

Notice of Funding Opportunity Laying Hen and Turkey Research Program

FUNDING YEAR: Fiscal Year (FY) 2026

APPLICATION DEADLINE: July 31, 2026

ANTICIPATED PROGRAM FUNDING: \$440,115

AVERAGE INDIVIDUAL AWARD Up to \$440,115
RANGE:

FUNDING OPPORTUNITY NUMBER: USDA-NIFA-OP-012080

ASSISTANCE LISTING NUMBER: 10.245

ANNOUNCEMENT

National Institute of Food and Agriculture
United States Department of Agriculture

Assistance Listing Number (ALN): The Laying Hen and Turkey Research Program (LHTR) is listed in the Assistance Listings under number 10.245.

Table 1: Key Dates and Deadlines

Task Description	Deadline
Application:	5:00 P.M. Eastern Time, July 31, 2026 [Ref to Part I, B of this NOFO]
Applicants Comments:	Within six months from the issuance of this notice (NIFA may not consider comments received after the sixth month)

The United States Department of Agriculture (USDA), to the extent permitted by law, will no longer make grants or otherwise fund programs or activities that improperly discriminate on the basis of race or sex, including discrimination in the name of Diversity, Equity, and Inclusion policies. Instead, USDA will prioritize merit and efficiency. USDA recognizes programs and initiatives will have the greatest impact when these programs and initiatives put American farmers, ranchers, and foresters first by:

- solving the most pressing challenges they face;
- protecting America’s food, fuel, and fiber supply to enhance national security;
- supporting production of healthy and safe food for consumers;
- expanding and developing domestic markets;
- training the next generation of agriculturalists; and
- fueling innovation to keep American farmers at the forefront of productivity.

The National Institute of Food and Agriculture (NIFA) is committed to advancing these principles and encourages applicants to actively engage farmers, ranchers, and foresters when applying for funding opportunities to ensure relevancy and adherence to them. NIFA also encourages agricultural leaders to engage in the peer review panel process to ensure American producers are better served through research, education, and extension activities.

Projects submitted under this NOFO should align with [USDA Secretary’s Memorandum 1078-020](#) Directive on Departmental Research and Development Priorities:

1. Increasing Profitability of Farmers and Ranchers
2. Expanding Markets and Creating New Uses of U.S. Agricultural Products
3. Protecting the Integrity of American Agriculture from Invasive Species
4. Promoting Soil Health to Regenerate Long-Term Productivity of Land
5. Improving Human Health through Precision Nutrition and Food Quality

Stakeholder Input. NIFA seeks comments on all Notice of Funding Opportunity (NOFO) so it can deliver programs efficiently, effectively, with integrity, and with a focus on customer service. NIFA considers comments to the extent possible when developing NOFOs and uses

comments to help meet the requirements of Section 103(c)(2) of the Agricultural Research, Extension, and Education Reform Act of 1998 ([7 U.S.C. 7613\(c\)\(2\)](#)). Applicants may submit written comments to Policy@usda.gov. Please use the following subject line: Response to the LHTR NOFO.

EXECUTIVE SUMMARY

This notice identifies the objectives for Laying Hen and Turkey Research Program projects, deadlines, funding information, eligibility criteria for projects and applicants, and application forms and associated instructions. The Laying Hen and Turkey Research Program is a competitive grant program that supports research projects aimed at enhancing the efficiency and viability of laying hen and turkey production through integrated, collaborative research and technology transfer. The amount available for grants in FY 2026 is approximately \$440,115. If this program receives appropriated funds in FY2027, meritorious projects identified in the FY2026 competition that were not able to receive support in FY2026 may be supported using FY2027 funds. In this case, a separate NOFO may not be issued for the FY2027 funds.

PART I. FUNDING OPPORTUNITY DESCRIPTION

A. Legislative Authority

The LHTR program is authorized in section 1672 of the Food, Agriculture, Conservation and Trade Act of 1990, codified at [7 U.S.C. 5925\(d\)\(15\)](#).

B. Purpose and Priorities

The LHTR program, under assistance listing number 10.245, will support one research project for improving the efficiency and sustainability of laying hen and turkey production through integrated collaborative research and technology transfer. All research must be conducted on laying hens or turkeys, or both.

Applications may emphasize one or more of the following priority areas:

1. Disease prevention, including vaccine development and administration, diagnostics and early detection, disease resistance, and reducing pathogen transmission.
2. Antimicrobial resistance, including alternatives to antimicrobials, such as probiotics or prebiotics; antimicrobial technologies; and mitigation of multidrug resistance.
3. Nutrition, including alternative feeds and ingredients.
4. Gut health, including improvements to gut health that promote animal health, and impacts of pathogens, commensals, and the microbiome.
5. Alternative housing systems under extreme seasonal weather conditions, including the use of precision technologies, enhanced monitoring to improve indoor air quality and biosecurity, and to control the spread of disease.

Under [7 U.S.C. 5925\(c\)](#), partnerships are encouraged, and priority will be given to those grant proposals, found in the peer review process to be scientifically meritorious, that involve the cooperation of multiple entities.

Table 2: Program Key Information

Title	Description
Program Code:	LHTR
Program Code Name:	Laying Hen and Turkey Research
ALN:	10.245
Project Type:	Research
Grant Type:	Standard
Application Deadline	July 31, 2026
Grant Duration:	Up to 36 Months
Anticipated # of Awards:	1
Minimum Award Amount:	\$440,115
Maximum Award Amount:	\$440,115

PART II. AWARD INFORMATION

A. Available Funding

The amount available for LHTR program in FY 2026 is approximately \$440,115. USDA is not committed to funding any particular application or to making a specific number of awards.

The [Automated Standard Application for Payments](#), operated by the Department of the Treasury, Bureau of the Fiscal Service, is the designated payment system for awards resulting from this NOFO.

B. Application Restrictions

NIFA will evaluate applications using the criteria described in [Part V](#) of this NOFO.

Applications for FY 2026 are limited to the following application types:

1. *New application*: New applications will be evaluated using the criteria described in [Part V](#) of this NOFO and are subject to the due dates herein (see [Appendix III](#) for definition).
2. *Resubmitted application*: Resubmitted applications must include the response to the previous review panel summary and are subject to the same criteria and due dates herein. Resubmitted applicants must enter the NIFA-assigned proposal number of the previously submitted application in the *Federal Field (Field 4)* on the application form (see [Appendix III](#) for definition).

C. Project and Grant Types

The following describes the types of *projects* or *grants* that are eligible for funding:

1. Project Types. Applicants must propose Research Projects only.
2. Grant Types. Applicants must select the Standard Grant only.

D. Ethical Conduct of Funded Projects

In accordance with sections [2, 3, and 8 of 2 CFR Part 422](#), institutions that conduct USDA-funded extramural research must foster an atmosphere conducive to research integrity, bear primary responsibility for the prevention and detection of research misconduct, and maintain and effectively communicate and train their staff regarding policies and procedures. In the event an application to NIFA results in an award, the Authorized Representative (AR) assures, through acceptance of the award, that the institution will comply with the above requirements. Award recipients must, upon request, make available to NIFA the policies, procedures, and documentation to support the conduct of the training. See [Responsible and Ethical Conduct of Research](#) for further information.

PART III. ELIGIBILITY INFORMATION

A. Eligibility Requirements

Applicants for the LHTR program must meet all the requirements discussed in this NOFO. Failure to meet the eligibility criteria by the application deadline may result in exclusion from consideration or preclude NIFA from making an award. For those new to Federal financial assistance, NIFA's [About Grants](#) provides highly recommended information about grants and other resources to help understand the Federal awards process.

Eligible applicants include:

- 1) State agricultural experiment stations;
- 2) Colleges and universities;
- 3) University research foundations;
- 4) Other research institutions and organizations;
- 5) Federal agencies;
- 6) National laboratories;
- 7) Private organizations, foundations, or corporations;
- 8) Individuals; or
- 9) Any group consisting of two or more of the entities listed in subparagraphs 1) through 8).

USDA **will not accept** competitive applications for grants and cooperative agreements submitted for dangerous gain-of-function research, as defined in [Section 8 of E.O. 14292](#).

Duplicate Submissions – Submission of duplicate or predominantly overlapping applications is not allowed. NIFA will disqualify both applications if an applicant submits multiple applications that are duplicative or substantially overlapping with NIFA programs within the same fiscal year.

B. Cost Sharing or Matching

Match Required – An entity receiving a grant under the LHTR program shall provide non-Federal matching funds (including funds from an agricultural commodity promotion, research, and information program) equal to not less than the amount of the grant. Non-Federal matching funds may include in-kind support. NIFA may waive the matching funds requirement with respect to a research project if NIFA determines that:

1. The results of the project are of particular benefit to a specific agricultural commodity, but those results are likely to be applicable to agricultural commodities generally; or
2. The project
 - (a) Involves a minor commodity,
 - (b) Deals with scientifically important research, and
 - (c) The grant recipient is unable to satisfy the matching funds requirement.

PART IV. APPLICATION AND SUBMISSION

A. Method of Application

Applicants must apply to this NOFO electronically; no other method or response is accepted. The electronic application for this NOFO and additional resources are available on [Grants.gov](https://www.grants.gov) and [Grants 101](#). **Table 3** provides instructions on how to obtain an electronic application. **Part III** of the NIFA Grants Application Guide contains detailed information regarding the [Grants.gov](https://www.grants.gov) registration process. The NIFA Grants Application Guide is contained in the specific funding opportunity package or a sample of the guide can be found [here](#). When applying for a NIFA award, it is important to reference the version of the guide that is included in the specific funding opportunity application package.

Table 3: Steps to Obtain Application Materials

Steps	Action
Step One: Register	<i>New Users</i> to Grants.gov must register early with Grants.gov prior to submitting an application).
Step Two: Download Adobe	Download and Install Adobe Reader (see Adobe Software Compatibility for basic system requirements).
Step Three: Find Application	Using this funding opportunity number USDA-NIFA-OP-012080 , search for application here: Opportunity Package .
Step Four: Assess Readiness	Contact an AR prior to starting an application to assess the organization's readiness to submit an electronic application.

Table 4: Help and Resources

Grants.gov Support	NIFA Support
Grants.gov Online Support Telephone support: 800-518-4726 Toll-Free or 606-545-5035 Email support: support@grants.gov Self-service customer-based support: Grants.gov iPortal Customer service business Hours 24/7, except Federal holidays .	Email: grantapplicationquestions@usda.gov Business hours: Monday thru Friday, 7a.m. – 5p.m. ET, except Federal holidays .

B. Content and Form of the Application

The NIFA Grants Application Guide is part of the corresponding application package for this NOFO. The NOFO overrides the NIFA Grants Application Guide if there is a discrepancy between the two documents. Applicants who do not meet the application requirements, to including partial applications, risk being excluded from NIFA's review. NIFA will assign a proposal number to all applications that meet the requirements of this NOFO. Applicants must refer to the proposal number when corresponding with NIFA. **Table 5** outlines other key instructions for applicants.

Table 5: Key Application Instructions

Instruction	References (All references are to the NIFA Grants Application Guide)
Attachments must be in a portable document format (PDF) format.	Part IV
Check the manifest of submitted files to verify attachments are in the correct format.	Part IV
Conduct an administrative review of the application before submission.	Part IV
Follow the submission instructions.	Part IV
Provide an accurate email address, where designated, on the SF-424 R&R.	Part V
Contact the Grants.gov helpdesk for technical support and keep a record of the correspondence.	N/A
Contact NIFA if applicant does not receive correspondence from NIFA regarding an application within 30 days of the application deadline.	N/A

SF 424 R&R Cover Sheet. See **Part V** of the NIFA Grants Application Guide for the required certifications and assurances.

SF 424 R&R Project/Performance Site Location(s). See **Part V** of the NIFA Grants Application Guide.

R&R Other Project Information Form. See **Part V** of the NIFA Grants Application Guide.

1. **Field 7. Project Summary (PS)/Abstract.** The PS must show how the project goals align with the project goals of the Laying Hen and Turkey Research Program. See **Part V** of the NIFA Grants Application Guide for instructions and suggested templates.
2. **Field 8. Project Narrative (PN).** The PN must not exceed 18 single-spaced pages of written text with font no smaller than 12 point and margins no smaller than 1 inch, including figures and tables. The page limits outlined here ensure fair competition. Appendices to the PN are allowed if they are directly germane to the proposed project. Do not add appendices to circumvent the page limit. The PN must include all the following:
 - a. Response to Review - This requirement only applies to Resubmitted Applications as described in [Part II, B](#) of the NOFO. The PN attachment for the resubmitted applications should include two components: (1) a maximum 1-page response to the previous review (containing the previous proposal number in the first line) titled “Response to Previous Review” as the first page of the attachment and (2) the 18-page PN, as described in Field 8 above. The one-page “Response to Previous Review” does not count against the 18-page limit of the PN.
 - b. Introduction;

- c. Rationale and significance;
- d. Objectives;
- e. Approach;
- f. Project timeline

3. **Field 12. Add Other Attachments.** See **Part V** of the NIFA Grants Application Guide. **Data Management Plan (DMP).** A DMP is required for this program. Applicants should clearly articulate how the project director (PD) and co-PDs plan to manage and disseminate the data generated by the project. The DMP will be evaluated during the merit review process (see [Part V, B](#) of this NOFO, [NIFA's Data Management Plan](#)).

R&R Senior/Key Person Profile (Expanded). See **Part V** of the NIFA Grants Application Guide for profile requirements, details about the biographical sketch, and suggested support templates.

R&R Personal Data. This information is voluntary and is not a precondition of award (see **Part V** of the NIFA Grants Application Guide).

R&R Budget. See **Part V** of the NIFA Grants Application Guide.

1. Match – If an applicant concludes that the matching requirements described under [Part III, B](#) of this NOFO is not applicable to them; the applicant must include an explanation of their conclusion in the *budget justification*. NIFA will consider this justification when determining final matching requirements or if required matching can be waived. NIFA retains the right to make final determinations regarding matching requirements.

Grants that require matching funds as specified under [Part III, B](#) of this NOFO must list in their *budget justification* the matching sources, the identification of the entity(ies) providing the match, and the total pledged amount. A written verification of commitments of matching support (a pledge agreement) is not required. However, applicants are subject to the documentation, valuing and reporting requirements, as specified in [2 CFR Part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards \(the Uniform Guidance\),”](#) and [7 CFR 3430, “Competitive and Noncompetitive Non-Formula Federal Assistance Programs – General Award Administrative Provisions.”](#)

2. Indirect Costs (IDC) – See [Part IV, C](#) of this NOFO for funding restrictions regarding IDC, and **Part V** of the NIFA Grants Application Guide for additional information.

Supplemental Information Form. See **Part V** of the NIFA Grants Application Guide.

1. **Field 2. Program to which the applicant is applying.** Enter the program name “*Laying Hen and Turkey Research Program*” and the program code “*LHTR*.” Accurate entry is critical.
2. **Field 8. Conflict of Interest List.** See **Part V** of the NIFA Grants Application Guide.

C. Funding Restrictions

1. Indirect Cost (IDC) is not to exceed 30 percent of the recipient’s Total Federal Funds Awarded (TFFA). [7 U.S.C. 3310](#) limits the recovery of IDC for the overall award to 30

percent of the TFFA under a research, education, or extension grant. The maximum allowable IDC amount recoverable under the award, including the IDC charged by the sub-awardee(s), if any, is the lesser of the following and is determined by calculating the amount of IDC using:

- a. The sum of an institution's negotiated indirect cost rate and the indirect cost rate charged by sub-awardees, if any; or
- b. 30 percent of TFFA.

If the result of number one is the lesser of the two amounts, the grant recipient is allowed to charge the negotiated IDC rate on the prime award and the sub-award(s), if any. Any sub-awards would be subject to the sub-awardee's negotiated IDC rate. The sub-awardee may charge its negotiated IDC rate on its portion of the award, provided the sum of the IDC amount charged under the award by the prime awardee and the sub-awardee(s) does not exceed 30 percent of the TFFA.

If the result of number two is the lesser of the two amounts, then the maximum IDC allowed for the overall award, including any sub-award(s), is limited to 30 percent of the TFFA. That is, the IDC of the prime awardee plus the sum of the IDC charged by the sub-awardee(s), if any, may not exceed 30 percent of the TFFA.

In the event of an award, the prime awardee is responsible for ensuring the maximum indirect cost allowed for the award is not exceeded when combining IDC for the Federal portion (i.e., prime and sub-awardee(s)) and any applicable cost-sharing. Amounts exceeding the maximum allowable IDC are considered unallowable. See sections [408](#) and [410](#) of [2 CFR 200](#).

If the applicant does not have a negotiated rate and NIFA is the cognizant agency, the applicant may request an IDC rate. Applicants are not required to complete the IDC package during the application process and need only to calculate a rate to serve as a basis for requesting IDC. If awarded, the applicant will be required to submit a complete IDC proposal package to obtain a negotiated rate.

Organizations that do not have a current negotiated (including provisional) rate, may elect the de minimis rate ([2 CFR 200.414\(f\)](#)). The Uniform Guidance offers the option of electing to charge a de minimis rate of 15 percent of modified total direct costs (MTDC) which may be used indefinitely. As described above and in [2 CFR 200.403](#), costs must be charged consistently as either indirect or direct costs but may not be double-charged or inconsistently charged as both. If elected, this methodology must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which it may do at any time.

See [NIFA Indirect Costs](#) for information including [additional resources](#) and [NIFA Indirect Cost Guidance Chart](#).

2. NIFA awards may not be used to support the procurement of unmanned aircraft systems to process, store, or transmit Federal information (as defined in [OMB Circular A-130](#)) unless the grant is specifically available for procurement of such equipment and grantees

describe in their application how they will comply with the information security requirements outlined in Appendix B of [M-26-02 Ensuring Government Use of Secure Unmanned Aircraft Systems and Supporting United States Producers](#) and develop a risk-based approach to applying those requirements to procurement solicitations to potential vendors under the resulting Federal award. This information, if provided, will be evaluated by NIFA as part of its evaluation process. If such procurement is approved, specific information security requirements may be included in the terms and conditions of the grant to ensure that the grantees will incorporate those requirements in procurement solicitations of unmanned aircraft systems under the Federal award.

PART V. APPLICATION REVIEW REQUIREMENTS

A. NIFA's Evaluation Process

NIFA evaluates each application in a two-part process. First, we screen each application to ensure that it meets the administrative requirements set forth in this NOFO. All administrative requirements must be met in order for the application to proceed to the next level of review. Second, a scientific peer-review process will be used to technically evaluate applications that have met the administrative requirements using a review panel (see [NIFA Peer Review Process](#)).

Scientific Peer Review Process:

NIFA selects reviewers for the review panel based upon their training and experience in relevant scientific, extension, or education fields, taking into account the following factors:

1. The level of relevant formal scientific, technical education, or extension experience of the individual, as well as the extent to which an individual is engaged in relevant research, education, or extension activities.
2. The need to include experts from various areas of specialization within relevant scientific, education, or extension fields.
3. The need to include other experts (e.g., agricultural producers, range or forest managers/operators, researchers, educators, evaluators, and consumers) who can assess the relevance of the applications to targeted audiences and to program needs.
4. The need to include experts from a variety of organizational types (e.g., colleges, universities, industry, state and Federal agencies, and private profit and non-profit organizations) and geographic locations.
5. The need to maintain a balanced composition with regard to the reviewer's area of expertise, geographic area, and entity type, as appropriate.
6. The need to include reviewers who can judge the effective usefulness of each application to producers and the general public.

After each peer review panel has completed its deliberations, the responsible program staff of NIFA will recommend that your project be either approved for support from currently available funds or declined due to insufficient funds or review results.

NIFA reserves the right to negotiate with the PD/PI and/or the submitting organization or institution regarding project revisions (e.g., reductions in the scope of work, funding level, period, or method of support) prior to recommending any project for funding.

After the review process has been completed, NIFA sends copies of reviews, *not* including the identity of reviewers, and a summary (if applicable) of the review panel comments to the PD.

Conflicts of interest. NIFA takes extreme care to prevent any actual or perceived conflicts of interest that may influence the review or evaluation (see [NIFA Peer Review Process for Competitive Grant Applications](#)).

B. Evaluation Criteria

NIFA will use the following criteria to evaluate the applications to this program. All criteria are considered equally:

1. Scientific Merit of the Application
 - a. Novelty, innovation, uniqueness, and originality;
 - b. Conceptual adequacy of the research and suitability of the hypothesis, as applicable;
 - c. Clarity and delineation of objectives;
 - d. Adequacy of the description of the undertaking;
 - e. Suitability and feasibility of methodology and data management plan;
 - f. Demonstration of feasibility through preliminary data, if available; and
 - g. Probability of success of the project is appropriate given the level of scientific originality, risk-reward balance, proposed timelines, and project management.
2. Qualifications of Project Personnel, Adequacy of Facilities, and Project Management
 - a. Qualifications of applicant (individual or team) to conduct the proposed project, including performance record and potential for future accomplishments;
 - b. Demonstrated awareness of previous and alternative approaches to the problem identified in the application;
 - c. Institutional experience and competence in the subject area;
 - d. Adequacy of available or obtainable support personnel, facilities, and instrumentation;
 - e. Documented plan for collaborative research and technology transfer; and
 - f. Planning and administration of the proposed project, including time allocated for systematic attainment of objectives; and planned administration of the proposed project and its maintenance, partnerships, collaborative efforts, and the planned dissemination of information on outcomes and impacts.
3. Project Relevance
 - a. Documentation that the research is directed toward one or more specific program priority areas identified in this NOFO and is designed to improve the efficiency and sustainability of laying hen and turkey production in the U.S., including measurable outcomes; and
 - b. When international collaboration or activities are involved, the project leverages expertise, resources, and experience from beyond the United States to achieve greater impact or brings foreign or international research efforts to address issues relevant to U.S. agriculture.
4. Budget and Cost-Effectiveness
 - a. Budget adequately supports the project and is cost-effective. Elements considered include the necessity and reasonableness of costs to carry out project activities and achieve project objectives and the degree to which the project maximizes the use of limited resources, achieves economies of scale, leverages additional funds, and focuses on high-priority research need areas.

C. Organizational Management Information

Applicants must submit specific management information prior to an award and update the information as needed. Applicants may only need to provide an update if there was a change in previously provided information under this or another NIFA program. NIFA provides the requisite forms during the pre-award process. Although an applicant may be eligible for award under this program, there are factors that may exclude an applicant from receiving Federal financial and nonfinancial assistance and benefits under this program (e.g., debarment or suspension of an individual, or a determination that an applicant is not responsible).

D. Application Disposition

Applicants may withdraw at any time before NIFA makes a final funding decision. NIFA will retain all applications, including withdrawn applications and unfunded applications.

PART VI. AWARD ADMINISTRATION

A. General

Within the limit of funds authorized, the NIFA awarding official will make grants to responsible and eligible applicants whose applications are judged most meritorious under the procedures set forth in this NOFO. The date specified by the NIFA awarding official as the effective date of the grant must be no later than September 30 of the Federal fiscal year in which the project is approved for support and funds are appropriated for such purpose, unless otherwise permitted by law. The project need not be initiated on the grant effective date, but as soon thereafter as practical so that project goals may be attained within the funded project period.

All funds granted by NIFA under this NOFO may be used only for the purpose for which they are granted in accordance with the program-specific laws and regulations, NIFA General Awards Administrative Provisions ([7 CFR part 3430, subparts A through E](#)), USDA Regulations for Grants and Agreements ([2 CFR Chapter IV](#)), Office of Management and Budget Uniform Guidance ([2 CFR part 200](#)), [NIFA-specific terms and conditions](#), [USDA General Terms and Conditions for Federal Awards](#), and approved budget and project plans.

The Notice of Award document will provide pertinent instructions and information as described in [2 CFR 200.211](#).

B. Administrative and National Policy Requirements

Several Federal statutes and regulations apply to grant applications and the projects outlined in this NOFO (some are listed here: [Federal Regulations](#)). Unless specifically noted by statute or award-specific requirements, the [NIFA Federal Assistance Policy Guide](#) applies to all NIFA awards.

C. Expected Program Outputs and Reporting Requirements

Output and reporting requirements are included in the [award terms and conditions](#). If there are any program or award-specific award terms, they will be identified in the Award Notice.

PART VII. OTHER INFORMATION

A. Use of Funds and Changes in Budget

Delegation of Fiscal Responsibility. Unless the terms and conditions of the award state otherwise, awardees may not in whole or in part delegate or transfer to another person, institution, or organization the responsibility for use or expenditure of award funds.

Changes in Budget or Project Plans. In accordance with [2 CFR 200.308](#), awardees must request prior approval from NIFA for the following program or budget-related reasons (the awardee is subject to the terms and conditions identified in the award):

1. Change in the scope or the objective of the project or program without prior written approval (even if there is no associated budget revision required);
2. Change in a key person specified in the application or the Federal award;
3. Disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project;
4. Inclusion of costs that require prior approval in accordance with [2 CFR 200 Subpart E \(Cost Principles\)](#), or [2 CFR Part 300 Appendix IX, \(Principles for Determining Costs Applicable to Research and Development under Awards and Contracts with Hospitals\)](#), or [48 CFR](#), unless waived by the Federal awarding agency, [48 CFR Part 31, Contract Cost Principles and Procedures](#);
5. Transfer of funds budgeted for participant support costs to other categories of expense ([2 CFR 200.456 Participant support costs](#));
6. Sub-awarding, transferring or contracting out of any work under a Federal award, including fixed amount sub-awards (see [2 CFR 200.333, Fixed Amount Sub-awards](#)), unless described in the application and funded in the approved Federal awards. This provision does not apply to the acquisition of supplies, material, equipment, or general support services;
7. Changes in the approved cost-sharing or matching provided by the non-Federal entity;
8. The need for additional Federal funds to complete the project;
9. Salary rates of pay exceeding an Executive Level IV salary range (see “Rates of Pay for the Executive Schedule” under the “Executive & Senior Level Employee Pay Tables” header at <https://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>) require prior NIFA approval. This rate does not include any fringe benefits, general and administrative (G&A), overhead, or other expenses. Requests for approval must include the salary rate of pay and a justification for the rate and be sent to the Authorized Departmental Officer (ADO) to awards@usda.gov;
10. No more than 50 percent of the total dollars of this award may be subcontracted to another party(ies) without prior written approval of the ADO, except subcontracts to Federal agencies;
11. Transferring funds between the construction and non-construction work under a Federal award; and
12. A no-cost extension (meaning, an extension of time that does not require the obligation of additional Federal funds) of the period of performance, other than any one-time extension authorized by the Federal agency in accordance with paragraph 2 CFR 200.308(g)(2). All requests for no-cost extensions should be submitted at least 10 calendar days before the conclusion of the period of performance. The Federal agency may approve multiple no-cost extensions under a Federal award if not prohibited by Federal statute or regulation.

B. Confidential Aspects of Applications and Awards

When an application results in an award, it becomes a part of NIFA transaction records, which are available to the public. Information that the Secretary of Agriculture determines to be confidential, privileged, or proprietary in nature will be held in confidence to the extent permitted by law. Therefore, applicants should clearly mark any information within the application they wish to have considered as confidential, privileged, or proprietary. NIFA will retain a copy of an application that does not result in an award for three years. Such an application will be released only with the consent of the applicant or to the extent required by law. An applicant may withdraw at any time prior to the final action thereon.

C. Regulatory Information

This program is not subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with state and local officials. Under the provisions of the Paperwork Reduction Act of 1995 ([44 U.S.C. Chapter 35](#)), the collection of information requirements contained in this notice have been approved under [OMB Document No. 0524-0039](#).

D. Language Access Services

NIFA offers language access services, such as interpretation and translation of vital information, free of charge. If you need interpretation or translation services, please visit [NIFA Language Access Services](#).

APPENDIX III: DEFINITIONS

Refer to [7 CFR 3430 Competitive and Noncompetitive Non-formula Federal Assistance Programs – General Award Administrative Provisions](#) for additional definitions.

Definitions

Collaboration:

The action of working with someone to produce or create something.

Cooperation:

The process of working together towards the same goal.

Hen or Laying Hen:

The term “hen” or “laying hen” means a domesticated female chicken raised primarily for the production of commercial eggs.

Matching:

The process through which a grant recipient match awarded USDA funds with cash and in-kind contributions on a dollar-for-dollar basis. The matching funds must derive from non-Federal sources.

New Application:

An application not previously submitted to a program

Partnership:

An agreement between organizations or people to work together.

Resubmitted Application:

A project application that was previously submitted to a program, but the application was not funded.
