Program Background, Objective, and Goals:

The Secure Rural Schools program provides critical funding for schools, roads, and other municipal services to more than 700 counties across the U.S. and Puerto Rico. The Secure Rural Schools program provides critical funding for schools, roads, and other municipal services to more than 700 counties across the U.S. and Puerto Rico. The Secure Rural Schools program provides critical funding for schools, roads, and other municipal services to more than 700 counties across the U.S. and Puerto Rico. The Secure Rural Schools program provides critical funding for schools, roads, and other municipal services to more than 700 counties across the U.S. and Puerto Rico.

Since its initial passage in 2000, the Secure Rural Schools (SRS) and Community Self-Determination Act (“the SRS Act”) has provided Federal funds to over 700 counties across the U.S. and Puerto Rico for three primary purposes in accordance with three separate titles:

- Title I – Secure Payments for States and Counties containing Federal Land: To stabilize payments to counties to provide funding for schools and roads that supplements other available funds.
- Title II - Special Projects on Federal Land: To make additional investments in, and create additional employment opportunities through, projects that improve the maintenance of existing infrastructure, implement stewardship objectives that enhance forest ecosystems, and restore and improve land health and water quality with Federal lands that have traditionally been supported by timber payments.
- Title III – County Funds: To stabilize payments to counties to provide funding for schools and roads that supplements other available funds.

This funding opportunity announcement is seeking proposals for SRS Act Title II Special Projects on the [2.4 million acres of Federal lands in 18 western Oregon counties that are administered by the U.S. Department of the Interior \(DOI\) Bureau of Land Management \(BLM\) in accordance with the Oregon and California Revested Lands Sustained Yield Management Act of 1937 \(“the O&C Act”\) and the Coos Bay Wagon Road Act of 1939](#). Local, State, and Tribal governments, independent school districts, public and private institutions of higher education, public and Indian housing authorities, Native American organizations, and nonprofit organizations are eligible to apply for SRS Act Title II funding for Special Projects that are located on these BLM-administered lands in Benton, Clackamas, Columbia, Coos, Curry,

Douglas, Jackson, Josephine, Klamath, Lane, Lincoln, Linn, Marion, Multnomah, Polk, Tillamook, Washington, and Yamhill counties, Oregon.

Up to \$5 million of SRS Act Title II Special Project funding may be available under this announcement, and individual Special Project awards typically range from \$5,000 to \$250,000. The total amount of Special Project funding available will vary in each of the 18 counties based on the acreages of BLM-administered lands in each county and other direction established in the SRS Act.

Project proposals must provide these BLM-administered lands and waters with additional investments and create additional employment opportunities that will improve the maintenance of existing infrastructure, implement stewardship objectives that enhance forest ecosystems, and restore and improve land health and water quality. In accordance with the SRS Act, Title II Special Projects must result in at least one of the below benefits to the O&C and Coos Bay Wagon Roads:

- Road, trail, and infrastructure maintenance or obliteration;
- Soil productivity improvement;
- Improvements in forest ecosystem health;
- Watershed restoration and maintenance;
- Restoration, maintenance and improvement of wildlife and fish habitat;
- Control of noxious and exotic weeds; and/or
- Reestablishment of native species.

Project proposals are expected to identify project objectives and outcomes and the duration of the project, demonstrate broad-based support for the project, and incorporate some type of substantial involvement from the BLM to implement.

This program continues to advance the [Administration's priorities](#) to steward its public lands, increase environmental protection, pursue environmental justice, and honor our nation-to-nation relationship with Native American Tribes. All project proposals must conform with the applicable [Approved BLM Resource Management Plans for Western Oregon and the associated Record of Decision](#), as well as all other applicable Federal statutes and associated regulations and policies, including but not limited to:

- O&C Act
- Coos Bay Wagon Road Act
- National Environmental Policy Act (NEPA)

In accordance with SRS Act, the [BLM's 15-member Western Oregon Resource Advisory Council](#) is responsible for reviewing these Title II Special Project proposals and making

recommendations to the BLM on which projects to fund. Applicants will be invited to attend and/or participate in future council meetings that are open to the public when these SRS Act Title II Special Project proposals are being considered.

D3. Unique Entity Identifier and System for Award Management (SAM)

(DOI Standard Language) Identifier and System for Award Management (SAM.gov)

Registration:

This requirement does not apply to individuals applying for funds as an individual (i.e., unrelated to any business or nonprofit organization you may own, operate, or work within), or any entity

with an exception to bypass SAM.gov registration with prior approval from the funding bureau or office in accordance with bureau or office policy. All other applicants are required to register in SAM.gov prior to submitting a Federal award application and obtain a [Unique Entity Identifier \(UEI\)](#) which replaced the Data Universal Numbering System (DUNS) number from Dun & Bradstreet in April 2022. A Federal award may not be made to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the program is ready to make an award, the program may determine the applicant is not qualified to receive an award. Federal award recipients must also continue to maintain an active SAM.gov registration with current information through the life of their Federal award(s). See the “Submission Requirements” section of this document below for more information on SAM.gov registration. **There is no cost to register with SAM.gov.** There are third-party vendors who will charge a fee in exchange for registering entities with SAM.gov; **please be aware you can register and request help for free.**

Register with the System for Award Management (SAM):

Applicants can register on the [SAM.gov](#) website. The “Help” tab on the website contains User Guides and other information to assist you with registration. The Grants.gov “[Register with SAM](#)” page also provides detailed instructions. Applicants can contact the supporting Federal Service Desk for help registering in SAM. Once registered in SAM, entities will be assigned a Unique Entity Identifier (UEI). Entities must renew and revalidate their SAM registration at least once every 12 months from the date previously registered. Entities are strongly encouraged to revalidate their registration as often as needed to ensure their information is up to date and reflects changes that may have been made to the entity’s IRS information. If applicable, foreign entities who want to receive payment directly to a U.S. bank account must enter and maintain valid, current banking information in SAM.

D4. Submission Dates and Times

Late applications will not be accepted or reviewed.

Applications must be submitted in English.

BLM requires applicants to submit their applications online through Grants.gov. Grants.gov automatically generates an electronic date and time stamp in the system upon application receipt. Grants.gov sends an acknowledgement of receipt with the date and time stamp and a unique Grants.gov application tracking number to the authorized representative by email. This email from Grants.gov serves as your proof of timely submission.

Due Date for Applications

04/02/2024

Application Due Date Explanation

All applications must be submitted in [Grants.gov](#).

Electronically submitted applications must be submitted no later than 5:00 p.m., ET, on the listed application due dates.

Applications will be reviewed, rated, ranked, and selected by the following rounds:

Open from January 31, 2024 through April 2, 2024

Extensions to NOFO close dates will be unallowed, except in extenuating circumstances.

D5. Intergovernmental Review

An intergovernmental review may be required for applications submissions from a U.S. state or local government prior to submission. Applicants must contact their State's Single Point of Contact (SPOC) to comply with the state's process under Executive Order 12372.

D6. Funding Restrictions

Any Cooperative Ecosystem Studies Units (CESU) Network partners submitting a project is subject to the CESU indirect cost rate cap (currently 17.5%).

Indirect Costs: Organizations

The Federal awarding agency that provides the largest amount of direct funding to your organization is your cognizant agency for indirect costs, unless otherwise assigned by the White House Office of Management and Budget (OMB). If the Department of the Interior is your organization's cognizant agency, the Interior Business Center will negotiate your indirect cost rate. Contact the Interior Business Center by phone 916-930-3803 or using the [IBC Email Submission Form](#). See the [IBC Website](#) for more information.

Organizations must have an active Federal award before they can submit an indirect cost rate proposal to their cognizant agency. Failure to establish an approved rate during the award period renders all costs otherwise allocable as indirect costs unallowable under the award. Recipients must have prior written approval from the BLM to use amounts budgeted for direct costs to satisfy cost-share or match requirements or to cover unallowable indirect costs. Recipients shall not shift unallowable indirect costs to another Federal award unless specifically authorized to do so by legislation.

Required Indirect Cost Statement to be submitted with Application

All organizations must include the applicable statement from the following list in their application, and attach to their application any documentation identified in the applicable statement:

We are:

- A U.S. state or local government entity receiving more than \$35 million in direct Federal funding each year with an indirect cost rate of [insert rate]. We submit our indirect cost rate proposals to our cognizant agency. Attached is a copy of our most recently approved rate agreement/certification.
- A U.S. state or local government entity receiving less than \$35 million in direct Federal funding with an indirect cost rate of [insert rate]. We have prepared and will retain for audit an indirect cost rate proposal and related documentation.

- A [insert your organization type; U.S. states and local governments, do not use this statement] that has previously negotiated or currently has an approved indirect cost rate with our cognizant agency. Our indirect cost rate is [insert rate]. [Insert either: “Attached is a copy of our most recently approved but expired rate agreement. In the event an award is made, we will submit an indirect cost rate proposal to our cognizant agency within 90 calendar days after the award is made.” or “Attached is a copy of our current negotiated indirect cost rate agreement.”]
- A [insert your organization type] that has never submitted or does not have a current indirect cost rate proposal from our cognizant agency. We request as a condition of award to charge a flat *de minimis* indirect cost rate of 10% to be charged against modified total direct project costs as defined in [2 CFR §200.1](#). We understand that we must notify BLM in writing if we establish a negotiated rate with our cognizant agency at any point during the award period. We understand that additional Federal funds may not be available to support an unexpected increase in indirect costs during the project period and that such changes are subject to review, negotiation, and prior approval by BLM.
- A [insert your organization type] that is submitting this proposal for consideration under the “Cooperative Ecosystem Studies Unit Network”, which has a Department of the Interior-approved indirect cost rate cap of 17.5%. If we have an approved indirect cost rate with our cognizant agency, we understand that we must apply this reduced rate against the same direct cost base as identified in our approved indirect cost rate agreement per [2 CFR §1402.414](#).
- If we do not have an approved indirect cost rate with our cognizant agency, we understand that we must charge indirect costs against the modified total direct cost base defined in 2 CFR §200.68 “Modified Total Direct Cost (MTDC)”. We understand that we must request prior approval from BLM to use the 2 CFR 200 MTDC base instead of the base identified in our approved indirect cost rate agreement. We understand that BLM approval of such a request will be based on: 1) a determination that our approved base is only a subset of the MTDC (such as salaries and wages); and 2) that use of the MTDC base will still result in a reduction of the total indirect costs to be charged to the award. In accordance with 2 CFR §200.405, we understand that indirect costs not recovered due to a voluntary reduction to our federally negotiated rate are not allowable for recovery via any other means.

A [insert your organization type] that will charge all costs directly.

D7. Other Submission Requirements

BLM requires applicants to submit their applications online through Grants.gov. Grants.gov automatically generates an electronic date and time stamp in the system upon application receipt. Grants.gov sends an acknowledgement of receipt with the date and time stamp and a unique Grants.gov application tracking number to the authorized representative by email. First Level Screening --Basic Eligibility	Maximum Points: 0
Applications will be screened by the Grants Management Officer to ensure that applications meet basic eligibility requirements. Depending on the specifics of the funding opportunity, screening may include, but is not limited to, the following: • Submission is timely; • Program and/or legislative authority requirements are met; and • Complete and properly executed required application package documents are included. Applications must satisfy basic eligibility screening requirements to be considered for further review.	

Second Level Evaluation -- Merit Review Evaluation	Maximum Points: 0
Eligible applications will be evaluated in an objective and unbiased manner using the following merit review criteria: Proposals will be evaluated on strengths or weaknesses for each merit review criterion and rated “Exceeds” “Meets” or “Does not meet” expectations with highest importance on Public Benefit. Each of these ratings is defined as follows: Exceeds – The proposal exceeds the criteria factors without any deficiencies. Meets – The proposal meets criteria factors with few, or only minor, deficiencies. Does not meet – The proposal does not meet the criteria factors, or there are significant deficiencies identified. APPLICANT STATEMENT OF NEED Mission and objectives, including what the project is expected to achieve and how it relates to Secure Rural Schools and Community Self-Determination Program Objectives of the project DOI priorities met APPLICANT TECHNICAL APPROACH Development and management plans Techniques, processes, and methodologies Data collection, analysis, and means of interpretation Significant anticipated accomplishments

Third Level Review Pre-award Clearance and Budget Approvals	Maximum Points: 0
Prior to award, the BLM will evaluate the risk posed by applicants as required in 2 CFR 200.205. BLM programs document applicant risk evaluations using the DOI “Financial Assistance Recipient Risk Assessment” form. Prior to approving awards, the BLM is required to review and consider any information about or from the applicant found in the Federal Awardee Performance and Integrity Information System. The BLM will consider this information when completing the risk review. The BLM uses the results of the risk evaluation to establish monitoring plans, recipient reporting frequency requirements, and to determine if one or more of the specific award conditions in 2 CFR 200.207 should be applied the award. If the results of all pre-award reviews and clearances are satisfactory, an award of funding will be made once the agreement is finalized. If the BLM determines that a Federal award will be made, special conditions that correspond to the degree of risk assessed may be applied to the	

Federal award.

Budget review is based on the following:

- Budget line items must be allowable, allocable, reasonable in price, and appropriate for the level of effort needed to accomplish the project.
- Budget details and narrative must provide adequate explanation of, and justification for, each estimated cost.
- Requested equipment must be justified and necessary for completion of the project.
- Cost Sharing/Matching funds must not come from Federal sources.

Final Review of Selected Applicants: Final review will be by Designated Federal Officer (DFO) to determine if the selected proposed project (s) are in line with DOI and BLM current priorities. This process may take a few months to finalize.

E2. Review and Selection Process

Prior to award, the program will review any applicant statement regarding potential overlap or duplication between the project to be funded and any other funded or proposed project in terms of activities, funding, or time commitment of key personnel. Depending on the circumstances, the program may request modification to the application, other pending applications, or an active award, as needed to eliminate any duplication of effort, or the Bureau may choose not to fund the selected project.

The program may not make a Federal award to an applicant that has not completed the SAM.gov registration. If an applicant selected for funding has not completed their SAM.gov registration by the time the Bureau is ready to make an award, the program may determine that the applicant is not qualified to receive an award. The program can use that determination as a basis for making an award to another applicant.

Prior to award, the program will evaluate the risk posed by applicants as required in 2 CFR 200.205. Programs document applicant risk evaluations using the Bureau's "Financial Assistance Recipient Risk Assessment" form. Prior to approving awards for Federal funding in excess of the simplified acquisition threshold (currently \$250,000), the Bureau is required to review and consider any information about or from the applicant found in the Federal Awardee Performance and Integrity Information System. The Bureau will consider this information when completing the risk review. The Bureau uses the results of the risk evaluation to establish monitoring plans, recipient reporting frequency requirements, and to determine if one or more of the specific award conditions in 2 CFR 200.207 should be applied the award.

E3. CFR – Regulatory Information

E4. Anticipated Announcement and Federal Award Dates

Projects funded through this Notice of Funding Opportunity will start once funding is secured and awards issued. Agreements are not effective until fully executed with signature from the BLM Grants Management Officer (GMO).

F. Federal Award Administration Information

F1. Federal Award Notices

Awards are based on the application submitted to, and approved by, the BLM and are subject to the terms and conditions incorporated into the Notice of Award either by direct citation or by reference to the following: Federal regulations; program legislation or regulation; and special award terms and conditions. *The duration of an agreement is based on the period of performance as stated on the project proposal.*

Recipient will be notified in GrantSolutions with a fully executed Notice of Award with the required terms and conditions. Recipient acceptance of a Federal award from the BLM carries with it the responsibility to be aware of and comply with all terms and conditions applicable to the award. Recipients indicate their acceptance of the Federal award by starting work, drawing down funds, or accepting the award via electronic means.

Final award cannot be finalized, until awardee completes their enrollment in the Department of the Treasury, ASAP System. See following website: <https://www.fiscal.treasury.gov/asap>.

If your organization is not enrolled in ASAP, contact the Grants Management Officer identified in Section G3 of this funding opportunity.

F2. Administrative and National Policy Requirements

See the “[DOI Standard Terms and Conditions](#)” for the administrative and national policy requirements applicable to DOI awards.

Data Availability

[See the Award Term - Required Use of American Iron, Steel, Manufactured Products, and Construction Materials:](#)

F3. Reporting

Financial Reports

All recipients must use the Standard Forms [SF-425, Federal Financial Report](#), for financial reporting. At a minimum, all recipients must submit a **final** financial report. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award. The only exception to the interim financial reporting requirement is if the recipient is required to use the SF 270/271 to request payment and requests payment at least once annually through the entire award period of performance. We will describe all financial reporting requirements in the Notice of Award.

Performance Reports

Performance reports must contain a comparison of actual accomplishments with the established goals and objectives of the award; a description of reasons why established goals were not met, if appropriate; and any other pertinent information relevant to the project results. Final reports are due no later than 120 calendar days after the award period of performance end date or termination date. For awards with periods of performance longer than 12 months, recipients are required to submit **interim** financial reports on the frequency established in the Notice of Award.

Significant Development Reports

Events may occur between the scheduled performance reporting dates which have significant impact upon the supported activity. In such cases, recipients are required to notify the Bureau in writing as soon as the recipient becomes aware of any problems, delays, or adverse conditions that will materially impair the ability to meet the objective of the Federal award. This disclosure must include a statement of any corrective action(s) taken or contemplated, and any assistance needed to resolve the situation. The recipient should also notify BLM in writing of any favorable developments that enable meeting time schedules and objectives sooner or at less cost than anticipated or producing more or different beneficial results than originally planned.

Real Property Reports

Recipients and subrecipients are required to submit status reports on the status of real property acquired under the award in which the Federal government retains an interest. The required frequency of these reports will depend on the anticipated length of the Federal interest period. The Bureau will include recipient-specific real property reporting requirements, including the required data elements, reporting frequency, and report due dates, in the Notice of Award when applicable.

Conflict of Interest Disclosures

Recipients must notify the Grants Management Officer immediately in writing of any conflict of

interest that arise during the life of their Federal award, including those reported to them by any subrecipient under the award. Recipients must notify the program in writing if any employees, including subrecipient and contractor personnel, are related to, married to, or have a close personal relationship with any Federal employee in the Federal funding program or who otherwise may have been involved in the review and selection of the award. The term employee means any individual engaged in the performance of work pursuant to the Federal award. Recipients may not have a former Federal employee as a key project official, or in any other substantial role related to their award, whose participation put them out of compliance with the legal authorities addressing post-Government employment restrictions. See the [U.S. Office of Government Ethics website](#) for more information on these restrictions. BLM will examine each conflict of interest disclosure based on its particular facts and the nature of the project and will determine if a significant potential conflict exists. If it does, BLM will work with the recipient to determine an appropriate resolution. Failure to disclose and resolve conflicts of interest in a manner that satisfies the BLM may result in any of the remedies described in [2 CFR 200.339 Remedies for Noncompliance](#), including termination of the award.

Other Mandatory Disclosures

The Non-Federal entity or applicant for a Federal award must disclose, in a timely manner, in writing to the Federal awarding agency or pass-through entity all violations of Federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal award. Non-Federal entities that receive a Federal award including the terms and conditions outlined in 2 CFR 200, Appendix XII—Award Term and Condition for Recipient Integrity and Performance Matters are required to report certain civil, criminal, or administrative proceedings to SAM. Failure to make required disclosures can result in any of the remedies described in [2 CFR 200.339 Remedies for Noncompliance](#), including suspension or debarment.

Reporting Matters Related to Recipient Integrity and Performance

If the total value of your currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient during that period of time must maintain the currency of information reported to the System for Award Management (SAM) that is made available in the designated integrity and performance system (currently the Federal Awardee Performance and Integrity Information System (FAPIIS)) about civil, criminal, or administrative proceedings in accordance with Appendix XII to 2 CFR 200.
