overcome those barriers. Be sure to describe the role and makeup of any strategic partnerships you plan to involve in implementing the intervention, including other organizations, supporters, and/or consumer groups.

Description of intervention activities should be organized under the following project objectives:

- (1) Sub-award to leverage existing partnerships and build new partnerships to expand vaccine access by providing on-site vaccination clinics for COVID-19 and Influenza vaccinations to older adults and people with disabilities in communities across the nation;
- (2) Sub-award to local organizations to coordinate supportive services such as transportation to and from vaccination sites and provide in-home vaccinations; and
- (3) Conduct outreach and education to older adults and people with disabilities.

Work Plan. The Project Work Plan should reflect and be consistent with the Project Narrative and Budget and should cover the 17-month project period. It should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks or action steps that will be pursued to achieve the goal and outcome(s). For each major task or action step, the work plan should identify timeframes involved (including start- and end-dates), and the lead person responsible for completing the task. Please reference the optional Sample Work Plan Template included under the Downloads for this Funding Opportunity Announcement as posted at http://www.acl.gov/Funding_Opportunities/Announcements/Index.aspx

Special Target Populations and Organizations

This section should describe how you plan to involve community-based organizations in a meaningful way in the planning and implementation of the proposal project. This section should also describe how the proposed intervention will target limited-English speaking populations, people of color and others who have been historically underserved, marginalized, and adversely affected by persistent poverty and inequality.

Outcomes

This section of the project narrative must clearly identify the measurable outcome(s) that will result from the project. (NOTE: ACL will not fund any project that does not include measurable outcomes). This section should also describe how the project's findings might benefit the field at large, (e.g., how the findings could help other organizations throughout the nation to address the same or similar problems.) List measurable outcomes in the work plan grid under "Measurable Outcomes" in addition to any discussion included in the narrative along with a description of how the project might benefit the field at large (Please reference the optional Sample Work Plan Template included under the Downloads for this Funding Opportunity Announcement as posted at http://www.acl.gov/Funding_Opportunities/Announcements/Index.aspx).

A "measurable outcome" is an observable end-result that describes how a particular intervention benefits consumers. It demonstrates the functional status, mental well-being, knowledge, skill, attitude, awareness, or behavior.) It can also describe a change in the degree to which consumers exercise choice over the types of services they receive, or whether they are satisfied with the way a service is delivered. Additional examples include: a change in the responsiveness or cost-effectiveness of a service delivery system; a new model of support or care that can be replicated in the aging network; new knowledge that can contribute to the field of aging; a measurable increase in community awareness; or a measurable increase in persons receiving services. A measurable outcome is not a measurable "output", such as: the number of clients served; the number of training sessions held; or the number of service units provided.

You should keep the focus of this section on describing what outcome(s) will be produced by the project. You should use the Evaluation section noted below to describe how the outcome(s) will be measured and reported.

Your application will be scored on the clarity and nature of your proposed outcomes, not on the

number of outcomes cited. It is totally appropriate for a project to have only ONE outcome that it is trying to achieve through the intervention reflected in the project's design.

Project Management

This section should include a clear delineation of the roles and responsibilities of project staff, consultants and partner organizations, and how they will contribute to achieving the project's objectives and outcomes. It should specify who would have day-to-day responsibility for key tasks such as: leadership of project; monitoring the project's on-going progress, preparation of reports; communications with other partners and ACL. It should also describe the approach that will be used to monitor and track progress on the project's tasks and objectives.

Evaluation

This section should describe the method(s), techniques and tools that will be used to: 1) determine whether or not the proposed intervention achieved its anticipated outcome(s), and 2) document the "lessons learned" – both positive and negative - from the project that will be useful to people interested in replicating the intervention, if it proves successful.

Dissemination

This section should describe the method that will be used to disseminate the project's results and findings in a timely manner and in easily understandable formats, to parties who might be interested in using the results of the project to inform practice, service delivery, program development, and/or policymaking, including and especially those parties who would be interested in replicating the project.

Organizational Capability

Each application should include an organizational capability statement and vitae for key project personnel. The organizational capability statement should describe how the applicant agency (or the particular division of a larger agency which will have responsibility for this project) is organized, the nature and scope of its work and/or the capabilities it possesses. It should also include the organization's capability to sustain some or all project activities after Federal financial assistance has ended.

This description should cover capabilities of the applicant agency not included in the program narrative, such as any current or previous relevant experience and/or the record of the project team in preparing cogent and useful reports, publications, and other products. If appropriate, include an organization chart showing the relationship of the project to the current organization. Please attach short vitae for key project staff only. Neither vitas nor an organizational chart will count towards the narrative page limit. Also include information about any contractual organization(s) that will have a significant role(s) in implementing project and achieving project goals.

Signed letters of collaboration must specify the commitment, role, and resources/activities that will be provided in support of the applicant. Strategies to reach targeted populations must be

documented with letters of commitment that detail the specific role/function in support of the project's effort that will be played by the collaborating organization. The organization's expertise, experience, and access to the targeted population(s) should also be described in the letter of commitment, which can be signed, scanned, and included as an attachment to the application submitted electronically via <http://www.grants.gov>. Applicants unable to scan the signed letters of commitment may fax them to the ACL Office of Grants Management at 202-357-3467 by the application deadline. In your fax, be sure to include the funding opportunity number and your agency name.

Budget Narrative/Justification

The Budget Narrative/Justification can be provided using the format included in the document, "Budget Narrative/Justification – Sample Format." Applicants are encouraged to pay particular attention to this document, which provides an example of the level of detail sought. A combined multi-year Budget Narrative/Justification, as well as a detailed Budget Narrative/Justification for each year of potential grant funding is required.

Work Plan

The Project Work Plan should reflect and be consistent with the Project Narrative and Budget. It should include a statement of the project's overall goal, anticipated outcome(s), key objectives, and the major tasks / action steps that will be pursued to achieve the goal and outcome(s). For each major task / action step, the work plan should identify timeframes involved (including start- and end-dates), and the lead person responsible for completing the task. Please use the "Project Work Plan - Sample Template" format as a reference and resource, if desired.

3. Unique Entity Identifier and System for Award Management (SAM)

The Grants.gov registration process can take several days. If your organization is not currently registered, please begin this process immediately. For assistance with <https://www.grants.gov>, please contact them at support@grants.gov or 800-518-4726 between 7:00 a.m. and 9:00 p.m. Eastern Time.

- At the <https://www.grants.gov> website, you will find information about submitting an application electronically through the site, including the hours of operation. ACL strongly recommends that you do not wait until the application due date to begin the application process because of the time involved to complete the registration process.
- All applicants must have a UEI number and be registered with the System for Award Management (SAM, www.sam.gov) and maintain an active SAM registration until the application process is complete, and should a grant be made, throughout the life of the award. Effective June 11, 2018, when registering or renewing your registration, you must submit a notarized letter appointing the authorized Entity Administrator. Please be sure to read the FAQs located at www.sam.gov to learn more. Applicants should allot sufficient time prior to the application deadline to finalize a new, or renew an existing registration. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award. Maintain documentation (with dates) of your efforts to register or renew at least two weeks before the deadline. See the SAM Quick Guide for Grantees at: <https://www.sam.gov/SAM/pages/public/help/samQUserGuides.jsf>.

Note: Once your SAM registration is active, allow 24 to 48 hours for the information to be available in Grants.gov before you can submit an application through Grants.gov. This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award.

- Note: Failure to submit the correct EIN Suffix can lead to delays in identifying your organization and access to funding in the Payment Management System.
- Effective October 1, 2010, HHS requires all entities that plan to apply for and ultimately receive federal grant funds from any HHS Operating/Staff Division (OPDIV/STAFFDIV) or receive subawards directly from the recipients of those grant funds to:
 1. Register in SAM prior to submitting an application or plan;
 2. Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
 3. Provide its UEI number in each application or plan to submit to the OPDIV.

Additionally, all first-tier subaward recipients must have a UEI number at the time the subaward is made.

- The Federal Government will transition from the DUNS Number to the New Unique Entity Identifier. As of April of 2022, the federal government stopped using the DUNS number to uniquely identify entities. At that point, entities doing business with the federal government will use a Unique Entity Identifier (SAM) created in SAM.gov. They will no longer have to go to a third-party website to obtain their identifier. This transition allows the government to streamline the entity identification and validation process, making it easier and less burdensome for entities to do business with the federal government. If your entity is registered in SAM.gov today, your Unique Entity ID (SAM) has already been assigned and is viewable in SAM.gov. This includes inactive registrations. The Unique Entity ID is currently located below the DUNS Number on your entity registration record. Remember, you must be signed in to your SAM.gov account to view entity records. To learn how to view your Unique Entity ID (SAM) go to this help [article](#).
- You must submit all documents electronically, including all information included on the SF424 and all necessary assurances and certifications. In accordance with the Federal Government's efforts to reduce reporting burden for recipients of federal financial assistance, the general certification and representation requirements contained in the Standard Form 424B (SF-424B) – Assurances – Non-Construction Programs, and the Standard Form 424D (SF-424D) – Assurances – Construction Programs, have been standardized federal-wide. Effective January 1, 2020, the updated common certification and representation requirements will be stored and maintained within SAM. Organizations or individuals applying for federal financial assistance as of January 1, 2020, must validate the federally required common certifications and representations annually through SAM located at SAM.gov.
- After you electronically submit your application, you will receive an automatic acknowledgment from <https://www.grants.gov> that contains <https://www.grants.gov> tracking number. The Administration for Community Living will retrieve your application form from <https://www.grants.gov>.

4. Submission Dates and Times

Number Of Days from Publication 15

12/06/2022

Date for Informational Conference Call:

Applications that fail to meet the application due date will not be reviewed and will receive no further consideration. You are strongly encouraged to submit your application a minimum of 3-5 days prior to the application closing date. Do not wait until the last day in the event you encounter technical difficulties, either on your end or, with <http://www.grants.gov>. Grants.gov can take up to 48 hours to notify you of a successful submission.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR) and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov web page: <http://www.grants.gov/web/grants/register.html>.

After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only)

If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline because of technical problems with the Grants.gov system, please contact the person listed under For Further Information Contact in section VII of this notice and provide a written explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. ACL will contact you after a determination is made on whether your application will be accepted.

Note: We will not consider your application for further review if you failed to fully register to submit your application to Grants.gov before the application deadline or if the technical problem you experienced is unrelated to the Grants.gov system.

If for any reason (including submitting to the wrong funding opportunity number or making corrections/updates) an application is submitted more than once prior to the application due date, ACL will only accept your last validated electronic submission, under the correct funding opportunity number, prior to the Grants.gov application due date as the final and only acceptable application

Unsuccessful submissions will require authenticated verification from <http://www.grants.gov> indicating system problems existed at the time of your submission. For example, you will be required to provide an <http://www.grants.gov> submission error notification and/or tracking number in order to substantiate missing the cut off date.

Grants.gov (<http://www.grants.gov>) will automatically send applicants a tracking number and date of receipt verification electronically once the application has been successfully received and validated in <http://www.grants.gov>.

5. Intergovernmental Review

This program is not subject to Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs.

6. Funding Restrictions

The following activities are not fundable:

- *Construction and/or major rehabilitation of buildings*
- *Basic research (e.g. scientific or medical experiments)*
- *Continuation of existing projects without expansion or new and innovative approaches*

Note: *A recent Government Accountability Office (GAO) report has raised considerable concerns about grantees and contractors charging the Federal Government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. Executive Orders on Promoting Efficient Spending (E.O. 13589) and Delivering Efficient, Effective and Accountable Government (E.O. 13576) have been issued and instruct Federal agencies to promote efficient spending. Therefore, if meals are to be charged in your proposal, applicants should understand such costs must meet the following criteria outlined in the Executive Orders and HHS Grants Policy Statement:*

- *Meals are generally unallowable except for the following:*
 - *For subjects and patients under study (usually a research program);*
 - *Where specifically approved as part of the project or program activity, e.g., in programs providing children's services (e.g. Head Start);*
 - *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement,*
 - *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
 - *Under a conference grant, when meals are necessary and integral part of a conference, provided that meal costs are not duplicated in participants' per diem or subsistence allowances. (Note: conference grant means the sole purpose of the award is to hold a conference.)*

The following updated sections 2 CFR 200.216 "Prohibition on certain telecommunications and video surveillance services or equipment" became **effective on or after August 13, 2020**.

Recommended Actions for any recipient that has received a loan, grant, or cooperative agreement **on or after August 13, 2020**:

- Develop a compliance plan to implement 2 CFR 200.216 regulation.
- Develop and maintain internal controls to ensure that your organization does not expend federal funds (in whole or in part) on covered equipment, services or systems.
- Determine through reasonable inquiry whether your organization currently uses "covered telecommunication" equipment, services, or systems and take necessary actions to comply with the regulation as quickly as is feasibly possible.

7. Other Submission Requirements

None

V. Application Review Information

1. Criteria

Applicants must document all of their source material. If any text, language and/or materials are from another source, the applicant must make it clear the material is being quoted and where the text comes from. The applicant must also cite any sources when they obtain numbers, ideas, or other material that is not their own. If the applicant fails to comply with this requirement, regardless of the severity or frequency of the plagiarism, the reviewers shall reduce their scores accordingly even to the degree of issuing no points at all.

Applications are scored by assigning a maximum of 100 points across the desired review criteria:

- a. Project Relevance & Current Need
- b. Approach
- c. Budget
- d. Project Impact
- e. Organizational Capacity

Project Relevance and Current Need

Maximum Points: 10

1. Does the application adequately and appropriately describe and document the key problem(s) and/or need(s) to be addressed?
2. Does the applicant clearly describe the need for this type of initiative?
3. [Is the proposed project justified in terms of the most recent, relevant, and available](#) information and knowledge?
4. Does the applicant provide appropriate information with respect to the current status of COVID and Influenza vaccine outreach and use?

Approach

Maximum Points: 40

Goals, Objectives and Methods of Addressing the Problem (15 Points)

1. Does the proposed project clearly and adequately respond to the Option to which the organization is applying and as described in the NOFO?
2. Does the project, as proposed, align with the goals and objectives desired by Administration and ACL?
3. Does the proposed project reflect an overall coherent and feasible approach for successfully addressing identified problems and achieving the identified outcome(s)?
4. Based on the information provided by the applicant, is it likely the proposed approach will achieve specified goals?
5. Are the proposed approaches for performance measurement and data gathering in line with ACL expectations as articulated in the NOFO and likely to produce the desired information and data?
6. Does the application address how the project will target disadvantaged populations, including limited-English speaking populations?
7. Does the project take into account barriers and opportunities that exist in the larger environment that may impact the project's success?

Work Plan (25 Points)

1. Does the application include a clear and comprehensive work plan?

2. Does it include sensible and feasible timeframes for the accomplishment of tasks presented?
3. Does the work plan include specific objectives and tasks that are linked to measurable outcomes?
4. Are the roles and responsibilities of project staff, consultants and partners clearly defined and linked to specific objectives and tasks?

Budget

Maximum Points: 10

1. Has a budget and budget narrative covering the entire proposed project period been included?
2. Is the budget justified with respect to the adequacy and reasonableness of resources requested and activities proposed?
3. Are the resources requested consistent with the scope of the proposed project activities?
4. Are budget line items clearly delineated and consistent with work plan objectives?
5. Does the application exceed maximum allowed budget of 5% for administrative and technical assistance purposes?

Project Impact

Maximum Points: 10

Project Outcomes (5 Points)

1. Are the project outcomes as proposed specific, measurable and consistent with the objectives and purpose of the project?
2. Are the anticipated outcomes of the proposed project likely to be achieved and will the field significantly benefit the populations affected by the intervention, and the field as a whole?

Dissemination (5 Points)

1. Will the proposed dissemination plan take into account the differing capacities of the various target audiences to receive and benefit from the technical assistance and resources that will be offered?
2. Does the dissemination plan include multiple means for conveying information and materials about vaccine access and use, including electronic, print and web-based methods?

Organizational Capacity

Maximum Points: 30

Project Staffing and Qualifications (5 points)

1. Does the applicant organization clearly identify their capacity for carrying out the proposed project?
2. Do the proposed project director(s), key staff, consultants and advisors to the project have the background, experience, and other qualifications required to carry out their designated roles?
3. Is the time commitment of the proposed director and other key project personnel sufficient to assure proper direction, management and timely completion of the project?
4. Are the qualifications of the project staff, consultants and/or partners, adequate to carry out the project?

Organization and Management (25 points)

1. Does the applicant demonstrate a level of understanding of the issues being addressed by the NOFO?
2. Does the applicant demonstrate the capacity to meet expectations for rapid startup and undertaking of all required activities?
3. [Does the applicant demonstrate the commitment to lead the project?](#)
4. Does the application adequately describe the applicant's ability and plan to partner with other entities as necessary to achieve the goals of the project?
5. Does the applicant demonstrate the experience, knowledge and expertise in working with target audiences as identified in the funding opportunity, including, state, local, territorial, tribal and community agencies and relevant stakeholders on the expected activities of this project?

2. Review and Selection Process

This section may vary in the level of detail provided. The announcement must list any program policy or other factors or elements, other than merit criteria, that the selecting official may use in selecting applications for Federal award (e.g., geographical dispersion, program balance, or diversity). The HHS awarding agency may also include other appropriate details. For example, this section may indicate who is responsible for evaluation against the merit criteria (e.g., peers external to the HHS awarding agency or HHS awarding agency personnel) and/or who makes the final selections for Federal awards. If there is a multi-phase review process (e.g., an external panel advising internal HHS awarding agency personnel who make final recommendations to the deciding official), the announcement may describe the phases. It also may include: the number of people on an evaluation panel and how it operates, the way reviewers are selected, reviewer qualifications, and the way that conflicts of interest are avoided. With respect to electronic methods for providing information about funding opportunities or accepting applicants' submissions of information, each HHS awarding agency is responsible for compliance with Section 508 of the Rehabilitation Act of 1973 ([29 U.S.C. 794d](#)).

In addition, if the HHS awarding agency permits applicants to nominate suggested reviewers of their applications or suggest those they feel may be inappropriate due to a conflict of interest, that information should be included in this section.

For any Federal award under a notice of funding opportunity, if the HHS awarding agency anticipates that the total Federal share will be greater than the simplified acquisition threshold on any Federal award under a notice of funding opportunity may include, over the period of performance (see [§ 75.2 Simplified Acquisition Threshold](#)), this section must also inform applicants:

- i. That the HHS awarding agency, prior to making a Federal award with a total amount of Federal share greater than the simplified acquisition threshold, is required to review and consider any information about the applicant that is in the designated integrity and performance system accessible through SAM (currently FAPIIS) (see [41 U.S.C. 2313](#));
- ii. That an applicant, at its option, may review information in the designated integrity and performance systems accessible through SAM and comment on any information about itself that the HHS awarding agency previously entered and is currently in the designated integrity and

performance system accessible through SAM;

iii. That the HHS awarding agency will consider any comments by the applicant, in addition to the other information in the designated integrity and performance system, in making a judgment about the applicant's integrity, business ethics, and record of performance under Federal awards when completing the review of risk posed by applicants as described in [§ 75.205](#).

An independent review panel of at least three individuals will evaluate applications that pass the screening and meet the responsiveness criteria if applicable. These reviewers are experts in their field, and are drawn from academic institutions, non-profit organizations, state and local governments, and federal government agencies. Based on the Application Review Criteria as outlined under section V.1, the reviewers will comment on and score the applications, focusing their comments and scoring decisions on the identified criteria.

Final award decisions will be made by the Administrator, ACL. In making these decisions, the Administrator will take into consideration: recommendations of the review panel; reviews for programmatic and grants management compliance; the reasonableness of the estimated cost to the government considering the available funding and anticipated results; and the likelihood that the proposed project will result in the benefits expected.

3. Anticipated Announcement Award Date

Award notices to successful applicants will be sent out prior to the project start date.

The anticipated project period start date for this announcement is: 12/19/2022

VI. Award Administration Information

1. Award Notices

Successful applicants will receive an electronic Notice of Award. The Notice of Award is the authorizing document from the U.S. Administration for Community Living authorizing official, Office of Grants Management. Acceptance of this award is signified by the drawdown of funds from the Payment Management System. Unsuccessful applicants are generally notified within 30 days of the final funding decision and will receive a disapproval letter via e-mail. Unless indicated otherwise in this announcement, unsuccessful applications will not be retained by the agency and will be destroyed.

2. Administrative and National Policy Requirements

The award is subject to HHS Administrative Requirements, which can be found in 45 CFR Part 75 and the Standard Terms and Conditions, included in the Notice of Award as well as implemented through the HHS Grants Policy Statement.

Should you successfully compete for an award, recipients of federal financial assistance (FFA) from HHS will be required to complete an HHS Assurance of Compliance form (HHS 690) in which you agree, as a condition of receiving the grant, to administer your programs in compliance with federal civil rights laws that prohibit discrimination on the basis of race, color, national origin, age, sex and disability, and agreeing to comply with federal conscience laws, where applicable. This includes ensuring that entities take meaningful steps to provide meaningful access to persons with limited English proficiency; and ensuring effective

communication with persons with disabilities. Where applicable, Title XI and Section 1557 prohibit discrimination on the basis of sexual orientation, and gender identity, The HHS Office for Civil Rights provides guidance on complying with civil rights laws enforced by HHS. See <https://www.hhs.gov/civil-rights/for-providers/provider-obligations/index.html> and <https://www.hhs.gov/civil-rights/for-individuals/nondiscrimination/index.html>.

A standard term and condition of award will be included in the final notice of award; all applicants will be subject to a term and condition that applies the terms of 48 CFR section 3.908 to the award and requires the grantees inform their employee in writing of employee whistleblower rights and protections under 41 U.S.C. 4712 in the predominant native language of the workforce.

Applicants may follow their own procurement policies and procedures when contracting with Project Funds, but You must comply with the requirements of 2 C.F.R. §§ 200.317-200.326. Additionally, when using Project Funds to procure supplies and/or equipment, applicants are encouraged to purchase American-manufactured goods to the maximum extent practicable. American-manufactured goods are those products for which the cost of their component parts that were mined, produced, or manufactured in the United States exceeds 50 percent of the total cost of all their components. For further guidance regarding what constitutes an American manufactured good (also known as a domestic end product), see 48 C.F.R. Part 25.

3. Reporting

Recipients under this funding opportunity announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section. Final reports may be submitted via Grants Solutions to the Grants Management Office Contact listed in *Section VII. Agency Contacts* of this announcement. Instructions on submission of reports electronically will be provided with award documents.

4. FFATA and FSRS Reporting

The Federal Financial Accountability and Transparency Act (FFATA) requires data entry at the FFATA Subaward Reporting System (<http://www.FSRS.gov>) for all sub-awards and sub-contracts issued for \$30,000 or more as well as addressing executive compensation for both grantee and sub-award organizations.

For further guidance please follow this link to access ACL's Terms and Conditions: <https://www.acl.gov/grants/managing-grant#>

VII. Agency Contacts

Project Officer

ACL/Office of Grants Management

VIII. Other Information**Application Elements**

- SF-424, required – Application for Federal Assistance (See “Instructions for Completing Required Forms” for assistance).
- SF-424A, required – Budget Information. (See Appendix for instructions).
- Separate Budget Narrative/Justification, required (See “Budget Narrative/Justification - Sample Format” for examples and “Budget Narrative/Justification – Sample Template.”)

NOTE: [Applicants requesting funding for multi-year grant projects are REQUIRED to provide a Narrative/Justification for each year of potential grant funding, as well as a combined multi-year detailed Budget Narrative/Justification](#) .

- SF-424B – Assurance, required. Note: Be sure to complete this form according to instructions and have it signed and dated by the authorized representative (see item 18d on the SF 424).
- Lobbying Certification, required.
- Proof of non-profit status, if applicable
- Copy of the applicant’s most recent indirect cost agreement or cost allocation plan, if requesting indirect costs. If any sub-contractors or sub-recipients are requesting indirect costs, copies of their indirect cost agreements must also be included with the application.
- Project Narrative with Work Plan required (See “Project Work Plan – Sample Template” for a formatting suggestions).
- Vitae for Key Project Personnel.
- Letters of Commitment from Key Partners, if applicable.

The Paperwork Reduction Act of 1995 (P.L. 104-13)

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The project description and Budget Narrative/Justification is approved under OMB control number 0985-0018. Public reporting burden for this collection of information is estimated to average 10 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

Appendix**Accessibility Provisions for All Grant Application Packages and Funding Opportunity Announcements**

Should you successfully compete for an award, recipients of federal financial assistance (FFA) from HHS will be required to complete an HHS Assurance of Compliance form (HHS 690) in which you agree, as a condition of receiving the grant, to administer your programs in compliance with federal civil rights laws that prohibit discrimination on the basis of race, color, national origin, age, sex and disability, and agreeing to comply with federal conscience laws, where applicable. This includes ensuring that entities take meaningful steps to provide meaningful access to persons with limited English proficiency; and ensuring effective communication with persons with disabilities. Where applicable, Title XI and Section 1557 prohibit discrimination on the basis of sexual orientation, and gender identity. The HHS Office for Civil Rights provides guidance on complying with civil rights laws enforced by HHS. See <https://www.hhs.gov/civil-rights/for-providers/provider-obligations/index.html> and <https://www.hhs.gov/civil-rights/for-individuals/nondiscrimination/index.html>.

- Recipients of FFA must ensure that their programs are accessible to persons with limited English proficiency. HHS provides guidance to recipients of FFA on meeting their legal obligation to take reasonable steps to provide meaningful access to their programs by persons with limited English proficiency. Please see <https://www.hhs.gov/civil-rights/for-individuals/special-topics/limited-english-proficiency/fact-sheet-guidance/index.html> and <https://www.lep.gov>. For further guidance on providing culturally and linguistically appropriate services, recipients should review the National Standards for Culturally and Linguistically Appropriate Services in Health and Health Care at <https://minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=53>.
- Recipients of FFA also have specific legal obligations for serving qualified individuals with disabilities. Please see <http://www.hhs.gov/ocr/civilrights/understanding/disability/index.html>.
- HHS funded health and education programs must be administered in an environment free of sexual harassment. Please see <https://www.hhs.gov/civil-rights/for-individuals/sex-discrimination/index.html>; <https://www2.ed.gov/about/offices/list/ocr/docs/shguide.html>; and <https://www.eeoc.gov/sexual-harassment>.
- Recipients of FFA must also administer their programs in compliance with applicable federal religious nondiscrimination laws and applicable federal conscience protection and associated anti-discrimination laws. Collectively, these laws prohibit exclusion, adverse treatment, coercion, or other discrimination against persons or entities on the basis of their consciences, religious beliefs, or moral convictions. Please see <https://www.hhs.gov/conscience/conscience-protections/index.html> and <https://www.hhs.gov/conscience/religious-freedom/index.html>.

Please contact the HHS Office for Civil Rights for more information about obligations and prohibitions under federal civil rights laws at <https://www.hhs.gov/ocr/about-us/contact-us/index.html> or call 1-800-368-1019 or TDD 1-800-537-7697.

Instructions for Completing Required Forms

This section provides step-by-step instructions for completing the four (4) standard Federal forms required as part of your grant application, including special instructions for completing Standard Budget Forms 424 and 424A. Standard Forms 424 and 424A are used for a wide variety of Federal grant programs, and Federal agencies have the discretion to require some or all of the information on these forms. ACL does not require all the information on these

Standard Forms. Accordingly, please use the instructions below in lieu of the standard instructions attached to SF 424 and 424A to complete these forms.

a. Standard Form 424

1. Type of Submission: (REQUIRED): Select one type of submission in accordance with agency instructions.

- Preapplication
- Application
- Changed/Corrected Application – If ACL requests, check if this submission is to change or correct a previously submitted application.

2. Type of Application: (REQUIRED) Select one type of application in accordance with agency instructions.

- New
- Continuation
- Revision

3. Date Received: Leave this field blank.

4. Applicant Identifier: Leave this field blank

5a Federal Entity Identifier: Leave this field blank

5b. Federal Award Identifier: For new applications leave blank. For a continuation or revision to an existing award, enter the previously assigned Federal award (grant) number.

6. Date Received by State: Leave this field blank.

7. State Application Identifier: Leave this field blank.

8. Applicant Information: Enter the following in accordance with agency instructions:

a. Legal Name: (REQUIRED): Enter the name that the organization has registered with the System for Award Management (SAM), formally the Central Contractor Registry. Information on registering with SAM may be obtained by visiting the Grants.gov website (<https://www.grants.gov>) or by going directly to the SAM website (www.sam.gov).

b. Employer/Taxpayer Number (EIN/TIN): (REQUIRED): Enter the Employer or Taxpayer Identification Number (EIN or TIN) as assigned by the Internal Revenue Service. In addition, we encourage the organization to include the correct suffix used to identify your organization in order to properly align access to the Payment Management System.

c. Organizational UEI (REQUIRED): If your entity is registered in SAM.gov today, your Unique Entity ID (SAM) has already been assigned and is viewable in SAM.gov. This includes inactive registrations. The Unique Entity ID is currently located below the DUNS Number on your entity registration record. Remember, you must be signed in to your SAM.gov account to view entity records.

d. Address: (REQUIRED) Enter the complete address including the county.

e. Organizational Unit: Enter the name of the primary organizational unit (and department or division, if applicable) that will undertake the project.

f. Name and contact information of person to be contacted on matters involving this application: Enter the name (First and last name required), organizational affiliation (if affiliated with an organization other than the applicant organization), telephone number (Required), fax number, and email address (Required) of the person to contact on matters related to this application.

9. Type of Applicant: (REQUIRED) Select the applicant organization “type” from the following drop down list.

A. State Government B. County Government C. City or Township Government D. Special District Government E. Regional Organization F. U.S. Territory or Possession G. Independent School District H. Public/State Controlled Institution of Higher Education I. Indian/Native American Tribal Government (Federally Recognized) J. Indian/Native American Tribal Government (Other than Federally Recognized) K. Indian/Native American Tribally Designated Organization L. Public/Indian Housing Authority M. Nonprofit with 501C3 IRS Status (Other than Institution of Higher Education) N. Nonprofit without 501C3 IRS Status (Other than Institution of Higher Education) O. Private Institution of Higher Education P. Individual Q. For-Profit Organization (Other than Small Business) R. Small Business S. Hispanic-serving Institution T. Historically Black Colleges and Universities (HBCUs) U. Tribally Controlled Colleges and Universities (TCCUs) V. Alaska Native and Native Hawaiian Serving Institutions W. Non-domestic (non-US) Entity X. Other (specify)

10. Name of Federal Agency: (REQUIRED) Enter U.S. Administration for Community Living

11. Catalog of Federal Domestic Assistance Number/Title: The CFDA number can be found on page one of the Program Announcement.

12. Funding Opportunity Number/Title: (REQUIRED) The Funding Opportunity Number and title of the opportunity can be found on page one of the Program Announcement.

13. Competition Identification Number/Title: Leave this field blank.

14. Areas Affected by Project: List the largest political entity affected (cities, counties, state etc.)

15. Descriptive Title of Applicant’s Project: (REQUIRED) Enter a brief descriptive title of the project (This is not a narrative description).

16. Congressional Districts Of: (REQUIRED) 16a. Enter the applicant’s Congressional District, and 16b. Enter all district(s) affected by the program or project. Enter in the format: 2 characters State Abbreviation – 3 characters District Number, e.g., CA-005 for California 5th district, CA-012 for California 12th district, NC-103 for North Carolina’s 103rd district. If all congressional districts in a state are affected, enter “all” for the district number, e.g., MD-all for all congressional districts in Maryland. If nationwide, i.e. all districts within all states are affected, enter US-all. See the below website to find your congressional district:

<https://www.house.gov/>

17. Proposed Project Start and End Dates: (REQUIRED) Enter the proposed start date and final end date of the project. **If you are applying for a multi-year grant, such as a 3 year grant project, the final project end date will be 3 years after the proposed start date.** In general, all start dates on the SF424 should be the 1st of the month and the end date of the last day of the month of the final year, for example 7/01/2014 to 6/30/2017. The Grants Officer can alter the start and end date at their discretion.

18. Estimated Funding: (REQUIRED) If requesting multi-year funding, enter the full amount requested from the Federal Government in line item 18.a., as a multi-year total. For example and illustrative purposes only, if year one is \$100,000, year two is \$100,000, and year three is \$100,000, then the full amount of federal funds requested would be reflected as \$300,000. The amount of matching funds is denoted by lines b. through f. with a combined federal and non-federal total entered on line g. Lines b. through f. represents contributions to the project by the applicant and by your partners during the total project period, broken down by each type of contributor. The value of in-kind contributions should be included on appropriate lines, as applicable.

NOTE: Applicants should review cost sharing or matching principles contained in Subpart C of 45 CFR Part 75 before completing Item 18 and the Budget Information Sections A, B and C noted below.

All budget information entered under item 18 should cover the total project period. For sub-item 18a, enter the federal funds being requested. Sub-items 18b-18e is considered matching funds. For ACL programs that have a cost-matching requirement (list here), the dollar amounts entered in sub-items 18b-18f must total at least 1/3 of the amount of federal funds being requested (the amount in 18a). For a full explanation of ACL's match requirements, see the information in the box below. For sub-item 18f (program income), enter only the amount, if any, that is going to be used as part of the required match. Program Income submitted as match will become a part of the award match and recipients will be held accountable to meet their share of project expenses even if program income is not generated during the award period.

There are two types of match: 1) non-federal cash and 2) non-federal in-kind. In general, costs borne by the applicant and cash contributions of any and all third parties involved in the project, including sub-grantees, contractors and consultants, are considered **matching funds**. Examples of **non-federal cash match** includes budgetary funds provided from the applicant agency's budget for costs associated with the project. Generally, most contributions from sub-contractors or sub-grantees (third parties) will be non-federal in-kind matching funds. Volunteered time and use of third party facilities to hold meetings or conduct project activities may be considered in-kind (third party) donations.

NOTE: Indirect charges may only be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency; or (2) the applicant is a state or local government agency. State governments should enter the amount of indirect costs determined in accordance with HHS requirements. **If indirect costs are to be included in the application, a copy of the approved indirect cost agreement or cost allocation plan must be included with the application. Further, if any sub-contractors or sub-grantees are requesting indirect costs, a copy of the latest approved indirect cost agreements must also be included with the application, or reference to an approved cost allocation plan.**

19. Is Application Subject to Review by State Under Executive Order 12372

Process? Please refer to IV. Application and Submission Information, 4. Intergovernmental Review to determine if the ACL program is subject to E.O. 12372 and respond accordingly.

20. Is the Applicant Delinquent on any Federal Debt? (Required) This question applies to the applicant organization, not the person who signs as the authorized representative. If yes, include an explanation on the continuation sheet.

21. Authorized Representative: (Required) To be signed and dated by the authorized representative of the applicant organization. Enter the name (First and last name required) title (Required), telephone number (Required), fax number, and email address (Required) of the person authorized to sign for the applicant. A copy of the governing body's authorization for you to sign this application as the official representative must be on file in the applicant's office. (Certain federal agencies may require that this authorization be submitted as part of the application.)

Standard Form 424A

NOTE: Standard Form 424A is designed to accommodate applications for multiple grant programs; thus, for purposes of this ACL program, many of the budget item columns and rows are not applicable. You should only consider and respond to the budget items for which guidance is provided below. Unless otherwise indicated, the SF 424A should reflect a multi-year budget.

Section A - Budget Summary

Line 5: Leave columns (c) and (d) blank. Enter TOTAL Federal costs in column (e) and total non federal costs (including third party in-kind contributions and any program income to be used as part of the grantee match) in column (f). Enter the sum of columns (e) and (f) in column (g).

Section B - Budget Categories

Column 1: Enter the breakdown of how you plan to use the Federal funds being requested by object class category.

Column 2: Enter the breakdown of how you plan to use the non-Federal share by object class category.

Column 5: Enter the total funds required for the project (sum of Columns 1 and 2) by object class category.

Section C - Non-Federal Resources

Column A: Enter the federal grant program.

Column B: Enter in any non-federal resources that the applicant will contribute to the project.

Column C: Enter in any non-federal resources that the state will contribute to the project.

Column D: Enter in any non-federal resources that other sources will contribute to the project.

Column E: Enter the total non-federal resources for each program listed in column A.

Section D - Forecasted Cash Needs

Line 13: Enter Federal forecasted cash needs broken down by quarter for the first year only.

Line 14: Enter Non-Federal forecasted cash needs broken down by quarter for the first year.

Line 15: Enter total forecasted cash needs broken down by quarter for the first year.

Note: This area is not meant to be one whereby an applicant merely divides the requested funding by four and inserts that amount in each quarter but an area where thought is given as to how your estimated expenses will be incurred during each quarter. For example, if you have initial startup costs in the first quarter of your award reflect that in quarter one or you do not expect to have contracts awarded and funded until quarter three, reflect those costs in that quarter.

Section E – Budget Estimates of Federal Funds Needed for Balance of the Project (i.e. subsequent years 2, 3, 4 or 5 as applicable).

Column A: Enter the federal grant program

Column B (first): Enter the requested year two funding.

Column C (second): Enter the requested year three funding.

Column D (third): Enter the requested year four funding, if applicable.

Column E (forth): Enter the requested year five funding, if applicable.

Section F – Other Budget Information

Line 21: Enter the total Indirect Charges

Line 22: Enter the total Direct charges (calculation of indirect rate and direct charges).

Line 23: Enter any pertinent remarks related to the budget.

Separate Budget Narrative/Justification Requirement

Applicants requesting funding for multi-year grant programs are REQUIRED to provide a combined multi-year Budget Narrative/Justification, as well as a detailed Budget Narrative/Justification for each year of potential grant funding. A separate Budget Narrative/Justification is also REQUIRED for each potential year of grant funding requested.

For your use in developing and presenting your Budget Narrative/Justification, a sample format with examples and a blank sample template have been included in these Attachments. In your Budget Narrative/Justification, you should include a breakdown of the budgetary costs for all of the object class categories noted in Section B, across three columns: Federal; non-Federal cash; and non-Federal in-kind. Cost breakdowns, or justifications, are required for any cost of \$1,000 or for the thresholds as established in the examples. The Budget Narratives/Justifications should fully explain and justify the costs in each of the major budget items for each of the object class categories, as described below. Non-Federal cash as well as, sub-contractor or sub-grantee (third party) in-kind contributions designated as match must be clearly identified and explained in the Budget Narrative/Justification. The full Budget Narrative/Justification should be included in the application immediately following the SF 424 forms.

Line 6a: **Personnel:** Enter total costs of salaries and wages of applicant/grantee staff. Do not include the costs of consultants, which should be included under 6h Other.

In the Justification: Identify the project director, if known. Specify the key staff, their titles, and time commitments in the budget justification.

Line 6b: **Fringe Benefits:** Enter the total costs of fringe benefits unless treated as part of an approved indirect cost rate.

In the Justification: If the total fringe benefit rate exceeds 35% of Personnel costs, provide a breakdown of amounts and percentages that comprise fringe benefit costs, such as health insurance, FICA, retirement, etc. A percentage of 35% or less does not require a breakdown but you must show the percentage charged for each full/part time employee.

Line 6c: **Travel:** Enter total costs of all travel (local and non-local) for staff on the project. NEW: Local travel is considered under this cost item not under Other. Local transportation (all travel which does not require per diem is considered local travel). Do not enter costs for consultant's travel - this should be included in line 6h.

In the Justification: Include the total number of trips, number of travelers, destinations, purpose (e.g., attend conference), length of stay, subsistence allowances (per diem), and transportation costs (including mileage rates).

Line 6d: **Equipment:** Enter the total costs of all equipment to be acquired by the project. For all grantees, "equipment" is nonexpendable tangible personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. If the item does not meet the \$5,000 threshold, include it in your budget under Supplies, line 6e.

In the Justification: Equipment to be purchased with federal funds must be justified as necessary for the conduct of the project. The equipment must be used for project-related functions. Further, the purchase of specific items of equipment should not be included in the submitted budget if those items of equipment, or a reasonable facsimile, are otherwise available to the applicant or its subgrantees.

Line 6e: **Supplies:** Enter the total costs of all tangible expendable personal property (supplies) other than those included on line 6d.

In the Justification: . For any grant award that has supply costs in excess of 5% of total direct costs (Federal or Non-Federal), you must provide a detailed break down of the supply items (e.g., 6% of \$100,000 = \$6,000 – breakdown of supplies needed). If the 5% is applied against

\$1 million total direct costs ($5\% \times \$1,000,000 = \$50,000$) a detailed breakdown of supplies is not needed. Please note: any supply costs of \$5,000 or less regardless of total direct costs does not require a detailed budget breakdown (e.g., $5\% \times \$100,000 = \$5,000$ – no breakdown needed).

Line 6f: **Contractual:** Regardless of the dollar value of any contract, you must follow your established policies and procedures for procurements and meet the minimum standards established in the Code of Federal Regulations (CFR's) mentioned below. Enter the total costs of all contracts, including (1) procurement contracts (except those which belong on other lines such as equipment, supplies, etc.). Note: The 33% provision has been removed and line item budget detail is not required as long as you meet the established procurement standards. Also include any awards to organizations for the provision of technical assistance. Do not include payments to individuals on this line. Please be advised: A subrecipient is involved in financial assistance activities by receiving a sub-award and a subcontractor is involved in procurement activities by receiving a sub-contract. Through the recipient, a subrecipient performs work to accomplish the public purpose authorized by law. Generally speaking, a sub-contractor does not seek to accomplish a public benefit and does not perform substantive work on the project. It is merely a vendor providing goods or services to directly benefit the recipient, for example procuring landscaping or janitorial services. In either case, you are encouraged to clearly describe the type of work that will be accomplished and type of relationship with the lower tiered entity whether it be labeled as a subaward or subcontract.

In the Justification: Provide the following three items – 1) Attach a list of contractors indicating the name of the organization; 2) the purpose of the contract; and 3) the estimated dollar amount. If the name of the contractor and estimated costs are not available or have not been negotiated, indicate when this information will be available. The Federal government reserves the right to request the final executed contracts at any time. If an individual contractual item is over the small purchase threshold, currently set at \$100K in the CFR, you must certify that your procurement standards are in accordance with the policies and procedures as stated in 45 CFR Part 75 for states, in lieu of providing separate detailed budgets. This certification should be referenced in the justification and attached to the budget narrative.

Line 6g: **Construction:** Leave blank since construction is not an allowable costs for this program.

Line 6h: **Other:** Enter the total of all other costs. Such costs, where applicable, may include, but are not limited to: insurance, medical and dental costs (i.e. for project volunteers this is different from personnel fringe benefits), non-contractual fees and travel paid directly to individual consultants, postage, space and equipment rentals/lease, printing and publication, computer use, training and staff development costs (i.e. registration fees). If a cost does not clearly fit under another category, and it qualifies as an allowable cost, then rest assured this is where it belongs.

Note: A recent Government Accountability Office (GAO) report number 11-43, has raised considerable concerns about grantees and contractors charging the Federal government for additional meals outside of the standard allowance for travel subsistence known as per diem expenses. If meals are to be charged towards the grant they must meet the following criteria outlined in the Grants Policy Statement:

- *Meals are generally unallowable except for the following:*
- *For subjects and patients under study(usually a research program);*
- *Where specifically approved as part of the project or program activity, e.g., in programs providing children's services (e.g., Headstart);*
- *When an organization customarily provides meals to employees working beyond the normal workday, as a part of a formal compensation arrangement;*
- *As part of a per diem or subsistence allowance provided in conjunction with allowable travel; and*
- *Under a conference grant, when meals are a necessary and integral part of a conference, provided that meal costs are not duplicated in participants' per diem or subsistence allowances (Note: the sole purpose of the grant award is to hold a conference).*

In the Justification: Provide a reasonable explanation for items in this category. For example, individual consultants explain the nature of services provided and the relation to activities in the work plan or indicate where it is described in the work plan. Describe the types of activities for staff development costs.

Line 6i: **Total Direct Charges:** Show the totals of Lines 6a through 6h.

Line 6j: **Indirect Charges:** Enter the total amount of indirect charges (costs), if any. If no indirect costs are requested, enter "none." Indirect charges may be requested if: (1) the applicant has a current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency; or (2) the applicant is a state or local government agency. **State governments should enter the amount of indirect costs determined in accordance with DHHS requirements.** An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. Indirect Costs can only be claimed on Federal funds, more specifically, they are to only be claimed on the Federal share of your direct costs. Any unused portion of the grantee's eligible Indirect Cost amount that are not claimed on the Federal share of direct charges can be claimed as un-reimbursed indirect charges, and that portion can be used towards meeting the recipient match.

Line 6k: **Total:** Enter the total amounts of Lines 6i and 6j.

Line 7: **Program Income:** As appropriate, include the estimated amount of income, if any, you expect to be generated from this project that you wish to designate as match (equal to the amount shown for Item 15(f) on Form 424). **Note:** Any program income indicated at the bottom of Section B and for item 15(f) on the face sheet of Form 424 will be included as part of

non-Federal match and will be subject to the rules for documenting completion of this pledge. If program income is expected, but is not needed to achieve matching funds, **do not** include that portion here or on Item 15(f) of the Form 424 face sheet. Any anticipated program income that will not be applied as grantee match should be described in the Level of Effort section of the Program Narrative.

c. Standard Form 424B – Assurances (required)

This form contains assurances required of applicants under the discretionary funds programs administered by the Administration for Community Living. Please note that a duly authorized representative of the applicant organization must certify that the organization is in compliance with these assurances.

d. Certification Regarding Lobbying (required)

This form contains certifications that are required of the applicant organization regarding lobbying. Please note that a duly authorized representative of the applicant organization must attest to the applicant's compliance with these certifications.

Proof of Nonprofit Status (as applicable)

Non-profit applicants must submit proof of non-profit status. Any of the following constitutes acceptable proof of such status:

- A copy of a currently valid IRS tax exemption certificate.
- A statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals.
- A certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status.

Indirect Cost Agreement

Applicants that have included indirect costs in their budgets must include a copy of the current indirect cost rate agreement approved by the Department of Health and Human Services or another federal agency. This is optional for applicants that have not included indirect costs in their budgets.

Budget Narrative/Justification- Sample Format

NOTE: Applicants requesting funding for a multi-year grant program are REQUIRED to provide a detailed Budget Narrative/Justification for EACH potential year of grant funding requested.

Object Class Category	Federal Funds	Non-Federal Cash	Non-Federal In-Kind	TOTAL	Justification
Personnel	\$47,700	\$23,554	\$0	\$71,254	Federal Project Director (name) = .5 FTE @ \$95,401/yr = \$47,700 Non-Fed Cash Officer Manager (name) = .5FTE @ \$47,108/yr = \$23,554 Total 7 1,254

1.														
2.														

- A model abstract/summary is provided below:

The Delaware Division of Services for Aging and Adults with Physical Disabilities (DSAAPD), in **partnership** with the Delaware Lifespan Respite Care Network (DLRCN) and key stakeholders will, in the course of this two-year project, expand and maintain a statewide coordinated lifespan respite system that builds on the infrastructure currently in place.

The **goal** of this project is to improve the delivery and quality of respite services available to families across age and disability spectrums by expanding and coordinating existing respite systems in Delaware. The **objectives** are: 1) to improve lifespan respite infrastructure; 2) to improve the provision of information and awareness about respite service; 3) to streamline access to respite services through the Delaware ADRC; 4) to increase availability of respite services. Anticipated **outcomes** include: 1) families and caregivers of all ages and disabilities will have greater options for choosing a respite provider; 2) providers will demonstrate increased ability to provide specialized respite care; 3) families will have streamlined access to information and satisfaction with respite services; 4) respite care will be provided using a variety of existing funding sources and 5) a sustainability plan will be developed to support the project in the future. The expected **products** are marketing and outreach materials, caregiver training, respite worker training, a Respite Online searchable database, two new Caregiver Resource Centers (CRC), an annual Respite Summit, a respite voucher program and 24/7 telephone information and referral services.

Instructions for Completing the "Supplemental Information for the SF-424" Form

1. Project Director.

Name, address, telephone and fax numbers, and e-mail address of the person to be contacted on matters involving this application. Items marked with an asterisk (*) are mandatory.

2. Novice Applicant.Select "Not Applicable To This Program."
